## HISTORY OF LAKE GENEVA

(Installment No. 2)

In the last number we recorded that when the first white men came to the shores of Geneva Lake they found a tribe of Potawatomi Indians under Chief Big Foot's leadership. In the three villages in which they lived, one at Williams Bay, one at the outlet (Lake Geneva city) and the main village at Fontana. In all there were about five hundred living in all three villages.

As this tribe had been located on the lake for probably a hundred years their camps had taken on more or less permanent features. The lodges were built upon arched poles, about which sides were formed of woven grass or reed mats, which had been secured from the nearby swamps and woven by the squaws. The roof usually consisted of large slabs of bark removed whole from the trees.

Within these circular, domed wigwams there was a central fireplace, with stout sticks driven on each side of the fire, the cross-piece supporting the family kettle. The earthen floor was covered with other mats and the walls were hung with skins and furs, domestic implements, and the warrior's arms and treasures. The more pretentious lodges had low benches around the sides, made of poles laid side by side on supports, serving as seats by day and couches by night.

The unbroken forests as literally swarmed with game and fur-bearing animals as the Lake abounded in fish and water fowl. The soil was everywhere conducive to the growth of the rude gardens which the squaws planted with corn, beans, squashes and tobacco. The everywhere present hard-maple trees offered with each spring an unlimited amount of sweet sap which the toiling women converted into vast supplies of coarse sugar.

The favorite food was their dried corn which was made when the corn was "in the milk" by steaming the unhusked ears in pits, dug in the earth, first heated with hot stones, then the stones removed and the corn piled in and covered with earth. When considered done the corn was removed and husked, the kernels shelled off and roasted, and when dried were packed in skin bags for preservation, forming a large part of the winter's food supply.

Nuts, roots, tubers and wild plums were preserved and stored away also by the squaws. The wild game and fish formed a large part of their diet, but if necessary, mice, snakes, frogs and even domesticated animals were used.

The trails led to Chicago and Milwaukee where skins and even some corn was traded for clothing materials, articles of adornment, guns and ammunition, and "fire water."

There were a few horses and on special occasions there were races on the Fontana beach to test their speed. Every brave had to have his own canoe made from a hollowed basswood or walnut log after hours of tedious labor with crude implements. These lasted for generations if properly cared for and were prized as their inheritance.

(Those wishing to read more about the Indians about the Lake, should read the late Dr. Paul B. Jenkin's "Book of Lake Geneva", from which the above is taken).

## WILLIAMS BAY HIGH SCHOOL NOTES

Reporters -Emma Kohler,Eloise Johnson.

### N E W S

Friday, May 7, the Junior Class of the Williams Bay High School went to Mendota to visit the hospital. They heard a two hour lecture by Dr. Sutoff on the different types of maniacs. In the afternoon they visited the University Campus and the Capitol. Here they were shown the Senate and the Assembly and were very much interested in learning how bills are passed. Everyone agrees that he or she had a grand time and a lot of fun.

The Williams Bay High School should feel quite proud. When the judging at the Lake Geneva Music Tournament was completed, it was found that Wms Bay was very well represented. Dorothy Flitcroft won first place with an alto solo. Charles Giauque second place with a baritone solo. The Girls Trio, composed of Elsie Ambrose, Dorothy Flitcroft and Jacqueline Lockwood, took third place. Nancy Hollister won third place with a piano solo. The Girls Glee Club came home with first place in Class C, and the Junior Chorus received second place in a class with high school groups. Miss Hussa very ably directed all these groups.

The Williams Bay High School baseball team played Elkhorn High on Tuesday, May 11, The game was played in spite of the rain. The final score was-Elkhorn -3- Wms Bay- 0.

Keep May 21 open-- you will see the man who found the Glory Mine in Australia. He will appear on the stage of the high school gym at 8:00 P.M. Look for the details in this paper.

### JOKES and SAYINGS

Psychology Class-

Ernest P. (asking Mr. Sorensen)

"I would like to know what happens if you habitually drive with your left arm?"

NOTICE! This hasn't as yet an

answer, but watch for it!

Miss Hussa-"What does a comma say to you when you see one?"

Joe Drabek- "Take a breath".

Freshie -"I can always remember striking faces."

Companion-"You would never wake up to remember if you struck mine."

### THE LORDS PRAYER IN SCHOOL DAYS

Mr. Sorensen is my teacher, I shall not pass,

He maketh me to prove dense propositions

He leadeth me to expose my ignorance

Before the whole class.

He restoreth my sorrow

He maketh me to draw prisms on the blackboard for my grades sake;

Yea, though I study 'til midnight I shall gain no economics.

For the propositions bother me,

And the co-tangents sadly trouble me.

He prepareth a quiz for me in the presence of mine enemies.

He giveth my papers a low grade, My temper boileth over.

Surely, sadness and low grades will

Follow me all the days of my life:

And I shall dwell in the house of

The Economics class forever.

Miss Bergeman-"Eddie, please run up the shade in the main room."

Eddie Hess- " I can't do it."

## FIFTIETH WEDDING ANNIVERSARY IS EVENT AT WILLIAMS BAY

On a perfect May day, last Friday, May 7, amid a beautiful floral setting at their home on Congress Street, Mr. and Mrs. E.M. Hendrickson held open house for their many friends from two to five o'clock, in honor of their fiftieth wedding anniversary.

They were married in Chicago on May 7, 1887. Mrs. Hendrickson's sister, Mrs. Louise Stewart, of Minneapolis, who was bridesmaid at the wedding, was present for this happy occasion.

