5 CENTS

2,500 PERSONS ATTEND LITTLE INTERNATIONAL

**Steer Riding, Chicken Race,
and Exhibits Make Event
Entertaining**

The Little International exhibit of university prize stock was held before 2,500 persons in the stock pavilion last night. The animals were judged in the afternoon.

The exhibit, presented by the "Saddle and Sirolo" club, is given annually for the purpose of stimulating an increased interest and appreciation of university farm animals. Inspired by music furnished by the University Second Regimental band, the varied program of events, including features both entertaining and instructive, combined to present a genuine "Wild West" show.

Draft Horses Head Program

The program was headed by a parade of university draft horses in harness. E. R. Schilling, owner of "Molly and Queen," Truesdale heavy draft horses, was awarded the grand championship. A. Fix received second place with "Doc and Gray," light draft team. In the exhibit of dairy cattle, the Kennedy Dairy Silver cup was awarded to an aged Ayershire bull shown by J. C. Nisbet.

"The Ham and Bacon Act" by the Ag. Triangle club was awarded first prize by the committee on special features, composed of George Oakes of the assembly finance committee, and A. Holle. The belt contest act by the Agricultural engineers and exhibition of high-jumping horses ridden by H. O. Wetmore and C. L. Douglas received honorable mention.

Spectators enjoyed an amusing treat when an ardent member of Badger Poultry club, driving a Rhode Island red, crossed the finish line winner of the cockerel derby race.

Cowboys Ride Steers

"Pearly Rose," the rough-riding cow-girl, and her retinue of broncho-busters entertained with harrowing exhibitions of steer roping and riding. George Martin, Fred Lupton, Jack Melrose and the Wicker brothers were others who lassoed and rode the steers. The tug-of-war between the first and second year short course students was won by the former.

Bourbon Boy, owned by E. J. Young and mounted by C. L. Douglas, and Hazel Peavine, also owned by Young, and ridden by J. R. Corcoran, received first and second places respectively in the Class A exhibit of five gaited saddle horses. In the Class B exhibit of five gaited horses, the awards were as follows: Kingly Rose, owned by L. M. Hanks, and ridden by C. L. Douglas, first; Zeno, owned by H. Johnson, ridden by H. O. Wetmore, second; Billy, owned by C. A. Johnson, ridden by J. P. Corcoran, third.

The awards in the Madison light deliveries show were given for two classes. The Kennedy single deliveries received first, second and third places. In the double light deliveries, J. R. Cullinane won first, the American Railway Express, second, and F. T. Fess, third.

The afternoon's judging of horses, sheep, swine, and beef and dairy cattle was based on the improvement shown by the individual breeds within a month's time. The Bank of Wisconsin gave a \$10 gold piece to R. C. Klussendorf for the best exhibition of a \$2,500 yearling Holstein bull, proving himself the best showman in the ring. VARSITY DEBATE TEAMS IN FIRST CONTESTS FRIDAY

**Russian Question to Be Argued
at Home With Illinois, and
Abroad With Michigan**

With only five days remaining in which to polish off their cases, Wisconsin's Intercollegiate debaters are hard at work preparing for the first contests of the season against Illinois and Michigan next Friday night. The question to be debated reads: "Resolved, that the United States should at once formally recognize the Soviet government of Russia."

Ralph Axley, Sterling Tracy, and Thomas Amle will uphold the affirmative against the Illini at Madison while the negative squad composed of Charles D. Assovsky, Martin A. Kriewaldt, and I. Arnold Perstein will lock horns with the Wolverines at Ann Arbor.

The home debate will start promptly at 7:30 at Music hall in order to permit seniors to attend the '21 dance which will be held at Lathrop gymnasium later in the evening. The Forensic board, in charge of arrangements for the Illinois contest, has been considering the feasibility of getting a larger auditorium for the debate in order to accommodate a record breaking crowd, and in the event this is impossible advises all who expect to attend to be on hand early.

No intercollegiate debate question in recent years has aroused the interest and comment that has been occasioned by the question chosen this year. Russia has been the sore spot of the world for the past five years and speculation throughout the world has been exceedingly rife as to the advisability of recognizing the Soviet government now in control of this hot bed of revolution.

