PETER VAN SCHAACK & SONS,
In the office of the Librarian of Congress at Washington.

Please tell the party who wishes to "borrow" this book of you that but ONE copy is furnished to the same address.

To the Drug Trade:

THE kind appreciation which has attended our previous endeavors to furnish the Trade with the most COMPLETE and *reliable illustrated* list, has caused us to renew our efforts to maintain the *supremacy and pre-eminence* in this our *19th yearly issue*. While it is fully understood that prices are subject to market changes, still the list will be found exceedingly convenient in replenishing stocks, or for those embarking in the trade.

Parties about to embark in the Drug Business will find our Catalogue exceedingly valuable, with its illustrations, complete index, and systematic classification of all requisites for fitting out a complete Drug Store.

We offer a Drug Stock unsurpassed in the Northwest, in extent and variety, embracing almost every item connected with the *Drug, Chemical, Paint, Oil, Glass, Dye Stuff, Perfumery and Patent Medicine* trade.

We beg leave to assure our friends that we are thankful for their favors of the *past*, and that no effort shall be wanting to deserve their confidence in the *future*.

Our *Druggist Sundries Department* will well repay a personal inspection. To this branch of the business we have long paid especial attention. Our European connections, personally established by a member of the firm, are most complete; justly appreciating the rapidly increasing importance of this branch of the business, viz.: Fancy Goods, Perfumes, Toilet Articles, Holiday Goods, Chamois Skins, Sponges, etc.

Our terms to parties known to us to be prompt and responsible, are 30 to 60 days, according to the character of the order, exchange to be paid by the buyer.

Please be explicit in shipping directions with each order, carefully specifying qualities and quantities.

Any article you may want "as before," kindly mention the date of previous order.

Having purchased the entire business of "THE MEDITERRANEAN SPONGE CO." and with largely increased stock, we are in condition to offer to the trade the best assortment of Sponges and Chamois Skins outside of New York, and second to no house in the country. We retain the same manager of the department, and we assure you any orders intrusted to us will receive prompt attention and the lowest market prices. See our complete illustrations.

If you receive any articles not as you expected, please write us regarding the same before returning.

The postal laws are explicit, excluding Liquids, Glass, Poisons and Explosive Chemicals. Goods sent by mail are at the risk of the buyer.

We aim to handle goods only of the *best obtainable* quality, and *most reliable manufacturer*, neatly put up by experienced employes.

Necessarily our quotations are not considered as binding on many articles, which are constantly fluctuating in prices, but they can be relied upon as indicating market values at the date of this issue.

We ship at "owner's risk"—railroad classification—unless directed otherwise. Parties ordering goods "C. O. D.," are expected to make *remittance with order* enough to cover *express charges*. Please give full shipping directions.

☞ Parties ordering for the first time will see the propriety of giving city (preferred) or other references as to their responsibility. As we sell goods on close margins, we shall expect prompt pay.

Being satisfied from experience that goods can be sold at a *lower margin* or profit by customers sending us their orders *direct* by mail, we must rely on *low prices* and *superior* quality of the goods we handle. Experience fully justifies us in our judgment that this plan is the *correct one*, and the Trade may rest assured of getting the benefit of any decline in value of goods, and the prices will be as low as if the purchaser were in market. Our business mainly being done by correspondence or in person with our customers, we are well assured *we can and do* offer better rates for the same class of goods upon this principle.

It is absolutely necessary in the conduct of any business enterprise, that it should be conducted with the least possible expense, and by the recent introduction of all modern improvements in the arrangement of our store, for the rapid and economical handling of goods, we believe we have reached the minimum of expense.

Are you fully insured? If not, you should be. If a business is not worth insuring, is it worth conducting?

When you visit the city, remember you will find at our establishment the largest and most complete stock of druggists' sundries, utensils, requisites, etc., to be found in the Northwest.

We are mailing this book to some merchants *whose acquaintance we desire to cultivate*. The outlay in the aggregate is considerable. If the issue is a worthy one, favor us with an order. Our word for it, you will not regret it.

It can hardly be expected, by parties to whom our Illustrated Catalogue has been regularly sent for several years, without eliciting *any* of their favors, that we can continue to supply them.

Uniform low prices for gilt edge trade, is our motto.

REMEMBER—our Book is an *annual.* When agents from other houses tell you "we will sell at their prices," or when they offer to "cut" a little under our Book prices, please bear in mind that you can rely implicitly upon *our* meeting any decline in value of goods, and do not *thus be deceived.*

One of our secrets of success: We aim to treat our customers as we wish to be treated ourselves—regarding quality of goods, gauges, weights, etc.; this course makes *permanent customers.*

In presenting our List, we avoid all quotations that are not legitimate, and quote only the best of goods at a fair profit. Our object in issuing so complete a list as we do yearly on the 1st of March, is more for the guidance of our friends and the general trade, which, we believe, has been duly appreciated by them. We adhere to our WELL-KNOWN RULE, always to fill orders at the lowest price we can afford, the day the order is received, irrespective of any "catch-penny" prices sent out. The policy of selecting a VERY FEW items out of the THOUSANDS embraced in the business, and quoting at illegitimate and ruinously low prices, often at cost, is VERY TRANSPARENT to the intelligent Drug trade, and contrary to sound business principles—it smacks of CHARLATANISM. We shall pusue our uniform method of business, which for so many years past has resulted in a mutual confidence between our customers and ourselves.

Orders are often delayed by the tardy arrival of "empties," sent to be filled. These vessels should be sent in advance of order, if forwarded by freight.

Very respectfully,

March 1, 1890. PETER VAN SCHAACK & SONS.

An die Apotheker.

Die freundliche Anerkennung, welche unseren früheren Bemühungen, den Droguenhändlern einen vollständigen und zuverlässigen illustrirten Catalog zu liefern, gezollt wurde, veranlaßt uns, unsere Bemühungen bei Ausarbeitung dieses, unseres 20ten jährlichen Cataloges, zu erneuern und zu verschärfen. Soweit die Preise in Betracht gezogen werden, ist jedem Geschäftsmanne bekannt, daß dieselben dem Fallen und Steigen der Waaren im Markte unterworfen sind, dennoch wird der Catalog Manchem bei Aufnahme des Inventariums sehr erwünscht sein und für Diejenigen, welche ein Droguen-Geschäft zu etabliren beabsichtigen, der beste Gehülfe bei Auswahl der Artikel sein.

Wir offeriren einen Vorrath, der an Größe und Auswahl seines Gleichen im Nordwesten sucht, und fast jeden Artikel einschließt, der mit den Droguen, Chemicalien, Farben, Oel, Färbestoffen, Parfümerien und Patentmedizinen Geschäften in Verbindung steht.

Wir wünschen unseren Freunden zu versichern, daß wir Ihnen für das uns in der Vergangenheit geschenkte Zutrauen dankbar sind, und daß wir keine Bemühungen sparen werden, selbiges uns in Zukunft zu erhalten.

Wenn große Quantitäten Waaren bestellt werden und die Möglichkeit vorhanden ist, billigere Preise zu setzen als quotirt, dürfen unsere Kunden versichert sein, daß ihnen dieser Vortheil zu Theil wird.

Es ist unser Grundsatz nur Waaren bester Qualität, von zuverlässigen Fabrikanten verfertigt, zu führen und von erfahrenen Gehülfen niedlich verpacken zu lassen. Wir verkaufen auf prompte Zeit, und setzen die Preise so niedrig, als es nur möglich ist, gute Waaren zu verkaufen.

Kunden, welche zum ersten Male Bestellungen senden, wollen gefälligst ihre Referenzen mitsenden (Stadtreferenzen vorgezogen).

Unsere Bedingungen sind „Cash" innerhalb 30 Tage. Da wir mit geringem Profit verkaufen, müssen wir auf prompte Bezahlung bestehen.

Da wir nur wenig Geschäfte durch Reisende besorgen, indem wir aus Erfahrung wissen, daß Waaren verhältnißmäßig billiger verkauft werden können, wenn Abnehmer uns ihre Bestellungen direkt per Post senden, müssen wir uns allein auf die niederen Preise und die Güte der von uns in den Markt gebrachten Waaren verlassen. Erfahrung beweist uns zur Genüge, daß dieser Plan der richtige ist, und unsere Kundschaft kann sich versichert halten, den Vortheil einer etwaigen Abnahme im Markt-Preise der Waaren zu erhalten, und die Preise werden ebenso niedrig sein, als ob der Käufer selbst gegenwärtig wäre. Da wir unsere Geschäfte hauptsächlich brieflich oder mit unseren Abnehmern persönlich machen, sind wir fest überzeugt, daß wir auf diese Art und Weise in Wirklichkeit günstigere Raten für dieselbe Klasse von Waaren offeriren.

Achtungsvoll

Den 1. März, 1890. Peter VanSchaack & Sons.

CONGRATULATIONS.

(A FEW FROM MANY RECEIVED.)

ST. LOUIS, MO.

Peter Van Schaack; Esq., Care Messrs. Peter Van Schaack & Sons, Chicago, Ill., Dear Sir: Your circular informing us of the change in the old firm received to-day, and while you always had the sympathy, friendship and esteem of this establishment for the old firm, you can safely depend upon the fact that it has *only increased for the new one.* Wishing you all possible success in the future, and your worthy sons, we remain,

Yours truly,

RICHARDSON DRUG CO.

Office of the MALLINCKRODT CHEMICAL WORKS, ST. LOUIS.

Peter Van Schaack, Esq.—Dear Friend: I note with great interest the change in your business. You are no doubt proud and happy to have your sons associated with you, and they will have a splendid opportunity to profit by your experience and labors. My best wishes for the success of the new firm, and may the "Old Salamander" Drug House continue to prosper, and its fame grow mighty throughout the land. With kindest regards, I remain,

Yours very sincerely, EDWARD MALLINCKRODT.

"PHARMACEUTICAL RECORD," NEW YORK.

"The well-known Chicago firm of Van Schaack, Stevenson & Co., has been re-named, the interest of the retiring partner has been purchased, and the two sons are now associated under the firm name of Peter Van Schaack & Sons. The 'sons' are both young men of good business ability: one is a graduate in Pharmacy, both in Iowa and Illinois, and under the sound teachings of the redoubtable "Old Salamander" they cannot go astray. The portly form the suave manner, the fervid utterance of Peter Van Schaack are well known in those meetings where druggists most do congregate, and the good merchandise of the firm always commends itself. The new firm will surely retain the good wishes of all, and the business of a large and interested majority.

NEW YORK.

Messrs. Peter Van Schaack & Sons.—Gentlemen: We trust the "Old Salamander," under its new auspices, will have every success and prosperity.

Very truly yours, McKESSON & ROBBINS.

CLEVELAND, OHIO.

To Peter Van Schaack & Sons.—Success to the new firm. It is just as it should be. We like to see young men of ability encouraged.

[Telegram.] STRONG, COBB & CO.

"NEW YORK OIL, PAINT AND DRUG REPORTER."

"An important change has occurred in the 'Old Reliable Salamander Drug House of Chicago.' The firm of Van Schaack, Stevenson & Co. has given place to Peter Van Schaack & Sons. The interest of the retiring partner was purchased for spot cash last week, and Mr. Van Schaack recognized the ability and true worth of his sons, by making them partners, and the drug business will be conducted at the same place on Lake Street. The new members of the firm have been connected with the house for several years, and being in every way trustworthy, and capable of handling the immense business enjoyed by the establishment for so many years, their new interest will be a valuable acquisition to the firm."

ST. LOUIS.

Mr. Peter Van Schaack, Chicago:—Dear Sir: I am in receipt of your circular dated the 22d, from which I observe that two of your sons have been admitted as business associates with you. Please accept my sincere congratulations on this happy event, and may the name Van Schaack continue for many generations to occupy the enviable position it now holds.

Yours truly, C. F. G. MEYER, President Meyer Drug Co.

NEW YORK.

Mr. Peter Van Schaack, Chicago:—Dear Sir: We have received your circular in which you announce a change in the *personnel* of your well known firm. It must be to you a source of great satisfaction that in these degenerate days, when children are so apt to be a curse instead of a blessing to their parents, you have sons of whom you may well be proud; and during the many years in which we have held business and social relations with each other, scarcely any incident has given us greater pleasure than the acknowledgment of this fact. We congratulate you most heartily on this event, and trust that should you in the course of nature be taken away first, the virtues of the father may be reflected and illustrated in the character and career of the sons. Wishing you every success under your new auspices, we remain, Very cordially yours,

W. H. SCHIEFFELIN & CO.

PETER VAN SCHAACK.

President National Wholesale Druggist's Association; Ex-President Chicago Wholesale Drug, Paint and Oil Exchange; First Vice-President Central Drug Exchange; The senior Member of "The Old Salamander Drug House" of Peter Van Schaack & Sons.

Peter Van Schaack was born in Manlius, N. Y., in 1832. He was early attracted to the medical profession and went to Oswego, N. Y., to reside with his uncle, Dr. Lucas Van Schaack, who at that time was one of the most eminent members of the medical faculty in that State. His uncle's death occurring shortly after, led Mr. Van Schaack to give up the study of medicine, and he at once entered the wholesale drug house of George Russell & Co., Albany, N. Y. Two years after he was employed in a New York wholesale drug house, but that climate not agreeing with his health, necessitated his giving up business and traveling through the West Indies, etc. Two years after he founded a wholesale drug house in Charleston, S. C., where he remained until the breaking out of the Civil War. Mr. Van Schaack, being a Northern man by birth and sentiment, was, like many other merchants, obliged to make a hasty exodus from that aristocratic city to New York; his property was confiscated, and he thus lost the accumulation of years. Shortly after, he made an extensive tour of Europe, and then embarked in the wholesale drug business in Chicago. His life has been a busy one, but he has always found time for social duties, and early identified himself with the welfare of his adopted city, serving several years as director of the Orphan Asylum, member of Citizens' Association, vestryman of his church, etc. Mr. Van Schaack has had the misfortune to be entirely burnt out three times, on neither occasion having the fire originate in his own store. But in each case he had the satisfaction of paying one hundred cents on the dollar, and by energy, pluck and untiring perseverance, was enabled to re-establish himself on a firmer basis than before. From this fact came the title (by a sort of acclamation of the citizens of that city) "The Old Salamander," which has been inseparably associated with his name by the wholesale and retail drug trade of the entire country. Mr. Van Schaack was one of the founders and active working members of the "Western Wholesale Drug Association," and has been chairman of the Committee on Membership ever since its organization. At the meeting held in Cleveland, appreciating the association had "outgrown its original territory," upon his resolution the name was changed to the "National Wholesale Drug Association." He has also taken great interest in the cause of advanced pharmacy, being an honorary member of the Illinois, Iowa, and other State pharmaceutical associations. Mr. Van Schaack is peculiarly fortunate in having capable and energetic sons, one a successful attorney in Chicago. It is difficult to imagine a more pleasing sight than that of a father associated in his business, as is Mr. Van Schaack, with his other sons, young men who give excellent promise of future usefulness as good citizens and successful merchants, and we feel well assured the untarnished record of the father will be honorably sustained by the sons. His aim has been to inculcate those high sterling qualities of head and heart that inspire confidence, ennoble manhood, and conduce to the cultivation of a sound judgment.

Wisely, after a long, energetic and successful career, he is gradually giving up the active conduct of business to his sons. Descended from good old Knickerbocker stock, his abilities as a speaker and debater are fully recognized. His earnest presentation of a subject secures the closest attention of his hearers, for he is pronounced in his opinions and fearless in defending them. As described by another biographer, "he is naturally of a friendly disposition, has many warm personal friends, and all greet 'Mr. Van' with the right hand of fellowship."

Mr. Van Schaack is now making his fifth European trip and is an intelligent observer of the business methods, institutions and characteristics of the various countries he visits.

His life has been an illustration of his family motto, "*Superanda Fortuna Fernndo.*"—*The Pharmaceutical Era*, Detroit.

[Alphabetical List "H" continued on page 50.]

IN RESPONSE to many inquiries from the Retail Drug trade for some better device for storing Pressed Herbs, in a form more convenient for dispensing than the present method of keeping them in old cigar boxes or loosely piled upon the shelves, we have prepared a case containing 48 drawers, each drawer large enough to hold 2 pounds of ounce packages, or 3 pounds of Roots or Barks.

SIZE.—10¾ inches deep, 31½ inches high, 46 inches wide, outside measurment.

Finished in Cherry, or handsomely ebonized and lettered in bronze, as shown.

PRICE.—Boxed and delivered on board cars at Peoria, Poplar drawers, $15 each; Cedar drawers, $18 each, which is cost to us in large lots.

We offer them as a convenience to the trade, and not as a source of profit.

We ship them labeled as desired. The labels can be easily changed at any time without expense.

PETER VAN SCHAACK & SONS.

MESSRS. PETER VAN SCHAACK & SONS last week purchased the two stone front stores, Nos. 138 and 140 Lake Street, in which they have for many years been located. The stores are advantageously adapted for the jobbing drug business, and the present owners will proceed at once to improve them with automatic sprinklers, automatic elevator traps, etc., which will render their warehouse more fireproof than any drug house in the country.

The purchase is regarded by real estate men as an unusually good one for the purchasers.

PROPRIETARY ARTICLES,

(AMERICAN AND FOREIGN).

It will be our endeavor to maintain our reputation for carrying the

LARGEST AND BEST ASSORTED STOCK IN THE WEST.

We handle this class of goods in largest quantity lots, and have the **AGENCY** for the Northwest of many of the **LEADING** proprietary articles. We are prompt in adding to our varied stock all the "new proprietary articles" as rapidly as they are being introduced to the Western trade. In classifying our list, we have, as far as consistent, done so under the **MANUFACTURER'S** name, as being far more convenient and available for "ready reference." Articles like Cosmoline known only by a trade name, will be found under such respective names. A list of freezable goods will be found at end of this list page —.

Goods Liable to Freeze.

Gentlemen: We ask your attention to this list of Patent Medicines, etc., which are liable to freeze if shipped in the winter, and would suggest that you order early in fall for winter's supplies. In case any are received frozen, we recommend that you carefully draw the cork at once, thereby allowing expansion, possibly without breakage.

Respectfully,

PETER VAN SCHAACK & SONS.

Vol. 20. "THE OLD SALAMANDER." 1890.
PETER VAN SCHAACK & SONS. 1890.

THE VOICE OF THE PRESS.

Editorial "Chicago Daily Times."

The very fine Illustrated Drug and Fancy Goods Catalogue, now before us, is published by Messrs. Peter Van Schaack & Sons, Wholesale Druggists. Taken as a whole, we think it the most replete of any work of the kind issued. The Book comprises 700 pages, and over 1,200 cuts and illustrations. and the labor in preparing so voluminous a work is *worthy* the appreciation of the Drug trade generally.

Editorial "New York Shipping List and Price Current."

