YOUR OWN COMMUNITY

This is your community. You live here. Probably you own a home or have business interests here. In some manner what you have or what you earn comes from this community.

Therefore, you have a personal interest in the prosperity of your community. Also, you have a plain duty as a citizen to do what you can to promote local welfare.

You help when you buy from your neighborhood merchants.

You help when you support its churches and local organizations.

BOOST YOUR OWN INTERESTS BY BOOSTING COMMUNITY INTERESTS.

The readers will gain from this article and those that preceded it those to follow each week that the Village Trustees whom you have chosen to look after the affairs of the Village for you, have a real job. The Village President who is also a Trustee is John E. Atkins. The other trustees are - Mike Ambrose, O.M. Bjorge, H.A. Bradt, Harry Breen, L.A. Hollister, L.A. Rasmussen.

Other Village Officers are - F.M. Van Epps, Clerk; O.M. Waterbury, Treasurer; Myron Piehl, Assessor; A. Fleming, Constable; Roy Johnson, Justice of Peace. Supervisor representing the Village on the County Board is Victor Hansen.

The weather during 1936, with its great extremes of heat and cold, rain and drought, dark days and sunny skies, was decidedly unusual. But when we consider the temperature for the entire year we find that the extremes in cold were balanced by the extremes in heat and the mean, or average temperature for the year, 46.5 degrees, was very near 0.9 of a degree below the 18-year normal.

But this tells very little of the story of the weather for the year. There were thirty-five zero days, while the average number is sixteen. The very cold weather prevailed during the last half of January and the first three weeks of February broke all records here for long duration and for the intensity of the cold. The average temperature for the week of January 22-28 was 10.6 degrees below zero-- the coldest week shown in our records of 33 years. Minimum temperatures of 20 degrees below zero, or lower, were recorded on five dates--three in January and two in February.

At the other end of the thermometer, there were thirty-seven days during the summer when the temperature reached 90 degrees or higher. Two in June, nineteen in July and sixteen in August. The average number for a summer is sixteen. On nine days in July, temperatures of 100 degrees, or higher were recorded. On July 14 a maximum temperature of 110 degrees, was reached--the highest ever recorded at the Observatory since its weather observations began in 1903. (We have not forgotten the summer of 1934, however, its maximum temperature of 108 degrees on two days, its ten 100-degree days and its forty-four 90-degree days!) The temperatures during the last part of December were unusually high. The last week was seventeen degrees warmer than the average for that time of year. And still the average temperature for the twelve months of 1936 stands in the records as

THE BELFRY PLAYERS

Miss Adele Dupre, who is directing "The Importance of Being Earnest", the Oscar Wilde Play that the Belfry Players are presenting on Thursday, the 11th of February, in the Auditorium of the Williams Bay school, has announced the cast, as follows:- Algernon Moncrieff - Wilbur Pett, Lane-Joe Diegman, John Worthing - Miles Hanna; Lady Brecknell - Betty Singer; Gwendolyn - Frances Boufford; Cecily - Ruth Busher; Miss Prism - Doris Yadon; Rev. Mr. Chesuble - Frank Segrist.

Mrs. Blake Burton, Williams Bay, has been chosen Business Manager by the P.T.A., which is sponsoring the production, and will select her committee at once.

The regular business meeting of the Belfry Players will be held on Friday, Jan. 22, with Mr. and Mrs. Dupre, in Delavan. Miles Hanna is in charge of the program.

Mr. and Mrs. R.E. Burton returned home last Saturday from a three weeks trip to California. They witnessed the New Years Foot Ball game in the Rose Bowl in Pasadena and the Tournament of Roses following.

They listened to Ben Berney and his Orchestra and saw many of the popular movie stars at the Cocoanut Grove, and visited the MGM Studios in Hollywood. At Sacramento, in the Park surrounding the State Capitol, trees are planted from every state in the U.S. The building itself, cannot be compared with our capitol at Madison.

At Glendale, Calif., Will Rogers's body is lying temporarily in a vault in the Wee Church of the Heather awaiting burial in his last resting place. It is a beautiful cemetery, with a loud speaker system, and organ music is played all during the day. Crowds visit the Cemetery daily to pay tribute to the memory of Will Rogers. At San Fernando, a Spanish Mission 147 years old, was seen.

