[Price Five Cents.]

## THE GLEE CLUB

### MANY VACANCIES TO BE FILLED THIS YEAR.

Strong Voices Needed in All Parts—  
Trials Tomorrow Evening—Plans  
For the Year.

Examination of applicants for places on University Glee Club will be held in Library Hall at 6:45 p. m., Wednesday. It is desired that all who have any ability whatever, present themselves as candidates for the requirements are by no means as strict as generally supposed. There are places on the club for three first tenors, three second tenors, one baritone and three basses.

The Glee Club this year will be under the leadership of Mr. Albert C. Ehlman. Of the old men back are first tenors, Ehlman and Meinert; second tenors Patrick and Spooner; first bass, Pray, Hobbins, Washburn and Williams; second bass, Ireland and Rosenheimer. Mr. Harry M. Hobbins will manage the club.

Nothing definite has as yet been decided in regard to a trip beyond the fact that a trip of some sort will be taken. Last year several short trips of two or three days were taken; about ten or twelve days in all. It is hoped that instead of separating the time into two or three short trips that the faculty will allow the club to go for a week or ten days. Since the president and members of the faculty were well impressed with the actions of the club last year, it seems probable that permission for a long trip this year will be granted. If a long trip is taken it will be an advantage both financially and otherwise, because many places in the northern part of the state which have not been visited in recent years, can thus be reached.

The Glee and Mandolin Clubs will probably travel together this year as before. The program this year will consist for the main part of light humorous music, containing plenty of college spirit, inter-mixed with a few classical selections, which will show the public that the club can sing heavier pieces if it chooses. The Mandolin Club selections will also be light, quick pieces of a popular nature. Altogether the prospects for a successful year seem very bright.

### Crew Notes.

The work of the freshmen crews has been good for the most part this fall but the new class does not seem to take as much interest in aquatics as they should, as there are less candidates out than last year. The freshmen are not rowing in the same order as was announced as Mr. O'Dea has had to make up the eights as the men report at the boat house each afternoon. Coach O'Dea has been assisted in coaching by Sutherland of last year's Varsity, and Murphy No. 2 of the 1903 eight.

The Varsity crew has been doing shell work daily at 4:30 p. m. Capt. Williams has not been able to stroke the crew as yet and probably will not take part in the fall practice. The crew usually rows in this order: bow, Armstrong; 2, Moffatt; 3, Trevarthan; 4, Levisse; 5, Gibson, 6, Stevenson; 7, Gaffin; St. Quigley; Coxswain, Sawyer.

### President Adams' Trip.

October 27th is the date upon which Dr. C. K. Adams and party will leave New York. The party will include Dr. Adams and wife, and Dr. and Mrs. C. P. Farnsworth, who will sail on the North German Lloyd steamer Werra for Naples. The length of their stay in Naples is as yet indefinite, but the winter will be spent in the warm countries bordering on the Mediterranean. Probably much of the time the party will be in Cairo and other parts of Egypt.

The return trip will be made as soon as is warranted by the improvement in Dr. Adams' health. Dr. Adams stated today that there was absolutely no truth in the report that he was about to resign. He said that the only thing which would induce him to tender his resignation would be a knowledge that he would never regain his health.

### Annual Lecture Course In The College Of Engineering.

In place of the usual course of non-resident lectures in the College of Engineering there will be delivered this year a series of biographical lectures upon the great engineers whose names appear upon the new Engineering Building. These lectures will all be delivered by the professors in the College of Engineering, with the exception of one. This course of lectures will begin after the Christmas holidays and continue one each Friday afternoon until completed. The course as now arranged is as follows:

1. Watt, by Professor Bull.
2. Telford, by Professor Turneure.
3. Stevenson, by Dean Johnson.
4. Henry, by Professor Jackson.
5. Rankine, by Professor Maurer.
6. Ericsson, by Professor Mack.
7. Kelvin, by Professor Trowbridge.
8. Gramme, by Professor Swenson.
9. Siemens, by Professor Burgess.
10. Bessemer, by Robert W. Hunt, of Chicago.
11. Corliss and Reynolds, by Professor Richter.

The subjects have been arranged in chronological order so that the series will embody a pretty complete history of engineering, from the invention of the steam engine to the present time.

These lectures will be illustrated by stereopticon in a way to show the state of engineering science and practice at the time, and the advance in the same made by the subject of the lecture.

### Castalia Will Receive.

On Friday evening Castalia Literary Society will hold a reception, to which all the women of the University are cordially invited. It will be held in the Music Lecture room on the second floor of Ladies' Hall. An interesting program will be rendered.