Peter Van Schaack & Sons' Prices Current and Illustrated Catalogue contains a list of Drugs, Medicines, Paints, Oils, Combs, Brushes, Mechanical Appliances, Druggists' Glassware, and hundreds of other articles, which come within the scope of a *real* Chicago Drug House—making in all a *large volume, very useful* to purchasers of these goods.

Editorial "Schooley's Drug Reporter."

Messrs. Peter Van Schaack & Sons have for a number of years issued a wondrously complete Druggists' Illustrated Price Current, in book form, they being the originators of thus posting up the Drug trade of the Northwest, and we are glad to hear through numbers of the trade throughout the country, that they consider the Book issued by Messrs. Peter Van Schaack & Sons, *the most complete, the most easy of reference, the most fully illustrated, and the most reliable, of any published.*

Editorial "New York City Oil, Paint and Drug Reporter."

The Annual Prices Current of Peter Van Schaack & Sons, Chicago, *we commend* to the Trade as a veritable *Vade Mecum* of everything needed or wanted by the practical Druggist.

Editorial "Salt Lake (Utah) Daily Herald."

We have received the Prices Current, etc. (Illustrated), of Messrs. Peter Van Schaack & Sons, the most prominent importing Druggists of the Northwest (located at Chicago). It is acknowledged as being the "Champion" in its line, dealers never tire of its praise, and no Druggist in America has his necessary "tools" without a copy. It is splendidly gotten up, and reflects great credit on the firm.

Editorial "Chicago Daily Tribune."

The typography and binding are not alone all that commends the Illustrated Catalogue and Druggists' Prices Current of Messrs. Peter Van Schaack & Sons, but *thoroughness* and *reliability* mark every page, and show the result of *great industry and care.* Such a work must have a substantial value. *Numerous* complimentary notices have been received from the Press as well as the Trade.

Editorial "Chicago Daily Courier."

The Illustrated Prices Current of Messrs. Peter Van Schaack & Sons, Wholesale Druggists, 138 and 140 Lake Street, this city, embraces a full priced list of all good sold by Druggists, containing 700 pages and 1200 cuts. The work is the *most complete* of the kind *ever published*, and *invaluable* to all those who deal in Drugs and Goods in that line.

Editorial "New York Drug Bulletin."

This work is dedicated to the old and well-tried friends in the Northwest, which is very neat and graceful, and the Trade throughout that prosperous section should promptly acknowledge the compliment, as this work is *replete* with all that is practical and useful, and *justly merits* the approbation of Druggists *everywhere.* And we cannot but feel proud to observe, from a circular issued by the authors (styled "The Voice of the Trade,") that our opinion as to the claims of the Book is shared by more than ourselves.

Pure Wines and Liquors

FOR MEDICINAL USE.

PETER VAN SCHAACK & SONS.

Fully appreciating the importance of this class of goods to the Drug Trade, we guarantee the following line in every way reliable. The imported goods have *age*, and we confidently recommend them as being the best imported, and selected *especially* for the wants of the Drug Trade.

What the Trade say about our Wines and Liquors.

We submit a few of the many unsolicited testimonials we have had from pharmacists handling our celebrated Rialto brand. We have many hundred more of a like nature, showing the trade appreciate a good article when offered at a reasonable price.

AMOS, KAN.

MESSRS. PETER VAN SCHAACK & SONS, Chicago, Ill.
Gentlemen:
The Rialto Bourbon Whiskey sent me gave *good satisfaction* to my trade, and would be pleased to have you send me ½ bbl. more by first freight, and oblige. Yours respectfully,
E. P. ALEXANDER, Druggist.

JUNCTION, IDAHO.

MESSRS. PETER VAN SCHAACK & SONS, Chicago, Ill.
Gentlemen:

The Rialto brands are distilled expressly for Peter Van Schaack & Sons, and are recommended where straight goods are wanted. Having matured in specially heated warehouses, two year goods are equal to four year. For the money there is no superior article in the market. We carry a full line of popular brands of Kentucky Whiskies in store and in bond. Correspondence solicited.

CALIFORNIA WINES.

The manufacture of the so-called "California Wines," which for the past few years have been palmed upon the public by circulars and misrepresentations—many of them the product of "home factories," lacking in body, flavor and spirit—has induced druggists to be more watchful in reference to what they purchase. Dealers can rely upon the quotations below as being the lowest figures for which these goods can be handled, as our facilities are unsurpassed, and we receive them *direct* from the oldest vineyards in California.

CARRIAGE PAINTS

THE OLD ORIGINAL.

The first line of Carriage Paints in colors ever placed on the market.

THEY DRY QUICKLY AND HARD,

with a beautiful and durable gloss, rendering varnishing entirely unnecessary.

Dealers handling this line may be assured of quick and satisfactory sales, and will

NEVER BE BOTHERED WITH COMPLAINTS

as do those handling inferior imitations of our goods.

The reputable dealer has two objects in view in handling a line of goods. To handle those goods on which he can make the most profit and those that possess merit and will give satisfaction to his trade, and on which a trade, when once established, will be a satisfactory and growing one. No sharp dealer confounds *price* with *profit*, and he will not handle goods unadvertised and for which there is no demand, but prefers rather to handle those goods on which there are large sales, and, consequently, large profits, which are advertised and possess merit.

THE ONLY ARTICLE ADVERTISED AMONG THE PEOPLE IN NEWSPAPERS.

Alabastine is the Only Article for the purpose that is **Advertised Among the People** in newspapers, etc. Some prepared kalsomines are offered to the trade, for plain wall tinting and whitening, but are not advertised among housekeepers, and it is well known that all kalsomines are temporary, being composed of inert powders, held on the wall with animal glue, that soon rots on the wall, and is unhealthy.

Attempts have been made to substitute kalsomines for **Alabastine**, as they are in the same form (a dry powder), and as some of them stick to walls very well when first applied, and only show their *temporary* nature after they have been applied a year or two, or when the attempt is made to re-coat them, people do not discover the fraud at first.

No Kalsomine Mixture is Claimed to do What ALABASTINE Does.

Sold by all the Leading Paint Dealers for Many Years Past.

Messrs. Peter Van Schaack & Sons:

GENTLEMEN:—I have just received a copy of your eighteenth Annual Price Current, and upon opening the front cover I see a modest little slip calling my attention to the fact that you have favored me with a copy about this time annually for a number of years. I thought that after receiving so many copies of such a valuable book, I must certainly express my thanks in a more substantial way than simply thanking the messenger who delivered them to me.

Talk about the "History of Greece" or the "Decline and Fall of the Roman Empire," what are they compared with the decline and fall in the prices of Drugs to the live Druggist of the nineteenth century, which we find faithfully reported in the pages of this Annual?

"A History in the Advances and Declines in the Prices of Drugs." Wouldn't that be a valuable work? Well, we have it right here. I have the "Annual" for over ten years back, and when I want to know what the price of a drug is to day or was in days gone by, I refer to the "Annual," and, sirs, we *have* found it a valuable acquisition to our business. The history of Phœnix O'Salamander on page one—given in only eight lines—tells a tale that would fill a volume, and makes me dizzy as the thoughts chase each other so rapidly through my mind, taking me back in an instan tto my boyhood days, and bringing up names that had otherwise forever gone from my recollection—Penton, Robinson & Smith, 1859.

Here! I am taking up too much of your time, but I can't stop yet.

The book is certainly the finest work of the kind I have ever seen. And now in closing, and in expressing my feelings, please allow me the use of an Hibernianism, "May you live forever, and when you die, die happy."

Yours respectfully,

F. M. GOODMAN, Pharmacist, 654 W. Van Buren St.

DIRECTIONS

FOR USING

PETER VAN SCHAACK & SONS'

PERMANENT GLOSS PAINTS.

In damp, cold weather it may be found necessary to add a little dryer. If in any instance thinning is required, use only boiled linseed oil.

To ascertain the amount of Paint required, add the number of feet front and rear to the number of feet in length of both sides; multiply this by the average height, and divide by 200 (as one gallon will cover 200 square feet two coats); the result will be the required amount in gallons.

Front	**20**	**feet.**
Rear	**20**	"
Side	**30**	"
"	**30**	"
	100	
Height	**20**	
Divide by 200	**2,000**	
	10 gallons for two coats.	

One gallon of Lead, Zinc and Oil mixed in the old way will cover only 150 square feet two coats.

TO THE TRADE:

To meet the large and increasing demand for Ready-Prepared Paints, we offer this brand in competition with anything ever introduced at the price.

Read, and be Convinced as to What They Will Do.

They finish with a *hard, lasting and durable* surface, not affected by water, heat, cold, frost or dampness, and *will not peel, blister, chalk off*, or lose their original gloss, making them unquestionably the most desirable Paints ever introduced to the trade at the price for which we offer them. WE GUARANTEE THESE PAINTS.

They have been in use for years, and we can furnish unquestionable evidence to substantiate our claims.

PETER VAN SCHAACK & SONS.

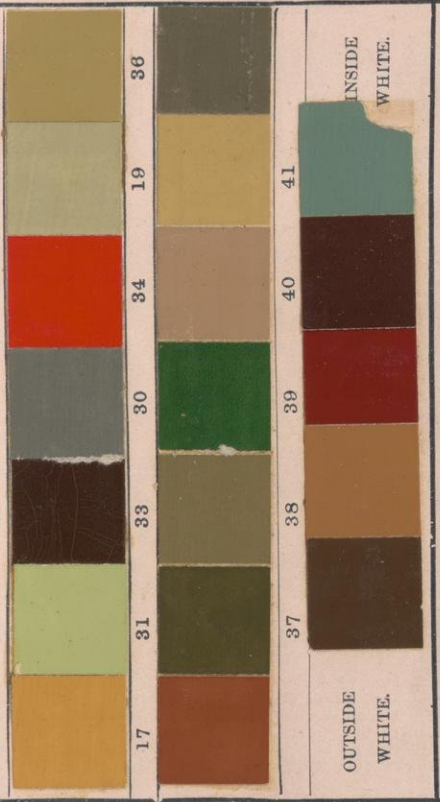
PATENT

Permanent Gloss Paints

(MIXED), REQUIRING NO THINNING FOR USE.

Vol. 20. "THE OLD SALAMANDER." 1890.

The composition of these Paints as a base is PUREST CARBONATE OF LEAD, OXIDE ZINC AND BOILED LINSEED OIL, tinted with the finest colors, which are made to unite with other materials, adding greatly to their durability.



Noted for FINENESS, DURABILITY AND COVERING CAPACITY. Uniform in quality, and always ready. Pure White, Black, and any desired Shade. Suitable for Inside and Outside Painting.

(See opposite page for Prices, etc.)

This is one from many testimonials :

PLYMOUTH, ILL.

Your "Patent Permanent Gloss Paints," which I introduced here last season against other kinds, in every instance gave perfect satisfaction, and proved superior to all others.

The advantage to dealers in purchasing **Peter Van Schaack & Sons' Patent Permanent Mixed Gloss Paints** will be apparent upon a single trial. They produce the purest white, black, or any desired shade or color—a single gallon covering (with two coats) from 200 to 250 square feet. It is a scientific compound, thoroughly mixed, with genuine boiled linseed oil, the tints being made from the very best colors. It produces a beautiful and lasting gloss, not affected by the extremes of weather, forming a durable, even surface, and retaining its original color. **A great variety of tints** may be obtained by mixing two or more shades. It is adapted to all kinds of painting. Ordinarily it requires no thinning; if it should be found necessary, on a very absorbent ground, use pure boiled linseed oil. On *inside* work it may sometimes be desirable to add a little spirits of turpentine, but ordinarily use it just as we have mixed it. It is the most economical Paint you can use. All unite in saying it satisfactorily fills a want in the Paint trade. ☞ See opposite page for sample of colors.

ELROY, WIS.

MESSRS. PETER VAN SCHAACK & SONS.

Gents: I inclose order for more of your Patent Permanent Gloss Paints. They continue to give most excellent satisfaction in this vicinity.

PETER VAN SCHAACK & SONS.

A VERY INTERESTING WAR RELIC.

OUR reporter, ever on the alert for what will interest the "dear public," while passing the Wholesale Drug House of Messrs. PETER VAN SCHAACK & SONS, at 138 and 140 Lake Street (familiarly known as the "Old Salamander"), was attracted by a wooden figure of a negro, about six feet high, made from Southern pine, minus his head and a portion of his arms. It was, no doubt, originally an artistic work. Upon inquiry, we learned that Mr. Peter Van Schaack was engaged in the drug business at Charleston at the time of the breaking out of the late civil war. Mr. Van Schaack being a New Yorker by birth and a Northern man in sentiment, was, like many others, obliged to make a hasty exit from that aristocratic city. This old darkey was used as a sign, and the store was known all over the South as the drugstore with the sign of "Old Tom the negro and the Golden Mortar." During the war, Mr. Van S. paid a visit to his friend, Gen. Gilmore, then in command of the fortifications at Port Royal and surrounding Charleston. One day, while accompanying the General to the celebrated "Swamp Angel," Mr. Van Schaack said to him, "General, the soldiers may shoot into my store and stock of drugs all they want to, but please request them not to hit my old darkey sign." The General replied in his pleasant, jocose way, "I have already told them that." But lo! and behold! at the close of the war, taking up a New York *Tribune*, Mr. Van S. read as follows: "For the first time in four years your correspondent treads the streets of Charleston, and in front of a large drug store is an old negro who has had his head, a part of both arms, and his golden mortar shot off by one of Gen. Gilmore's shells, thrown from the celebrated gun, the 'Swamp Angel,' at a distance of over three and one-half miles." Mr. Van Schaack immediately telegraphed his agent to take "Old Tom" down and express him to his owner's former home in New York State, where, after doing duty at many State and county fairs in the way of exhibiting himself, he found his way to Chicago—how, we don't know; but as he still has two sound legs, he may have walked! After experiencing the storms of many winters on the grounds of Mr. Van Schaack's residence in this city, he has finally found a place of honor in his office. Twenty years ago he was preserved by a certain wood-preserving solution, and the wear and tear of thirty years—aside from the "Swamp Angel's" shell—has not told upon his classical proportions, as each year since his rescue from Charleston he has been treated to a fresh coat of paint. The history of "Old Tom" is an interesting one, and his re-appearance before the public will attract a good deal of attention.—*Chicago Times, Aug. 29, 1886.*

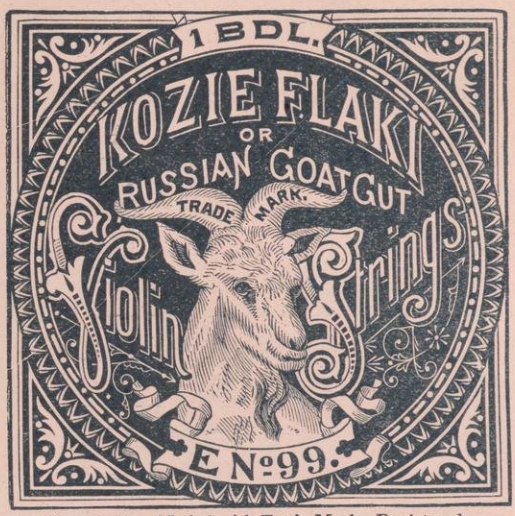
STRONGEST AND BEST



STRINGS IN THE WORLD

Fac-simile of Label with Trade Mark—Registered.

To obtain Violin Strings having a pure and correct tone, white and transparent in appearance, and yet possessing strength and durability, has been the aim of Musicians for ages. This desideratum has at last been found in strings made from **RUSSIAN GOAT GUT**, which the term

KOZIE FLAKI

signifies. We are the sole importers of these celebrated goods, and purchasers are cautioned against articles of a similar name not bearing the above Label Number and Trademark.

Our new **MUSICAL MERCHANDISE CATALOGUE** of 260 pages, and over 1,000 finely executed wood engravings, also comprehensive catalogues of each class of **MUSICAL GOODS**, furnished on application.

Our stock embraces every article known to the Music Trade, and close buyers will consult their interests by correspondence with us.

VACCINE VIRUS.

Owing to the increased and widely extending demand for

ANIMAL VACCINE VIRUS,

Stables have been established for its propagation in the vicinity of Chicago, and we are now prepared to distribute it while in the best possible condition.

For immediate use, Points are the most reliable of all forms of stored virus. They are charged on both sides of the pointed end. Crusts are less reliable, but can be kept longer.

Vaccine Virus must be kept *cool* and *dry*. Envelop it in tin-foil or tissue paper, and bury it in pulverized burnt alum, or Plaster of Paris, and keep in a tightly corked bottle.

This virus is the product of heifer inoculations, from the celebrated *spontaneous case* of *Cow Pox* discovered at *Beaugency*, in *France*, in 1866, *and has never passed through the human subject.*

Scarify thus in three places. The scratches should produce a very *slight* appearance of blood. Aim slightly to break up the cuticle. If blood flows, wait and wipe it off before applying the virus. The charged points should be slightly moistened by cold water from the point of the lancet, and immediately rubbed over and into the scratches. Time and patience are essential to success. One Point is sufficient for two insertions.

Crusts are to be dissolved into the consistency of pus, with cold water, and then spread abundantly over and worked into the scarified surface. Time must be given for the virus to be absorbed and the surface to dry, before the clothing is re-applied. No *plaster* or *dressing* must be used. In cases of young children it is *always* best to have the arm *entirely freed from clothing* before commencing the operation. *Or moisten the crust well, and* "POCKET" *it in at least three places.*

If this Vaccine be used within five days, and after ten days incubation be proven positively inert, it will be replaced by fresh material upon immediate return of this wrapper. *This Warrant is only for Primary Vaccination. Keep Cool and Dry. Never carry in an inside pocket.*

Cow Pox Virus is efficient, protective and safe, and is less liable to complications than humanized virus.

SOLID EXTRACTS.

SUBJECT TO BEST TRADE DISCOUNT.

The objects we aim to attain in the manufacture of Solid Extracts, are, First, to exhaust from the raw material, without chemical change, all its active principles, avoiding as far as possible, the inert vegetable matter. Second, to concentrate the Extract in a vacuum at a low temperature, thus avoiding injurious effects from the atmosphere, and from excess of heat.

These objects we successfully accomplish by aid of our improved apparatus and mode of manipulating. Our Extracts will be found free from inert substances; free also from any smell or taste of burnt matter.

Vol. 20. "THE OLD SALAMANDER." 1890.

POISONS AND THEIR ANTIDOTES.

ALMOST always the first thing to be done in any case of poisoning is to induce vomiting. This may be done by tickling the throat (within) by means of a feather, or by warm water, with a teaspoonful of mustard to the tumblerful, well stirred up. Sulphate of zinc (white vitriol) may be used in place of the mustard, or powdered alum. Powder of ipecacuanha, a teaspoonful rubbed up with molasses, may be used for children. *Tartar emetic should never be given*, as it is excessively depressing, and uncontrollable in its effects. The stomach pump can only be used by skillful hands, and even then with caution.

