## KNOX UNABLE TO SCORE ON VARSITY FIVE

Team Takes 15 to 9 Win From Illinois College Quintet; Defensive Game Is Good

In a sluggish game during which only five baskets were scored, Wisconsin defeated the Knox college basketball quintet by a 15 to 9 score last night. A small crowd watched the tired Badgers go through the motions while they vanquished the collegians.

The victory gave the Meanwells a record of three wins and one loss in the preliminary game schedule, and showed that they will have to become more aggressive if the Milwaukee Normal "M" club is to be beaten on Thursday night.

### Two Baskets in First

Of the five baskets which were rung up, three came in the second half and two in the first. Capt. "Duke" Ceaser netted those in the first period, while "Cop" Taylor and Irish did the scoring from scrimmage in the second half. Tired from their hard schedule of three games in five days, the Badger tossers were unable to get started until late in the first period and then, only at intervals did they show the form necessary for a conference championship contender.

### Defense is Perfect

That the defense worked perfectly is shown by Knox's failure to get a basket. Each of points made by Sam Barry's team came when Albro, right forward, dropped in free throws after Wisconsin fouls. Badger basketballers committed 11 fouls and the eagle-eyed Albro turned nine of them into points for his quintet. The consistency with which the little forward dropped the sphere into the net was the most remarkable piece of work during the game. He scored every attempt until the middle of the second half.

Wisconsin stepped into the lead when Taylor counted a free throw, but two fouls by Badger players gave Albro his opportunity to put Knox ahead for a short time. Wisconsin missed many shots at the net before Ceaser dropped in a basket. The ball came to him from "Les" Gage who worked in "Rollie" Williams' place at left guard. Williams was out of the contest because of an injured foot.

### Badgers Lead by Two Points

Ceaser made his second and last basket with the score a 4 to 4 tie shortly before the whistle blew. It

## Big Prize Offered To Prom Composer

Fifty dollars has been set aside as the prize for the winner of the Prom fox trot contest. The committee raised the original \$15 to \$25, and Hook Brothers added \$25 more, making a total of \$50.

Hook Brothers have agreed to publish the Prom fox trot this year, and after the expense of printing is defrayed, they will pay royalty regularly.

All students in the university are permitted to write, and, by the vote of the general meeting of all Prom committees, it was decided to also admit alumni, who are around town and closely in touch with school activities.

The judges will hear tryouts this year and eliminate, then their choice will be submitted to the 1923 Prom fox trot committee for final approval.

## Outing Club Gives Christmas Credits

Outing club credits may be gained during the Christmas holidays in the following ways: skating, horse back riding, coasting, tobogganing, roller skating, and skiing. Credit will not be given for more than 10 hours of sport, and the time may be taken up with only one of the sports or with the entire six. Three hours is the maximum to be done in one day.

## Women Give \$1,000 To Friendship Fund

Miss Helen Cheetham '22, chairman of all women's organizations for the Student Friendship fund, reports over \$1,000 from the women of the university to date. About \$1,300 has been received from all organizations by Victor S. Andersen '22.

Only a few of the fraternities and other men's organizations have reported. Inner Gate has promised to bring the men's contributions equal to that received from the women as a result of a speech by Miss Abby Marlatt last night. "This tribute is a manifestation of one of the finest spirits of student giving displayed at the University of Wisconsin recently," declared Frank Kuehl '21, general chairman of the drive.

## One Patient Will Spend Christmas At the Infirmary

Only one patient of those in the infirmary now will spend Christmas there. The authorities said, however, that others will probably come in this week.

Since September, 487 patients have been treated at the clinic, while last year during the same period there were 333. This increase of 46 per cent is due to the many changes in the weather this fall. The majority of cases have been tonsillitis and grippe. Contagious diseases have amounted to seven cases, or 1.4 per cent. Epidemics usually occur after the holidays.

## Professors Write For Law Review

Prof. Oliver S. Rundell, of the Law school, will have an article in the January issue of the Wisconsin Law Review. The subject he discusses is "Recording of Deeds in Wisconsin." Last October Prof. Eugene A. Gilmore had an article on "Imputed Negligence," and Prof. W. H. Page had one on "Beneficiary Contracts in Wisconsin" in this same issue.

## Change Made in Pan Hellenic Rule

"Sororities which have broken Pan-Hellenic rules will soon carry their cases to one of three different committees through a quick local procedure or through the longer method of a National Pan-Hellenic appeal," said Elizabeth Kenny '22, president of Pan-Hellenic association.

Changes in the judicial committee and committees of higher appeal are now under consideration. Under the new plan a vote of four out of five will be necessary to convict a sorority. Appeals can be made to committees composed entirely of members of Pan-Hellenic, an alumnae committee with a final appeal to National Pan Hellenic, or to a committee of faculty members.

Revised wording of the constitution and other minor changes will also be made with the approval of F. Louise Nardin, dean of women.

## Morse is Elected Student Attorney

Wayne L. Morse '23 has been elected prosecuting attorney by the Student court. He will represent the school in all cases that come before the court. The Student court has power to appoint assistant attorneys to aid the prosecution.

Morse is a member of the Student Senate and it is expected that his election as prosecutor will enable the court and the senate to work in conjunction more perfectly. Morse, who is in his first year in the Law school, is a member of White Spades, Delta Sigma Rho, Edwin Booth, and Pi Kappa Alpha.

## PROM IS FOR ALL-BRADER

Non-Fraternity Prom Goers Have Meeting to Make Plans

"The Prom always has been and always will be an all-university function," said Chairman James L. Brader '23 last night at a meeting of non-fraternity prom goers in the Y. M. C. A.

"Many men seem to feel that Prom is for an exclusive set, but I hope to make it clear that this affair is for everybody regardless of class rating, fraternity, or other organization."

