Regent Kleczka submitted the following report of the Personnel Committee:

"The Personnel Committee of the Board of Regents has given careful consideration to the recommendation of the President that Professor John Guy Fowlkes be appointed Dean of the School of Education.

The Committee endorses the recommendation of the President and now recommends to the Board of Regents that Mr. Fowlkes be appointed Dean of the School of Education and Professor of Education, this appointment to be effective October 1, salary to be at the rate of \$10,500 on a twelve months' basis."

Upon motion of Regent Kleczka, seconded by Regent Grady, it was VOTED, That John Guy Fowlkes be appointed Dean of the School of Education and Professor of Education, effective October 1, 1947, at a salary of \$10,500, on the twelve months' basis.

Regent Werner presented the following testimonial to the life and services of the late M. E. McCaffrey:

"Maurice E. McCaffrey served as Secretary of the Regents of the University of Wisconsin from 1906 to 1946, and at the request of the Regents, continued to serve as Trust Officer in charge of investments and property acquisitions until his sudden death on August 24, 1947.

Mr. McCaffrey served the University and the State with an efficiency and faithfulness that knew no limit. His effective and prudent management of University trust and loan funds produced substantial income for student aid and other University purposes while at the same time safeguarding and augmenting the principal of the funds.

One of Mr. McCaffrey's most cherished objectives for the University was the acquisition and development of the Arboretum. The land for this great out-door laboratory was acquired largely through his untiring efforts. He loved to tramp through the Arboretum fields and woods, to drive over its winding roads, and to listen sympathetically to the plans and reports of University scientists who use the Arboretum for scientific research. Significantly, on the morning of the day of his death he and Mrs. McCaffrey enjoyed a pleasure drive through the Arboretum.

It was in his public and personal relations that Mr. McCaffrey best portrayed his sterling character and his love for his fellow men. People naturally turned to him for advice and counsel. He was never too busy to give generously of his time to students, faculty, business office colleagues, and fellow citizens who sought his counsel. He was the confidante of the Regents for more than forty years and in that capacity contributed immeasurably to the growth and development of the University.

The Regents express their heartfelt tribute and deep appreciation for Mr. McCaffrey's long and inspiring record of faithful service to the University and the State. Therefore, be it resolved that this testimonial be spread upon the official records of the University and that the Secretary present a properly attested copy to Mr. McCaffrey's widow."

Upon motion of Regent Werner, seconded by Regent Kleczka, the above testimonial was unanimously adopted by a rising vote.

Regent Campbell suggested to the members of the press who were present that in order that it would be clearly understood that the University did not have funds available for such special projects in the regular budget, they indicate in their press releases that the funds for the construction of the Enzyme Building are being provided by the Wisconsin Alumni Research Foundation. Regent Jones observed that the members of the press had in the past provided accurate reporting of the actions taken by the Regents, that he felt confident they would continue to do so, and that Regent Campbell's suggestion was well taken.

The meeting adjourned at 10:20 A.M.

A. W. Peterson, Secretary.
