MINUTES OF THE ANNUAL MEETING

of the

BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN SYSTEM

Madison, Wisconsin

Held in Room 1820 Van Hise Hall
Friday, June 7, 1991
9:05 a.m.

- President Lyon presiding -

PRESENT: Regents Clusen, Davis, Doughty Luckhardt, Dreyfus, Flores, Gelatt, Grover, Gundersen, Hassett, Krutsch, Lyon, Schilling, Steil, Vos and Weinstein

ABSENT: Regents Nicholas and Vattendahl

It was announced that Regent Vice President Nicholas would not be able to attend this meeting, and Regent Schilling was unanimously elected Vice President Pro Tempore, upon motion by Regent Gelatt, seconded by Regent Steil.

Upon motion by Regent Vos, seconded by Regent Flores, minutes of the regular meeting held on May 10, 1991, were unanimously approved as mailed.

REPORT OF THE PRESIDENT OF THE BOARD

Edl. Comm. Board -
request for
~~Report on the May 17, 1991, Meeting of the Educational Communications Board; transfer of licenses & funds for broadcasting to ECB, R 5803, pp 1-2~~

Regent Clusen called attention to action by the Joint Finance Committee which would require transfer of broadcast licenses from the UW System to the Educational Communications Board and also would require transfer of associated budget and staff. The Board of Regents had opposed such a transfer, and the Educational Communications Board had formed a working group to propose alternative ways of organizing public broadcasting. But, the Joint Finance Committee took action before that group was able to meet. ECB Executive Director Paul Norton sent a letter to all members of the Legislature, asking them to delay action until the working group has an opportunity to make recommendations.

Regent Dreyfus moved and Regent Gundersen seconded adoption of the following resolution:

Broadcasting - transfer of licenses & funds to ECB, R 5803, pp 1-2

Requests for

Resolution 5803: That, the Board of Regents opposes the June 6, 1991 recommendation of the Joint Committee on Finance, directing the Board of Regents, in cooperation with ECB, to: a) apply to the FCC for the transfer of licenses for the broadcasting stations owned by UW-Extension as part of Wisconsin Public Television and Wisconsin Public Radio to the ECB, effective July 1, 1992; b) to formulate plans for budget and staff integration for the 1992-93 fiscal year; and, c) to formulate plans and submit requests for the transfer of funds from UW System appropriations to ECB appropriations, effective July 1, 1992.

and #45

Radio & Television - (same as above)

Regent Dreyfus recalled that, in 1962, when the state broadcasting system was established, the Legislature specifically intended to guarantee that there would not be statewide control by a single agency. This concern was based on memory of the effect of state control of broadcasting in World War II Germany. Federal regulations, he noted, do not permit such concentration in commercial broadcasting.

UW-Extension - (same as above)

Put to the vote, Resolution 5803 was adopted unanimously by the Board.

Regent Weinstein suggested that the resolution be distributed to the Legislature and the Governor.

Regent Clusen added that the many supporters of public radio and television also would urge reversal of the Joint Finance Committee action.

HEAB

Report on the May 24, 1991, meeting of the Higher Educational Aids Board

P. 2

President Lyon called attention to the written report of the meeting, which had been distributed with the agenda materials.

UW Hospital, Council of Trustees - Report on financial climate, adoption of bylaw changes regarding medical staff appointments,

Report of the Chair of the Council of Trustees, UW Hospital and Clinics

R 5804, pp 2-3

Regent Flores reported that at the previous day's Council meeting, Superintendent Derzon reported on financial results and patient activity for the fiscal year through May. Hospital admissions overall had increased 5.2 percent over 89-90. Outpatient activity for the year also had increased 5 percent over the previous year.

The Council discussed the proposed budget for 1991-92, which included a requested rate increase of 3.5 percent, the hospital's lowest rate increase in five years and is lower than the average rate increase of 9.6 percent for all Wisconsin hospitals in the first half of this year. For the second consecutive year, the room rate would remain at \$193.00. Mr. Peter Crispman, Financial Director, noted that overall financial results for 1990-91 have been favorable, with higher than anticipated revenue due to patient volume that exceeded expectations by 4 to 6 percent. In addition, deductions from revenue were lower, primarily due to less than expected medicare reductions and decreases in length of stay by patients. However, some expenditures were higher because additional staff were required to accommodate the increased

patient activity. Projections for 1991-92 patient volume and patient revenue were modest, with patient admissions and patient days estimated to increase 1 percent over 1990-91. Outpatient visits were projected to increase 2 percent over 1990-91. Total net revenues were projected to be \$251 million with total expenditures of \$240 million, leaving a net income of \$11 million for fiscal year 1991-92. Following discussion of the budget and rate increase proposal, the Council adopted a resolution recommending approval of the budget in July by the Board of Regents.

The Council then heard a presentation from Vice Chancellor Noren regarding a proposal to lease space for the Sports Medicine/Spine Center/Cardiac Rehabilitation Preventive Cardiology Program. Following discussion, the Council approved a resolution authorizing the Center for Health Sciences Administration to negotiate a lease for submission to the Board of Regents in July.

Regent Flores presented retiring Medical School Dean Arnold Brown with a framed certificate of appreciation for his contributions during 13 years of service to the Medical School and the Council.

Regent Flores introduced Resolution 5804, which would amend the bylaws of the Council to make provisions regarding medical staff appointments consistent with the medical staff bylaws.

Upon motion by Regent Flores, seconded by Regent Weinstein, the following resolution was adopted unanimously by the Board:

Resolution 5804: That, upon the recommendation of the President of the University of Wisconsin System, the Chancellor of UW-Madison, and the Council of Trustees of the UW Hospital and Clinics, the revision to the bylaws of the Council of Trustees of the UW Hospital and Clinics be approved as proposed.

Legislature →
→ Report on Legislative Matters, p. 3

Supplementing his written reports, Vice President Bornstein indicated the State Assembly was to begin deliberations on the Joint Committee on Finance budget recommendations the following week. It was hoped there would be restoration of some of the Joint Committee on Finance reductions as well as additional funding consistent with the Board's priorities.

Report on Undergraduate Education Study - Report on Study, p. 3

Regent President Lyon reported that the undergraduate education study continues to proceed well, with the Regent working groups having met and reported progress at the previous day's Education Committee meeting. The hearings held around the state provided excellent background information, including examples of many of the successful programs in the System. The testimony provided by the faculty, staff and students at those hearings was helpful and much appreciated. President Lyon thanked the participants in the hearings and the Regents for the time and effort devoted to the study.

