The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

**NEW
and
EXCLUSIVE**

Williams & Wilkins introduces
the first and only scientific journal
covering all areas of cancer prevention research

CANCER PREVENTION: AN INTERNATIONAL JOURNAL

Published Quarterly

Editors:

Daniel W. Nixon, M.D.

Myron Winick, M.D.

In the United States alone, more than 450,000 people die of cancer each year. Many of these lives could have been saved with preventive measures and early diagnosis. To address this critical area, Williams & Wilkins introduces **Cancer Prevention**, a vital new scientific journal that will integrate, track, and report effective cancer prevention strategies.

Cancer Prevention brings readers a single, authoritative resource for the latest developments worldwide in clinical, epidemiological, and laboratory studies. To be published four times a year, this new multidisciplinary journal places all areas of cancer prevention research under one cover. Subjects include:

Biochemistry
Biology
Dermatology
Endocrinology
Epidemiology
Gastroenterology
Gerontology
Medicine

Medical Oncology
Molecular Biology
Nutrition
Pediatrics
Preventive Medicine
Statistics
Surgery

KEEP UP WITH THE LATEST DEVELOPMENTS IN CANCER PREVENTION RESEARCH WITH—

...Peer-reviewed basic science and clinical research papers covering all aspects of cancer prevention. You'll advance more quickly in your own work because **Cancer Prevention** eliminates the need to search through a variety of general, specialty, and subspecialty journals to keep up with new research in this burgeoning field.

...Review articles focusing on areas of high interest or rapid change. You'll get insight and valuable data to help you track trends and "hot" topics, like—

- dietary fat reduction in breast cancer prevention
- calories, aging and cancer
- calcium and fiber in colon cancer prevention
- micronutrients and synthetic agents in chemoprevention of cancer

...Expert editorial commentary on current controversies. Members of the journal's international editorial board — leading cancer specialists from more than 15 different disciplines — guide you through the pros and cons of controversial issues.

...Prevention education tearout. Featuring practical information about the prevention and treatment of cancer, this special perforated section can be copied and handed out to patients and staff.

...Behind the news—keeps you abreast of reports and news releases from NCI and ACS.

Don't miss a single issue...begin your subscription to **Cancer Prevention** today.