A further reason for an abnormal amount of interest in the debates this year lies in the fact that the audience will be permitted to question the debaters after they have completed the contest.

From the standpoint of the audience the debate proper is made intensely exciting by limiting speeches to 12 minutes and giving each man five minutes rebuttal. The necessity of condensing months of read-

feated by Crack Chicago
Swimmers**

The final score in the swimming meet at Chicago yesterday stood 47 to 22 in favor of Chicago. Chicago took the 100 yard relay in 1 min. 24 seconds.

The results of the other contests were as follows:

Fancy diving. Collins, W, first; Schuh, C, second; Koch, W, third.

40-yard swim. Blinks, C, first; Bach, W, second; Davies, W, third. Time 19 3-5 seconds.

200-yard breast stroke. Peterson, W, first; Jenkins, C, second; Collins, W, third. Time 2 min. 15 sec.

Chicago took the water-basketball game 12 to 0.

Students Aid Federal Men in Booze Raid

Dropping the net of federal justice over the resorts of Italian liquor traffickers in South Madison, 20 prohibition agents and half as many students representing the Senate body, last night succeeded in finding some 300 gallons of moonshine and wine, and placing under arrest ten of the illegal dealers.

The raid came as the result of several "tip offs" and evidences of sale in the quarter. Between 12 and 15 places have been under suspicion for some time, and the action last night is believed to have put out of business the chief violators.

Students and Agents Cooperate

The federal squad was one of the largest that has worked in Madison. It was composed of men assigned from Milwaukee, Chicago and Beloit acting under the guidance of the local chief. They were assisted by a group of students who are leaders in the legislative activities of the university.

Appearing simultaneously in the suspected places the authorities armed with weapons and warrants ordered the proprietors under arrest. A considerable quantity of the liquor was seized as evidence. Then moving rapidly from one place to another the raiders put residents of the entire district in fear, and in little more than a minute had served warrants on 10 dealers.

Seven in County Jail

Seven of the men were lodged in the county jail. Pleading illness, or illness in their families three of the foreigners were allowed to remain in their homes on the agreement that they would appear in the court of the prohibition commissioner Monday morning when the cases will be taken up.

Those placed in the jail were: Theodore Paratore, 38, laborer; John Cuccio, 48, laborer; Joe Guesto, 37, laborer; Vitto Jarvico, 44, storekeeper; Frank Congollosi, 39, storekeeper; Callisto Cerra, 38, laborer; Joe Spatola, 57, laborer.

Little opposition was experienced in carrying out the raid. Drawing a knife, with which he threatened the agents, Callisto Cerra, sought to hold off his captors. In the movement of the officers he discarded this weapon for a 45-calibre revolver, but he was quickly relieved of this, and resorted to no further opposition.

Various facts point to the contrary in the rumor that the raid received its impetus from disclosures in Judge Hoppman's court in which the cases of university students are said to have been considered. Student sentiment has for some time been strongly against the existence of these resorts in the proximity of the university.

BONUS DRAFTS ARE TIED UP BECAUSE OF LATE REGISTRANTS

**February Checks Will be Dis-
tributed This Week-**

End

Due to congestion at the capitol, caused by the fact that several students were late in enrolling for the bonus, regular bonus drafts for February will not be available for distribution until March 16 or 17. The exact date will be announced in the Cardinal and on a special bulletin board in front of the Administration building.

Many individual drafts will be held up several days longer on account of failure of students to enroll or turn in their record cards within the time limits set. Those who did not pay their fees until after February 12 will find that deductions of \$6 or more have been made on their drafts.

BADGERS WIN ON TRACK BY 51-35 SCORE

**Notre Dame Outclassed by
Jones' Men — Knollin
High Point Winner**

Capturing six first places and five seconds, the Wisconsin track team defeated Notre Dame by a score of 51 to 35 in the gymnasium annex Saturday afternoon. Wisconsin scored more points than Notre Dame in every run except the quarter-mile and the relay, but the Badgers lost the shot put and high jump in the field events.

Knollin won high point honors of the meet with two first places in the 40-yard dash and the 40-yard hurdles. Ficks, Notre Dame, scored the most points for his team. The Indianan gathered six points with a third in the 40-yard dash and a first place in the quarter-mile run.