✓
President of the University -

→ Status Report on Presidential Search Process; *discussion on compensation* PP 4-5

Presidential Search Committee

Regent President Lyon reported that initial steps had been taken to begin the search, pursuant to the Regent discussion at the May meeting in Milwaukee. Since that meeting, he had sent letters to all chancellors asking them to work with the governance groups at their institutions to submit nominations of administrators, faculty, academic staff and students for membership on the Presidential Search Committee. A similar letter was sent to United Council asking for student nominations. All had responded and were ready for consideration later in the meeting.

(Xref) ✓
Regent Committees - President's System (PSC) - (name)
Executive Director for Search

President Lyon reported that he had sent letters to individuals and firms which expressed interest in the Executive Director position, as well as to members of the American Council on Education's list of firms which work extensively with colleges and universities on executive searches. The next steps in the process will be determined after reviewing responses to this letter.

Compensation for President and Doctoral Chancellors

Thanking the Regents for reviewing the materials on compensation sent after the last meeting, President Lyon reported that responses indicated Regent preference for using GPR funds, rather than gift or grant monies, to permit the Board to set salaries for the President and possibly the doctoral institution chancellors at the maximum of Executive Salary Group 10 plus up to an additional 35 percent, based on the market for comparable higher education institutions. As a follow-up step, Regents Lyon, Nicholas, and Steil discussed the matter with the Governor, Secretary Klauser, and with legislative leaders. Based on these consultations, it appeared that the best course of action would be to seek support for a budget amendment which would allow the Board of Regents to set only the President's salary up to 35 percent above the maximum dollar value of the salary range for Executive Salary Group 10, based on the competitive market for comparable positions. The amendment would not have a fiscal effect because the Board of Regents would fund adjustments through base GPR funds.

In discussions with elected officials, Regent Lyon said it had been made clear that the doctoral cluster chancellorships also are seriously below market and there are strong and convincing arguments for addressing all these issues together. In the current budget environment, however, he became convinced that an amendment focused exclusively on assisting the national presidential search had the strongest possible support. There was recognition that this narrower amendment would not solve all of the problems caused by the restrictive executive salary group structure and that further modifications would have to be sought later. It is not realistic, President Lyon commented, to conduct a serious national search with the current salary constraints. Flexibility above current levels will be needed in order to attract a top quality leader.

In response to a question by Regent Vos, President Lyon indicated that 35 percent would amount to \$157,000, the median of the comparable institutions.

Regent Vos expressed the view that 35 percent would be too large an increase, given the state's current fiscal situation and in view of the fact that the President also receives a house, a car and other benefits.

Regent Lyon noted that the Board would retain authority to set compensation below the maximum level, depending on market competition, and that benefits in Wisconsin are approximately equal to those in other states.

Regent Schilling thought Regent Vos' point would be more aptly debatable if a raise were being discussed. However, the issue was a salary that will attract candidates, with the current level being far below the market rate.

✓
Vos, Regent Robin J. -

→ Resolution of Appreciation to Robin J. Vos R 5805 PP 5-6

Upon motion by Regent Gelatt, Resolution 5805 was adopted by acclamation.

Resolution 5805: Whereas, Robin J. Vos is completing a two-year term of meritorious service as the student member of the Board of Regents; and

Whereas, he brought to the Board a high level of energy and commitment in representing both student perspectives and the public interest as a member of the Board; and

✓
Regents, Student - Resolution of appreciation to Robin J. Vos, 3rd

Whereas, he performed his Regent duties with enthusiasm and vigor, visiting institutions across the UW System and working actively with student organizations; and

Student Regent, R 5805, PP 5-6

Whereas, through membership on the Education Committee and on the Business and Finance Committee, he contributed much to Regent deliberations on key academic and budgetary issues;

Therefore, be it resolved that the Board of Regents of the University of Wisconsin System hereby commends and thanks Robin J. Vos for the important public service he has rendered as a member of this Board and wishes him well in all future endeavors; and

Be it further resolved that the Board of Regents grants to Robin J. Vos, upon his retirement from the Board, the status and title of Regent Emeritus.

Stating his appreciation for the opportunity to serve on the Board, Regent Vos noted the positive role the Board of Regents gives to students. One of the ideas of shared governance, he continued, is that students, faculty and administration work together in the best interests of the consumer. In that regard, he urged the Board to keep foremost in mind the interests of student consumers and to solicit their opinions before making decisions.

✓ In closing, he thanked his colleagues on the Board who had provided very positive examples of public service and urged them to keep striving for the best university system possible.

Weinstein, Regent Laurence A.

~~Resolution of Appreciation to Laurence A. Weinstein~~

R 5806, pp 6-7

Regent Schilling moved adoption of Resolution 5806, and it was adopted unanimously with acclamation.

Resolution 5806: Whereas, Laurence A. Weinstein has served with distinction as a Regent of the University of Wisconsin System since 1984 and is now completing his seven-year term; and

Whereas, throughout his tenure on the Board, he has provided exceptional leadership, serving as Regent President, as Chair of the Business and Finance Committee, as a member of the Executive Committee, and as Vice Chair of the Council of Trustees of the UW Hospital and Clinics; and

Whereas, major accomplishments advanced with his leadership include solidifying the merger of the UW System; adopting and implementing *Planning the Future* and the *Design for Diversity*; and focusing and strengthening the university missions of teaching, research, and public service; and

Whereas, his strong and vigorous advocacy has been instrumental in promoting these and other key initiatives to preserve and enhance educational quality in the UW System; and

Whereas, his direct style and probing analysis have helped us to get to the heart of many difficult issues; and

Whereas, the countless hours and boundless energy he has devoted to Regent duties have amply demonstrated the depth of his dedication to the Board and to the UW System;

Therefore, be it resolved that the Board of Regents of the University of Wisconsin System hereby commends and expresses appreciation to Laurence A. Weinstein for all his accomplishments on behalf of the UW System, its students, and the people of Wisconsin; and

Be it further resolved that the Board of Regents grants to him, upon his retirement from the Board, the status and title of Regent Emeritus.

Regent Lyon noted that the Legislature had adopted a special resolution honoring Regent Weinstein for his seven years of service. He also thanked Regent Weinstein for all his advice and assistance during the five years they had served together on the Board.