Opium and other Narcotics.—After vomiting has occurred, cold water should be *dashed* over the face and head. The patient must be kept awake, walked about between two strong persons, made to grasp the handles of a galvanic battery, dosed with strong coffee, and vigorously slapped. *Belladonna* is an antidote for opium and for morphia, etc., its active principles; and, on the other hand, the latter counteract the effects of belladonna. But a knowledge of medicine is necessary for dealing with these articles.

Strychnia.—After emetics have been freely and successfully given, the patient should be allowed to breathe the vapor of sulphuric ether, poured on a handkerchief and held to the face, in such quantities as to keep down the tendency to convulsions. Bromide of potassium, twenty grains at a dose, dissolved in syrup, may be given every hour.

Alcoholic Poisoning should be combated by emetics, of which the sulphate of zinc, given as above directed, is the best. After that, strong coffee internally, and stimulation by heat externally, should be used.

Acids are sometimes swallowed by mistake. Alkalies, limewater, magnesia, or common chalk, mixed with water, may be freely given, and afterward mucilaginous drinks, such as thick gum water or flaxseed tea.

Alkalies are less frequently taken in injurious strength or quantity, but sometimes children swallow lye by mistake. Common vinegar may be given freely, and then castor or sweet oil in full doses—a tablespoonful at a time, repeated every half hour or two.

Nitrate of silver when swallowed is neutralized by common table salt freely given in solution in water.

The salts of *mercury* or *arsenic* (often kept as bed-bug poison), which are powerful irritants, are apt to be very quickly fatal. Milk or the whites of eggs may be freely given, and afterward a very thin paste of flour and water. In these cases an emetic is to be given *after* the poison is neutralized.

Phosphorus paste, kept for roach poison or in parlor matches, is sometimes eaten by children, and has been willfully taken for the purpose of suicide. It is a powerful irritant. The first thing to be done is to give freely of magnesia and water; then to give mucilaginous drinks, as flaxseed tea, gum water or sassafras pith and water; and lastly, to administer finely-powdered bone charcoal, either in pill or in mixture with water.

In no case of poisoning should there be any avoidable delay in obtaining the advice of a physician, and meanwhile the friends or bystanders should endeavor to find out exactly what has been taken, so that the treatment adopted may be as prompt and effective as possible.

Vol. 20. "THE OLD SALAMANDER." 1890.

PINK GRANULES, Sugar Coated.

These granules are intended to supply the needs of physicians in such cases as require minute or frequently repeated doses. A glance at the list will show that they are distinguished from our regular line of pills in that they represent doses suitable for children. This diminishes the risk there might otherwise be of giving to a child an overdose of some powerful remedy. At the same time their distinctive color renders them attractive to the class of patients for which they are intended.

As we have not the protection of a government copyright or trademark on the name "Pink Granules" we are enabled to offer these granules at a lower price than similar articles in the market. We guarantee the material to be unqualifiedly the best.

NEW ILLUMINATED MORTAR.

(FOR DAY AND NIGHT SIGN.)

It is made of metal, finished in gold and white, and studded with convex glasses of crystal, ruby and emerald. For an outside sign it is the best in the world for the drug trade. It is not liable to get out of order, and is not affected by exposure to the weatner. This device, in style, finish and cost, is the most perfect and cheapest of the many designs ever manufactured in this line. We can now offer you this beautiful and attractive Crystal Mortar, size 18 x 18 inches, arranged complete for gas or for oil, with the celebrated English patent Duplex Burner.

The following are for WATER COLORS in which no alcohol is used. One gallon or more of water can be used for the quantities mentioned. After mixing the ingredients with the water, let each rest for two or three days before filtering.

BLUE.

Sulphate of Copper, one pound; Sulphuric Acid, two ounces.

ORANGE.

Bichromate of Potash, four ounces; Nitric Acid, two ounces.

BLOOD RED.

Cobalt Metal, one ounce; Nitric Acid, sufficient to dissolve with heat. Add to the water, and then half an ounce of Alum, and sufficient Aqua Ammonia to dissolve the precipitate first thrown down.

BRIGHT RED.

Cochineal, in Powder, one ounce; Alum, one ounce; Cream Tartar, half an ounce; Oil of Vitriol, two ounces. Let this stand ten days before filtering.

DARK RED.

Iodide of Potassium and Iodine, each one drachm; when dissolved, add four ounces Muriatic Acid.

YELLOW.

Bichromate of Potash, half an ounce; Nitric Acid, two ounces.

COLORS MADE WITH ALCOHOL.

BLUE.

Sulphate of Copper, one pound; Sugar of Lead, eight ounces. Dissolve each separately in two quarts of water; mix, and add one quart of Alcohol.

BLUE.

Nitrate of Copper, one pound; diluted Alcohol, one gallon.

ROYAL BLUE.

To one pound of Aqua Ammonia, add sufficient solution of Nitrate of Copper; three quarts of water, and one quart of Alcohol.

ROYAL BLUE.

One pint Aqua Ammonia; solution of Sulphate of Copper, sufficient. Nitrate of Copper is better than the Sulphate for this color.

SKY BLUE.

Sulphate of Copper, one pound; Acetate of Lead, half a pound. Dissolve each separately before mixing; mix, and add four ounces Acetic Acid.

CRIMSON.

Oil of Vitriol added to Alcohol, tinged with Cudbear. If the colors made with Cudbear or Turmeric fade, they can easily be revived by adding more coloring.

GREEN.

Sulphate of Copper, one pound; common Salt, half a pound. Dissolve separately in hot water to saturation; mix, and then add one quart of Alcohol; filter, and to the solution add three quarts of water.

GREEN.

Sulphate of Copper, one pound; solution of Bichromate of Potash, sufficient.

GRASS GREEN.

Sulphate of Copper, one pound; common Salt, half a pound; Muriatic Acid, four ounces.

OLIVE GREEN.

Carbonate of Iron, four ounces; Muriatic Acid, eight ounces. Dissolve, and add to one pound of Sulphate of Copper, previously dissolved in water. A solution of Sulphate of Iron will also form another shade of Olive Green.

PALE GREEN.

Nitrate of Copper, one pound. Dissolve in three quarts of water, and one quart of Alcohol. Add sufficient solution of Muriate of Iron to tinge the required shade.

PETER VAN SCHAACK & SONS.

COLORS MADE WITH ALCOHOL—Continued.

PEA GREEN.

Nickel, two drachms; Nitric Acid, one ounce, or sufficient to dissolve. Add to the water with sufficient solution of Bichromate of Potash.

SEA GREEN

Distilled Verdigris, one ounce; Acetic Acid, eight ounces. Dissolve, and add to the water; tinge with a solution of the Bichromate of Potash.

LILAC.

Same as Pink, adding one ounce of Alum, or some of the Puce color, to bring it to the required shade.

PINK.

Oxide of Cobalt, four drachms; Nitric Acid, sufficient to dissolve. Add to the water, and then sufficient Aqua Ammonia to dissolve the precipitate first thrown down.

PUCE.

Nickel, four drachms; Nitric Acid, sufficient to dissolve. Add to the water, and then sufficient Aqua Ammonia to dissolve the precipitate first thrown down.

PUCE.

Aqua Ammonia, added to Alcohol, tinged with Cudbear.

BRIGHT RED.

Cochineal, one ounce; Alum, one ounce; Cream Tartar, half an ounce; diluted Alcohol, one gallon.

DARK RED.

Iodine, sufficient to tinge Alcohol.

ROSE.

Cudbear, sufficient to tinge Alcohol.

YELLOW.

Carbonate of Iron, one ounce; Muriatic Acid, four ounces. Dissolve and add to one quart of Alcohol, and three quarts of water.

BRIGHT YELLOW.

Strong Alcohol, colored with Turmeric.

These formulas produce unequaled colors, and, by mixing and diluting, almost any shade can be produced. A BLUE is sometimes made with soluble Prussian Blue, also with Chemic, and either may be tinged Green with Turmeric. Madder makes a nice Pink, but not so good as Cobalt. If it is used, steep half an ounce in one quart of boiling water, and add sufficient Aqua Ammonia to bring out the color; dilute to suit.

THREE COLORS

In one bottle have a novel and attractive appearance. A water color is put in first; then oil tinged with Annatto, Alkanet, Turmeric or Verdigris; and lastly, Alcohol tinged with Cudbear or Turmeric. They do not get mixed very readily if the oil is in sufficient quantity. Camphene alone has a brilliant effect in a globe behind which is a light. It has more refractive power than Water or Alcohol. Camphene or Alcohol can be colored with Alkanet Root. A piece of Camphor in a dry globe, causes a fine crystalline appearance, very attractive. A lead tree in a cylindrical bottle is also attractive. This is made by dissolving half a pound of Sugar of Lead in rain water, filtering and suspending a piece of Zinc near the surface. As the tree forms, an additional quantity of solution of Sugar of Lead should be added. It is necessary to place the bottle where it will not be shaken, otherwise the tree is soon damaged.

"THE OLD SALAMANDER WARE,"

WITH PRESSED STOPPERS.

A desire on the part of our trade throughout the country to have a change from the old-style Mushroom Stoppers, induced us to put this new style of ware upon the market. The bottles are very attractive and please our friends, as shown by the remarkable number of outfits we have furnished during the first year of this special ware. Made of the best flint glass, heavy in weight, coming from Graphite molds, they are all uniform in size, full measure and beautifully finished.

PERSIA, Ia., Dec. 7.

PETER VAN SCHAACK & SONS:

I am highly pleased with all my goods, but the "Salamander Glassware" heads off anything yet. Just as soon as I get them arranged shall order more with Glass Labels, and you may be sure you will get the bulk of my orders in the future. F. M. HILL, Druggist.

LEMARS, Ia., Oct. 13.

MESSRS. PETER VAN SCHAACK & SONS:

Inclosed please find draft for $105.54 on account. The "Salamander Ware" came to hand in good shape. Am well pleased with the same. It is all that you claim for it; for carefulness in packing and promptness in shipping, accept many thanks. Respectfully yours,

P. H. DIEHL.

MACKSBURGH, Ia., June 2.

MESSRS. PETER VAN SCHAACK & SONS:

Inclosed please find $600 on account. I wish to say to you that the shop furniture, the "Salamander Ware," is all that could be expected, and is to my entire satisfaction. No breakage, and only two very small nicks to be found in the entire outfit. For your great care in selecting and packing, please accept thanks. Order inclosed herewith. D. A. SAWYER.

OUTFITS

A SPECIALTY.

VOX POPULI.

CHICAGO, February 8, 1889.

Messrs. Peter Van Schaack & Sons—Gents:

Your prompt delivery of goods and accuracy in filling our orders, combined with courtesy and fair treatment *in fitting up our new store, corner of Eugene and Wells Streets,* this city, have impressed us with a feeling of gratitude which we do not hesitate to express in public. Yours respectfully,

BASELER & LIEBICH, Druggists.

CHICAGO, February 21, 1889.

Messrs. Peter Van Schaack & Sons—Dear Sirs:

Accept my thanks for the gentlemanly and so business-like manner in which you have treated me during my many business relations with you. In my sixteen years of drug business in this city as clerk and proprietor I fail to have found a wholesale drug house so ready and willing to assist its customers in obtaining what they most desire—*pure drugs at the lowest market prices*—and who are ever ready to assist, if in their power to do so.

The outfit for my new store, as intrusted to your care, has pleased me, especially for quality and cheapness. Respectfully yours,

RUPERT I. LIVESEY.

CHICAGO, February 25, 1889.

Messrs. Peter Van Schaack & Sons—Dear Sirs:

Herewith I hand you exterior view of my pharmacy, acknowledged to be the best arranged and handsomest drugstore in the North Division, you having furnished *everything* in the establishment, from the smallest homeopathic vial to the gold mortar on the outside, from plaster Paris to the latest and finest chemicals, and from the ordinary toothpick to the finest toilet articles, etc. It must be admitted *that your facilities for fitting up a drugstore in first-class style cannot be surpassed,* if equaled by any house in this city. My store is certainly a credit to you. Yours respectfully, GEO. RITTER.

CHICAGO, February 9, 1889.

Messrs. Peter Van Schaack & Sons—Dear Sirs:

Fifteen years of pleasant trade relations, one and a half decades of trust and confidence in dealing with a house—what is more natural than buying my entire outfit for my new store, corner Erie and Paulina Streets, from you unconditionally, without looking elsewhere for "bargains?" The way in which you have acquitted yourselves of this outfit order *only justifies again the trust I always placed in you.* Cordially yours, HENRY HAUTAU, Druggist.

CHICAGO, ILL., October 1, 1888.

Messrs. Peter Van Schaack & Sons—Gents:

It affords us great pleasure to acknowledge the superior quality of your "Salamander" glassware, furnished with our outfit last June. For price, beauty and accuracy it has no equal. Very truly yours,

DINET & DELFOSSE, Druggists.

CHICAGO, February 9, 1889.

Messrs. Peter Van Schaack & Sons—Gents:

Having been engaged in the retail drug business for a good many years, it has fallen to my lot to fit up several new stores. Thanks to the resources of the "Old Salamander" Wholesale Drug House, I was enabled to open up a new store at the corner of North Ashland Avenue and Augusta Street within ten days after making out my lists, with as complete a stock as there is to be found anywhere. This record, I think, is very hard to beat. I have been dealing with your firm ever since, and can recommend the "Old Salamander" in regard to *prices, superior quality of goods, and promptness in filling the orders of their customers,* as fully equal, if not superior, to any of the wholesale drug houses in my experience. Yours truly, A. KLOTZ, Druggist.

The Labels are painted with Block letters, unless otherwise specified. Roman letters, extra price. For styles, we call attention to sample pages following. Any styles not enumerated can be furnished to order on receipt of pattern or sample. Special styles, special prices. Please order by letter, as it prevents mistakes.

When Labels only are wanted, send circumference of Bottles measured at point where Labels are to be attached. When Labels are wanted to match those already on hand, it is important that we should be advised of the fact, and a sample label sent with order. Special prices on application. Lettering in two lines, 4 to 6 cents extra. Gallon Labels, 5 cents each, extra. 2 Gallon, 10 cents each, extra. No extra charge for attaching Labels where Ware and Labels are ordered from us.

Directions for Attaching Glass Labels to Bottles, Jars, Etc.

CEMENT—To one part of best yellow wax add three of rosin; melt together in an open pan or kettle, with a gentle heat, to the consistency of syrup.

DIRECTIONS—Place the bottle on a table in a nearly horizontal position in front of you; the bottle must be perfectly free from moisture. Pour the cement on the hollow side of the label with a spoon; then apply the label to the bottle with a GENTLE pressure. While the cement is soft, run the point of a knife around the label, so as to form a groove in the cement. This will save labor in chipping off the cement. The cement will harden in about ten minutes, when, with a putty knife, such as glaziers use, remove the surplus. Clean bottle and label with a little kerosene oil, wipe off with a damp towel.

PETER VAN SCHAACK & SONS.

CHICAGO, February 8th.

PETER VAN SCHAACK, Esq.,
Representative of the Northwestern Wholesale Druggists' Association.

Dear Sir:

Recognizing the fact that the success of the recent conclave of Illinois Pharmacists was due in large measure to your active co-operation and participation in their assembly, and for the sentiments of amity and good will expressed by you on behalf of the association which you so eloquently represented before our association, please accept special copy of the proceedings of that meeting in which you occupy so conspicuous and honorable a position, with compliments and thanks for your masterly address. Respectfully,

T. N. JAMIESON, Sec'y Illinois Pharmaceutical Association.

The construction of this Pull differs from any other manufactured. It contains a curve-shaped Glass Label, on which two or more lines of lettering can be written (this can not be done with any other Pull in the market). The "CONVEX PULL LABEL" can be read distinctly in any position, and at a greater distance than any other made.

☞ In ordering, please use names as given above. All of the Champagne Moulds are prepared for the insertion of name and address, at the additional cost of about $5.00. The Pint, 5 to Gallon and Full Quart are lettered, "This Bottle Not To Be Sold," on one side. All others are perfectly plain. These Bottles are all made to stand the steaming process.

The stopper which we furnish, attached to bottles, is the Celebrated "LIGHTNING STOPPER," acknowledged by all to be the simplest, safest, most durable and only reliable bottle stopper ever offered to the trade. From 5 to 6 Gross is the smallest quantity of lettered bottles that can be made.

DAVIS & KIDDER'S Magneto-Electric Machine.

THIS MAGNETO-ELECTRIC MACHINE produces galvanic electricity, by simply turning a crank. It requires no battery, no solutions, and no friction. It develops electricity by what is called the inductive influence of a permanent magnet, and it gives a current of the same character of the Electro-Magnetic Machines which require a battery to actuate them.

By turning the crank the armature is made to revolve rapidly on an axis, and its extremities, passing close to the poles of the magnet, become charged with magnetism, which they lose as they leave the poles, and become charged with the opposite magnetism, as they approach the opposite poles at each half revolution. The electricity thus induced is powerful in proportion to the rapidity of the revolutions, but is not directly available to give shocks, without a break piece, or spring, on the axis, which alternately breaks and completes the circuit of the coils, at which moments a very energetic reactive current is excited, which is amply sufficient for all medical purposes. The apparatus, thus described, is precisely the same as used in *Davis & Kidder's Patent Magneto-Electric Machine.*

The object of this invention is to evaporate solutions and liquids of all kinds without resorting to the present slow and tedious process of emptying the dish from time to time in a glass or other measuring vessel, for the purpose of ascertaining when you have evaporated the fluid to the desired quantity.

The graduated scale is put upon the inside of the dish in such a manner that acids will not affect it.

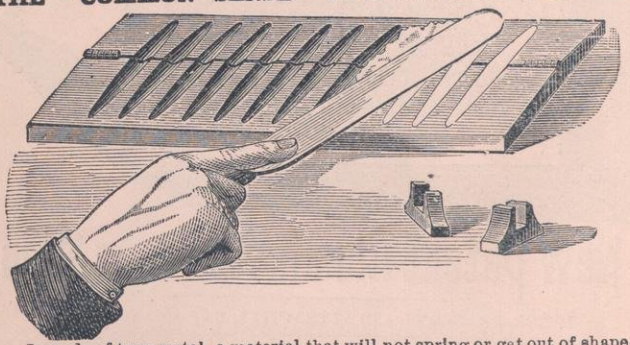
THE "COMMON SENSE" SUPPOSITORY MOULD.



Is made of type metal, a material that will not spring or get out of shape. The clamps are of iron. The moulds and clamps are nicely nickel plated, making a handsome piece of workmanship. A neatly arranged case with each mould.

The mould is filled with a spatula, as represented in the cut, the ingredients having been thoroughly mixed into a smooth paste, after which the mould is held over a lamp or heat a few moments, melting the surface of the suppositories, closed and placed in the clamps for cooling.

