## Let's Keep in the Lead

Your General Alumni Association now enrolls a larger per cent of graduates than does any other state university.

This decade has seen the Alumni Association quadruple its membership at a rate of increase that has been twice as fast as the unprecedented rapid rate of increase in the number of students and in the number of graduates.

This is good news to every loyal alumnus.

But it must be especially gratifying to those devoted members who stood by so loyally during the long years prior to 1900 when less than ten per cent of the graduates paid alumni dues.

It must also strengthen the faith of those far-sighted members who sponsored an independent official alumni publication in 1899. For while they had the satisfaction of seeing membership rise to about twenty-five per cent by 1905, they also suffered the disappointment of noting the loss of nearly a thousand members during the next five years, so that even with the energy shown during the following half decade, the membership percentage remained close to twenty per cent as late as 1915.

Since 1915 the actual number of members has multiplied about four times and the percentage has more than doubled.

Let's keep in the lead.

*COME BACK* and see your mates. Distant places know them. Where else can you go to see so many at one time? Meet them face to face. They will be awaiting you—at Madison—in June.

## Reserve Power

A locomotive must have power in excess of ordinary requirements. When the load is unusually heavy, it must be able to stand the extra strain.

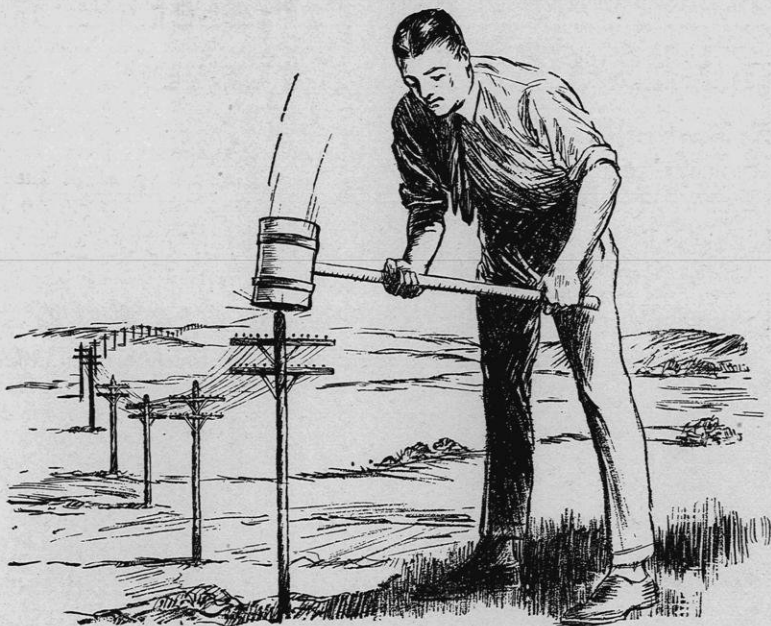

Your bank must also have power in reserve. Many business men and others are attracted to this institution, because it is strong financially. The fact that this bank is a member of the Federal Reserve System also influences their choice.

## Stake out your claim in this field

**O**NE field where there is still undeveloped territory, still room for pioneers, is the electrical industry. This will be encouraging news to the man who thinks he was born too late.

If your aptitude is technical, there are years of usefulness ahead of you in helping to design, construct and operate public utility lines. And too, fast-growing markets for electrical apparatus call for more and more college-trained men in the manufacturing end of this industry.

Or if your interests are along commercial lines, there is a broad opportunity for you here in the various departments of purchasing, accounting, distributing, selling and advertising.

## REUNION OF FORMER JOURNALISM STUDENTS AT COMMENCEMENT

**I**N CELEBRATION of the completion of twenty years of instruction in journalism at the University, a reunion of all graduates of the Course of Journalism and all former students in Journalism will be held at the coming commencement. This is the first time that an effort has been made to bring together those that pursued courses in journalism while attending the University.

The reunion will be in charge of an arrangement committee with members in New York, Chicago, Detroit, Minneapolis, Milwaukee, Madison, and other cities in which former students are now engaged in news paper and advertising. Apicostumes, a journalism esting features are be-arrangements are in of fifteen headed by '20.