Referring to the written statement he had provided, Regent Weinstein summarized several key points with regard to advice he would offer to newly appointed Regents. His first suggestion was to become thoroughly familiar with Chapter 36 of the Statutes, which explains the concept of shared governance on the one hand and clearly defines the role of the Regents on the other. That role, he commented, is considerably greater than many believe and carries with it very substantial power and responsibilities. Secondly, he urged a detailed review of the major Regent initiatives of the recent past, including *Design for Diversity*, *Administrative Code* Chapter UWS 17, gender equity, enrollment management, admissions standards, extension planning, and faculty catch-up pay, since these initiatives have laid a foundation for future Board decisions. The major issue to be confronted, he commented, will be maintaining the quality of the System, particularly during the tough financial times ahead. How the Board deals with the size of the System, the faculty, facilities, campus environment, and student admissions standards will determine the quality outcome. In that regard, he commended President Shaw and Executive Vice President Lyall for saying publicly that it will be necessary to downsize even if that means closing a campus.

Regent Weinstein expressed gratitude for his appointment to the Board by Governor Earl and for having an opportunity to make a contribution to the UW System to which he owed great gratitude for contributing to his education and that of his family. As a Regent, he continued, he had come to know the "dedicated and talented people who manage this incredibly good institution": President Shaw, System officers, staff, chancellors, and campus administrators. He gained new insight into the world class faculty and academic staff and was always impressed with the caliber of student leadership and with the work of Regent staff. In addition, he was grateful for the friendships he had developed with other Regents.

The UW System, he said, is the state's most important asset, because of the unique contribution it makes to Wisconsin's special quality of life. "But it is a fragile institution. It is easier to diminish it than to nurture it.

"I conclude by wishing this and future Boards the very best, because you to a very large extent have it in your power to ensure the quality of the System. You have a double obligation. On the one hand, you must be credible, enthusiastic and involved advocates for the needs of the System; and on the other hand, you must be willing to make difficult choices in order to preserve and enhance the quality of the System regardless of the level of funding. In carrying out these responsibilities, you will always have my respect, understanding, my appreciation and my support."

-

Regent President Lyon presented plaques to Regents Weinstein and Vos in recognition of their service on the Board.

-

✓
UW-La Crosse - Staff -

→ Resolution of Appreciation to Chancellor Richards, R 5807, p. 8

Adoption of Resolution 5807 was moved by Regent Gundersen and adopted with acclamation.

(ref) Chancellors - (same, but add "UW-La Crosse" Chancellor Richards)

Resolution 5807: Whereas, Noel Richards, as chancellor of the University of Wisconsin-La Crosse, has been the principal architect of a plan to enhance the quality of academic programs at UW-La Crosse, including a major initiative in International Education; and

(ref) ✓
Richards, Chan. Noel -

(same as directly above)

Whereas, during his 12-year tenure shared governance at UW-La Crosse came to fruition; and

Whereas, Chancellor Richards has overseen dramatic physical enhancements of the campus, including acquiring and restoring Veterans Memorial Stadium, and remodeling the Cartwright Center, Main Hall, Mitchell Hall and other facilities; and

Whereas, Chancellor Richards has worked to bridge relationships between the university and the community, and to achieve diversity on the UW-La Crosse campus; and

Whereas, Barbara ("Bobbie") Richards has served as constant support to Noel Richards and made her own lasting contributions to the campus and the community;

Therefore, be it resolved that the Board of Regents officially recognize Noel Richards for his leadership and innovative contributions to higher education; and

Be it further resolved that the Board of Regents extends to Chancellor and Mrs. Richards a full measure of appreciation and gratitude for long and faithful service performed, looks forward to Chancellor Richards' return to teaching and to the campus, and wish both Noel and Bobbie Richards the very best in all future endeavors.

Chancellor Richards expressed appreciation to the Board for its support of UW-La Crosse over the years and wished the UW System well in the difficult decade of the 1990s.

✓
UW-Whitewater - Staff -

→ Resolution of Appreciation to Chancellor Connor, R 5808, pp 8-9

Upon motion by Regent Dreyfus, the following resolution was adopted by acclamation:

(ref) Chancellors - (same, but add "UW-Whitewater" in front of Chan. Connor)

Resolution 5808: Whereas, James Connor will leave the University of Wisconsin System on June 30, 1991, after having served with distinction as Chancellor of the University of Wisconsin-Whitewater for 17 years; and

(ref) Connor, Chan. James -
(same as directly above)

Whereas, Chancellor Connor has helped improve the quality of life for UW-Whitewater students through enhanced undergraduate programming and student services, including recruiting, advising and counseling to help students better prepare for college life; and

Whereas, Chancellor Connor played a crucial role in the successful campaign to raise funds for the Irvin L. Young Multipurpose Auditorium, which will enhance the quality of life for UW-Whitewater students and the community for decades to come; and

Whereas, his achievements as Chancellor have reflected his commitment to Design for Diversity in particular and his commitment in general to the progress of minority students, faculty and staff; and

Whereas, Chancellor Connor has made the UW-Whitewater campus one of the most "user-friendly" for students with disabilities; and

Whereas, Chancellor Connor has also established vital and on-going relationships between the university and the Whitewater community, reflected in the fact that in 1987 he received the Outstanding Citizen Award from the Whitewater City Council; and

Whereas, Zoe Connor has provided constant support and made a valuable contribution to the advancement of UW-Whitewater;

Therefore, be it resolved that the Board of Regents of the University of Wisconsin System hereby commends James Connor for the exemplary service he has rendered to the University of Wisconsin-Whitewater, the University of Wisconsin System and the people of Wisconsin; and

Be it further resolved that the Board of Regents expresses deep appreciation to Chancellor and Mrs. Connor and wishes them success and happiness in all future endeavors.

Chancellor Connor noted that during his tenure, 23,007 undergraduate degrees had been awarded--55 percent of all those awarded in the history of UW-Whitewater--and 6,348 master's degrees--85 percent of the total. Stating his pride in UW-Whitewater's achievements over the past 17 years, he hoped to be remembered as one who assisted faculty, staff and students to achieve to the maximum of their potential.

In closing, he expressed gratitude to the Regents for their support over the years.

REPORT OF THE PRESIDENT OF THE SYSTEM

Approval of Nonpersonnel Actions

Resolution 5809 was adopted unanimously by the Board, upon motion by Regent Davis and seconded by Regent Steil.

Resolution 5809: That the report of nonpersonnel actions by administrative officers to the Board of Regents and informational items reported for the record (copy on file with the papers of this meeting) be received for the record; and that actions included in the report be approved, ratified and confirmed.

✓
Presentations to the Board -

→ Presentation on Designer Drugs, UW-Madison, pp 10-11

President Shaw introduced Professor Daniel H. Rich, UW-Madison School of Pharmacy, who explained that the term "designer drugs" means that computers are used to generate new entities for treating disease, including AIDS.