Brader pointed out the fact that the state capitol would never be donated for the Prom if it were not felt that the function was for all students. He also showed that in point of number fraternity men were in the minority compared to others and thus the non-fraternity men were depended on to attend the Prom.

In the course of his talk, Brader gave some interesting points on the history of the Prom.

"The Prom," he stated, "was first held in the gymnasium in 1895, when Professor Bleyer was president of the class. He appointed Henry Neiderman as chairman of the floor committee to lead the grand march. The last Prom was held in the gymnasium in 1916, under the chairmanship of Paul McMaster. The following year "Chick" Walton was the first one to obtain the use of the capitol, where the function has been held ever since."

## Libe to Be Open All During Recess

The library will be open, beginning Thursday, from 9 a. m. to 5 p. m., all during vacation. Sundays and Mondays the library will be closed all day.

Reference books of which there are more than one copy may be taken out of the library for the entire recess but must be returned January 3 before 8:15 a. m. If the library has but one copy of a book, it may be drawn out for the first half of the recess, but must be returned well wrapped, by parcel post insured or pre-paid express on or before December 28. No matter on what date books of a single copy are drawn they must be returned by December 28, so that students returning early may use all books.

"In fairness to students who remain here over the holidays to use the books, we can not allow books to be drawn out when the library is open. Many students do not realize that they can secure many reference books in the libraries of their home towns," said Miss M. S. Forter, librarian of the Historical reference division.

## ALIF MIN HAS BEST GRADES AMONG FRATS

Delta Zeta Leads Sororities; Alpha Xi Delta and Delta Chi Place Second

Alif Min and Delta Chi have the highest scholastic standing among fraternities, and Delta Zeta and Alpha Xi Delta lead the sororities, according to a report on student averages for last semester just issued by Scott H. Goodnight, dean of men.

While the first two social fraternities rank higher than the highest sorority, the average for all sororities, 1.55, is much better than the fraternity average. Pledges, as a rule, run far behind their active members.

### Delta Upsilon Third

Delta Upsilon, with an average of 1.55, is third among the fraternities. Alpha Pi Delta follows, and Lambda Chi Alpha is but one point behind. Alpha Chi Sigma ranks highest among the professional fraternities. Alpha Pi Delta and Acacia pledges have the highest averages in their group, while Triangle pledges lead among the professionals.

The highest average was attained by four pledges of Alpha Gamma Delta, who succeeded in making 2.12 grade points. Kappa Kappa Gamma and Gamma Phi Beta rank high among the active sorority members. Chadbourne's average was 1.60, and Barnard's 1.47.

### General Average is 1.44

The average for all students is 1.44. Seniors average 1.74, juniors 1.51, sophomores 1.38, and freshmen 1.21. Juniors and seniors in the Normal course have the highest average of any course, 1.84, and the College of Letters and Science and the Law school are below average.

These reports are based on the grade point system. Three points are awarded for an excellent, two for a good, and one for a fair. Grades below fair merit no grade points.

The tables showing fraternity and sorority averages follow:

SOCIAL FRATERNITIES		
Active Members		
Rank		Average
1.	Alif Min	1.98
2.	Delta Chi	1.88
3.	Delta Upsilon	1.55
4.	Alpha Pi Delta	1.51
5.	Lambda Chi Alpha	1.50
6.	Phi Gamma Delta	1.45
7.	Sigma Nu	1.43
8.	Acacia	1.42

## Men's Glee Club to Appear in Illinois

Chicago and Rockford are first on the schedule of out-of-town appearances of the University Men's Glee club. "The club will be in Chicago January 13, and in Rockford on the next night," said Prof. E. Tarle Swinney, conductor, yesterday.

Wisconsin alumni are sponsoring both these engagements. In Chicago, the Wisconsin Society of Alumni are preparing for the club's offering. Milwaukee, Oshkosh, and Neenah have requested that the club return there again this year. Those engagements will be filled in the spring.

The program to be rendered at Chicago and Rockford is the same as was given at the Parkway theater last Friday night. A new program will be offered by the club at its second and last Madison appearance, March 24.

After listening to a lecture on laughter, we have become aware of the gravity of our duty toward the somebody who reads this corner of the page while his, her, or its coffee cools. Humor, it is learned, is based on the mechanical traits of men, something which our type-writer and we have long known, even though you may doubt our acquaintance with the quality. But consider the theory: is it not laughable when you learn the mechanical marking system employed at mid-semester? Are you not inclined to roll on the floor when you view the machine-like activities of 3 South hall? And we rise on our toes to ask if your sides are not splintered and split with merriment over the mechanical regularity of her refusals? Ah! Truly is this a merrily mechanical world!

At last the rumor that the T. N. E's are still alive has been verified. It was Friday night when their brotherly anthem echoed from a fashionable State street lunching place. From the spirit of the song, we judged that the 'old business' of the meeting was well out of the way, and "suggestions for the improvement of the chapter" were being considered.

In view of the recent agitation of sentiment regarding the course in humanities, with particular emphasis on the classics, one of its diminutive but ardent enthusiasts proposes to increase the enrollment by withholding liquor from everyone until they have attained a mark of 90. With one generation, this ingenious individual predicts, Madison would become Athens, Pascom hall the Acropolis, and a certain theater reviewer would be the Aristotle of a new classic civilization.

#### Lakes Canal Would Soon Pay For Self

That the St. Lawrence-Great Lakes oceanway canal would, by means of the power developed, entirely pay for itself in 50 years, and that the extra profits made by the farmers, due to the reduction in freight rates, would be more, in one year's time, than the entire cost of the United States' share of the canal, were some of the statements made by Prof. D. W. Mead of the hydraulics department in an address on the "St. Lawrence River Project," before the student branch of the American Association of Engineers at the Engineering building last night.

"The power plants that may be built at different points on the canal," Professor Mead said, would not only pay for the entire canal and its upkeep, but they would save many tons of coal that are used annually for developing power in the eastern states, and which are badly needed these days."