SOME NOTES OF THE WEATHER OF 1936 (continued)

very near the normal!

The precipitation, (rain and melted snow) for the year showed almost the same extremes as the temperature. Six months of the year (March, April, May, June, July and November) were decidedly dry. But this deficiency of moisture was balanced by an excess of rain and snow in the other six months, and the total precipitation for the year (32.19 inches) was 0.49 of an inch more than the average for the past 33 years.

One of the records for the year, however, does stand out as "unusual". The total snowfall for 1936 was 63 inches-- twice the average amount. In 1923 we had 60 inches. If we take the total snowfall for the season 1935-1936 we find that the record for the last winter was 75 inches. This is considerably more than our former high record of 64 inches for the winter of 1925-1926.

January, while not so unseasonably warm as the last half of December, has had no extremely cold weather. Thus far we have had an unusual amount of rain this winter and very little snow. The rain during the last week of December amounted to 2.47 inches, with 1.90 inches in the first week of January -- a total of 4.37 inches. An inch of rain is equivalent to from eight to twelve inches of snow, depending on whether the snow is wet and soggy or dry and very fluffy. If the temperature had been a little lower during these two weeks and this 4.37 inches of rain had come in the form of snow,---well, you can figure out for yourself how our country-side would look now!

FINE SKATING

The Village Board has placed flood lights along the lake at the Bay so as to light up a large area off Edgewater Park for skating.

WILLIAMS BAY PRESIDENT'S BIRTHDAY PARTY

To be held at the Williams Bay High School on Thursday evening, January 28. A good time is in store for all.

Ladies or men Bridge enthusiasts, if they so desire, may play Bridge for a high score prize.

The big exercise or torture contest will be between the fat and lean men of the village in a rough and tumble basketball game. The leans are out to win according to Carl Bjorge, Captain of the Lean Team, but no, says the Captain of the Fats, big Lawrence Hollister -- "we'll win at any price."

Another game is in store for you as Glen Cook, famous high school star, will bring his fast and furious professional team to Williams Bay to see if he can crack the strong and mighty Williams Bay team, captained by Robert Cook, High School Coach. Boost for your home town.

Between halves of the two big basket-ball games, your excitement will run high when you will be presented with wrestling and boxing by trainer, Robert Cook. Local Junior grapplers and boxers. Be sure and see these young fellows in action.

Before going home, join in on the free lunch of doughnuts and coffee.

Come and enjoy the President's Party. Tickets will be sold by the school children. For children-10¢ and 25¢ for adults. Of all the proceeds taken in, 70% will stay right here in Williams Bay, and 30% will be sent to the National Committee in Washington for the Warm Springs Sanitarium.

E.M. Iverson
General Chairman.

Mr. and Mrs. M.T. Peterson went to Troy Center last Friday to help celebrate the 80th Anniversary of Mrs. Peterson's mother, Mrs. A.H. Ackley.

Mr. S.C. Johnson, Editor of the American Builder predicts a half million new homes will be built in 1937.

PRESIDENT ROOSEVELT INAUGURATED ON WEDNESDAY

President Franklin Delano Roosevelt and his immediate family attended St. Johns Episcopal Church in Washington on Wednesday morning before the inaugural ceremonies; for prayer and to ask Divine guidance for his coming reign. This custom was established by George Washington before he took the oath of office as first president of the United States, and succeeding presidents have since followed the custom.

President Roosevelt did not take the oath of office until 12:00 12:30 P.M., one half hour late, on Wednesday, January 20th.

As the Twentieth Amendment to the Constitution, ratified October 15, 1933, says: "The term of the president and vice president shall end at noon on the 20th day of January; of the years in which such terms would have ended." Thus, the United States was without a president and vice president for one half hour.

President Roosevelt and John Nance Garner, were the first president and vice president to be inaugurated under the new law of the Twentieth Amendment to the Constitution.

This, the 75th Congress, was the first to meet in advance of a presidential inauguration as a result of the "lame duck" amendment to the Constitution.