With the use of slides, Professor Rich explained the development of drugs. He said that pharmaceutical chemists examine approximately 10,000 compounds for every one that is finally marketed. Of those 10,000 surveyed, approximately 20 are considered significant and promising enough to be tested with animals; approximately half of those are then tested by humans; and only 10 percent of the human tests produce a drug that is ultimately marketed. With a time frame for this process typically being 10-12 years, the cost is about \$231 million. Because the pharmaceutical industry is under tremendous constraints to develop drugs and constantly in search of new methods for shortening the time span and decreasing costs, the computer is playing an important part to accomplish these goals.

In 1991, approximately 162,000 people in the United States have full-blown cases of AIDS, 120,000 of whom have died. Mortality is essentially 100 percent with no known survivors over long periods of time. An additional 200,000-300,000 people have an AIDS-related complex, with another one million people in the United States probably infected. Approximately 40 million people in Third World countries are expected to be infected by the year 2000. In the absence of any therapy, all of these people will die. The financial cost is enormous because AIDS people remain very ill for a long period of time, and those costs are expected to quadruple over the next decade.

Outlining the history of the AIDS situation, Dr. Rich explained that the disease was first recognized in 1981, in part due to work done by Professor Howard Temin in the early 1960s. Currently Dr. Rich's group is trying to shut down the enzyme which is essential for replication of the virus by developing inhibitors, a process discovered in his laboratory in the mid 1970s. Using inhibitors developed for hypertension, anti-hypertensive drugs could be used in controlling the HIV virus. The first enzyme inhibitors were reported at UW-Madison and elsewhere in 1990, and in collaboration with the National Institutes of Health (NIH), a method was designed and synthesized to be an extremely potent inhibitor of the enzyme. He showed a slide illustrating an inhibitor in the active side of the enzyme which results in the AIDS virus not being able to replicate.

In response to a question by Regent Dreyfus, Dr. Rich explained that the picture he showed was not a model and that what was generated on a computer screen showed the positions of the atoms as they are exactly in reality. He stated that this picture is used as a structure to design new types of inhibitors. In an attempt to speed up the timetable and not wait until the year 2000 for results, several compounds were taken into healthy humans for safety assessment last fall, and many showed sufficient safety to be tested by affected humans next year.

In reply to a question by Regent Dreyfus, Dr. Rich explained that this work does become public. The research currently being conducted in this regard is sponsored by the NIH and a pharmaceutical company, thereby guaranteeing availability of the findings.

Regent Dreyfus asked if a sponsoring pharmaceutical company could receive restricted information, and Dr. Rich explained that it is dictated by the Wisconsin Alumni Research Foundation restrictions, but in this particular situation with NIH support the information is public.

President Shaw asked what the time frame would be if one of the options currently being tested on infected humans proves more promising. Dr. Rich said that the normal date would be late 1990s but because AIDS is a critical disease, it is given a fast track status, and the time frame would be shorter.

There was further discussion about the percentage of research dollars involved in these projects.

In response to a question by Regent Schilling, Dr. Rich confirmed that the cost for the AIDS patient in the United States far surpasses that of the standard cancer case.

Regent Dreyfus asked where the virus was prior to 1981. Dr. Rich stated that the first identification of the virus was when it caused the death of a British sailor in 1959. Regent Dreyfus further inquired whether the virus could mutate, and Dr. Rich said it absolutely does. The problem with AZT is that the virus mutates very quickly and the drug loses its effectiveness over a period of one-to-two years, necessitating the need for a new and stronger drug.

Replying to Regent Krutsch's question about why AIDS is more prevalent in foreign countries, Dr. Rich explained that it is because of life styles, cultures and medical practice. As an example, he said other countries often give flu shots to 100 people with the same needle.

In reply to a question from Regent Schilling about whether AIDS existed prior to 1959, Dr. Rich stated that in all probability it existed but simply was not recognized until that time.

In thanking Professor Rich for his presentation, President Shaw said that, in spite of the justifiable emphasis on undergraduate teaching, we should not neglect the importance of basic research and public service. "This presentation exhibits how basic research has some direct applications about which we should not lose sight."

✓ President of the University -

President's Award for Outstanding Student Government to UW-Green Bay

President Shaw presented the President's Award for Outstanding Student Government to the UW-Green Bay Student Association, for service to the university, to students and the community. He was impressed by the Student Association's initiatives, which included planning the pilot program for the sophomore assessment, providing support to the new center planning and building project and sexual assault prevention activities. Involvement in issues of the larger community also were worthy of note, and the level of activity in local and state government was particularly impressive.

Regent Vos commented that he favored a system whereby tenure would be awarded on a rolling-horizon basis.

Put to the vote, Resolution 5827 was adopted, with Regents Doughty Luckhardt, Steil and Vos voting in opposition.

Undergraduate Education -

Undergraduate Education: Preliminary Review of Areas for Policy Consideration, p.17

A progress report on study of undergraduate education was presented at a portion of the meeting to which all Regents were invited. The Chairs of the five working groups listed the topics the groups are considering and outlined the information to be studied before areas of policy consideration are suggested.

Report of the Vice President

✓ Awards - WP&L

Excellence in Teaching Awards

~~Vice President Portch then reported the following first recipients of the Wisconsin Power and Light Underkoffler excellence in teaching awards. The \$5,000 awards, administered by the UW System Undergraduate Teaching Improvement Council, marked the beginning of an annual commitment by Wisconsin Power and Light to recognize and reward outstanding teachers at UW System institutions within the company's service area. Recipients are Alice Homstad, Associate Professor of Spanish, UW Center-Sheboygan; John Krogman, Assistant Professor of Engineering, UW-Platteville; Cyrena Pondrom, Professor of English and Director of the Women's Studies Research Center at UW-Madison; and Clara Shu-Yi Shun, Lecturer in the Department of East Asian Studies, UW-Madison.~~ announced p.18

✓ Awards -
✓ Ref - UW-Whitewater

Award for High School Improvement Program received by UW-Whitewater. It was reported that the UW-Whitewater "Ventures in Better Schooling" high school improvement program was one of only three programs nationwide to receive a meritorious program service award this year at the annual meeting of the North American Association of Summer Sessions.

✓ UW-Oshkosh

United Nations Team Victory for UW-Oshkosh, p.18

The UW-Oshkosh United Nations student team was ranked number one in the 1991 National Model UN competition held at UN headquarters in New York City. The competition involved 1,800 students from 165 nations. This was the seventh consecutive year in which the UW-Oshkosh team was ranked one of the top ten delegations.

