The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

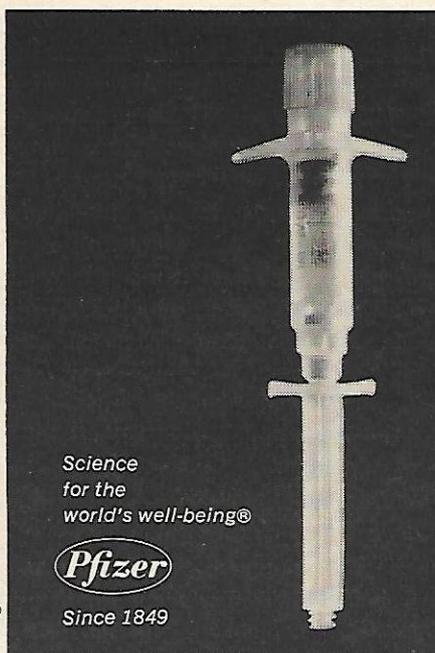

I.M. MEDIATELY...

ISOJECT[®]

A COMPLETE SINGLE-USE INJECTION SYSTEM

Completely self-contained unit ■ Sterile ■ Prevents syringe-transmitted cross infections such as infectious hepatitis ■ Needle never contacts medication until time of use ■ Safely and easily destroyed to prevent reuse ■ Lower unit cost than many other disposable systems ■ Ease of handling minimizes possibility of contact dermatitis

The Growing Family of ISOJECT Injectables: Permapen[®] (benzathine penicillin G) Aqueous Suspension; Strep-Combiotic[®] (streptomycin sulfate and procaine penicillin G) Aqueous Suspension; Penicillin G Procaine Aqueous Suspension; Streptomycin Sulfate Solution; Terramycin[®] (oxytetracycline) Intramuscular Solution; Vistaril[®] (hydroxyzine HCl) Parenteral Solution.