The first instruction in journalism was given at Wisconsin when a class in news writing of 1915 by Willard G. Bleyer, '96, then instructor in the English Department and now Director of the Course in Journalism and Professor of Journalism. The enrollment of thirty-five students in this first class, and the interest shown by them, led to the organization in the following year of the "Courses Preparatory to Journalism," including history, English, political science, and economics, that are directly related to newspaper and magazine work. In 1909 these courses were organized into the present four-year Course in Journalism. In 1912 the Department of Journalism was established as an affiliated part of the English Department, and two years later, in 1914, it was separated from English and became an independent department.

Beginning with the year 1912-13 a course in advertising was offered in connection with the work in journalism, and later several additional courses in advertising were given.

When the first class in journalism was organized twenty years ago the University of Wisconsin became one of the pioneers in this new field of academic work. Since then one after another of the state universities have developed schools, courses, and departments of journalism, and a number of endowed colleges and universities have established courses in journalism, until now journalism is being offered in over 200 institutions of higher education in this country.

Instead of one class in news writing, there are now twenty courses in journalism and advertising, designed to prepare students for practically every phase of newspaper, magazine, and advertising work. Twenty years ago there were thirty-five students in the one class; last year 350 students were enrolled in the four year Course in Journalism and many more from other departments and colleges elected courses in the Department of Journalism. From one instructor in the English Department giving one course in journalism there are now five members of the faculty of the Department of Journalism and three instructors of advertising.

Students of journalism have come to Wisconsin from practically every state in the Union, as well as from India, the Philippines, China, Japan, Hawaii, Turkey, and Russia. Graduates in journalism are now located in many states and in a number of foreign countries.

While a majority of the former students are now on the staffs of newspapers, magazines, trade journals, agricultural publications, house organs, press associations, and advertising agencies, a number have taken up the teaching of journalism in colleges, universities, and high schools. Wisconsin journalism graduates are now on the faculties of schools of journalism of the University of Illinois, Indiana University, University of Minnesota, Iowa State Agricultural College, Northwestern University, Ohio State University, University of North Dakota, University of Oklahoma, and Texas College for Women. Others have taught journalism at the University of Kansas, University of Arkansas, Washington State College, Omaha University, and Lindenwood College.

# The Wisconsin Alumni Magazine

"Any university which has the intelligent interest and cooperation of its alumni in working out its destiny must of necessity make rapid strides."

Volume XXVI

Madison, Wis., May, 1925

Number 7

**M**EN and women who once attended our University have memories stored with anecdotes of their college lives that are amusing, interesting, instructive and helpful. We wish to gather many of these now. The purposes are several. One is to preserve them. If a sufficient number of good anecdotes is received, they will be appropriately published. The lesson in botany given John Muir, '97, in the incident of the locust blossoms; the deep humor of a story that Theodore Kronshage Jr., '91, tells of a class crew race; the funny tale that Charles Vroman, '68, used to recount of the early haying venture of Pat Walsh; and hundreds of other incidents will furnish hours of laughter and of pathos and years of encouragement to the many who shall know them.

**Send Anecdotes** As a matter of joyful duty, will you not, therefore, write and send immediately anecdotes that you know? This means every ex-student of the University of Wisconsin. We promise that, if you will do your part, a corps of real editors will be put on the job. We can—we surely will—get something really worth while. Please help. Help now. Do not wait. We have asserted that this one appeal will suffice. Won't you make the prophecy true? The debt is yours. You can so easily pay—and so generously. So, "take your pen in hand." Don't worry about your style. It is the anecdote that is welcome. We await yours.—GEORGE HAIGHT, '99, *President*.

**Help** Please help us find your missing classmates! We have this month entered the names of members of whom we have lost track under class-notes. If you know of someone you believe can help us, drop us a card and we'll follow it up with inquiries.

## UNIVERSITY SERVICE TO THE PEA CANNING INDUSTRY

By J. A. HAGEMANN '99, and W. E. Nicholoy

(*Note: Mr. Hagemann is president and manager of the Ft. Atkinson Canning Company. Mr. Nicholoy is business secretary of the Wisconsin Pea Packers Association.*)

**O**F LATE the critics of the University of Wisconsin are reiterating that it has ceased to be the service institution that it was in the past. They point to the achievements of the past and ask what is being done today. The accomplishments of the hour, especially when they must come through scientific procedures, look small when compared with the sum of accomplishments, the beginnings of which often times lie twenty years before definite results are obtained and published. I believe the University is doing relatively more today as a service institution than it ever did before. Its service could be much extended if the citizens of our state would get in touch with the University and acquaint it with some real problems to be solved.

