TWO CONQUESTS

BALL TEAM BEAT OBERLIN BY ELEVEN TO TEN.

TENNIS PLAYERS WON FROM BELOIT

Ball Men Make Few Errors—Other Tennis Meets.

Wisconsin was victorious Saturday, in both baseball and tennis. Oberlin was the victim in the former sport while our tennis representatives showed that there was one thing in which Wisconsin was superior to Beloit.

The victory at Oberlin was won by a score of 11 to 10. Falk pitched a good game for Wisconsin and was well supported by Gregg. The work of the infield was good, but Wheelihan made four errors. He redeemed himself however by a home run in the sixth. Jameson did the best work for Oberlin. Voorhees pitched. The following is the score:

THE TENNIS GAMES.

No tennis was played Saturday morning, but by afternoon the courts were dry enough to play on. There was a fairly good crowd in attendance. Shortly after 2 o'clock the doubles between Allen and Manson, representing Wisconsin, and Sanderson and Eaton, of Beloit, were started. The first set was won easily by the Wisconsin men. The Beloit team did not play together nor was their individual playing as good as the other team. In the second set they braced up but lost, 7-5. The third set was an easy victory for the Wisconsin men.

The match in singles was only 2 out of 3 sets, to enable the Beloit men to catch the train. Allen started out by winning a love set. He was play-

ing a strong game, winning many of the points by good passes. After he had won five games on the second set Sanderson pulled out a game on Allen's errors. Allen won the next game and the match. The following is the complete score on the singles.

TENNIS TOMORROW.

Some persons seem to have the impression that the local tournament last week was for the championship of the university and that the winners were declared champions for the coming year. Such was not the case. The tournament was only for the selection of the team to play against Beloit in the tournament last Saturday. It had no effect on the championship. The regular championship tournament begins next Tuesday and will continue through the week. On the results of this tournament the championship of the university will be decided. The winners of the tournament will also play a return match at Beloit next Saturday and will be the representatives of the university at the Western intercollegiate tennis tournament, to be held at Chicago May 29 and following days.

The tournament at Chicago promises to be the most important event ever held between the tennis players of the western colleges. Among the universities that will be represented are the University of Chicago, Minnesota, Purdue, Lake Forest, Northwestern and Wisconsin. Probably the strongest team will come from the University of Chicago, which will have C. B. Neel as its representative in singles. Mr. Neel is at present the champion of the Northwest and he and his brother hold the western championship in doubles, being also the challengers of Hobart and Hovey for the national championship. The tournament will probably be held on the grounds of the Kenwood Country club, located between forty-seventh and forty-eighth streets and extending from Drexel boulevard to Ellis ave. The grounds have just been laid out and the accommodations for a tournament are very fine.

The best six players of the university as determined by their playing in the tournament will constitute a tennis team. The members of this team will be subject to challenge and if defeated will lose their place on the team. Of course, these defeated men can challenge other members of the team, under certain restrictions. There will also be a limit to the number of times a man can challenge or be challenged by outsiders. In this way the team will always consist of the six players then in the university and will afford a means of distinction to those players who are not quite good enough to win the championship.

—Miss Grace Wright, '97, is visiting at Pewaukee.

MEET DELAWARE

THE RACE WILL SURELY TAKE PLACE.

FRIDAY, JUNE 14, ON LAKE MONONA.

Will Be in the Evening—Arrangements for a Grand Time.

Articles of agreement for the Delaware-Wisconsin eight-oared shell race have been signed and the event is assured for Friday, June 14, the last day of examinations. The navy officers have been carefully planning for the race so as to make it an assured success in every way. The endeavor of the authorities is to make the occasion looked to in very much the same way as a shell race of this kind is looked to by the people of St. Paul and Minneapolis. There the enthusiasm for shell racing is intense. All classes of people attend. Last year Hotel Lafayette at Lake Minnetonka was empty the day before the race. On the evening of the race 4,000 people were its guests.

The race between the Delaware crew of Chicago and the Varsity will be rowed at 7:30 o'clock in the evening, this being selected as the pleasantest hour of the day on the lake—the time of day when Lake Monona will look its very best. It will undoubtedly be the most convenient hour for pleasure seekers. The navy has made a contract with the steam boat owners of the lake by which it is proposed to cover the expenses of bringing the Delaware crew here and buying medals, etc.

