The Wisconsin ALUMNUS

The Alumnus Has No Responsibilities

★ *This is an interesting topic. An approach might be to point out one's duty to his Alma Mater and the giving of belated compensation for her many gifts to him. Another might be the sentimental one of aiding an institution loved by all who know it. Still another might be to seize the opportunities of promoting the advance of education generally by contributing in any one of many different ways to the progress of the University of Wisconsin. Several other approaches might be made. We shall take the least altruistic of all approaches—that of what aiding the University means to an Alumnus from a selfish viewpoint. If there be an Alumnus asking the question: "If I help my old University, what do I personally get out of it?"—to him the answer can be confidently made—"Much".*

★ *What is that "much?" Is it the reward of Columbus who, after his daring Atlantic voyages, knew the weight of chains and the confinements of a prison? No, the "much" includes nothing of the joy that, with martyrs, outweighs the sufferings. It is a wholly practical and present "much".*

IT IS fair to assume that the alumnus of Wisconsin believes in democracy and in its practice under our representative system of government. If so, he believes in our public school system. He knows that it is one of the great aids in making democracy work from the bottom up. It never works downwardly from the top. Only monarchies and oligarchies do this. The public schools must give the groundwork of understanding and the beginnings of leadership in government and in politics. Government is a vitally important factor in our daily lives. We so live, and the complexities of our society are so great, that government to a great extent affects our food, our clothing, our shelter, our water supply, our health, our transportation, our communication, and nearly everything we use. So many of our common efforts are possible only through government and the science and practice of government which we call politics. Business men and all of us have learned, or are learning, this. In these undertakings we constantly need more and better leadership. That leadership must appear not only in federal affairs—it must appear in the state, in the county, in the city, the township, the village, the house, and in our own backyards. In Wisconsin, the university is at the top of that public educational system which must develop leaders who can lead. The characters and the abilities of these leaders most vitally affect all of us. Of course, these leaders do not all come out of the university. It is neither possible nor well that they should. However, if democracy is to work at its best, the fact may not be overlooked that if one should at random select two thousand young men and women capable of accepting a university training and give one thousand of them such training, they would in later life, on the average, give, as a group, a sounder and abler leadership than the thousand to whom such training is denied. Thus it is that our university, in its present activities, affects the alumni now. Incidentally, over one-half of them live in the State of Wisconsin.

THESE truths in respect to government and politics also apply to business. We no longer live in a primitive society. We have extensive divisions of labor. When we sit down to dinner in any city, most of our food comes from afar. Many produced it. Many worked to bring it to the table. So one could go on almost endlessly in respect to item after item encompassing much with which we deal daily.

OPPORTUNITY

Good management in business is made better as trained men enter it. Here the university is constantly contributing. This affects you—the alumnus.

In addition to its continuing contributions through its graduates, the university constantly makes many direct gifts to our well being. The same thought can be pursued in many fields. Let us take just one of the thousands of the university's direct contributions—its work on soil erosion. Have you observed in reading history that parts of the world that once "blossomed like the rose" are now without soil and have been reduced to date trees, burros and goats—and this because its citizens took no thought of the morrow through the lack of real leadership and because of bad governments?

Have you, an alumnus, thought of what your university means to you—not only in the past, but right now, in its research work? It is a vast story. It need not be told here. It is unnecessary to give the long list of names suggesting contribution after contribution to the well being of the people of Wisconsin and elsewhere. This is not accidental. Wisconsin began as a pioneer institution. It has always been a place of research. It has always held and trained the search-light bearers. This holds meaning for the alumni.

The gratitude of an alumnus to the University of Wisconsin cannot be marked off by a discontinuance of gifts on that June day when he graduated. Wisconsin is a power presently educating for leadership in little and in big communities. Both of these are important. On the whole, the leadership in the little circles counts for more than in the big ones. The important final results are in the sum.

THE power of any education is great. For example, contemplate what the Nazis did to German youth through education. It was wrongly used; but as to the power of education, where in history can one find such an example of its strength, or one so terrible in the consequences of its misdirection?

Many of Wisconsin's alumni have heard Dean Birge's story of the student who barely graduated—the one who claimed to be the poorest student who had ever attended at Madison. We shall not repeat the tale. You will remember the sequel. This alumnus ventured forth. He secured a job.

It evolved into the ownership of a retail store. Later the business became wholesale also. This Wisconsin man became mayor of his town—a leader in the church and in all local activities. He was an all-round, able and respected citizen. He sent youngsters to universities—some of them to the University of Wisconsin. In the telling, Dean Birge used to conclude by saying: "That is what the University of Wisconsin is for".

Such a university works for us every day. Suppose we forget, as we cannot forget, of course, what the university once did for us as students, and center our sentiments and our sense of obligations on the nows. Suppose we forget, as we cannot, that our greatest rewards and our real ideas of success are found in the service we give to others. Suppose, for argument's sake, we do that last thing that any true alumnus of the University of Wisconsin will never do—think only of himself—and then inquire: "Can I, shall I,

By GEORGE I. HAIGHT

CONFRONTS HIM

do anything to help the University of Wisconsin?" Well, what can he do? He can learn of the University's present urgent needs. They are many.

PARAMOUNT now is the need for new buildings. Thirteen of the main buildings on our campus are more than fifty years old. They have clearly outlived their usefulness.

The dairy building, for example, is 53 years old. The dairy industry has made tremendous strides in the last half century. It is impossible to teach and demonstrate modern dairy practices in this obsolete building. It woefully lacks laboratory facilities so essential for productive research and effective teaching.

Science hall, the Chemical Engineering building and the Electrical Engineering building are similarly obsolete.

The great new world of science, including electronics and synthetics, is already past the burning days.

Our university has many building needs. Antiquated equipment cannot serve. Cramped laboratories will no longer do. Class room space is far below requirements.

There is a crying need for more library space. Bascom hall needs fireproofing and enlargement. The biology building, started in 1912, should be completed. Reasonable physical education facilities ought to be provided. More space is needed for bacteriology, home economics, and extension services.

To meet these urgent demands, the Board of Regents has recommended a building program totalling \$12,704,000. This will provide the present *minimum* requirements of the university.

Complete details on these building needs appear in "It's Our Job," a University bulletin sent to all Association members last January. Additional details have been provided in each issue of the *Wisconsin Alumnus*. The Wisconsin Alumni association also sent its members a reprint of three Milwaukee Journal articles which presented most graphically the University's building needs.

THE alumnus can work in his community to explain these needs to his neighbors. He can write short readable articles for his local newspaper. He can stir the will to aid in other alumni. He can arrange meetings to discuss and particularly explain the Regent's program. He can give most interesting specific facts that illuminate the University's instant requirements. He can talk to the citizens whom he meets on the streets or highways. He can stir up interest everywhere. The facts will count most tellingly.

It has been said, and it is true, that the people of Wisconsin so well know the importance of their university and the desirability of keeping it among those of first rank, that whenever they are wholly advised of any need confronting it they will insist that it be met.

Every alumnus can follow the lead of our Board of Regents, our President, our faculty, and the others who know—in supporting the University in its present necessary endeavors.

We should do all of this, and more. We should inquire of our Alumni Secretary to learn of special tasks for us to assume, particularly those relating to the University's immediate needs. We should return to the university often and keep in touch with its great work. One can always learn much there.

RESPONSIBILITIES? Who says responsibilities? Opportunities—a chance for a good time; a real place open to gain new successes. What is your idea of success? Isn't it finally your own conscientious inner judgment that however or whatever, with all of the shortcomings, you have done the best you could?

This is written on an early spring day. On such a day one can easily imagine that old campus. Its hills, its trees, and the lake are beautiful. Out there across the bay is Picnic Point. How one's mind peoples all of the places with teachers, students and friends. To you they are all still there. But there are others there. Some of them are back from the war; and there are more still to come next year, and year after year, for a long, long time. All of these are now, and will be, just as anxious and just as hopeful as you once were. Will you greet them? Will you help them? Responsibility? No, it is not responsibility—it is something bigger, unless you wish to call opportunity a responsibility to that ever inescapable alumnus—Yourself!

An overseas Fighting Badger writes:

"The thing that I believe you will find overseas Badgers most interested in is the building program. The best university in the country needs every modern device available. The quicker we realize that, the better. You can't teach men new developments with antiquated equipment. The standard of our education sets the standard of our way of life, and if we allow educational standards to falter either by the quality of the teachers or equipment, we are only holding ourselves back."

SGT., BOMB. SQ., APO 559, N. Y.

A very important opportunity is immediately at hand. It is to help in the realization of the University's Building Program

UNIVERSITY NEWS

Regents Decisions

The March meeting of the Board of Regents brought action on the following matters, in addition to the establishment of the change in the business and finance set-up: (see col. 2)

Agriculture. At the request of the veterans' administration, the regents voted to re-establish the agricultural short course which was dropped in 1940. This two year course will be restored under the increased tuition rates of \$40 for state residents, and \$83.34 for non-residents, for the 15 week course. Proportionate changes were made for the ten and five week courses. The increase in fees was recommended by the agricultural college faculty so that these fees would be brought in line with the fees of other departments. More than half of the fees of the 90 students taking the short course are taken care of by scholarships, so that the increase was thought to be not too severe on the students.

Naval ROTC. The regents authorized the president to file an application for a naval ROTC unit if funds can be obtained for new construction which would be needed for housing the unit. Pres. Fred explained that the proposal of establishing such a unit, making the university one of the 23 schools in the country with such a four year course, had been "warmly supported" by the faculty, and that it would fit in with other work being done by the university.

The university had been invited to file such an application and had found that it would be able to meet all the navy requirements except that of space, at present. Comptroller Peterson explained that the construction of a required ordnance building would cost \$260,000, but that the university could get by on \$60,000 for construction of part of the facilities.

Fred will file the application by the deadline of April 15, provided he can obtain the assurances from the governor and the legislature that funds for the navy building could be obtained. The course would lead to a degree in navy science, would be a regular part of the university, and would accommodate between 400 and 500 students. Regent M. J. Cleary explained that the navy is making plans for post-war training of large numbers of young men who would make the navy their life work, and that the plan of creating a "little Annapolis" at several institutions is part of this program.

Racine Extension. The regents agreed to spend up to \$25,000 to remodel and equip the old Racine college buildings for a Racine extension center and to furnish teachers for the extension, if Racine interests pay the rest of the remodeling and equipment costs. The total estimated costs are between \$32,000 and \$50,000. The Racine group has offered to pay a three year rental on the property to encourage the university to establish an extension center there.

Summer Fees. Regents voted to raise the summer session fees from \$6 to \$8 per credit. The summer session budget was approved.

F-M System. Harold B. McCarty reported that the overall cost of establishing a seven-station frequency-modulation system through out the state would be \$499,353, and that the operation cost would be about

Bills in the State Legislature Concern the University

A. W. Peterson, '24
Now Director of Business and Finance

Business and Finance

In order to relieve Pres. Fred of much of the administrative routine which has been part of the president's regular work, the Board of Regents recently adopted a new and different administrative set-up for the university.

A. W. Peterson has been named to the newly created post of director of business and finance. He has been serving as university comptroller. Peterson will continue handling the duties of comptroller, but in addition will become an aide to Fred, helping the president prepare budgets.

Under this new set-up Peterson is authorized to sign contracts on behalf of the president, and take over virtually all the business administration of the university.

Donald L. Halverson, director of dormitories and commons, will continue his present duties under the title of associate director of business and finance.

A number of people who have formerly worked under Peterson will continue to do so under new titles. They include:

M. E. McCaffrey, now trust officer and director of investments; R. E. Hammes, budget officer and chief auditor; C. W. Vaughn, personnel officer; N. M. Cafferty, chief accountant, and H. M. Schmelzer, purchasing agent.

Other officers under business and finance which did not involve a change of title include those of A. F. Gallistel, superintendent of buildings and grounds, and C. B. Horswill, bursar.

double that for the present two-station set-up of \$47,000. The establishment of a state-wide F-M system would provide day and night coverage of the entire state.

Faculty Salaries. Regents authorized legislative representatives to press for cost-of-living bonuses for teachers as well as civil service personnel, on the ground that limiting the bonuses to civil service employees is "very inequitable."

Interest of university people is centered on the legislature these days, for a number of significant bills affecting the university have been introduced.

The most important of these is the postwar construction bill, No. 174, A., "Relating to construction and equipment, remodeling, repairing and making needed improvement in the state curative, charitable, penal and educational institutions, and making appropriations therefor from the postwar construction and improvement fund."

The bill, sponsored by Gov. Goodland, originally specified the sum of \$12,704,000 for university construction, but in amendment 1, A. allotted the university \$1,300,000 less in order to give state teachers' colleges and other institutions more money.

Gov. Goodland explained in his message to the Joint Committee on Finance, "At the outset, I assume that it is not necessary for me to dwell to any extent on the necessity for capital improvements at our state institutions as soon as conditions permit. . . . Such improvements are long past due and legislation and appropriations for enlarging, modernizing, equipping and staffing these institutions is a matter of primary and urgent consideration at this session. . . . To longer delay would be inhuman to our wards and would reduce further the effectiveness of our institutions of higher learning."