I have been intimately connected with the canning industry of this state. Today Wisconsin cans 60 per cent of all the peas consumed in the United States. She is destined to become, in the near future the greatest garden state in the union, and the consumers of the country will not only depend upon Wisconsin for its quality canned peas, but will call for the full line of canned vegetables, since this state has the finest variety of soil to produce practically all vegetables as well as an ideal climate for the proper watering of them. We are in the proximity of millions of consumers, and they have come to learn that commercially-canned foods are the safest foods that are available.

The canning industry has had and will continue to meet problems which it alone cannot successfully solve, and it has long learned the great value of the University as a service institution to its citizens.

I requested the business secretary of the Wisconsin Pea Packers Association, Mr. W. E. Nicholoy, who is an Easterner, and who is able to give an unbiased statement of accomplishments, to write me frankly his opinion. His reply follows and speaks for itself.—J. A. HAGEMANN.

"What has the University of Wisconsin done for the pea canning industry of Wisconsin?" This is a big question,—one that I hardly feel capable of answering. There are many who feel that the University is drifting away from the

"service" ideals. I doubt seriously if this claim could be sustained.

You will recall that, when I first took over this work, I told you that I did not feel we were getting the service from the University to

which our industry was entitled. I remember now that you smiled, and I wondered why. Now I know. True, we *were* not getting the service which we are now receiving, but it was entirely our own fault. Even at that, we were getting much more than the majority of us imagined—if we ever took the trouble to imagine.

Our industry, being primarily an agricultural industry, benefits most from the work done by the different departments of the College of Agriculture. No sooner had I begun to study the work of these different departments than I found that they had been going along in their quiet way for years, receiving little or no encouragement from the canning industry as a whole, but doing their best to solve our problems as they saw them and even anticipating our future problems. I learned that the first application of science to the art of canning was made by our own Experiment Station back in 1894. At that time very heavy losses frequently occurred in the canned product after it was processed in the factory. In those days the process of canning was invested with much secrecy. The influence of germs on the keeping quality of the product was unknown. Spore-bearing and gas-producing bacteria were unheard of except by a few scientific men.

Louis Pasteur, an eminent Frenchman, discovered most of the fundamental principles involved in the science of bacteriology. H. L. Russell, now Dean of the College of Agriculture, was one of the few men in this country at all familiar with this new science. Fortunately for the industry, he was asked to aid in checking the then very heavy losses, and he discovered the cause was due to insufficient sterilization. This was the first application of the new science of bacteriology to canning in this country. Now every one knows that heat is the only agent necessary to insure sound, sterile, canned foods. Even the housewife has almost entirely abandoned the use of injurious canning compounds and preservatives.

The Department of Agronomy has spent years studying varieties of canning peas. By selection they have improved old varieties and by hybridizing have developed new varieties, some of which promise to be much better than any we have ever had. This work is at present being carried on largely at the branch experiment stations at Ashland and Sturgeon Bay. Not only are new and better varieties being developed, but each of these varieties is disease-resistant.

Not so many years ago we used to blame the weather for all of our crop failures. Land once in peas was found to produce better pea crops than new land. Naturally, we took advantage

of this knowledge and only when greater acreage was needed did we plant new soil. But the time came when crops failed and we could no longer blame the weather. Something was wrong. The Department of Plant Pathology was called in. They found the soil diseased. Root rot it was called, and we now know that it is caused by lack of proper rotation. The problem even now is far from solved, but satisfactory progress is being made.

Here again the Department of Agricultural Bacteriology came to the rescue. If soil once planted to peas produced better pea crops than new lands, why not transplant some of this soil to the new fields? It did help, but at the same time we were transplanting the root rot bacteria. We know this now and we also know that all we were doing was to carry a little natural inoculation from one field to the other. The Department of Agricultural Bacteriology has made a careful study of the value of inoculation and we are now able, at a very small cost, to inoculate our seed peas with a pure pea culture which produces uniform and full results. Experiments carried on last year showed increases of as high as 50% in yield and every indication of a much better quality. This work is not finished, but I am satisfied that the Department will not quit until they have covered every angle and phase of the problem.