Wynne, holder of the national record in the 40-yard low hurdles, was forced to take a second place in this event when Knollin defeated him in the fast time of 5 3-5 seconds. The time was but a fifth of a second slower than the annex mark held by Meade Burke.

August Desch, Olympic star who holds the world's record in the 40-yard low hurdles, failed to place.

Knollin Wins Dash

In the 40-yard dash, Knollin again bested Desch with the time of 4 3-5 seconds, one fifth of a second slower than the annex record. Stolley garnered a third in this race.

Johnny Murphy, winner of second place in the high jump at the 1920 Olympic games, won the event with a leap of 6 feet. In an exhibition jump after the contest, he reached 6 feet 2 inches and shattered the annex record. Armstrong, Wisconsin, and Mulcahy, Notre Dame, were tied for second place in the high jump.

Wisconsin made a clean sweep of the pole vault and the mile run. In the vault, Merrick and Wilder tied for first place with an official mark of 11 feet 6 inches. Both vaulted 12 feet 6 inches, but failed to reach feet 6 inches was made official. the mark and the last height of 11 feet 6 inches was made official.

Wall Leads in Mile

Wall, Brothers, and Wille finished in the order named in the one-mile run. The Badgers set too fast a pace for Notre Dame, and Heather was forced to drop out before the finish.

In a close finish, Notre Dame copped the mile relay. Wisconsin, running Kayser, Johnson, and McCandless, led until the last laps, when August Desch stepped out and broke the tape a winner over Nash.

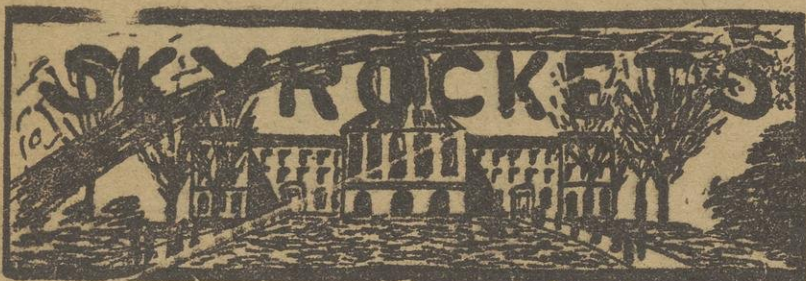

First place in the inter-college two-thirds mile and mile relays went to the Engineer team. Letters and Science runners captured the two-

AFTER a week of more or less uncertain predictions and prophesying, ye ed, is pleased to announce the first sure sign of spring: a simon pure, original spring pome.

WE say pome advisedly, for in the summer we have verses, in the fall poetry, and in the winter stanzas. But only spring has pomes.

As he stood with his hat in his fist;
While she silently lingered beside him,
To bid him "Good-night," and be kissed.

His thoughts,—would he never speak?
For he was wond'ring how they could manage
To live an six dollars per week.

SPRING FEVER.

THIS col., together with many other respectable opinion, frowns down upon the use of the capitol for the Military ball, if for no other reason, for the precedent that will be started. The capitol should be reserved, when university parties are under consideration, for the Prom, which is an ideal combination of party and of place.

WONDER how long before they'll be holding Forensic Board mixers in the capitol?

HOWEVER, the Military ball looks like a good thing.

EXTENSION WORK FILLS EDUCATION NEEDS OF STATE

Film Department Sends Out More Reels Per Week Than Big Companies

The fact that the Extension division of the university had over \$8,000 enrollments in the past two years does not mean that this is the extent of the bureau's work. The bureau tries to fill every sort of educational need in the state.

Over 3,600 reels of moving picture films and 125,000 lantern slides are let out every week to 260 communities about the state. The film department sends out more films every day than a majority of professional film companies.

Sixty per cent of the high school commencement speakers in the state were furnished last year by the extension bureau and 1,800 lectures and entertainments were furnished in the last two years.

The bureau has a staff of 16 physicians, specialists, who travel about the state and give demonstrations of the newer methods of diagnosing cases, thus giving country doctors post graduate instruction.

Communities and individuals who have no access to a library can receive carefully selected package libraries from the bureau. There were 16,256 of these libraries sent out in the past two years.