## CARLETON TO PLAY VARSITY ELEVEN OCT. 7

South Dakota Here For Second Game on Oct. 14

Carleton college will furnish the first preliminary football game for Wisconsin next fall.

The Minnesota team will stack up against a Badger eleven at Madison on October 7, it was decided at a meeting of the Athletic council yesterday.

Final choice for Wisconsin's opponent lay between North Dakota university and Carleton, with Lawrence and Beloit outside possibilities.

### South Dakota Second

South Dakota Agricultural college, which held the Badgers to a 24 to 3 victory last season, will again be on the gridiron schedule. The state college aggregation will play at Camp Randall October 14.

The final football schedule, as sanctioned by the Athletic council, follows:

Carleton at Madison October 7.  
South Dakota state at Madison on October 14.  
University of Indiana at Madison on October 21.  
Open date on October 28.  
Minnesota at Minneapolis on November 4.  
Illinois (Homecoming) at Madison on November 11.  
Michigan at Ann Arbor on November 18.  
Chicago at Chicago on November 25.

### Beat Chicago in 1917

Carleton college is one of the best minor institutions in the Middle West. For years it has been noted for its strong football teams. The Minnesotans have just joined the new Midwest conference. In 1917 they defeated the University of Chicago eleven by a 7 to 0 score. Coach Leigh Hunt directs Carleton's fortunes on the gridiron.

The University of Nebraska basketball team, which is making a tour of the middle west, will play Wisconsin at Madison on January 4. The game was carded for either January 3 or 4, but because school is resumed on the third, it was decided by the council to schedule the game for the following day.

Prof. Warner Taylor was recommended to look after the scholastic eligibility of football men in the absence of Coach John R. Richards.

The probability of the Wisconsin track team traveling to California in acceptance of Leland Stanford's invitation for a meet was discussed. No action was taken on the matter of scheduling a track and field meet between the two institutions.

## Two Wisconsin Colleges Join New Conference

Two minor Wisconsin colleges, one of which met the Badgers on the gridiron last fall, have joined the Midwest College conference which was organized at Chicago yesterday. Faculty representatives, athletic directors, and coaches of eight institutions attended the meeting.

Colleges admitted to membership are Lawrence, which Wisconsin defeated by a 28 to 0 score in football, Beloit, Carleton, Coe, Cornell, which is located in Iowa, Hamline, Knox, and James Millikin. De Pauw and Wabash have been invited to join, and invitations may be extended to other institutions before the next meeting in May. Four states, Wisconsin, Illinois, Iowa, and Minnesota have teams in the conference, and the number will be raised to five if either Wabash or De Pauw joins.

The first track and field meet of the association will be held at

## Gym Team Defeats Milwaukee Y. M. C. A.

By defeating the Milwaukee Y. M. C. A. team of gymnasts last Saturday at Milwaukee, 252 1-2 points to 192 1-2, Coach Fred Schlatter's varsity gym team got away to a good start for the 1921 season.

The Badger gymnasts easily had the edge on the "Y" in every event, the only close score being in the rings, which gave Wisconsin 56 and Milwaukee 51 1-2, and in this event Wisconsin took the first three places. Slams of first three places in the parallel bars, the horses, and the rings were annexed by the Badgers, and in the horizontal bar event Wisconsin took first, tied for second, and won third place.

The best individual work of the meet was done by Kubosch of Wisconsin. In the parallel bars, he scored 19 1-2 points out of a possible 20 and repeated this performance in the rings. In both of these events, he scored a perfect 10 in the set exercises. In addition, he took second place in the tumbling contest. He will be a strong contender for individual honors in the conference this season.

## TANK MEN TO MEET M. A. C.

Steinauer Has Chosen Ten Men to Make Trip to Milwaukee

Coach Joe Steinauer selected the ten men who will go to Milwaukee tomorrow to swim against the M. A. C. in the first swimming meet of the season. During the past week tryouts for the team have been held and yesterday the final pick was made after many close contests.

The men who are to make the trip are: Davies, Lamboley, Gibson, Bennett, Sollitt, Kock, Collins, Czerwousky, Lederer, and Copeland. Several other fast men will not make the trip, but will in all probability take part in later meets with Conference teams.

Steinauer's relay combination of four men has been cutting the water in record time and to all appearances should make a good showing against the club men. This combination swims in the following order: Davies, Lamboley, Gibson, and Bennett. In the 50 yard swim, Elliott and Lamboley will represent Wisconsin.

Bennett and Lamboley will swim the 220 and Czerwousky and Lederer will enter the 200 breast stroke event. Collins and Kock will dive for Wisconsin against the graceful performers of Milwaukee. In the 100, Bennett and Davies will perform and Czerwousky and Copeland will take care of the backstroke.

Bennett and Lamboley are expected to put up great exhibitions in their events, both men having done fast time in the trials in the gym tank. The former has the makings of a Conference champion and is fast coming to the front as a 100 and 220 yard man. He holds down the anchor position in the relay. Lamboley is showing consistent form in the 50 and 40 yard swims.

The team leaves tomorrow noon for Milwaukee. The M. A. C. is reported as having a fast team this year and the meet should be a close and interesting one.

Carleton on May 10 and 20. The basketball schedule for next year will be arranged on the morning of the meet.

With Lawrence and Beloit in the new association, it is probable that the Wisconsin "Little Five" conference will become defunct. Ripon, Carroll, and Northwestern college of Watertown are three members of the Badger conference which remain unaffiliated.

Coaches and athletic directors who attended are: T. H. Mills, Beloit; Hunt, Carleton; Carrithers, Coe; Finger, Cornell; McChesney, Lawrence; Barry and Thompson, Knox.

