The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

# INTRODUCING THE MERCK MANUAL OF GERIATRICS

## A completely new book in *The Merck Manual* tradition

- Provides information contributed by outstanding experts who serve as authors and members of the book's Editorial Board
- Contains new information on the structural and physiological changes of normal aging, and the clinical aspects of caring for elderly patients
- Distinguishes between the changes involved with normal aging, and those due to disease
- Discusses the complexities of therapeutic dosing and drug pharmacokinetics in the elderly, while clearly explaining how they differ from those in younger patients