These are only a few of the things the division is doing. In serving the public it is noticeably responsive to the public needs. A good example of this responsiveness occurred when the income tax bill was passed. While the bill was still under consideration by Congress, every aspect of the proposed act was carefully studied and analyzed by the bureau and within a few days after the bill was signed by the president the University Extension division was ready to enroll students and give instruction on it. About 800 students enrolled the first season.

"It is a dangerous thing for any country to feel over-complacent regarding its natural resources," declared David White, chief geologist of the United States Geological survey, in an address before the engineering students at the engineering auditorium Friday morning.

HOGARTH TALKS TO LARGE AUDIENCE ON SUBJECT OF ARABIA

English Archeologist Tells of Warfare in the Desert

Telling of the terrors of the deserts of Arabia and the hardships endured by the men who crossed them, D. C. Hogarth, of Oxford, spoke to a large audience yesterday afternoon in Bascom hall on the Arabian question. He described vividly Faisal's march from Wade Yambo to Wejh. He told of a railroad built across the sands by the Turks which the English were never able to completely destroy.

Mr. Hogarth said there seems to be no hope of unifying Arabia because there is but one factor making for unity and that is the love of all the people for their language. England, can, Mr. Hogarth said, gain nothing financially through possession of the Arabian states, yet if the Arabs were to be abandoned by the English the worst kind of anarchy would ensue.

Old Capitol Kiosk Goes to Scrap Heap

The old government kiosk at the State street entrance to the Capitol is to be sent to the scrap heap next week according to Supt. of Public Property J. D. Morrissey Saturday. "It is a blemish on the Capitol grounds and has been out of commission for some years," said Morrissey. "We will take it down and send whatever part may be of use to the weather bureau. The rest will go to the scrap heap."

The council Friday night denied a \$52.10 claim of Mrs. Fannie Hamilton, police matron, for carfare in connection with her duties but allowed her \$0.05 for postage.

CAMP RANDALL PROJECT GETS \$40,000 BOOST

To Increase Stadium Capacity to 20,000—Will Add New Entrance

Gate-receipts from the recent football season, totaling \$40,000, will be used at once to enlarge by 4,000 seats the stadium at Camp Randall, making a total seating capacity of 25,000, and to build a new entrance to Breese Terrace in order to relieve the congestion at the gates, according to T. E. Jones, director of athletics.

"Over 10,000 were turned away from games last fall because of the lack of accommodations," said Coach Jones. "The only way to prevent ticket-scalping and dissatisfaction is to provide enough seats."

This year's plans consist of a concrete stand, with lockers and training quarters underneath, on the east side next to the old grandstand.

Arthur Peabody, state architect has drawn plans for completing the horseshoe with double tiers of seats, affording a seating capacity of 52,000. The development of the stadium depends on the yearly gate receipts. Unless the legislature appropriates money to help in the construction, it is estimated that it will be ten years before the stadium is completed.

STUDENT ELECTIONS

IN another part of this issue there is an announcement concern-
ing the approaching student elections.

The old-line campus politicians have been getting their
heads together for some time and they may be counted upon
to pounce into the game in earnest now.

The elections should not be resolved into a knock-down and
drag-out fight between political factions. The fight should be
free for all.

The real concern of the school ought to be to get out the
finest men and women, who may be counted on to seriously dis-
charge their duties, for all positions.

LOWER PRICE LEVELS

THE country-wide tendency toward lower price levels in rent-
als, foodstuffs, clothing, and the general reduction in wages,
does not seem to have affected conditions in this vicinity. If any
cafeteria or boarding house that caters to students has made a
reduction in prices, or if any rooming house has volunteered to
reduce rentals, little or nothing has been heard about it.

Approximately 20 per cent of the student body is quartered
in rooming houses, and is subjected to the tender mercies of
boarding houses, lunch counters, and cafeterias. Students who
are fortunate enough to be residents of Madison, or belong to
organizations that maintain their own quarters, reap the bene-
fits accrued by the lower price levels that have been effective in
every other town in this country.

Prices for room rentals were set last fall, before the exist-
ing lower price levels were foreseen. Unless something is done,
students will be obliged to pay for the full year at the rates set
at that time. In addition to the general drop in prices, land-
lords have made great savings in fuel costs due to the mild
winter.

