Them Was the Days!

A Dramatic Monologue written upon the Discovery of an old Blue Book among some Papers when unpacking a Trunk in a Foreign Country. Done (in a Spirit of Revenge) in the early Style of W. E. L., bearing in mind his Tragic Line,

"She killed herself, she did"

which appears in one of the early works of that kindly cynic.

Whoop! "Standard Blue Book! Menges Pharmacy.
Fritz Kunz. Shakspeare. Dr. Elliott.
November 23rd, 1910."

By golly, Hank, look at this old thing!
Done in our salad days, when you were wrestling
With Kahlenberg and all his company,
And I was doing everything I could
To dodge undue attention from Dean Birge!
What funny handwriting! Account of the pen
I borrowed from Ted Hoyer, probably;
He borrowed thoughts from me that day, no doubt!
Listen to this, Hank: "All of these
External methods are quite definite,
And the results are close. The disadvantage
Here is that not all of the plays are fixed. * * *"

And in the margin wise old Elliott writes:
"The disadvantage is that what *you* say
Is vague; do you yourself know what you mean?"

Thata boy! Then I get going again:

"The first of these is reference by Shakspeare
In a play to some event of which
The date is definitely fixed by history;
The second, style and diction—that is to say,
Shakspeare's use of certain words and phrases * * *"
And then Doc Elliott's writing in the margin:
"What events? What words? What phrases? What style?
What diction?" Then, at the end, a parting shot:
"This paper gives some evidence of study,
But shows a lack of thought." And then, in bold,
Black figures comes his fine Italian hand:
"Failure—58." And yet—yet,
Hank, old wooden warhorse. them was the days!

SENIORS OF '22 FOLLOW LOYALTY PRECEDENT

FOR the second successive year, members of the Senior Class have pledged 100 per cent membership in The General Alumni Association. The action was taken in the regular meeting of the Class in Music Hall on May 3.

As evidence of the purpose to fulfill their pledge, the Seniors adopted by unanimous vote a motion combining the payment of their alumni dues as a part of the regular senior dues.

The action of the Class followed an explanation by the Alumni President, Israel Shrimski, ex '88, of "What the Association Is and Does," offered at the invitation of the President of the Class, Guy Sundt.

ACORDIAL co-operation and active assistance are being received from every quarter by the committee that has arranged the program "for the greatest alumni reunion ever held at Wisconsin." Your individual aid in this matter will be heartily welcome. Of course you endorse the determination of the committee to **Alumni Day, June 13** run the Senior-Alumni dinner on schedule—march by classes at 5:30, soup at 6:00, everything over and "lights out" at 9. Let us all do our part in getting former classmates grouped together in the march for that is the only way of being sure of sitting together by classes during the dinner. Classes will want to "sit together, yell together, and sing together."

At the senior-alumni dinner undergraduate dramatic and musical organizations have agreed to favor us with some of the best bits of entertainment from proven successes of the college year. Wholesome fun and joyous mirth are to be the keynote at the dinner this year. That the major time of the dinner entertainment is to be given over to this form of entertainment will be a welcomed innovation.

The committee announces but three speakers. All, we are confident, will endorse the committee's selection of Bishop Fallows, '59, President Birge, LL.D. '15, and Judge Oscar Hallam, '87.

For other details of alumni day program see page 262. Plan to attend everything. The program is not crowded. The morning meeting, the senior-alumni lunch, the Chicago-Wisconsin baseball game, the band concert, the senior-alumni dinner, President Birge's reception, and the senior-alumni frolic will surely prove enjoyable to all. With the large numbers that will be in attendance it is essential that we all be on time. Reservations for the senior-alumni dinner should be made early. Such early reservations will enable the committee and the caterer to provide more bountifully for us all.

By the way, if any of us have anti-dance views—religious, rheumatic, or otherwise—let us not hesitate in the least to attend the senior-alumni frolic where, in addition to dancing, other forms of entertainment—movies, cards, dramatic sketches, music, and so forth, are to be provided.

Members of the Alumni Association may be interested to know that alumni work the country over is guided very largely by the same ideals and conducted generally according to the best experience of the most efficient alumni workers, however widely separated geographically these workers may be.

The A. of A. Secretaries

This sharing of ideas and experiences between the alumni workers is made possible principally through the Association of Alumni Secretaries (including Alumnae Secretaries) which met for its Ninth Annual Conference this year at the University of Illinois, on May 4, 5, and 6. The conference of "The Alumni Magazines Associated" was held at the same time and place. Among the topics discussed were: "Publicity," its need and utility for colleges and the best methods of getting it; "The Relation of the Alumni to Intercollegiate Athletics"; "The Responsiveness of Trustees to the Alumni Body"; "The Educational Policy of Alumni and Alumnae Associations"; "Mail Campaigns for Magazine Subscriptions"; and "The Collection of Subscription Accounts."

While this is the year that the "two" and "seven" classes have planned special reunions, members of other classes are urged to return also. Last year members of the classes of 1876 and 1881 had such a good time that several members of both of these classes have notified us that they plan to be in Madison again this June (see 1876 and 1881 Class News). A member of the Class of 1914 writes he will be here to see friends in the Class of 1912. Bishop Samuel Fallows of the Class of 1859 will be here. Bishop Fallows is a living example that mere years make no man old. If you think you are too old to come back to renew your youth with Alma Mater's family read the statement of an experienced physician in the 1882 class notes. If you are a "2" or a "7" you have already received special invitations from your class officers, but even if you are not a "2" or a "7" come back if you can. As Dr. Head, '82, well says, "If anyone is feeling too old (to reunite in June) let him remember . . . that it is drudgery, not age, that is affecting him; and let him recall the fine enthusiasm of Bishop Fallows, '59, and others of his generation." So again, and still again, come back!