The large steamers of the lake will carry from 100 to 200 passengers. Two of the smaller boats carry from 50 to 70 passengers. It is proposed to rent these out to parties who may wish to have a particular crowd on board. A party of towns people is already being organized to charter one boat and such a party will probably be organized by members of the faculty. Several of the fraternities are also organizing similar parties so that before the end of the week probably all of the available crafts on the lake will be chartered. The various steamers will be decorated with bunting and pennants, and all the boat owners on the lake will be asked to decorate their crafts for the occasion. A couple of bands will be stationed on steamers or on large floats which will be towed out in the lake and anchored at the finish.

There will be four eight-oared shells in the race—the Delaware crew, the Varsity, the second Varsity and the Freshman shell crews. In addition to this the two eight-oared gigs will be manned and will be rowed down the course on each side just in advance of the race as patrols to keep the steamers, etc., out of the course. The race will be over in time for those wish to conveniently attend the reception or other pleasure parties that are being planned for the same evening. All who may wish to charter boats or secure passage on any of the steamers will get full particulars by communicating with the officers of the navy.

REGATTA NOTES.

The eight-oared gigs which have been undergoing repair are ready for practice and the class crews will get in them today. The gigs are so much improved by the re-rigging that they will undoubtedly be a great deal faster than they have ever been before.

A. G. Spalding & Bros. have agreed to make a prize for the regatta. It is not decided in what form it will be but it will undoubtedly be something of considerable value, and will be made one of the prizes for the winning race. A Naval Board meeting has been called for Wednesday evening at which reports of the various officers and committees will be received and the details of the regatta management developed.

SENIOR PARTY.

One of the prettiest and most successful parties for the present college year was given under the auspices of the senior class last Saturday evening in Library hall. About fifty couples were in attendance despite the threatening weather during the early part of the evening. Lueders orchestra rendered delightful music for a well selected program which consisted of fourteen regular numbers and a number of extras. The grand march was dispensed with owing to the lateness of the hour of the first selection. As a result of the pleasant gathering the class of '95 is to be congratulated on its ability to pay off a good part of the debt that hangs over it since the past year.

The committee on arrangements were G. H. Burgess, chairman, Clyde Warren, J. Earl Harris, Frances Welles, Jessie Shepherd.

The floor committee were V. Mason, chairman, A. Carhart, A. T. Fairchild, J. Monahan.

The following is the list of dances:

1. March Waltz.
2. Waltz. D. K. E.
3. Two Step—"High School Cadets."
4. Waltz.
5. Two Step—"College."
6. Waltz—"Over the Waves."
7. Two Step—"Draper Hall."
8. Waltz.
9. Polka—"Honcky, Conchy."
10. Waltz—"La Seniorata."
11. Two Step.
12. Waltz—"Auf Wiedersehen."
13. Two Step—"Liberty Bell."
14. Waltz—"Medley."

The following were among those present: Misses Hand, Sparks of Beloit, Moore, Richl, Harmon, Georgie Virgin, Sames, Flint, Pendleton, Proctor, Carlton, Burnton, Nicodemus, Wheelihan, Pengra, Rogers, Upham, Wilson, Cholvin, Wood, Pound, Daisy Virgin, Bradley, Moore, McCoy, Spence, Church, Judge, Griffiths, Ellsworth, Vilas, Noyes, Hill, Spearer.

Messrs. Pierce, Pyre, Mason, Fairchild, Sheldon, Ward, Ball, Noyes, Sawyer, Gray, Burgess, O'Neil, Phelps, Richards, Arndt, Carhart, Niederman, Hayes, Manson, Geilfuss, Doyon, Main, Chandler, Palmer, Hughitt, Worden, Hase, Warren, Monahan, Van Kirk, Vilas, Patton, Freeman, Salisbury, Wright, Tallman, Hobbins.

—There will be a special meeting of Athena tomorrow night. Everybody should be present as business of the greatest importance will come up.

UNIVERSITY OF WISCONSINSubscription price \$1.00 per term, \$2.50 per year

In the current number the Aegis indulges in a lot of nonsense about the baseball team in which the athletic association is advised to call the baseball team from the field. While it is true that the baseball team has not made the most creditable showing this season, there is every reason to believe that with proper coaching the team will redeem its reputation and in the mean time the Aegis would do well to encourage the efforts to improve the team rather than to advise such child's play measures as withdrawing the team from the field.

Judge E. W. Keyes contributes to the Milwaukee Sentinel of today a long article on the university fee question. He is very much opposed to any such a change and thinks that in arguing for a continuance of the fees at the present figures he is voicing not merely the sentiment of the students, but that of a large majority of the citizens of the state. As Judge Keyes was a regent of the University for twelve years, his opinion on the subject should be worthy of careful consideration.

THE AEGIS.