## MAT MEN HAVE NEW WRESTLING ROOM IN GYM

Athletic Council is Petitioned to Make Wrestling a Major Sport

With the completion of the work on the new gymnasium wrestling room, Coach George Hitchcock's mat team now has one of the best fitted floors for the sport in the conference. The six new mats and their auxiliary equipment were furnished by the Athletic council because of the successful showing made by the Badger squad in the meets last season.

The boom which the sport has sustained at Wisconsin in the past two seasons is due largely to the work of Coach Hitchcock, and with the interest that has been displayed this fall, the coming season promises to be the greatest in the history of the Badger school.

In view of the fact that six of the conference schools and many outside colleges which the Wisconsin team must meet from time to time have already instituted wrestling as a major sport, a petition has been presented to the Athletic board to class the mat sport as a first rank branch of athletics here. Chicago, Northwestern, Wisconsin, and Michigan are the four Big Ten members who have not yet taken this step.

With about 85 candidates working out regularly, a strong team will be developed to meet the Lawrence squad, which last year challenged Wisconsin to a contest for the championship of the state in the first meet of the season on January 14. Four other dual meets have been arranged for the team before the conference meet which will be held here on March 17 and 18. On February 11, the Purple will journey here from Northwestern to meet the Badger squad. The Wisconsin team will next tackle the Gophers on February 18, but the location of the contest has not yet been determined. Chicago will come here on March 4 for the third major clash of the season, and for the final dual tussle, the Badgers will go to meet one of the strongest teams in the West at Ames, on March 10. The windup of the year will be staged here on St. Patrick's day with all of the Big Ten schools and several invited colleges participating.

## Hockey Players To Plan Season At Noon Meeting

With the advent of cold weather, a meeting of all hockey players will be held in the trophy room of the gym this noon to begin preparations for a Wisconsin Varsity hockey squad.

"We want every man who can play hockey to be at the meeting," said Gilbert G. Grieve '22, former president of the Hockey club and a veteran player. "It isn't necessary that candidates be experts as long as they have had some experience on the rink."

Instead of playing on Lake Mendota this year, the Varsity squad will play on the lower campus. The athletic department has decided to flood the campus and maintain it during the season for hockey players.

Of last year's squad, six veterans will be eligible to play. They are Baker, wing; Grieve, center; Blodgett, wing; Tredwell, goal guard; Woods, point; Deadman, wing; Murdock, captain in 1920-21, and Griswold, wing, are two men lost through graduation.

Five institutions have written to arrange a hockey match with the Wisconsin team. Minnesota, Notre Dame, Michigan, St. Thomas, and Michigan School of Mines desire to play.

The lower campus rink will be put in shape during the holidays, and after inter-class and inter-fraternity tournaments, a Varsity septet will be chosen. Athletic Director Thomas E.

## BASKET MEN DEFEAT KNOX BY SIX POINTS

Galesburg's Forward Makes 9 of 11 Free Throws

(Continued from Page 1)

gave Wisconsin a two-point advantage.

Irish netted the next basket on the prettiest shot of the evening. Free throws made the count 9 to 7, with the Badgers still hanging onto their narrow margin. Taylor succeeded in two free throws and scored a basket to put the Badgers safely ahead. With the injection of Kessenich, a former Madison lad, and Craig, the Barryites spurted to within four points of the Badger total, but Taylor's long try dropped through the net shortly before the game ended and put Wisconsin on the long end of the 15 to 9 count.

### Badgers Pass Poorly

Passing of the Badger players was ragged. Taylor was again a frequent offender with bad passes to his mates. Gibson had difficulty in handling the ball and he lacked the aggressiveness necessary to carry the ball down the court.

Irish, who was sent in at center and left guard, did some good offensive playing besides scoring a long basket.

### Gage and Tebell Guard Well

On the defense, the guarding of Gage and Tebell prevented the Knox men from getting easy chances at the net. The two Badger guards kept their men in the center of the court and forced them to shoot long ones. The efficiency of the defense is indicated by Knox's inability to net the basket from scrimmage.

"Duke" Ceaser continued to set the pace for the Wisconsin team in all-around play. He was in all offensive plays and was one of the mainstays in defense.

### Albro Stars for Knox

For the Knox five, Albro was the outstanding star. His remarkable work in counting free throws coupled with his spirited work in scrimmage made him the most powerful man on the Illinois team.

Crabbe and Ludwick were effective and held Wisconsin attackers to four baskets although much of the failure to count more was due to hard luck experienced by the Badgers. Their shooting eyes are not yet up to conference standard and improvement is considered necessary before the Big Ten conference season begins.

Box score follows:

### 15 YEAR OLD BOY HAS TOUGH LUCK JUST BEFORE XMAS

Karston Forsmo, a 15 year old farmer boy, faces a disappointing Christmas as the result of a tough piece of luck this morning.

Young Forsmo lives out east of Lakewood. This morning he came to town and cashed a \$30 check at the Bank of Wisconsin. He started for home. On the way he stopped at the grocery store of Conrad Hanson on Sherman avenue. When he arrived there he found that he had lost the \$30.

The Forsmo family have had other misfortunes during the past year and the loss of the \$30 is a hardship to them.

### Rail Magnates Must Give Up Board Places

#### U. S. Body Fixes Seats to Be Held by Road Directors

WASHINGTON—William Rockefeller, Harold S. Vanderbilt and George F. Baker will have to give up by Dec. 31, certain places they now hold on boards of directors of railroad corporations, under a ruling today by the interstate commerce commission.

Mr. Rockefeller, the commission said, may be an officer of the Milwaukee road but must drop out of either the New York Central board, or the Delaware, Lackawanna & Western board. Mr. Vanderbilt may hold positions as officer of two western railroads, the Chicago, St. Paul, Minneapolis & Omaha, and the Northwestern, but must retire either from the New York Central or the Delaware, Lackawanna & Western. Mr. Baker must choose with which of three competing railroad systems he desires to remain associated.