The Soils Department through their study of soil types and fertilizers are doing a real work. Drainage, both natural and artificial, is another important problem that is receiving careful attention. And there are many others.

The Department of Entomology with the assistance of the U. S. Department of Agriculture probably has in hand one of our most important problems, the control of the pea louse or aphid. Thousands of dollars are lost annually by Wisconsin farmers and canners through the ravages of this pest. Experiments conducted this past season have practically established the aphidozer as the best method of control. By use of this machine, developed here at Wisconsin, over 100 pounds of aphids have been collected from 5 acres of green peas. Yields have been increased well over 50% and here again is every indication of a high increase in quality.

One thing which has helped greatly in all of this great work is the Canners Short Course. Once each year for one week the University puts on a canners program, when, by lecture and laboratory work, the canners study the work of the College of Agriculture during the past year. And not only is this a benefit to the canners. The contact of the canner with the men at the College of Agriculture affords each

*COME BACK* and hear Mendota when her shores are all in tune with the chorus of the trees upon the hills. Every woodland path is vocal. In June's vibrant air are sweetly chording fingers. Come and listen!

an opportunity to better understand the problems of the other.

I have purposely refrained from mentioning the names of the men at the College and the men from the U. S. Department of Agriculture stationed here who are rendering this service. Not that I do not want to give credit to them individually but for fear I might overlook some. The message that I have tried to convey is that the University of Wisconsin is living up to the ideal of "service". I have always found them ready, yes, anxious to tackle any problem put up to them. We are indeed fortunate in having such a fine institution in our state and in it so

many capable men, many of them recognized leaders in their field of work. The greatest misfortune is that more people don't realize what we have and avail themselves of their services.

This is perhaps a rather lengthy letter but at that I have only answered in part your question, "What has the University done for the Pea packing industry of Wisconsin?" What they have done and are doing for us, they can and would do for others. Cooperation is necessary and it's hard to cooperate alone. Matthew: 7th Chapter, 7th Verse.—W. E. NICHOLAY.

## ATHLETICS

KENNETH BUTLER, '25

The **baseball** team won its first conference game of the season against Northwestern, 8 to 5 on April 14. The Badgers made eleven safe hits to five by the Purple nine. Stoll started the game for the Badgers and hurled good ball until the sixth inning, when the Northwestern players began to get at him. Shrenk was called to relieve him. Tangen was the star at the bat for Wisconsin, making three safe hits.

Of the eight earlier games played by the team on the annual southern trip, seven were lost. A great deal of experience was gained through the practice, however, and opinion is that the team will be strong in the conference games to follow. The results of the games of the trip were: St. Louis U. 9, Wisconsin 8. U. of Mississippi 4, Wisconsin 2. U. of Mississippi 4, Wisconsin 0. Mississippi college 7, Wisconsin 4. Mississippi college 14, Wisconsin 1. Mississippi A. and M. 7, Wisconsin 4. Mississippi A. and M. 4, Wisconsin 1. Wisconsin 8, Union university 3.

Spring **football** practice has begun in earnest and Director Geroge Little has a squad of 150 men out at Camp Randall each afternoon practicing and drilling in the fundamentals of the game. Little hopes to have 200 men in uniform by next fall, when the ranks will be swelled by new aspirants and by men now participating in baseball and other sports. The coaching staff is of the very best, and it includes, besides Coach Little, Jack Harris, Irvin Uteritz, O'Connell, Bieberstein, James Brader, and Gerber, former Wisconsin linesman.

Prospects are favorable for a successful **tennis** season, and with the advent of warm weather the varsity courts have been opened and the squad is holding daily practice to get in condition for the contests to follow. The team seems to be better balanced than last year, according to Coach Masley. Sam Durand is the only man back from last year. The team will be built around him. The prospects who have shown good ability thus far include Godfrey Miller, Warren Koehler, John Manierre, Frank Foster, Enoch Judkins, A. W. Riddle, and E. C. Giessel.

