FOREWORD

A year of building, rebuilding and progress . . .

As great strides were taken in the world of science with the first launching of a man into space by the United States, the College at River Falls contributed its share to the advancement of future generations by insuring individuals — interested, seeking — ready to become part of society.

The College expanded physically by dedicating the new laboratory farm buildings, R. A. Karges Physical Education and Recreation Center, Prucha Residence Hall for Men and the H. T. Hagestad Student Center. The art, music, science and foreign language departments added to their facilities.

Courses were innovated to stimulate inquisitive minds.

Graduates left with a feeling of accomplishment, mixed with awe and anxiety about going into the outside competitive world, but there was a good basis for beginning . . . learning had been opened to them.

Juniors were beginning to experiment with the individuality they had been hearing about. Sophomores envied seniors and freshmen simultaneously as they were eager to be independent, yet hesitant about leaving "conformity." Freshmen were still amazed at seeing a new "freedom" opening up to them.

As a member of a class, each student had an opportunity to grow with the College . . . grow in ability to think and know, choose and plan, as does no other living form.

WISCONSIN STATE COLLEGE
RIVER FALLS, WISCONSIN

OFFICE OF THE PRESIDENT

Students of Wisconsin State College
River Falls, Wisconsin

Dear Students:

In one sense "Shadows," the theme of this year's Meletean, seems to be a rather foreboding and ominous one. And perhaps, in a symbolic way, it is appropriate for our age. Certainly the shadows of mushroom clouds, of missiles, and of satellites hang over us.

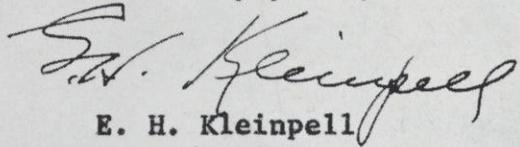

But there are shadows only when there is also light. These shadows which sometimes frighten us are cast by the light of men's knowledge. And the light can move and spread and cause the shadows to assume new and more pleasant forms.

The real reason for the existence of this and other colleges is to keep that light burning and spreading. During its "fourscore and seven years," the College at River Falls has been a source of opportunity to many who might not otherwise have been able to avail themselves of the light of higher education. And its graduates have reflected this light throughout the nation and, indeed, throughout the world.

In an age of technology and complexity, the need for this light has never been greater than it is today. The kind of education River Falls offers, with a balance between specialization and a breadth of knowledge, is more important now than ever before and will become increasingly important in the future.

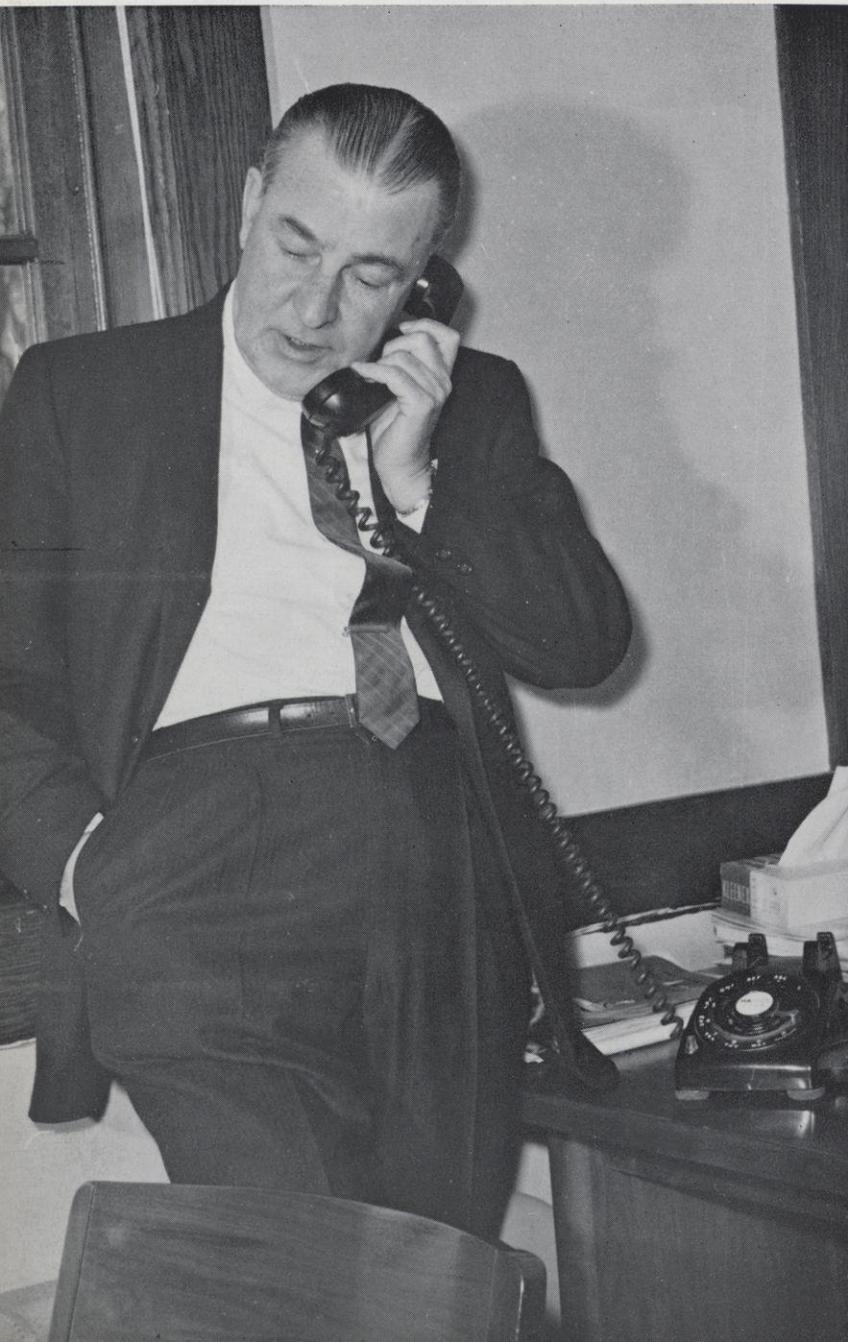

With continued student, alumni and faculty support, the College is making plans now to move confidently into a future of growing light and greater service.

Sincerely yours,

E. H. Kleinpell
President

We Dedicate . . .

DEDICATED TO ONE

WHO, by his friendly helloes and wise counsel, has shown a sincere interest in each individual at the College . . .

WHO this year completed his fifteenth year as president at River Falls . . .

WHO has been largely responsible for the physical growth of the campus . . .

WHO has enthusiastically supported campus activities . . .

WHO believes that liberalism on campus should be practiced as well as taught . . .

DR. EUGENE H. KLEINPELL

Individual . . . *A moment alone*

Husband . . . The Kleinpells enjoyed basketball games

Speaker . . . Achievement of leadership

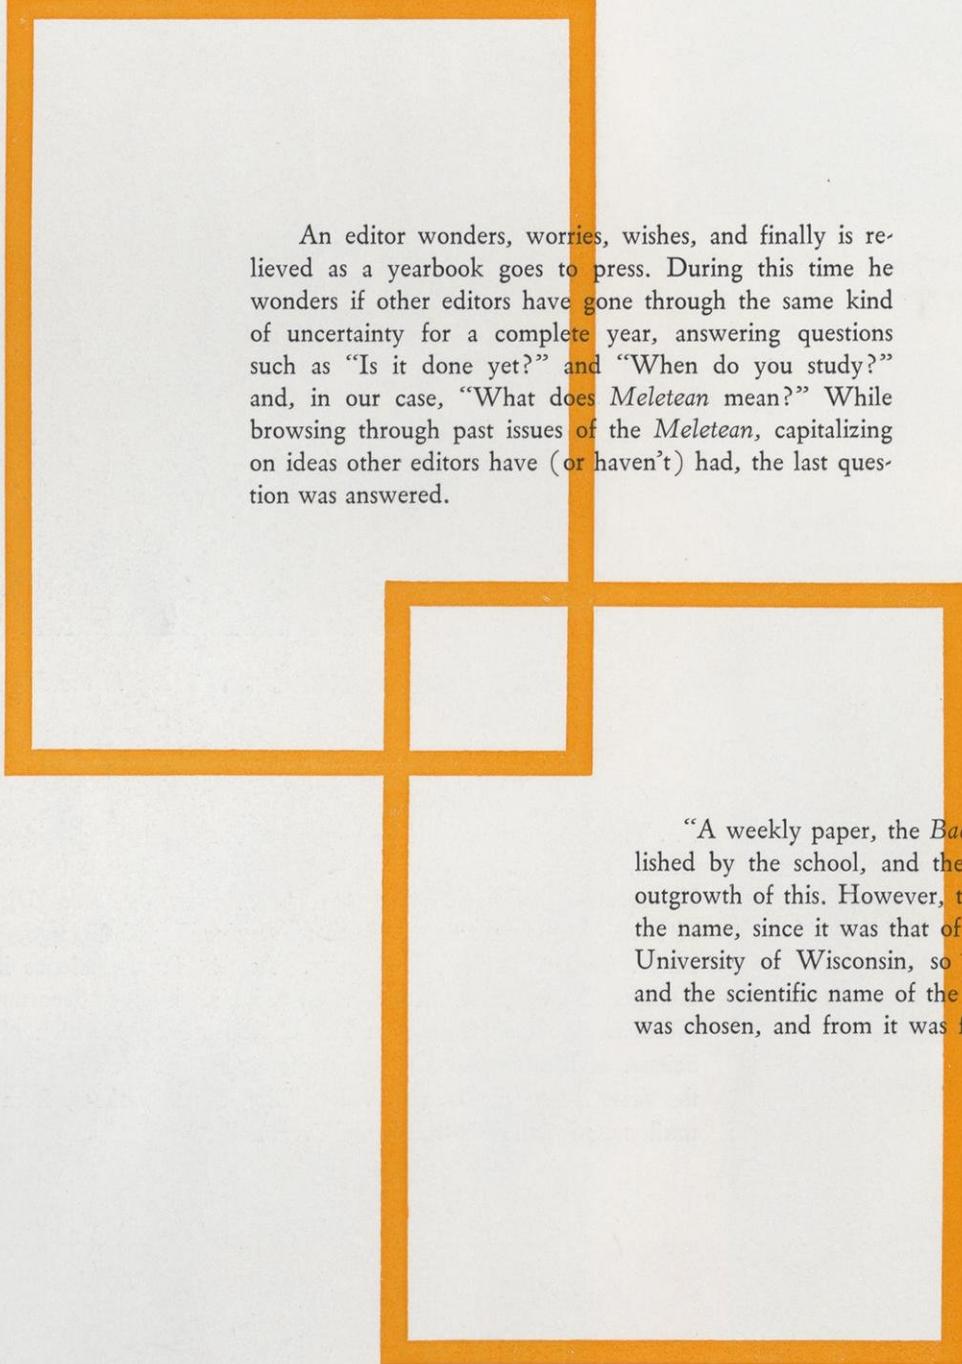

Faculty Frolics Star . . . 'Deep in the Heart of Texas'

... These are things which describe our College president, Dr. E. H. Kleinpell.

He received his bachelor of arts degree from the State University of Iowa, his masters degree from the University of Chicago, and his Ph.D. from Ohio State University. His teaching experience includes Kemper Military Academy, head of the history department of Northern Montana College at Havre, head of the Division of Social Science of Morningside College in Sioux City, Iowa, and President of the State Teachers College, Valley City, North Dakota, from 1942 until 1946 when he came to River Falls.

An institution is the lengthened shadow of one man.

EMERSON

An editor wonders, worries, wishes, and finally is relieved as a yearbook goes to press. During this time he wonders if other editors have gone through the same kind of uncertainty for a complete year, answering questions such as "Is it done yet?" and "When do you study?" and, in our case, "What does *Meletean* mean?" While browsing through past issues of the *Meletean*, capitalizing on ideas other editors have (or haven't) had, the last question was answered.

"A weekly paper, the *Badger*, had formerly been published by the school, and the yearbook was in a way an outgrowth of this. However, the staff did not wish to keep the name, since it was that of the annual published by the University of Wisconsin, so the Latin word for badger, and the scientific name of the European badger—*meles*—was chosen, and from it was formed—*Meletean*."