In showing appreciation of what 1922 has done, could any more assuring evidence be offered by reuniting classes—1917, 1912, 1907, 1902, 1897, 1892, 1887, 1882, 1877, 1872, and 1867—than by taking class action at meetings to be held on Monday, June 12, providing for 100 per cent membership in the General Alumni Association? The classes of 1922, 1921, and 1881 justly pride themselves on 100 per cent. "Two's" and "seven's," will you please consider this important matter at your class meetings on June 12?

In the campaign for 10,000 members the membership committee asks us all personally to enroll at least one new member during the next thirty days. Will we do our part? The committee has accomplished surprising results by mail. Let each one of us render this small assistance now asked for, remembering that *all* former students, not alone degree holders, are eligible for membership in an organization whose worthy object is "to promote the welfare of the University and to keep alumni in touch with the University and with each other."

See Wisconsin-Washington Crew Race Madison, June 12!

The steady increase of Life Membership in the General Alumni Association is evidence of firm belief in the desirability of assuring financial support to co-operative loyalty in behalf of the **Life Membership** University. Individual good will is a valuable asset, but to substitute co-operative loyalty for mere individual good will is one of the chief problems for alumni associations everywhere. Wisconsin now leads among the state universities in annual members. Let us work toward a position in the front rank in Life Membership. Life Membership costs but \$50. Payment may be made at one time or by a series of payments within twelve months. Life membership payments are placed in a trust fund. This is a worthy cause; your enrollment as a Life Member will be very welcome.

Women who resided at Chadbourne Hall during Miss Mayhew's residence there are invited to attend the special reunion in honor of Professor **The Mayhew Reunion** Abby Mayhew at Chadbourne Hall on Monday, June 12. In as far as possible these women will have first choice in securing accommodations at Chadbourne during Commencement season. All women desiring to take advantage of this opportunity of meeting Miss Mayhew on this special occasion before returning to her work in China are urged to notify Lelia Bascom, '02, 419 Sterling Place. (See other notice among campus notes.)

HIGHSPTS IN THE LIFE OF THE CLASS OF 1922

Sec'y—NORMA KIECKHEFER

Coming into the University of Wisconsin during a period of depression when the S. A. T. C. transformed the campus into a bustling training camp, the Class of 1922 may leave when the wave has reached its crest again, and University affairs are booming. Work begun by other classes has been taken up by this class and carried forward by its original membership, increased by those from other years who returned to Wisconsin from their period of service. Such conditions do not easily make for solidarity, but the welding has been persistently moving forward under the inspiration of the return to peace and the opportunity for doing big things.

The Memorial Union Campaign, started by the preceding class, has been nursed from a tender infancy until now its growth makes the Memorial Union building only a question of a few more years' time. The drive last fall was the biggest thing which the University has witnessed in years, extending to every student on the campus an opportunity to feel that his share would help to fill Wisconsin's greatest want. The *1922 Badger* was justly termed "The World's Greatest Year Book in the University's Greatest Year." As a pictorial and artistic success, it stands alone in the long line of year books.

The movement to abolish green caps started last spring and the incidental harmful hazing has been turned to better purposes by the Class of 1922, in the restora-

tion of the green cap, not as a mark of servility, but as a badge of class loyalty, put on at the Varsity Welcome and worn as an honor to the freshman class and its Alma Mater.

Homecoming last fall, with its overwhelming victory over the Gophers from Minnesota, was the success that it was, largely through the efforts of the senior class, whose leaders directed all committees.

Following the admirable lead of the Class of 1921, this year's senior class joined the Alumni Association of the University in a body, with the earnest desire to perpetuate its efforts in making a greater Wisconsin after the graduation ceremonies this June.

In an editorial of May 5, the *Cardinal* says in part:

"The class of 1922 joined the ALUMNI ASSOCIATION in a body. In doing this the seniors followed the excellent lead of 1921 last year. **1922 Joins in a Body** This practice should be kept up by each succeeding class.

With the enrollment of the hundreds of seniors this spring the WISCONSIN ALUMNI ASSOCIATION will boast the largest relative membership among state universities. * * *

THE ALUMNI ASSOCIATION is doing a useful piece of work in perpetuating *Wisconsin Spirit* out in the world. Membership should be 100 per cent in every senior class."

16. Q. Number of calls and conferences held during the year? A. None.

17. Q. Does this organization maintain a loan scholarship or fund? A. No.

The Union of American Hebrew Congregations, Cincinnati, Ohio, has co-operated very closely with Prof. L. B. Wolfenson of the department of Semitics in organizing and developing the Jewish Students' Association. The Association was directly planned by Professor Wolfenson, and the Union of American Hebrew Congregations has financed the bringing of prominent Rabbis from cities of the middle part of the United States to address the students and conduct services. This generous assistance has brought it about that the Jewish Students' Association has been the most successful organization for religious purposes of Jewish students in the whole United States.

In October last Professor Wolfenson conducted New Year and Day of Atonement services for the Association with the authorization of the Union of American Hebrew Congregations. Over two hundred students attended the service, probably the first service for these holy days ever conducted primarily for students.