The schedule for the season is as follows: April 25—Marquette at Madison. May 2—Minnesota at Madison. May 9—Iowa at Madison. May 15—Chicago at Madison. May 22, 23—Conference matches at Chicago. May 29—Marquette at Milwaukee. May 30—Michigan at Ann Arbor.

The varsity **crews** have been holding daily practice since the opening of Lake Monona, the squad carrying the shell from the boat-house cross-town to Monona. Beginning with Thursday, April 16, the opening day of the Exposition, the crew practiced on Lake Mendota. Although nearly all the positions will have to be filled anew by Coach Harry Vail, there is plenty of good material. The crew has been strengthened by the return of Harold Bentson, of last year's crew.

The freshman crew will be sent to Poughkeepsie this year, it has been decided by the athletic council.

Although Wisconsin did not win the California **track** meet Saturday, April 13, the trackmen made a good showing and placed in numerous events. Charles McGinnis had to be content with a second place in the high jump, losing to Hampton of California. McAndrews was the outstanding star of the day, garnering 11 points for the Badgers with a first in the 100-yard dash and a second in the furlong and broad jump. His feat of heading Barber, premier dash man on the Pacific coast, in the 100 in the fast time of 9-9/10 on a rain-soaked field was a surprise. Schwarze came through with one of the best heaves of his career in the shot when Gerkin forced him to toss the shot 48 feet, 7½ inches. He took third in the discus throw. Turning in a time of 3:27 8/10, the Cardinal mile quartett ran one of the fastest mile relays the Californians have seen this season. Kennedy, running in anchor position, ran a beautiful race.

Schutt took second in the mile run, Piper took second in the two-mile run, with Perry coming in third. Bergstresser took third in the 880-yard run.

The winning mile relay team was composed of Flueck, Hill, Hilberts, and Kennedy. In the 440-yard run Kennedy defeated Johnson, of California.

## REPORT OF COMMITTEE ON ATHLETICS

By JUDGE W. C. OWEN, '91, *Chairman.*

**T**HE appointment last fall of the Athletic Committee of the Alumni Association at the request of the U of W club of Minneapolis sprang from a dissatisfied attitude on the part of the Alumni body with reference to athletic conditions. This was less than a year ago. Since that time changes with which all are familiar have taken place. The athletic department has been pretty much reorganized. Harmony and enthusiasm prevails. The outlook is promising.

The basketball season has been disappointing, but there is ample reason to believe that we will resume our usual place in the Conference another year.

The track team under Coach Jones has given a good account of itself and has prevented the complete eclipse of our athletic star.

During the next season our football fortunes will be in the immediate keeping of Director George Little. He will be the head coach. He will be assisted by James

Brader, '23, as line and Erwin Uteritz as back coaches. These men were selected by Little and there is no doubt of their loyal cooperation. Guy Sundt will be the mentor of the Frosh squad, while Guy Lowman will pilot the All Americans. This staff is not only satisfactory, but pleasing to director Little, and all hammers should be scrapped. It is up to us to boost.

This organization has been brought about by the earnest and intelligent deliberation of the Athletic Council. While the alumni would no doubt have elected Dr. Meanwell, '15, as Athletic Director by an overwhelming majority, it must be remembered that the Athletic Council were required to weigh many matters with a care and precision not to be expected on the part of those whose conclusions were more naturally the result of impulse and intuition. While his non-selection was no doubt a keen disappointment to Dr. Meanwell, as well as the great body of alumni, it should constitute no reflection upon his very strong qualifications for the position. It is known that he was most seriously considered by the Athletic Council and was held in very high regard by that body, and it is known that he received most complimentary consideration on the part of the Council. The incident when fully understood will be considered as a boost rather than a set-back to the Meanwell career.

It is very likely that the members of the Council will concede much if not all that was put forward in Dr. Meanwell's behalf, but they will counter with other

considerations overlooked by those not charged with the serious duty of selecting a physical director. Whether we agree with the ultimate selection of the Council, it would be very unfair to say that the Council did not give the matter most earnest and intelligent consideration.