A general survey of this condition should be made at once,
and action should be taken to remedy the matter. An investiga-
tion will reveal the true situation, and an awakened student
opinion will demand a general reduction in rentals if the facts
disclosed should justify such a conclusion. If sufficient pressure
is brought to bear upon those who desire the patronage of stu-
dents, it is conceivable that many will voluntarily lower their
prices in keeping with the tendency of the day.

The question of exorbitant rentals is particularly a subject
that ought to be brought before the state legislature for con-
sideration at this time. Is there any valid reason why the state

rental law passed at the last session of the legislature should
not be extended to apply to housing conditions in other cities in
the state besides Milwaukee, which at present alone enjoys the
benefits of protective rental legislation?

ASKS REFERENDUM

Editor Daily Cardinal,
The pros and cons have pleaded
their cases concerning the installa-
tion of an all-embracing, permanent
honor system at Wisconsin. For my-
self, I believe the system has already
been in operation for nine-tenths of
us. It now remains for us to deter-
mine our stand with some finality.
To let a vital matter like student
honor cool and ultimately drop into
reverent silence at a time when it is
emphatically challenging the atten-
tion of every wide-awake Wisconsin-
ite, would be the acme of folly.

I would, therefore, like to suggest
that the student senate of the uni-
versity declare a referendum to ascer-
tain definitely the real attitude of the
student body on this question and
the administrative machinery neces-
sary, we can well rely upon the good
judgment of our able senators. But
some action must be taken. Our
brother universities are outstripping
us in this matter of student honor.
Surely, we, who pride ourselves upon
being the bulwark of Mid-western
progressivism, are not going to fail
to maintain our high standards in
this respect also.

Let us then act, and quickly.

Very sincerely yours,
A. KAUFMAN

To Remodel Ben's Place; 40 Year Old Bar Is Gone

Ben Stitgen's place is being remodeled.

That will be interesting news to thousands of people throughout Wisconsin who have eaten some of the famous steaks at Ben's quaint place.

The Nicholas has been in existence in Madison since the civil war.

The bar which has stood in the place for over 40 years is being removed and tables for the accommodation of diners will take the place of the bar.

Over this bar hundreds of Wisconsin's well known celebrities have leaned to pay the tab which Ben and his predecessors have kept on the well worn slate. Justices of the supreme court, governors, U. S. senators, members of the legislature, and a host of public men in the past have dined at Ben's.

400 Bills Up For Hearing Next Week

Four hundred bills are on the legislative calendars for consideration next week in the different commit-

tees. If the committees perform the work promptly this means that the great grist in the legislature may be disposed of within a few weeks. The university bills will be placed on Thursday's finance committee calendar for hearing.

CHILDREN WITH PERMITS BEHIND IN SCHOOL WORK

A comparison of the grades finished by children granted child labor permits in Milwaukee during the last six months with the grades

completed by all public school children in Milwaukee last year, which has just been completed by the industrial commission, shows that the children who get permits are backward in school. Of all children between 14 and 16 years of age who were granted permits only 46 percent has completed the eighth

grade, while of all public school children in Milwaukee of this age 64 percent had finished the eighth grade. Of the children granted permits between 14 and 16 years of age, 26 percent had been in school eight years but had not completed the seventh grade, and were thus more than a year behind in their school work.

"Everywoman"

The famous morality play "Everywoman" featuring one of the best casts ever shown in Madison will open a four day engagement at the Fuller today, the all star super cast including Wanda Hawley, Bebe Daniels, Violet Heming, Theodore Roberts, Monte Blue, Irving Cummings, Raymond Hatton, Lucien Littlefield, Noah Beery, Tully Marshall, Charles Ogle, Clara Horton and ten other well known screen celebrities.

A motion picture that ranks with the most beautifully and extravagantly screened spectacles of all times will open a four day engagement at the Fuller today. No expenditure of artistic effort or money has been spared in making the film version of this famous allegorical play pleasing to the eye and the cast has been selected in thorough accord with the magnificent setting. Violet Heming, the beautiful screen and stage actress, is Everywoman.

