DIRECTIONS.—1. **SCHOOL TERMS.**—The successive terms of school taught in the year should be designated *first term*, *second term*, etc. The final term should close on or before the last day of the school year.

2. **PUPILS' NAMES.**—Write the names of the pupils in alphabetical order, with at least one blank space between the names of the two sexes.

3. **AGE.**—The pupil's age, at the close of the final term of the school year, should be recorded. This will make the record the same for each term.

4. **ATTENDANCE.**—An oblique line, made from right to left (/), denotes that a pupil was present in the forenoon; an oblique line, made from left to right (\), that he was present in the afternoon; and two oblique lines crossing each other (X) or meeting each other (Λ), that he was present both forenoon and afternoon. "W" denotes that the pupil has withdrawn.

5. **TARDINESS.**—A small figure, placed at the upper end of the mark of attendance, denotes the number of minutes of tardiness; thus, 5/ or 5\ denotes that the pupil was tardy 5 minutes in the morning; 4/ or 4\ that he was tardy four minutes in the afternoon; and 3Λ5 that he was tardy 5 minutes in the morning and 3 minutes in the afternoon. If preferred, the figure may be placed, in each case, just above the mark of attendance.

6. **DEPORTMENT.**—The pupil's deportment is marked in the upper space, on a scale of 5 to 0—five (5) denoting satisfactory conduct. The scale may be made larger or smaller; and, if preferred, it may be reversed—0 denoting satisfactory conduct, and the figures 1, 2, 3, 4, etc., showing *demerit*. The average for the term may be expressed in *tenths*.

DIRECTIONS.

1. **DAYS PRESENT.**—Write in this column the number of days each pupil was in attendance during the term.

2. **DAYS ABSENT.**—Record only the number of days the pupil was absent while a member of the school. Do not count the days before he entered nor after he was withdrawn.

3. **TIMES TARDY.**—Record in this column the number of times each pupil was tardy during the term.

4. **PUPILS ENROLLED PREVIOUS TERM.**—If the report is made for the *second* or final term of the school year, place a star (*) in this column opposite the names of all pupils enrolled the previous term. If the report is made for the *first* term of the school year, this column is *not to be filled*, since the "previous term" in that case would not be in the *current school year*. The number of pupils' names thus marked (*) should be entered in the "General Summary" in the proper column.

5. **BRANCHES OF STUDY.**—To denote that a pupil pursued a given branch of study, place a figure one (1) in the proper column, opposite the pupil's name. If he pursued the same study the previous term of the current school year, place a figure two (2) in the proper column. by "Oral Lessons" is meant all *regular oral instruction*, whatever the subjects thus taught—book lessons are not included.

6. **TO FIND THE AVERAGE DAILY ATTENDANCE.**—Add together the number of days the different pupils were in attendance, and divide the same by the number of days the school was in session. The average daily absence is found in a similar manner.

7. **TO FIND THE AVERAGE AGE OF PUPILS.**—Divide the sum of the ages of all the pupils by the number of pupils.

"Gow's Morals and Manners is doing a great work. We prize it more than any other book in the schools. Should you need any testimonials, we can all unite in furnishing them for this book."

T. J. CHARLTON, *Sup't of Schools, Vincennes, Ind.*

"If there has been an educational need in America more pressing than another, it has been the want of a text-book, of convenient size and scope, upon the subject of Morals and Manners. Gow's Manual should be in every school in the land; and if the teachers were compelled to devote one-tenth of the usual school session to the subject, the nation would be saved a hundred times the value thereof in the decrease of crime and punishment. I shall recommend its use in all our schools."

ISAAC H. BROWN,

County Com'r Public Schools, Jefferson County.

Valuable Educational Work, Just Published!

PESTALOZZI:

HIS LIFE, WORK, AND INFLUENCE.

By HERMAN KRÜSI, A.M., Instructor in Philosophy of Education at the Oswego Normal and Training School. 8vo, cloth. 248 pp. Portraits and other illustrations.

"I have heard Prof. Krüsi lecture scores of times, and always with a high estimate of his ability and thoroughness. My appreciation of this volume is heightened by the fact that I have heard so much of it, with deep interest, from the lips of the author. Probably no man living has more thoroughly investigated Pestalozzianism than Prof. Krüsi. The son of his first associate, a hearty admirer of his system, early trained in its methods, having had an experience of thirty years as instructor in Normal Schools in Switzerland, Germany, England, and America, he has had ample opportunities to test these principles and processes in a great variety of ways and in widely different circumstances. I heartily recommend the volume to the earnest teachers of our country."

B. G. NORTHROP,

Sec'y Conn. State Board of Education.

"I feel that American teachers owe the publishers and my friend Krüsi a debt of gratitude, for bringing before them, in such an elegant form, the life and work of Pestalozzi. . . . No teacher, however humble his lot, need now be ignorant of the history and life work of one whose influence upon education is, to-day, greater than that of any other man, living or dead."

WM. F. PHELPS,

Princ. State Normal, Winona, Minn.

"One of the most valuable contributions ever made to educational literature in this country."

JAS. JOHONNOT,

State Normal, Warrensburg, Mo.