It is believed on the part of many of the alumni that the proper attitude towards athletics does not exist on the part of the University faculty—that a sort of Miss Nancy spirit pervades that attitude, and that athletic activities are tolerated rather than encouraged by the prevailing faculty spirit. While this committee is not in a position to utterly disclaim the existence of such a sentiment, we are persuaded that it is not a dominant sentiment, and that it has no potency in the deliberations of the Athletic Council. That body is, we believe, dominated by a very wholesome and affirmative athletic spirit.

The reception accorded to Director Little by both coaches and men is most gratifying and augurs well for the future of athletics at Wisconsin. It seems certain that there will be the heartiest and most loyal cooperation between the director and the coaches. Director Little has a personality that appeals to young men. His presence and contact has aroused noticeable enthusiasm on the part of the athletic contingent of the student body. Under his leadership we may expect a rejuvenation of athletics and hope for a rehabilitation of the erstwhile real Wisconsin spirit.

### Can Football Schedules Be Equalized?

The following Chicago representatives of seven alumni clubs in Chicago (representatives of—Illinois, Northwestern, and Ohio State were not present at the meeting): R. M. Cole, *Chicago*, C. K. Jones, *Indiana*, Robert Showers, *Iowa*, H. K. Legg, *Michigan*, C. B. Smith, *Minnesota*, S. B. Fleager, *Purdue* and F. J. Saridakis, *Wisconsin*, recommend that the Western Conference

“Adopt a mandatory rule requiring each Conference football team to play each other at least once every four years, and providing that commencing with the season of 1926 Conference schedule must be made up before outside games may be scheduled.

“Consider the adoption of a playing schedule which would provide for complete rotation of games between all Conference teams on a home and home basis (that is, two games between each two teams) within a period of four or five years. We suggest as the basis of such a schedule some system of geographical rivals, in which a team would play annually with one or two other teams, and would rotate its other Conference games among other members. This might be more satisfactory, at least in the beginning, than a schedule which interfered with the one or two annual games which are traditions in some universities.”

We attach a voting coupon so that those of our members who are interested may register their opinion for or against this proposal. We shall forward votes received to C. B. Smith, who desired to present the result of this vote to an official conference committee.

COME BACK and see old North Hall. The ivy—the plantings of many classes—still overruns its walls. Within are the class rooms where generations of students have gathered. Come and live over olden days.

## CAMPUS NOTES

By KATHRYN PERRY, '23

THE UNIVERSITY OF WISCONSIN EXPOSITION took place at Madison on April 16-18. Some 80 departments had booths and exhibits, and about 40,000 people attended. A Niagara Falls of Milk from Wisconsin dairy cows formed a background of the dairy booth, with the Fountain of Youth Milk bottle in the front. A bottling works and a cheese factory were presented in addition.

The electrical engineers amused the spectators by frying eggs on a block of ice by means of some butter and eddy currents. The swimming pool contained every kind of fish that exist in Wisconsin rivers, aluminated and fenced off so that the large varieties would not eat the smaller fish. A daily Exposition News was published by the students in the Course in Journalism during the three days of the Exposition. The work was all done on the exposition floor—the reporters were sent out, and the printing done with a Washington press, part of the equipment of the Journalism school.

"Wisconsin's Old Faithful," an artificial geyser designed by Prof. Benjamin Snow, and built by the physics department, spouted boiling water and steam to the roof of the gymnasium every 45 minutes. The eruption was preceded by rumblings within the galvanized iron construction. The geyser is among a few of its kind in the country and was planned especially for the exposition by Professor Snow. The engineers built a model ice plant, a hydraulics plant, both of which operated during the entire exposition, and the mining engineers exhibited two complete model mines. Every department in the university contributed unique pictures of their daily operation in order to carry out the ideal of the exposition—to portray a "Cross-section of the University of Wisconsin."

A MOTHERS RECEPTION to be held May 29, 30, 31, at the University is being planned by the Board of Regents and a student committee in charge. The dates include the times set aside for the annual Senior swing-out, commencement activities, dance drama, women's field day, and Memorial services on Lincoln Terrace. A mother's banquet will be held and special features arranged. Invitations are being sent out to all mothers of Wisconsin students who can get to Madison during those dates by President Birge. The Women's Student Government committee in charge of the reception include Alberta Johnson, Mount Horeb, chairman, Rena Grubb, Stanley, Miriam Inglis, Oshkosh, and Dorothy Straus, Milwaukee. Dean F. Louise Nardin and Dean S. H. Goodnight are the faculty members assisting with the plans.