PRESIDENT'S BIRTHDAY GREETING

The Postal Telegraph Company has placed at the disposal of the National Committee for the Birthday Ball for the President, the facilities of the offices in the U.S. for persons who desire to send a birthday greeting to the president. The person sending such greeting from any point in the United States pays the Postal representative the sum of 25¢. One joint greeting will be presented to the President on his birthday with the names of all the persons so contributing. All of the 25¢ goes to the fund. (continued)

During the past season of bad
roads, those leading into the Bay
from East and North were in good
condition and the best we have had
the pleasure of driving over. We
hope another winter that the road
from the postoffice to the Obser-
vatory will receive a coat of
gravel. It is in wretched condi-
tion this winter.

The lumber yard deal is off.
Everything seemed favorable. The
proper concession had been obtain-
ed from the railroad company, had
been agreed upon and the bargain
seemed about to be closed, when a
veto came from an unexpected
quarter. The feminine portion of
the "firm" refused to consent.
After a long residence in Chicago,
Williams Bay with all the modern
"inconveniences", seemed to her
like a den in the wilderness, and
she refused to make it her home.
Verily, man proposes, but woman
disposes. Well, there is a right
good opening here for some one
with the requisite capital to es-
tablish a lumber yard.

TO BE AMERICAN SPORTS PROGRAM PRO-
MOTOR.

Mr. Edward J. Geiger, for 36 years an employe of the Evening American sports department and for the last decade sports editor, will turn over his editorial duties to Edward Cochrane on Feb. 1st. Mr. Geiger after Feb. 1st will devote his entire time to the development of the American sports promotion program, which includes a bowling tournament, basketball tournament, women's track and field meet, and national softball tournament

DON WATERBURY RECIEVES PROMOTION

Last week, on January 13, one of the Chicago newspapers printed the yearly business report and the director's meeting of the Harris Trust & Savings Bank, Chicago., one of the largest banks in the middle west. Among the employes of the bank named to receive promotion was Donald Waterbury, son of Mr. and Mrs. O.M. Waterbury, Williams Bay, who has been promoted to the position of an Assistant Cashier.

Don has been in the employ of the Harris Bank for eleven years and has studied banking in all its branches and has also had a thorough training and practice in all departments. He is a graduate of the Williams Bay High School and has been attending a university night school in Chicago. His many friends heartily congratulate Don on the promotion he has won.

BAY FOLKS ATTEND SKI MEET AT GARY

Mr. Wm L. Elbert and Billie; Carl BJORGE and Carl Cable, Edwin Van Biesbroeck, and Jay Lyon, son of Mr. and Mrs. Chas. Lyon, Elkhorn, went to Gary to witness the Annual Ski Meet of the Norge Ski Club last Sunday, sponsored by the Club.

Some twenty-thousand persons gathered on the banks of the Fox River to see Casper Oimen, a member of the American 1936 Olympian Ski team, capture the title in his two perfect jumps of 164 and 168 feet, against 93 of the best ski jumpers in America. (Con't)

WILLIAMS BAY RECEIVES THEIR SECOND CONFERENCE DEFEAT

The Williams Bay Basket Ball squad was defeated last Friday night by Wilmot at the Wilmot High School Gym. to the tune of 27 to 16. The defeat also sent the local team out of the first place in the League, but did not put the team out of the running for the championship and the team and their coach, Robert Cook, still look for a successful season.

On this coming Friday night, January 22, the Williams Bay team will meet the Darien basketball squad at the Darien High School Gym. This game should be a "push-over" for the Bay as Darien has not won a game this season. But from the looks of last week's score, the Bay will have to play a different brand of ball, and sure will, because it means their only hope of winning the championship in this half of the league.

Why not go over to the game and yell your heads "off" for the team, they'll show their appreciation by winning the game.

Players on High School Team are: M. Delap, G. Gague, E. Billings, E. Hess, R. Johnson, A. Stenstrom.

WILLIAMS BAY MERCHANTS DEFEAT LAKE GENEVA 25-19.

The Williams Bay Merchants basket ball team defeated the Lake Geneva team by the score of 25 to 19. The game was a very unusually rough one, but yet well played. It was a fine comeback for the Bay squad after their very bad defeat at the hands of Darien a week ago. Howard Williams was the outstanding player of the evening. The team line-up is as follows- Alfred Johnson, Lee Case, Howard Williams, John Vavra, Fritz Henne, Bob Cook, D. Hackett. Game to-night, Jan. 21, at the Wms Bay High School, Wms Bay Merchants Team vs Wilmot Town Team. Admission-Adults 15¢; Children - 10¢.