The first meeting for the season of the Madison Literary club was held in the parlors of the Presbyterian church last evening, the club being entertained by Mrs. D. E. Carson. About 150 were present. Officers for the year were elected as follows: President, Prof. Chas. Noble Gregory; first vice president, Prof. Chas. Forster Smith; second vice president, Mrs. Margaret Allen; secretary, Prof. W. H. Hobbs; treasurer, C. N. Brown. Prof. D. B. Frankenburg contributed the literary feature of the program in a very appreciative paper on Charles Dickens.

Frederick L. Steuber, pedagogy '00, is teaching German in the Bloomington, Ill. High School.

## BELOIT IS FEARED

### VARSIITY WILL PLAY HARD GAME AT MILWAUKEE.

Our Hospital List Grows—Peele Out  
of the Game—Organized Sup-  
port Needed Saturday.

The near approach of the Beloit game has caused a spirit of uneasiness among both coaches and the supporters of the team. The unusual strength of the Beloit team coupled with the unbounded confidence of its followers has brought the Badgers to a realization of the hard task set for them next Saturday. Without exception Beloit has the strongest team in its history. It is essentially a veteran team, nine of last year's regulars being back and but two vacancies being filled by new men. For these two vacant positions Coach Hollister has had a wealth of heavy material at his disposal and there is no doubt but that they will be covered by capable men.

In weight the boys from the Congregational school are fully equal to the Wisconsin men. Their center trio weighs, in the aggregate, over six hundred pounds and the remainder of the line is proportionately heavy. The backs are hard line buckers and the stone-wall defense of the Badgers will be tested to its utmost.

Beloit's record thus far this season is ample proof of the prowess of her team. After several practice games of minor importance, she ran up against the Ripon team last Friday and downed them 78 to 0. This score cannot help but seem ominous to Wisconsin as the previous Saturday the Badgers were only able to make 50 points against the same team. Coach Hollister is hopeful of a victory for his colts next Saturday. He is quoted as saying after last Saturday's game with P. & S., "Wisconsin will have to play better ball next Saturday or Beloit will win."

The members of the team realize the hard proposition they have to solve and went into the game last evening with a good deal of ginger. The playing was fast and although Lerum, Chamberlain, Marshall and Peele were out of the scrimmage, the regulars put up quite a stiff game. Abbott at left end is not putting up the game he did earlier in the season and considerable individual coaching will be given him this week. The hospital list contains the names of the following: Captain Chamberlain and Marshall, sick; Lerum, bad leg, Scheiber, lame ankle.

Present indications point to a large crowd of rooters accompanying the team on Saturday. The students realize the importance of defeating Beloit and will do all they can to cheer the team on to victory.

The retirement of Peele from the football squad was a disappointment to the devotees of the game. The plucky half-back has always been a favorite with cardinal supporters and he will be missed in future games. The appearance of Larson in football togs for the first time this year will be encouraging to all. Probably no half-back in the West has his record for dashing and consistent work. If he keeps in condition throughout the season he should prove especially valuable.

Owing to the interest manifested in next Saturday's game. The Cardinal

has made arrangements to secure a full and detailed telegraphic report of the game for its evening issue. This will be the first story of the game published in any city newspaper and as it will be written by men on the grounds, it can be relied upon as a truthful and accurate description of the game.

### Agricultural Notes.

The 17th annual report of the College of Agriculture is at present in press and will be ready for distribution in a few days. The report is very interesting, showing the college to be in a flourishing condition.

The Dairy school will open on Nov. 13th, three weeks earlier than usual. The capacity of the school will be taxed to the utmost, as there are already more applications than places.

The Short Course can accommodate about two hundred and seventy-five students this year and although the school does not open till Dec. 8th, Mr. Moore already has two hundred and fifty applications.

Dean Henry was in Chicago yesterday on business.

Professor Voll, professor of agricultural chemistry, has been granted a year's leave of absence which he will spend studying in Europe. His place will be filled by Professor Shaw.

Mr. Moore, director of the Short Course, has spent the last month visiting county fairs with an exhibit of work done in the College of Agriculture. He also delivered several lectures on the Short Course during his tour, with a view to interest the farmers in the Short Course.

## Local and Personal.

—Miss Annie Hatleberg spent Sunday in Keyeser.

—Miss Grace Hastie, '01, visited at her home in Hartman Sunday.

—R. C. Nuzum, '99, is at present engaged as a preacher in Portage.

—H. N. Slinde, of E. Windsor, called on friends in the Varsity Monday.

—Miss Clara Glenn, '98, is back doing graduate work in French and History.

—Jack Gregg, law '99, is visiting his parents at their Lake street home.

—Miss Nellie Bush, '99, is teaching in the language department of the New Richmond High school.

—Mr. C. C. Hatleberg arrived from Rush Medical Monday and will again resume work in the University.

