INTRODUCTION

WRIGHT DIRECTORY CO., publishers of the Janesville City Directory, present to subscribers and the general public, this, the 1929 edition of the Janesville Directory.

Confidence in the growth of Janesville's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Janesville to the world.

The enviable place occupied by WRIGHT'S directories in offices, stores, libraries and homes, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Janesville Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The estimated population of Janesville is 24,677, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

Five Major Departments

The several essential departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, page 13 to 20, presents a variety of information, such as lists of city, county and federal officials; church, post office, incorporated company and fraternal organization directories; statistical review; manufacturing, trade and civic surveys, etc.

THE BUYERS' GUIDE, pages 21 to 52, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Janesville. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The city's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Janesville, the necessity of having this kind of information immediately available, is very great and, frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations is included in pages 53 to 342. A feature of this section is the inclusion of the wife's name in parenthesis following that of the husband.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 345 to 404. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 405 to 462. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

Municipal Publicity

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Janesville, for business men, everywhere, realize that the city directory represents a community as it really is.

The Janesville Directory Library

Through the courtesy of the publishers of the Janesville City Directory, a Directory Library is maintained in the offices of the Janesville Chamber of Commerce, for free reference by the general public. This is one of the 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

WRIGHT DIRECTORY CO.,
Publishers.

JANESVILLE

"THE BOWER CITY"

Statistical Review

Form of Government—City-Manager.

Population—24,677. Native-born, 87.2%.

Area—8.7 square miles.

Where Keys are Kept—Keys to open the doors of all boxes are kept in a little box fastened to the pole by the side of the street box, the box having a glass cover

Directions for Sending in Fire Alarms—In case of fire go to the nearest street box, break the glass cover of the key box, take the key from the hook and place it in the door of the street box, which has a spring lock and is easily worked; the lock being released, open the door; place the index finger over the little brass hook or lug projecting from the slot near the top of the inner door, pull the hook down quickly, but steadily, to the bottom of the slot and let go immediately; the hook will fly back to its original place and the fire department will do the rest; persons turning in an alarm should remain at the box until the arrival of the department for the purpose of giving information as to the location of the fire

Signals Given on the Fire Bell—Two taps on the fire bell, after the alarm from the box has been sounded, calls for one hundred pounds direct pressure; this signal repeated calls for 125 pounds pressure; three slow taps after the alarm means "fire out"; one tap on the bell denotes broken wire; the steamer responds to alarms

W O W

Janesville Camp No 127—M A Wood clk; meets first and third Fridays at Eagles Hall

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

THE PUBLISHERS

Population of U. S. Cities of 30,000 Inhabitants or More in 1928

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory

CLASSIFIED BUYERS' GUIDE JANESVILLE

(WISCONSIN)

1929

**The Buyers' Guide contains the
advertisements and business cards
of the more progressive business
men and firms in the city, classified
according to lines of business.**

GO WHERE THE MONEY IS

Said JAMES J. HILL

The great "Empire Builder" put a world of good advice in five words, too, when he said it. If you expect to earn a larger salary, you must prepare to go where larger money is being paid—quality for the Work—Specialize—made your ability MARKETABLE.

Our Courses have pointed the way to hundreds. Don't delay. Remember you can begin here ANY DAY. We teach you individually. Write for full information or call to see us.

NATIONAL ADVERTISERS

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the City Directory. Put "See the City Directory for our local agent" on all your advertising, and see to it that he is listed under all the classifications of your line.

LOCAL ADVERTISERS

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

FARNUM'S For Furniture

Here is a suite that is typical of the high quality and sensible price which characterizes the Farnum line. It deftly combines the unusual in design and beauty with impressive features of construction.

Fine quality, coupled with Farnum's dignified credit plan, has been a big factor in the growth of this big furniture store. Our cheerful willingness to help in the selection of life-time furniture has always been a delight to our patrons.

MODERN CONVENIENCES

Lost, sometimes, amid the more spectacular conveniences, such as the auto, telephone, radio or aircraft, yet the

CITY DIRECTORY

is probably the greatest convenience of this or any other age. Ponder, for a few moments, on the service rendered by the city catalog. It would not be stretching matters to say that it can accurately answer a million questions about the municipality it represents. Familiarize yourself with this truly wonderful book. Learn how to use it to the greatest advantage. Study the index and miscellaneous information section for a few moments. The gold mine of local facts and information will surprise you. You will learn things about your own city that you never knew before. Write for booklet, "The Directory—A Business Asset."

(1929) WRIGHT DIRECTORY CO.'S

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

**WRIGHT'S
 JANESVILLE**

**Directory of Householders, Office
 Buildings and Business Places
 INCLUDING
 A Complete Street and Avenue Guide
 1929**

Copyright, 1929, By Wright Directory Co.

In the following list the streets are arranged in alphabetical order, then the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupant or householder. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession, business, etc., of individuals and firms are only given at their respective place of business; to find occupation of householders, refer to Alphabetical List of Names.