Nursing Bottles.

The Peter Van Schaack & Sons' Feeding Bottle is of the best Flint Glass—with Trimmings complete. The peculiar formation of the Bottle allows of its being emptied to the last drop; and the low price it is sold at makes it the most desirable in the market.

Messrs. Peter Van Schaack & Sons have further improved their Feeding Bottle by making the fittings **all Pure Gum Rubber and Glass,** and putting each in a box with a Tube Cleaner and a Bottle Brush.

Sargent's Test Stand for Urine Analysis.

This compact and complete apparatus will be found a convenient and inexpensive device for the examination of urine, economizing time and labor; it is ready for use at any moment, and occupies the smallest space which could be used for the purpose. It consists of a wooden stand with 9 test tubes, 8 glass stoppered reagent bottles, 2 glass funnels (each having a rest at end of stand), 2 beaker glasses, brush, glass, rod, pipette, 3 watch glasses, a spirit lamp, and a urinometer, with litmus and filter paper complete. A drawer slides behind the bottles for holding test paper, brush, etc. A rack of pins on the back of the stand affords room for drying breakers and test tubes. Price of apparatus $5.00. Reagents, 50 cents additional.

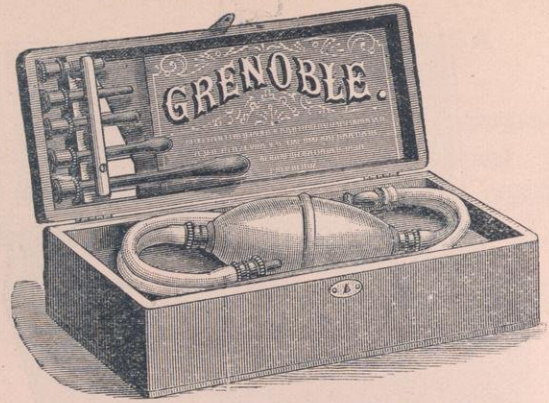
GRENOBLE SYRINGE NO. 1.

MAHOGANY BOX.—HARD RUBBER TUBES.

Patented.



No Screws. No Washers.

The injecting Tubes and other trimmings are made of hard rubber, which we need not say are greatly preferable to stained or enameled wood, called *jet*, which is so liable to soften or split open when much exposed to warm weather. Price per dozen..... $9 75

GRENOBLE SYRINGE NO. 2.

This is a cheaper form of Syringe than the Grenoble No. 1, but is attractive, having hard rubber tubes and trimmings, and is packed in a handsome octagon paper box. Price per dozen..... $6 75

GRENOBLE SYRINGE NO. 3.

Packed in hinged paper box, with hard rubber tubes and trimmings
Price per dozen..... $4 25

GRENOBLE SYRINGE NO. 4.

WITH HARD RUBBER TUBES AND VALVE CHAMBERS, AND VAGINAL IRRIGATOR ATTACHMENT.

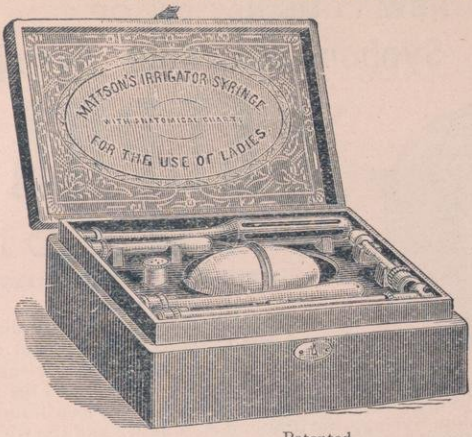
Packed in Polished Redwood Box.

This Syringe is a great favorite, and is the most complete Syringe in the market for Ladies.

It has our Vaginal Irrigator, which is so efficient in cleansing the vagina in the treatment of leucorrhœa and other female complaints. The tubes are all hard rubber. Price per dozen..... $11 00

PETER VAN SCHAACK & SONS.

MATTSON'S IRRIGATOR SYRINGE.



FOR LADIES.

There is no Syringe more useful or attractive than this. It is a universal favorite with ladies, and is sold all over the world. One of its leading features is the hard rubber "*Vaginal Irrigator*," which is so efficient in cleansing the vagina, and therefore of great value to physicians in treating leucorrhœa, and other female complaints. In use it produces no irritation of the vagina. There is no instrument like this before the public. Each box contains an Anatomical Chart, with much valuable information for ladies.

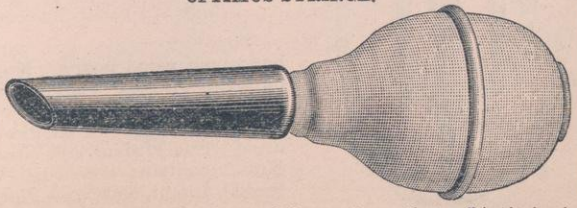
OPTIMUS SYRINGE.

A Vaginal Douche for Females.

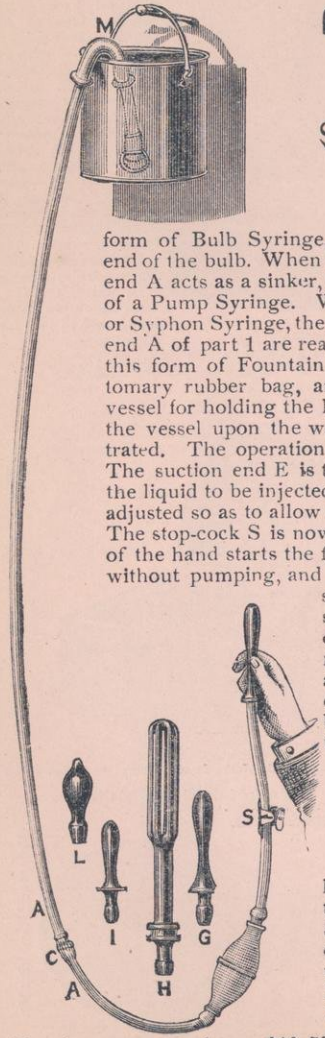


Patented March 18, 1884.

It is made entirely of Soft and Hard Rubber. It has no valves, and is very efficient in cleansing the vagina in the treatment of leucorrhœa and other female complaints.
This Syringe is also sold under the name of Atlas Ladies' Syringe. Price same as Optimus.
Price per dozen . . . . . $11.25.

A NEW COMBINATION OF

Fountain, Syphon and Bulb Syringe,



"ALPHA"

SYPHON

WITH HARD RUBBER PIPES.

Part 1 illustrates an ordinary form of Bulb Syringe, having the usual valves at each end of the bulb. When used in this simple form the suction end A acts as a sinker, and Part 1 is capable of all the uses of a Pump Syringe. When required for use as a Fountain or Syphon Syringe, the tube end A of part 2 and the suction end A of part 1 are readily connected, as shown at C. In this form of Fountain Syringe we dispense with the customary rubber bag, and instead, we use any convenient vessel for holding the liquid to be injected, simply placing the vessel upon the washstand, bureau, or mantel, as illustrated. The operation of the Syringe is then very simple. The suction end E is then placed in the vessel containing the liquid to be injected, having the improved tube rest M adjusted so as to allow the suction end to reach the liquid. The stop-cock S is now opened, when a slight compression of the hand starts the flow, which continues automatically without pumping, and can be regulated by means of the stop-cock S. The hydrostatic pressure is invariably sufficient for vaginal or ordinary injections, while as a nasal douche it has no equal. Should a greater force be required, as in the case of hardened fæces in the lower bowels, the bulb may be used to assist the action.

Conceded by Physicians to be the Most Convenient and Useful Article Yet Introduced adapted to all the uses of a Family Syringe.

These Syringes are packed in handsome wood boxes. No. 1 contains the "ALPHA" Vaginal Irrigating Spray Pipe (see full size illustration on another page) in addition to the usual Rectal, Infant, and Nose Pipes. No 2 contains the usual Vaginal, Rectal, Infant, and Nose Pipes.

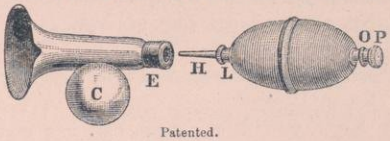
MATTSON'S GRENOBLE BREAST PUMP.



Patented.

This Pump has become a great favorite with physicians, and is the most popular Breast Pump in the market; with the valves it gives the vibratory movement to the breast, which makes the milk flow easily. It is similar in form to our improved Breast Pump.

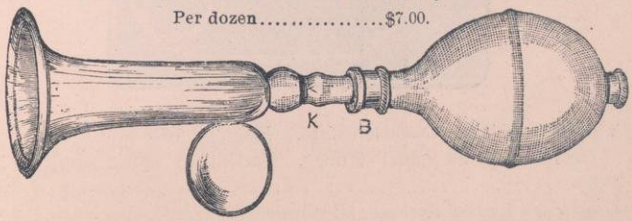
Per dozen.....$7.00.



The superiority of this instrument over all others is at once recognized by its simple and effective construction, as follows: The Bulb "A" is made of the best Para Rubber, special care being given to make it a perfect exhauster, combining strength and durability; the valves "B" are located as shown on cut.

When this instrument is applied to the **Breast instant release** can be had by simply raising the Bulb, which opens vent "K" in the rubber tube connecting bulb with the Vacuum Glass.

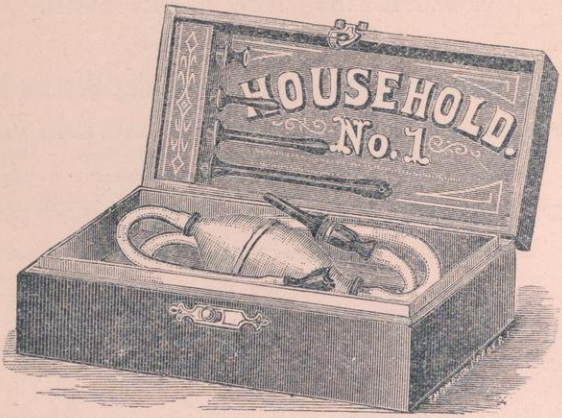
THE HOUSEHOLD SYRINGE.

Trade Mark "HOUSEHOLD" Registered.
(PATENTED.)



In placing before the public and the medical profession this improved Syringe, we present our claims for calling it

THE PERFECT SYRINGE.

FIRST.—All Syringes in which METAL is used are liable to CORROSION, which injures and impairs the r USEFULNESS and DURABILITY, whilst the METAL OXIDES formed on the me'al fittings are liable to be injected with the liquid.

THE HOUSEHOLD SYRINGE has NO METAL FITTINGS.

SECOND.—Syringes connected by SCREW THREADS are liable to be CROSS THREADED and leak.

THE HOUSEHOLD SYRINGE has NO SCREW THREADS; all the fittings are connected by PURE RUBBER, and the injection tubes can be quickly secured or exchanged by inserting them in the socket. All the joints are perfectly tight, and remain so.

THIRD.—All metals are good conductors of heat, and painfu'ly affect injured parts. Metal injection tubes become affected by acids, and therefore dangerous in use.

THE HOUSEHOLD SYRINGE, provided with HARD RUBBEB PIPES, is not affected by acids, and is soothing and agreeable in use.

FOURTH.—In all syringes heretofore made, the valves are loose and liable to be lost: in the Household Syringe the valves are secured and cannot be lost, thereby insuring efficiency at all times.

P. ysicians recommend the HOUSEHOLD SYRINGE as perfect in cleanliness.

VAGINAL INJECTING SYRINGE.

$1.25 each.

The Vaginal Injecting and Suction Syringe is the ONLY instrument that will carry a cleansing or medicated wash to EVERY and ALL parts of the vagina and mouth of the womb.

This is the ONLY instrument that dilates and detaches from the walls, and removes by suction, without injury, all impurities or foreign matter that may be upon the walls and in the folds of the mucous membrane of the vagina, or within the mouth of the womb, if open.

This is the ONLY instrument with which you can make a thorough application to the mouth of the womb and upper part of the vagina, without INVERTING your patient—this instrument making a perfect application either in a standing, sitting, or horizontal position.

— AND —

VACUUM SYRINGE.

Tube 10 *Inches long.*

As the tube of the Intra-Uterine Injecting and Vacuum Syringe is a double Canula, the operator, by closing the mouth of the escape tube, can retain the fluid within the cavity as long as the pressure on the bulb is continued, when by removing the pressure from the bulb, a suction is caused, which will draw all the fluid back into the bulb, or the escape pipe may be opened and allow it to escape through that, or that and the suction may both be used.

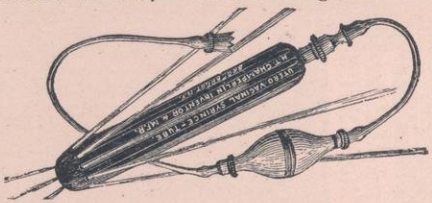
Chamberlin's Improved Vaginal Syringe.

Chamberlin's Improved Vaginal Syringe is indorsed by the entire medical profession. Physicians acquainted with its merits recommend no other. It is a complete family Syringe, and is first-class in every respect. The tubing is ⅜ of an inch in diameter, and two feet in length.



WITH GROOVES AND ORIFICES FOR REVERSE STREAMS.

Wholesale Price, $15 00 Doz. Retail, $2 50 Each.

CHAMBERLIN'S H. R. PIPES ONLY.

Wholesale Price, $9 00 Doz. Retail, $1 50 Each.

The vaginal attachment shown in the above cut, of which I am the only manufacturer, is made of Vulcanized Rubber, and is so constructed that it can be easily connected to a fountain or other syringe.

The following is a brief description of the vaginal tube. It is six inches in length, and nearly an inch in diameter. When introduced into the vagina it acts as a repository, pressing the womb up to its natural position, at the same time distending the vagina, obliterating the transverse folds. In the dome are orifices for diverging streams, which are thrown against the neck of the womb, thoroughly cleansing it. The surface of the tube is divided into longitudinal grooves, with an orifice at the termination of each at the base of the dome, for a REVERSE STREAM. By rotating (or turning) the instrument in the vagina while the liquid is being injected, the grooves detach (or scrape off) the tenacious mucus that adheres to the membrane, and the reverse streams passing down between the outside of the syringe tube and the surface of the vagina, thoroughly cleanse the same.

As a consequence two important results are secured. First, the unhealthy secretions are effectually removed, and all injury arising therefrom obviated. Secondly, the mucous membrane of the vagina and neck of the womb are perfectly cleansed; if disease exist, medicine may be directly and thoroughly applied to the affected parts.

Water Bottle ready for use.

SEND FOR ILLUSTRATED CATALOGUE.

PETER VAN SCHAACK & SONS.

This instrument serves a double purpose, and is in its construction the least complicated of its kind on the market. The stopper is a decided novelty of workmanship and construction; you need not remove it at any time. By turning it a few times you will notice some slots in its side through which you can fill and empty the bottle. Therefore you cannot lose or displace the stopper. On top it is provided with a nozzle in which there is a small screw which serves to open the nozzle just as wanted, either as Fountain or Water Bottle. The screw cannot be lost, as it is fastened to the handle of the stopper which moves on hinges and is adjustable.

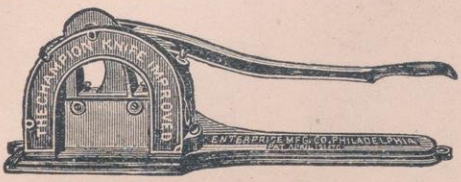
TOBACCO, HERB AND ROOT CUTTER, IMPROVED.



PATENTED JULY 25, 1871.

This is undoubtedly the best article for the purpose ever used. It cuts the hardest tobacco, roots and herbs, with perfect ease, having a draw cut motion.

The sub-tances are elevated by a brass plate set in the vise, which prevents them from hugging the blade.

It is elaborately Japanned and ornamented, and very neat and showy.

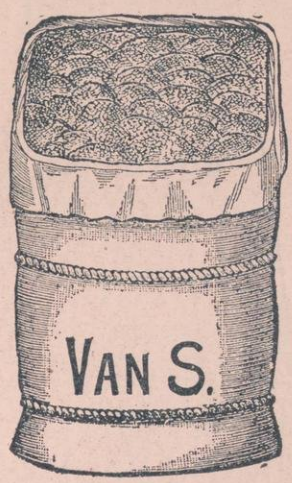
In ordering bath, surgeons, and toilet sponges it will be necessary to state if first selection (class "A") is wanted which relates to texture and perfect shape, or whether preference should be given to larger and less perfect sponges which should be ordered as class "B" or "C."

SPONGES IN BALES.



We beg to call your attention to the fact that all our baled goods are sold in their natural state, being unbleached and positively free of sand and all other Foreign substances, consequently are lighter, stronger and cheaper than the loaded goods at lower prices. Another important fact to which we beg to call careful attention is that our packing is as represented and classified, thereby differing from a common practice of mixing inferior grades with first-class goods in order to reduce the price.

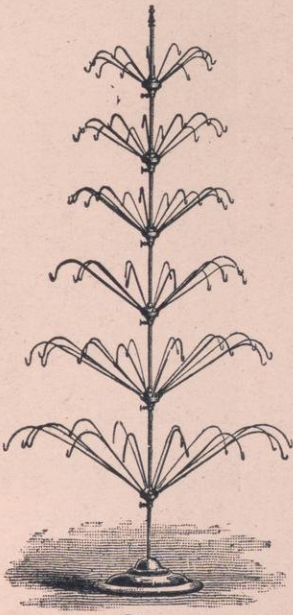
REVOLVING SPONGE TREE



This *USEFUL* and *ORNAMENTAL* invention is one that is meeting with universal favor among druggists throughout the country as a convenient method of handling and displaying sponges.

A Most Important Feature of the Revolving Sponge Tree, aside from its great convenience, is its beauty as an ornament to the store or show window, and cannot fail to increase the sale of sponges at least one-half. The cost is trifling compared to its value in the saving of time and trouble, and as a piece of furniture to be admired by every one who sees it. It is light but very strongly made, and with ordinary care will last any one a lifetime. There are two kinds; all brass, highly polished, or all nickel plated.

PRICES.

INCLUDING ERASABLE TAGS.

No. 1. Height, 3 feet 3 inches, 5 Sections, 60 Branches, all brass, $5.50, all nickel, $7.00.

No. 2. Height, 3 feet 9 inches, 6 Sections, 74 Branches, all brass, $6.50, all nickel, $8.00.

No. 3. Height, 4 feet 3 inches, 7 Sections, 88 branches, all brass, $7 50, all nickel, $9.00.

Larger or smaller Sizes will be made to order.

SOUTH CHICAGO, Aug. 14th, 1888,

Messrs. Peter Van Schaack & Sons,—GENTS:

We have no fault to find with you at all for fitting out our new store, 89th and Commercial Avenue, South Chicago, Ill. Quite the reverse; we gladly acknowledge our indebtedness to you and ever will, for the *quick expedition* and *correct execution* of our outfit order.