U. W. CLUBS

"Sit together, listen together, sing together, eat together, and you'll work together."

"The alumni, through their local organizations, can and should do things. The central association can not infuse life into local branches by some hypodermic method or other. Rather, it is the central organization which thrives only when alumni everywhere are alert for their opportunity for service."

"ON WISCONSIN!"

"ON WISCONSIN" had an added meaning to Chicago alumni—the play which has interested not only the cast of 50 former Badgers, but also their friends and every old grad, during the past few weeks. The papers have been full of the play, the actors have thought of nothing else, and to every alumnus the date "May 10th" meant just one thing—the night of the play.

This tremendous undertaking by the Chicago Club to revive the historical incidents and traditions connected with the University of Wisconsin, and to make them live before the present generation, was conceived by R. F. Schuchardt, '97, president of the local U. W. Club, who wrote the play, assisted by Harold Tufty, '18, and Mrs. Tufty (Esther Van Wagoner, '21).

Everything about the play has been fun—did you ever get a bunch of Wisconsin people together and not have a good time as a result? We know the authors enjoyed writing it, and we have H. S. Rademacher's ('15) word for it that he has never enjoyed coaching a play so much as this one—and as for the cast, well, everyone in it felt sad when the final curtain went down that rehearsals couldn't continue any more. (And it is prophesied in certain circles that we just must do something again next year!) From the size of the audience, the response it cordially gave to the presentation of the play, and the favorable comments we have heard, we just know that everyone not in the play enjoyed it fully as much.

The proper University atmosphere was lent to the occasion by the presence in the boxes of President Birge, LL.D., '15, Dean Goodnight, '05, J. F. A. ('Sunny') Pyre, '92, and Professor Gardner who, by the way, took part in the play, too, just by way of showing his spirit. And some famous alumni were there, too, such as William P. Powers, '60, who entered the University in 1853 and who came all the way from Los Angeles to see the play; Bishop Fallows, '59, our Grand Old Man; Israel Shrimski, ex '88, president G. A. A.; J. C. ("Ikey") Karel, '95, who made the never-to-be-forgotten run in the Wisconsin-Minne-

sota game, back in 1894, when we beat the Norsemen for the first time in football history. T. C. Chamberlin, LL.D., '04, Wisconsin's president from 1887 to 1892, occupied a box with Mrs. Chamberlin.

To come back to the play, however, there are so many things to tell about it is hard to make a beginning. 'Course it would be fine to give you a little more idea of the plot of the thing, so first we'll tell you it was historical, with a prelude to explain things, in which Walton Pyre, '99, figured as "History," Herbert Snider, '20, as "Young Wisconsin," and Delma Donald, '21, as "His Sister"; and four acts, dealing with the early years of the University, about 1866, right after the Civil War when the soldiers were returning from battle, rehearsing their experiences, with the mid-Bascom time, which was a period of transition, showing vividly the methods of hazing and the intrusion of women on the campus; with the famous football game on Nov. 17, 1894, (this was a wonderful act!); and lastly with the present year of our Lord, March 17, 1922, the day of the "w. k." engineers' parade and a spring scene at Picnic Point.

In case you are interested in the cast, here it is: Harold Bickel, '10, as Patrick Walsh, head janitor from 1861 to 1897; Harold Tufty, '18, Walter O'Meara, '20, Howard Drew, '14, Harold Ofstie, '14, Cecil Holman, '18, Marcus Baxter, '20, Noble Lee, ex '18, Sergeant Wild, '18, Harold Taylor, '20, Robert Hert, '20, Elizabeth Kendall, ex '18, A. P. Gerhardt, '21, (who played the part of E. F. Wilson, '84), Waller Carson, '17 (who portrayed F. S. White, '81), Kenneth Barrows, ex '18, H. D. Hurn, '11, J. V. McCormick, etc.

Much credit for the success of the play should be given to the staff, comprising Richard Logemann, '99, business manager, Carl Keller, '99, as assistant, H. S. Rademacher, '15, stage director, Jessie Shepherd, '95, as assistant coach, Waller Carson, '17, H. G. Tufty, '18, who also had charge of the costumes, Harold Taylor, '20, N. J. Conrad, '05, properties; Michael W. Straus, '18, publicity, and Morgan Eastman, ex '04, music.

We mustn't forget to tell you about the social events preceding and following the play, which were vital features of the evening's entertainment. The entire cast had dinner together at the Shepherd tea-room, with a true Wisconsin setting, yells, singing, lock-step march, etc. No one would have guessed that the scene was laid in Chicago—it seemed so much like Madison! And you should have seen the attention Walter O'Meara attracted on Michigan Boulevard, when he wore his stage costume, tall "cabby" hat, and all. If he had only had a whip, he would have been perfect! As it was, everyone on the street and the cabmen, too, gaped in astonishment, and wondered if their eyes were deceiving them.

The social event after the play was not so exclusive, for everyone was invited up to the Palmer House for an informal reception and dancing. A goodly number of Wisconsinites proceeded thence and thereby had much enjoyment, greeting old friends, and indulging in the "light fantastic." By one o'clock, the party had to break up—"On Wisconsin" as a performance was over for this time, but as the rallying cry for the famous and powerful Wisconsin spirit it has taken on new vigor and will carry forward the Memorial Union drive to great success.—LUCY ROGERS, '18.