Chauncey M. Depew was given permission to retain his place as director of 19 different corporations. A. H. Smith of the New York Central was permitted to hold places on 66 transportation corporations.

#### Scoutmaster Training Course is Outlined

The following outline of a program for a scoutmaster's training course has been issued at scout headquarters:

Dec. 18—The aims of scouting, prerequisites of scouting, recreation and games; Dec. 25—organization, first aid, recreation and games; Jan. 1—administration, advanced first aid, semaphore signalling, teaching scouting through games; Jan. 8—procedure, supervision and troop programs, wig-wag, games; Jan. 15—outdoor meeting, hiking and camping, map sketching, cooking, fire building; Jan. 22—adolescent boyhood, trees and wild flowers, illustrated.

At the close of the sixth lesson, examination questions will be passed out. This examination may be taken at home, and later mailed to scout headquarters for correction. An engraved certificate will be awarded the successful candidates.

### BADGER DANCE IS NOT RESTRICTED TO STAFF ALONE

An opportunity has been offered to those desiring to attend the Badger dance, January 13, at the Park hotel, to reserve tickets by signing up on a bulletin board in the Badger office.

"Instead of excluding all but Badger staff members, we have decided to permit members to invite guests," says Horace Powell '23, editor.

Anyone who wishes to go to the dance may sign up on the board and place opposite his name the name of some members of the staff with whom he is acquainted.

Arrangements are being made to secure a special feature stunt for the dance, and novel programs in the form of miniature Badgers are being arranged for.

#### Ag School Helps With Farm Accounts

Helping the farmer to keep farm accounts is the project that the Agricultural Economics department is undertaking this winter.

"More than 3,000 farm record books were sent out by the Agricultural Economics department to farmers, county agents, and extension workers," said John S. Donald, farm management demonstrator.

Three hundred copies have been mailed to Wood county where credit is given in the rural schools for keeping farm accounts.

Many letters in praise of the record book have been received by Donald. "However, there are many farmers who do not know that there is such a book," said Mr. Donald. "Agrics are urged to bring the subject to the attention of farmers when they go home for their vacation."

Copies of the farm record book will be mailed to farmers by the Agricultural Economics department upon the receipt of 50 cents.

#### AT THE STRAND

Clara Kimball Young in "Hush" will be the attraction at the Strand theater for four days, starting today.

"Hush" was written by Sada Cowan and is a fascinating story of American romance. Vera is the wife of Jack Stanford, an adoring lover who has not permitted the convention of matrimony to lessen his unbounded affection for her. On the night of their first wedding anniversary Vera seemed troubled. Jack importunes her to tell him what it is, and imploringly assures her that no matter what might have happened before their marriage nothing could dampen his ardor. And then she confesses that there had been another man. "Anything but that I could figure," he tells her. And from that moment on things occur which make this picture an intensely dramatic and absorbing film story.

There will also be shown a "Snub" Pollard comedy and the Latest News weekly.

## "Safety Car" To Tour State Quarry Area

### Industrial Commission Will Stress Points of New Ruling

The industrial commission announced today that under a cooperative arrangement with the U. S. Bureau of Mines, a mine safety car of the bureau, and a crew of trained men will give first aid training in the quarry centers of Wisconsin for a period of eight weeks beginning Jan. 3.

This car will be at Wausau, Jan. 3 to Jan. 7, at Redgranite Jan. 9 to 13, at Berlin Jan. 16 to 20, at Fond du Lac, Jan. 23 to 27, at Green Bay Jan. 30 to Feb. 3, at Milwaukee, Feb. 10 at Janesville, Feb. 13 to 17 and at Ableman, Feb. 20 to 25.

Under the new general safety orders on quarries which the commission recently adopted, and which become effective Jan. 7 all quarries must have at least two men trained in first aid work. It is for the purpose of giving this necessary instruction that the safety service car of the Bureau of mines is being brought to Madison.

The mining engineer of the Industrial commission expects to go along with the bureau of mines cars, and will devote particular attention to the new general orders on safety in quarries.

### Several Firms Seek Exchange Bank Building

Plans for the occupancy of the American Exchange bank building, after the owners leave for their new quarters in the First National building, have not been made yet. The building will probably be rented to one of the numerous applicants who have been endeavoring to get the site since the bank decided to move. Some alterations will probably be made to accommodate the new occupant. It is understood that they will not move until April 1.

### Local Unitarians in Membership Campaign

Benjamin H. Bull of the First Unitarian Society has been appointed chairman of the church membership campaign in this city to recruit a 25 per cent increase in members in a nation-wide "follow-up" of the successful financial canvass of last year when approximately \$2,400,000 was raised. A feature will be to enroll "Unitarians" in the local Unitarian Church. Thousands of persons attending Unitarian churches have never "joined" although they have been active in church life.

### Children's Clothing At Service Shop Sale

A special sale of children's clothing, made by university students taking one of the home economics courses is being held this week at the Service Shop of the Public Welfare association. The proceeds of the sale will go to the needy of Madison. Infants' clothing, night dresses, pajamas, girls' bloomers, suits for boys up to the age of 11, and dresses for girls up to 12 years of age, will feature the sale.

### Stories and Songs at German Club Festival

A variety of entertainment was provided at the meeting of the German club, Monday evening in the Lathrop parlors. Christmas stories were read by Prof. F. Bruns and C. H. Owen. Prof. E. H. Voss read a selection from Luke. Prof. B. G. Morgan had charge of the singing. Two little girls, Miss Annelies Morgan and Miss Gertrude Bruns, dressed as angels, sang a duet.

### Extra! Johnsons Beaten by Smiths In New Directory

For the first time in years, the Smiths have outnumbered the Johnsons in the University of Wisconsin student directory. The Smiths number 56 in the new directory just issued, while the Johnsons who usually hold first place, number 54. The Andersons, with 41, capture third place.