The current number of the Aegis contains the oration "The wandering Jew" by R. A. Elward, '95, who took second honors in the recent oratorical contest. The other features are the second prize story by Gertrude Spence, entitled "Jimmy Barton's Dream" and an article by the editor on college civil service reform clubs with an account of the recent convention at Chicago.

"Karl Becker" contributes another study to the series of "Contrasts" which have appeared spasmodically in the columns of the Aegis during the past year. The verse in the number includes some stanzas entitled "My Bachelor Girl" and the translation of an ode of Horace by Grant Showerman, '96, which is very well done. The usual space is devoted to athletic and local news and alumni notes.

SOCIAL CLUB.

The U. W. Social club will give their next ball at Kehl's Hall on Wednesday evening, May 29. All students are cordially invited. Tickets will be sold as before at 50 cts. per couple; stags excluded. This will be the last indoor party of the season, given by the club, and a good attendance is desired. The popularity of these dances will make them a prominent feature in social circles during the coming year, as this is the only opportunity afforded for all the students to meet on equal footing, without restrictions as to course or class, the jovial freshman being as welcome as the learned senior.

MATHEMATICAL CLUB.

At the meeting on Saturday the first paper was on Riemann and modern mathematics and was read by Miss C. L. Westover. The subject of twisted surfaces and knots was then discussed by Dr. VanVleck. Attention was called to a class of twisted surfaces which have only one side and which were discovered by Moebius

about fifty years ago. Twisted bands of various sorts were next used to generate knots and juggler's trick of tying a knot in a closed string was duplicated without cutting across or lengthening the string. Lastly the connection of the subject with the theory of plane curves was developed and a classification of knots made according to the characteristic of the plane curves from which they are obtained.

ILLUSTRATED LECTURE.

The fourth and last lecture of the classical series will be given by Professor D'Ooge, of the University of Michigan, in Library hall, Thursday at 8 p. m. The lecture will be illustrated throughout with lantern slides, and Prof. D'Ooge's year's sojourn in Greece as director of the American Institute of Classical Antiquities will enable him to describe the monuments of the past and the life of the present with a vividness and an enthusiasm not otherwise possible. The address will surely be one of the most interesting and valuable under the auspices of the university during the present college year.

Martin Luther D'Ooge, professor of Greek and dean of the academical faculty of the University of Michigan, was born at Zouneville, Province of Zealand, Netherlands. After graduating from the University of Michigan he studied for several years in Germany, taking his Ph. D. at Leipzig in 1872. He received the honorary degree of LL. D. from the University of Michigan in 1889. Besides his present professorship, he has held the following prominent positions: Principal of Ann Arbor high school, president of American Philological association, director of American School of Classical Antiquities at Athens; chairman of Greek conference, appointed by the Committee of Ten (1892). He has edited Demosthenes On the Crown (1875), and the Antigone of Sophocles (1884), and has published numerous articles on classical subjects. He is to give five lectures on the "History of Greek Sculpture" at the university extension summer meeting at the University of Pennsylvania in July. The lecture Thursday evening is free to all.

LOCAL AND PERSONAL.

—L. J. Bischell, law '96, is down with the measles, and will probably not be able to attend his classes for several days.

—Max W. Nohl was one of the few successful applicants for admission to the bar at the recent state board examination. Through the oversight of the board he was not mentioned in the official list of successful applicants.

—Miss Margaret Rogers, '98, has again taken up her university work.

—Geo. P. Robinson, '96, is confined to his room with the grip.

FACULTY BEATEN.

The faculty could not hold their ground in the game against the Beta Theta Pi nine in baseball, Saturday afternoon, and were beaten by a score of 28 to 8. All the members of the fraternity and many of the faculty were out to see the game, besides a number of others.

The faculty team was made up as follows: Hanson, pitcher; Marshall, second; Pyre, short; Schlundt, third; Heald, center; Barnes, right field; Fortenbaugh, catch; Hobbs, first, and Mack, left field.

—Fannie R. Walbridge, '95, has been appointed an assistant business manager of the Aegis for the remainder of the year.

DON'T STOP TOBACCO

IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about **BACO-CURO**. It is purely vegetable. You do not have to stop using tobacco with **BACO-CURO**. It will notify you when to

stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box or 3 boxes (30 days treatment and guaranteed cure.) \$2.50. For sale by all druggists or will be sent by mail upon receipt of price. SEND SIX TWO CENT STAMPS FOR SAMPLE BOX. Booklets and proofs free.

St. Paul, Minn., Sept. 7, 1894.

Eureka Chemical and Mfg Co., La Crosse, Wis.:

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly,

C. W. HORNICK.