MR. WALTER KOHLER, of Kohler, has been appointed by the regents to membership in the Board of Visitors, to replace Edward McMahan, Milwaukee, who has moved to New York. Mr. Kohler, the regent from the second district from 1918 to 1924, was vice-president of the Board of Regents in 1920-21, and president for two years from 1921 to 1923.

A SPORT "SHORT COURSE" in football and basketball will be held at the university from June 15 to 26, between the regular session and summer school. George Little, new university athletic director, will teach football and Dr. Walter Meanwell, head of basketball, will have charge of training in his sport. The course will include intensive work in theory and practice from 8 to 12 a. m., and from 2 to 5 p. m., and the university tenting colony on Lake Mendota will be available for those enrolled in the work.

THREE NEWSPAPER TEAMS of four students each edited three Wisconsin weekly newspapers during the vacation. These students are members of the Course in Journalism and include: the *Tomahawk Leader* staff,

Earl Pomroy, Wausau; Lewis Mrkvicka, Racine; Miriam Weiss, Memphis, Tenn.; William Doudna, Madison. The *Ripon Press* group consisted of Max Ninman, Reedsburg; Jewell Dean, Advance, Ind.; Margaret Patch, Oak Park, Ill.; Elizabeth Ellingson, Madison. The *Waupun Leader* was put out by Palmer Narvason, Albert Lea, Minn.; Benita Spencer, Ontario, Calif.; Kathryn Shattuck, Coldwater, Mich.; and Howard Koehn, Madison.

THE ENGINEERS' ST. PATRICK PARADE was enlivened this year by a rotten egg barrage laid down from the roofs of buildings along State street by the traditional enemies, the lawyers. When the parade returned down Langdon street, the engineers reciprocated by bombarding the Pi Alpha Delta house with rotten eggs, rotten oranges, and stale meat. The floats this year, although unusually good, merely formed a side show to the egg fight.

A FELLOWSHIP IN METALLURGY of \$1,500 was given the University by the Milwaukee Steel Foundry Company, and Leo Shapiro, Madison, was appointed under the fellowship to make a study of the technical problems peculiar to the steel casting industry. Mr. Shapiro is collaborating with A. T. Baumer, works manager of the Milwaukee foundry, who is enrolled as a graduate student in the university class of graduate engineers at Wisconsin's Extension in Milwaukee. Mr. Baumer's work is under University direction, and Mr. Shapiro will further the experiment in the engineering laboratory at Madison.

Prof. J. H. WALTON, chemistry department, prepared a booklet entitled "Chemistry in the Service of the State," and some 20,000 copies were sent out to industries, business concerns, newspapers, and individuals throughout the United States. The booklet traces the history of modern chemistry, pointing out the relation of chemistry to agriculture, to industry, to disease, to research, to the future, and includes the cultural value of chemistry.

SOME 26 SPECIAL ALUMNI MEETINGS in Wisconsin have already been held throughout the state by local groups. The meetings are being scheduled under the direction of the alumni office at Madison in order to acquaint the state alumni with the financial conditions of the University. Prominent alumni and faculty members, equipped with facts and figures about the University, have been sent out as speakers. Meetings have been held now in Janesville, Superior, Columbus, Neenah, Green Bay, Appleton, Beloit, La Crosse, Watertown, Sparta, Racine, Marshfield, Manitowoc, River Falls, Platteville, Elkhorn, Baraboo, Kenosha, Wausau, Antigo, Sheboygan, Stoughton, Oshkosh, Marinette, Medford, Sturgeon Bay. It is hoped that a meeting will be held in each of the 77 counties in Wisconsin.

DR. HARRY EMERSON FOSDICK, former pastor of the First Presbyterian church in New York city, spoke this month at the campus Religious conference. His first two public lectures in Lathrop and the Sunday addresses held in the men's gymnasium drew full houses. His general theme was "The Need of Modern Religious Leadership," and his lectures took up various forms of that subject.