The story centers around the quest of Everywoman for Love, which she finds only after disastrous encounters with Wealth, Passion, and Flattery. The scenes in the palace of Wealth are especially luxurious. The striking character of this unusual story has been well brought out.

STRAND CALENDAR

Sunday, Monday, Tuesday—Dorothy Dalton in "A Romantic Adventuress," also Latest News weekly, Comedy cartoon, and "Prisma," natural colored picture "Poor Butterfly."

Wednesday, Thursday, Friday, Saturday—Vera Gordon, the mother of "Humoresque" in "The Greatest Love," also Comedy cartoon, and a Post nature picture "From a Piscatorial Angle."

"A Romantic Adventuress"

Dorothy Dalton in a new Paramount photoplay, "A Romantic Adventuress," will be the chief attraction at the Strand theater for three days starting today. The picture was adapted from Charles Belmont Davis' novel "A Winter City Favorite."

Miss Dalton has the role of Alice Vanni, daughter of a New Orleans dancing master. She has been brought up by her father, the mother, a luxury-loving woman, having deserted them. After Professor Vanni's death, his wife, now known as Mrs. Martyn, reappears and takes Alice to New York to exploit her beauty and her talents as a dancer. Four years later, Alice, now a famous danseuse, is at Monte Carlo with her mother when she meets Maxwell, a poor but worth while engineer. Mrs. Martyn desiring a wealthy match for her daughter, induces her to show interest in a Signor Castelli. After he has been trapped into a proposal, Mrs. Martyn tries to blackmail him. Alice, learning the truth, exposes her mother and seeks happiness with young Maxwell.

An excellent cast is declared to support Miss Dalton in "A Romantic Adventuress." Charles Meredith is the leading man.

The added attractions will be a "Prisma" colored picture "Poor Butterfly," a Comedy cartoon, and the Latest News weekly.

COMING WEEK AT GRAND

Sunday, Monday, Tuesday, and Wednesday—Connie Talmadge in "Mamma's Affair."

Thursday, Friday, and Saturday—Sylvia Breamer, in "Unseen Forces," Dan Mason in "Toonerville Comedy."

Eve Gives Modern Women "Nervy" Lesson

Today there will be seen on the screen of the Grand theater "Mamma's Affair," released by Associated First National, in which Constance Talmadge is the star.

It is a delightful comedy, one of the most pleasing vehicles in which the legion of Constance Talmadge's admirers have yet seen her. It is from the pen of Rachel Barton Butler and won the annual prize offered by Harvard University for the best play written by a student.

New York and other cities have already endorsed the play as presented on the stage.

The director, Victor Fleming, is said to have succeeded in making it even more delectable than in play-form.

All the clever lines which gave the play such vogue are preserved in the laughable titles.

Miss Talmadge, not only repeats her former triumphs, but actually ascends to new heights in her interpretation of the role of Eve, it is said.

The cast is carefully chosen and deserves mention for its perfectly poised support. Kenneth Harlan, who is Miss Talmadge's leading man, plays the part of Doctor Harmon, Effie Shannon essays the role of Mrs. Orrin, the mother of Eve, Katherine Kaelred interprets the character of Mrs. Marchant the sycophantic friend of Mrs. Orrin, George Le Guere appears as Henry Marchant her son and affianced husband of Eve, while Gertrude Le Brandt is "Bundy."

AT THE MAJESTIC

The musical sides of the Elmer Coudy show of 1921, coming to the Majestic theater today features several production numbers of truly big-time flavor. The aggregation headed by that admirable comedian, Elmer Coudy, carries its own musical director, Arthur Reynolds, who has worked out some refreshing melody novelties for the large cast of principals and choristers. Special costume vestiments are provided by the producers for each of these big chorus song specialties

and Madison theater-goers are promised an unusual treat on the musical side of each play presented here. Among the play which will be offered during the company's

stay in Madison are "Bamboo Land," "Ask no Questions," "The Beauty Revue," "What Next," "The Three Husbands," and the "1921 Revue."

"There's a Woman on Every Dollar. She Makes Love only to Him who Winks with System and Smiles with Service."

and auditorium for \$60,000 by Stanley C. Hanks of the Stanley C. Hanks Co. The proposition was referred to the street committee.