Your *glassware* is *fine*, your *goods fresh*, and your *prices moderate*. We will stick firmly to the "OLD SALAMANDER."

Respectfully yours,
SCHOEN & CO., Pharmacists.

PETER VAN SCHAACK & SONS.

FRANCESVILLE, March 4.

GENTS:—Your Volume 20 is really more complete, and a better guide, even, than any previous issue. That is saying a good deal. We always gladly welcome it. No traveler comes more regularly than the splendid list now before us. The illustrations are fine. We received Volume 1 and one each year since up to 20. We are pleased to state that we have been a customer of the old reliable "Old Salamander Drug House" steadily all these long years, and have always been treated so fairly and kindly we have no disposition to change our trade, and hope for many years we can maintain our satisfactory business relations. Yours truly,

J. T. BLEDSOE & SON.

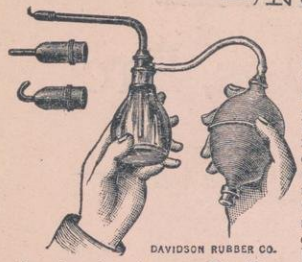
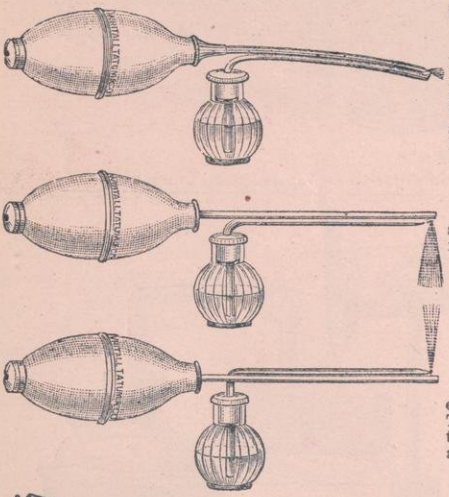
DAVIDSON PATENT ATOMIZER.

—) NO. 59. (—



We desire to call your attention to our new Hard Rubber Atomizer No. 59, which excels any instrument ever offered to the trade, for Throat and Nasal applications, or for all purposes where an Atomizer is required. The tubes are made of hard rubber, tipped with platinum, which makes the instrument proof against the corrosive effects of acids, that will soon injure and destroy those made of metal. The Caps which fit onto the tube are of different shapes, so that the liquid can be thrown in any direction; these screw onto the tube, not slip on as others do, which prevents any danger of their being forced off and down the throat, by the air, when in use. The Water Tip enclosed by the Cap is fitted into a tube having a large hole, and being removable can be easily taken off and cleansed when it becomes obstructed by sediment or otherwise, whilst in all other Atomizers the water tube has no removable tip, and being of necessity a small hole, which extends the whole length of the instrument, it will soon become stopped up and rendered useless.

PRICE, $1.60 EACH.



Improved Phenix Throat Atomizer.

This Atomizer has a long tube, adapted to reaching the diseased part of the throat by direct application. It is applied with one hand, leaving the other free.
Per doz., $6 00.

Atomizer for Larynx.

The spray is blown straight *downward* at a right angle to the tube.
Per doz., $6 00.

Atomizer for Nasal Cavities.

For Catarrh and diseases of Nasal Cavities. The spray issues from the Atomizer *upward* at a right angle to the tube.

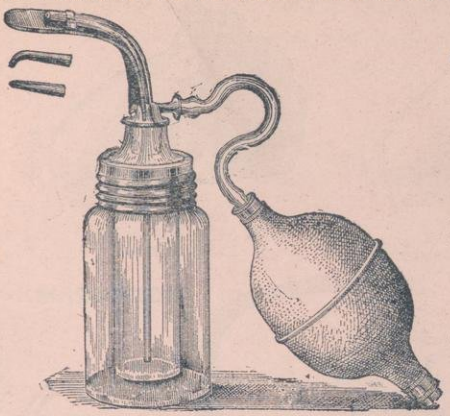
THE GILBERT SINGLE BULB CONTINUOUS SPRAY ATOMIZER.



—A—

TONGUE DEPRESSOR,

Throat Atomizer

—AND—

Perfume Spray

COMBINED.

—PRICE—

$16.50 per doz.

The Gilbert represents the latest improvement in Atomizers, and is the only perfect ***One Bulb Continuous Spray Atomizer in existence.*** By a simple device in the bottle a constant air space is secured; so that, whether the apparatus contains much or little fluid, the same uniformly continuous spray is obtained.

The Tongue Depressor combination is a feature the value of which every practical physician will appreciate. By it the tongue is controlled so as to expose the entire throat to the action of the Atomized liquor. ***It is specially desirable in the family,*** as it can be used by the patient or nurse in those diseases where the applications must necessarily be more frequent than the visits of the physician. In ordinary ***Sore Throats,*** in ***Quinsy,*** and especially in ***Diphtheria*** and ***Croup*** it will be found indispensable.

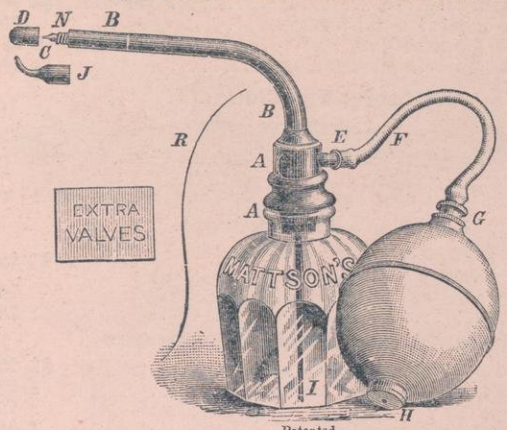
MATTSON'S CLINICAL ATOMIZER.



Patented.

With continuous spray, and hard rubber tubes.

Designed for the Office Practice of Physicians.

By an improved construction, this Atomizer, with one elastic bulb, produces a continuous spray fully equal in volume to the sprays of atomizers with two elastic bulbs. The spray is not watery, but finely atomized, and well adapted for introduction into the air passages. For local freezing this Atomizer is very superior.

Price per dozen, $11.50.

THE "S. S." OUTFIT

IS a novelty of recent invention. It is neat, compact and practical. The blacking is held firmly in place by our adjustable fastener, permitting the use of any five cent box. This avoids the necessity of holding the blacking in the hand, a great advantage in cleanliness. The dauber forms the coon. The brush is covered by a sliding case. The dauber of No. 2 is covered with elegant silk plush, and is used as a silk hat brush. This style has proved a favorite with the ladies as a gift to gents.

Retail 10 cents each. $1.00 per dozen.

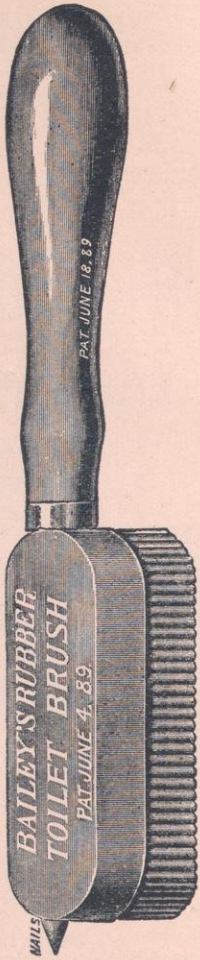
Correct Your Work Neatly, by Using

COMBINED.

Price 25 cents each. $2.00 per dozen.

Clean hands for every one, no matter what the occupation, by using

Bailey's Rubber Toilet Brush.



It removes Ink, Tar, Pitch, Grease, Paint and Iron Stains. Will not smooch the surface of anything on which pencil marks are drawn. It is made from the finest erasive compound, formed into teeth, that, when applied, brush the lead from the surface, without soiling or destroying the finish of even the finest tissue paper. With this the finest line can be taken from a drawing without injury to the balance. Draughtsmen, Architects, Bookkeepers, and all who wish to correct their work neatly, can do so by using Bailey's Erasive Brush.

Price 25 cents each. $2.00 per dozen.

STYLES OF ENGLISH TOOTH BRUSHES.

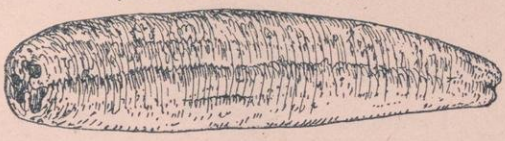
JAPANESE LOOFAH.

(FLESH BRUSH.)



PER DOZEN, — — — — $1.00

The Loofah is the fibrous part of a gourd that grows in the south of Japan. Its health-giving properties, when used as a flesh brush or sponge, have been known to the Japanese for ages. In England, where they have been used for some years, they are rapidly taking the place of the ordinary sponge for bath purposes. Their use gives a healthy glow to the body, removes all accumulations from the pores of the skin, increases the circulation of the blood, and leaves a pleasant sensation.

—— DIRECTIONS ——

The Loofah may be used as a sponge, just as it is, or to make it a trifle more handy, soak in water until it expands full size; cut lengthwise and remove the inner substance so that the Loofah opens out like a cloth.

LOOFAH BATH MITTEN.

PER DOZEN, — — — — $2.00

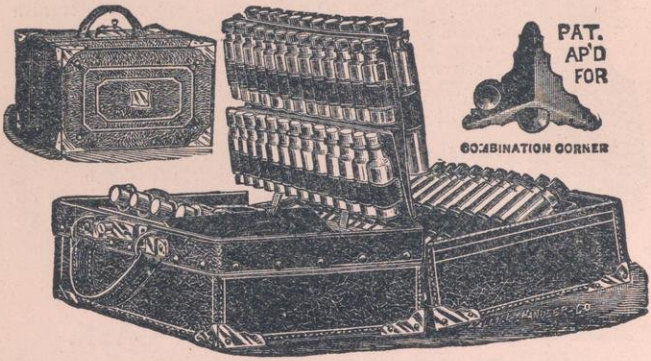
CASES

MEDICINE, BUGGY, POCKET, ETC.



No. 1600 Improved Buggy Case.

It is worthy of notice only Cases of this manufacture have the COMBINATION CORNER (see cut).

The Foot or Button being in ONE PIECE with the corner, prevents them from coming off the Case.

Note all the improvements in the No. 1600 Case, and see its superiority to cheap imitations of the same.

No. 1600 Improved Buggy Cases, each $12.00.

DIMENSIONS:—12 in. long; 7½ in. high; 5¾ in. wide. CONTAINS:—26 three drachm, 26 one ounce and 4 three ounce vials.

Space for powder papers, instruments, etc. Case made of Black Grained Russia Leather, leather lined throughout, and mounted with German silver combination corners, nickel spring lock with key, making the most substantial, complete and richest-looking Physician's Case ever placed on the market.

It should be noted that the No. 1600 Case is protected by *German Silver* combination corners; also nickel edge trimmings around the center partition, which serves to protect from wear, and to keep the partition in place. These improvements are found only in the No. 1600 Improved Buggy Case, it being the constant aim of the manufacturers to make this Case as near perfect as skillful labor and carefully selected material will make it.

The above article is arranged, as will be seen, for holding eight of our beautiful half pound bottles of "Bulk Odors."

The chief merit of the invention is, that it excludes LIGHT—which injures the quality—and prevents the TOO FREE SAMPLING of the goods.

Many of our customers already using these cases report that the prominence given their perfume department increases their sale of odors.

The cases are furnished in antique oak or cherry, and their fronts are embellished with a neat, frosted gold lettered sign on Japan steel plates, so that they make an attractive as well as useful piece of counter furniture.

Druggists ordering four pounds Triple Extracts ($16.00 worth in ½ pounds, assorted odors) will be supplied with a Protective Case FREE by mentioning this offer. Order through

Briggs' (for marking linen).....per dozen, $2 00

For convenience in marking certain coarse fabrics, like crash, hose, etc., etc.

Briggs' Marking Pen

has been justly celebrated for the past 20 years.

Payson's Complete Marking Apparatus.

A multum in parvo, is Payson's Combination, which consists of a vial of Payson's Ink and a pointed Briggs' Pen in a neatly turned wooden case. This has great advantages over any other similar combination, as shown in the cut.

Barnes' Eye Dropper. Observe fine point.

NOTICE.—Barnes' Droppers have the rubber at the end molded in form of a Stopper, enabling it to be used in place of a Cork—also to be kept constantly in a bottle, always ready for use, thus preventing breakage, evaporation of the medicine, and accumulation of dust in the point.

All drop prescriptions should be stoppered with Barnes' Dropper.

Ordinary Medicine Droppers, straight, 1 dozen in a box.....Per doz., 36c.

THE DIAMOND SAFETY RAZOR.

PATENTED:
September 22d, 1885.
November 17th, 1885.

$18 00 per dozen. Complete with Hone.

Every man his own barber. A physical impossibility to cut yourself while using it.

$3.00 PER DOZEN.

The Diamond Safety Razor is a new and most excellent invention, which renders shaving an easy task, and totally obviates all danger of cutting the face. After much painstaking and experimenting, we have finally succeeded in perfecting what we most confidently believe to be the best Safety Razor in the market. It is simple, easily handled and understood. It absolutely requires no practice to use it successfully. By lathering the face well and stropping the blade carefully, a perfect, clean shave is the result.

The blades are manufactured from the best steel obtainable, and are all guaranteed.

As each and every part of the Diamond Safety Razor is interchangeable, a new blade at any time is readily adjusted to the holder.

The Razors are packed neatly, one in a box, together with a holder for honing and stropping the blade; also in packages of half dozen each.

We respectfully solicit your orders.

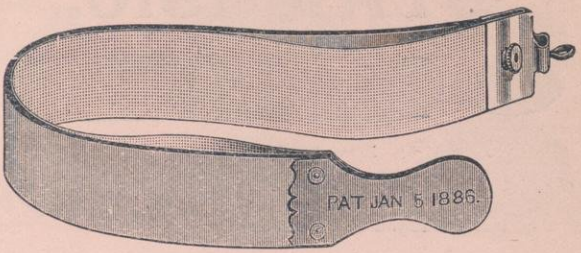
RAZOR STROPS.—(Flexible.)



No. 47 Combination Strop
Per dozen, $12 00.

The above cut illustrates a "Combination Strop" in which is combined a Heavy Buffalo Belt Strop, with a Hose Strop by adjusting to the upper end a neat Swivel Stropholder, and providing the lower end with a heavy handle, so that a new strop can easily be put in place should either side be cut or worn out.

All of these Linen Strops are worn and reduced to a surface by a patented process of frictional machine pressure so that they are ready for immediate use, which saves barbers the trouble of "breaking in" a new strop, and places the same device, which professionals use, within the reach of an amateur shaver, who would not in a lifetime reduce a raw strop to a surface. Only the finer grades of linen Duck and Hose Strops made, as Cotton Strops prove useless in comparison to linen ones; although cheaper, they are going out of use.

Be careful to state in order if desired oiled or unoiled.

Vol. 20. "THE OLD SALAMANDER." 1890.

No. 10. Patented 22-inch Polished Linen Duck Strop. Per doz..... $5 00

No. 70. 24-inch Extra Heavy Buffalo Belt Strop, Oiled or Unoiled, per doz. $4 00.

"STAR 1810."

Price, $6.00 per dozen.

Ask for the "STAR 1810." Star 1810 means the Original Quality, Genuine EMERSON'S ELASTIC RAZOR STRAP, established 1810, and endorsed by the leading cutlers and most fastidious users of three generations. See that "Star" trademark is on the white label.

Price $6.00 Per Dozen.

We first thoroughly introduced the tension Strap to the American market under the distinctive name of "German Belt." See that Label corresponds with above cut.

THE IMPROVED

KNICKERBOCKER

SHOULDER BRACE.

∴"WALK UPRIGHT IN LIFE."∴

The importance of a Shoulder Brace in holding the body erect, expanding the chest, preventing round shoulders and hollow chest, is well understood. Many attempts have been made to present a suitable article for this purpose, all of which, however, were objectionable in some respects, which prevented their coming into general use. In the "KNICKERBOCKER BRACE" all objections have been overcome.

When properly adjusted, it is entirely free from chafing or pressure against the muscles under the arms. The brace and restraint is on the point of the shoulders in front, reminding and prompting the wearer to stand erect, and at the same time enable him to assume any position without discomfort.

It is a Combined Shoulder Brace and Suspender. It provides new and improved Suspenders for men's pants, and supporters for ladies' underskirts, which do the double duty of holding up and bracing up.

Withal, the price is so reasonable as to bring it within the reach of all classes of men, women and children.

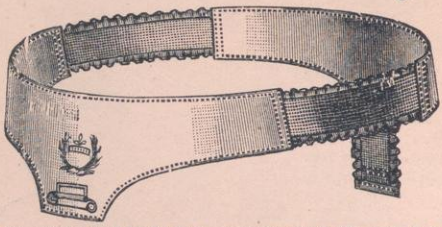
The Trade supplied by PETER VAN SCHAACK & SONS.

Ladies' Elastic Doily Belt



SILK TRIMMINGS AND SILK ELASTIC.

Postpaid each $1.00. Per dozen $7.50.

This Belt, made in both Silk and Thread Elastic, is worn by ladies during their menstrual period, for the convenience of attaching the napkin, and is indispensable for comfort. In walking or sitting, it conforms to the varying positions of the body, thereby preventing all tendency to chafe. It is easily adjusted, and will not interfere with the other garments.

To Adjust.—Step in and draw over the hips. Can be fitted to any form.

ANTISEPTIC AND ABSORBENT PAD

One dozen in box, 50 cents. Sold only by the box.

These Pads, made from Cotton, Gauze and Bandage, have been rendered "Antiseptic," thus making a very convenient and entirely safe substitute for the old style napkin, and are highly recommended by all our prominent medical authorities. For traveling, and especially for long voyages, they are a necessity, as their antiseptic nature prevents them from carrying germs of disease and enables their being kept until convenient to burn, or otherwise dispose of. Their cheapness combined with their downy softness, absorbent and antiseptic properties, recommend them for regular use, as a good substitute for the old style cumbrous, hot and chafing napkins.

A full stock of these ladies' necessaries always in stock in our complete Sundry Stock.

WERUM'S
WEAK BACK AND ABDOMINAL SUPPORTER.

Cures Weak or Lame Back, Female Weakness, Etc.

LADIES: If you knew hew much it would benefit you, you would OBTAIN ONE IMMEDIATELY. It is entirely different from all other Supporters.

FOR LADIES.

FIG. 80.

BACK VIEW FRONT VIEW.

The two Steel Stays in the back can be bent by the fingers to any curve desired.

We are the Patentees and Sole Manufacturers.

It is a mechanical support for Weak or Lame Back, and for the abdomen. Designed for the purpose of supporting the weakened muscles of the back, to give strength to the parts, relieving all pain in the back and hips, and to support the abdomen in all cases where an abdominal support is required.

