& LAKE GENEVA OBSERVER

The Gateway to Life, Liberty and the Pursuit
of Happiness.

We, in America, whether we are descendants of the Pilgrims or other early colonists, or have in recent years come to the shores of this Western Hemisphere, have a great heritage. Just as we have inherited the great Rights from our fathers, we too are to safeguard them and pass them on to the generations to come.

Unfortunately there are many who do not appreciate these rights which are inalienable to our form of government and are even trying to undermine our institutions.

We who are true Americans must do everything in our power to make those in our midst have a better understanding of our government. In our love for our Rights we have tried not to be hard on those who differ from us. The Communists have thrived on the very liberty which has protected them in spreading vicious doctrines. We must awaken to the dangers and protect our country.

THE COVER ON THIS ISSUE WAS MADE LAST WEEK AND ADDRESSED WITH THE INTENTION OF MAILING THE ISSUE AS A MAY NUMBER. THEN THE SNOW STORM CAME. RATHER THAN CHANGE THE DATE ON EACH ONE WE GIVE THIS EXPLANATION. IT SHOULD BE MAY 9TH.

HAROLD FOOTE, PRESIDENT OF FONTANA SAYS:

Fontana summer residents returning for the 1940 season will find many pleasant surprises awaiting them as they become acquainted with the added services and municipal improvements provided by the village.

When they arrive in town, they will no longer drive on slippery oiled streets, but on a granular, skid-safe surface which will be applied to all streets in the village within the next two weeks. They will find that visibility has been improved on several dangerous corners by cutting away the banks and brush.

They will not have to hire anybody to dispose of their garbage for them, as a Village truck will call three times a week during the summer and pick up garbage and rubbish without any charge and without any increase in taxes.

They will find the effectiveness of police service greatly increased because of the two-way radio which is being installed in the officer's car. It will be possible to immediately contact the officer while on duty, no matter where he is, by 'phoning the Sheriff's office in Elkhorn. The officer will likewise be able to summon help or get information without loss of time. This will make the night patrol which Fontana pioneered years ago to watch vacant property during winter months much more effective.

They will find the former village dump near the lake has been transformed into a beautiful park, and they may see this park in use as a community recreational center by mid-season. Kitten-ball will be played on the new ground, though as yet we have no provision for night games. Horseshoes will be in full swing. Tennis courts will be ready nexy year, possibly later in this season.

Whatever it is that people found to their liking in Fontana that induced them to build their vacation homes here will remain as before, and these extra services and features are intended to make thier stay with us more pleasant.

MOTHER'S DAY- SUNDAY MAY 12TH

Lord Jesus, thou hast known
A mother's love and tender care,
And thou wilt hear while for my owner mother most
I make this my Sabbath prayer.
Protect her life, I pray,
Who gave the gift of life to me;
And may she know, from day to day, the deepening
Of joy that comes from thee.
I cannot pay my debt
For all the love that she has given;
But thou, love's Lord, wilt not forget her due reward,
Bless her in earth and heaven.

It is modern in every respect. There are 18 electrical outlets in the kitchen and nearly a hundred in all. Knotty Western Cedar panels in natural color are used in the living room. Mr. A.M. Benson has been coming to Lake Geneva for many years and selected the site for its view of the new Fontana beach and park.

Gus Peterson who has been with Big Foot Country Club for the past eleven years will have charge of the kitchen and Dining room at Joe's Tavern this summer. Joe has gone nautical in his decorations this Spring.

Mr. and Mrs. Edward Roland spent part of the Winter in Chicago. They are getting the Waffle Shop ready for Memorial Day.

Bob is doing Commercial Art work in Chicago.

Mrs. Rose P. Wild has opened her home, "Wildhurst" in Glenwood Springs for the season.

CEDAR POINT PARK

Summer residents of Cedar Point Park will be happy to see the many improvements, such as roads, parks, piers, etc. Ben Koeller and Glen Reed, who is both secretary and grounds chairman, have done a fine job.

Cedar Point Parkers will be interested to know that Glen Reed is making an exceptionally fine secretary. He has operated his office at a very small expense and has money in the bank for the association's use to doll up the place. Reed says he still has, however, a number of lot owners to hear from regarding their dues.

The Lake Geneva Realty Corporation, formed to buy up delinquent lots and thus prevent undesirables from coming into the park, has 13 lots for sale. All lots have signs on them. Summer residents will help greatly by telling their friends about the bargains. \$350 to \$1,000 are the prices.

If Cedar Point Park secures many more florists and greenhouse keepers it will have to put on a flower show. Six summer residents are in that business.

Cedar Point Park suffered from the recent electric storm. The Geiger home was hit by lightning, as was Bilhorn's and Lightbody's. The damage was slight, mostly in burned wires.

Cedar Point Parkers may be interested to know that a new law is on the books, due to the aggressiveness of Mr. Brackett and Mr. Geiger, which compels all who build in the park to live up to the restrictions. Previously the law was if you obtain a lot thru tax foreclosure, the restrictions were wiped out. This will protect all homes now.

Have you subscribed to BAY LEAVES, the Park's official newspaper? If not send your dollar now and keep informed on what is going on in Cedar Point Park.