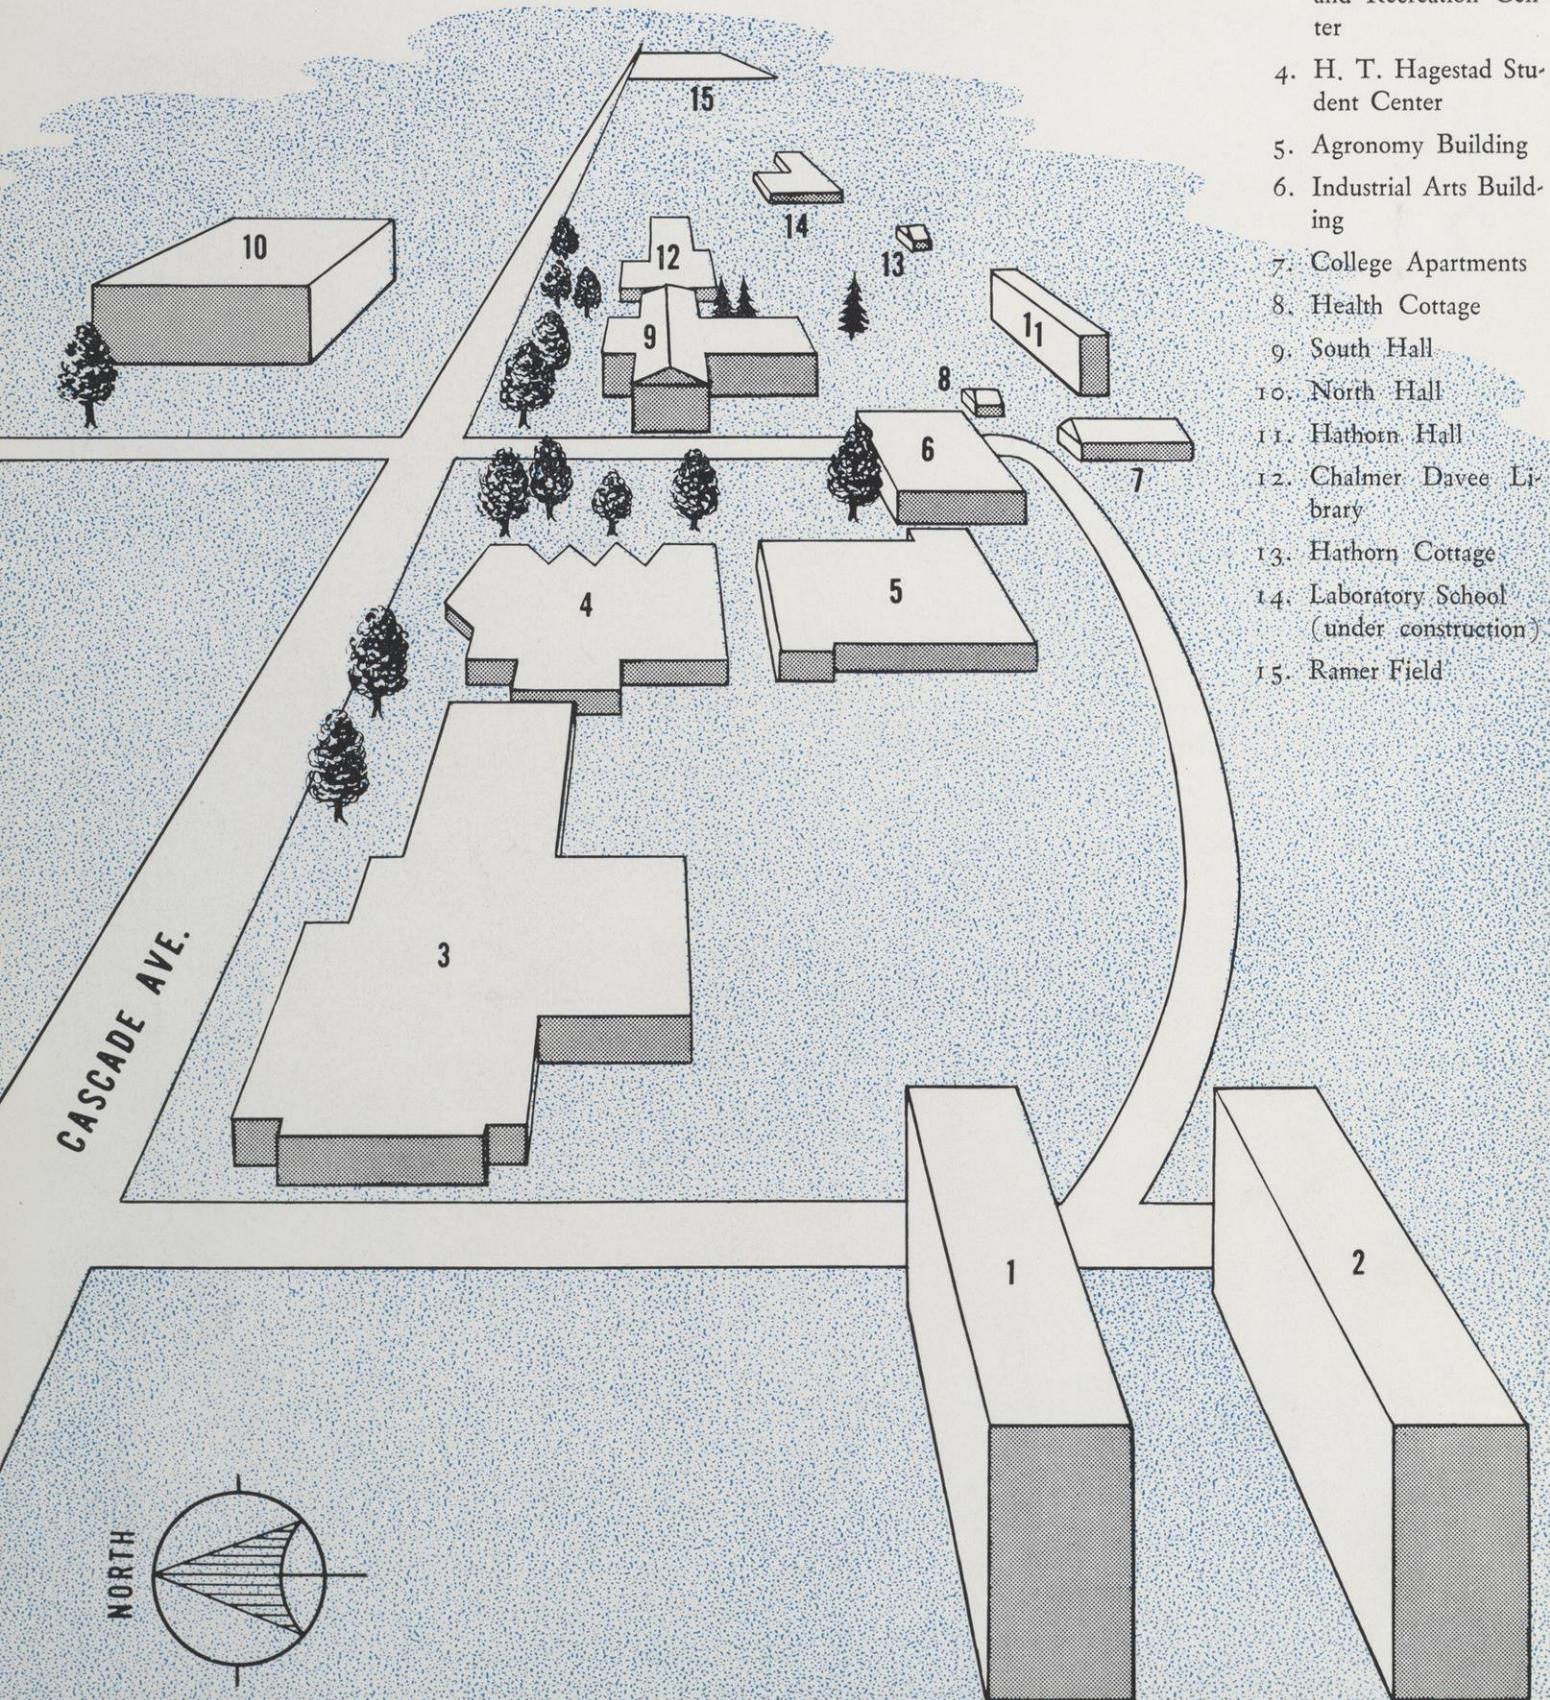

.... 1926 *Meletean*

An aerial photograph of the Wisconsin State College at River Falls campus. The image shows a large, modern complex of buildings with red and grey roofs, surrounded by green lawns and trees. In the background, there are more buildings and fields, with a road and a bridge visible. The overall scene is a mix of urban and rural landscapes.

At River Falls

The Campus

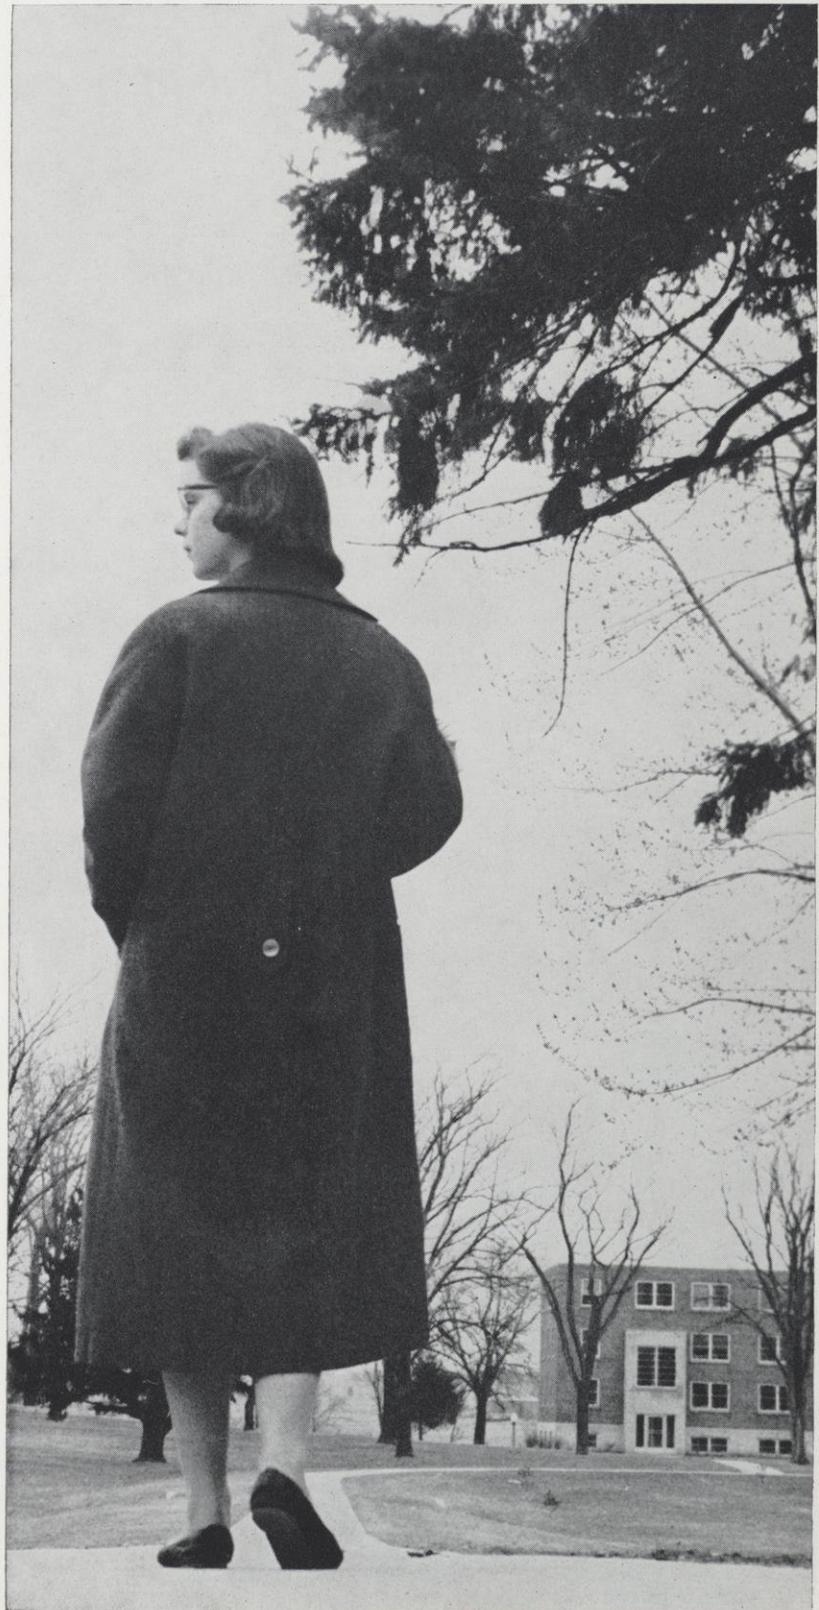

A College

What is a college? Cheerleaders . . . coffee . . . professors . . . students? A college, some will say, is ivy covered buildings, football heroes, flighty coeds. To others, perhaps, a college is boredom and dull lectures or radical ideas or grinding work spent on meaningless projects in impossible courses about impractical subjects. Or is college the "passport of the future", the "key to the door of opportunity", "one of the most memorable experiences anyone could ever have"?