Such an appliance has long been wished for by many of our best physicians, and having had numerous calls for such a supporter we decided to construct one that would be sure to meet with their universal approval.

IT FITS LIKE A GLOVE.

We are making them of fine material, extra stout. We have found by experience that this material will wear much longer than leather, and will not stain the clothing. It is also lighter and cooler, and can be washed. Although it is extra stout, it is so thin that it takes less room than a corset does, and by means of the buckles and laces, the wearer can alter her form to suit herself and compress the waist and abdomen at any point necessary to produce a graceful form. It will also gradually reduce the size of the abdomen.

The back support has two stays to fit on either side of the spine. These stays can be bent or shaped to fit the body, and they aid very much in making the supporter effective.

The upper part of the back support is provided with two pads, to fit on either side of the spine in the small of the back, and the pressure can be regulated by the lacing.

IT CAN NOT SLIP UP.

This will be appreciated by ladies who have been wearing the old style abdominal supporters with disagreeable understraps passing between the limbs.

It is also an admirable support for the weakened muscles of the inguinal region, having a tendency to prevent a hernia or rupture.

They are made in different sizes. Each neatly packed in a box and sent by mail, postage prepaid, on receipt of the price.

PRICE: { Regular sizes, $2.00 each. Highly polished rubber cup pessaries, with stem attachment, $1.50.

DIRECTIONS FOR MEASUREMENT.

Give the circumference of the body under the clothing, around the full part of the abdomen, about two inches below top of the hips. Also, number of inches around the small part of the waist. In giving waist measure do not judge from the size of corset you wear, but give the exact size of the waist in inches.

Sent by mail from our instrument department. Your orders solicited.

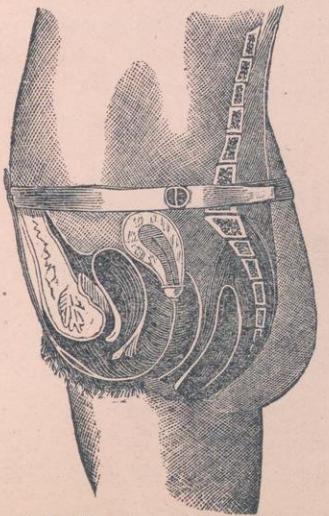
Pure Silver is better than Rubber



And at the price is nearly as cheap.

BABCOCK'S
PATENT
SUPPORTERS

It is absolutely wrong, and an injustice to any lady patient, to prescribe, recommend or use any instrument made of Rubber, Brass, Copper or Iron, however well plated with silver; *for it will corrode, and irritate the parts, and make the patient worse;* and to use any instrument made of *white metal, that will bend like a string, is nonsense.* No physician would dare tie a deep-seated artery with a copper or iron wire, or use rubber for such a purpose because it is cheaper than pure silver; and the practice of using *corrosive instruments in the vagina is equally bad.*

Instruments made of white metal have been sold as mine, but the cheat can so easily be seen that no one should be deceived by it. They bend as easily as lead, and have no strength to hold up a prolapsed uterus. Instruments made of rubber, with straps over the *anus to hold it in place*, with the cup and stem fastened to a strap or movable joint, *can have no other effect than to produce Retroversion*, which any physician can see by a moment's reflection.

A side view of the Female Pelvis, showing the application of DR. BABCOCK'S UTERINE SUPPORTER, holding the Prolapsed Uterus up in its place without interfering with any other organ.

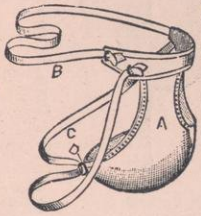
SYRACUSE SUSPENSORY BANDAGE.

With Self-Adjusting Sliding Loop at Back of Pouch.

The Pouch (A) is supported by two bands, the large band (B) passing around the body, and the small band (C) passing around the buttocks and through the sliding loop (D). The loop (D) slides freely on the small band (C) and thereby allows the pouch to adjust itself just as the movements of the person or clothing require; consequently the Suspensory will fit, no matter what position the body may assume.



The sliding loop (D) makes SUSPENSORY SELF-ADJUSTING and gives FREEDOM OF MOVEMENT, PREVENTS PULLING, CORDING and CHAFING, Gives SUPPORT WITHOUT RESTRAINT OF MOTION, renders DISPLACEMENT IMPOSSIBLE, makes our Suspensory PERFECT FITTING and affords COMFORT and RELIEF to WEARER.

PAT'D FEB. 22-1876 & JAN. 3-1888

Nos. 117 & 119.

No. 100 is the Apron without any suspensory, $1.50 doz.

No. 117 is the Apron with a lisle thread suspensory, $3.50 doz.

No. 119 is the Apron with a silk thread suspensory, $5. 00 doz.

D. A. B. D's are used to keep the clothing and bedding from becoming soiled while afflicted with gonorrhœa or gleet, and to support the testicles, thereby relieving the cords, preventing much irritation, and consequent swelling, and assist materially in the cure of the disease.

DIRECTIONS FOR USE.

1st.—Put a small quantity of absorbent cotton in the bottom of the apron A, which will absorb the discharge. The cotton should be changed for clean cotton frequently.

2d.—Pass the penis through the center hole B, and buckle belt C around the body, and pass the understraps D D under each leg, and tie in loops on belt C.

The front of the apron may be unbuttoned and turned down to insert, or change the cotton, or to urinate while wearing the apron, without taking it off.

The understraps render it impossible for the apron to become misplaced at night.

The apron is cool and ventilating, and admits a free circulation of air like any other portion of the clothing, while pouches made of India rubber, oiled silk, etc., retain the heat and perspiration, causing an irritation, which aggravates the disease and often prevents a cure.

The penis should be washed in clean cold water frequently, to be cleanly, and allay the fever, which will hasten the cure.

No wrapping required.

The lower section of the apron A is double.

This is also an invaluable article for persons troubled with incontinence of urine.

AN IMPROVEMENT IN

IMMISCH'S AVITREOUS CLINICAL THERMOMETER.

MAXIMA.

This recent improvement in the AVITREOUS THERMOMETER consists of an arrangement for registering the temperature by means of a stop-catch through the handle, which upon being withdrawn, arrests the dial-hand, and, when pressed back, releases it. By this simple device the exact temperature of the body can be taken and registered for any length of time desired.

As in the old style they are perfectly water-tight, and each thermometer is guaranteed.

BECK'S

Improved Clinical Thermometer.

—IN GOLD PLATED CASE WITH CHAIN—

Price complete .....$1.50.

The object of my invention is to prevent the loss of the index, which I accomplished by constructing a thermometer, whose lower open end is made to project nearly to the bottom of the bulb, whereby said lower end will remain constantly surrounded by the mercury in the bulb. By this means the AIR BUBBLE which separates the index from the main column is absolutely prevented from being lost, and thus a permanent index is secured.

All my thermometers are made from seasoned tube, and when filled and sealed are stored for 12 months before engraving; this being acknowledged the only sure method of obtaining an unvarying indication in its fractional readings.

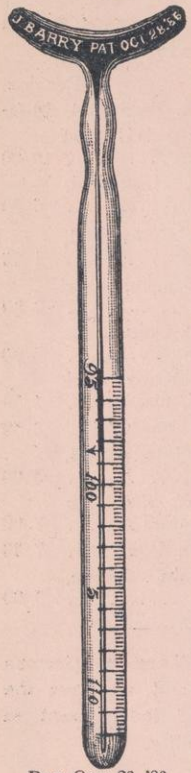
BARRY'S PATENT

(NEW FORM.)

A NEW FORM OF CLINICAL THERMOMETER FOR TAKING TEMPERATURE UNDER THE TONGUE.

No. 1.



PAT. OCT. 28, '86.

No. 2.

My improvement is in the stem, or graduated part, being brought parallel with the center of the cylinder, and having the bulb partly curvative so that it will come in contact with all the necessary parts under the tongue, and at the same time will rest securely and not slide either way. By this means, as well as by the fact that the bulb is surrounded by the flesh either with the MOUTH SHUT OR OPEN, the heat being evenly distributed, a uniform and satisfactory result is obtained.

The instrument may be used for surface temperature, and its crutch shape also adapts it to the Axilla.

They cannot roll, are strongly made, and with ordinary care will last for years.

Price, in Lancet Morocco Case for vest pocket, $2.00 each.

No. 2 represents the whole column forming Index (called indestructible register.)

They are well seasoned before finished, and are positively correct instruments. They will rest on their flat back, and breakage from rolling is lessened. They have an indelible black that will not rub off. They are sufficiently magnifying to be easily seen by any practitioner. They are indorsed for their accuracy, and are in practical use by more than 40,000 physicians in the U. S. They do their work in a perfect vacuum. Are air and water tight, and can never rust.

Physicians when purchasing these instruments will please ask their nearest dealer for them.

Pat. date, with initials or name are on the instruments.

I shall be pleased at any time to test any instrument of my manufacture, and return to owner with report of its condition. CAN BE PURCHASED FROM ALL LEADING DEALERS. Also my very old ones, with certificates of correction from Yale College.

Will be forwarded in metal or rubber pocket cases to any address post-paid upon receipt of $1.50 each.

Also the round glass, with contracted stem, $1.25. Ordinary round, plain stem, $1.00 each.

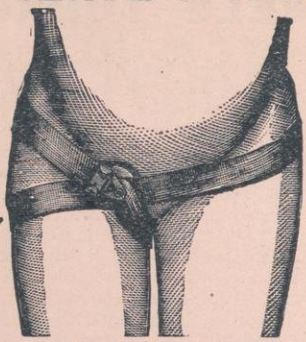
WERUM'S

Elastic



Truss.

For the Relief and Cure of Hernia.

THE pad for WERUM'S ELASTIC TRUSS is made now of SOLID NICKEL SILVER, and can not rust.

It is held by the belt in such a manner as to prevent it from slipping either sideways, up or down, which is a very important matter. The pads for youths' and infants' trusses are made of polished Florida cedar. The belts for infants' trusses are made of fine silk webbing.

This celebrated Truss is used now by thousands of people who say *it is the most comfortable of any they have ever worn*, and that it is undoubtedly the best in use.

Because:

It can be worn day or night, on either side.

It will not chafe the wearer.

It can not slip from its position.

It can be placed on any part of the abdomen, for any kind of hernia.

It weighs only a few ounces, and can be sent by mail for a few cents.

It is applied in such a manner as to secure a pressure on the pad, without drawing the belt tight enough to feel uncomfortable.

It is simple, cheap, easily adjusted, and durable.

The pad and belt can be separated and a new belt replaced if desired, in half a minute.

It is provided with an adjustable buckle, with which the wearer can increase or diminish the pressure at will.

The quality has been greatly improved lately, and at the same time the prices are reduced to those named below:

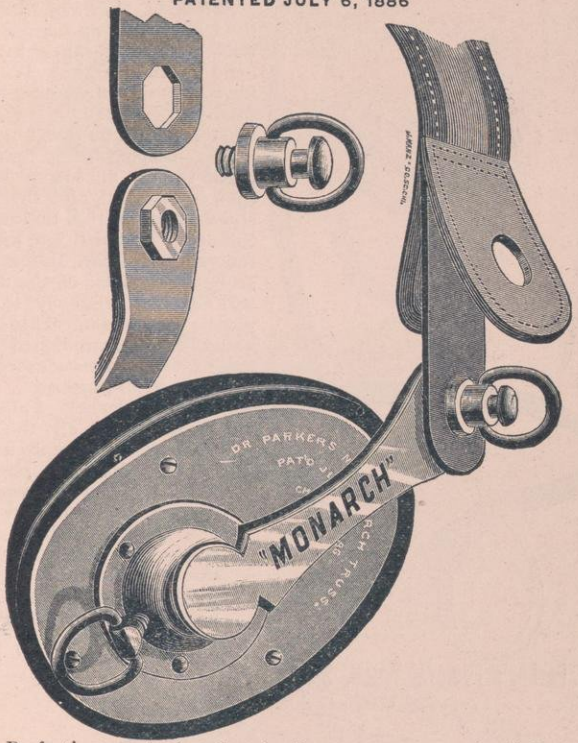
DR. PARKER'S MONARCH TRUSS.

PATENTED JULY 6, 1886



Vol. 20. "THE OLD SALAMANDER," 1890.

Perfection reached at last by improvements on the "Common Sense Truss" that Dr. Parker has made so famous in almost every country in the world.

The Monarch Truss is only the width of the spring at the connection of the spring and pad part, thus avoiding the irritation that has been so troublesome in trusses generally.

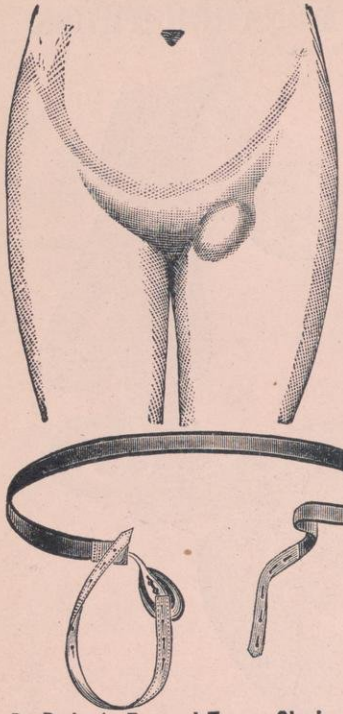
The octagon projection combined with the ring-screw renders the joint more secure, less cumbersome; perfect adjustment right and left or different angles. The ring-screw pressing direct against the ball, in connection with the two set-screws at an angle opposite which are placed under the pad plate, effectually control the ball and socket joint.

ADULT SIZES ONLY.

Single, per dozen.....$21 00 | Double, per dozen.....$42 00

Springs enameled full length and proper shape, Russia, calf, or silk cover pad plate, and neck gold plated. Enameled cedar or soft pads. The finest truss for the money on the market.

FEMORAL HERNIA.



FEMORAL HERNIA follows the large artery and vein, and makes its appearance in the bend of the thigh. Trusses for Femoral rupture have been totally neglected. Inguinal trusses cannot be relied upon.

The bearing of a femoral truss should be lower down than in inguinal, and the pad should rest in the hollow at the upper part of thigh, and as the pad lies upon the crural arch, the motions of the thigh will have no tendency to displace the truss. This has never been accomplished outside of instruments adapted for the special purpose.

The Parker Femoral Truss meets all the requirements necessary for retaining femoral hernia. The angle of the pad is brought more downward, and the malleable neck connecting the pad with the spring admits of still more of an angle, even to a right angle, if desired.

Dr. Parker's Femoral Truss, Single.

Dr. Parker's Femoral Truss, Double.

TRUSSES—Continued.

Dr. Parker's Lever Elastic Truss and Abdominal Supporter.

The Lever Elastic Truss is an Elastic Band, united to an abdominal pad, of proper shape and construction to give a support to the abdominal muscles, with one or two adjustable rupture pads attached as the case may require, for single or double rupture. Firmly attached to the lower part of the abdominal pad is a graduated spring lever, the object of which invention is to overcome the objections which have always hitherto rendered the various so-called elastic trusses almost useless for retaining hernia. The effect of our Graduated Lever is to increase the pressure on the lower part of the abdominal pad, and at the same time bring about an upward and inward support, thereby effectually preventing any escape of the rupture; this result is absolutely unattainable in any other elastic or belt truss now before the public.

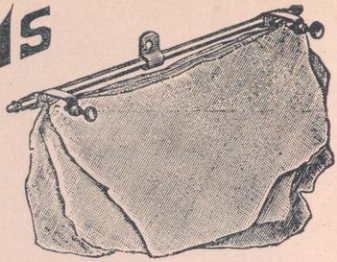
VEEDER'S CHAMOIS SKIN HOLDER



The CHAMOIS HOLDER binds the butts of the skins securely, and admits of the removal of any skin without disturbing the others. Each sized skin can be kept separately, and a ways in order. Holder has attachment for hanging up, or can be folded within the kip of skins. Each holder will contain a kip of thirty skins. The 10 inch will bind from the smaller to the medium size, the 12 inch will hold from the medium to quite large skins, 14 inch will hold the largest skins generally sold, while the 16 and 18 inch will hold the largest in the market. The long bar is light, strong, hexagonal in form, nickel-plated, highly polished, has handsome turned and milled acorn ends, blue steel brackets and nickel plated thumb screws.

DIRECTIONS.—In putting skins on holder, press the needle through the skin about ⅛ inch from edge. After skins are on the needles, turn thumb screws down until needles enter the ends of same. Remove (with a little force) any skin desired. The back of needle has a cutting edge.

PATENTED.

PETER VAN SCHAACK & SONS.

For Superior Excellence in ease and smoothness of operation, thorough workmanship, it is altogether the best Gynæcological Chair the Jury have ever had the pleasure of examining. It is especially commended for the method of the mechanism whereby the head may be lowered in case of chloroform narcosis.

In presenting our Operating Chair to the profession with new and important attachments, we are confident it will be received and adopted, as furnishing the most complete Chair and Operating Table for the Gynæcologist and Surgeon, which upon examination will at once convince any operator of its practicability. It cannot break or get out of order, and is the only chair made so simple in construction that it can be readily changed to various positions without *crank, screw, or cog wheel,* from either side of the chair. No disconnections necessary to change from chair to table, or *vice versa.* We present this chair to the physician as a scientific as well as *pecuniary* addition to his profession.

CRUTCHES.

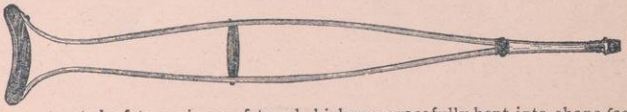
In ordering, please give precise measure from under the arm to floor when standing erect, or if patient is in a horizontal position, length from under arm to sole of foot.

STYLE NO. 1.

Style No. 1, hickory.....per pair $1 00

Is a plain Crutch, made of one piece of wood, half-round, second growth hickory. The upper half is split and bent into shape; the arm-piece is also made of bent wood, and is firmly connected with the ends by two strong bolts; a threaded bolt, with nut, firmly connecting the handle with the uprights, which makes it the "strongest cheap Crutch" in the market. They have plain iron ferrule.

STYLE NO. 2.



Is constructed of two pieces of tough hickory, gracefully bent into shape (as per cut), firmly glued and riveted together at the lower end, also bolted to a bent arm-piece at the upper end. A threaded bolt, with nuts, firmly connecting the handle with the uprights, is a decided improvement on rivets commonly used. It has a neatly shaped brass socket and rubber cushion, and is also finished in the natural color of the wood.

	Per pair.
Style No. 2 Crutches, Hickory, with plain Brass Sockets and Rubber Cushions	$2 50
Style No. 2 Crutches, Hickory, with Patent Jaw Sockets (nickel plated)	3 50
" 2 " Rosewood, with plain Brass Sockets and Rubber Cushions (nickel plated)	5 00
Style No. 2 Crutches, Rosewood, with Patent Jaw Sockets (nickel plated)	6 00

STYLE NO. 3.