Among other bills concerning the university directly or indirectly which have been introduced are the following:

Introduced in the Assembly:

- 1, A. Executive Budget Bill, revising the statutes and session laws relating to state finances and appropriations and making necessary appropriations.
- 109, A. Relating to college courses at normal schools, providing for the conferring of bachelor of science and bachelor of education degrees and no others unless provided by law.
- 148, A. Relating to rate of tuition at extension centers of the University of Wisconsin so that tuition will be no higher at extension centers than at Madison for any given course.
- 158, A. Segregation of Highway Funds (See also 49, S.) creating a separate state highway fund, providing that motor carrier fees and taxes shall be paid into the state highway fund. Indirectly affects bill 174, A. above. If passed, would earmark funds for highways which would otherwise be available for construction.
- 163, A. Relating to experimental work in the control of Brucellosis (Bang's disease) and other cattle reproductive diseases, and making an appropriation of \$50,000 each year for two years to be used by the College of Agriculture.

Gifts and Grants Accepted By Regents

A total of \$65,754.15 was accepted by the Board of Regents last month for the establishment or continuation of fellowships.

Other gifts accepted by the regents included \$2,600 for scholarships and loans, \$1,000 for microfilming, and \$350 for equipment.

The fellowship grants include the following:

\$5,000 from the E. J. Brach & Sons, Chicago, to establish an industrial fellowship in dairy industry to study the preparation of concentrated and dried milk products.

\$500 from the Blatchford Calf Meal co., Waukegan, Ill. to establish an industrial fellowship in biochemistry and dairy husbandry to study the nutrition of young dairy calves.

\$1,350 from Abbott Laboratories, No. Chicago, to establish an industrial fellowship in biochemistry to study the chemistry of micro-organisms.

\$52,000 from the Wisconsin Utilities Assoc., Milwaukee, to establish an industrial fellowship explained in another story on this page.

\$6,600 from the Sugar Research Foundation, Inc., New York City, for the establishment of

an industrial fellowship in biochemistry and agricultural bacteriology to study microorganisms in molasses.

\$354.15 from the Holstein-Friesian Assoc. of America, Batteboro, Vt. for the continuation of an industrial fellowship in genetics and dairy husbandry to study the genetic factors present in the blood of cattle.

Other gifts are:

\$2,500 from William J. Hagenah, Chicago, to be added to the scholarship funds of the Law School for scholarships for the student editors of the Wisconsin Law Review.

\$1,000 from David Dubinsky, President of the International Ladies Garment Workers Union, New York City, for the microfilming of the publications in the John R. Commons Labor Research Library.

\$100 from Mrs. Ben H. Anderson, Madison, for an addition to the Ben H. Anderson, Junior, Loan Fund for Medical students.

\$350 from the Walworth, Rock, Jefferson and Green County units of the National Foundation for Infantile Paralysis as explained in another story on this page.

- 164, A. Relating to powers of normal school boards to prescribe studies, removing the limitation that teachers colleges grant only the bachelor of education and bachelor of science degree.
- 307, A. Relating to university extension courses for World War II veterans allowing the state to pay their tuition.
- 409, A. Relating to the membership of the university board of regents, providing for nine members, at least one a woman.
- 421, A. Relating to an investigation of the underground water resources of the state and the present use and depletion of the same, and making an appropriation of \$15,000 for the purpose.
- 464, A. Relating to legislative scholarships at the university, doing away with the allowance for each state senator and assemblyman to recommend one non-resident student for such a scholarship.
- 469, A. Relating to the re-establishment of a school for workers in industry at the university. The school would be paid for entirely by workers fees.

546, A. Relating to a Gaelic, Polish and Greek chair at the University of Wisconsin and making appropriations of \$7,000 a year for each chair.

562, A. Setting aside the excess of receipts from the surtax levied on incomes for the years 1945-46, and 1946-47, for the construction of a library at the university, and making an appropriation.

Introduced in the Senate:

- 49, S. Segregation of Highway Funds, (See also 158, A.) creating a separate state highway fund, providing that motor carrier fees and taxes be paid into the state highway fund.
- 110, S. Relating to the establishment of a diagnostic center near the Wisconsin General hospital to be administered by the department of public welfare in cooperation with the university and making an appropriation of \$660,000 for construction of the center, \$105,000 for operating costs, and \$8,500 for execution of functions connected with the center.
- 274, S. Relating to providing a trust fund for the construction of a dairy industry building at the state university and making an appropriation of \$600,000 for the purpose.
- 280, S. Relating to the membership of the university board of regents, providing for a membership of 12, three of whom would be farmers.

Personnel Co-ordinator

Faculty approval was given recently to the consolidation plan involving the offices of the dean of men, the registrar, and the advisory-personnel council.

Pres. Fred will appoint a co-ordinator of all student personnel services on the campus. This move is designed to improve university services by correlating the programs of vocational guidance, social development, employment, records, admissions, and job placement. It will also provide for faculty and student representation.

The faculty committee on student personnel recommended the appointment of a co-ordinator and pointed out that now the work is done by several university divisions.

The co-ordinator also would serve as executive secretary of the faculty committee on student personnel.

To Shorten Farm Work

The beginning of extensive research on the possibilities of shortening the time and reducing the labor requirements on dairy farms is now being made in the College of Agriculture.

Under a fellowship agreement the university is to receive \$52,000 from the Wisconsin Utilities assoc. for this study of electrical mechanization as a way to save time and labor on dairy farms. It has been estimated that "barn chores" take up about half the dairy farmer's time, and it is expected that if this hand work were done by electrical means "chore time" would be greatly reduced.

As soon after April 1 as possible under wartime conditions, the work will be begun on a 144 acre farm near Madison. For four years university scientists will study "economic use of electric light, heat and power—with the purpose of saving labor, improving the quality of the milk produced, and reducing the costs of milk production," as the terms of the agreement stipulate.

The first phase of the investigation will include time and cost studies of methods dairy farmers are now using. The second phase will include erecting and remodeling of building, testing of equipment, and taking any steps that might improve present methods.

Results of the study will be made available to the public as soon as they have been compiled.

Faculty members who will conduct the research project are F. W. Duffee, agricultural engineer, and I. W. Rupel, dairy husbandman who will be assisted by a faculty advisory committee made up of P. E. Mc Nall and W. W. Wilcox, agricultural economics department; B. A. Beach, veterinary science; S. A. Witzel, agricultural engineering; H. L. Ahlgren, agronomy; and R. J. Muckenhirm, soils.

The fellowship grant allows \$52,000 for the four years work. \$46,000 is set up for the farm, experimental barns, equipment and livestock; and a maximum of \$10,000 is provided for farm operating expenses.

Polio Tank

Five county chapters of the National Foundation for Infantile Paralysis have contributed \$350 to the university for the construction of a modern stainless steel tank to be used in

the Wisconsin General hospital's orthopedic hospital. The tank will be used to steam-heat the individual woolen packs which are used in the treatment of polio.

It is expected that the tank will be completed by May 1st in order to be available when the first of the annual epidemic polio cases arrive at the hospital. The tank was developed by Dr. H. M. Coon, superintendent of the hospital, and Oscar Olson, chief engineer.

Dr. Coon explained, "Our problem has always been to have enough hot water for our patients. We were originally organized to care for 20 patients, and additional facilities had to be brought into use during the past few years to care for an average of 60 to 75 cases."

"This new tank," he continued, "will not only relieve us of the necessity of replacing the tank each year, but will care for whatever number of patients we may have."

Legislative Dinner

Wisconsin legislators, state officers, supreme court justices, and members of the Board of Regents joined together in their biennial legislative banquet recently for a meeting which Pres. E. B. Fred declared would bring "an understanding that will enable us to better share our mutual task of serving the citizens of the state."

"Will you think of us in the university as co-workers in the great task of planning Wisconsin's future?" asked Pres. Fred, in his speech to the 400 guests.

"The university is known and admired throughout the world for its freedom, its scholarship and its productive research. Credit for this achievement belongs to the people of the state, and their elected representatives, who created and maintained a university that attracted outstanding teachers and allowed them to work in an atmosphere of free inquiry. The responsibility for living up to this great tradition falls upon us—the citizens, the legislature, and the university staff."

Werner Reappointed

Gov. Goodland appointed A. Matt Werner, Sheboygan, to succeed himself on the Board of Regents for a term ending May 1, 1954. The appointment is subject to senate confirmation.

Boxing

Wisconsin's boxers won their second match of the season when they routed Penn State's mittmen on March 3 for the second time, 5½-2½, at the fieldhouse. The Badgers had beaten the Nittany Lions, 5-3, at State College two weeks before.

The following week, Coach Vern Woodward brought his Bunker Hill ringmen to Madison to meet Coach Tom Kenneally's battlers. The two teams had fought to a 4-4 draw in their first meetings, and they repeated the performance the second time.

It was homecoming for Woodward, Vern having fought here and then been assistant coach to Johnny Walsh. As he said, "It (the match) turned out the best for everybody concerned."

The Badger boxers went to Iowa City to meet the Seahawks of Iowa Pre-Flight on March 16, and they were beaten for the second time by the Cadets, this time by 5-3. It was the second loss of the season for the boys in Cardinal.

On March 23, Wisconsin sprang the biggest upset of the year in intercollegiate boxing when it tied the Coast Guard Academy, 4-4. The Cadets, previously unbeaten and untied, were Eastern champions. Five Coast Guardsmen won titles, and two were runners-up when the New London school won over Penn State, Maryland, West Point, and Rensselaer Polytechnic Institute in the Eastern championship bouts.

Best record of the year for the Badger boxers, who finished with a 2-won, 2-lost, 3-tied mark, was held by 127-pounder Akio Konoshima, who won 6 out of 7 fights. Hal Sullivan, who battled at 145, took 5 out of 7.

Track

Coach Tom Jones' trackmen lost the mile relay to Marquette on March 3, and the points gained by that victory enabled the Hilltoppers to win the dual meet by 53-51.

Wisconsin's Bill Bachman, jumping in his first meet since joining the team, took the Big Ten indoor high jump championship in Chicago on March 10. George Fuchs placed fifth in the shot put to give the Badgers their sixth point.

The mile relay team, composed of Warren DeVoe, Bob Johann, Ken Chandler, and Tom Nugent, placed first in its section at the Chicago Relays, but Illinois won the race by virtue of a better time. The Badgers completed the race in 3:31.5.

Basketball

Eleven basketball letters were awarded to Badger courtmen by Coach Harold Foster at the completion of the season's play. Those receiving major awards were: Ray Patterson, Des Smith, Bill Johnson, Bob Sullivan, Gene Mathews, Vince Goering, Bill Zorn, Kurt Grimm, Bob Hollinger, Dick Bunke, and Bill Bachman.

Patterson was named captain for the second straight year.

Baseball

With seven regulars back, Coach Art "Dynie" Mansfield looked forward to the Big Nine baseball season with confidence, although the league promised to be the toughest one in years.

Mansfield was short in the pitching department, where only veterans Gene Jaroch and Wally Pearson were consistent. The Badger mentor, however, uncovered a long-distance hitter in Shortstop Jim Ackeret, former right halfback.

ALUMNI NEWS

—Milwaukee Sentinel.

The Wisconsin Alumni Club of Hawaii were hosts to servicemen stationed in the Hawaiian Islands at a party given at the USO club shortly after Christmas. Pictured here are Walter "Mickey" McGuire, '34, former Badger football star, who was recently elected a member of the Territorial legislature; three Wisconsin residents; and Lt. (jg) Mark Cailin, Jr., '33, a former state representative. Only Wisconsin residents were invited.

Club Officers

St. Paul

R. J. Mackubin was selected for president of the St. Paul Alumni club at a recent meeting of the Board of Directors. Other officers chosen include Mrs. Blanche Fox Field, vice president; Mrs. Ann Bushfield Hoffman, treasurer, and Harold Jordan, secretary.

In addition to the officers, directors of the club include A. W. Luedke, D. B. Morris, and Irving Rice.

Rockford

The Board of Directors of the Rockford Alumni club have elected the following officers: John J. Dixon, '31, president; Charles F. Andrews, '29, vice president; Mrs. Gertrude Levis, '23, secretary; and Thorborg Swenson, '10, treasurer.

Detroit Women

Members of the University of Wisconsin Woman's Club of Detroit raised half of the amount they need toward their scholarship fund and Victory membership at their February meeting. The proceeds of games played at this meeting, which was held in the home of Mr. and Mrs. Presley Holmes, '19, were turned over to these funds.

Club members brought gifts to their Christmas party, and these gifts were later distributed among World War II veterans at Battle Creek hospital. Lucille D. Born is president of the club.