This property was under consideration by the city several years ago but after the breaking out of the war the matter was dropped. The offer includes the Proudfit home-stand and the vacant lot on the corner but not the apartment building which adjoins the alley. The property is 132 feet square and is considered an ideal site for a municipal building.

A communication relative to the Proudfit site was also received by the council from Mrs. W. Z. Mendelson, who stated that the present city hall property should be devoted to business purposes. Mrs. Mendelson declared that she has been forced to turn merchants away from the city because they were unable to secure locations on the capitol square.

BADGERS GET THIRD PLACE IN MAT MEET

Hitchcock Pleased With Strong Showing of Varsity Squad

Wisconsin's wrestlers returned from the conference meet at Bloomington, Ind., yesterday noon, where they won a third in the All-Western Intercollegiate competition, and also a second in the Big Ten. The men are all in good shape considering the gruelling matches they went through.

The meet was featured by a large number of entries in each division, and some extraordinary good work by the first four or five men to place. While Wisconsin did not place very highly in the final rating, Coach Hitchcock is highly pleased with the showing his men made, and, when one takes into consideration the losses suffered because of ineligibility and injuries, the fact that four of the men got into the running for third is taken as good enough by the coach.

Meet Here Next Year

"We have the meet here next year, and now that the boys have seen what real condition means, and the way they work in the conference, I think that next year Wisconsin will be right up there among the first three or four, declared Hitchcock. The leaders in each class were certainly a surprisingly good lot of wrestlers, and there was little to choose between the men winning first, second, and third. Iowa and Indiana of course had the better teams as a whole, but it was the individual work that featured this meet, and we expect to have some of this ourselves by 1922.

Of the team who have just completed the season, all will return for next year. Peterman, who took Culver's place as captain of this year's team, will be back for another year of conference competition. Pete was forced to meet the leading man of the conference in his first match last Thursday, and lost to Smith of Iowa after a terrific battle. Smith then wrestled for the championship of the 145 pound class. Peterman came back Friday, however, and won third place by defeating Reed of Nebraska in another tight scrap.

Debate Honor Choice

Prideaux also made a good showing at the meet. He easily outclassed Hall of Purdue in his first match, but in his second meeting with Stanley of Indiana strained a ligament in his shoulder and lost. "Prid" was unable to partake in his third bout, because of this injury.

Templin lost to Pickwell, Nebraska, for third place after having been defeated by Hathaway of Northwestern in his preliminary bout. McMurray lost two bouts for heavy weight honors to Hoyt, Nebraska, and Ems, Illinois. The last was a close affair and found Mac working very well, but not good enough to overcome his big opponent.

Hess and Haddorff lost in the preliminary bouts to Justice, Ohio, and Knight, Northwestern. Hess was particularly unlucky, for after having beaten his man in 9 out of the 10 minutes, he rolled into a fall in the last 30 seconds.

Much discussion arose over the way in which Indiana won the championship, for it clearly should have gone to Iowa, according to the opinion of a majority of the coaches. By calling a forfeited fall in the lightweight division a decision, Iowa was deprived of the victory.

More Apparatus Needed

"Wisconsin needs only a bigger place for the boys to work in, some more mats, punching bags, and training apparatus, all of which we hope to get when our new quarters are arranged above the boat-house," said Coach Hitchcock when asked about plans for next year. "Then, with Holmes, Klass, Gregory, Ferehd, Clark, Tolliver, Krause, Barry, and the rest of my new men and freshmen, and Prideaux, Hess,

INITIATE SEVEN MEN INTO WHITE SPADES

MORTAR BOARD HAS CROWD FOR DANCE

Hurrying couples filled Irving court as they dashed from one sorority house to another in between numbers at the Jitney dance, given by Mortar Board yesterday afternoon. They found good music, furnished by the Phi Gams, Kappa Sigs, Betas, and Phi Psis, awaiting them, and each of the four sorority houses extended cordial welcomes.

Socially, as well as financially, the affair was a success for a large crowd turned out. The novelty of wandering around, picking a girl, dancing for a "Jitney," and then proceeding to the next house and meeting an entirely different bunch seemed to appeal to a great many.

The Kapaps, Thetas, Alpha Phis, and Gamma Phis opened their homes for the occasion.