These are made of second growth hickory. The lower ends are firmly connected, well glued and riveted, and supplied with patent socket, with rubber cushions. The upper ends are coanected with an elastic arm-piece of leather, stuffed with curled hair. This style is highly finished in natural color of the wood. Socket and bands are nickel plated.

	Per pair.
Style No. 3 Crutches, Hickory, with plain Brass Sockets and Rubber Cushions (nickel plated)	$5 00
Style No. 3 Crutches, Hickory, with Patent Jaw Sockets (nickel plated)	6 00

We beg to inform you that there has been established in this country a manufactory for the production of

Artificial Eyes,

using exclusively the finest material, and employing a skilled artist, from Paris, France.

We are thus enabled to furnish an Eye in shape and color to harmonize exactly with the natural eye—a result seldom, if ever, attained heretofore in this country. We shall make a specialty of this branch of our business.

We keep a large stock of Artificial Eyes constantly on hand, and send an assortment by express for physician or patient to select from, on receipt of an old eye, or a description of the natural eye, mentioning whether required for the right or left side.

A liberal discount to physicians and dealers.

Special terms given on wholesale orders, and for Hospitals, Free Dispensaries, and other Charitable Institutions.

"RED ANCHOR" REGISTERED TRADEMARK.

THERE IS MONEY IN THEM FOR THE DRUGGIST.

THE WORLD-RENOWNED

RED ANCHOR PAIN EXPELLER,

The best known remedy for Rheumatism, Gout, Sciatica, Lumbago, Stiff Joints, Neuralgia, Colds, Influenza; never fails to cure. Several million bottles sold every year. Sells not by humbug advertisements, but by personal recommendation of those who have tried it, and use it ever since. Though comparatively new in this country, **Anchor Pain Expeller** has already a very large sale among the Germans, Poles, Bohemians, etc., who know its value from their own experience made in Europe, and who stick to it for life. **Anchor Pain Expeller** draws a large trade.

The most flattering proofs of the efficacy of the **Genuine Red Anchor Pain Expeller** are the numerous imitations which formerly existed in this market. Several unscrupulous imitators of our Trademarks and Labels have been convicted and enjoined from their further use.

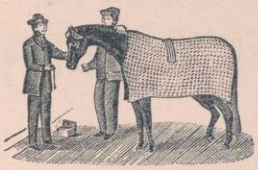
WM. SOMERVILLE & SONS'

CELEBRATED

Anti-Fever Anti-Pain

(Or COLIC)



Medicine. Medicine.

The Anti-Fever Medicine has now been in use over thirty years as a specific in all diseases of an inflammatory character in horses and cattle. Anti-Fever Medicine is a certain cure for chills and fever, sore throat, inflammation of the lungs, coughs, staggers, inflammation of the bowels, spasmodic colic, and milk fever in cows. This valuable medicine is now used by the principal stables in the country, by the United States, and American Express companies, and many of the street car companies. Use one bottle and you will be convinced of its value in your stable. Sold by all druggists. **Price $1.00 bottle.** Discount to the trade.

The Anti-Pain Mixture is warranted to cure spasmodic colic (dry colic), indigestion (wind colic), difficulty in urinating, cramps, and other painful attacks, quicker than any other remedy used for those diseases. Is a certain and speedy cure for colic or acute pain in any form in horses, cattle, or the smaller animals. One trial of this useful remedy will fully prove the truth of this assertion, and after being used once the stable will never be again without it.

Horsemen using our Anti-Fever Medicine or the Anti-Pain Mixture must not try to substitute the one for the other, as each medicine is only recommended as a specific in such diseases as are marked on the label. Address,

IMPORTANT
To the Druggist!

Special Commercial
CASTOR OIL,
FOR THE DRUG TRADE.

Special Commercial Castor Oil is a substiute for **No. 1 or No. 3 Castor Oil** for Lubricating and Mechanical purposes, as it is manufactured and refined with great care, by a special process from a combination of **Vegetable Oils,** thereby making it **a perfect duplicate of pure Castor** for Lubricating purposes, and as the bulk of pure Caster Oil that is bought and sold is used for said purposes, our special Commercial Castor takes its place at a **much lower price,** and at the same time gives the purchaser the **same commercial value.** The color of this Oil is equal to the very best Cold Pressed Castor, it being a difficult matter to distinguish one from the other, and for this reason we have received a number of inquiries from Druggists asking what effect our Special Commercial Castor would have, if taken by mistake as a medicine.

We wish to assure you that there is nothing **harmful or deleterious** in it.

We do not sell this Oil for Medicinal purposes, but if taken by mistake as a medicine, the only effect would be a slight nausea, as is always experienced in taking pure Castor.

We offer this Oil to you with a feeling of confidence, that when you know its **merits,** you will adopt it to take the place of pure Castor Oil.

THOMSEN'S EXTRACT OF MALT IS A STRICTLY PURE PREPARATION

guaranteed to be without any adulteration whatever, and containing the highest diastatic power obtainable in malt: 100 parts of our malt will convert in 5 hours at the temperature 35°—40° C 130 parts of starch into sugar, which has been proved by several chemists of highest standing in this country.

Our Cod Liver Oil Emulsion (50 per cent) is unsurpassed and will keep for years without separating. It consists of our strictly pure Malt, and the purest and finest Norwegian Cod Liver Oil imported. For all our mixed preparations we use the purest drugs obtainable. We make our own Hops and Cascara Sagrada Extract, and can therefore guarantee their purity.

LOOSE PACKED

SELECT HOPS & SAGE.

THE ADVANTAGES OF LOOSE PACKED HOPS ARE.

FIRST. That we Select them only from the best stock with special reference to the quality required for yeast and medicinal purposes.

SECOND. They are always of uniform strength and quality.

THIRD. That being loose packed the Hops are left in their original state, preserving all the good qualities, which is not the case with pressed Hops, from the hard pressure the oil cells are broken whereby the oil evaporates and soon become entirely worthless.

When ordering pressed Herbs &c., Specify HUBER'S and you will get prime goods. Roots and Barks in oz. packages, HUBER'S were the first in the market and take the lead, fifteen years is no new experiment.

CANCER

If you know of any sufferer from cancer it is your duty to call attention to Swift's Specific as a relief for the horrible disease. It has cured thousands of cases, many of them considered hopeless. We have a pamphlet on cancers and blood diseases which we will mail free to applicants.

SWIFT SPECIFIC COMPANY,
Drawer 3, Atlanta, Ga.

TRADE S.S.S. MARK.

THE WORLD OUGHT TO KNOW IT.

The world ought to know what S. S. S. has done for me in the cure of a malignant cancer, which was so bad as to be considered incurable by the physicians in Chicago, where I went to be treated. The hospital surgeons gave me up, saying they could do nothing for me. One of my neighbors sent me a copy of an advertisement cut from a paper in regard to Swift's Specific, and I began taking it. I got relief from the first few doses; the poison was gradually forced out of my system, and I was soon cured, sound and well. It is now ten months since I quit taking S. S. S., and I have no sign of the return of the dreadful disease. There are thousands of people going to their graves every year with cancer and they ought to know of the virtue of S. S. S.

Au Sable, Mich. MRS. ANN BOTHWELL.

I had a sore on my upper lip for eight years, which seven different doctors tried to heal, but in vain. I became quite uneasy about it and took a course of S. S. S., which healed up the cancer or ulcer, and so cleansed my blood that I am in excellent health.

Trenton, Ky. MRS. W. P. CANNON.

My father had for years an eating cancer on his under lip, which had been gradually growing worse until it had eaten away his under lip down to the gums, and was feeding itself on the inside of his cheek, and the surgeons said a horrible death was soon to come. We gave him nine bottles of Swift's Specific and he has been entirely cured. W. B. LATHROP.

South Easton, Mass.

CANCER OF THE TONGUE.

My wife, some three or four years ago, was troubled with an ulcer on the side of her tongue near the throat. The pain was incessant, causing loss of sleep and producing great nervous prostration. Accompanying this trouble was rheumatism. It had passed from the shoulders and centered in the wrist of one hand, she almost losing the use of it. Between the suffering of the two, life had grown burdensome. By the use of a half dozen small sized bottles of Swift's Specific, she was entirely relieved and restored to health. This was three years ago, and there has been no return of the disease. H. L. MIDDLEBROOKS.

DUFFY'S PURE MALT WHISKY

For Medicinal and Family Use.

NO FUSEL OIL. ABSOLUTELY PURE.

CONSUMPTION, MALARIA, DYSPEPSIA, OLD AGE.

Awarded First Prize, Gold Medal, World's Exposition, for Excellence and Purity.

We are the discoverers and only manufacturers in the world of an ABSOLUTELY PURE WHISKY.

It is a superior brand of PURE OLD WHISKY, and while, in every respect, and for every purpose for which a PURE whisky is used, it is SUPERIOR to any other old whisky on the market, it is, in addition, owing to the peculiar process of its distillation, whereby EVERY TRACE OF FUSEL OIL IS ELIMINATED, especially fitted for MEDICINAL USE. For the same reason it is UNEQUALED AS A BEVERAGE FOR SOCIAL PURPOSES.

DUFFY'S FORMULA.

A CERTAIN CURE FOR THE FIRST STAGES OF CONSUMPTION.

Its main ingredients are raw beef and Duffy's Pure Malt Whisky, and it stimulates the energies and builds up the tissues as no other scientific discovery has ever done.

DUFFY'S TOWER MINT CURE.

An invaluable tonic for females. Secures and establishes regularity of the menstrual functions, relieving pain and distress.

FOR SALE BY ALL DRUGGISTS.

PRICE $1.00 PER BOTTLE.

Sold only in sealed bottles, to guarantee purity, and insure uniform quality and none genuine except such as bear our trade mark label of the old chemist, and the name of company blown on bottle.

Pure Glycerine.

There is so much Glycerine of inferior quality which is sold for, but is not chemically pure, that we feel the necessity of calling the attention of careful druggists to the fact, and urging the importance of testing it carefully for themselves.

It sometimes happens that the external application of Glycerine irritates the skin. This in a large majority of cases is because of the impurities and inferior quality of the article used, which, though white and inodorous, contains Lime, Chlorides, Lead, or Sulphates.

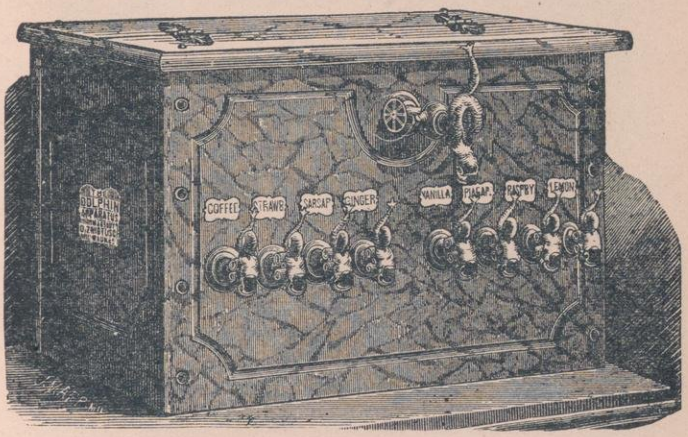
CHESTNUT ST.,

MILWAUKEE, WIS.



We have constantly on hand a selection of Generators, Fountains, Marble Draught Apparatus, Patent Atmospheric Apparatus, etc., etc.

All Apparatus manufactured by Mr. Zwietusch are made of the best material, and are furnished with his latest inventions and improvements. Among the most important we mention his Patent Generator, Patent Glass Syrup Faucet, Patent Double Stream Draught Tube, the Dolphin Faucet, Patent Atmospheric Apparatus, new Cooling Arrangements, Air Chamber, Improved Fountains, and the Patent Automatic, Self-Regulating Generator, used mostly for preserving Beer, Cider and Wines, which, together with lower prices, render his Apparatus equal, if not superior to Eastern manufacture, which is the testimony of all customers having them in use.

All orders filled by PETER VAN SCHAACK & SONS,

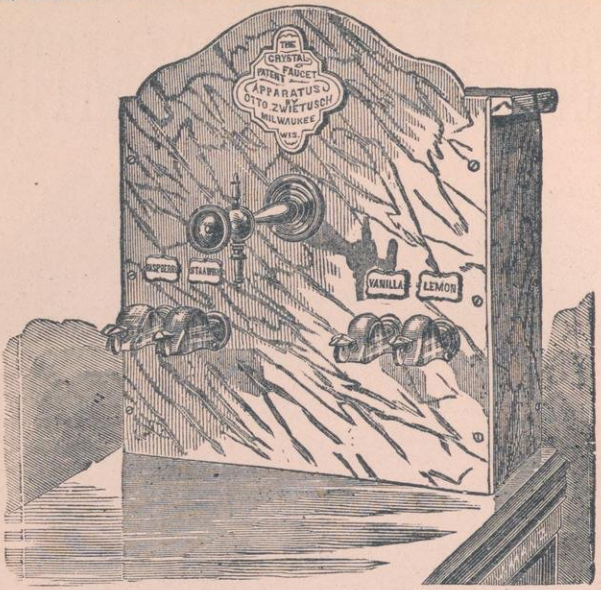
THE LITTLE TRAVELER!



The above apparatus I have designed for those who may not have space for a larger, or may not find it profitable to invest in a higher priced one, but still wish to draw a good glass of soda. It has a pleasing marble front, cover and sides, and a back of hard wood. The interior consists of tanks holding the syrup, and an ice box in which a cylinder cooler is placed. The front is adorned with a large silver nameplate, and has the Glass Syrup Faucets attached. The apparatus is made with four and six syrups, one draught arm, and is very convenient for bar rooms, etc.

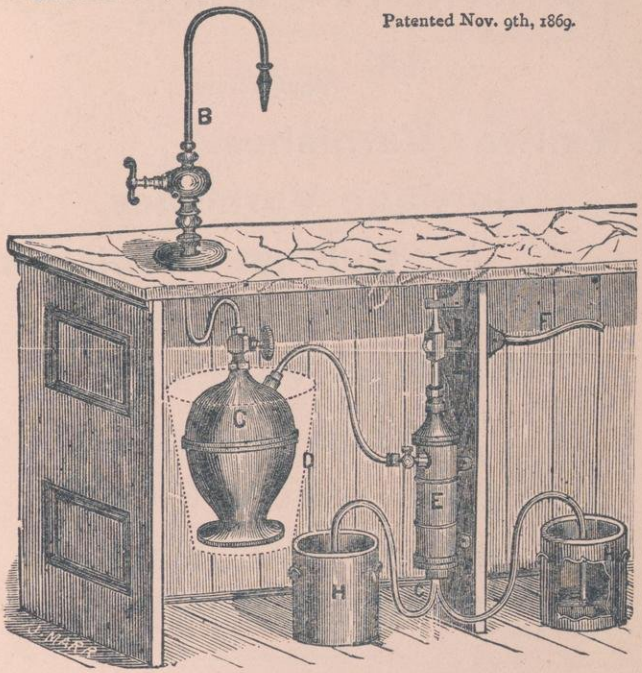
PATENT SODA WATER APPARATUS

Patented Nov. 9th, 1869.



Vol. 20. "THE OLD SALAMANDER." 1890.

The above represents a PATENT ATMOSPHERIC SODA WATER APPARATUS, which needs but to be seen to be appreciated by all familiar with the business. It is the most economical, as well as the most durable, the simplest, and therefore the best apparatus ever constructed. By this invention, the water, including the requisite syrups, can be drawn at a cost not exceeding 1½ cents per glass, leaving a handsome margin for the enterprising proprietor. There is no three nor four feet space occupied on the counter, and no cumbersome machinery to be put up. It can be placed anywhere, takes up but very little room, and never gets out of order. All parts coming in contact with acids, etc., are well protected by pure tin or silver against their corroding influence.

Bicarbonate of Soda and Acids must be used by this Apparatus to produce Soda Water, but by this machine the result is far better than by the old way, using common brass pumps and a single solution of Bicarbonate of Soda. No acids need be put into the Syrups, except the natural fruit extracts.

It consists of a well Tinned Pump, Copper Fountain, Tin Suction and Connection Pipes, Cooling Tub, and a heavy Silver-Plated Draw Cock.

Price of Apparatus, as shown above, - - - - - - - - $65 00

PETER VAN SCHAACK & SONS.

WHY NOT USE H. B. & W's?

We know there are many whose wants we could supply; and if they read what we write about in the leading Pharmaceutical Journals, they can hardly help finding something to interest them particularly.

The Druggist who wants to succeed must look at a more important factor about an article than simply its price. We mean the one that is constant, always unvarying—namely, the QUALITY. This is necessary in the prescription business; while in those articles that are set right out for retailing, another factor is needed—"looks."

Everything that looks well should also be good. Nobody thinks of buying poor drugs to make himself well.

Remember, please, that we are not novices at this work of manufacturing; so aren't our long years of experience, our unswerving adherence to that only which is pure—are not these of greatest importance to think of—to weigh and consider? So if you want reliable pharmaceuticals, we repeat, why not buy ours?

Our Fluid Extracts	*Our Sugar Coated Pills*
Our Solid Extracts	*Our Compressed Pills*
Our Powdered Extracts	*Our Compressed Tablets*
Our Gelatin Coated Pills	*Our Compressed Lozenges*

And One Thousand and One of our Miscellaneous

manufactures, that are adapted to the wants of every Druggist, and invariably elicit the Physician's most cordial approval. Don't be slow to consider this matter; we want your trade—"looks" and quality we throw in.

If you use Chocolate at your Soda Fountain or "Milk Shake," be sure to specify H. B. & W., that is acknowledged to be the best in the market for such use. *Can you realize that it goes as far as other varieties that cost twice as much?*

PETER VAN SCHAACK & SONS

will supply you with any of our goods, but please specify H. B. & W. on your order.

MOXIE

The Now Famous Albuminoid Nerve Food!

The only nourishment used by the nerves, artificially made ready for their absorption and support when the stomach is unable to digest for them.

The discovery of this process is another important addition to standard science, and is creating an intense interest in scientific circles in all parts of the United States. Who has not heard of MOXIE? Of its power to remove nervousness and the terrible tired feeling, and all the effects from worry, overwork and dissipated habits, acting only as a simple food in a new form of preparation, rendering Tonics and Stimulants unnecessary. It is now known in scientific circles that nervous exhaustion and the terrible tired feeling originates from malnutrition of the nerves.

WARNING—To dealers in and manufacturers of old style chewing gum.

Since we are the first to originate, manufacture and introduce an entirely new sugar-coated chewing compound to the public, various manufacturers of old style chewing gums are trying to imitate our methods. We hereby warn all chewing gum manufacturers to desist from sugar-coating same under penalty of the patent laws provided in such cases. All infringements on our patent rights relative to so sugar-coating, or the use of the word Chuddy, wholly or in part, will be promptly refered to our Patent Attorney, at Washington, D. C., for prompt and rigorous prosecution. Dealers are also cautioned not to aid or abet in the sale of unlicensed sugar-coated chewing gum whatsoever.