Milwaukee Badgers

About 200 Wisconsin alumni attended a recent meeting sponsored by the Milwaukee Alumni club at the Schlitz Brown Bottle. Members of the Cardinal Club, the W Club, and the Women's Division were invited as well as the general alumni of the Milwaukee area.

Guy Sundt said a few words about the university's building program, stressing the need for cooperation among alumni working for this program.

Milwaukee Luncheon

Prof. Henry R. Trumbower spoke to the Milwaukee Alumni Club recently on "The Placing of Commerce School Graduates with Business and Industrial Concerns." Each month the Milwaukee club has a luncheon meeting which features a speech by a university faculty member.

Racine on Buildings

Wisconsin alumni and friends of the University living in Racine met together to hear Michael J. Cleary, head of the finance committee of the Board of Regents, Fay Elwell, dean of the School of Commerce, and Frank Holt, director of the department of public service, explain the urgent need for adoption of the proposed 11 million dollar building program for the University.

Calling some of the buildings on the campus "a disgrace", Cleary emphasized that "the last dollar spent for new construction was spent 15 years ago," and that the equipment and facilities in chemistry, home economics, electrical engineering and even in dairy manufacturing are far below that provided in any other state university.

The meeting was sponsored by the Wisconsin Alumni Club of Racine, and arrangements were handled by W. G. Aschenbrenner, president of the club, and the club's directors.

California Alumnae

Speakers at the January meeting of the Wisconsin Alumnae Association of Southern California were Mrs. David F. Simpson, club president, Myrtle G. Hart, and Abbey Shaw Mayhew.

Mrs. Simpson discussed Civil Service, Miss Hart spoke on "The Wisconsin Alumni Research Foundation", and Miss Mayhew discussed "Why I Have Faith in the Chinese People."

Miss Mayhew was formerly director of physical education for women at the university. The luncheon meeting was held in the Pasadena Athletic club.

New Tradition For Oldsters

This May when Alumni Day rolls around, the oldest alumnus returning to the campus will be given the Half Century Club cane at its first presentation. He will be privileged to keep the cane for one year as a token of his status among his fellow students of fifty years ago or more. At the end of the year, he will return the cane to the Alumni Association so that it can be presented to the oldest alumnus who returns for the 1946 re-unions.

A brand new tradition at the university, this cane presentation will become a regular feature of the annual Half-Century club luncheon.

The cane itself has a long Badger history behind it. Presented by the class of '71, this cane belonged to the late Professor John Barber Parkinson, vice president of the university and professor of mathematics and law. The gold head of the cane is engraved, "To J. B. Parkinson from the Class of '71". Parkinson himself received his B. A. degree at Wisconsin in 1860 and his M. A. in 1863.

His son, Ben C. Parkinson, Eau Claire, is a member of the class of '90.

Fighting Badgers of the Month: Margery and Arthur Sell

Portrait of Our UW President

This anecdote is taken from Betty Cass' column, "Madison Day by Day" in the *Wisconsin State Journal*.

"A young man named Frederick Agard, a member of the Romance language department of the University of Chicago, who is now visiting several universities, is spending this week in Madison, staying at the University club.

Tuesday noon Mr. Agard, who happens to be a cousin of Prof. Walter R. Agard, entered the club dining room at a time when every table was filled. The waitress looked around to find a place for him but there seemed to be none. Then the young man noticed one vacant chair at a table for four and, after receiving the silent but gracious consent of the other three men . . . who were President E. B. Fred, Prof. O. S. Rundell of the Law School, and Prof. A. W. Peterson, university comptroller . . . he seated himself and was immediately and without formality, included in their conversation.

Later in the afternoon another member of the club who had witnessed the incident and who also knows Mr. Agard met him.

"Well, you landed in a nice spot at lunch, didn't you?" he asked.

"Yes," answered the visitor, "I enjoyed the conversation greatly."

"But . . . er . . . you know who the man was across the table from you, don't you?" asked the club member, suspecting, from the other's tone of voice and manner that he didn't.

"No, I don't believe I do," said Mr. Agard, "but I liked him very much."

"That was E. B. Fred, our new president," answered the club member, whereupon the young man was properly impressed.

And there you have as nice a little character vignette of President Fred as you'd want: No "side," no affectation, no feeling of importance . . . just strictly and thoroughly genuine."

If you get to Madison on your next furlough, leave, or vacation, be sure to stop for a visit with us at our office in the Union.

An unusual anniversary is being celebrated this month by the Arthur L. SELLS. April marks one year overseas as a Red Cross Staff assistant for Mrs. Margery BRIDGMAN SELL, '41, and it also marks two months since returning to his country for her husband, 1st Lt. Sell, '42, of the tank corps.

It will mean a trip to Paris for Mrs. Sell—an opportunity to shed the day-in day-out uniform of the clubmobile manager, and an opportunity to don the new Easter outfit which her parents had to send her from Madison stores to be worn in the fashion capitol of the world.

It will bring back to the minds of each of the couple memories of the last leave they had—the leave they spent together, jogging jeep-borne along back roads, well behind the lines in France. It will remind them of one more story they mustn't forget to tell when the war is over.

This unusual war-winning couple has had its fair share of joy overseas, but they have also had dangers. Lt. Sell's sole concern at present is for his wife, who, for example, spent Christmas Day crawling from fox-hole to fox-hole distributing cigarettes and smiles to blinking and staring infantrymen. As he says, "The Red Cross girls live the life of a GI right up in fighting territory," and he knows what that means.

Wearer of the Distinguished Service Cross, the Silver Star, and the Purple Heart, Lt. Sell served with the Fourth Armored Division as company commander in a tank battalion. He won the DSC for knocking out two German tanks which ambushed him before a third German tank knocked out his own, during the drive for the Saar basin last November. Once before his tank had been knocked out and he had carried a wounded crew member to safety. That's the incident behind the Silver Star.

BADGER BOOK SHELF

CHINA TO ME. By Emily Hahn, '26. Garden City, N. Y.: Doubleday, Doran and Company, Inc., 1944.

Wisconsin's first woman graduate in mining engineering made lots of copy about herself in American publications and lots of fascinating reading for an ever-curious public when she wrote this highly personalized "partial biography" of her eight year stay in China.

Time magazine declares that "readers of *China To Me* will learn something about China's impact on Emily (and) almost everything about Emily's impact on China."

In the *New York Times*, Orville Prescott's review summarizes, "*China To Me* has a good deal of charm. Miss Hahn's breezy personality filters through nearly every page. It also contains a good deal of sound sense and interesting information about China and the Chinese, Hong Kong and the British. (Although) in many respects *China To Me* is disappointing and unsatisfactory, . . . no book about as clever, brave, and unconventional a woman as Emily Hahn could fail to have much of interest in it too."

Many alumni are familiar with her famous biography *The Soong Sisters*, and with the many articles she has contributed to the *New Yorker* during her stay in the Orient and since her return to New York on the Gripsholm late in 1943.

THE DANCING QUEEN. By Rudy Finst. Illustrated by Jean Tack, '37. Sheboygan Falls, Wis.: Newcomer and Lindner, 1944.

This unusually-shaped book (5¼ inches high and 8¼ inches wide) lends itself to the imagination of all children who read it because of the fairy tale type of story and the profuse illustrations throughout its 128 pages. The story of Queen Ermalinda who lived in a palace where she could stay young and beautiful just by doing good to others carries the reader from fairyland to the sunny South, to an Indian reservation, to China, to a Mexican village, to Waikiki, Hawaii, and to a busy street corner in a large city, by means of a magic carriage. Miss Tack has used bold-line drawings which suggest rather than define for her illustrations, and she has caught the author's spirit of international happiness among children.

FIGHTING BADGER MAIL BAG

Germany

"Nothing in this country that has been held down by the firm hand of the Nazis reminds me of my peaceful home of Wisconsin. Battle is destroying the German cities, towns and countryside. The Allied armies are dealing death and defeat to the Germans. Their tyrannical institutions are being smashed while our educational and governmental institutions are being strengthened. Our fight is strong and right, which make me feel all the more proud to be a Fighting Badger.

Of all the civilian pleasures I had, none can compare to my attendance at the university. Some day I intend to return and complete my course."

Sincerely,
PFC. HAROLD SWEED, '45

Philippines

"If it is not too presumptuous, I would like to add a word about my reaction to the contemplated building program.

In 1925 I attended lectures in Ag hall that should properly have been held in Bascom hall. In Bascom itself, for a whole semester, I had a seat on the floor with a wall for a back support in one of the history courses of the only man I recall that always got three skyrockets before every lecture; I refer to Carl Russell Fish. Yes, for at least 20 years the building plant at Wisconsin has been sorely neglected.

It's an old bromide, but still true I believe, that the *first* 100 years are the hardest. But let's not forget that the *second* 100 years for our university will soon be at hand. Let's not rest on our oars. Let's not have a Pearl Harbor on the shores of Lake Mendota. It took a near collapse to rebuild the Navy into the greatest force for freedom of all times. Let's build up another force so that the "HILL" may be a beacon of ever-increasing light for the returning service men and women, and coming generations of Badgers."

LT. JAMES A. SIFPLE, '28

—Photo U. S. Army Signal Corps.

Brig. Gen. Clarence C. Fenn, '15 (center)

A new Badger general, Clarence C. FENN, '15, recently broke a long standing army precedent when he asked two non-coms to pin on his two brigadier general stars. Usually higher ranking generals perform the honor.

Gen. Fenn is judge advocate general of the India-Burma theater where he has served for over 3 years, watching the command grow from a one-man court-martial jurisdiction to an eight-general post. His most notable accomplishment was the arranging for the U. S. government to maintain jurisdiction over its own troops in India and China, a privilege which has not been released from the local governments.

A BADGER'S DREAM

Cpl. Paul Karberg, '36, drew this at our request.

China

"It has been several years since I left the U. W.—six in fact, but I find a lot of satisfaction in keeping track of the activities there still. So I'm writing this letter in appreciation of the work of you and your staff. It's a swell idea and I like it.

In these parts I have yet to find a Shan-gri-la but if I did it still couldn't compare with any place in the States. However, the customs and habits of the Arabs in N. Africa, the Hindus in India and now the Chinese are broadening my knowledge a lot. I still believe tho that the best way to see the world is through a travel book. The towns here are like the ones Bob Hope saw in N. Africa because he said of them: "I couldn't believe my nose."

I am in a Combat Cargo squadron which is surprisingly devoid of Badgers mostly, I guess, because it's well represented with Texans.

However, there is a Wisconsin Club in the China-Burma-India theatre made up of 684 members from Wisconsin but not necessarily of the U. W. From China tho I am not able to get to any of the meetings."

Sincerely,
LT. V. A. RICHTER, '38

United States

Dear John Berge:

I've been looking for a small set of Army pilots wings and when I landed at a field in Alabama I found just what I believe you deserve. So, John, accept these little wings which I hope you'll wear in your flower button hole. I want you to feel you're one of us fellas that were in there flying over the targets and eating a bit of flak. True, maybe you didn't see it from the air but, John, you show it in the letters they wrote you and you were able to make these letters act in your radio programs and publications.

So put them on and feel you're as good a Flying Badger as any of us that dropped a few bombs. Feature for feature, they're just like mine.

Best of luck,
1ST LT. GENE WELCH

UNIVERSITY OF WISCONSIN FOUNDATION

The gifts and bequests council, announced in the February issue of the *Alumnus*, is now the University of Wisconsin Foundation. Like its predecessor, this new Foundation has this primary function: to encourage gifts and bequests for the University of Wisconsin. Its program of activities will dovetail closely with the university's centennial activities.

This gifts and bequests program is a logical feature of the university's centennial. It offers alumni and friends of the university an opportunity to commemorate this important event with suitable bequests and memorials. One hundred years of outstanding service to the state and nation deserves such recognition.

Sizable bequests will also help the university to start its second century of service with the equipment and facilities necessary to take care of post-war educational needs. Each year new demands are made on our university. Each year the state calls upon the university for new and expanded services. All such activities cost money and bequests are needed to help in carrying on these specialized, technical services.

Funds provided in these gifts and bequests will be used by the university in a wide variety of projects: important research projects dealing with biochemistry, housing problems, infantile paralysis, proteins in the blood, food problems and others of vital significance; special equipment, such as the equipment used in treating infantile paralysis; scholarship and loan funds.

There are literally hundreds of such projects waiting for funds necessary to complete them.

Funds made available through the efforts of the Foundation will not supplant the regular appropriations made by the legislature. Instead, these gifts and bequests will supplement the funds provided by the state so that the special projects thus financed will increase the scope and value of the university's services to the people of Wisconsin.

The change from the original gifts and bequests council to the more elaborate organization, the University of Wisconsin Foundation, is a logical development. This project deserves the best organization available for carrying on this work and the Foundation is a better agency for this job than the council. It provides better machinery for doing this work effectively. It offers alumni and friends of the university an adequate agency to cooperate for the best interests of the university.