✓ Academic Affairs, VP fw -

Introduction of Staff Intern

~~Vice President Portch introduced Dr. Margaret Cleek, who is serving as the administrative intern in the Office of Academic Affairs this summer.~~ p.18

✓ Academic Programs -

1990-91 Academic Program Designations and Related Academic Approval

Items, p.18

Regent Davis reported that the Committee was provided the annual informational year-end report on academic program changes approved by System Administration during 1990-91. These actions are authorized under Academic Informational Series 1. Most of the actions involved approvals of submajors, renaming or restructuring of existing degree authorizations and/or academic departments and budgetary accounting changes with academic implications. It was the consensus of the Committee that in the future this report should be more brief and, where applicable, should include relevant cost information.

✓ International Education - Report on activities in Japan and

→ Study Abroad Programs of the UW System, p. 19

Vice President Portch presented the report on Study Abroad Programs of the University of Wisconsin System, which was prepared at the Committee's request. Regents questioned the amount of student demand in relation to the opportunities offered. Responding to a question, Vice President Portch indicated that students may not be accepted into these programs for a variety of reasons, including rigorous admissions standards in some programs.

In response to a question by Regent Lyon, the Vice President replied that many campuses allow financial aid to apply to students participating in such programs and also make adjustments in aid recognizing the increased cost to students studying abroad. Scholarships for undergraduates, however, are quite limited.

Regent Lyon further asked whether any degree programs require study abroad. Dr. Richard C. Sutton, Director of International Education, UW-La Crosse, and Chair of the UW System Council on International Education, indicated that Department of Public Instruction requirements, effective by 1992, require all foreign language instructors to have studied in a foreign country. Currently, however, he was not aware of any programs with such a requirement.

Regent Hassett suggested that business people be contacted to solicit support for foreign study scholarship aid.

✓ Japan - Report on UW System Activities in Japan, p. 19

Executive Vice President Lyall discussed with the Committee the report of the Working Committee on UW System Activities in Japan. The conclusion was that it would be premature for the UW System to start a joint academic venture in Japan and that the UW System instead should build on existing programs. The report also recommended that availability of Japanese language study be increased for undergraduates throughout the UW System, that existing UW programs for study in Japan be supported more generously, and that credit acceptance policies for study in Japan be examined.

Executive Vice President Lyall stated that the major impediments to student participation in the programs are the high costs of such programs and the need for Japanese language fluency. It was the consensus of the Committee that the report's conclusions were appropriate.

✓ Equal Opportunities - Discussion of -

→ Equal Opportunities in Employment Report, pp 19-20

Regent Davis reported on a presentation by Dr. Marian Swoboda of the Equal Opportunities in Employment report which concluded that, although hiring statistics have improved, the greatest concern is retention rate of women and minority faculty and the net effect this rate has on the total number. Regent Davis asked about the degree of UW System management that addresses the retention problems, what was being done about hostile environments, whether the problems were being analyzed and if there were directions for improving the situation and holding management at all levels accountable.

In discussion at the Board meeting, Regent Krutsch noted data in the report which showed that 62 percent left for more attractive opportunities and another 17 percent left because their appointments were not renewed. The data did not seem to indicate negative conditions within the UW System as a reason for lack of retention.

Regent Davis replied that there is a need to collect more data on that point, since anecdotal information clearly suggests that problems exist.

Regent Krutsch noted that women were hired in approximate relationship to their availability, while minority candidates were hired significantly in excess of availability. There would be cause for concern about the fairness of the process, she felt, if they were hired significantly below availability. Noting that at some campuses there are monies available to departments if minority candidates are hired, she commented that these should be educationally-driven decisions. If there is an educational need, she did not believe money should be provided if there is a minority candidate and not be provided if there is not a minority candidate. The openness of process, she felt, is drawn into question by deciding to seek a particular kind of candidate. She inquired about the operational definition of affirmative action and whether it is legal and fair to provide only for the hiring of minority candidates.

In response, President Shaw noted that *Design for Diversity* has specific goals, but not quotas, to increase the number of minority students, faculty and staff. To increase the number of minority students, sufficient numbers of minority faculty and staff are needed to provide role models and some comfort level for minority students. That means being proactive in recruitment of minorities, but it does not mean lowering standards or hiring people to do unneeded work. While some campuses gave departments where need for staff exists more flexibility in receiving dollars if they found a minority candidate, there was no campus that would allow hiring of minority or other faculty or staff if the educational need does not exist. The goal of affirmative action, he explained, is to attempt to improve representation of underrepresented classes, by making choices among equally strong candidates. Persons are not hired who do not fit the particular job description. Goals are based upon market availability. While having overachieved goals in terms of availability may be a natural consequence of *Design for Diversity*, it is not a consequence of campuses hiring women and minorities in unneeded areas.

Stating that the process is legal, President Shaw added that he also considered it fair to take proactive measures to address a recognized societal need. What would be unfair would be to put people into positions in which they could not be effective, and UW System campuses would not do that.

Noting that the report on tenure included the percentage of women receiving tenure, Regent Vos commented that it should not become a "numbers game" in which the percentage is expected to rise each year.

Regent - Policy - Discussion

Consensual Relationship Policy, p. 2)

Committee members engaged in lengthy discussion about the proposed policy on consensual relationships when there is a definite power differential between the parties involved and when there may be an issue of conflict of interest. While there was general agreement on the problem involved in conflict of interest situations, there was less agreement on what role, if any, Board policy should address in situations of unequal power. Deciding to take no action on the proposed resolution at this time, the Committee asked Dr. Swoboda to return with a proposal that refines the language, incorporates those base issues about which there was agreement and which includes students in the process of developing future statements.

Weinstein, Laurence A.

for his service on Education Committee, p. 2)

Resolution of Commendation Robert Weinstein

The following resolution was adopted by the Education Committee, upon motion by Regent Flores, seconded by Regent Hassett:

Whereas, Laurence A. Weinstein has served as a member of the Education Committee of the Board of Regents from June 1986 to the present, and

Whereas, he has consistently contributed probing questions and a thorough attention to detail to the deliberations of the committee; and

Whereas, he has taken great interest in strategic planning efforts, and made major contributions to the analyses and implementation of recommendations for strategic planning in business, in engineering and engineering technology, and teacher education; and

Whereas, as a strong proponent of Design for Diversity he has always stressed the rights of all individuals and passionately defended the interests of women and minorities; and

Whereas, he has paid foremost attention to enhancing the quality of the educational program and served as a steward of the interests of the citizens of the State; and

Whereas, he is now retiring from the Board of Regents of the University of Wisconsin System upon completion of his seven-year term;

Therefore, be it resolved that the Education Committee conveys its sincere respect and appreciation to Laurence A. Weinstein for his valuable service to the committee, and extends to him its very best wishes.