Other runners-up for the title are the Jones, with 38, the Browns with 34 and the Nelsons, 27. The Taylors and the Schmidts tie with 22 each. Olsons and Olsens number 15. Hansons and Hansens total 26.

## CHANGE COMMENCEMENT DATE

THE question of setting ahead the date of commencement next June is now before the faculty for consideration. It is proposed to hold the commencement exercises during the week-end immediately following the final examinations instead of waiting until the next week.

There is a great deal of merit in the suggestion. Hundreds of students would remain to witness the ceremonies if they were held earlier. As it is, few of them care to remain over the week-end. Then, too, many alumni find it impossible to be in Madison during the first of the week. They could make the trip during the week-end.

It is to be hoped that the faculty takes favorable action on the proposal.

Meanwhile, it might be a good idea for the commencement committee of the senior class to consider the proposition and make their wishes known to the faculty. The seniors are vitally interested in a successful commencement.

## THE NEW LIBRARY RULE

THE library is going to call delinquent students to account. According to a new ruling, credits will be withheld from any student who has accumulated library fines and made no settlement.

This is an excellent rule and should be vigorously enforced. The library officials have been patient and tolerant with offenders against their rules. Appeals are sent out from time to time pleading for fair dealings on the part of the students. Most of the students abide by the rules, but the recalcitrant minority continue their offense in spite of every appeal. It is time to apply the screws. The whole student body is entitled to protection from the selfish misdeeds of the few. If kind words will not effect the necessary results then sterner measures must.

The laxity with which many students regard the library rules and the frequency with which

they abuse its privileges shame the university. Bound magazine articles are scratched up and mutilated. Books from the reserve shelves are taken out without the form of signing up at the desk and kept out for days, in some cases for months, and in some other cases for all time.

The remedy lies partly with the students and partly with the university administration. The students who obey the rules ought, by organized sentiment, to discourage infringements by their friends. The administration should inflict more severe penalties for those who are caught in serious offenses.

Let's clean up the situation.

## A PRAISEWORTHY MOVE

THERE has been a noticeable growth in the feeling of friendship between the colleges of the United States and Canada this year. This has been caused primarily by the numerous athletic meets that have been arranged between the universities of the two countries and in which McGill has played the major part as far as Canada is concerned.

While athletics have been the most noticeable factor to the eyes of the ordinary student, there are other mediums that have been as strong, if not more effective than them. The college newspapers in the country to the south have done everything in their power to create a feeling of good fellowship between their students and those of the universities of Canada, and their efforts certainly have not been in vain.

Every day there are well over a hundred copies of the publications of American colleges delivered to the McGill Union for the use of the staff of our own paper. Without exception, they have taken every chance possible to give news to the Canadian universities, and the references are always made in a complimentary vein.

As far as possible, we try to print items of interest concerning the activities of the students at American universities, but the large number of them makes it almost impossible to give them the prominence they deserve in the small space at our command. We feel, however, that the space devoted to McGill in the majority of papers is far out of proportion to our importance, when it is considered that there are a great many universities in their own country that are as large, if not larger than our own, and consequently have many more activities to be reported.

The work that is being done in bringing the students of the two countries closer together will have results many years from now. Friendships made while the young men are attending college may become a great factor in after life, and the better understanding of the aims of the people will serve to smooth over difficulties that may arise far in the future.—McGill (Canada).

## MAKE THE IMPRESSION

There is nothing in the world that makes so good an impression on others as an individual's good manners. Every boy and girl, man and woman should make a close study of manners, for the whole future of life and the chances of business success may hinge upon them. The child who goes forth without a thorough knowledge of manners and the necessity for applying them is on the open road to failure. The impression that a young man makes upon others is his greatest stock in trade. Great knowledge and splendid ability may be concealed by a veneer of bad manners. Good manners cost nothing except the effort to acquire them—teach the child that and you have done that child a favor greater than can be measured in gold or silver.—Antigo Herald.

## WEATHER MAN PREDICTS EARLY ICE SKATING

Skating on Lake Mendota before the end of the Christmas holidays was the prediction made by the weather man today.

With pans of ice floating on the water for the first time this year, and a light wind blowing only nine miles an hour, the lake is in the right condition for freezing.

According to charts of the weather bureau a cold wave should reach Madison about Thursday, but just as the wise man told the Oriental monarch who wanted an un-failing motto, the weather man said, "This too will change."

Wisconsin had a bad year in track in 1918. It was S. A. A. C. year and many stellar performers were lost.

Monk Edler, former Wisconsin basketball and football player, was with Northwestern last year. His basketball team beat Wisconsin in its first game.

## Press Club Names Pi Night Workers

Music—Paul Leach '22; entertainment, Erich Halling '23, William Tannewitz '23, and Kenneth Fagg '23; programs and tickets, Jerome Bjerke '25, and Harold McClelland '23; stunts and mixing, Idrys Hughes '22, Kitty Callahan '24, and Kathryn Perry '23; publicity, Edward Lee '23, and Richard Crosse '23; refreshments, Portia Lugoff '23, Pennell Crosby '22, and Bernice Bruns '23. The general chairman will be appointed later.

### AT THE ORPHEUM

There will be three vaudeville performances at the Orpheum today, matinee at 3 o'clock and evening shows at 7:15 and 9 o'clock. Doc Baker and company of singers and dancers are headlining the bill in "Flashes," a bright and fast moving revue containing several tuneful songs, clever dancing and plenty of scenery and pretty costumes. Lutes Brothers have a novel offering, and Buddy Walker entertains with stories, songs and whistling; Black face artists are Frank and Gertie Fay, appearing in a routine of songs, dances and musical numbers. West and Van Sicken open the bill with a novel musical act. Pathe News and Topics of the Day pictures complete the program.