Many friends called throughout the afternoon and registered in a guest book, the gift of Master John Hendricks, their grandson.

The daughters-in-law, Mrs. E.N. Hendricks and Mrs. Henry Hendrickson, Chicago, poured at a table spread with a lace cloth and a beautiful centerpiece of fifty yellow roses, presented by the grandchildren, Shirley Louise Nonnemon and John Hendricks. Yellow tapers in derigold candle holders, added to the beauty of the setting. Dainty assorted tea cakes, cookies, confections, tea and coffee were served the callers.

The Hendricksons have one daughter, Mrs. Grace Nonnemon, of Detroit, Mich. and two sons, Henry and Edward of Chicago, and two grandchildren.

They received many lovely gifts and in the home were many beautiful bouquets and plants sent by friends and neighbors.

A family dinner given by their children, Edward, Henry and Mrs. Nonnemon, was held at Rose Lane Hotel Saturday at 4 P.M., forty-five relatives and close friends being invited.

A large wedding cake set in the center of the table, yellow flowers for decorations and artistic miniature gold paper wedding bells tied with yellow celaphane ribbon were the favors.

A program of music and impromptu speeches was enjoyed. The master of ceremonies being Mr. Wilmont Mossberg, who is a staff pianist at radio station WBBM, Chicago.

## THE BELFRY PLAYERS

The Belfry Players contest for radio scripts written by boys and girls 18 years of age or under, has been judged and the results announced by Miss Jacqueline Cour, sole judge of the contest. Miss Cour selected three scripts which she considered of about equal rating for the first places. The first, to which she awarded the highest place because it was the only one which gave any indication at the beginning of what was to follow, was "Silver vs Gold", by Jane Story. Second place was "The Knight of the Pans", by the same author, and third was awarded to Henry Reynolds, Jr., for "Motor Trouble".

The winning script, with such changes as may be necessary for presentation on the air, will be given by the Belfry Players on their regular weekly program, on Monday, May 17. As an encouragement to all who submitted scripts, and were not fortunate enough to win, the directors of the contest are awarding passes to the first of the season's plays at the Belfry Theatre.

## MOTHERS AND CHILDRENS DAY PROGRAM GIVEN AT CONGREGATIONAL CHURCH

Mothers Day and Childrens Day programs were combined last Sunday May 9, at the Congregational church morning service. It proved to be a well planned program as both mothers and children were present and honored.

Miss Mary Calvert, Sunday school Superintendent had charge of the program. The Intermediate Department members sang several hymns.

The Cradle Roll of the Sunday school has been revived with Mrs. Blake Burton in charge. In place of the usual framed record kept, a doll's cradle with a baby doll in it is used and cards tied with blue ribbons are attached with the baby's name. Those placed there last Sunday by the mothers were- Robert Lincoln Keiser, Helen Carol Anderson, Donald Hugh Weyhrauch, Richard Charles Stenstrom, Mary Ann Pierce, Beverly Dolores Landin, Russell Frederick and John Bruce Sanders, William Jr. and Emily Morgan.

Volmer H. Sorensen gave an interesting talk on the "Appreciation of Youth".

A spray of sweet peas was given to each mother present. Large bouquets of red and white carnations decorated the church, ferns and baby breath.

Marjorie Ann Pierce was baptized.

Elsie Ambrose read a fitting tribute to mothers.

The Primary Department sang a group of songs to the delight of all present.

Rev. Victor Keiser told an interesting story of child life in the tenements.

Mrs. Joe Hammond, Rockford, Ill., sister of Mrs. Clifton Mustin, visited the former and her aunt, Mrs. Andrew Anderson a few days last week.

Mrs. Alfred Pihl was hostess to the members of the W.C.T.U. on Wednesday afternoon, May 12.

"MY UNIQUE COLLECTION OF GOAT

IS SPEAKERS TOPIC AT WOMANS BAN-  
QUET

Plans for the Eleventh Annual Woman's Banquet are nearing completion. The banquet, which is the annual get-to-gether of Williams Bay women, will be held at Rose Lane Hotel on Tuesday, May 18 at 8:30 o'clock.

The speaker, Dr. Regina Westcott Wieman is a woman of wide experience, rare charm and unusual training. Women's groups from coast to coast clamor for her lectures and it is only by an unusual combination of circumstances that the committee was enabled to get her for this occasion. Mrs. Wieman has just returned from a lecture tour in the far west and is at her home in Chicago this spring, completing her new book. This, coupled with our location so near Chicago and the reputation of our lake, made it possible to persuade her to come.

Mrs. Wieman is the wife of Dr. Henry Nelson Wieman of the Chicago University. She has studied in leading universities at home and abroad and through her writing, speaking, teaching and serving on important planning committees, she has contributed greatly to enterprizes that are of interest and supreme importance to women. Her lecture topic on this occasion will be "My Unique Collection of Goat Feathers".

Tickets are on sale by women of the committee in charge of arrangements of which Mrs. Walter Jewell is chairman.

Mr. S.J. Jorgensen, Chicago, is building a new house in the Bay View Subdivision. Anderson Brothers are the contractors.

Mr. and Mrs. Blake Burton moved from the Bjorge Block to Mrs. Johnson's house in Oakwoods Estates, on Tuesday.

Mr. L.H. Hennes, Chicago, spent Sunday in the F.M. Van Epps home. Mr. "Bob" O'Neill, Mt. Vernon, Ill. was with him.