The activities of this Foundation will be managed by a board of twenty-two directors, constituted as follows:

1. President of the University of Wisconsin.
2. President of the Alumni Association of the University of Wisconsin.
3. Secretary of the Alumni Association of the University of Wisconsin.
4. One member of the Board of Regents of the University of Wisconsin to be selected annually by said Board of Regents.
5. Eighteen directors elected by the members of the corporation for six year terms, except for the first group of directors whose terms of office shall be as follows: one-sixth for a period of one year; one-sixth for a period of two years; one-sixth for a period of three years; one-sixth for a period of four years; one-sixth for a period of five years; one-sixth for a period of six years.

The following members constitute the Foundation's first board of directors:

E. B. Fred, president, University of Wisconsin
Walter J. Hodgkins, president, Board of Regents
Philip H. Falk, president, Wisconsin Alumni Association
John Berge, executive secretary, Wisconsin Alumni Association

Directors for one-year term:

George I. Haight, Chicago
M. J. Cleary, Milwaukee
Howard I. Potter, Chicago

Directors for three-year term:

William S. Kies, New York
William J. Hagenah, Chicago
Howard T. Greene, Genesee Depot

Directors for five-year term:

C. F. Van Pelt, Fond du Lac
Oscar Rennebohm, Madison
Ray M. Stroud, Madison

Directors for two-year term:

Harry A. Bullis, Minneapolis
Thomas E. Brittingham, Wilmington, Del.
George B. Luhman, Milwaukee

Directors for four-year term:

F. J. Sensenbrenner, Neenah
Robert Uihlein, Milwaukee
Herman L. Ekern, Madison

Directors for six-year term:

A. J. Horlick, Racine
Reuben N. Trane, La Crosse
Glen Rork, Eau Claire

Officers elected at the first meeting of the Foundation are as follows:

Chairman of the Board—George I. Haight, Chicago
President—Howard I. Potter, Chicago
Vice-President and Treasurer—George B. Luhman, Milwaukee
Secretary—F. O. Holt, Madison
Vice-President—William S. Kies, New York
Vice-President—Harry A. Bullis, Minneapolis

The Executive Committee of the Foundation is made up as follows:

George I. Haight, Chicago
Howard I. Potter, Chicago
George B. Luhman, Milwaukee
F. J. Sensenbrenner, Neenah
Howard T. Greene, Genesee Depot
C. F. Van Pelt, Fond du Lac
A. J. Horlick, Racine
Herman L. Ekern, Madison

Articles of incorporation filed with the secretary of the state provide that the Foundation may have up to one hundred members. Most of the present members are Wisconsin alumni, but a person need not be a graduate or a former student of the University of Wisconsin to be eligible for membership. The first requisite for membership is a sincere desire to work for the best interests of the University of Wisconsin.—JOHN BERGE.

WISCONSIN ALUMNI ASSOCIATION

Memorial Union, Madison, Wisconsin

Founded in 1861 "to promote by organized effort the best interests of the University of Wisconsin"

OFFICERS

PHILIP H. FALK, '21, *President*
FRANK O. HOLT, '07, *1st Vice President*
WILLIAM D. HOARD, '21, *2nd Vice President*
GUY SUNDT, '22, *Treasurer*
MRS. MARSHALL B. WOOD, '28, *Secretary*
JOHN BERGE, '22, *Executive Secretary*
POLLY COLES HAIGHT, '39, *Alumnus Editor*

IN LINE OF DUTY

They Gave Their Lives So That Freedom in This Country and Abroad Might Not Perish

Capt. James P. JOLIVETTE, '37, husband of the former Eloise LAUSON, 38, and son of Mr. and Mrs. Bert A. Jolivet, 425 N. 8th st., La Crosse, was killed in action on Luzon Feb. 2. He was a former instructor in plant pathology at the university. He entered service in March, 1942. Capt. Jolivet had been awarded the Silver Star for action in New Guinea in June, 1944. His wife and two sons live at 330 Norris Court, Madison.

★

1st Lt. Ernest D. WENBERG, '38, son of Rev. and Mrs. J. H. Wenberg, Oneida, died in action Dec. 23 while a prisoner of war of the German government. He had previously been reported missing since Dec. 21. He was a doctor in the medical corps. His wife lives at 68-A Rutledge ave., Charleston, S. C.

★

1st Lt. Samuel D. GILLET, '38, son of A. E. Gillett, 2321 N. 4th st., Sheboygan, has been killed in action in France on February 5.

★

1st Lt. Harold H. DETTMANN, '40, son of P. R. Dettman, R. R. 1, Neshkora, Wis., has been reported killed in action on Leyte, Oct. 25, 1944. He was with a corps of army engineers and had previously been reported missing in action.

★

Lt. Charles Gerhard "Gerry" BONG, '41, son of Mrs. C. K. Bong, San Francisco, but formerly of Green Bay, was killed in action with the infantry in Luxembourg on Feb. 9. He had been president of the senior class in 1941.

★

T/Sgt. Thomas H. FLANIGON, '42, son of Mrs. Neil Lien, 114 N. Bassett st., Madison, died of wounds Feb. 13. He had been wounded, presumably, in Luxembourg, Feb. 10. He served with the medical corps of the First army mechanized squadron and had been awarded the Silver Star for gallantry in action, last November. His wife, the former Marilou Flazes, lives in Hillsboro, Indiana.

★

Lt. (jg) Robert C. GAVIN, '43, son of Dr. and Mrs. Stephen E. Gavin, 315 E. Division st., Fond du Lac, was killed in a typhoon off the Philippines, it was reported by the Navy department Feb. 25. He had been a medical officer aboard the USS Monaghan.

Pfc. Charles L. HOSKINS, '47, son of Mr. and Mrs. Mark Hoskins, Lancaster, was killed in action in Luxembourg Jan. 22. He is a brother of Lt. Mark HOSKINS, '43, a German prisoner of war.

★

Pvt. Harry F. GOODLOE, '41, son of Mrs. Iva Goodloe, 4938 Victor, Dallas, Texas, was killed in action December 11, 1944 in Germany. His wife was the former Mary Alice Plumb.

★

Capt. Leo G. OBERNDORF, '33, husband of the former Jane MONASCH, '35, 4508 Aldrich S., Minneapolis, was killed in action December 28, 1944 in France.

★

Sgt. Willard E. THORSON, 41, son of Mr. and Mrs. Alfred Thorson, Wittenberg and husband of Carol Voelz Thorson, formerly of Milwaukee, was killed in action in Alsace, France, January 5. He had enlisted in July, 1942 and trained at Randolph Field, Camp Wolters and at Ft. Geo. Meade. He was sent overseas in July, 1944, was wounded and received the Purple Heart.

★

T/Sgt. Robert A. BELTZ, '44, son of Mr. and Mrs. Arthur Beltz, 710 N. First ave., Wausau, was killed in action in the European area on February 17. He had entered service Feb. 9, 1943, and had completed 35 missions over enemy-held territory as radio operator on a Flying Fortress.

★

Lt. Arthur R. SCHROEDER, '46, son of Mr. and Mrs. Rudolph Schroeder, 705 Prospect ave., Portage, was killed when his plane crashed into the Mediterranean while returning from a mission over Marseilles. He was a bombardier-navigator aboard a B-24 Liberator.

★

Henry SILVER, '34, "lost his life in the service of our country on Feb. 3, 1942", according to a letter received from his father, Mr. Morris Silver, 1624 W. 8th st., Brooklyn, N. Y.

★

Pfc. Douglas F. BRADY, '46, son of Mr. and Mrs. Frank Brady, 519 Madison, Lake Geneva, who is listed as missing since Christmas Day, has been reported killed on that day. He entered service in March, 1943 and took his infantry training at Salt Lake City, Lincoln, Nebr. and Camp Rucker, Ala.

Capt. Walter J. SAWITZKY, '40, son of Mr. and Mrs. Nicholas Sawitzky, 2551 N. 52nd st., Milwaukee, and husband of Jean, Chicago, was killed in action over the English channel, June 29. He had previously been listed as missing, having been in France with anti-aircraft artillery. He entered service in March, 1941.

★

1st Lt. James H. HARE, '41, brother of Mrs. R. D. Bettman, Jr., 299 Jackson street, Hempstead, N. Y., died in July, 1943 in a Japanese prison camp in the Philippine Islands.

★

2nd Lt. Robert J. PENTLER, '35, husband of Betty and son of Mr. and Mrs. Emil Pentler, 2006 E. Hartford ave., Milwaukee, was killed in infantry action in Germany February 7.

★

Sgt. William A. MOORE, '45, husband of Mary Jane and son of Mr. and Mrs. Fred H. Moore, 1515 S. 77th st., West Allis, was killed in action over Germany on June 20. He was a top turret gunner on a B-24 Liberator and had previously been listed as missing on that date.

★

2nd Lt. Armand L. HANKIN, '44, son of Mr. and Mrs. Sam Hankin, 4430 N. Woodruff ave., Milwaukee, was killed in action over Germany. He was a bombardier-navigator on a Liberator bomber and had been listed as missing since June 20, 1944.

★

Lt. Richard L. RIST, '45, son of Mr. and Mrs. Lewis B. Rist, 241 Lake st., Eau Claire, was killed in action Aug. 4, 1944. He had been married to Jeane Bardwell of Lubbock, Texas on Feb. 20, 1944.

★

S/Sgt. Kermit G. GUNDERSON, '42, son of Mr. and Mrs. George Gunderson, 530 Second ave., Antigo, who has been missing in action since Dec. 24, 1944, has been reported killed in action on that date. He entered service in March, 1942 and saw action in the Brittany and Normandy campaigns, in Paris, Luxembourg and Belgium.

★

Cpl. Henry R. WOODIE, '43, son of Mr. and Mrs. John Woodie, Park Falls, has been killed in action at Manila. He entered service in June, 1942 and saw action in New Guinea and the Philippines.

MISSING IN ACTION

Lt. Keith F. ACE, '45, son of Mr. and Mrs. B. W. Ace, 325 Russell st., Madison, has been missing in action since Feb. 13. He was a navigator on a B-24 in Italy.

S/Sgt. Theodore G. ALBEE, '41, former teacher at the Beaser school in Ashland, is missing in action since Dec. 21. He was serving with the ninth army in Belgium. He had also served with the American Red Cross field service before he entered the army.

2nd Lt. John R. CUNNINGHAM, '46, son of Robert J. Cunningham, 304 Jackson Block, Janesville, has been listed as missing in action over Mindanao on November 19, 1944. He was serving with the Jolly Rogers stationed in New Guinea.

Lt. Allyn A. SUHR, '42, Fountain City, has been listed as missing in action.

Lt. John C. BREESE, '46, son of Mr. and Mrs. C. S. Breese, 110 S. East ave., Waukesha, has been listed as missing in the India-Burma theater since March 1. Lt. Breese entered service in February, 1943 and trained at Fresno, Calif., Tempe, Ariz., Ft. Sumner, N. Mex. and Merced, Calif. He was a flying instructor at Merced from May until Aug. 1944, when he volunteered for the air transport command and was sent to India.

Lt. G. Burton BLOCH, '45, son of Mr. and Mrs. William F. Bloch, 417 Ninth st., Neenah, has been missing over Austria since Feb. 21. He had been overseas since Jan. 4 and served as a member of the crew on a B-17. While at the university he was a member of ROTC before enlisting in the air corps.

PRISONER OF WAR

Lt. Arvid ANDERSON, '43, brother of Norman Anderson, 6416 Jefferson ave., Hammond, Ind., is a prisoner of war in Germany. His wife is the former Avis LAR-RATT, '44, of Hartland.

Corp. Paul H. DALTON, 46, son of Mr. and Mrs. Earl Dalton, 615 N. Henry st., Madison, who has been listed as missing in action since Dec. 16, is being held a prisoner of war by the Germans. He entered service March 19, 1943 and was sent overseas Oct. 19, 1944. He was chaplain's assistant with the 422nd infantry regiment.

Sgt. Russell D. RANDALL, '44, son of Mr. and Mrs. Earl Randall, Oakley, Wis., who has been reported missing in action in France since Nov. 8, is a German prisoner. His wife recently received word which was written Nov. 24.

Lt. Edward J. WEISS, '40, son of Mr. and Mrs. John Weiss, Two Rivers, and husband of the former Shirley Kolar of Kenosha, is a prisoner of war of the Germany government. He had previously been listed as missing in action in Belgium.

Lt. Harvey C. KUBISTA, '40, son of Richard Kubista, Middleton, reported missing in action in Germany since Dec. 2, is a prisoner of war in Germany.

Pfc. Robert B. REPERT, '46, son of Mr. and Mrs. B. B. Reppert, 1721 Regent st., Madison, who has been listed as missing in action since Dec. 16, is a prisoner of war in Germany.

NO LONGER MISSING

Lt. Clifford J. HICKS, '44, son of Harold H. Hicks, 6418 W. Washington blvd., Wau-watosa, has been released from a German prison camp by the Russians. He was listed as missing in action in December.