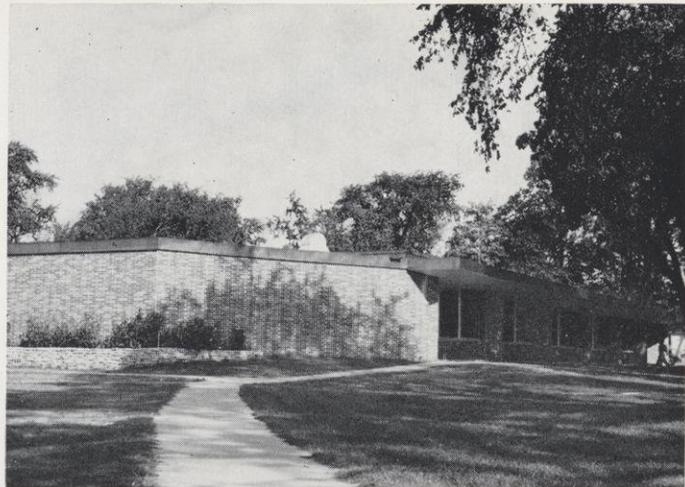

Whatever a college is, there are, according to one survey, more than 1800 such institutions in this country.

We don't pretend to know all about all of those colleges, but we do think that we have an excellent example of what a college should be — here at River Falls.

One short stroll around the campus and you begin to get the idea.

Gathering Place For Students

Hagestad Student Center

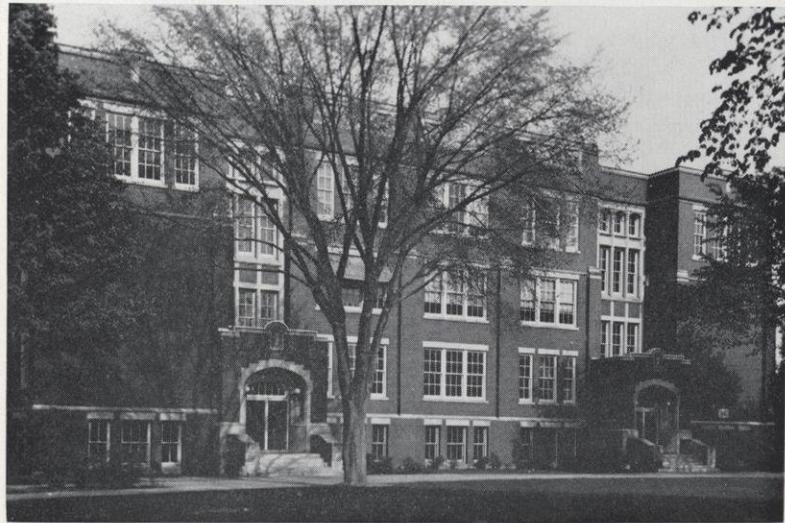

Juliet may have asked, "What's in a name?," but then, she wasn't thinking of our Student Center. For us it's a center in many ways.

Here, this year, we found time and facilities for many things: strong coffee and good talk — and sometimes the other way around — time to read the books bought in the campus bookstore, and more talk: nuclear physics, Winter Carnival, Shakespeare, Time-Space, student elections, spring proms.

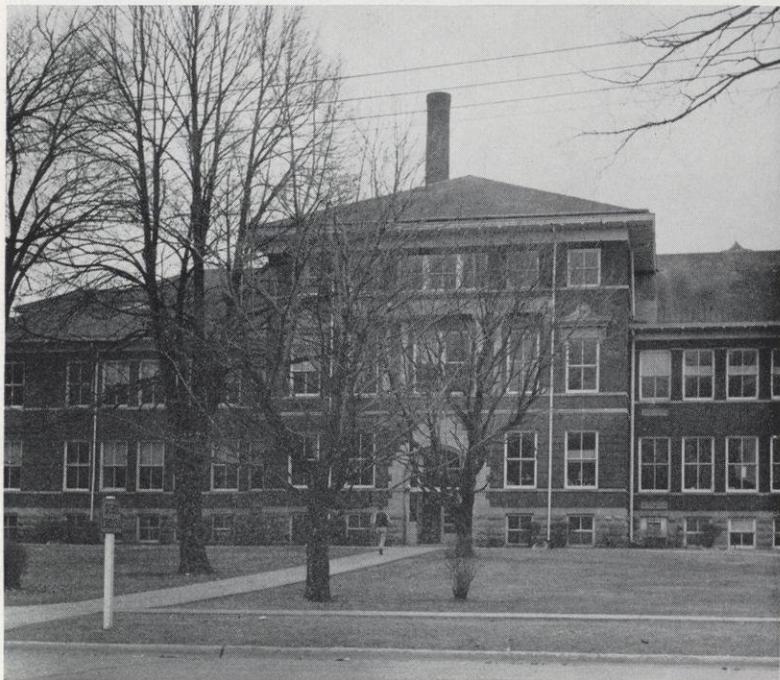

There was time and space for food and play. Downstairs, at almost any time, the billiard balls click and the ping balls pong. In the lounge areas there was always a carefree game of hearts going on — with or without cards.

And then, too, here is where we learn the business of self-government. "Self-government," by the way, is more than a hollow term at River Falls. Our Student Senate handled a budget of approximately \$41,000 this year.