Besides all this which the Chicago alumni have done, the **women** of the association have put out a cookbook called "Wisconsin Cookbook," in order to help swell the funds of the Memorial Union. All hands are at the wheel and for one dollar and ten cents postage you can have the finest cookbook known on September first, when the books will be all ready to mail out. "Send your order in early," is the slogan and the address is Miss Jessie Shepherd, 5000 Dorchester Ave., Chicago.—KATHRYN PERRY, '23.

DISTRICT OF COLUMBIA

The following wire came to Alumni Headquarters from Washington, May 12: "University of Wisconsin Club of District of Columbia is very active. Live membership campaign is under way. Big doings planned for latter part of June. Other stunts are under consideration. Send names to Mrs. J. A. Robertson, '06, (Cora Halsey), 1422 Irving Street, N. E., Washington, D. C."

INDIANAPOLIS

The U. W. Club of Indianapolis gathered at Caleb Hall on April 8 to see the Varsity movie "Not Responsible." Jack

Harding, '21, who played a leading part, was present as a guest as was also Mr. Theodore Hammond of Wauwatosa. Some 500 enjoyed the movie and attended the dance which followed the performance in the Shortridge High School gymnasium. A picnic is planned for the summer when the present as well as former students can meet together.

NEW ENGLAND

On April 24 W. R. McCann, '15, kindly sent to Alumni Headquarters a carefully prepared copy of a new proposed constitution and by-laws of the U. W. Club of New England.

Changes of Address

should be reported at Headquarters to avoid unnecessary delay in the mails.

OF THE
UNIVERSITY OF WISCONSIN

“On Wisconsin!”

As a member of the growing ALUMNI ASSOCIATION you will rejoice in knowing that your organization now has over 7,500 members, that only one state university enrolls a greater number in its alumni association, and that with but a little co-operative work on the part of all of us Wisconsin can easily move into first place this year.

You must know some men and women who are entitled to membership, but who have probably never given serious thought to the advantage of keeping in touch with the University and with graduates through an organization which enables us all to show co-operative loyalty in addition to individual good will. Urge them to join. In fact you will find that mere mention of the matter by you to a personal acquaintance will accomplish more than our committee can by letter. We have had fine co-operation shown in our “by mail” membership campaign; we now ask you to co-operate with us personally enrolling at least one new member during the next thirty days.

If your own dues are not paid in advance for 1923, send them along when you return your address card.

How about a Life Membership? Fifty dollars placed in a trust fund to assure financial support of the one organization maintained by former students “to promote the welfare of the University and to encourage the interest of the alumni in the University and in each other,”—would that be a good investment? If \$50 at one time is too heavy a touch, how about a payment now followed by other payments so as to complete a Life Membership within a year?

For your convenience two blanks are found on reverse side. One is for membership. Please fill it out and return it accompanied by alumni dues or Life Membership payment.

Earnestly yours,

MEMBERSHIP COMMITTEE OF GENERAL ALUMNI ASSOCIATION

THE MONTH IN ATHLETICS

By W. E. SHOULTS, '23

BASEBALL and track have occupied the athletic spotlight the past month. Coaches Lowman and Jones have both developed strong squads, and when the curtain goes down on the spring season of 1922 the Cardinal will be in its accustomed high place.

Mr. Jones' cinder artists have been showing up well despite a reverse at the hands of the strong Illini. The Orange and Blue team reminds one of the combinations which Mr. Jones had running for Wisconsin in 1915 and 1916. The Badgers should be good for a strong second at the Conference Meet in June. Capt. Al Knollin, '22, is the class of the Big Ten at going over the hurdles, while Merrick, '22, and Platten, '24, are exceptional performers at pole-vaulting and high jumping, respectively. Guy Sundt, '22, is a bulwark of strength in the broad jump and shot-put.

The Cardinal ball team is an even better one than that which represented Wisconsin last year. It combines fast fielding, heavy hitting, and strong pitching, and that is a formula that's hard to beat. The team has dropped only one Conference game so far, that being to Michigan. Illinois, Northwestern, and Minnesota twice have felt the power of the Badger machine and gone down before it. We are still very much in the running for the 1922 championship pennant.

The Department is putting on the Annual **Alumni Day** Baseball game on Tuesday, June 13, between the alumni of the Universities of Chicago and Wisconsin.

Coach Vail is out on the lake every night now rounding his crews into shape for the races that are scheduled for later in the month. The University of Manitoba eight came here from Winnipeg on Scholastic Day, May 27, to row our Varsity. A race is also scheduled with the University of Washington on Lake Mendota for Monday, June 12. This being at the beginning of Commencement week, it is hoped that many of the alumni may be on hand to witness the event. If by any chance the crew should develop exceptional and just now unexpected power, it may be sent to Poughkeepsie. The Junior Crew rowed Culver Military Academy at Culver on May 20 and met the St. John's Military Academy at Madison on May 27.

The tennis team is stronger this spring than usual and can be expected to make somebody travel to keep it out of the finals at Chicago.

The biggest day of the athletic season was May 27 when the State Interscholastic meet was held here at Camp Randall and the same week-end saw the Venetian Night celebration and annual spring water carnival as well as a crew race and tennis matches.

LAW GRADUATES ATTENTION!

The graduating class of the Law School has formed a temporary organization for the purpose of formally organizing at Commencement time this June an alumni branch of the Law School for the purpose of supporting, fostering, and aiding the Law School and the study of law. A meeting will be held on Monday, June 12, in the Law Building, of all graduates of the Law School who can be present. The hour will be publicly announced in time to inform all who desire to attend. The proposition has the approval of the faculty and all of the alumni who have heard the idea mentioned.