Dear Mr. Van Epps-

"We have greatly enjoyed read-
ing the recent issue of BAY LEAVES
we have received. I imagine many
of your readers like ourselves do
not get to the lake often during
the winter, but would come up if
there is skating or ice boating.
As a suggestion, couldn't you de-
vote a little space to inform
out-of-towners regarding weather
conditions, snow and ice on roads,
what part, if any, of the lake is
frozen over and whether there has
been any skating or ice-boating
during the week." *****

" BAY LEAVES " IS PUBLISHED
EVERY THURSDAY BY

WILLIAMS BAY SCHOOL NOTES

Miss Lily Johnson went to Madison over the weekend.

Arvilla Gardner is confined to her home because of a sprained or perhaps a broken ankle. It seems Arvilla was skating on the lake when her skate caught in a crack. We wonder what the attraction was that caused her to fall!

Mildred Reitz has a sore wrist. It seems that a bone is out of place. Mildred gets out of a lot of work because she can't use her right hand. Is she lucky!

The skating rink at the school is finally finished and the children have a lot of fine skating at recess, noon and after school.

Everyone in the High School is wondering about the mysterious signs pasted all over school. Some thing is supposed to happen January 23. It was let out today that it will be a "Fandangle".

The Cub Scout had a venison stew supper for their fathers on Thursday evening, January 14, at the school.

Alvin S.- "Everything seems brighter after I have been out with you"
Elsie A.- "It should, you never go home until morning."

Officer- "Hey! Pull over to the curb, lady. Do you know you were doing seventy-five!"

Elizabeth S.- "Isn't it marvelous! --And I just learned to drive yesterday."

Heard in Economics Class

Mr. Sorenson- "And now, will anyone give me an example of an indirect tax?"

Soupy- "The Dog Tax".

Mr. Sorenson- "Why do you term that an indirect tax?"

Soupy- "Cause the dog doesn't pay it."

PRESIDENT'S BIRTHDAY GREETING (con)

When the funds are all in hand here the National Committee will send a check for 70% of the total amount originating in your city back to your committee. In other words, the village gets 70% of the amount raised here to be used for the needy in the local community.

(continued from previous page).

The Le Bre' Wells at Los Angeles where so many animals have sunk to their doom in liquid asphalt, when coming for a drink of water, is very interesting. It is very well guarded, as the suction is so great that one can extricate a foot only with great effort and help, if they happen to step in it. The Fire Department in the city has a special apparatus for rescuing any who might be caught in the well.

A trip over the new eight mile bridge was disappointing, as the sides are so high that only in a few places can one get a view of the Bay. The bridge was the one from Oakland to San Francisco, which was completed last fall.

It was real cold there and the orange growers had great difficulty in saving a part of their crop. They felt the cold there more than here.

BAY FOLKS ATTEND SKI MEET AT CARY (continued)

The members of the Norge Ski Club, Chicago, have many friends here and have agreed to give an exhibition when the conditions here permit.

SPECIAL ELECTION, TUESDAY, FEB 2.

Upon petitions signed by many Williams Bay residents requesting that something be done to remove the iron and bad odor from the village water system, the Village Board had an analysis made of the

water made by experts and a study made of types of filtration plants which would meet the requirements of our particular problem.

The Board has selected the gravity type rapid sand filter system together with a water softener which will cost approximately \$30,000. This sum can be secured from the State Public Lands Commissioners at 4%, with payments spread over 20 years.

The Board believes that the new plant will put Williams Bay water in a perfect condition and make the Bay known for its pure water.

The election will be held in the Community Room of the Library and the polls will be open from 9 a.m. to 5.30 p.m. Every one should express his approval of the plan for pure water by voting "YES".

Mrs. Hansena Bjorge, widow of H.O. Bjorge who preceded her in death many years ago, who were residents in Williams Bay some forty years ago and lived in the home occupied by Harry Breen until Mr. Bjorge passed away, died at the home of her son, Axel, in Geneva Township Wednesday. Funeral services at the home at 1.00 and at 2.00 at the Gospel Tabernacle in Williams Bay, Saturday.