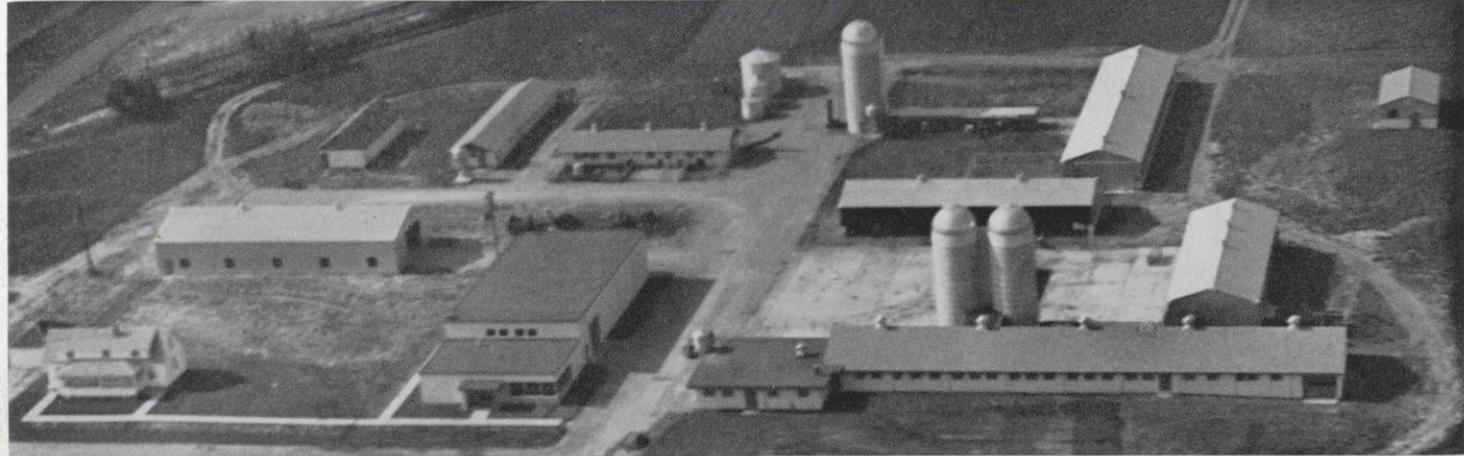

North Hall

South Hall

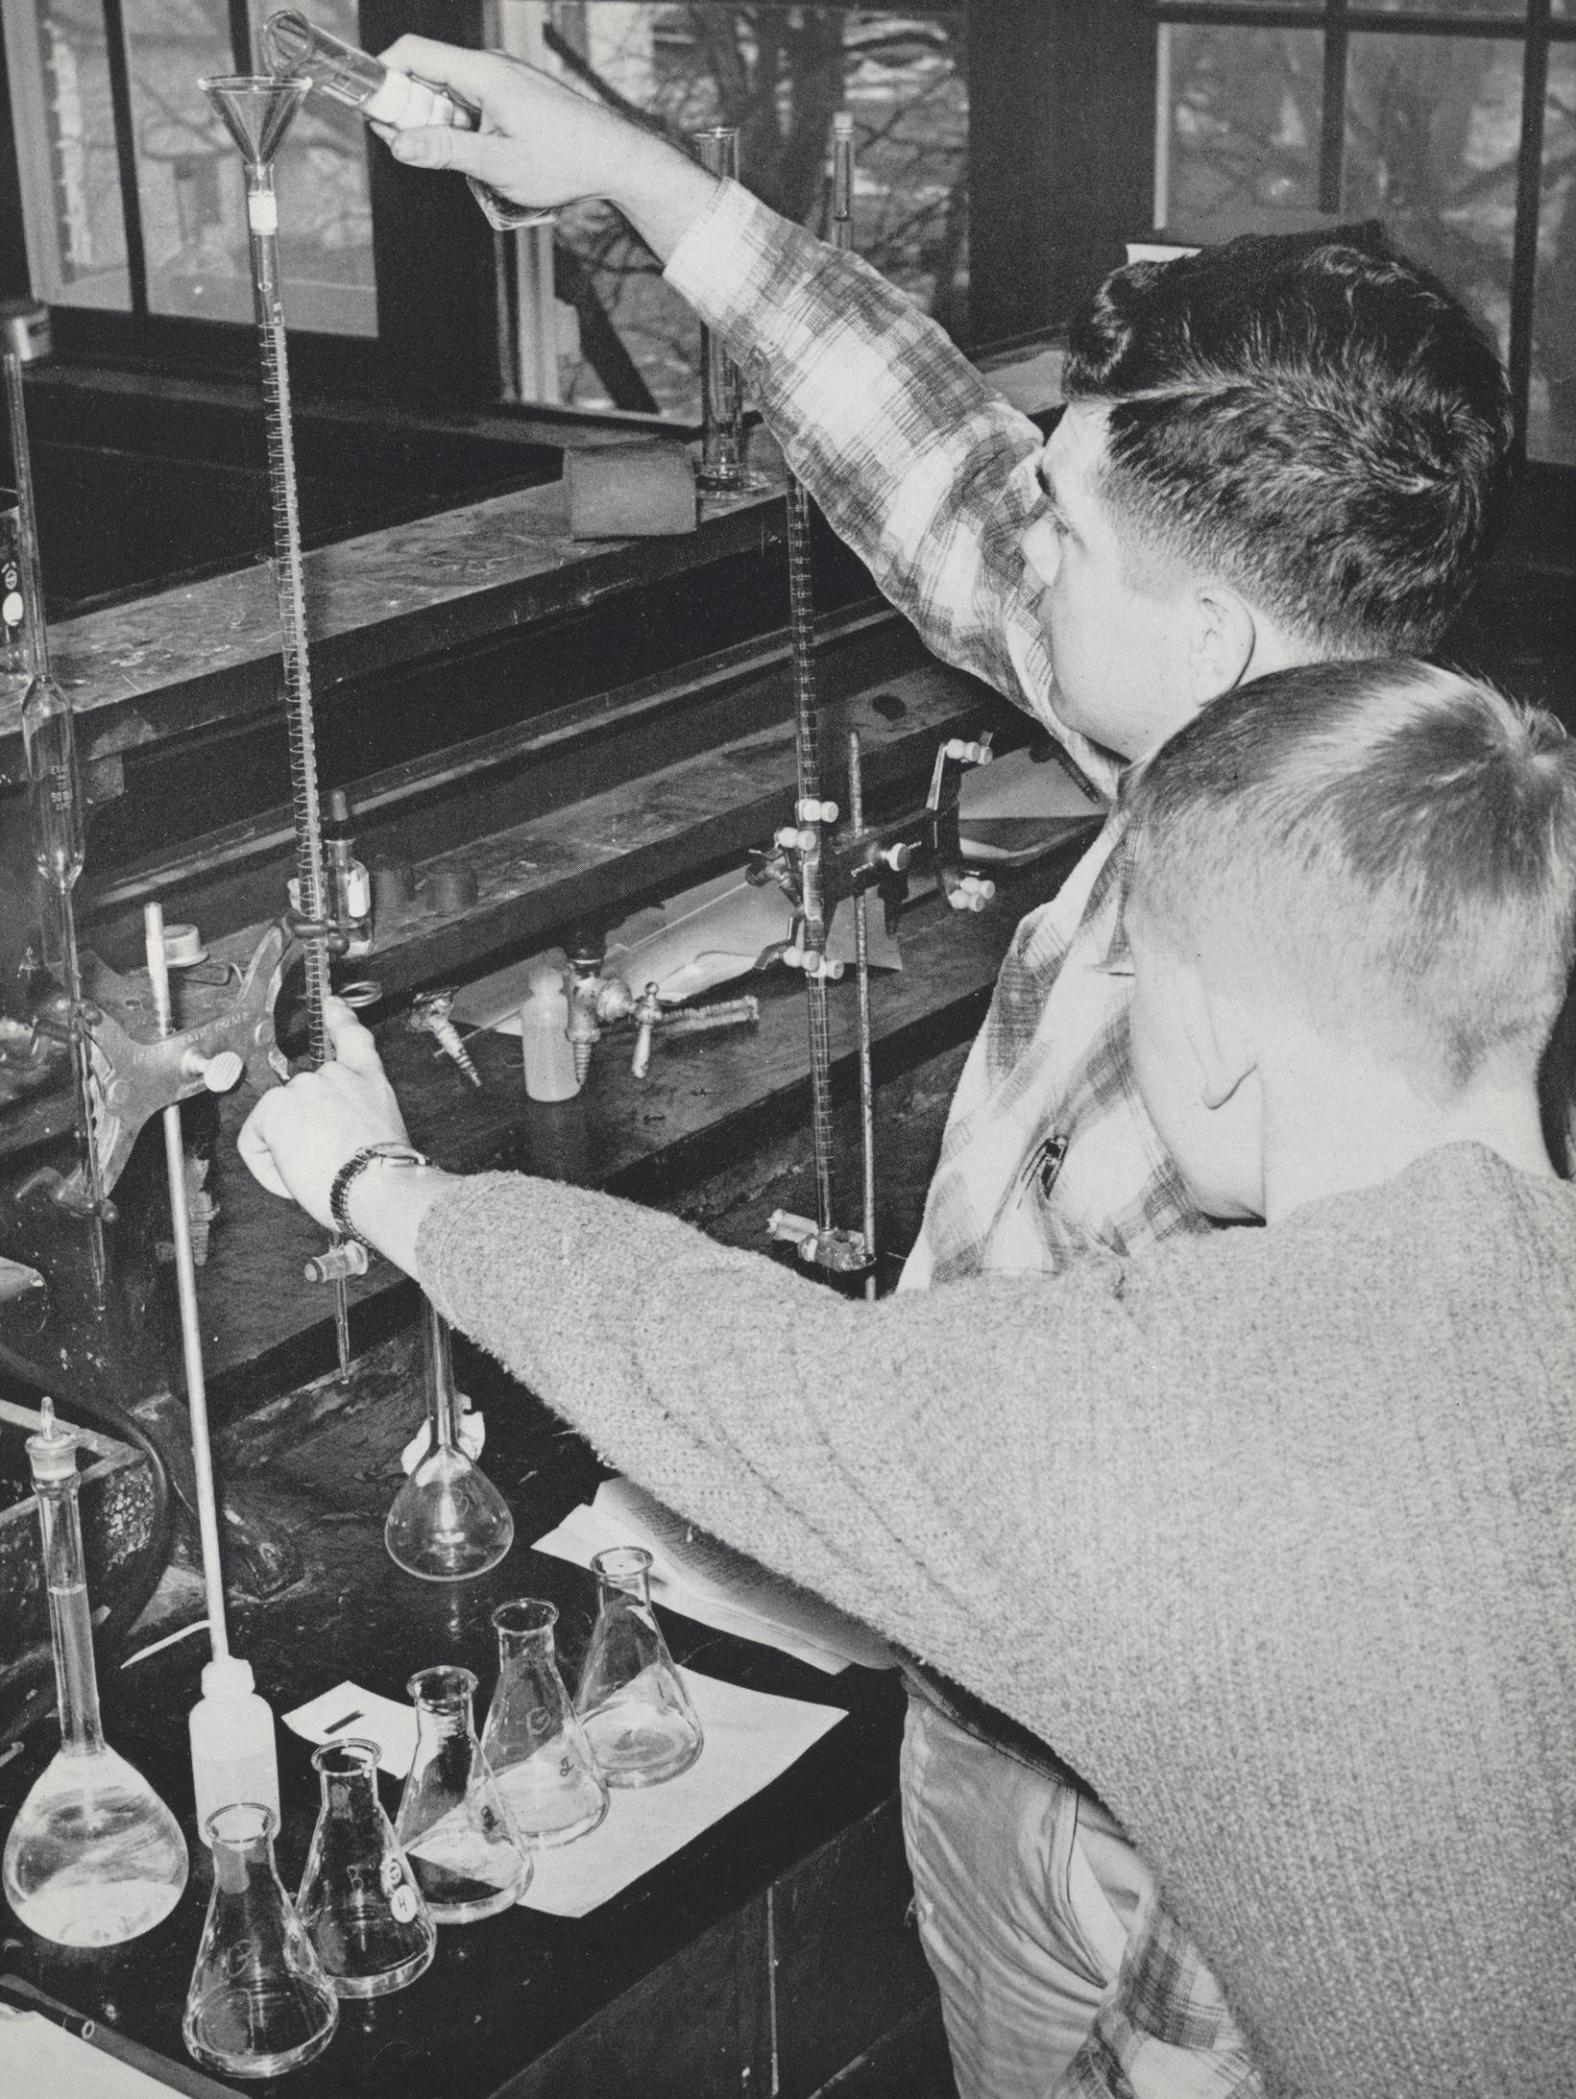

College Laboratory Farm

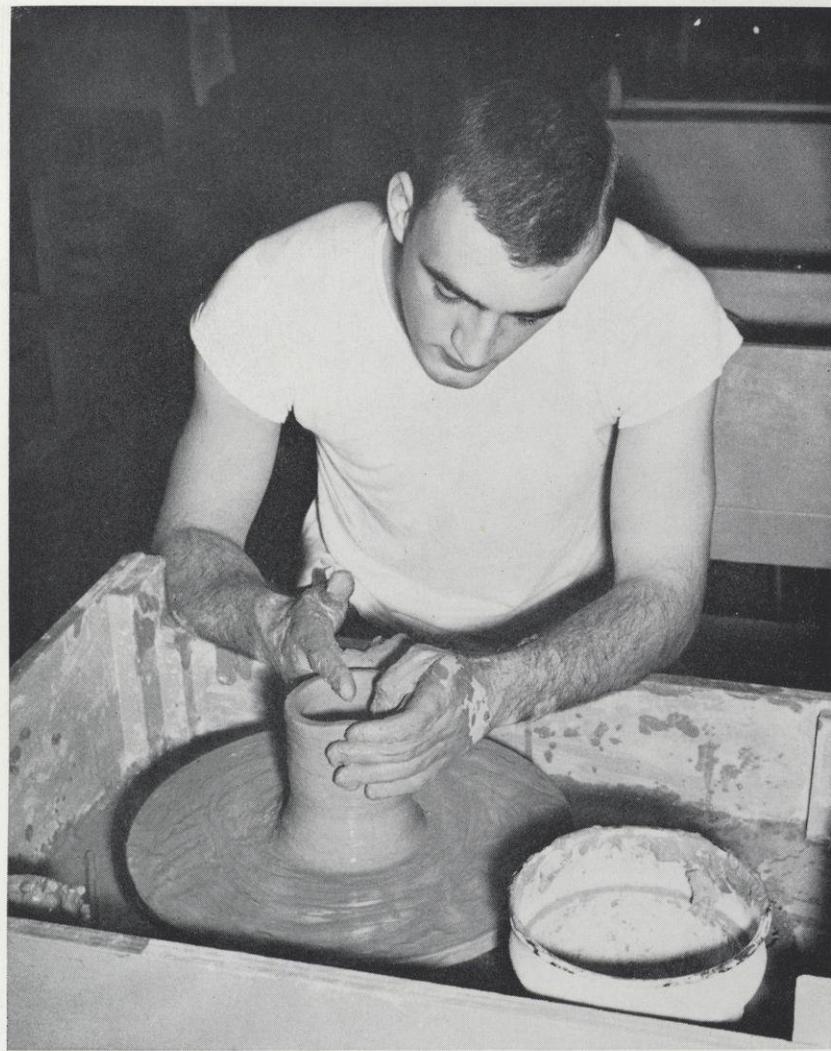

Classrooms & Laboratories

Across the campus, past the flower beds, and over the lawn are some of the classroom buildings. These are the heart of the campus, for despite "learning machines" and other mechanical aids to imparting knowledge, students continue to gain the greater portion of their formal education in the traditional way — from professors talking with students, sharing interests, information, and concepts and demonstrating that ideas can be exciting.

Of course the term "classrooms" means laboratories, too. Besides those in physics, chemistry, biology and the other sciences, there are the agriculture labs, the industrial arts workshops and a soon-to-be-completed language laboratory .

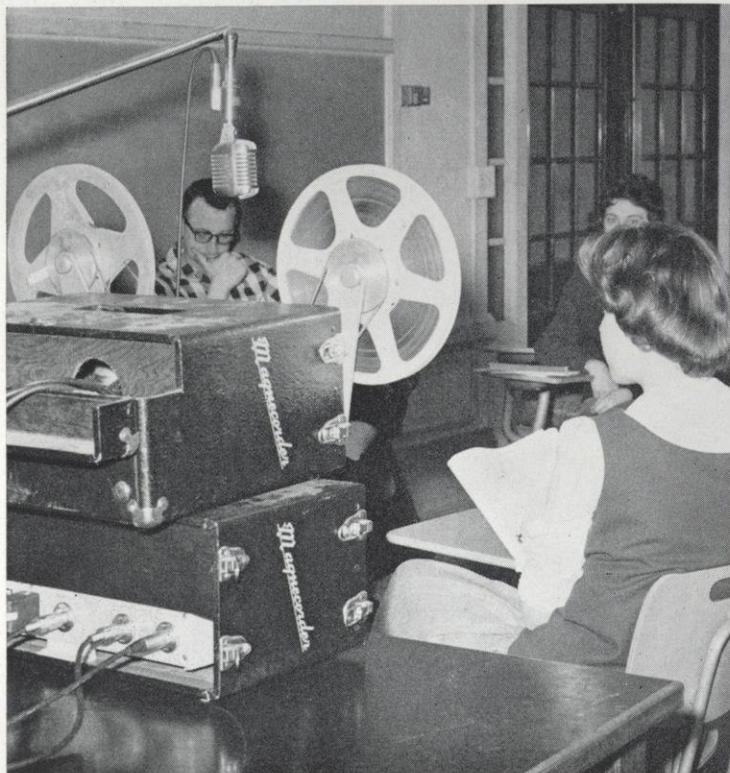

Room to Experiment

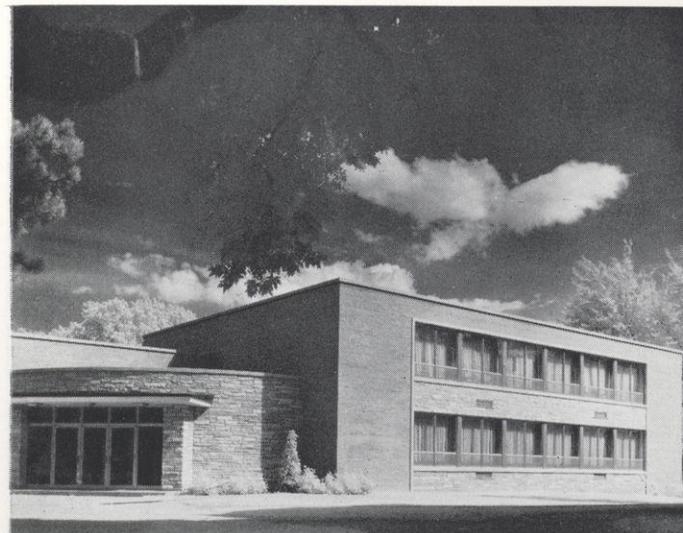

And, then, there are the new, spacious studios which are the pride of the art department. They contain all the equipment the aspiring young ceramist, painter, or sculptor needs to produce his work.

There are rooms for learning about writing and producing radio scripts and for practicing speech. There are music practice rooms, listening rooms and rehearsal rooms. Anything academic from modern ballet to modern mathematics has a place on the college campus. There's plenty of stimulation and challenge in the wide variety of subjects at River Falls.

Chalmer Davee Library

Books and Learning

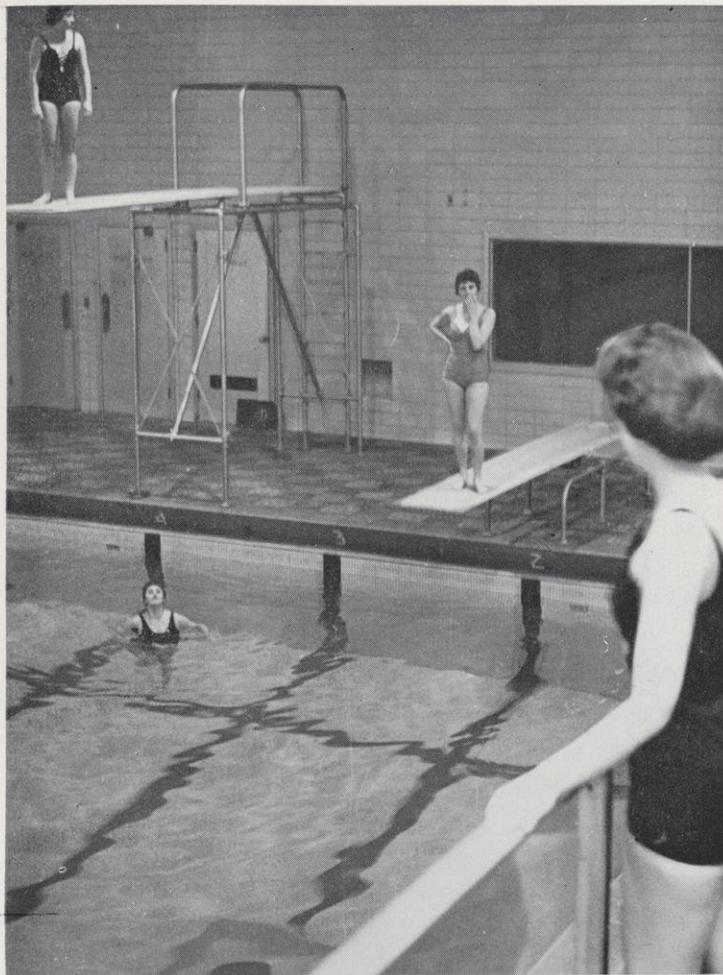

The college library, when you come to think about it, also has many "convertible" features. Other than books—our library still uses them — there are other sorts of records available here.