### Miss Rita Gould

Miss Rita Gould in a cycle of songs will head the new vaudeville program announced for the last half of the week, starting tomorrow night. Other joys of entertainment promised on this bill are Larry Harkins and his monarchs of melody, The Three Victors in "Smiles," Jose Saxton and Jack Farrell in the comedy skit "A Little Light," Watts and Ringgold, the Blushing Bride and Groom, and Ella LaVail, aerial gymnast.

## Sweet Grocery Store is Robbed; Loot is \$75

Burglars entered the Sweet Grocery store, University avenue, last night and escaped with \$5 in money taken from the cash drawer and about \$40 worth of cigars and cigarets. The thieves entered by breaking a window.

### AT THE PARKWAY

"Women all over the world are interested in the attainment of facial beauty, bodily grace and physical charm. This quest is not unique to the women of the twentieth century alone, but engaged the concentration of the gentler sex since the beginning of time," began Anna Pavlova who will appear at the Parkway today, in an interview in Beauty Magazine.

"Attention to physical detail will achieve wonderful results of course, but it must never be forgotten that physical perfection without mental and spiritual co-ordination is like the flower without the perfume—the body without the soul," continued the incomparable dancer.

"To my mind, dancing is an art absolutely necessary to the happiness and longevity of life. Above

all, in America where there is a constant, restless energy, the dance should be learned as a form of self-expression, even by those who have no professional ambitions. It is a normal force necessary in daily life."

### ATTENTION, DEBATORS

All pictures for the forensic section of the Baadger must be in immediately. Debaters (now on teams), semi-public debaters of last season, the winner of the N. O. L., Vilas medal wearers, members of the forensic board, and all literary societies must have their pictures ready at the earliest possible date. This means now.

## Ban On Liquor Will Not Be Relaxed During Holidays, Is Warning of Dry Commissioner

Doctors or Druggists Who Abuse Their Rights May Have Application for Permit Renewal Denied, Smith Declares

Prohibition bans will not be relaxed in any degree over the holiday season in Wisconsin, W. Stanley Smith, prohibition commissioner, said today. His department will do all that it can to make the season one of strict prohibition observance, he declared.

Doctors and druggists who abuse their rights granted under state permit will be liable

to have their permits withdrawn, or applications denied when request renewal after Jan. 1. A number of drug stores have been required to give up their permits during the past month for abusing the privileges allowed.

Local officers are looked to by Mr. Smith to cooperate in making the present holiday season one of thorough law observance.

## British Delay Calling Troops From Ireland

Suspends Order Until Pact is Ratified; Woman Hits Treaty

QUEENSTOWN — Removal of the British troops from Ireland which was to have been begun today has been suspended and they will not be withdrawn unless the treaty is ratified, it was stated here.

### Woman Condemns Treaty

DUBLIN—It was announced this morning that Arthur Griffith, head of the Sinn Fein delegation which signed the Anglo-Irish treaty, would move in the Dail Eireann today for a vote on the question of approving the treaty and that Eamonn De Valera, the republican president, would move its disapproval.

Deputy John Milroy, speaking in the Dail this afternoon in support of the treaty with England demanded and received from Eamonn De Valera and other opponents of the treaty their promise to submit the question of ratification to a vote of the Irish people. Mr. De Valera, addressing the Dail today, claimed there could be no question of ratification of the treaty by the Dail, which, he declared, could not ratify the pact in the sense of making it a legal instrument.

All the Dail could do was to approve or disapprove, he asserted.

The republican president said he would later move that as the articles of agreement for the treaty between Great Britain and Ireland, signed in London, do not reconcile Irish National aspirations and the association of Ireland with the community of nations known as the British Commonwealth, and cannot establish lasting peace between the peoples of the two islands, the Dail makes to the British the following proposal. Mr. De Valera did not read the proposal.

Mrs. Kate O'Callaghan, the first woman member to speak, opposed the treaty.

"The women of the Dail will vote for principles not expedients," she declared. the treaty but hopes it will be ratified."

### Disturbed Raccoon Law, Charge; Held to Trial

Peter Lee, Pleasant Springs, charged with tampering with a raccoon den, was held for trial this morning in Superior court, following a preliminary hearing. The complaint against Lee was made by Edward Fess, a state game warden. It is claimed that Lee assisted in cutting down a hollow limb in which the coons had made their lair, and when the bough fell, of shooting two of them.

## View Of Briand To Aid Meet

Claim Conciliatory Attitude Will Expedite Work of Navy Cut

### BRITAIN ASKS HEARING

Seeks To Present Its Case For Abolition Of Submarines

#### BULLETIN.

WASHINGTON — The French delegation has accepted the Hughes' proposal of 175,000 tons in capital ships for France "with reservations on all other points connected with the naval program" a British spokesman announced today.

WASHINGTON — Upon how far the French delegates were disposed to modify their original ten ship construction proposal at the postponed meeting of the naval committee appeared to hang today the hopes of the arms conference for successful culmination of the negotiations to reach a five power naval limitation agreement. According to spokesmen of the French delegation it was arranged between Secty. Hughes and M. Sarraut that the head of that delegation should present to the committee today the "modified point view of the French government."

Considered in its broad aspects the adoption of a conciliatory attitude by the French was regarded by American officials as a long step toward a settlement.

The French group went into the committee session today apparently retaining full authority to press in its original form or modify their 350,000 ton ratio proposal and what their new position might be was not known.

The British delegation has formally asked that a plenary session of the Washington conference be held tomorrow or Thursday in order that Great Britain may present its case for the abolition of the submarine.

#### WEATHER

The highest temperature during the last 24 hours was 32 at 4 p. m. and the lowest was 19 at 5 a. m. Sun sets at 4:26.

Light snow flurries attend a trough of low barometer that extends from the lake region to Texas. The cold wave reached the Dakotas this morning with temperatures 20 degrees below zero. Moderate rains falling in the area of low pressure on the Southern Pacific slope.

