The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

You say:

"All traveling nurse companies promise the same things and show the same pretty pictures."

We say:

*Michele DePalo, RN  
TravCorps Traveler*

"Talk to Michele."

At TravCorps, we know travel is more than palm trees and dollar signs.

Yes, we offer the best salaries, benefits, locations and housing.

But that's just the beginning. We give our travelers a level of support that's unrivaled in the traveling nurse industry. That's why 98% of our travelers successfully complete their assignments. And why over half our applications come from personal referrals.

So let us put you in touch with Michele DePalo, RN, or one of our other travelers. They'll tell you that all traveling nurse companies are not the same. And that TravCorps is a lot more than pretty pictures.