One mustn't forget our Twentieth Century method of storing information and experience: the phonograph record, the motion picture film, and the microfilm. The record library is an admirable one. (It's still amazing to think that our civilization has been able to compress a full-sized symphony orchestra into those grooves on that wafer-thin disk.) And, if we need additional films for instruction or for entertainment, the rental services of the world are happy to oblige.

For "living" records, there's the Little Theatre on the lower floor of this building. The drama department produces its plays here and the works come from all periods and areas of the world.

Sports and Speeches

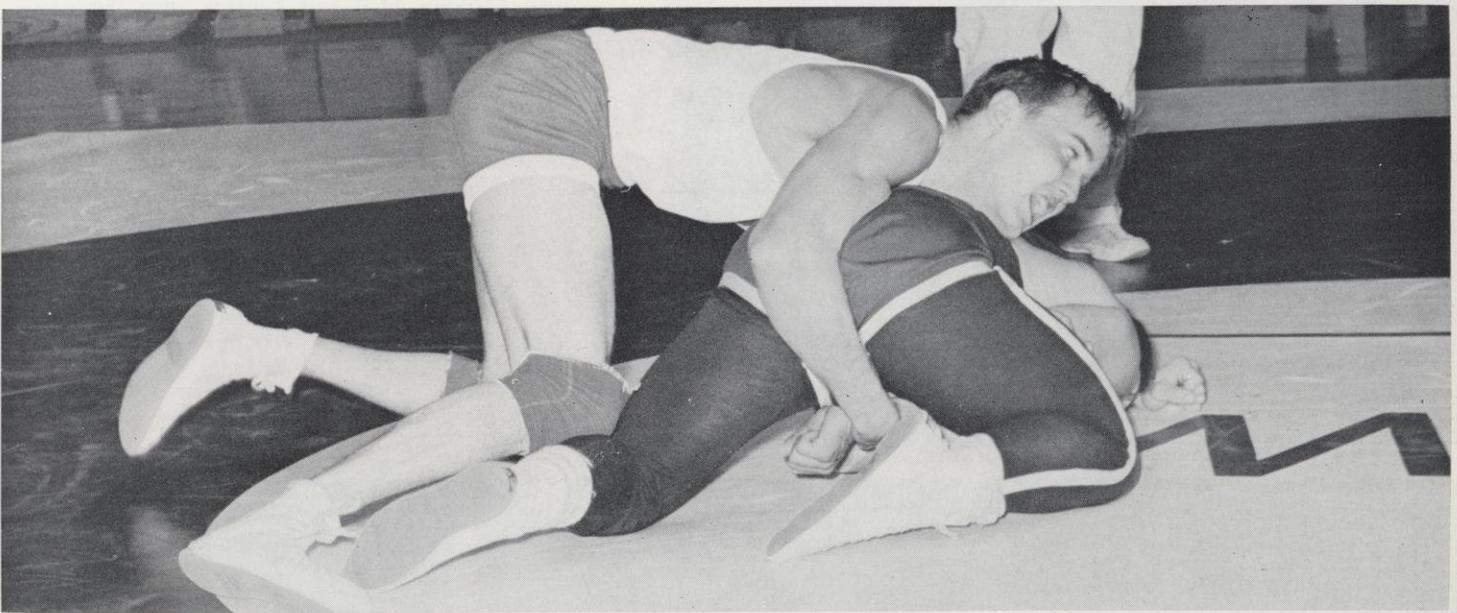

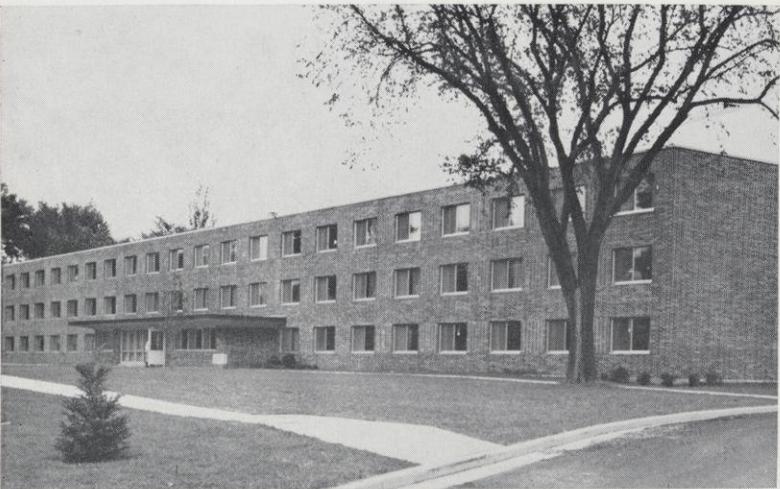

But, to counterfeit a phrase, all mental play and no work-out would make Jack, or any student for that matter, a dull one. You can get the work-out at the new, huge Karges gym. The building isn't quite large enough to contain Ramer Field, so we probably will continue to play our football games outside for a while yet. But it is large enough to hold three full-sized basketball courts (with spectator space), exercise rooms, an Olympic-sized swimming pool (with spectator space) and showers, lockers, coaches offices, etc., etc., etc. If you favor individual sports, in addition to swimming there are always wrestling and volleyball and badminton and, work-out of all work-outs, handball.

The main gym also proves useful as an auditorium for those large gatherings (such as the Faculty Frolics we had this year), commencement, and for some of the outstanding personalities who visit the campus. The group shown at the right is listening to Mrs. Eleanor Roosevelt.

R. A. Karges Physical Education and Recreation Center

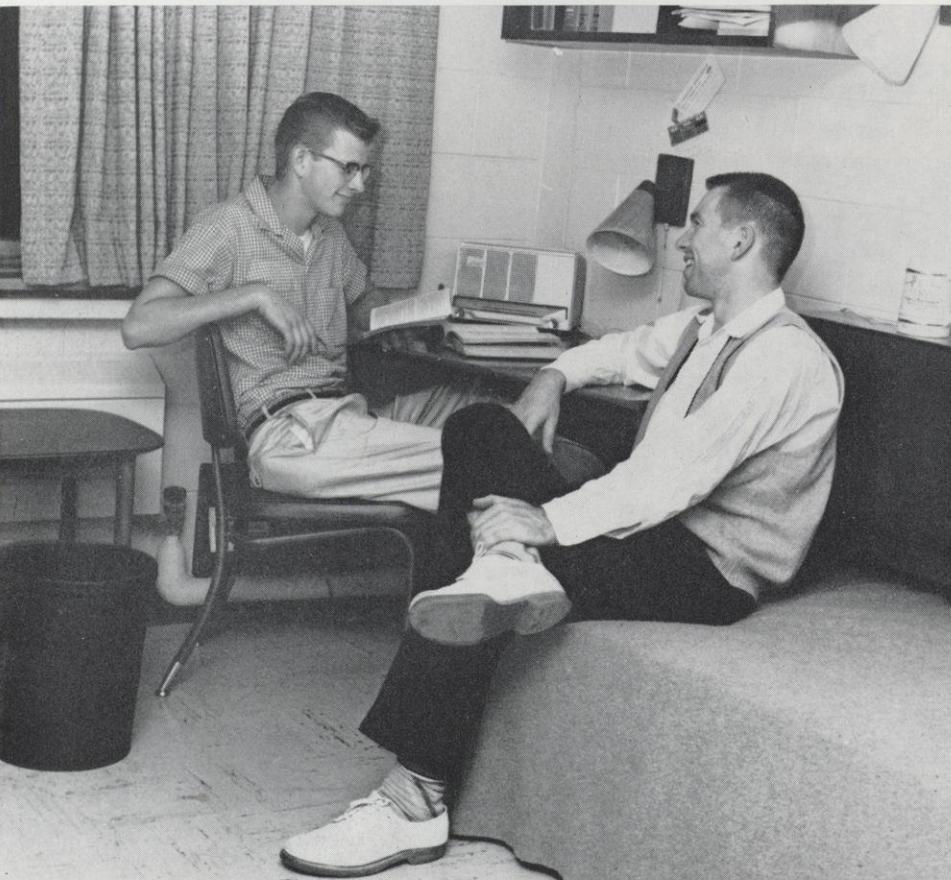

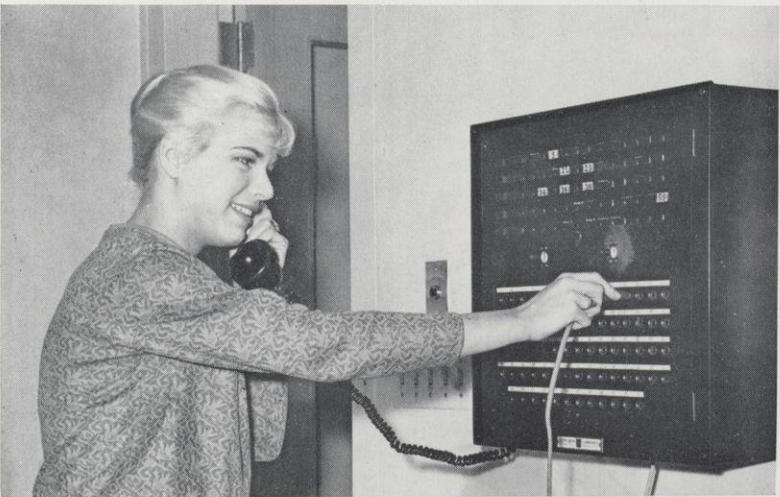

Prucha Hall

A Spot for Study,

We suppose that it's just "normal" to think of college learning in connection with classrooms and libraries. But education takes place in other ways, too. According to the latest psychological theories it's impossible *not* to learn: we do, it seems, learn something new every day.

Some of the more comfortable learning places on campus are the student residence halls. For the men there are Stratton and Prucha Halls; for the women Hathorn Hall and Cottage. For the ever-growing number of married students, there are the College Apartments. In the near future there'll be a new wing for Hathorn, and later, a new men's dorm, making housing for even more students.

Conversation & Companionship

Probably the people who recall college as "the most memorable experience anyone could have" are thinking partially at least of their college "home life". One can hardly doubt the fun of meeting new people, seeing new faces, and the even more enjoyable experience of getting to know the person that goes with the face.

College students still being college students there's also room for the parlor get-together, for jokes and pleasant conversation, an exchange of ideas or, over the phone, a call for a date. And, as always, the necessary involvement of even the most frivolous student with the text book.

Well, here we are back in the Student Center. Our tour is over.

What is a college? We still don't know.

What is our college, River Falls? Perhaps you have an idea.

However, no one can describe a college with pictures of buildings or even pictures of people. As a student you become a part of it and realize that it is impossible to photograph some of the things that make River Falls unique: the spirit of the student body, the warmth and genuineness of the student — faculty relationship; the friendliness of the college community in general.

We suppose it's the reality of these intangibles that help a growing physical plant, faculty, and student body make River Falls what a college should be.

In Memoriam

THE LOSS RESULTING FROM THE DEATHS OF THREE STUDENTS WHO LOST THEIR LIVES IN SEPARATE AUTOMOBILE ACCIDENTS WAS DEEPLY FELT BY EVERYONE AT THE COLLEGE. THIS PAGE IS DEDICATED TO THEIR MEMORY.

RUSSELL RADKE, A FRESHMAN DURING THE 1959-60 SCHOOL YEAR, FROM DODGE CENTER, MINNESOTA, DIED JULY 18, 1960, AS A RESULT OF INJURIES RECEIVED IN AN ACCIDENT NEAR ROCHESTER, MINNESOTA, MAY 21, 1960.

DENNIS WOLLEN, FRESHMAN FROM RIVER FALLS, WAS KILLED IN AN ACCIDENT NEAR SPRING VALLEY SEPTEMBER 16, 1960.

HENRY MARSON, FRESHMAN FROM HUDSON, DIED IN AN ACCIDENT NEAR RIVER FALLS JANUARY 13, 1961.

Opening with the pledge song at the kick-off convocation, the 1960 Homecoming, with its 'Squash Oshkosh' slogan, was a memorable event for students, faculty, friends, and alumni. The entire campus felt the spirit and knew that this was a special time — a week made for Homecoming.