## Revolt Breaks In Portugal; Many Injured

### Cannonading Ushers New Uprising; Parliament is Dissolved

LISBON—A decree was issued today, signed by all the ministers of the Portuguese cabinet, dissolving parliament and fixing Jan. 8 as the date for holding a general election.

#### Report Many Casualties.

LONDON—A revolution has broken out in Portugal, according to a dispatch to the Daily Chronicle from Paris. It began with cannonading along the Tagus river and severe casualties have resulted to both sides in the controversy.

The hospitals are crowded with wounded and dying.

The dispatch adds that Cunha Leal, who formed a temporary ministry last week, was attacked in the Carlos barracks and he and his followers were compelled to beat a retreat. The fate of the premier is not known.

### Ruth May Play 1st Base for Yankees

NEW YORK — Miller Huggins, Yankee manager, it was learned today, let it be known while in New York last week that in event the New York American league club is successful in getting Outfielder Bob Veach from the Detroit Tigers in all probability Babe Ruth will succeed Wallie Pipp at first base for the American league next season.

### Exemption On Land Apply in Few Cases

Tax exemptions on unimproved homestead land, granted by the last legislature, did not go into effect until the last week of the assessing season, and as a result will apply in few if any cases during the present year, Thomas E. Lyons, chairman of the tax commission, informed local officers today. To come under the three years exemption, lands must be wholly unencumbered, acquired subsequently to passage of the law, comprising not more than 40 nor less than 20 acres, and actually occupied by the owner and devoted to agricultural purposes.

Applications for exemption must be made to tax assessors or boards of review during the assessment season. Town treasurers are not authorized to grant exemptions under any circumstances, Mr. Lyons said.

On Sunday evening at the regular social hour the singing of Christmas carols will be a special feature. Prof. J. H. Kolb of the College of Agriculture will speak on "The Church and the Rural Community" at a regular meeting of the Luther League at 6:45. A number of musical selections will be given by Mrs. Leo Kohl, soprano; Harold Groth, violinist, and Miss Lillian Soldan, organist.

The collection taken at this meeting will be given to the Student Friendship fund.

### Mag is Sponsored By Gun and Blade

The Veteran, a magazine published by and for the Federal board trainees, made its debut on the campus yesterday. The publication is sponsored by the eight district Gun and Blade clubs, but is published for all trainees.

The Veteran will make its appearance monthly and will be sold at Mr. Tiege's office in the Union building. The mail copies for the 200 subscribers at Wisconsin did not arrive yesterday, but are expected today. It will sell for 20 cents a copy or one dollar per year.

The December issue has 28 pages and is filled with news of interest to Federal board students as well as others. The staff has collected interesting news from each of the 17 chapters throughout Wisconsin, Michigan, and Illinois, and has given a column to each. The members of the staff are trainees preparing for work in Journalism and advertising.

### Missouri Epidemic Becomes Serious

Because of a serious smallpox epidemic, all people entering the state of Missouri must be vaccinated, according to a law passed December 9 and effective December 15. Approximately 50 students have been vaccinated at the university clinic within the last week. Certificates of vaccination will be issued to those who have been recently vaccinated and are going to Missouri.

The epidemic, which is most serious in Kansas City, is prevalent throughout the state of Missouri, and has spread to Southern Illinois and the state of Kansas. Dr. Robert Van Valzah, of the university clinic, gave the following explanation for the spreading of the disease:

"This is the first epidemic of virulent smallpox in the United States for several years. During that time people have become careless about vaccinations, and for this reason the majority of the people are not immune."

It is the opinion of Dr. Van Valzah that those students going to Missouri will be in no danger if they are vaccinated.

### Supreme Court Hears Rodd Action On Jan. 13

The state supreme court meets or its next assignment Jan. 10, according to A. A. McLeod, clerk.

## Varsity Talent Is Hit at Orph Benefit Matinee

By W. A. F.

The four acts composed of university talent on the bill of the benefit show given at the Orpheum yesterday afternoon for the Empty Stocking club were easily the high spots of a very good local talent show.

In the absence of Les Gage, Bill Purnell substituted in Heinz Rubel's act, "The Toll of the Desert." Bill introduced a great deal of his own prize-winning Vodvil act, and Heinz had several new lines and songs. The combination

worked together very well and, as the applause attested, was easily the feature of the entire show.

Dot Cremer and the two Butts brothers, Port and Bob, closed the show. Their act seemed to be the most finished and balanced of the afternoon. The trio easily overcame the handicap of a restless house, and soon quieted all rustling and preparing to leave. Even the performers of the regular Orpheum bill praised this part of the program.

Alpha Gamma Rho's Union Vodvil act, "Ta Lee, Ta Lie, Ta Lo" pleased the audience as much as anything on the program. The entire act went off with a snap and assurance that exceeded even that shown at the former performances. Thompson's orchestra also well represented the university. As usual the incomparable playing of

Bill Sumner on the clarinet and Cecil Brodt on the muted cornet thrilled all lovers of jazz.

Doc Baker, now headliner at the Orpheum acted as interlocuter. His witticisms were short and to the point, thus agreeably keeping the program beneath the time limits of most local talent shows.

The audience this year was rather small. Only \$250 was raised as compared with \$850 last year.

### AT THE MAJESTIC

Perhaps no star of the silver-sheet has grasped more fully or more practically, the understanding of the art of dramatic interpretation than Ethel Clayton, the star in "Beyond" her latest Paramount picture produced with careful attention to detail by William D. Taylor, which is now showing at the Majestic.

## Ags and Home-Ecs Vie in Song Writing

"Many agricultural and home-economic students, as well as alumni, are composing songs for the Agricultural College federation song writing contest," declared Bertram B. Langen '22, who is in charge of the contest.

Letters have been received by Langen from several alumni who said they were going to enter songs in the contest. Members of the Euthenics club have also submitted songs.

"Agrics and Home-ecs should talk about the contest to their alumni friends, when they go home on their Christmas vacation," declared Langen.