1st Lt. Ernest D. FAHLBERG, '43, son of Mr. and Mrs. Ernest D. Fahlberg, 1705 Jefferson st., Madison, is awaiting transportation home, having walked 300 miles to safety. He had been listed as missing in action since Jan. 12 after he had completed his 120th mission as a Thunderbolt P-47 fighter pilot. His commanding officer wrote Lt. Fahlberg's wife, the former Lucille McCall, that the Lt. had hurt his knee and so had been handicapped on his hike to freedom.

FIGHTING BADGERS

1917

Lt. Col. Arthur W. HOWSON was recently photographed in front of spreading palm trees on the Hawaiian Islands.

1918

Col. Lloyd GARNER, member of the French ambulance corps in the first World War, has just returned from Italy where he was awarded the Legion of Merit for meritorious conduct in the performance of outstanding work as ordnance officer of the Peninsula base section.

1919

Recently saw a picture of Col. Philip F. LA FOLLETTE and his law partner, Maj. Gordon SINYKIN, '31, standing at the entrance of Gen. McArthur's headquarters in Luzon.

1922

Present address of Capt. Robert W. BENTZEN of the Signal Corps is 4329 Wooddale ave., Minneapolis, Minn. Lt. Casey V. LOOMIS of the navy air corps, holder of the Navy Cross and the Croix de Guerre, arrived home after 17 months in England and Newfoundland.

Lt. Comdr. Lionel Tschudy, '23, commands a SeaBee bn. in the Hawaiian Islands. Having served both there and in the S. Pacific, Tschudy sings high praises for the Seabees.

1923

Lieut. James L. BRADER of the navy, former football star, attached to the office of naval officer procurement, has been recruiting in Madison. Lt. Col. William A. HARTMAN is a patient at the Pasadena Regional hospital because of an eye infection. Maj. Lawrence P. WARNER spent four years in the army in the states before going to Iran about a year ago. His daughter, Jeanne, is a freshman on the campus.

1924

Received an address change from M/Sgt. Ben G. LAINE in the Marianas. He's with an Air Service Group, APO, San Francisco. Capt. Herbert J. SCHMIEGE, former Madison alderman, is very much in demand these days at the Camp Swift, Texas post to explain the benefits provided under the GI bill of rights.

1925

Congratulations are in order for Lt. Col. Kendall A. ELSOM of the army medical dept. on his promotion and on his work of caring for men in an Army hospital in the jungles along the Ledo Road in the India Burma theater. Lt. Col. John T. MORRI-

SON is a member of the European Civil Affairs division in France whose duty is to relieve the combat troops of problems arising from civilian populations. Another new move for Lt. Col. Melvin C. DONKLE puts him at APO 70, San Francisco.

1926

Lieut. Norris G. MURPHY managed to spend a brief leave at home over the Christmas holidays after 15 months service in the South Pacific. Lt. Rudolph J. SCHLUETER has been assigned an APO, New York with SHAEF headquarters. Capt. Agnor T. SMEDAL, M. C., was home for a brief visit and expects to be transferred shortly.

1927

Big business man for the Army, is Col. Max A. BRACKETT commander of the Savanna Ordnance depot who operated a \$1,000,000 salvage business during the month of January. Lt. Col. Charles S. WHITE is at present assigned as Chief of Staff in the office of Domestic Transportation Division, Air Transport Command in New York city.

1928

Lieut. J. A. SIFPLE is at APO 500, San Francisco. Col. Stewart YEO sends from the Philippines a thoughtful note, "Another change this country will have to make if we are going to keep adequate defense, is to consider the army with favor and make it attractive to our men who are going to have to be in it."

1929

Former center of the university football team, T/5 Scofield H. CARPENTER has returned home after 27 months in Alaska as company mail orderly with an engineer corps. 1st Lt. Clarence C. CASE of the air corps will shortly receive assignment in Miami. Capt. Asher E. TREAT, instructor at the San Antonio altitude training aviation cadet center has just completed a 12 day survey of altitude training units in the midwest. Here's a line from Sgt. Fred B. DALE's letter, "Just returned to God's Country after spending 18 months in the Aleutian Islands. It was a shame to take such hideous places from the Japs." Leonard C. POMAINVILLE is now connected with the V-12 unit at Lawrence College, Appleton, Wis. Lt. (jg) Ingolf E. RASMUS, on duty at the Naval Air Station at Quonset Point, R. I., has announced that he will be a candidate for county judge from Chippewa Falls, Wis.

1930

Capt. Howard L. HAUGE, veteran of service at Guadalcanal, New Caledonia, the Fiji Islands, and Bougainville with the Americal division, is now a staff and faculty member of the field artillery school at Ft. Sill, Okla. Lt. Wilma E. PEIRCE, one of our WACs who has gone places, is now on duty in a large message center in Italy. Carl R. ZOERB, an agricultural county agent, has really carried his knowledge to the front from which he writes, "I am very much in doubt if we will ever export many dairy cattle to Europe. While naturally the number of live stock has decreased in the war-torn countries, yet the total loss has not been as marked as we've been led to believe." Maj. James F. KAHLBERG is now at Patterson Field, Ohio.

DECORATIONS

Distinguished Service Cross

1st Lt. Robert G. LEWIS, '42

Legion of Merit:

Lt. Col. Karl F. OCKERSHAUSER, '36

Silver Star:

Capt. Lawrence T. BURDICK, '32
Thomas H. FLANIGAN, '42, (deceased)
Enos Lloyd JONES, '43, (deceased)
1st Lt. Darrell P. McCRORY, '43
Capt. Gene ZIEGWEID, '43

Distinguished Flying Cross:

2nd Lt. John F. KOVANDA, '37
1st Lt. Burton J. ANDERSON, '39
Lt. George R. DeVOE, '40
Capt. Earl M. DeWITT, '43
Lt. David C. JELINEK, '44
2nd Lt. Richard L. SLEIGHT, '44

Bronze Star:

Maj. Edward S. DODGE, '24
Capt. Harrison R. LANGLEY, '35
Lt. (jg) R. L. KULZICK, '38
Lt. (jg) Robert L. HOWARD, '40
Lt. Eugene F. STUESSY, '41
1st Lt. John C. DeMASTER, '42
Capt. Neal A. HESS, '43
Corp. Robert F. FAUERBACH, '45

1931

Maj. Edgar M. ALSTAD has arrived in France where he is inspector general of the 42nd infantry (Rainbow division). Nother Maj., Everel W. BROTT of the medical corps, notified us he's at APO 200, New York. And Lieut. Armand F. CIRILLI informed us of his new Navy No. out of New York. An air medal went to Maj. Francis C. DORING, commanding officer of a veteran Liberator bombardment squadron which has flown more than 175 bombing missions against strategic enemy industrial and communications centers in every Axis-dominated country throughout central and southern Europe. Veteran of half a dozen campaigns, Lt. Col. William A. KUELTHAU, communications officer at the U. S. troop carrier headquarters in Britain, stopped in to see us while in Madison on leave. Capt. Frank J. McKEE is stationed at Camp Gordon Johnston, Fla. Lt. (jg) Robert J. MEYER now is an executive officer aboard an LSM in the Southwest Pacific area. S/Sgt. John W. PARKER, recently graduated from the information and education course at Lexington, Va., will work for the Chinese training and combat command. Capt. Bernard R. PORTER, stationed in the European theater of operations, handles the administrative details attendant to the disposition of claims against the American government. Very best of luck to Lt. Ammund J. SCHOEN "Berlin Bound" with the Victory Division. Lt. August G. HUNDT is back with his outfit now at APO 84, New York.

The WISCONSIN ALUMNUS is published monthly, October through July, by the Wisconsin Alumni association and is entered as second class matter at the post office at Madison, Wis., under the act of March 3, 1879. Subscription to the ALUMNUS (included in the membership dues of the Wisconsin Alumni association) is \$2. a year; subscription to non-members is \$4. per year.

1932

George A. KRONCKE, Madison attorney, just joined Uncle Sam's men in uniform. Lieut. Robert J. LEAHY, USNR, has been admitted to practice in the supreme court at Washington. He's with a chemical patent division of the OSRD. Capt. Jack J. LEVIN, now safe and sound, was one of six medical officers with the American troops encircled by the Germans in Bastogne, Belgium. Lt. Col. Glenn O. LINDERMAN serves as executive officer of a veteran air force service group overseas and devotes much extra time to the functions of military courts and boards. Heard that Lt. (jg) Edward C. MARCH is sailing the high seas. His FPO is out of Frisco. And with the submarine service out of New York is Lt. (jg) Philip H. MARTIN. Lt. Col. Charles N. NOVOTNY is commander of the First ordnance training group at the Mississippi Ordnance plant, Flora, Miss. Thanks to Sgt. Jean F. ROSE for his hearty approval of the Wisconsin Song book. Capt. John M. STARON is now serving as a platoon commander in a medical company with an infantry division in the Philippines. Cpl. Lawrence F. STEIN writes of witnessing a victory parade put on by the liberated civilians in the Philippines. From Italy Maj. H. Douglas WEAVER tells of seeing the Pope officiate publicly at the first Christmas Eve midnight mass in the history of the Vatican, and of a trip to Pisa where he climbed the Leaning Tower and felt as if he had a cognac "hang-over". Lt. Comdr. George A. WEISS out at sea in the active area went to Honolulu Alumni Club's get together "where Mickey McGuire put on his 'Cock-eyed Mayor' act." Lt. Comdr. Harold A. SMEDAL is serving at the Pensacola dispensary.

1933

WAC Pvt. Vera J. BRANDT is attached to the Ft. Knox, Ky. postoffice as a clerk. Another alum sailing the seas is Lt. Comdr. James G. BULGRIN, FPO San Francisco. Capt. Walter N. CRANE, a member of the Fireball Express winged supply line, speeds vital cargo planes with war material, mail, medicine, and men from Miami to the China-Burma-India theater. Lt. Col. Frederick G. HIDDE, holder of the Asiatic Pacific campaign ribbon with three battle stars, is back in the States after serving 34 months as an executive officer in the Southwest Pacific theater of operations. Serving as an aide to Rear Admiral Furlong at Pearl Harbor is Lt. Comdr. Raymond H. TANEK. Giving good stiff blows to the Japs in the Southwest Pacific, is Lt. (jg) Andrew C. SHANE in command of an armed guard unit. Another (jg) is Lt. Harold J. SCHANTZ assigned work in Washington, D. C. Lt. John F. POSER is stationed at the Mayo General hospital, Galesburg, Ill.

1934

2nd Lt. Eutelle W. BERG has been assigned to the 9th Service Command Service Group. Capt. Robert A. HALVERSON has a San Francisco APO and is with ordnance. A future movie idol might turn out to be Lt. Kenneth JOHNSON who appeared in the army air corps picture, "Winged Victory". Now in India Lt. Johnson appeared in the graduation scene which was the authentic graduation of his class from Stockton Field, Calif.

Iwo Surgeon

Two years ago he was delivering babies in Milwaukee. Six weeks ago he was on board a ship near Iwo administering surgery to wounded marines as promptly as possible. Now he is back in Milwaukee where he's attached to the navy's recruiting office.

This navy doctor is Lt. Comdr. Robert E. McDONALD, '22, one of the many Badgers who participated in the worst Pacific landing yet.

"I just couldn't fathom how men could go plunging into battle the way those marines go," he said. "They quiver with fear, they get the jitters waiting for the word to go, but once they get the order, the jitters leave them and anger surges up in them and they never stop until something stops them."

Dr. McDonald's ship remained near Iwo for nine days. Then with a load of casualties, it pulled away, taking the men to an island hospital.

Before being assigned to the carrier that took him to Iwo, McDonald served at the Mare Island naval hospital where he assisted in special operations to prepare men for the use of artificial arms.

States engineer's office. ■ Cpl. Marvin H. MILLER wasn't built to be a sailor, we conclude from the letter he wrote us recently while on board ship heading for a new "home."

1936

Cpl. Frank S. CUSTER writes from Belgium that he was in the chow line one day talking with a friend about Chicago when the man in back of him interrupted and said he was from Madison. ■ Only news we've got is that DeWitt C. BEEBE is a Lt. Comdr. in the naval reserve. ■ M/Sgt. Eugene F. ELY describes the Philippines "This spot here is nothing to rave about. The Jap occupation and subsequent shelling have made the city much of a wreck." ■ Lt. Joseph E. FISHELSON is now firmly situated in Northern Europe far from his former Italian haunts. ■ Maj. Ronald E. HOBBS is now stationed with the war department in Washington after 18 months in the European-African theater in South America. ■ Pvt. Joseph K. KIPP is at Sheppard Field, Tex. ■ Maj. John J. LEHIGH played Santa Claus for the Red Arrow division on Leyte by supplying canned turkey and applesauce to those going into combat and distributing mail to those in the rear area from a Piper Cub. ■ Lt. (jg) Paul W. POLK has an assignment with the Navy Department in the office of naval material inspection in Dayton, Ohio. ■ Capt. Eldon E. SMITH of the medical corps is practicing at Nichols General hospital in Louisville, Ky. ■ Marine 1st Lt. Stuart W. TORRANCE has reported to Cherry Point, N. C. after serving 14 months in the Marshall islands as an operation officer with a Fourth Marine air wing squadron. ■ Capt. Stoughton WHITE went "back to school" only to be bombed out again as the Germans shelled the schoolhouse he and his medical corps unit were using for temporary headquarters. ■ We hear that Maj. Allen T. WILLSON is now at APO 518 after spending a lengthy stay in Iceland.