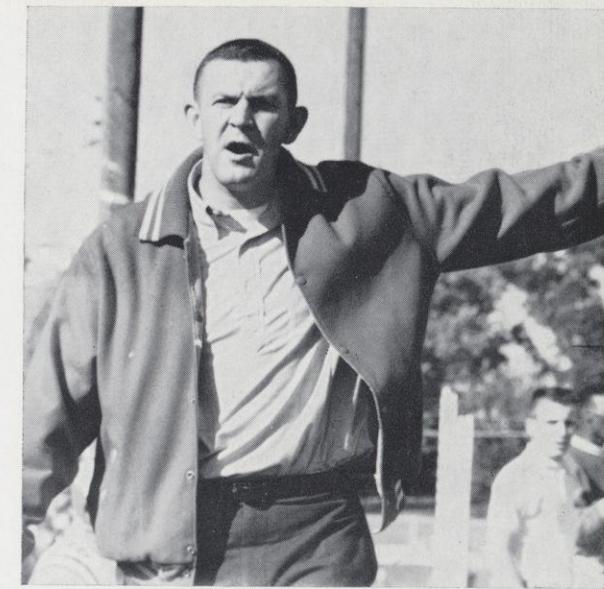

Weeks of advance planning was done by co-chairmen Harland Carlson, Roger Christy, and Ray 'Mouse' Metzger.

'Feed the Falcon'

With most of the building program on campus completed, the Student Foundation Committee devoted itself this year to putting on the finishing touches.

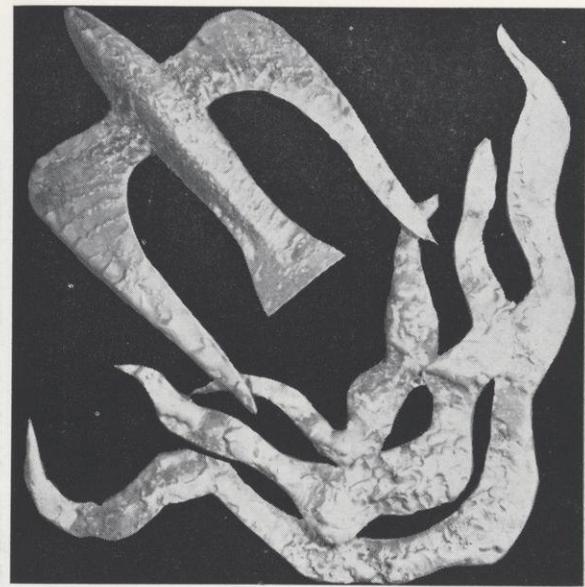

The Foundation goal was to "Feed the Falcon Fund" to "Bring B.B. to R.F." "B.B." of course, is the Bronze Bird, the name adopted by students and faculty for the proposed sculpture of a Falcon to be done by John Rood, internationally known sculptor, and placed on the north exterior of Karges Center.

The junior class added to the fund

Old 'face — full' Ace

The Falcon

Highlight of the Foundation Committee's drive was the fall auction in the Student Center. When auctioneers Ed Schlumpf and Pat O'Connell sold the last live chicken and after the last of the "gambling booths" had been closed, the final tally showed a Foundation Week (November 7-12) profit of \$319.03. A \$309 check from the junior class and proceeds from the A.W.S. Valentine Formal, approximately \$150, added to the fund.

In addition, dances, a "Pennies for Freddy" jar in the cafeteria, the College Bowl, and the Faculty Frolics, which netted an amazing \$826.01, brought the yearly total to more than \$1700 and the Bronze Bird winging closer to River Falls.

Student Senate

PRESIDENT	Ron Skone
VICE-PRESIDENT	Karl Schmid
SECRETARY	Carol Hanson
TREASURER	Charles E. Smith

It is the aim of the Student Senate to promote the best interests of the college, and to develop a spirit of cooperation and good fellowship through the school. The Senate then acts as a liaison body between the students and the administration.

The Student Senate consists of eleven members, four of whom are class presidents. The other members are elected annually from the student body at large. This group meets weekly on Monday nights, and all interested students and faculty members may attend.

This year, the Senate reorganized student organizations into divisions of academic professional, academic interest, academic recognition, religious, social, and social interest. This was due to the fact that so many groups had overlapping functions and activities. A point system was developed and instituted in an effort to stimulate greater competition among the larger organizations for major social events on campus. Under this system, the organization compiling the largest number of points at the end of the year is presented with a trophy for this outstanding achievement.

Student Center Governing Board

Students and faculty members work together to determine policies for the operation of the Hagestad Student Center at the Student Center Governing Board meetings.

Three student members, who may be re-appointed following years, are selected by the Student Senate. The chairman of the group must have served on the Board one year previously. Also on the Board are the vice-president of the Student Senate, and the chairmen of the Student Center Activities, Public Relations, and Social Committees.

The faculty representatives, Nancy Knaak, B. J. Rozehnal, Richard Reynolds, Robert Brock, and Earl Lewis, have no voting privileges in Board affairs.

The group works closely with the Student Center committees listed above and the Student Senate.

Foundation Committee

The Student Foundation Committee, comprised of students and faculty members with Miss Hawkins as advisor, is concerned each year with raising money for campus goals. This year the project was to raise the funds needed to purchase the Bronze Falcon to place on the front wall of Karges Physical Education building.

An innovation with this year's money-raising campaign was the 'College Bowl' contest with Eau Claire. Falcon victors were Wayne Handlos, Richard Moe, Wayne Hendrickson, and John Hanson. James Murphy of the Campus School was master of ceremonies, Dr. Edward Peterson was parliamentarian, and Dr. Allen Love coached the group. \$68.50 was collected for the "B.B." project to add to the \$1300 raised from other endeavors.

Liberal Arts Committee

A new group on campus, the Student Liberal Arts Placement Committee was formed in 1959 to work as a liaison body between seniors enrolled in liberal arts and the Placement Bureau. The group provides employment contacts with leading industries in Minneapolis and St. Paul. James Durning, Ron Skone, and Neil Tollander fostered the orientation of this committee.

An organization comprised of students and faculty members, the committee scheduled a balance of musical programs and lectures of various types. They planned the entire year's program in advance, with the assistance of commercial bookers throughout the United States.

Falcon Film Society

CHAIRMAN *Ron Perrier*

Bringing foreign and American quality films which students ordinarily might not have an opportunity to see is the responsibility of the Falcon Film Society, now in its second year of existence. "La Strada," "Bicycle Thief," "Orpheus," "Grand Hotel," "Rash-O-Min," "Gazebo," "Carnival in Flanders," and "I Am a Camera" were shown on campus by the group this year.

Alpha Psi Omega

The national honorary dramatics fraternity, Alpha Psi Omega, is represented on campus by the Iota Beta cast, whose members work with the Masquers to co-sponsor plays and plan dramatic activities. Membership in the group is based on points earned through on and back stage work and their new members were formally initiated in May.

Music

1960-61 was another year of growth for the music department as the band moved from its quarters in the "chicken coop" to its new home in the converted girls' gymnasium. Under the direction of Dr. William Abbott, the Symphonic Band is composed of students who are interested in playing musical instruments.

The College Choir, directed by Chauncy King, consists of those students who are interested in choral literature of various periods. The traditional Christmas concert was one of the highlights of the musical year of the choir.

Led by Dr. Abbott for the second year, the Men's Chorus has continued to grow in musicianship. Lighter music is sung by these young men who are not necessarily music majors.

Mr. DeJong directed the Brass Ensemble, made up of ten students who specialized in playing music of contemporary composers.

Religious Groups

The religious groups in the academic world provide to the student an opportunity to test and grow stronger in his faith, to meet others of his own faith, and to aid in his general theological education.

Here, in harmony with others of varying backgrounds, the student has the opportunity to question, to experiment, and to find meaning in what he believes.

Lectures, films, Bible study, Christmas caroling, and cost suppers are a few of the activities which all of the religious organizations sponsor.

The COVENANT CLUB is affiliated with the First Covenant Church.

The student group associated with the Missouri Synod Lutheran Church is the LUTHERAN STUDENT ASSOCIATION.

The NEWMAN CLUB is part of the Roman Catholic Church.

Students from the United Church of Christ, the Presbyterian Church, and the Evangelical United Brethren Church, are members of the UNITED STUDENT FELLOWSHIP.

The WESLEY FOUNDATION is associated with the Methodist Church.

An interdenominational organization is the STUDENT CHRISTIAN ASSOCIATION.

Students of the Episcopal Church participate in activities of the CANTERBURY CLUB.

The College is fortunate in being able to see the growth of the Ecumenical Movement. The visible sign of this in the past year was the formation of two ecumenically sponsored non-credit courses: "Science and Christianity," and "Current Trends in Religious Thought."

Supplement

Just one more dateline . . .

Mary Ziegeweid and Kay Mackey

The Student Voice Supplement, as the name implies, is a daily supplement to the Student Voice which runs date lines of daily news, campus announcements, and Channel 2 television schedules. Produced by the advanced journalism class, this publication, a service to the student body, is the only one of its type within the state college system.

Prologue

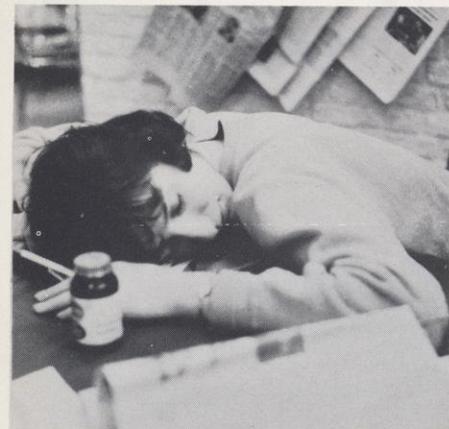

Introduced in 1957, the Prologue has become a 'regular member' of the College publicity department. The literary magazine, edited this year by Dawn Bergstrom, serves as an outlet for students who wish to do creative work with art and writing.

Staff members were:

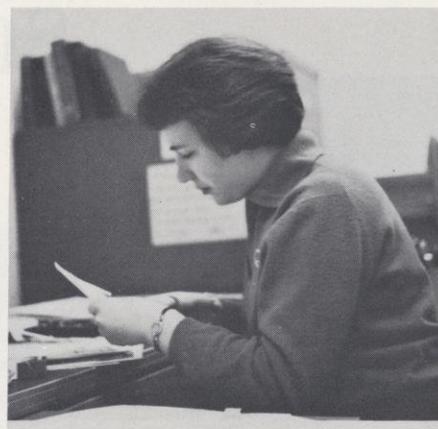

Editor	Dawn Bergstrom
Poetry Editor	Dianne Dvorak
Literary Criticism Editor	Pauline Knieff
Essay and Short Story Editor	Karen Halls
Art Editor	Beverly Monette
Advisor	Floyd Overly

The Office

See, that machine is a 'monster' . . .

Mr. Brod

Meletean copy ready to go? . . .

Mr. Harless

People walking past the Publications Office in the basement of the Student Center see through the glass window of the door a professional looking horseshoe-shaped copy desk, overloaded tables, a cluttered bulletin board, and scattered ash trays and dishes. Those standing on the outside wonder if they dare come in, while those on the inside hope that they do, for the publications business really isn't so strange, and visitors are always welcome to this little home.

The office story is a story of people, people who work and worry and sweat to get other stories out. Perhaps comments heard around the office will give a glimpse into the lives of those "journalists" in the basement . . .

Where did those negatives go?

No, you can't call long distance on that phone . . .

Who's got the file key?

The photographers just left . . .

Everything HAS to be done this weekend . . .

Why doesn't someone take the dishes upstairs?

The "green monster" is spitting ink again . . .

Well, the deadline was yesterday, but . . .

Do you think this picture should be cropped?

Who took the proportion rule?

Here comes Ace . . .

We've got to have new typewriter ribbons . . .

Will you read this copy for me?

A party?

Three hectic years as photogs . . .

And the neighbors yell when I howl . . .

Foreign Students Association

The Foreign Students Association, now in its second year of existence at River Falls, attempts to develop stronger ties with the American people, to present adequate information about foreign peoples, their history, culture, problems, and aspirations, and to encourage foreign students to study fundamental problems facing their countries.

Club members raised funds to grant assistance to other foreign students who wish to attend college at River Falls, and represented the college in area programs through speaking and musical performances.

Climax of their year was the International Talent Show, which they presented in March.

SHAKESPEARE

FOR THE SECOND CONSECUTIVE YEAR, Falcon football took on a dismal appearance in the won-lost column. Finishing the conference schedule with a single win, four losses, and a tie, they shared the WSCC cellar with Superior and Platteville.

The inability to come up with scoring plays hurt the gridders as they garnered more total yardage than the opponents and also topped the first downs column.

The unexplainable injury jinx hit the Falcons for the second year as seven regulars suffered crippling disabilities.

Indications of the season's future appeared early as Augsburg won the opener 19-7. Facing a supposedly weak Northland squad next, the Falcons needed a 31-yard fourth quarter touchdown by Larry Lloyd to win 7-0.

In their conference opener before a rain-soaked crowd they battled Superior to a 13-13 tie. In a 20-7 defeat by Eau Claire, Head Coach Fran Polsfoot lost the services of veteran guard Tom Sackett.

The most costly defeat was a 13-7 Homecoming loss to Oshkosh as three regulars (Tom Overman, Gary Wagenbach, and Mick Lauber) sustained injuries.