DEATHS

MARY BRAY SHARP, ex '67, died April 22 after a long illness. From the Madison *Wisconsin State Journal* of April 25 we quote in part only, the following appreciation: "In the death of Mrs. Mary B. Sharp * * * the community is losing one of its most estimable citizens. She was a member of the First Methodist Church for probably fifty years past. It was through the interest of Mrs. Sharp that the City Y. W. C. A. cafeteria property was transferred to the Y. W. association and became the nucleus of the resources from which the new building came. Without this splendid location for the cafeteria it would indeed have been difficult to finance this important enterprise." Mrs. Sharp was a loyal member of the W. R. C., and her stories of life on the campus during Civil War days have often furnished entertainment for her friends.

LOUIS KRONCKE, ex '95, member of the firm of Dillon and Kroncke, Madison consulting engineers, passed away on April 20. The *Capital Times* of April 25 printed the following tribute from his associate in business, Mr. E. E. Dillon: "L. W. Kroncke has passed away, and his many friends who knew him best will remember him as a modest and unassuming man who was always a true friend, and who accepted every opportunity to volunteer some kind and charitable act. His modesty concealed most of his kind and noble deeds that are worthy of the highest praise and acknowledgment, and only those persons who were most intimately associated with him knew what a generous-hearted, broad-minded and charitable man he was. * * *

"He had an unusually clear and bright mind and, having had an excellent college training and being an extensive reader, was able to discuss the latest topics of the day and the most complicated technical subjects with the utmost intelligence; and in business matters he was always fair and considerate of the rights of others, and all who have had close association with him regarded him as a man who was always honest and true to his word, and a large man in all of his dealings with his fellow men.

"On account of his modest and retiring manner, his true worth was not generally known, but to those who knew him intimately, his was a truly great and noble character."

BERTRAND H. DOYON, '98, was burned to death in his automobile, while on the road between Madison and Middleton, April 21. Mr. Doyon lost control of the car which struck two other machines before it upset and burst into a mass of flames.

Mr. Doyon was born in Milton, Vt., in 1874. In 1881 he came with his parents to Madison, where he has been in the lumber business for many years. During the war he entered the service, enlisting in the tank corps, and was at a training camp at Raleigh, N. C., ready for overseas service when the armistice was signed. He

is survived by his wife and son, Bertrand H. Jr., a freshman in agriculture, and a daughter Dorothy, a student at Wellesley.

CAPT. FRANCIS LORENZ PALMER, ex '15, U. S. A. retired, died on March 22 at San Francisco, Cal. Captain Palmer attended the University in 1911-12, leaving it to accept an appointment to West Point from North Dakota, his home being at Devils Lake in that state. He completed his course at West Point, ranking second in his class, and was commissioned in the Engineers. He served with the Engineers of the Fourth Division with the A. E. F. and was cited for bravery and distinguished service. His rank overseas was that of major, and he was one of the youngest men in the army to receive this commission. As a result of his overseas service his health became impaired and he retired from the army only to die at the age of twenty-eight.

He is buried in the Presidio at San Francisco. His wife survives him.

Norris Stoltze, '15, to whom we are indebted for this notice, says of him: "Mr. Palmer's brilliant service and unselfish devotion in the cause of patriotism merit recognition by the University of Wisconsin by placing his name with those of her sons who in a similar manner filled a short life with a high measure of achievement."

N. B. F. W. HALL writes: "If possible we are planning to have a reunion again this year."

The following appreciation of Prof. R. B. DUDGEON appeared in the Madison *Wisconsin State Journal* of April 18: "TO THE EDITOR: The passing of Mr. R. B. Dudgeon awakens in the memories of many parents their indebtedness to him. His kindly counsels to the wayward ones, his encouragement to the restless spirits who, standing at the turbulent passing of boyhood, 'would have dropped out of school' but for his persuasion, and, being 'to their faults a little blind, and to their virtues very kind,' all so quietly done that none but the young rebels and perhaps a mother or two ever knew how Mr. Dudgeon saved the day. Many faraway boys would gladly bear witness to the kindly friend who tided them over.

We cannot let this moment pass without adding our appreciation of the noble life well spent.

'77 LAST CALL '77

FINAL ARRANGEMENTS

You were notified in the last number of this Magazine that we had taken the first floor of Mrs. Seymour's, 439 N. Murray St., for our headquarters for the entire Commencement time.

All are requested to report there immediately on arrival, receive your badges and instructions so you will be recognized as the valiant '77 wherever you go.

We have left the midday practically open to suggestions, as none of you have made any as requested. Probably there will be a boat ride and luncheon together.

At 4 p. m. we assemble at Mrs. Seymour's and go in a body to tea given at the Kappa Kappa Gamma house by Mary Hill who is still loyal to '77 though this Magazine put her in the class of '82 in the last issue. Giving the tea with Miss Hill is Mae Johnson Evans to class of '82, so we will meet a good many friends besides those of our own class.

At 7 p. m. we have decided to dine together in our headquarters. This will be our BIG EVENT, after which we will have a short business meeting for election of officers, etc. This dinner will be thoroughly informal, but Prof. J. B. Parkinson, '60, the only full professor of our time left, will be our guest of honor and will say a few words of welcome to us. There will be music, drilling, and our yell, stories, toasts, reminiscences of the old happy days, etc., so all members brush up and be ready to do your turn. Any newspaper articles or programs of the social or literary events between '73 and '77, pictures of that date, etc., will all be interesting.