1937

Maj. Clyde E. BAY, now at the Redistribution Center in Miami, acted as "side-line coach" in tactics for two years in preparing a Chinese regiment in India for later combat in Burma. ■ Capt. Robert S. BOARDMAN is now on duty in Paris with the army claims service. ■ Lt. Col. Howard M. BUENZLI has sent us his address change, Route 2, Trinity Chapel Road, Asheville, N. C. ■ Lt. John J. DE MAR also had an APO, New York change to 396. ■ 1/Sgt. Kendall C. DIGMAN is at Gardner General hospital in Chicago after Southwest Pacific duty in the Buna-Gona and Papuan campaigns. ■ WAC Lt. Marquerite E. GROH is a graduate of the personal affairs course of the army school for personnel services at Lexington, Va. ■ Lt. (jg) Allen D. GUENTZEL is back in the states once again from the Pacific and stationed at Great Lakes naval training station. ■ Maj. Roland W. HAMELIN is now on duty with Hq. of the U. S. Army Forces in the Middle East at Cairo. ■ At his APO 396., New York base Lt. Karl K. HILGENDORF writes of meeting two ex-boxing and football stars from Wisconsin, but he doesn't say who they are. ■ Out on an LST with an APO Frisco is Willard C. JAECKELS, GM 1/c. ■ Lieut. Robert M. KELLIHER is now serving as a signal officer aboard a carrier in the Pacific. ■ Lieut. John NOVICK is one of those very important chaplains in the navy. ■ 1st Lt. Sam A. PASCH

is assigned to an armored artillery division with APO 444, New York. ■ Capt. Roy T. PECK, flight surgeon with the 15th air force in Italy made a long trek up an Italian mountain in the Appenines range in a midnight battle with death searching for fliers injured in the crash of a bomber. ■ Capt. Owen F. GOODMAN is soon to receive a medical discharge for physical disability suffered with the 3rd division artillery in the African, Sicilian, and Italian campaigns. ■ Capt. William W. WHEELER recently won the Meritorious Unit Plaque for the difficult tasks his unit accomplished in Italy on the 5th Army front.

—Official U. S. Navy Photograph.

Lt. Gerhard Becker, '33, was awarded the Bronze Star for his work in communications during landing operations by the amphibious force to which he was attached for 20 months in the Southwest Pacific. He is now a liaison officer with the Atlantic Fleet.

1938

1st Lt. Walter M. BJORK, former deputy D. A. for Dane county, Wis. has arrived in France. ■ Radioman 3/c Arthur W. BABLER is serving aboard a coast guard cutter in the central Pacific. ■ Maj. Pat W. DAWSON has become one of the leading educators in the Reinforcement Command in the ETO and will have an important part in the Post-Hostilities Education Program. ■ Pfc. Sidney O. FOGELBERG receives his mail these days from a San Francisco APO. ■ Capt. Gordon GOLDBERG is living the life of Cinderella in reverse. He's now extracting teeth in a railroad box car somewhere in Holland instead of in a chromed and polished room. ■ The first Camp McCoy trained soldier to return to McCoy for duty after service overseas is T/3 Emmanuel H. KAPITANOFF who served with a medical unit in North Africa and Italy for 15 months. ■ Lt. Robert B. HOLTMAN is a member of a specialized unit which participated in the invasions of North Africa and southern France and is now with the Mediterranean theater. ■ A special commendation from Gen. MacArthur for the work his squadron did in knocking down 22 Jap planes on Leyte went to Lt. Col. Peter D. LAMBRECHT. ■ It's a new APO, New York for Lt. William M. PALMER who is at No. 407. ■ Maj. Sverre ROANG lists APO 923, San Francisco for his mail address. ■ Lt. (jg) Fausto RUBINI is at New Orleans awaiting assignment as commander of a navy gun crew on a supply ship. ■ Capt. Frank C. SCHACHT is shoving right along under the flying colors of the 32nd division. ■ T/Sgt. Arvin H. QUAM is stationed in Milwaukee with the United

1st Lt. Gordon F. ANDERSON is stationed in the Separation Center at Fort Meade. Gordon mentioned in his letter that T/4 John MARIOTT is now with an Ordnance Group in Naples, Italy. ■ Capt. Carlton BRECHLER tells how the B-24s of the 8th air force are hauling cargo to France, landing on bomb-crater demolished Nazi airdromes which these same planes had bombed only a few weeks before. ■ Sgt. Theodore N. DIESTELHORST is awaiting reassignment at Miami after serving 30 months in the Southwest Pacific theater of operations as a laboratory technician. ■ 1st Lt. Richard ENGELS is in the 'Chutes instructing in jump training in the Parachute School with an Airborne division' which served in Normandy, Holland, Bastogne, and now is at a new secret location on the front. ■ On the return of one of his 8th air force missions, Col. Brunow W. FEILING said, "We began our bombing run on instruments because of heavy undercast. However, just as we approached the target, the clouds opened giving our bombardier a chance to make some lightning changes and drop our missiles visually." ■ F/O Harold

G. GJUTMAN is Alexander Wood. Toronto, Canada. For the time being all letters to S/Sgt. Maurice R. HAAG, formerly of an Air Service Area Command, go to Marshfield, Wis. Maj. Lowell G. HANSEN sent us his new APO. It's 633, New York. Cpl. Allan L. MITCHELL is a member of the AAF Infantry personnel at the Topeka Army Air Field. Pvt. William NEUMAN has "Buster", a German shepherd dog to thank for outwitting a Nazi ambush patrol. Both "Buster" and Pvt. Neuman are members of the first 34th "Red Bull" Infantry Division combat patrol ever to use a war dog as a scout. Mail for Lt. John J. PAFF goes to Elk Mound, Wis. these days. Ens. Norman A. PAULSEN lists Leucadia, Calif. as his present address. Lt. O. Mark SCHNEIDER is down in Louisiana at a Camp Livingston hospital unit. Lt. (jg) Alan H. SKOWLUND serves as third officer on a P. C. as its engineering officer doing convoy and anti-submarine patrol jobs in the Western Carolines.

War Correspondent's Scoop

Several weeks ago one of the biggest stories concerning "inside" news of the Nazis reached the newspapers.

In an exclusive report, Louis LOCHNER, '09, disclosed to AP papers the story of the bombing attempt on Hitler's life which took place on July 20.

Using the reliable German connections which he had built up during the many years when he headed the Associated Press Bureau in Berlin, Lochner was able to reveal to the world facts which had remained unknown for eight months.

Another "scoop" record was thereby added to the many held by one of America's foremost journalists, the man who began his career as the first editor of our WISCONSIN ALUMNUS.

Serving as an Adjutant of a Field Hospital in Italy is Lt. Earl C. SMITH, former labor statistician. Out the Pacific way, Lt. Comdr. Charles F. SPENCER is navigating officer of an attack troop transport. T/Sgt. Charles F. STORY is attached to the hospital down at Fort Sam Houston, Texas. Lack of blank checks in Belgium certainly didn't stump Lt. John P. VARDA who improvised a hand-drawn home-made check to pay for his newspaper subscription back home. Pvt. Vere H. YAHNKE in service in the Philippines has been assigned a new APO, Frisco. John K. YOST just reported for his basic training. Sgt. Paul W. NASS is back from overseas duties with the 94th Division and is now with the QM at Jeffersonville, Ind. Lt. Myron SILVER is in St. Louis with the medical administration corps.

1939

Lt. (jg) Perry J. ARMSTRONG has a Washington, D. C. station. And Pvt. David BOOTZIN is assigned to a chem. depot co. at Camp Sibert, Ala. S/Sgt. Clarence E. BUTENHOFF is at present serving with a medical unit in Italy. The Air medal was awarded Capt.

John C. BUTLER, now in the Southwest Pacific who has seen 26 countries from the air. M/Sgt. Bowden CURTISS, with hqs. of the 24th infantry division in the Philippines, has really seen action in the Pacific circuit, having participated in the invasions of Hollandia, New Guinea, and Leyte. A speedy recuperation wish for Lt. Francis E. DAVIS in a French hospital. T/Sgt. Michael G. EBERLEIN has reported to New Orleans, La. for reassignment after serving two years in the New Hebrides. Lt. Howard J. FERRIS is assigned to an infantry regiment out of APO, New York. Capt. Floyd GUTTORMSEN is another Wisconsin henchman of Gen. MacArthur in the Philippines. Address change for Sgt. Trifton E. HARITOS is now APO 461, New York. Reporting from the New London Sub Base is Robert C. INGOLD, SoM 2/c. Another address change comes from 1st Lt. Norris J. KIVLIN whose APO is 562, New York. Two former athletes came to see the present Wisconsin basketball team perform on its home courts. They were Lieut. Eddie JAN-KOWSKI, naval reserve, stationed at Bremerton, Wash. and Lieut. Ken BELLILE back from navy duty on the Aleutians. Capt. Russell F. LEWIS, Jr., is practicing aviation medicine these days at the Portland army base in Oregon. Capt. Malcolm G. LITTLE has an impressive title. It's Information and Education officer of the 98th Engineer General Service Regiment of the Peninsular Base Hqs. in Italy. T/5 Ivar K. LOHMAN is seeing service with a Signal Co., APO 339, New York. Capt. Frederick M. MARSH is acting as post special officer for the 2nd Army Air Force, hqs., Lincoln Field, Colo. Lt. (jg) Malcolm E. McCONNELL has started service on a newly commissioned ship in the Pacific. Lt. Arthur MEAD, having completed officer's training at New Orleans is with the transportation corps in Boston. Hope Lt. Charles B. MELMS is receiving his publications out at APO 70, San Fran. Lt. Maurice B. PASCH is now commanding a gun crew aboard an oceanic transport. Robert O. REHFELD is now executive officer on one of the World War I "four stackers" with an FPO, Frisco address. 1st Lt. Wilfred C. SACTHJEN is practicing chemical warfare in Dallas, Tex. Capt. William G. SCHMIDT, at present serving in England, has shuffled back and forth from Africa and Italy. SKV1c Rudolph G. SCHNURRER is assigned to the Bunker Hill, Indiana naval air station. And Pfc. Bernhard H. SEEFELDT is attached to the U. S. Naval Hospital at Mare Is., Calif. Another SEEFELDT, Capt. Charles H., is at the Air Forces Proving Ground Command at Eglin Field, Fla. Capt. Miles B. SMITH currently acting with a medical detachment in Belgium writes that good old Wisconsin cheese holds a pretty prominent place in "K" rations. Lieut. August J. SWYKE is doing fleet duty in the Pacific. Lieut. Wilson "Bud" B. THEIDE is now stationed at a hospital in the Hawaiian area as an Educational Services Officer. Lt. Margaret J. WIRKA of the WAC is doing a fine job as company officer in the recruit depot at Camp Lejeune, N. C.