Sour and sweet Saturdays followed each other, for after suffering a humiliating 26-0 defeat at the hands of LaCrosse, they bounced back to knock off title-conscious Stout, 13-6.

Closing out their season the football squad dropped games to Stevens Point 35-25 and to Mankato 27-21 for a 2-6-1 overall record.

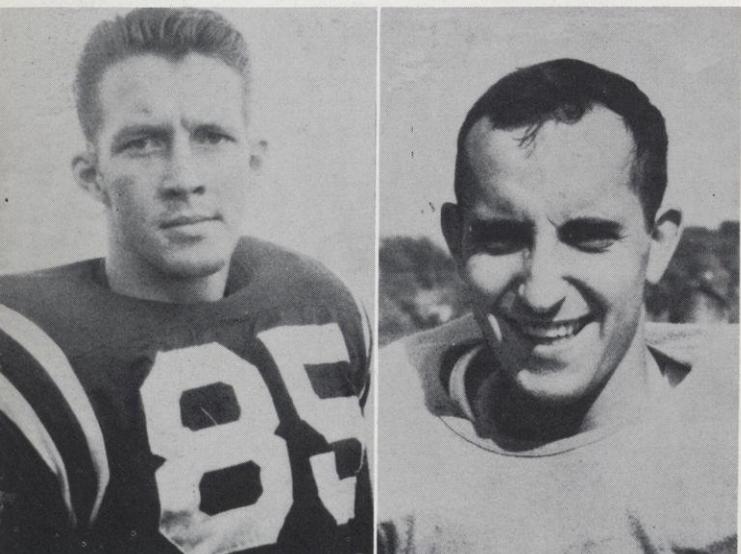

Gaining all-conference honors for the Falcons was sophomore end Duane Tollefson. Mick Lauber, closing out one of River Falls' finest careers, was drafted by the Detroit Lions of the National Football League.

Falcon Basketball

The master speaks

RIVER FALLS BASKETBALL remained at a low level this year as the 1960-61 squad could only find the winning combination four times in 20 games. Three of these wins were against non-conference foes, Bethel and Winona, and the sole WSCC victory was at the chagrin of Stout in the season's final appearance and snapped an 11 game losing skein.

Falcon cage fans were optimistic as the season opened with the teams' high scorer, Charley Johnson, returning and flanked by a duo of big men, Toby Garey and Gary Scharfenberg. Returning to patrol the backcourt were veterans John Lauber and Don Koepnick.

The high hopes were soon deflated as before conference action was initiated, as Johnson and reserve guard Barry Lindsay were lost due to ineligibility. Falcon backers put away their noise makers and settled down for another long winter.

Providing the offensive punch for the year were Koepnick (263), Lauber (241), and Garey (239). River Falls scored 1387 for the season, averaging 69.2 per game, as compared to their opponents 1541 for 77 points a game.

Donning the Red and White colors for the final year were Mick Collins and Darrell Hart.

WRESTLERS PROVIDED the bright light in River Falls athletic fortunes by compiling an 8-3 record and finishing second in the conference meet. Dick Culver, 137 lb.; Dave Garlie, 167 lb.; and Larry Julien, hwt.; won championships for coach Byron James as Superior garnered four titles and relegated the defending champions to second place.

At the close of the season Culver, Garlie, Julien, and Jerry Fehlen, 123 lb., traveled to the N.I.A.I. Small College Championships at Colorado Springs, Colo. Julien put away two opponents to gain the finals only to lose to this ever-present nemesis, Jerry Wedemeier, of Winona, 2-1.

Completing his second year at River Falls, Head Wrestling Coach Byron James has compiled an overall record of 18 wins, 5 losses, and one tie. In conference meets his teams have placed first and second.

Fehlen in trouble

TWO MORE inter-collegiate athletic teams were inaugurated during the 1960-61 sports' year. The installation of the new swimming pool warranted the formation of a swimming team, only the third such team in the Wisconsin State College Conference. A bowling team was entered in the newly formed Midwest Inter-collegiate Bowling Conference.

BOWLING

The Falcon keglers finished the season in fifth place with a 26-22 record, one game behind Bradley and Platteville who had 27-21 records. Vic Londo's 183 average topped the team, followed by Jim Filkins 176, Dennis Seefeldt 173, Len Hofmann 170, Jerry Brehm 168, and Ron Williams 163. Whitewater won the traveling trophy at the conference roll-offs with 89.87 Peterson points; LaCrosse 86.20, Bradley 80.70, and Platteville 78.57 followed.

SWIMMERS

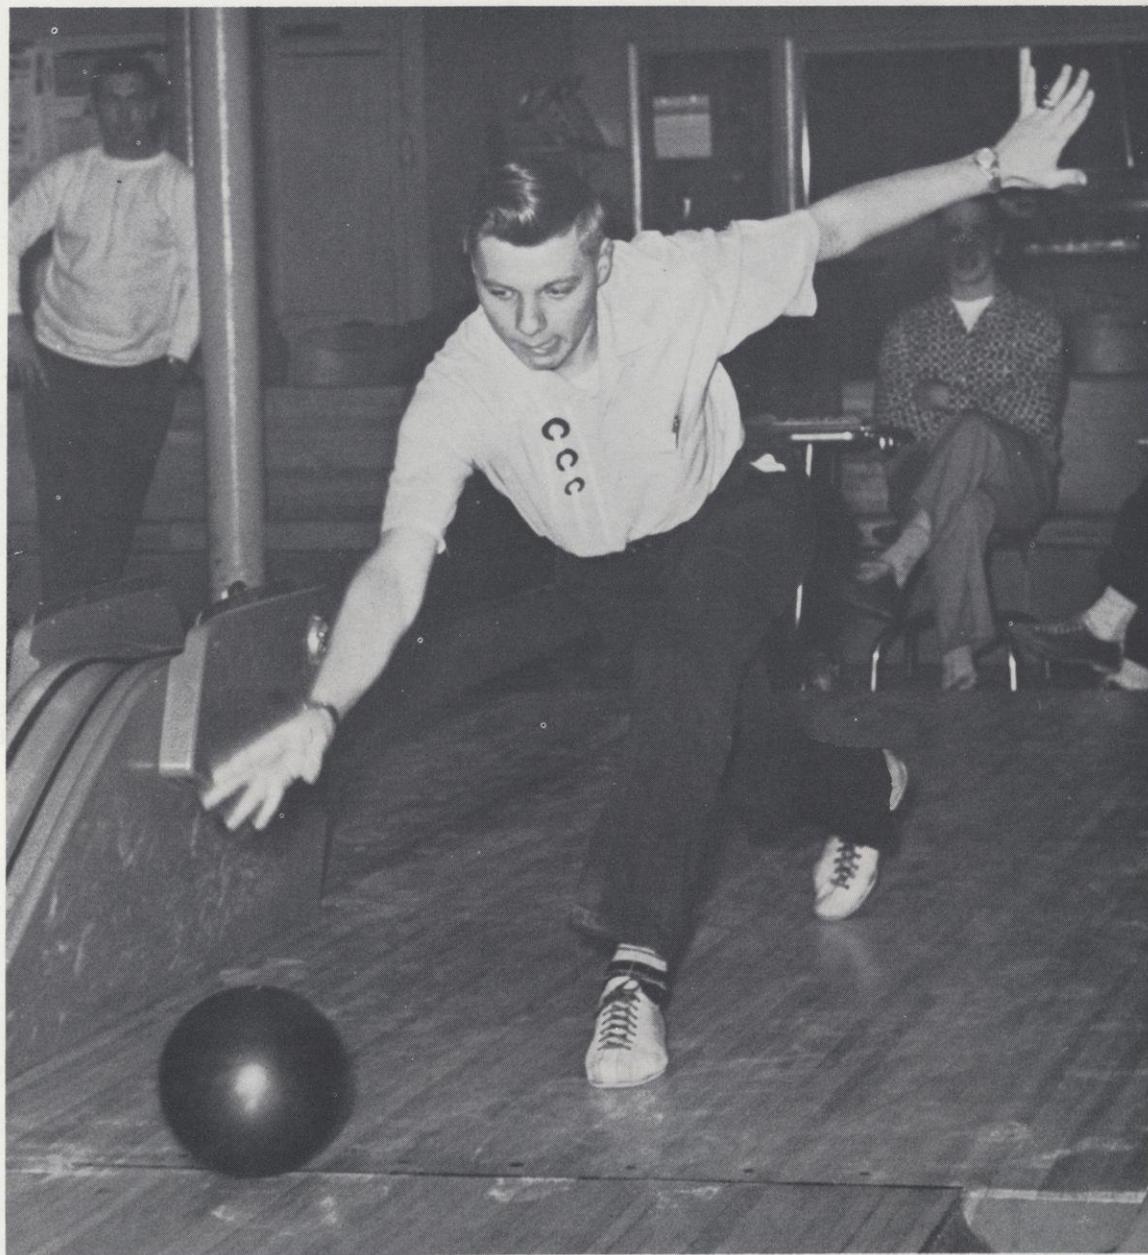

In their first year of college competition River Falls dropped a practice meet to Gustavus Adolphus 80-23, lost a tight dual meet with Hamline 48-33, and were defeated at home twice; LaCrosse 76-26, Winona 75-28. Jerry Stackbein scored the Falcons' only first, winning the 60 yard freestyle during the Hamline meet.

Vic Londo etched his name on one of sport's most coveted rolls Monday, Feb. 6, as he strung twelve strikes in a row for a perfect 300 game. The masterpiece was the first at Collins Lanes, River Falls, and the first in the Midwestern Inter-Collegiate Bowling Conference. The Falcon Keglers were bowling Stevens Point. Londo finished the night's action with a 649 series, flanking his 300 with 174 and 175. He completed the conference season with a 183 average and is currently carrying a 175 in intramural action.

BASEBALL PROSPECTS as the Meletean went to press took on a dismal appearance as the new roster is minus twelve veterans and shows only four returning veterans. The pitching hopefuls with any college experience dwindle to only the transplanted gardener, Frank Gombold and sophomore Eddie Gregorich. Coach Don Page will have to rely on freshman prospects and face a rebuilding season.

Row 1: Kermit Summers, Vern Wanish, Bob Nilsen, Bob Cross, Dick Larrabee, Mick Rogers, Bill Halverson; Row 2: Richard Quast, Joe McDaniel, Jim Raether, Bob Endres, Joe Endres, Elroy Rasmussen.

TENNIS, under the new direction of Byron James, will feature returning veterans Al Rosenthal, Mike Lukowicz, and Grant Johnson. Newcomers to aid the netters quest for recognition are Larry Greenwald, Jerry Dexter and Dick Jensen.

Al Rosenthal, Jerry Dexter, Dick Jensen, Mike Lukowicz.

SPEEDSTERS Tom Pride, Duane Jenson, and Jerry Halverson; hurdler Gordie Olson, and weightmen Gary Wagenbach, Harold Rivard, Bob Radatz, and Glen Anderson will form the nucleus of the 1961 track team. Head Coach Fran Polsfoot also will expect help from freshmen pole vaulters Wayne Couch and Gaylen Bunce, Jim McAdam, freshman distance man, and Dennis Louks, high jump.

Top point getters missing from last year's squad are Rog Huser, Frank Sprenger, Fred Colman, and Dan Teetzen.

FALCON LINKSMEN, with three returning lettermen and good depth, will be out to improve their third place finish in the 1960 Conference Golf Tournament and better their 7-4 record in dual competition.

Bolstering this year's team are Jerry Stern, Barry Lindsay, and Valmer Barrows. Also seeing action last year were Terry Hexum and Chuck Wall.

INTRAMURAL FOOTBALL crowned a new champion fall quarter as the Lumber Pilers finished the season with an unblemished 8-0 record. The Suburbanites tied for the runner-up spot with a 7-1 mark, the sole defeat was the season's opener against the eventual champions. Last year's titlist, the Stool Bums fell by the wayside with a 3-5 record.

The Elmer's Boys captured the fall quarter Bowling laurels with a 18-3 mark. The consolation spot was grabbed by the Pin Boys, finishing with a 16-5 mark. Individual statistics were headed by Dennis Seefeldt's 173 average. Members of the championship team were Len Hofmann, Ron Braum, Tom Braun, Bill Turner, Pat Mrotek, Cliff Dueholm, and Lowell Roehl.

As the yearbook goes to press the four teams battling for play-off spots in the "A" Division are the Alley Cats 17-4, Tequila Kids 16-8, Splitters 15-9, and Elmer's Boys 12-11. In the "B" Division the Sleepers 21-6, Pin Boys 18-9, Scraggs 13-11 and King Pins 15-9 are battling it out.