REPORT OF THE BUSINESS AND FINANCE COMMITTEE

Regent Gelatt, Chair, presented the report of the Committee.

✓
Budget - 1991-92 Base Budget Review, p. 22

In a session to which all Regents were invited, President Shaw outlined the annual budget review process, focusing on the steps that System Administration follows and those taken by the institutions to establish their annual budgets. Budget officers from three institutions described the process followed to reallocate base budget funds in the annual budget cycle.

✓
Budget - Annual Budget Management Conditions and Tentative Decision Rules for Annual Budget Allocation, p. 22 & R 5828, pp 22-23

President Shaw discussed the proposed decision rules for allocating the annual budget. Funds are allocated based on legislative intent, Regent policy and System policy. In addition, much of the new funding is institutional specific. If the biennial budget is not finalized by the July meeting, the Board will have to adopt an annual budget based on available information, in order to establish tuition and fee schedules for the Fall session. There was considerable discussion which focused on the Regents' concern over passing a resolution which appeared to support legislative action which is not yet in final form and which was not included in the Regent budget submission. The Business and Finance Committee agreed to address a restricted resolution in its regular Committee meeting. At that time, a revised resolution was approved to provide tentative budget decision rules for those items originally included in the Regent budget.

Consent Agenda Items

Having been revised in Committee, Resolution 5828 was presented as a consent agenda item, along with Resolutions 5829 and 5830. Adoption of these resolutions was moved by Regent Gelatt, seconded by Regent Steil and carried unanimously by the Board.

Annual Budget Management Conditions and Tentative Decision Rules for Annual Budget Allocation

Resolution 5828: That, upon recommendation of the President of the University of Wisconsin System, the Board of Regents approves the following tentative 1991-92 budget allocation decision rules:

- I. 1. Disabled Student Services
- II. 1. Lawton Undergraduate Retention Grant Funds
 - 2. Advanced Opportunity Program Funds
- III. 1. Engineering and Technology
 - 4. Instructional Laboratory Modernization Reallocation
- IV. 1. UW-Madison Undergraduate Initiative
 - 3. UW-Madison Law School

Approval of Gifts, Grants and Contracts

Resolution 5829: That, upon recommendation of the President of the University of Wisconsin System, the gifts, grants and contracts presented at this meeting (copy on file with the papers of this meeting) be accepted, approved, ratified and confirmed; and that, where signature authority has not been previously delegated, appropriate officers be authorized to sign agreements.

✓
Regent Policy -
→ Authority for UW System President to Set Salaries

R 5820, pp 23-25

Resolution 5830: (1) Unless otherwise specified by executive/legislative action, the effective dates for the payment of the 1991-92 pay plan rates will be July 1, 1991 for annual basis employees, the start of the academic year pay period for those on academic year appointments, and other dates as set by the Chancellors for persons with appointment periods commencing at times other than July 1 and the beginning of the academic year.

✓
Pay Salaries - (some)

(2) Compensation adjustment allocations shall be distributed to the institutions as soon as possible after executive/legislative action and in conformity with state law and policy, and System policy.

(3) Within the state pay plan authorization, the Board, after consultation with the President of the System, shall establish systemwide salary minima and maxima and guidelines for awarding merit increases. If the Regents' meeting schedule does not afford an opportunity for timely action in this regard, the Board authorizes the Executive Committee, after consultation with the System President, to act on these matters.

Merit determinations for faculty should be based on positive contributions by the faculty member to teaching, research, public service and/or the support functions inherent in the institution's mission. Assessment of teaching faculty shall include consideration of student evaluations (Regent Policy Document 74-13, October 4, 1974).

Merit determinations for academic, limited and other unclassified staff shall be based on supervisory assessment of meritorious performance in their areas of assigned responsibility.

- (4) An amount equal to .25% of the October 1991 payroll base for faculty and instructional academic staff shall be allocated to reward distinguished teaching in 1992-93.
- (5) Each institution shall complete its merit evaluations of continuing unclassified staff prior to July 1 and establish factors for each person which can be applied expeditiously to determine salary increases among individuals, given later information on state compensation policies for faculty and academic staff for 1991-92.
- (6) Each institution shall complete its actions on stipend schedules for nonrepresented graduate assistants prior to July 1 and shall establish a factor for adjustments which can be applied expeditiously to determine stipend increases. Stipend schedules for each graduate assistant category shall be separately established.
- (7) The Board affirms the delegated authority of the President of the System and the Chancellors to establish individual salaries at or below the Group 6 maximum of the State Executive Pay Plan for 1991-92 within state policy and the funds appropriated for that year, with appropriate annual budget documentation to be reported to the Regents for information.
- (8) The Board directs that any mandated pay plan adjustments applied to individuals in the State Executive Pay Plan and others above the Group 6 maximum shall be effective on the dates determined in the executive/legislative review. If the Regents' meeting schedule does not afford an opportunity for timely action on any discretionary pay adjustments for these individuals by the full Board, the Board authorizes the Executive Committee of the Board, in consultation with the System President, to approve any discretionary salary adjustments effective for 1991-92. Appropriate information shall be provided to all members of the Board.

- (9) Compensation actions related to the unclassified pay plan and delegated to the Chancellors at or below 75% of the Group 6 maximum shall be completed in accordance with statutory requirements, legislative intent and Regents' policy and shall be reported to the President of the System by August 1, or within three weeks after the approval of the unclassified pay plans, whichever is later, to make possible the preparation of payrolls and reporting to the Board of Regents.

Audit, Class - Policy on

↳ Disabled Student Auditors, R 5831 + EX A, p. 25

Presenting Resolution 5831, Regent Gelatt noted that at the May meeting the Committee discussed restoration of the policy to not require needy, disabled Wisconsin residents to pay fees for auditing courses. This group would be defined as those residents who receive Old Age Survivors and Disabilities Insurance benefits under 42 USC 412.33. A change was made to the proposed resolution, Exhibit A, to clarify that only those Wisconsin residents who are themselves disabled would be able to audit courses without a fee.

(x ref Regent - Policy - (same as above))
Adoption of the following resolution was moved by Regent Gelatt, seconded by Regent Weinstein and adopted by the Board, with Regent Vos abstaining from the vote:

Resolution 5831: That, upon the recommendation of the President of the University of Wisconsin System, the policy pertaining to fee charges for class auditing adopted December 7, 1990, be hereby amended by adding the underlined provision as set forth in EXHIBIT A attached.