TWO NEW STYLES OF DERMADOR JUST OUT.

1. Style for Family and Physicians.

Owing to demand by physicians for something they could prescribe that was without so much of the veterinary specifications we have got up a very handsome wrapper of orange color, without the cut of horse, and is very suitable for the house, the surgery or dispensary. Two sizes, 25 and 50 cents.

2. An extra large stable size.

For the use of stable, livery men and stock owners generally, who have demanded larger quantities, we have got up a large size holding twice as much as the 50 cent size, and in a pyramid shaped bottle which will not easily upset; in cream colored wrappers with the cut of horse. Three sizes, at 25, 50 and 75 cents. Quality is same in all styles.

PROF. ANDERSON'S

DERMADOR

An effective healing lotion, discovered by the late HOMER ANDERSON, A. M. Professor of Chemistry in the Clinton Liberal Institute of the State of New York

One of the best Astringents known.

EXTERNALLY APPLIED, it affords almost instantaneous relief in cases of Sprains, Bruises, Dislocated Joints, Burns, Scalds, Cuts, Frost Bites, Chilblains, and Chapped Hands. Cures Pimples, Fever Sores, Sore Throat, Bronchitis, Inflammatory Rheumatism, and Inflammation of the Eye and Ear, Swollen Glands, Checks Bleeding Instantly. Its Antiseptic Qualities render it especially Valuable to Surgeons in Bandaging Suppurating Wounds. Inflammation cannot exist where it is applied.

AS A SHAVING WASH it has no superior—healing all Cuts, Pimples, and a "Too Close Shave" instantly. Will also cure Chapped Hands. Also, the best application now in use for Galls, Calks, Sprains and Flesh Wounds of all kinds on Horseflesh, and Garget, Sore Teats and Bags on Cattle.

Send for our pamphlet containing testimonials of the physicians and surgeons who have used it. Our other *Standard* preparations still retain their old time vigor and steady increase, and the trade will do well to keep them *always* on hand.

CELERY!

A REMEDY FOR NERVOUS DISEASES.

What the Medical Profession says about it, and the good results attending its use in Headache, Neuralgia, Nervousness, Indigestion, Sleeplessness, and Paralysis.

CELERY has come into public notice within the last few years as a nervine, but scientific experiments and experiences have proved beyond a doubt that it controls nervous irritation and periodic nervous and sick headaches to a marked degree.

Brown-Sequard says that Celery contains more nerve food than any other vegetable or substance found in nature. Celery was first discovered and used as a nervine by French physicians about 1867. But a combination of the EXTRACT OF CELERY AND CHAMOMILE, which has been but recently introduced to the profession and the public by Dr. C. W. Benson has produced such marvelous results in curing nervousness a d headaches, neuralgia, paralysis, indigestion and sleeplessness, that it has excited public attention and newspaper comments, and many physicians have tested the merits of this preparation with the best results, as quoted below from a few:

WHAT PHYSICIANS SAY.

"Dr. Benson's preparation of Celery and Chamomile for nervous diseases is the most important addition made to the materia medica in the last quarter of a century."—*Dr. J. W. Englar, of Baltimore.*

"The e pills are invaluable in nervous diseases."—*Dr. Hammond, of New York.*

"Dr. Benson's Pills are wor h their weight in gold in nervous and sick headache."—*Dr. A. Schlichter, of Baltimore.*

"Dr Benson's Pills for the cure of neuralgia are a succe s."—*Dr G P Holman, of Chr stiansburg, Va.*

These Pills are a special preparation only for the cure of specia diseases, as named, and for these diseases they are worthy of a trial by all intelli ent suffer rs. They are prepared expressly to cure sick heada h , nervou hea ache, dyspeptic headache, neuralgia, nervousness, paralysis, sleepless ess and indigesti n, and will cure any case. THE ARCTIC

Soda Water Apparatus.

Low Prices and Monthly Payments.

Soda Water is more profitable than anything which can be sold over a counter.

The consumption of Soda Water is greater to-day than ever before.

It is a fact that the attractiveness of the Apparatus has a great influence on the sale of the beverages.

Your Soda Water business can be doubled or trebled by substituting one of the new and elaborate styles of Apparatus for your old one.

As an advertisement, an attractive Apparatus is a greater help to any business than its cost invested in newspaper advertising.

I will sell you an elegant Apparatus, take your old one in part payment, and give you ample time in which to pay the difference. In many cases the additional profit on Soda Water has paid the difference.

Second-hand Apparatus, my own and every other make, in thorough repair, at very low prices and on particularly easy terms.

Adamson's Botanic Cough

BALSAM

The Most Speedy and Effective Cure.

It breaks up a cold and stops a cough more speedily, certainly and surely than any other medicine.

It cures all lung and throat diseases that can be reached by human aid.

Many persons have tested the efficacy of Adamson's Balsam in 'La Grippe" and kindred diseases, with the most gratifying success. It allays inflammation and puts a stop to tickling in the throat.

Other remedies may be shown you and recommended as being "just as good" as Adamson's, but remember, the genuine is the best.

Since the introduction over 25 years ago, it has constantly won its way into public favor until now it is the universal decision that Adamson's Botanic Balsam is the best remedy for curing coughs, colds and pulmonary complaints, including asthma.

Genuine made by F. W. Kinsman & Co., druggists, 343 Fourth av., New York. For sale by all druggists and dealers at 10c., 35c. and 75c. See that the name of F. W. Kinsman is blown in the glass. Take no other.

LITTLE LIVER PILLS

DO NOT GRIPE OR SICKEN.

DR. HARTER'S
LITTLE LIVER PILLS
are a sure cure for
SICK HEADACHE

And all troubles arising from Indigestion and constipation. The dose can be nicely adjusted to suit the case. One pill can never be too large a dose. Easy to take as so much sugar. 42 pills put up in a strong vial, which can be carried in the vest pocket, a great convenience to **travelers and business men.** Sold everywhere for 25 cts. a bottle.

INDIANAPOLIS, IND., January 20, 1889.—I have used Dr. Harter's Little Liver Pills and found them excellent. They do not gripe nor sicken as many kinds of pills do. I can cheerfully recommend them.
W. C. BULL.

DR. HARTER'S IRON TONIC

Has stood the test of years. It is a standard medicine. Recommended by physicians, clergymen and the public generally. Indispensable in all cases where a tonic is needed, in all weak and enfeebled states of the system from whatever cause. As a blood purifier and **beautifier of the complexion** it stands unrivaled. There are many imitations in the market. Get none but Dr. Harter's. See that the Crescent trade-mark with a vignette portrait of Dr. Harter is on every bottle.

DAYTON, O., April 18, 1889.—Dr. Harter's Iron Tonic did wonders for me when apparently nothing else would reach my case, and with its use I rallied rapidly from weakness into strength. I never regretted my testimony nor its general use.

The REGISTERED PHARMACIST.

The fact that a live practical journal is appreciated by the profession is proven by the present large circulation of the REGISTERED PHARMACIST.

During the year of 1890, we propose to give our readers a better journal than in the past, preserving the features which have given us such popularity, and by the assistance which has been guaranteed by a large number of practical druggists of acknowledged ability, endeavor to keep our readers abreast of progress.

First-class original articles of practical interest to druggists.

Editorials on the leading subjects of the day. Notes and Queries.

Quiz Department, to which answers are given in following issue—just what is wanted in preparing for examination.

The latest news and reports from all State Boards, Correspondence, Book Reviews, and Notices.

Trade Topics, which constitute an epitome of all important changes in the market, Adulterants, etc., Formulas, etc.

Extracts from letters received from Subscribers.

I have lately passed the examination of the Iowa State Board, and believe my success to be due to the fact that I have read and studied the quizzes and answers which appear monthly in THE REGISTERED PHARMACIST. The Trade Topics alone are worth many times the cost of the Journal. I would not be without it, and expect to take it as long as I remain in business. I would not be without your valuable journal finding it a great help in the study of pharmacy. As a quiz Compend it beats the world. Just the journal I want, as it is the most practical. The formulas are worth more than the subscription price. I never want to miss a single number, and always keep full files. The Registered Pharmacist is the journal which gives complete and comprehensive answers to queries, etc., etc.

PUBLISHED MONTHLY AT $1 00 A YEAR.

A back number will be sent free on application as a sample.

Vol. 20. "THE OLD SALAMANDER." 1890.

Mme. Modjeska's Prediction: "I believe the 'Ideal Felt Tooth Polisher' to be an invention that will in time almost supersede the brush of bristles."

Mr. John A. Offord, of New York *Evangelist* writes: "Long live the 'Ideal Felt Tooth Polisher.' I recommend it unhesitatingly."

Mr. Roman Debes, of John F. Zebley & Co., New York, writes: "It has done more for me with one application than ny bristle toothbrush could do in a dozen."

Mr. Chris. Woelz, Grand Island, Neb., writes: "It beats the old bristle brush all hollow."

Marian Harland describes the Ideal Felt Tooth Polisher as a "genuine blessing"—adding: "It keeps the gums red and healthy, polishes the enamel and prevents the formation of the unsightly and always-to-be-dreaded black line near the roots."

Mr. Chas. J. Perry, Perry's Pharmacy *Sun* Building writes: "The sale of your 'Ideal Felt Tooth Polishers' is extraordinary; they are rapidly growing in permanent favor as shown by the demand for extra 'felts.'"

Mr. W. G. Moffit, druggist, 60 Fulton St., writes: "Goods moving better than ever; gives satisfaction every time."

Messrs. C. C. Ford & Co., Knickerbocker Pharmacy, 2 W. 14th St., writes: "Our sales have been phenomenal; have sold three gross within thirty days."

Is positively the only sticky fly paper that will remain in perfect condition from one season through the next. No other coming anywhere near doing so.

When ordering sticky fly paper, it would be well to consider the advantages of Tanglefoot as a first-class article.

Tanglefoot is a standard article of merchandise for the following reasons:—

STICKY FLY PAPER

is as certain to be in demand, as warm weather is sure to come; therefore, if your stock is composed of a sticky fly paper which will not soil by age, you will have a standard article on hand that can be sold when the demand begins next season, if your supply was not entirely sold out at the close of

FLY TIME.

Tanglefoot is as good as the best in every respect, and better than all others in stability, cleanliness and neatness.

Include a box in your next order. Place it beside any other fly paper and be your own judge. We are confident that you will find Tanglefoot superior to all other brands.

We have sold this excellent fly paper for several seasons.

TO THE TRADE:

Questions and Answers.

Is Washburne's Salicylica a desirable article for us to handle?

Can we safely recommend it to our customers as an efficacious Rheumatic Remedy?

Will it pay us commercially to keep it in stock?

Can we expect increased demand from first sales?

As answer to the above we refer you to a few specimen voluntary statements made by druggists:

J. W. Collins & Sons, Druggists, Newark, Ohio.
We are pleased to state that Salicylica is selling well and giving excellent satisfaction. It is without doubt the best remedy for Rheumatism and Neuralgia that we have sold since in the drug trade, which is over 33 years.

Parrett & Son, Druggists, Greenfield, Ohio.
Washburne's Salicylica is immense. We are having large sales on it. It is the best thing we ever sold.

J. C. De La Cour, Druggist, Camden, N. J.
We have sold Salicylica for years, and from our own knowledge of it we now recommend it constantly. We have customers who go abroad to Germany and always take a supply for use while abroad.

H. A. Kennedy, M. D., Druggist, Cape May, N. J.
I have kept Washburne's Salicylica in stock for some time and believe it to be an excellent remedy for Rheumatism.

C. A. Sears, Druggist, 136 Hanover St., Boston, Mass.
I think Salicylica just the best Rheumatic Remedy made.

L. L. Atwood, Druggist, Pittsfield, Mass.
We have sold several gross already of your Salicylica with the very best of results.

J. J. Mack & Co., Wholesale Druggists, San Francisco, Cal.
Your Salicylica has great merit, from what our customers tell us.

Theo. Wollweber, Druggist, Los Angeles, Cal.
I buy Salicylica from my wholesale house and always recommend it to my customers, considering it to be really a very superior remedy.

A. Cass & Co., Druggists, Mishawaka, Ind.
We are handling Salicylica with good results.

T. P. Van Winkle, Druggist, Hartford City, Ind.
I have been carrying Salicylica for some time past, and had excellent results from it, so that I recommend it.

HEATHER COMPLEXION POWDER.

Heather Complexion Powder is the finest, softest powder possible to be produced. Comparison with any other known powder will place it in advance in every particular. Nothing injurious whatever enters into its composition. It should be kept constantly in use in the nursery, where its value will be at once apparent. It is recommended also to Professional people, whose complexions suffer so fearfully from the compulsory use of cosmetics on the stage. A first trial is all that is asked for it; afterward no one will be without it.

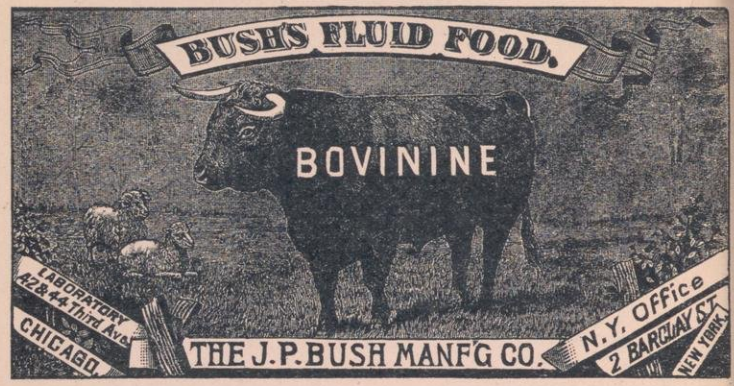
Ladies do not hesitate to recommend

HEATHER POWDER.

For use at the Toilet. For use in the Nursery. Perfectly pure and simple. Very fine and delicately perfumed. No other Powder can compare with it.

Price per box, holding 2 ounces, each, 50c., per dozen, $4 00.

"Nutrition is the Physical Basis of Life."



Bush's Fluid Food BOVININE combines in a concentrated form all the extractive or albuminous properties of uncooked beef, together with its stimulating salts. Dr. George D. Hayes, of New York Post Graduate School, in an exhaustive essay on Artificial Alimentation, thus alludes to BOVININE: ' Of the preparations of raw food extracts one has a clinically proved value. It is rich in nitrogenous substances and phosphates. It is readily digested and absorbed, and can be relied upon for the entire sustenance of the body for a considerable period." The blood corpuscles, which carry such a wealth of vitalizing power, are found in BOVININE intact, as revealed by the microscope in countless thousands. In stomach and intestinal troubles of childhood proceeding from indigestion, its administration is followed by marked benefits, while bottle-fed infants thrive wonderfully upon it, five to fifteen drops being added to each feeding. A decided change for the better is often seen in weakly infants in twenty-four hours. BOVININE is palatable to the most fastidious taste. Samples to physicians on application.

THE VOICE OF THE TRADE.

MONDOVI, WIS.

Order inclosed. Your Vol. 19, Price Current is the most valuable book for reference, and for making out mail orders it outranks them all. It cannot be surpassed.

W. W. WYMAN.

COIN, IA.

Your beautiful Price Current is at hand. I find it most useful and reliable. No merchant in the drug business could well do without it. May prosperity attend your business; with health, comfort and happiness to yourselves and families.

J. H. SMITH.

BERLIN, WIS.

Catalogue and Price List received. I find it very convenient for reference. It is so well illustrated, and the workmanship first-class in every particular.

J. W. SLATER.

RIDGEFARM, ILL.

Your Illustrated Catalogue is a "daisy." I can assure you it stands with the druggists as Webster's Unabridged Dictionary to the student. Many, many thanks.

C. M. SMICK.

GOODHEART, MICH.

I appreciate most highly your Catalogue. It is indispensable. Could not do without it.

GIDEON MOEL, Postmaster and Druggist.

MT. PLEASANT, UTAH.

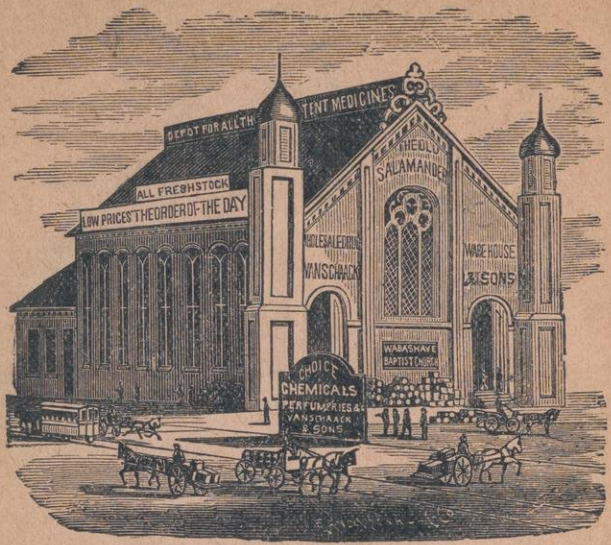
The amputating case you sent us is most satisfactory. It is more complete than one that a friend of ours paid $60 for. Your Catalogue is an invaluable adjunct to the drug business.

ERICKSON & LINDLEY.

MORTON, ILL.

Your Illustrated Catalogue, I must say, is the finest and most convenient reference drug book I ever saw.

ERNEST ZIMMERMANN.



Headquarters After the Great Fire.

To the Druggists of the Northwest:

We feel assured that the Trade fully appreciate our being the *Pioneers* in issuing a full descriptive and illustrated PRICED DRUG LIST, and hope they will find the present issue a still more complete book of reference.

"EXCELSIOR" IS OUR MOTTO.

We are constantly adding all the NEW DESIGNS, etc., necessary for a COMPLETE outfit for Drug Stores.

In presenting this, our Illustrated Catalogue Volume 19, we avoid all quotations that are not legitimate, and quote only the best of goods at a fair profit. Our object in issuing so complete a list as we do yearly, on the 1st of March, is more for the guidance of our friends and the general trade, which, we believe, has been duly appreciated by them. We adhere to our WELL-KNOWN RULE, always to fill orders at the lowest price we can afford, the day the order is received, irrespective of any "catch-penny" prices sent out; the policy of selecting VERY FEW items out of the thousands embraced in the business, and quoting at illegitimate and ruinously low prices—the "cutting of prices" on a *few items*, with the design of making up on the balance of an order—is a policy which has become VERY TRANSPARENT to the intelligent Drug trade, and contrary to sound business principles. We shall pursue our uniform method of business, which for so many years past has resulted in a mutual confidence between our customers and ourselves. Yours truly,

PETER VAN SCHAACK & SONS.