1940

Capt. Malcom ANDRESEN is situated with a Marine air wing, based at an FPO, San Francisco. Former psych instructor, Ens. Raymond C. BICE is assigned to the U. S. Naval Amphibious Training

Base Fort Pierce, Fla. Congratulations are in order on the promotion of Jesse C. DIETZ to Lt. Col. He's now overseas. Lt. (jg) Harold E. DREGNE notified us of his new FPO Frisco address. Maj. Reuben Y. ELLISON, two years overseas, celebrated the first with an icy swim in the Tyrrhenian Sea and the second shivering in Northern France. Here's hoping the third will be in the Union rathskeller. We're joining our wish to that of Maj. Thomas J. FAUST, welcoming the time V-E day comes. Capt. Stephen F. GARRETT is stationed with an engineer aviation battalion in Belgium. 1st Lt. Noland A. GROSHONG is one of the "Keep 'em Flying" personnel commended by Lt. Gen. James H. Doolittle which broke an 8th Air Force record by downing 57½ Luftwaffe interceptors in a single day's combat northwest of Berlin. Cpl. Fred GRUENBERGER from old Patee writes, "My service ribbon has 3 stars on it already: The Battle of Marble Arch, Crossing the Channel in Daylight, and for walking down the Rue de la Paix alone in the dark." After tracking down investigations on everything from larceny to lovers' quarrels for the Criminal Investigation Division of the Tampa Area Military Police, 1st Lt. Dick GUTTERMAN is now on an assignment for the Office of Strategic Services in Washington. Capt. Maurice A. HANNON has address APO 200, New York. Ens. Kenneth K. HEIDEMAN has been assigned a ship where he is bomb disposal officer. Serving on the Fifth Army front in Italy is Capt. Norman R. HOEFT, artillery liaison officer with a field artillery battalion. Lt. Kenneth H. HOESLEY has just graduated from the Medical Administrative Corps at the Camp Barkeley Officer Candidate School, Texas. Lt. Col. Donald ISERMANN who spent 15 months in China, is with the troop bases division of the AAF at Washington, D. C. Congratulations to Frederick F. KESSENICH on his promotion to Captain. At present he's on duty at Camp Bowie, Tex. Lt. Frank M. KNADLE received a new APO No. 502, San Francisco. M/Sgt. Robert W. KRAMER is now beginning his 20th month in the European theater of operations where he is a squadron armament chief on 8th Air Force B-17 Flying Fortresses. Lt. Robert LOVELL has been kept busy on the move from one Pacific Isle to another. Another LOVELL, 1st Lt. William M. rates the Purple Heart with two clusters after being wounded for the third time in Belgium. Lt. Ronald C. MALZAHN now has APO 887, New York, for his address. And here is the latest mailing information on Pfc. John A. MILLER M.I.L.S. Fort Snelling, Minneapolis. Sgt. Milt PADWAY former Big Nine champ took the pole vault with a leap of 13 ft. 6 in. at the Knights of Columbus match in New York's Madison Square Garden. Pvt. William R. REINFRIED has arrived in England and is stationed at the 197th General Hospital. 1st Lt. Joseph M. ROLLINGER has signed up with a Gun Battalion. He is at APO 70, Frisco. 1st Lt. William C. SACTHJEN is attached to the office of dependency benefits in Newark, N. J. A redhot basketball game played at Corpus Christi between two quintets, one from Lowry Field, Colo., coached by William T. SCHMITZ and the home team coached by Justin M. Barry brought about a great reunion for the two coaches, nephew and uncle respectively. A happy reunion in the Marianas brought

Lt. (jg) J. Philip SCHREIBER, disbursing officer on an aircraft carrier, and Chief Specialist Kirk E. SCHREIBER together for the first time in a year and a half. 1st Lt. Edgar E. SELKE recently flew his fiftieth combat mission as a navigator on a 15th Air Force Flying Fortress in the Mediterranean. Not to be outdone by his twin brother 1st Lt. Arthur, James E. WALSH has also been promoted to position of 1st Lt. Active in the north Alsace Lorraine sector he writes "I went to mass in a church, which had no heat, no windows—only holes in the roof." Maj. Howard H. WEILEY, commanding officer of a station complement squadron for a Troop Carrier Base, ETO also has time to play a fast left-guard for the Service Wing's "Hurricanes", all-service football team. Capt. John A. WILKIE is stationed with an army unit in the Aleutian islands. Irwin H. DREGNE is now a full colonel. Congratulations! Pvt. Jay GOLDBERG is now in France. Sprague VONIER is sweating out OCS in the QM right now.

1941

S/Sgt. Lincoln L. ALBERT has gone overseas after attending airplane mechanics' school. Lt. Charles K. ANDERSON has been serving in the Italian theater of war for the past 13 months and is navigator on a B-24. Capt. Mulford C. BAKER is attached to an anti-aircraft battalion in Belgium. Now awaiting reassignment in Miami is 1st Lt. Joseph R. BARNETT, holder of the Air medal, pilot of a B-26 Marauder medium bomber in the ETO. Sgt. Lloyd R. BURR has served for 3½ years with a tank destroyer unit and is now somewhere in Italy. Pvt. Harold K. CHARLES is right back at home plate, stationed at Truax Field, Madison. Pfc. Berton B. CONLEY is down at Fort Sheridan, Ill. And at Wright Field, Ohio, Sgt. Carrel D. CRAMER has reported for duty at the air technical service command. While Lt. Benjamin T. DOUGLAS has an FPO, San Francisco. Nother short address is that for Lt. Richard D. DRESSLHUYTS, Fort Bliss, Tex. S/Sgt. Arthur F. EISENMAN is desk sergeant in charge of the station Provost Marshal's office at a major repair and supply depot at an 8th Air Force Command Station. T/Sgt. Henry J. FAESS is reported to be overseas with an Ordnance battalion in the N.E.I. Received a short V-Mail from Lt. Herbert K. FERGUSON notifying us he had changed ships. Still holds his FPO, Frisco though. Lorin G. GILLETTE, PhoM 1/c, is attending Colgate univ. Sgt. Walter G. GLEASON is signed to a signal detachment at a New York APO. Pvt. Stanley I. GRAND is awaiting assignment in Italy. Mighty proud to learn Sgt. George A. HACKETT has been awarded the red and green four-ragere of the French Croix de Guerre. Sgt. Lawrence E. HALLE is assigned to hqs. of the air transport command at West Palm Beach, Fla. Capt. Robert W. HERTZ is a medical supply officer at a United States Army station hospital in England. One of the graduates from the medical department at Carlisle Barracks, Pa. is 1st Lt. Charles A. HOGBEN. Capt. Robert J. HOULEHEN has completed his second year as public relations officer for the 15th air force service command and has been in England, No. Africa, and Italy. From the Philippines to a Madison beauty salon came this wistful plea, "Would you send about a half dozen cold wave permanents?" Well

Maj. Ida B. HUFF of the army nurse corps is getting them. Sgt. Robert P. HUGHES passed on his APO No. 200, New York to us. Now somewhere in the Marianas, Sgt. Henry W. JONES tells of visiting Honolulu schools on the isle of Oahu. We hear Lt. James R. LECHNER has returned from "Over There" and is working out of Ellington Field, Tex. Also back stateside is Marine Capt. Aldo C. LEOPOLD after two years of action in the South Pacific. Lt. Douglas G. McAUSLAND on leave told of a notable experience on D-Day when he crash landed on a mined beach in England as his plane had run out of gas. Congratulations to Lt. Roland W. McKITRICK who received a battlefield com-

2nd Lt. Lorraine B. Miner, '39, of the WAC is now at Bolling Field, D. C. Her husband, T/5 Harold E. Miner, is also stationed in Washington where he's with the OSS. Lt. Miner was a medical technician.

mission the latter part of January while serving with the Rainbow division of Gen. Patch's 7th army in France. Lt. William L. O'SULLIVAN is an instructor at Virginia Military Institute. Sgt. Carmine J. PAPARA, one of our more faithful correspondents humorously writes, "I have gotten to like my GI clodhoppers, as I fondly refer to them. This statement may lead you to the suspicion that the tropics have got me at last and that I am cracking. But they are good shoes. An average Yank can punt a Jap at least 55 yards with these shoes—with a little luck (and a gale behind to help), one can obtain a high spiral with the Nip landing out somewhere on the five yard line—'coffin' corner". Maj. Arnold E. SCHAEFER is a nutrition officer and assistant in the preventive medicine division of the Surgeon's office, somewhere in France. Cpl. Sterling F. SCHWENN after 19 months with an infantry division in the Asiatic Pacific theater of war is now stationed at Camp Bowie, Tex. Lt. John L. RAHMLow is back home after almost 3 years. As a member of the Rangers, he helped knock out a German coastal gun in the H-hour invasion of France. Capt. Richard M. SCHWARTZ is a navigator flying over the Dutch East Indies. Recovering in an army hospital is 1st Lt. Herman H. SHAPIRO wounded in action on the Philippines. Capt. Norman SHOVERS is as-

signed to ATSC, Wright Field, Ohio at Adj. Gen. office, Mail and Distribution branch. Capt. T. Martin SIEGRIST holds the Purple Heart for wounds received in the St. Lo area. Pvt. Robert A. STOBBE, member of a med. bn., has passed on his newest APO 345, New York. Lt. Mary Jane MENZEL is doing a fine job at Fitzsimons General hospital, Col. with physiotherapist treatments for wounded Yanks. Lieut. Robert GOODMAN, chief engineer on a tanker in the Pacific, is just finishing up a 30 day leave. Lt. (jg) Jean H. LOEFFLER is with the WAVES at Norfolk. Received a membership check from Lieut. Benjamin T. DOUGLAS, FPO, Frisco. Hear that Charles M. ENGLISH is now a 2nd Lt.

1942

Lt. (jg) Wallace P. BARLOW of the NATS received the appointment of copilot of the personal plane for Sec. of the Navy Forrestal. Lt. Boonrod BINSON just can't seem to be traced down, but all his correspondents try the Free Thai Legation in Washington, D. C. On good old U. S. soil again is Lt. Robert C. BRIDE stationed at Rosecrans Field, Mo. Pvt. Arthur K. BROOKS is somewhere along the cocoanut circuit. Nother Wisconsin trouper in the China-Burma-India theater is Lt. Stephen W. CONNERS of the air corps. T/4 Edward J. CAMPAN is attached to a medical unit making a malarial survey at Dakar. S 2/c Paul CLOYD is one of the Great Lakes basketball stars who formerly played with the Twentieth Century-Fox quintet that toured the Orient. He'd like to meet up with some of the Jap officers who after inspecting the team scoffed because they had not had formal military training. 1st Lt. Veronica J. COLUCCY of the nurses corps is now stationed at the AAF radio school hospital in Sioux Falls, S. D. 1st Lt. Joseph J. DICKERT is assigned to the Inspection Office at Pine Bluff Arsenal, Ark. Capt. Franz K. DYKSTRA of the Marine Corps is stationed at a Calif. base. Pfc. Leonard ELKIND is hearing mail call right here in Madison on Park St. Temporarily located until his ship is ready, Lt. (jg) Orville E. FISHER is on Terminal Island, San Pedro, Calif. Lt. Donald H. FRIEDMAN is expecting a new assignment at Miami where he has reported after 35 missions over Europe as a B-17 bombardier winning the Air Medal with five oak leaf clusters. Ens. Donald E. FRIEDRICH has been in the thick of the fighting in the southwest Pacific theatre ever since the assault and invasion of the Philippines began, and he is now aboard an LSM. Lt. David W. HADDOW is attached to the conv. hosp. at Daytona Beach, Fla. S/Sgt. Clarence J. HAUSER is quartered in England but makes frequent trips to Naziland in a bomber full of lethal loads. Ens. Blaine E. HENDRICKSON has a Jacksonville, Fla. post. Robert T. HERDEGEN who has his wings and has had B-17 training is now attending air force engineering school at Wright Field, Ohio. Chief Boatswain's Mate Vermont N. JOHNSON has the unique distinction of serving on a cutter he watched being built, and that very same cutter has won the nickname "Mighty Midget of the South Pacific" having already crossed the equator 49 times. 1st Lt. Arthur J. KAEMS is stationed at Selman Field, Monroe, La. Lt. Kenneth E. RINDT, overseas with a quartermaster laundry co., has a staunch

supporter back here, Lt. Robert A. KARBE who wants to capitalize on his laundry experience and start up a profit paying establishment after the war. Capt. Richard C. KIENITZ earned the Air Medal as a navigator with a 12th Air Force B-25 Mitchell bombardment group operating from the island of Corsica against the enemy in northern Italy. Presenting the three KINYONS: Sgt. Edgar J. now in his 38th month of overseas artillery duty, Sgt. Elizabeth F., '43, of the Marine corps hqs. in Arlington, Va., and MM 1/c Richard B., '44, on a submarine in the South Pacific. Sgt. Vincent V. KNAUF is now in France and expects to see Paris in the spring. 1st Lt. Robert G. LEWIS just received a battlefield promotion based on merit in combat. Lt. Robert M. LIND is a recent Ft. Benning, Ga. OCS graduate. One of the first two WACs to arrive in China, Capt. Elizabeth M. LUTZE has been sent home to investigate the possibility of bringing out a staff of WACs to serve in office capacities in the China theater. Lt. (jg) Wallace O. LYSTAD on some "paradise island" got together with Warren "Doc" SCHRAGE, Johnny TENNANT, and Ralph MOELLER, all with a PT outfit that's really fighting this war for an old time fraternity party. Lt. (jg) Robert J. MADDEN is assigned to a communications center at a Frisco, FPO. Sgt. Miles D. MARKUSCH now in England will soon be home. 1st Lt. Keith S. McCALLUM is with a strategic bomb survey unit listing an APO, New York. Flight Officer Robert R. MEUER graduated from the Midland, Tex. army air field as a bombardier-navigator. On ship duty is Lt. (jg) George F. MILLER. Pfc. Paul R. MILLER is in the ASTP medical school program at Boston Univ. T/4 Irving J. MARK has received a new assignment with a tank battalion overseas, APO, New York. Lt. Michael E. OLBRICH has arrived home from New Guinea after 3 years duty in the South Pacific. Can't quite make it to Berlin to celebrate with Pvt. Marvin L. RAND, but we're rooting for you from over here. Lt. (jg) Gene RANKIN is going right ahead with his boxing skill by coaching the naval air tech. training school boxing squad in Chicago. Hello and good luck to you, 1st Lt. Bruce R. RASMUSSEN, now in the Marianas. T/Sgt. Clarence D. REESE is attached to a Fighter Group at APO 141, New York. F 1/c Clifford REUSCHLEIN was graduated from basic engineering school at Great Lakes. Lt. Philip L. RICE has been assigned to a troop carrier unit in New Guinea. From somewhere in Belgium Sgt. Gale ROBERTSHAW writes that after reading our publications he places them in the Company Day Room where they pass through a heavy circulation. WAC Pvt. Margaret ROSE has given her station in New Guinea an added lift by publishing a newsy four-page WAC-APO paper. Capt. John C. SAFRANSKI has just returned from duty as a post chemical officer in the Southwest Pacific. Lt. (jg) Sterling W. SCHALLERT is back home from the Philippines. When there he wrote that "Civilization is wonderful even if it is still native, for these natives are more like us and a pleasure to talk with and visit." Capt. Stanley C. SORENSON has certainly covered this earth from East to West, first serving in the Hawaiian Islands and now with the medical corps at 8th air force hqs. in England. Lt. Harwood H. STAATS re-

ceived the Air medal with oak leaf cluster for his participation in B-17 bombing attacks on the Reich. Sgt. Lyle R. STEWART is an x-ray technician at O'Reilly General hospital, Springfield, Mo. Maj. Woodrow SWANCUTT of boxing fame has been flying from the CBI theater of operations for some time, and paining our little yellow friends a great deal. Cpl. Robert W. THOMAS is a member of the supply division for an 8th army strategic air depot bomber repair base. Ens. Myron O. THOMPSON is at present stationed at the Bomb Disposal school in Washington. 1st Lt. Bruce G. WARREN is a member of the Marines far West. And 1st Lt. Delbert H. WOOD of the air corps is assigned to Stout Field, Indianapolis. Sgt. J. Martin WOLMAN, also in Indianapolis, attended an art exhibition in the city and found in the No. 1 position a picture by John Steuart Curry of Dr. Oskar Hagen, both on our faculty.