Strategic Planning

↳ Annual Report on MIS Strategic Planning, p. 25

Presenting to the Committee the annual report on Management Information Systems strategic planning, Vice President Poellnitz discussed the accomplishments made, including implementation of WISNET and CENTERSNET and the plans for the 1991-93 biennium which include the planning and implementation of the Central UW System Computing Facility, as required by recent Department of Administration policy. He also discussed establishing a disaster recovery plan in cooperation with the Department of Administration and acquiring funding for a number of major purchases. The recent DOA policy is a state strategic plan for information technology, which is opposed to the Regent policy on strategic MIS planning adopted in 1988. It was Regent Gelatt's opinion that the DOA policy is misguided, given current circumstances.

(x ref Management Information Systems - (same))

Quarterly Financial Update

Regent Gelatt reported that the financial update showed funds are being utilized to maximum extent possible. Given the forced GPR freeze lapse of \$7 million, there will be very few GPR funds carried forward to the next fiscal year. It was estimated that fees collected will exceed the budget by \$4.7 million, and these excess revenues will be used as an offset against academic fee increases in future fiscal years, in accordance with Regent policy. The only area of concern was the Athletic Department financial status.

✓ Bldg & Land -

Status Report on Funding for Consortial Telescope Project, UW-Madison

p. 26

The Committee received a status report on funding of UW-Madison's consortial telescope project. UW-Madison Dean Wiley reported that the construction of the telescope project is on target, with UW-Madison's 26 percent share to be funded from the UW Foundation Capital Campaign. If the fund raising effort falls short, there are two options open: first, the National Optical Astronomy Observatory and Yale University would both consider larger shares of the project; and second, back-up funding for the UW-Madison portion is available from the Wisconsin Alumni Research Foundation.

✓ Athletic Department -

UW-Madison Athletic Department Financial Update

26

Regent Gelatt reported the Committee was advised by Athletic Director Richter that the Athletic Department still plans to end this fiscal year at a break-even point, after significant reallocation of funds. Contributions were down in the traditionally low months of February and March. Mr. Richter outlined additional measures the Athletic Department is taking to improve their financial picture. This was a status report for the current year, not a discussion of plans for the next year.

✓ Regent - Policy - Tabling of resolution on

Sick Leave Policy for Faculty and Academic Staff

pp 26-27

Associate Vice President Wright discussed with the Committee proposed changes to the administrative code which would allow staff to use sick leave for parental leave and make initial eligibility requirements to earn sick leave parallel to eligibility requirements for participation in the retirement system.

✓ (xref Sick Leave - same)

Regent Gelatt moved adoption of the following resolution, and the motion was seconded by Regent Flores.

That UW System Administration staff be directed to prepare in proper form, and submit to the Legislative Council Rules Clearinghouse for review, proposed amendments to administrative rules in Chapter UWS 19, Wisconsin Administrative Code, concerning sick leave benefits for faculty, academic staff and limited appointees of the UW System; and further

That the Secretary of the Board of Regents be directed to file a notice of hearing with the Revisor of Statutes for inclusion in the Wisconsin Administrative Register, the purpose of the hearing being to consider the adoption and amendment of rules in Chapter UWS 19, Wisconsin Administrative Code, concerning sick leave benefits for faculty, academic staff and limited appointees of the UW System, said hearing to be held October 10, 1991, in Room 1820 Van Hise Hall, 1220 Linden Drive, Madison, Wisconsin, at 11:00 a.m.

After questions were raised by several Regents, Regent Gelatt moved to table the resolution for further discussion by the Business and Finance Committee. The motion was seconded by Regent Schilling and carried.

✓
STE Task Force -

Report of the Vice President

Update on Implementation of *Recommendations of*
~~Supplies and Expense Task Force Recommendations~~ *STE Task Force*
p. 27

Regent Gelatt reported that Vice President Poellnitz presented an update on implementation of a number of recommendations of the Supplies and Expenses Task Force. Vice President Brown reported on those recommendations relating to outside contracting for buildings and grounds maintenance. The Committee asked for additional information on cost savings realized from contracting out services, rather than providing services internally.

Indirect Costs - *Update, p. 27*

In a report to the Committee on indirect costs, Vice President Poellnitz outlined some of the proposed changes in circular A21. In addition to defining unallowable costs, the proposal may limit administrative indirect costs to 26 percent. There is also a proposal that would require institutions to charge the same indirect cost rate to private sources as charged to the federal government, or else lower the federal rate to that charged to private sources. There are a number of private foundations which support research, but refuse to pay indirect costs. The federal government is objecting to subsidizing these private contracts through indirect cost payments.

✓
Vos, Robert - *Appreciation of Bus. & Fin. Committee, p. 27*

Committee Appreciation to Regent Vos

The Committee extended its thanks and appreciation to Regent Vos for his contributions to the Committee.

Audit Subcommittee Meeting

Regents - Audit Subcommittee - 1991-92 Internal Audit Schedule Prioritized, p. 28

Regent Gelatt reported Audit Subcommittee review of the 1991-92 audit schedule, as prioritized by internal audit staff. Due to the increasing number of new, additional audits, other traditionally scheduled audits were moving to the bottom of the priority list. The Committee asked that policies and procedures be put into place regarding use of licenses for software throughout the System, in order to address a concern about potential liability of the System for any such illegal use or copying of software.

Regents - Officers - Regent Lyon - elected President of Board, p. 28

ELECTION OF OFFICERS OF THE BOARD OF REGENTS

(x ref Lyon, Thomas L. - Elected Board President, p. 28)
- Vice President Pro Tempore Schilling presiding -

Regent President

Regent Gundersen nominated Regent Thomas L. Lyon for the office of President of the Board of Regents. The nomination was seconded by Regent Gelatt. Regent Weinstein moved that a unanimous ballot be cast, and Regent Lyon was unanimously reelected President of the Board.

Regent Officers - Regent ^{President Lyon presiding -} Nicholas elected Vice President of Board, p. 28

Regent Vice President

(x ref Nicholas, Albert O. - Elected Vice President of Board, p. 28)
Regent Steil nominated Regent Albert O. Nicholas for the office of Vice President of the Board of Regents. The nomination was seconded by Regent Schilling. Regent Vos moved that a unanimous ballot be cast, and Regent Nicholas was unanimously reelected Vice President of the Board.