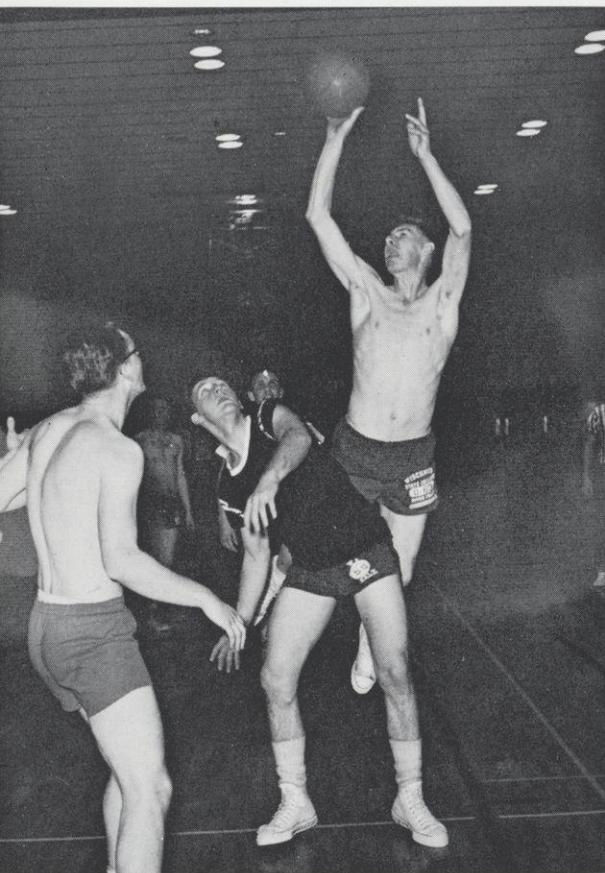

The Saddlelites won the Intramural Basketball championship by edging the Fumble Bums 39-38. Dwight Scholz and Rich Miller paced the victors, each dumping in 12 points. High scoring Glen Struve was the game's top scorer with 21 points. The Saddlelites finished the regular season with a 4-2 record in the "R" League. In their quest for the trophy the champions whipped the Vets 74-35, blasted the Dynamoes 65-26, and in the semi-finals beat the Floorburns 46-30.

In other I-M action Jon Fisk, senior from St. Croix Falls, connected on 35 of 40 foul shots for the annual free throw crown.

Claire Hewitt continued to dominate the college archery tournaments winning the fall quarter meet. There will also be a spring quarter tournament.

In Chess competition Earl Burton and Roger Karras were the top two winners.

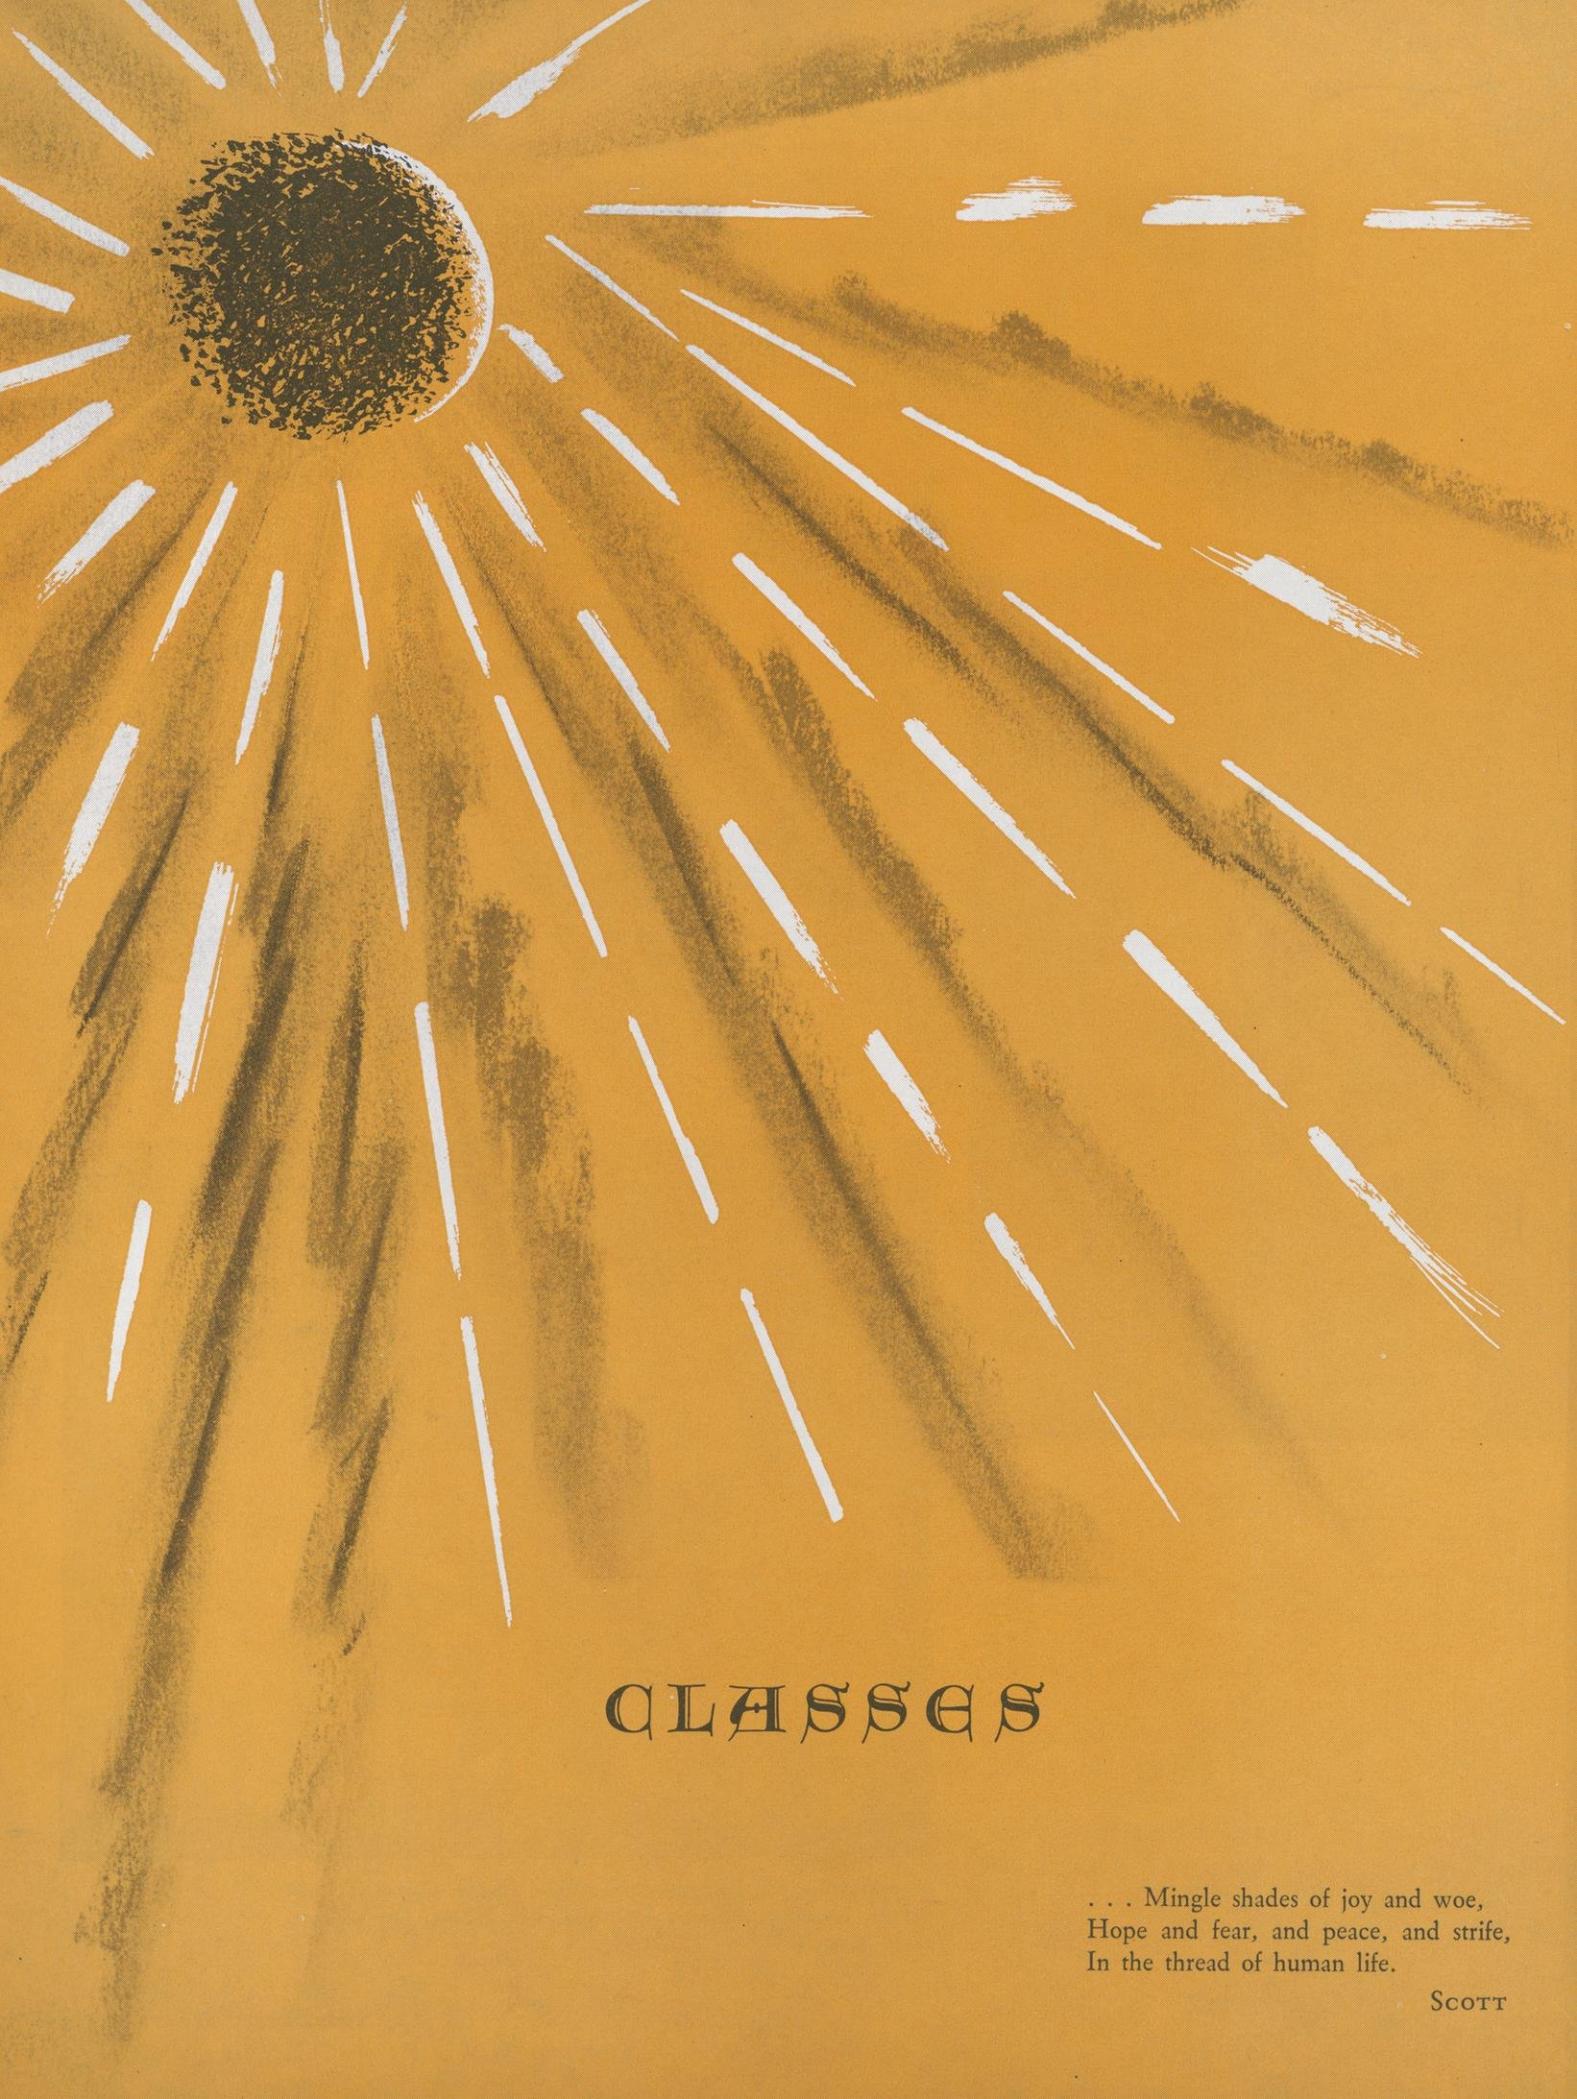

Spring quarter action will include a volley ball league, a soft ball league, a swimming meet, and tournaments in golf, tennis, handball, and badminton.

Faculty Frolics

As the year grew short, students were anxious to see various faculty members — talented and otherwise — reveal a nondescript portion of faculty life, the "Unteachables." This vast project, held on April 14, was undertaken as the faculty's part in raising money to contribute to the "Feed the Falcon" fund. A sum of \$826.01 was turned over by directors Mr. Wayne Wolfe and Dr. Edward Peterson to the Student Foundation Committee for this purpose.