Lt. (jg) Richard F. Svanoe, '40, strokes his M-1 carbine with a rabbit's foot in mock seriousness during a practice amphibious assault on one of Long Island's beaches. This is all in preparation for Pacific duties.

1943

S 2/c Morris A. ARNESON is enrolled in the V-7 refresher course at the Univ. of Pennsylvania. Lt. (jg) Harold J. BALL is now on board ship with the very men he helped to train last year. After taking a busman's holiday and hiking up through some of the mountains in Italy, 1st Lt. Robert W. BIRD writes, "The farm land here is a thing of beauty, fertile and green, but the filth and destitution of the Italian cities and people is appalling". Ens. Richard V. BRUNS, operating in the invasion of southern France, and his brother 1st Lt. Ernest C. BRUNS, '39, a salvage and reclamation officer at Ft. Devons both managed to have leaves at the same time. BM 2/c H. W. BURR is aboard ship with an FPO, at New York. Ens. Harold J. BUYENS has been designated a naval aviator at the Naval Air Training Bases in Pensacola. Army navigator's wings were awarded to Lt. Loren T. COCKRELL at Hondo Field, Tex. While Lt. Philip T. CROAK has arrived overseas to join the 15th AAF B-24 Lib. bomber command. Ens. William W. CUNNINGHAM, Jr., has an assign-

ment in Chicago. 1st Lt. Alvah N. DENSMORE, airplane commander of B-29 Superforts at Roswell, New Mexico, is dreaming ahead for a reunion of Badger flyers in the Emperor's Palace. Lt. F. Ryan DUFFY is assigned to the New York port of embarkation after graduation from the Transportation Corps school at New Orleans. A veteran Flying Fortress pilot, Lt. George R. DEVOE, holding the Air Medal with three clusters and the DFC, has recently graduated from advanced instrument flying course at Bryan Field, Tex. Advanced pilot training at Williams Field in Ariz. gave a commission to Lt. Taze R. EICKHOFF. 1st Lt. Karl EISELE, navigator-bombardier with a B-24 Lib bomber unit in England was awarded the Air medal with one cluster. Lt. Frank J. GABRHEL received the Purple Heart for wounds received in action with 95th infantry division in France in Nov. Ens. Rene J. GEHL is stationed in the Admiralty Islands. Cpl. Thomas GIBSON is working as an electrical specialist on a B-29 Fortress. 1st Lt. Hobart I. HAGEN is with an engineering company in the So. Pacific. Lt. Michael A. HARRIS has an APO, New York. Marine Warrant Officer A. J. HAUSLADEN, an ordnance officer with a fighter bomber squadron, is a veteran of the Guadalcanal campaign and wears the Presidential unit citation for action during his first overseas tour. He has arrived back in this country from his second assignment. Maj. Robert L. HUGHES holding the Silver Star for action on Buna mission has just graduated from the Command and General Staff school at Ft. Leavenworth, Kans. Pfc. Arthur JASZEWSKI of the medical corps assigned to duty at a British base hospital was reunited with his wounded brother who was brought in for medical aid. From somewhere in France Cpl. Donald A. KLUGE sends some mighty cheering letters. 'Nother alum at Miami Redistribution Station is Cpl. Raymond A. KUBISTA, a medical aid man in the European theater who was awarded the Purple Heart and the Distinguished Unit citation. Maj. Roy A. LANGE has the impressive sounding position of Exec. Adj. Gen. for Hqs. MAAF in the Mediterranean theater of operations. Lt. Kenneth R. LARSON ran into Lt. Orville "Sunny" MARTIN and the two of them had a bull session together over in Rouen, France. Ens. Roger P. LESCOHIER is connected with the administrative command for amphibious forces at FPO, Frisco. Lt. (jg) William C. LEE was promoted to commanding officer of a submarine chaser. Ens. Frank D. MANTHE has got those "wings of gold" from graduation at Corpus Christi, Tex. Ens. Antone PRASIL an operational flyer suffered a skull fracture in Miami. Lt. Francis MINTZ, flying for the air transport command as a navigator in the ferrying division, has a station in Long Beach, Calif. Lt. Robert A. MITZNER has an overseas APO, New York number. The same for Sgt. Fritz L. PULS who is attached to an infantry co. Correct address for Pfc. Francis E. QUINN of the ASTP is Tyler House, Ann Arbor, Mich. Best regards from the ETO and Pfc. Gerald F. RABIDEAU somewhere in Belgium. Pvt. James R. RUCHTI has entered the Ft. Sill Artillery School for officer candidates. Lt. Dave SCHREINER is keeping up the football technique through touch football games on a So. Pacific Island as a member of the 6th Marine Division. Sgt. Robert SCO-

VILL will probably never forget the time he jumped into a hole at Tarawa only to find three Japs in it. P.S. He won that fight. Cpl. J. Russell SOLHEIM is assigned to a bombing squadron at a San Francisco, APO. While on the western front Pfc. Harold H. SPENGLER is stationed with an evacuation hospital. We'd say Lt. Norm STERN really hit the jackpot for running into Badgers. In London alone he ran into seven of his Wisconsin fraternity brothers. S/Sgt. Keith R. ST. ONGE is stationed at Asheville, N. Carolina. Cpl. Pete TURCO is quartermastering at Fort Dix, New Jersey. 1st/Sgt. Carl H. VOELZ lists a New York APO, 782. S/Sgt. Carl S. WALLACE somewhere in Luxemburg writes, "Right now I am in a rest camp after a sojourn in Germany cracking the Siegfried line." Football man Cpl. Lloyd G. WASSERBACK out in the Philippines tells how "I now feel like a real Badger, dig a hole every night and sleep in it". S 1/c Alvin F. LOEFFLER is working for a radio technician's rating at Corpus Christi, Tex. Lt. Henry S. DENTZ is with APO 515 out of New York.

1944

Lt. George I. ALBERTS is a navigator on a B-24, a member of the Jolly Roger Bomb. Gp. which is hurtling itself at Japan pretty vigorously these days. Lt. Virgil K. BOYUM, a bombardier on a B-24 is now stationed at the Ft. Logan convalescent hospital near Denver and holds the DFC and the Air Medal with four oak leaf clusters. T/Sgt. Howard P. BUCHENBERGER sent us from France a lovely postal of Notre Dame cathedral. Lt. Robert C. Charles LeClair, '35

Charles LeCLAIR, '35, established an art record when he was a student here and the university presented a collection of his work in an exhibit at the Union, the first "one man show" ever granted to an undergraduate.

Now, LeClair's work has been recognized by being exhibited in a one-man show in New York. His formal art debut was made at the Bonestell gallery last month.

After receiving his bachelor's and master's degrees here, he studied art in Europe and at Columbia. He has already had works in three Carnegie institute annual exhibitions and has been invited to display works in many other shows. In 1940 he won the Wis. Art Salon's Union purchase prize for a watercolor.

LeClair now is teaching at the Albright Art school in Buffalo, New York.

REDELINGS, Porterfield, died March 6 in Chicago, where he had been employed for the past year . . . Betty YOUNG, Neenah, married Pic. Thomas Chadwick, Colorado City, Tex., on

Violinist—Conductor and Engineer

Many artists take up a practical line of work to keep their poor cupboards from being bare, but one Wisconsin chemical engineering graduate has done such outstanding things in music, that he's never had to turn to engineering.

This musician is Arthur Kreutz, '30, who recently conducted the New York Philharmonic-Symphony orchestra in his own composition, "Music for Symphony Orchestra."

In 1940 Kreutz was awarded the Prix de Rome for this selection and another which he had written.

Originally from La Crosse, Kreutz entered the Royal conservatory at Ghent, Belgium in 1932 where he won the Premier Prix de Violin. He returned to the campus and eventually received his bachelor of music degree here in 1938. Kreutz taught at the University of Texas before receiving the Guggenheim fellowship in composition which he now holds.

March 3. Mrs. Chadwick had been working and living in Denver, Colo. . . . Lt. Peter M. MARGETIS, Madison, was married Feb. 18 to Monica St. Jarlath Faricy, of St. Paul, Minn., in St. Cyr Et St. Julitte Catholic Church, Paris, France. At home at 19 Pinal Canyon Dr., Miami, Arizona. . . . Rosemary BURGESS, Ladysmith, a WAC private 1st class, and S/Sgt. Philip M. DAVIES, Delavan, were married in Brisbane, Australia.

Two Wisconsin alumni who did not know each other in the states, have been serving together as Red Cross clubmobile girls in Italy for almost six months now.

They are Millicent PACEY, '37, and Martha PARRISH, '43, both of whom share common memories of "schooldays" on the hill. They met for the first time when they were introduced on board the troop transport which carried them to Europe.

They seem to have an "in" with Lady Luck, even though they get their fair share of trouble. When they ran out of gas, the first vehicle they met turned out to be a gasoline truck. Later the front of their truck fell off, and the first man they met was an ordnance engineer. When they ran into a ditch, an ambulance just happened by, though neither girl was hurt.

Millicent is from Sturgeon Bay, and Martha is from Milan, Michigan.

1940 W

Mr. and Mrs. Robert W. STIEG (Jane Ellen GIBSON, '43), Clintonville, announce the birth of a second son. Mr. Stieg is employed as engineer with the Four Wheel Drive Truck co. . . . Edward W. GAUPER, Jr., Superior, was married March 4 to Margaret Fyfe, Pittsfield, Mass. At home in Schenectady where Mr. Gauper is an employee of the General Electric company. . . . Wayne W. SCHLOSSER, Arkan-

POST-WAR OPPORTUNITIES FOR TECHNICALLY-TRAINED GRADUATES

If you are a technically-trained graduate of the class of 1941, 1942, 1943 or 1944 . . . if you entered military service without previous industrial connections . . . The Procter & Gamble Co. has a message of interest for you.

For many years, college men have made careers for themselves with this Company in the departments of Production Management, Chemical Research and Development, Plant Maintenance, and Mechanical Design and Development.

As America's largest manufacturers and processors of soaps, glycerine products, and vegetable fats and oils, this Company operates 29 factory and mill units in the United States and Canada. Each working day these plants produce one million dollars worth of soap, shortening and oil.

During the past 15 years an average of one factory each year—at home and abroad—has been added. Post-war plans are to continue this growth and to expand Company operations into new factories with new products and far-reaching technical developments.

Procter & Gamble has been built by men coming up through the business. Factory Superintendents generally are young men. The Company believes in developing its main group of executives instead of hiring them from the outside.

We do not wish to distract your attention from your present very important assignment. But when you are ready to return to civilian life, we should like the opportunity to discuss with you the industrial opportunities this Company has to offer.

Write now for an application blank and a copy of our illustrated booklet, "Opportunities for Employment."

In Choosing Vitamin D Products
 . . . look for this seal

If the drug or food product you are choosing should contain Vitamin D, this seal assures you that the strictest laboratory control possible is being exercised to guarantee that the "Sunshine Vitamin" is there in full strength — for every product bearing this seal is rigorously tested in the Foundation laboratories.

For twenty years this Foundation has carried on its program of research and testing. It licenses only products of definite value. That is why the Foundation seal has won the complete confidence of the medical profession and the public. Look to it for your added guarantee.