—Miss Mae Cashel, '00, is at present teaching in the West Side High school of Milwaukee and also taking a partial course in the state normal school.

—The republican meeting at the Assembly chamber last night, addressed by Congressman C. E. Littlefield of Maine, was largely attended by students. A corps of student ushers had charge of the seating arrangements.

—The Choral Union will meet for organization at 7 o'clock in Library Hall. To some it may be of interest to know that new music is on the grounds and the organization is expected to have a very interesting year.

—Edward B. Cochems, the Varsity end of last year, and George Mowry, '03, have returned from Europe after making a successful bicycle tour in the principal countries of Europe.

They are at present at their home at Sturgeon Bay but will soon return to the University. Cochems' return to the football squad will undoubtedly add much impetus to the work of the candidates.

Business Manager, CHARLES S. PEARCE.

### NOTICE.

All notices for publication in the Cardinal must be left in the boxes, not later than 12 o'clock noon of the day on which they are to be published. On Saturday this hour is placed at 10 o'clock. Boxes are located in Main Hall, Science Hall and the Co-op. Official notices should be left with the librarian, at the new University library at the delivery desk, or with the Registrar.

### CARDINAL PRIZES.

The Cardinal Association wishes to announce that \$150 in prizes will be distributed this year. At the close of each semester four prizes of \$25, \$20 and \$15 (2) will be awarded for efficient service. Reporters and unsalaried editors are eligible for this competition. The management reserves the right to withhold any or all of these prizes provided the work is not of such quality as to merit them.

### Now For Beloit.

As the Beloit game draws nearer, its importance is being more and more realized by followers of the cardinal. It seems to be the general consensus of opinion that it is one of the critical points of the season. Beloit is sanguine and expects to score. Enthusiasts from the border town do not hesitate to predict a victory for their team and although we may not share their convictions, we can be assured that Beloit has the best team she has mustered for years and is determined to take back a string of Badger scalps if possible. It is up to Wisconsin to defeat these expectations and we need have no fear but that the team will do its utmost. It remains for the student-body to see that the other essential for a victory shall be provided namely, that a large and enthusiastic crowd of rooters shall be present at Milwaukee on Saturday. The Beloit men are known to be a loyal lot of fellows and will be present in force to cheer at this, their big game of the season. The good old "U-rah-rah," from a thousand pairs of lungs will have an

immeasurable influence on the result. The rates have been made exceedingly low and with the special accommodations provided by special trains and stop-over privileges no student who can possibly go should fail to turn up at Athletic Park in Milwaukee when the referee's whistle starts the game.

### S.—G. A. Reception.

Women students of the University should make it a point to attend the reception of the Self-Government Association tomorrow evening. They are each and every one, members of this association and should make it a point to meet the other members and become familiar with its workings. Miss Sterling and Miss Mayhew are both thoroughly in sympathy with University life and their talks will be exceedingly valuable.

### Opportunity Lost.

It is to be regretted that a large number of students did not attend the reception of Congressman Littlefield at the Park Hotel yesterday afternoon. The opportunity to meet a man of this stamp is not presented every day and no matter on which side of the political fence one finds himself he should be ready and anxious to come into contact, even for so short a time with a gentleman of the reputation of these orators from Maine. True the affair was not advertised as it should have been, but students should always be on the lookout for these chances, that form one of the attractions of a University course at this institution. Madison is particularly fortunate in having secured distinguished speakers secured for the fall campaign, who should be greeted by large audiences.

### Is Chicago Watching Us?

It has been discovered that some one is getting the football plays at Randall Field. They take them with an Eastman Kodak, and buy their supplies at Sumner's Drug Store, as he carries a full line and is agent for Eastman's goods.

The C. & N. W. R'y will sell tickets to Milwaukee and return at two dollars for the round trip. Tickets good going on special train leaving Northwestern depot at 8 o'clock a. m. Saturday, October 13, good returning on special train leaving C. M. & St. Paul R'y depot Milwaukee at 11:30 p. m., same date, or on any regular train via C. M. & St. Paul R'y, leaving Milwaukee until and including Monday, Oct. 15.

John G. Gething.  
Agent C. & N. W. R'y.

A great many students are finding that a typewriter is almost a necessity. When we remember that one can get through with from three to ten times as much work on a typewriter as with a pen it does not seem strange that they are coming into almost universal use.

The Madison Cycle Co. at 113 State street rents all makes at very reasonable rates and also carries a full line of typewriter supplies.

### Catholic Students.

A reception will be given to the Catholic students of the University, by the Melvin Club, Saturday evening, Oct. 13, at the residence of Mrs. Melvin, 1001 University Ave. All Catholic students are invited to be present.