TUESDAY. Alumni Day. We should all attend meeting in morning and during the day it is expected the ground will be broken for the new Commons Building in which we are all so much interested.

The Alumni Dinner is the biggest social event of the program and place to meet all old grads and friends and as '77 is honored with one speaker on the program it certainly is up to us to be there. The President's Reception will be held at 9 p. m., and the Senior-Alumni Frolic at 10 p. m.

WEDNESDAY of course is the grand Commencement Day and all who are still there should march in the procession to the exercises.

We want to urge all who possibly can to remain for the entire three days, but at any rate for the first two: **CLASS DAY** and **ALUMNI DAY**. If we only

Reune once in twenty years, there won't be many of us to attend the next one; so let us make this unanimous.

It looks as if we shall have a party of about 20—possibly more.

Any who have not made reservations: it would be nice to take up the matter direct with Mrs. Seymour, as so many of us will stop there and so much of our program will be there.

Won't you please report soon to one of the undersigned as to when you will arrive in Madison; and be sure to report at Mrs. Seymour's as soon as you do arrive. A few have not answered either way. Please address with your decision, Miss MARY HILL, 425 N. Park St., Madison, Wis., or H. J. SMITH, 7 E. Harrison St., Chicago, Ill.

"The whole world is sick politically and is apt to be much sicker before it is better unless the Genoa conference accomplishes more than would seem possible," says C. E. BUELL who has just returned from a trip around the world. "England and the U. FELLOW CLASSMATES: Again I want to urge you to join the General Alumni Association. Two dollars per year makes you an annual member and also a subscriber to the ALUMNI MAGAZINE without extra cost. Fifty dollars makes you a life member. We are getting so old that the percentage is in favor of the annual payment. Still I know a member of our class who just sent in his check for life membership and he tells me he rejoices to think he could. Bully for him!

Does it ever occur to you members who live near enough that it would be lots of fun to return this year to Commencement? Well, it will be. Several I know are going. The Class of '82 were closely related to '81 in olden days. They were our juniors in name only. They associated with us in games and in social pleasures as well as in many studies and you just read the catalogue of Hallam's, and note how it brushes the cobwebs from your memory. Come on back and Moroney and I will give you the glad hand.—FRED S. WHITE, Secretary.

Reune in June!

There will be a reunion of the Class of 1882 on Tuesday, June 13. Letters from many parts of the country indicate a very general interest in the matter. If anyone is feeling too old, let him remember that our class is only about half-way down the list—that it is drudgery, not age, that is affecting him; and let him recall the fine enthusiasm of Bishop Fallows, '59, and others of his generation. So come back and bring your class poems, prophecies, orations, and any other epoch-making productions of that day with you.

There will be a picnic on the shore of the lake somewhere, or a reception at the home of the Secretary. Every member should have received before this a special letter urging him to drop the grind of everyday life and come back. Another letter will reach members of the class before the first of June with more definite information.

Honoring the Rev. E. K. HOLDEN of Claremont, Cal., who played a prominent part in the building up of the splendid membership of the Bridgeport, Conn., Olivet Church, the Holden Memorial parish house was dedicated on March 19. Reune in June!

The Guidon, a church paper of the Community Congregational Church of Manitou, Colo., prints on the cover page of the April number "at the request of many of his loyal and admiring followers" a picture of its pastor, the Rev. W. H. HOPKINS.—"Amateurism is vital to college athletics," said Prof. J. F. PYRE before an April meet-

ing of the Madison Kiwanis Club, "because it preserves the spirit of the game. Charges by some newspapers that amateurism is undemocratic, are wrong. There is a great difference between sport as a business and sport as play."—"Scholars are perplexed about God and nature," said F. K. SHUTTLEWORTH in his memorial address for members of the Loyal Order of Moose who died during the past year. "Does it matter whether we came into being as a man or whether we were created? I do not believe it does. The point is, do we know and have we learned the principles of nature as the law of man?" Atty. Shuttleworth is a candidate for the Republican nomination for Congress in opposition to Congressman J. M. NELSON.

Dinner, Madison, Wisconsin.*

DEAR MR. CHANDLER:

Your letter addressed to Mr. Reinhardt has come to me, and I have noted the contents.

We plan to have a good attendance at our Fifteenth Reunion and of course are planning on attending the Alumni Dinner. I may say that we are not planning a stunt for the dinner except to have a mighty good time.

According to the arrangements you have made, I judge that thorough plans are being made which should result in a successful banquet. On behalf of the class of 1907, I want to urge you very strongly to have not more than three speakers as you planned, and take all possible precaution to insure that their offerings will be snappy. We ought to be sure not to have a long-faced speaker consume a perfectly good evening with a dry speech.

I fully appreciate the fact that it is a real undertaking to put over a successful banquet, and I wish your committee all possible success. The class of 1907 will be on hand when Reunion time arrives, and if there is any co-operation which we can give you, please let us know at that time.

Yours very truly,

Reune in June

To the Class of 1912:

Ten years ago a committee of your class conferred with the undersigned as chairman of the Committee on Loans and Scholarships, in regard to establishing a loan fund as a class memorial. The committee was encouraged in this, and the result was a respectable sum. After conference with Secretary McCaffrey, it was decided, without consultation with your committee, to put this sum out at interest for ten years. At that time loan funds were not as sorely needed as at the present time, and it was thought that the growth of the fund would prove a pleasant surprise to the class at its reunion this year.