Regent Officers - Judith Temby - reelected Board Secretary, p. 28

Regent Secretary

Temby, Judith - Reelected Board Secretary, p. 28
Regent Schilling nominated Secretary Judith A. Temby for the office of Secretary of the Board of Regents. Regent Weinstein seconded the motion and moved that a unanimous ballot be cast. Secretary Temby was unanimously reelected Secretary of the Board.

Regent Officers - Marlene Elms - reelected Board Assistant Secretary, p. 28

Assistant Secretary

Marlene G. Alms was unanimously reelected Assistant Secretary of the Board of Regents, upon motion by Regent Grover and seconded by Regent Dreyfus.

Elms, Marlene - Reelected Board Asst. Secretary, p. 28

Regent-Officers - System Vice Pres. Poellnitz reelected Board Trust Officer, p. 29

Trust Officer

(X ref) Poellnitz, Fred - Reelected Board Trust Officer, p. 29
Upon motion by Regent Schilling, seconded by Regent Dreyfus, System Vice President Fred Poellnitz was unanimously reelected Trust Officer of the Board of Regents.

Regent-Officers - Charles Stathas, David Konshak & Raymond Marnocha reelected Asst. Trust Officers of Board, p. 29

Assistant Trust Officers

Charles Stathas, David Konshak and Raymond Marnocha were unanimously reelected Assistant Trust Officers of the Board of Regents, upon motion by Regent Dreyfus and seconded by Regent Schilling.

(X ref on ca. isdd. used) ✓ Stathas - reelected Asst. Trust Officer of Board of Regents, p. 29
✓ Konshak - "
✓ Marnocha - "

At 11:20 a.m., the following resolution, moved by Regent Schilling and seconded by Regent Clusen, was unanimously adopted on a roll call vote, with Regents Clusen, Davis, Doughty Luckhardt, Dreyfus, Flores, Gelatt, Grover, Gundersen, Hassett, Krutsch, Lyon, Schilling, Steil, Vos and Weinstein voting "Aye" (15) and no Regents voting "No."

Resolution 5833: That the Board of Regents recess into closed session to consider personnel matters, including possible appointment of Vice Chancellor, UW-Stout, and Acting Chancellors at UW-La Crosse, UW-Superior and UW-Whitewater, as permitted by s. 19.85(1)(c), Wis. Stats.; to consider personal histories related to possible action on appointments to the Presidential Search Committee, and appointments to the UW-Green Bay and UW-Superior Boards of Visitors, as permitted by s. 19.85(1)(f), Wis. Stats.; and to confer with legal counsel, as permitted by s. 19.85(1)(g), Wis. Stats.

✓ Chancellors - George DePuy appointed Vice Chancellor, UW-Stout R 5834, p. 29

CLOSED SESSION ACTIONS

The Board arose from closed session at 12:30 p.m. and made the following announcements:

(X ref) UW-Stout - Staff - George DePuy appointed Vice Chancellor, R 5834, p. 29
Appointment of Vice Chancellor, UW-Stout

Resolution 5834: That, upon recommendation of the Chancellor of the University of Wisconsin-Stout and the President of the University of Wisconsin System, George DePuy be appointed Vice Chancellor for Academic Affairs, University of Wisconsin-Stout, and an annual salary of \$84,400, effective August 1, 1991, or soon thereafter.

✓
UW-Green Bay-Visitors - Appointments to BOV, R 5835,
Appointments to UW-Green Bay Board of Visitors P.30

Resolution 5835: That, upon the recommendation of the UW-Green Bay Chancellor and the President of the University of Wisconsin System, the following nominees be appointed to the UW-Green Bay Board of Visitors for terms ending in June 1994:

- Paul Anderson
- Sandy Kitzman
- Nancy Skadden
- Brett Strangeland

That the following members be reappointed for terms ending in June 1994:

- Mary Eickman
- Michael Kaeske

And that the following member be appointed to fill an unexpired term ending June 1992:

✓
UW-Superior-Visitors - Appointments to BOV, R 5836, p.30
Appointments to UW-Superior Board of Visitors

Resolution 5836: That, upon the recommendation of the UW-Superior Chancellor and the President of the University of Wisconsin System, the following nominees be appointed to the UW-Superior Board of Visitors for terms ending in June 1994:

Class Audit Policy

Effective with the 1991 Summer Session:

A. AUDIT-ONLY ENROLLEES

The academic fee charge for individuals who register for only non-credit, audit-type attendance of credit classes shall be:

Wisconsin Residents - 30% of the normal per credit academic fee
Nonresidents - 50% of the normal per credit academic fee

Audit fees shall be removed for all disabled Wisconsin residents who are receiving federal old age survivors and disability insurance benefits (OASDI) under 42 USC 401 to 433.

Subject to the institution's nonresident tuition remission authorization, the chancellor may waive the nonresident portion of the per credit charge for nonresidents;

The ability of a person to register only for non-credit audit-type attendance is subject to these understandings:

- a) that there be no additional classroom/laboratory space requirements or increased instructional costs resulting from the implementation of this policy;
- b) that the approval of the faculty member in charge of the class must be obtained by the auditor;
- c) that auditors receive only provisional permission to attend classes until course registration is completed at the end of the add/drop period;
- d) that any special costs for course instruction other than normal tuition charges be assessed auditors availing themselves of this opportunity;
- e) that a student who opts to enroll on an auditor basis under this policy may not change to a credit basis during the term of enrollment;
- f) that students who later seek credit by university examination for a course that they have audited must be enrolled in the university at the time the examination is taken and are subject to appropriate tuition charge and special course fees;
- g) that the UW System's general policy on the refund of academic fees will apply to audit fees;
- h) access for individual who are auditors-only will be limited to the library and non-segregated fee funded activities of the student union. A special identification card would be issued the auditor permitting such access. NO FEE SHALL BE CHARGED FOR SUCH ACCESS. Except for library and non-segregated fee funded activities of the student union, auditors-only shall not be afforded any preferential access to university facilities which is not afforded to the general public.

- i) that Regent, university and student government regulations applying to students apply equally to audit enrollees;
- j) that the universities may determine which credit classes are open to auditors under the terms of this policy;

B. DEGREE-SEEKING STUDENTS

The ability of degree-seeking students to audit classes is subject to the academic policies of the institution. The normal per-credit tuition will be assessed audit credits until the degree and audit credits equal the plateau where academic fees are level. When the combination of degree and audit credits exceeds the full-time credit plateau additional fees shall be assessed.

Subject to the institution's nonresident tuition remission authorization, the chancellor may waive the nonresident portion of the per-credit charge for nonresidents.
