Base Ball. WISCONSIN vs. LAWRENCE. CAMP RANDALL, To-morrow Afternoon.

IN MEMORIAM

SERVICES IN HONOR OF LATE PROF. WHITNEY.

Eulogies Pronounced by Isham Randolph, Professor Turneure and H. P. Bordman.

There was a large attendance today at the convocation memorial services for the late Professor N. O. Whitney held in Library Hall. Mr. Isham Randolph, Chief Engineer of the Sanitary Drainage Board of Chicago; Mr. H. P. Bordman, Engineer of the Chicago and Alton R. R., and Professor F. E. Turneure of the College of Engineering were the speakers at the service.

Acting President Birge made a few remarks regarding the many changes that have taken place in the faculty during the past year. At the first of the year Professor Sober was taken away, then came the death of Professor Rosenstengel and lastly that of Professor Whitney.

The speakers were introduced by Dean Johnson with a few well chosen remarks.

Professor Turneure spoke in behalf of Professor Whitney's co-workers in the College of Engineering. He told of the late Professor's early life and education, and of his success in professional life as a railway engineer. Professor Whitney was very successful as a teacher although previous to his coming to the University in 1891 he had had little experience in such work. Professor Turneure spoke of the late Professor's methodical ways and highly trained judgment. He told of his great interest in his pupils not only while they were in the University but long after they had gone out into the world.

Mr. H. P. Bordman, a former pupil of Professor Whitney, spoke of him as a teacher. The Professor always used good judgment about teaching the fundamentals of his branches to his classes. He was always progressive and not limited by his own experience. He was always willing to give advice to students and answer questions. The students were always welcome at his home. He was a teacher, guide, and true friend to the students.

Mr. Isham Randolph spoke as representative of the Western Society of Engineers and as a friend of Professor Whitney.

Professor Whitney had long been connected with the society and was one of its most influential members. He was elected vice president of the society on June 4, 1898 and discharged the duties of his office most creditably. Mr. Randolph told of the strong friendship that had sprung up between himself and Professor Whitney. Such a friendship as his, he said was priceless.

The University Glee Club sang "Thy Will Be Done," and a vocal solo, "One Sweetly Solemn Thought" was well rendered by Mr. F. P. Bowen. The services were concluded by singing led by Professor Parker.

Address by J. B. Smith.

Mr. J. B. Smith of this city has been secured to address the Y. M. C. A. meeting Sunday afternoon. Mr. Smith is a successful lawyer and is well known throughout the state as a worker in the interests of temperance, having been candidate for governor on the prohibition ticket last fall. The meeting will be held as usual in the Law building at 4:30. All men are invited.

LAWRENCE TO-MORROW.

Varsity Turned Tables on All-Stars Yesterday.

On Saturday afternoon the Varsity nine will go against the team from Lawrence University. The three practice games with the All-Stars have rounded the regulars into quite good form for this stage of the season and they should take the Appleton boys into camp with a comfortable margin.

This is the first intercollegiate game of the season and the attendance promises to be generous. The University band will be in attendance. It is reported that the Lawrence nine is especially strong this year with a battery that is a whirlwind. Although handicapped by no chance for early work this year, they come down expecting to give the Varsity boys a close game if not a defeat. Mathews or Reedal will probably start in the box for the Badgers.

Yesterday's Game.

The 'varsity turned the tables on the all-stars yesterday afternoon and took them into camp to the refrain of 11 to 9. The playing was good on the part of both teams and showed considerable improvement by the collegians. Today's game will be the last with the all-stars and will be a hot one as both teams are anxious to take the deciding game. The 'varsity band will be out for the first time during the season and will live up the occasion.

In yesterday's game there were no startling developments. Richards of the 'varsity was given a trial in the box and acquitted himself well. Schreiber succeeded in lining out the first three-bagger of the year. Pierce caught and Matthews, Richardson and Erickson all took a turn at the twirling. Riordan behind the bat and Bandelin, Haney and Check in the box composed the all-stars' battery.

The score by innings:

	1	2	3	4	5	6	7	8	9
All-Stars	1	0	0	0	0	6	0	2	—9
Wisconsin	1	0	1	0	2	1	3	3	—11

Phi Kappa Psi Convention Closes With a Banquet.