In view of the above, the following letter from Secretary McCaffrey will prove of interest:

March 25, 1922.

MY DEAR PROFESSOR OLSON:

During the year 1912-13 the balance in the Class of 1912 Loan Fund, amounting to \$765.00, was transferred to the University Trust Funds. The income each year has been added to the principal, and the principal of the fund on June 30, 1921 amounted to \$1,272.28.

It was understood that the fund would be allowed to accumulate for ten years, and that then the income would be loaned each year to students; that when the student notes are paid, the amount would be added to the principal.

I would recommend that the income earned during the year 1921-22, which will be available any time after July 1, 1922, be made available for loans.

Yours very truly,
M. E. McCAFFREY, Secretary.

In order that the class may have some facts relating to our student loan funds before them, I submit the following:

Before and during the war, the funds at the disposition of the committee on loans seemed quite adequate. No really worthy applicant was refused assistance. If the committee had had larger sums at its disposal, larger loans might, and undoubtedly would, have been made in many cases. The committee has always felt that its funds were to be used as emergency loans, not sustaining loans, that is, not large enough to carry a student through who had no other financial resources. On the basis of my experience I do not believe that such sustaining loans are desirable. They would send students out into the world with a heavy burden of debt and would in many cases hinder beneficial attempts at self support. But there are each year a number of applicants who could wisely and advantageously use larger sums than can under present conditions be loaned. The average loan is about \$50. It is not very often that a student gets in debt to the University for more than \$100 during his course.

During the academic year 1920-21 the committee recommended loans aggregating about \$10,000. This year, for lack of funds, the amount will probably not exceed \$8,000. This does not include the loans made by the Colleges of Agriculture and Engineering, which departments have special funds.

When it is known that the University has but a limited amount of interest-bearing funds that can be used for loans, the question naturally arises: where does the committee find such an amount as \$10,000, which was loaned in 1920-21? The answer is that we are compelled to use the *capital* of most of the funds and to make short loans, thus keeping the money constantly flowing out and in.

At present the University has but one interest-bearing loan fund, namely, the John A. Johnson Fund, established by the late John A. Johnson, of Madison, in the 70's. This fund was used until about the year 1900 to aid students of Scandinavian origin, but since that time has been open to all students. During the early years of the administration of this fund—the first one in the history of the University—students were not asked to sign a promissory note, but were expected to pay back the

Class Secretaries, meet on Class Day.

loans when they were "reasonably able to do so." For a number of years these loans came in slowly; but Secretary McCaffrey has been successful during the past few years in collecting old loans. The Johnson Fund, which was originally \$5,000, is now about \$19,000.

With a little prudent nursing, the Class of 1912 Fund can easily become the second in importance among our student loan funds. After the necessary funds have been raised for the Memorial Union Building—which is our great ambition and serious concern at present,—might it not be a labor of love for the Class of 1912 to increase their fund in one way or another?

Secretary McCaffrey will be glad to receive the action of the Class with respect to the disposition of the fund at present in the hands of the University.

Respectfully submitted,

JULIUS E. OLSON.

**START PACKING
SEVENTEEN
REUNION -
JUNE 1922**

P. C.

SEVENTEEN OUT!

The local Reunion Committee has arranged a program with something going on all the time and now wishes to know how many Seventeens to prepare for. Of course everyone will be there except Emmanuel Hahn, who has just left for a six months' business trip abroad; Mary Heiskell, whose Y. W. C. A. duties keep her in Buenos Aires; Gladys Tyrrell Teesdale, who says that she has nothing to pawn which would bring her 12,000 miles from Rangoon, Burma; and a very few others who send heart-rending regrets. However, the

committee wants documentary evidence that a record-breaking crowd will be on hand by Monday morning, June 12, at the latest, so fill out and mail the post card just sent to you. Then buy your tie and hosiery as directed by the committee, get your transportation, and prepare to dash for the train on June 9, 10, or 11, the earlier the better.

The special feature of the first day of Reunion will be a picnic at Bernard's with dancing, games, and so forth (lots of that, the committee promises). The rest of the program, both special affairs for Seventeens and participation by the class in Alumni Day stunts, will be revealed when you register at 1917 headquarters at the Union Building, 752 Langdon Street. Be sure to make for headquarters immediately on your arrival!

MAGAZINE has travelled and given me the latest doings of fellow alumni. I am at present at Buzuluk, a town near Samara, about one thousand miles from Moscow, Russia. This is the centre of the famine area and the headquarters of the Society of Friends (Quakers) who are administering relief in this district.

"You have probably read so much in the press about Russia that there is little new to relate, although I think often people in America do not credit what they read. Practically every day you see dead bodies in the street. The people go until they are overcome by hunger and exhaustion and fall in their tracks. Only this week I saw the corpse of a young boy with all the flesh cut away from both legs between the hips and the knees. Here was a horrible proof that cannibalism does exist. Many specific cases are known and in some instances people have been murdered for food. Normally these people would not dream of committing such atrocities, so it shows how their finer sensibilities have been warped by continual suffering.

"All the relief that has come has not been enough. It is hard to see little children crying for food and not be able to help them. Harvest is still a long way off and many must perish.