PARENT-TEACHERS ASSOCIATION WILL HOLD A FLOWER, PLANT and FOOD SALE

Next Saturday, May 11, at the Burton Hardware store, beginning at ten o'clock. All kinds of fine home baked foods, including baked ham, baked beans, will be on sale, as well as flowers and plants for Mothers Day. You may order beforehand if you so wish. Call Mrs. Gordon Case for plants and flowers, and Mrs. Blake Burton for food.

The editor intends to do a lot of visiting on Saturday and Sunday during the next few weeks, calling on the summer friends who come out to get their homes ready for the season.

Last Sunday an hour or so was spent in that rapidly growing subdivision "Knollwood" formerly Cisco Beach.

L. W. Skobel who lived farther up in the subdivision has moved down on the lake shore in the house he purchased from W. F. Best.

Mr. C. W. Peterson, the secretary of the Association had just left for home, in Chicago.

Mr. and Mrs. Harry L. Shaw and two daughters had spent the vacation of the girls from school at their cottage at the corner of Crescent Dr. and Oriole. Their daughter Phyllis is a student of North Park College, Chicago and Marylin attends Senn High School.

Norman and Ruth Peterson who were at their cottage with their parents, Mr. and Mrs. Gunnard Peterson are also students at Senn High School, Norman being a senior.

Many others were seen and many other had already left for home. Will call again.

AT CEDAR POINT PARK

Mr. Lloyd J. Austin and his wife were guests of Mr. and Mrs. Claes Erlandson, on Sunday. The young people were married on February 3 at Bethany Covenant Church, Chicago and the reception was held at the Windemere Hotel. Mrs. Austin was well known in the Bay as Lenore Erlandson.

Her parents, Mr. and Mrs. Claes Erlandson, just returned last week for a trip through the Smokie Mountains, Williamsburg, etc. on their 25th Wedding Anniversary trip. Mrs. C. Erlandson's father, August Johnson spent the winter in Miami and will be here all summer.

Mr. Richard Reese and wife and some guests were at their attractively landscaped home on Cedar Point Dr. on Sunday. Mr. Reese has charge of the McCormick Club House at 26th and Western, where "Bay Leaves" is read by many who are attracted to its unique style.

The Kuhlman family of Freeport were at the home on Circle Dr.

Mr. and Mrs. W. F. Bazner and son have been out several weekends at their home on Lincoln Dr. near the lake park.

Mr. and Mrs. Eugene M. Giles of Western Springs, Ill. have been at their home on Cedar Point Dr. for the last two Sundays.

Mr. and Mrs. Thomas Mitchell and several of their sons and families were at their home last Sunday and the week before. From now on they will come every nice weekend.

ANNUAL WOMAN'S BANQUET HELD ON
TUESDAY EVENING

One of the annual social events always looked forward to in Williams Bay is the annual Woman's Banquet, and there was no exception this year for the 1940, fourteenth banquet held Tuesday evening, May 7, at Rose Lane Hotel, which is a superb setting for the occasion. Mrs. Arvid Thompson, chairman, presided. Seated at the speakers' table with her were the members of her banquet committee—Mmes Harry Landon, Jess Greenstein, E.M. Iverson, Mike Peterson, L.A. Hollister, and Alfred Pederson.

Mrs. Alvin Johnson said the blessing. Miss Jean Radebaugh, tracher of music in the Williams Bay school, sang "The Lord's Prayer" by Mallot and a composition by Rubenstein, accompanied by Mrs. Clark Cobb.

Mrs. Thompson spoke words of greeting and introduced the speaker, Mrs. Norbert Klein, Milwaukee, who is Recording Secretary of the Wisconsin Federated Women's Clubs, a member of the Whitefish Bay Woman's Club, State chairman for the Causes and Cures of War and Chairman of Housing Committee of the National Council. She spoke on "Facing The Challenge of Peace".

America's challenge to peace is that we must work together with other nations to maintain an everlasting peace. In order to preserve the democracies. Another challenge to peace is neutrality. It is hard for America to keep her dollars neutral when nations are fighting undeclared wars. United States has \$750,000,000 invested in the Far East, China, Japan and Man where an undeclared war is still being fought.

America must spend for defense and is expecting to spend two billion dollars to defend our territory, our people, our economic interests and our foreign policies.

There are three kinds of peace which might come from the present European war, first— a Hitler, Stalin peace; second— Allied victory; or a world peace in which America would have to play an important part to maintain it.

We must be aware of the fact

She misinterprets the scene, immediately the town hears of it, including Mrs. Daniel Dillaway, social leader, even the mayor. Henry has been decidedly left alone before, but when the news is known, becomes the center of much adoration by a group of town girls willing to become interested in him.

It all ends very happily when Lucille urges Henry to make a clean breast of the whole affair, and it is then his fair-weather friends vanish. After a trip West, feeling his disgrace, but is persuaded by Lucille to return to the home town, his old salesman job, thus; the whole town comes flying back to him when they learn that Lucille is the real reason.

"BEAVERS" ILLUSTRATED LECTURE

Dr. E. R. Downing gave an interesting talk on Beavers with pictures which he took himself, at the Men's Brotherhood meeting last night, May 8th.

Though the beaver has a very highly developed instinct which enables him to be a builder of a dam, he doesn't possess much thinking ability. To the thought that most give him for gnawing a tree so it falls toward his dam or water Dr. Downing says that naturally the tree will fall down a slope.