The convention of the Phi Kappa Psi fraternity which has been in session since Wednesday, was brought to an end last evening at Keeley's. Forty-seven covers were laid for the banquet and not until the beginning of the small hours of the morning did the hall cease ringing with Phi Psi songs and college yells. Prof. Chas. N. Haskins acted as toastmaster and the following toasts were responded to:

"Phi Psi in the West," E. T. Ford, California; "Apostates," M. Johnstone, Kansas; "The Western Spirit," J. D. Carr, Leland Stanford; "Relations of Alumni to the Chapter," E. Meyers, Beloit; "Phi Psi in Society," E. B. Mumford, Wisconsin; "Our Western Universities," H. Lawrence, Minnesota; "Fraternity Spirit," I. W. Kindall, Iowa; "Phi Psi in our Keeping," C. T. Hays, Nebraska.

At the session in the afternoon J. T. S. Lyle was elected archon of the district. The next district convention will be held at Iowa city in 1903.

FRESHMAN DEC.

OCCURS IN LIBRARY HALL DAY APRIL 26.

Two Distinct Classes—Prizes for Dramatic and Forensic Selections—Eleven to Take Part.

The date of the Freshman Dec. has been decided upon. The contest will occur in Library Hall on Friday, April 26th.

The reason for the lateness of the contest this year is because the contestants have felt that they should be given as much time as possible to work on their selections. They have been practicing under the direction of Mr. Pyre and Miss Butt for several months and the contest should be an unusually good one.

In the preliminary contests last fall eleven were chosen from the large number contesting, and these will appear in the final contest to be held two weeks from to-night. The contestants have been divided into two classes according as their selections are dramatic or forensic. There will be two prizes, one for each class. The judges for the contest are not yet decided upon but will be announced later.

Those having dramatic selections are as follows: Miss Nellie Miller, "Arena Scene from Quo Vadis;" Mr. Edgar MacEachron, "The Debating Society;" Mr. Charles Lyman, "The Soldier of the Empire;" Miss Charlotte Wasson, "The Set of Turquois;" Mr. Frank Sargent, "Old King Solomon of Kentucky;" Miss Mary Owen, "Aunt Melissy on Boys."

The following have oratorical selections: Mr. Leo Ludlow, "Affairs in Cuba;" Mr. Loren Blackman, "The Vengeance of the Flag;" Mr. William Cowell, "Toussaint L'Ouverture;" Mr. Gaius Woledge, "Vindication from Treason;" Mr. Francis Randolph, "Denunciation of Jefferson Davis."

1,500 PEOPLE DELIGHTED.

Marine Band Greatly Appreciated in Last Night's Concert.

The concert given by the United States Marine Band at the gymnasium last evening proved to be an even greater success than the afternoon concert. The armory was filled to overflowing and long before eight o'clock it was announced that standing room only was to be had. The audience was enthusiastic as well as large and gave the band and its genial conductor Lieutenant Santelmann, a warm reception.

The program was well arranged and well carried out in every detail. The overture Tanhauser was perhaps the most pleasing number rendered by the band. The soloists outdid themselves. Mr. Jean B. H. Moeremans, who is an artist upon the saxophone, rendered the "Fantasia American Favorite," by Moeremans, with wonderful effect and was repeatedly encored.

Miss Amy Whaley, ever a favorite, sang Bailey's waltz song "Fleeting Days" in a charming manner and was obliged to respond to two encores, singing "The Old Kentucky Home" for the last one.

The band was very liberal with encores, no less than fifteen being given. It is estimated that more than one thousand five hundred people were present at the evening concert. As a result of the venture it is thought that

the Central Union which has been in session for the past few years, will be able to make up the deficit this year.

Local and Personal.

—Dr. Behrtrand and Mr. Johnson of De Forest visited the University yesterday.

—Carl Weber, '03, returned to his home at Fond du Lac today to visit over Sunday.

—The Delta Gamma sorority will give its regular spring party at Keeley's hall tonight.

—W. F. Moffat is in Chicago superintending the engraving and printing of the 1902 Badger.

—The Stevens primary election bill was killed in the senate last night by a vote of 19 to 14.

—Professor F. H. King who has been confined to his house lately resumed his duties yesterday.

—Beverly Worden, an old university man, was married at Milwaukee last evening to Miss Catherine Taylor.

—Herbert McNeel, '00, who is an instructor at Delafield Military Academy, is in the city for a few days vacation.

—Professor Carlyle who has been sick for the past few weeks is now gradually recovering and will be able to resume his work in a few days.

—Glenn Snider, '03, has not been able to attend classes for the last two days on account of an attack of rheumatism and is still under the doctor's care.

—Mr. P. H. Davis, a graduate of the Short Course in Agriculture this year, has recently accepted a position with the Arizona Experimental station and will leave for his place in a few days.