"I see that '17 is to reune this June. How I wish I could come back to Madison then, but Buzuluk seems a long way off. I shall surely be there in spirit if not in person." 4-8-22.

A.) in national convention at Kansas City April 5-8 reports the following Wisconsin delegates: Ann Tarnitzer Arn, '95; Blanche Rosencrans Castle, '09; Clara Baker Flett, '84; Agnes Hall, '14; Elizabeth McKey Quarles, '07; Lulu Saul, '19; Gertrude Sherman, '00; Julia Johnson Trelease, '81; and Dr. Margaret Wilson, '16.

"Resolved, That the passage of a soldier bonus bill by Congress being conceded, the money to defray the bonus should be raised by a sales tax on all retail transactions," was upheld successfully by Pythia in a debate with Castalia recently.

Improvements at the S. S. Camp Colony include a new road, enlarged piers, new vistas through well-trimmed openings, better living accommodations, etc.

"Red Bird," an American drama based on Wisconsin history, by Prof. W. E. Leonard of the English department, given recently in Madison and neighboring towns, has received much favorable criticism.

The best float, the best decorated pier, the best orchestra were awarded prizes at the water-carnival held May 27.

Waupun prison was visited by Prof. W. R. Taylor's class in criminology May 6.

Students spend \$5,540,000 each year for Madison merchandise, which, according to *Community Business* statistics, is a small percentage of their entire purchase. High prices in Madison is given as the reason.

Upton Sinclair, after apologizing for his newspaper attack on President Birge and attributing the trouble he had had in securing a University building for his address on "The College Student and the Modern Crisis" to a general misunderstanding, declared that it is up to the college student to solve the present economic crisis and save the youth of the Nation from another terrible war on foreign soil.

A liberal policy will be pursued by President Birge in allowing University organizations to bring speakers to University halls; as a consequence, University professors will not be asked to endorse these speakers by introducing them on the platforms.

The Kronshage resolution, providing for a committee composed of faculty members and representatives from the student body to pass upon speakers proposed by student organizations desiring to use University halls, lost seven to three at the May meeting of the Regents.

The Faculty-Regent banquet held in Lathrop gymnasium on May 2 was the first affair of its kind in twenty years. The program ranged from two superb numbers by Carl Fischer, who was enrolled in the School of Music in 1911, to a rollicking farce by a student cast. Prof. D. W. Mead presided

WALTER KOHLER

and President Birge and Mr. Walter Kohler, president of the Regents, gave addresses. Much credit is due Prof. Julius Olson, '84, general chairman of the affair, and the department of Halls and Commons is to be highly commended for the satisfactory service rendered.

House rules for men, attempts to control social and moral life, and Theta Nu Epsilon and its relation to the university and the effect on student morale were among the topics discussed at the fourth annual conference of deans and advisors of men of mid-Western institutions at Lexington, Ky., which Deans Goodnight, '05, and Sellery, and Robert Stewart, '23, attended during the Easter vacation.

A California commission on education, consisting of eight men appointed by their governor to recommend an educational program for their state, visited the University April 21-22 to inspect its various departments. "The influence of such University of Wisconsin men as Professors J. R. Commons and R. T. Ely in determining political policies and purposes has extended not only over the entire state of Wisconsin, but to California and to nearly every other state in the Union," declared Dr. Elwood Mead, a member of the commission.

Two issues of the *Prairie du Chien Courier* were edited April 18 and 25 by seniors in the course in journalism, through the courtesy of Editor H. E. Howe. Copies of these issues and a third issue of May 2 were sent to all weekly newspaper publishers in the State.

"Getting religion is a real process in the world like getting science or literature; it is a part of the spiritual life of man," said President Birge in a talk on "Religion" at the Congregational Church Sunday evening March 26. "Spiritual life has three divisions. These are art, the finding of beauty in the world, science, the finding of reason in the world, and religion, the finding of personality in the world. All these things are found in the same terms and the same way, in environment, reaction of the mind toward the outer world, or as the gift of God."

A "chefology" course is the latest innovation at the University. T. E. Tschudy, who began his work as chef-apprentice last January under Miss Little, director of halls and commons, and Marion Burchette, chef of the central kitchen, is learning not only how to make a meal tempting, but is being taught to compute the number of calories and vitamins in a perfect menu.

"An 8 o'clock in 1930," by L. A. Groth, '25, and C. W. Wille, '22, won the first prize in the individual contest, and the "Phantom Band," by the University Station, won the first prize in the group contest of the Engineers' parade, Saturday afternoon, March 25. The parade was shown at the Strand movies March 26, 27, and 28.

BOOK NOTES

The Wisconsin Archeologist, volume 1, number 1, carries on the cover page the title of the leading article, "Beaver Dam Lake," by C. E. Brown, curator of the Wisconsin Historical Museum. Mr. Brown gives in brief the historical setting of the Beaver Dam region and follows with a description of several of the mounds and springs he has visited within the last twenty years. He also lists the archeolog-

ical collections of this region. Alanson Skinner submits an article on "A Shell Effigy Pendant"; G. R. Moore an article entitled, "Cache of Copper Chisels"; T. L. Miller tells of the "Explorations of Mounds at Kingston"; J. A. Jeske also gives "Recent Interesting Finds Near Kingston"; W. K. Moorehead describes the "Preservation of the Cahokia Mounds"; and Colonel G. E. Laidlaw contributes a collection of myths and tales he has collected from the Ojibwa of Rama Reserve, Ontario.