—The girls' basket ball game which is to be held Saturday between the sophomore and junior class teams will be held at 2:15 o'clock instead of four as announced in the Cardinal.

—The University Y. M. C. A. is planning to make an exhibition showing its history, growth, and present status, at the Jubilee Convention of Young Men's Christian Associations to be held in Boston, June 11 to 16th.

—The ice is now entirely out of Lake Mendota. It was very weak and honeycombed and the slight wind which came up yesterday afternoon was sufficient to break it up. The Varsity and Freshman crews rowed on the lake for the first time this year yesterday afternoon.

—It is interesting to note that in the bill now pending before the legislature concerning the appropriations for the Agricultural School that there is a small sum asked for to provide better means for carrying on experimental work on the farm. Heretofore the money expended for this experimental work has been contributed by friends who are interested in this kind of work.

Meeting of Board of Visitors.

The final meeting of the board of visitors of the University was held in the regents' office at 2 o'clock yesterday afternoon. The various reports were handed in but have not as yet been submitted to the board. This concludes the duties of the board of visitors.

Reception to all Students.

The Young Men's and Young Women's Christian Association will unite in entertaining the students tomorrow evening in the Y. M. C. A. rooms on Langdon street. Every effort is being made to make it a very pleasant affair. All students of the University are very cordially invited.

A Student Duty.
The University is extremely fortunate this spring in securing such a large number of noted men to deliver addresses on topics of a varied nature. The opportunities thus offered to the students should be grasped on every possible occasion. True the latter are already crowded with work in many instances but it is doubtful whether one does well to place his class work above everything else as the summer bonum of a university education. Other avenues of culture are opened by these lectures and he is foolish indeed who does not take advantage of their presence by gaining an inspiration from the world progress, which in its various phases, it is the mission of these speakers from abroad to bring to the University. The satisfaction that the student will have in later life of having seen and heard these leaders will compensate for any little inconveniences or sacrifices he may be compelled to undergo in order to attend the lectures.

Senior Spirit.
At this time of the year the affairs which mark the close of student life are in evidence. The Swing-out, senior receptions and other functions of a similar nature warn the upper classmen that his time in these halls of learning is short. Realizing, as he must, this fact it becomes the duty of every senior, both to himself and to his class, to attend and take an active part in the closing events, which have for their object a better acquaintance and a firmer bond of union between those who are about to part, perhaps forever. It is an objection to life in a large university that students may live four years in its confines without knowing their classmates. These final functions of the senior year, thus, should be cherished and improved inasmuch as they form

at least a tardy attempt to overcome this objection to student life.

The Weather.
Rain tonight and Saturday.

Communication.

To the Editor:
The Senior Laws, by their recent action, have shown their lack of appreciation of the beauties of the great modern principle that minorities have no rights that anybody is bound to respect. They do not seem to realize that when the girls have lobbied the part of the senior class into wearing skirts and bonnets, that the same line. It would be from the solemnity of the graduation ceremonies if the seniors attended simply and as they have known each other for four years.

Graduation is a serious occasion. Strong ties are about to be torn. Beloved scenes are about to be left forever. Friends will part for years, to be absorbed in different interests, and perhaps never to meet on common ground. A plunge into life is about to be taken, for success it may be, or for irreparable failure. Such an occasion demands a cakewalk up and down the campus, the participants clad in stagey robes rented from a Chicago wigmaker. It demands a cap with a tassel. The Laws are mistaken if they think they can supply a satisfactory substitute.

A cap and gown costs at least seven dollars. The lawyers say they can have a lot of fun for seven dollars. This argument is beneath contempt. It is trivial. It is contemptible. The answer is comprehensive and conclusive. The girls look very sweet in that rig. So the Laws ought to purchase each a tinsely outfit.

—Senior.

Agricultural Experiment Association.

This year when the Short Course term in agriculture was nearly finished, the students and instructors of the Agricultural College met together and formed the Wisconsin Agricultural Experimental Association. This association has for its object the promotion of the agricultural interests of the state and the carrying on of experiments and investigations. Other objects are to form a more perfect union between the farmer and students of the Wisconsin College of Agriculture, to distribute new varieties of farm seeds and plants and to distribute literature bearing upon progressive investigation.

This new society will hold annual meetings to discuss topics on experimental work which cannot help being beneficial to all who participate.

Any student who has been a member of the Wisconsin College of Agriculture may become a member.

Officers recently elected for the year are: president, A. J. Curtis; vice president, Wm. R. Moore; and secretary, Professor R. H. Poston. The society has a membership of 225 and although yet in its infancy the work which it is already accomplishing shows the good which will accrue from it.