## U. W. CLUBS

"Sit together, listen together, sing together, eat together, and you'll work together."

## LOCAL U. W. CLUBS

*The organized alumni body of our University is rapidly growing in numbers and effectiveness. The Alumni Council, to which the various alumni clubs send representatives, and which is the central directing organization, is ambitious to bring about a closer fellowship among the alumni, former students, and friends of the University. It believes that one of the most effective means to this end is the formation throughout the country of University of Wisconsin clubs. There are numerous communities in which the number of available members is such as to make the formation of these clubs entirely feasible and desirable. Clubs have already been established in a number of cities, in several counties, and in a few states.*

The reports from local clubs are always important. We ask each club secretary to see to it that all members of the local club are members of the General Alumni Association.

## AMES

A. R. LAMB, '13

THE Ames U. W. Club held a very enjoyable informal meeting at the home of Professor and Mrs. E. R. Smith (Lulu Cass, '06), on the evening of November 19. A "Cafeteria" supper was served, "stunts" and a mock trial were pulled off, Wisconsin songs were sung, and the U. W. Glee Club was heard over the radio.

Another meeting was held on February 19, 1925, when Prof. Stephen Gilman of the faculty was entertained at dinner. His intimate discussion of the university as it is today was as interesting as ever to those who were present. Wisconsin songs were sung, including the favorite song of our venerable past president, John Brindley, '02, "By the Light of the Moon."

Annual dues of fifty cents were voted, and paid by some of the members.—3-19-25.

## APPLETON

MIRIAM ORTON RAY, ex '22

The Appleton Club had a large and peppy banquet on March 27. We had fifty-six reservations which is the largest number yet. Not only is it the largest, but it included a great many people who had never attended before. We had as our guest Regent Bachman of Appleton who gave a short interesting talk and told us that the regents were doing all they could to get the appropriation. He gave us some astounding examples of the crowded conditions at the University. One of our assemblymen from this district, Mr. Mueller, also attended. He gave no talk, but Judge Huniman read letters from Mr. Mueller, and our other assemblyman, Mr. Antone Miller, pledging their support to the interests of the University.

John Dawson, '24, led the discussion. The statistics which he quoted were very interesting. A committee on resolutions was appointed which drew up a resolution stating our desire to have our representatives at Madison do all they could for us. A copy of this resolution was sent to each of our assemblymen and to our senator. One was also sent to George I. Haight, Chicago. After a few impromptu talks, the meeting adjourned.

Last Saturday the alumni and nearly the whole population of Appleton saw the Haresfoot show "Ivanho." Haresfoot is very popular here and if they would play here two nights I am sure the theater would be packed. Their show this year was great,

COME BACK and see Observatory Hill. The Observatory with its great telescope—the gift of one of the University's friends—is still there. How many times has it enlarged the students' vision. Come and under its dome let your thoughts leap out.

and people are still talking about it. The boys didn't have much time here so the alumni did what little they could, and gave a dinner for them. Next year we hope to do more.

With spring and summer almost here we probably won't have any more meetings until fall. Next winter we plan on having more. People seem to enjoy them and the oftener they meet the better acquainted they become, and everyone has more to say.—4-9-25.

## BARABOO

H. M. LANGER, '17

A meeting of the U. W. Club of Baraboo was held Monday Evening, March 23, at the residence of Dr. and Mrs. C. F. Stekl (Marjorie Fisher, '20).

About twenty members of the Club were present to listen to the splendid talk given by Prof. Max Mason on the financial crisis confronting the University at the present time. He also told of the University's contributions to the general welfare and prosperity of the state through the medium of research in the fields of Medicine, Physics, Agriculture, Biology, and Botany. His talk was not only instructive and enlightening but also entertaining.

In the opinion of the Club Professor Mason would experience little difficulty in "selling" the University to the voters of the state.

The following resolution was then adopted:

IT APPEARING that there is in existence a movement to curtail the activities of the University of Wisconsin, to reduce the appropriations for its maintenance and operation, as well as for its expansion and growth and, in general, to hinder, retard and obstruct its growth and development;

AND BELIEVING that such movement is the result of misconception and misunderstanding of the University's work and of its needs;

AND FIRMLY BELIEVING that it is essential to the welfare and prosperity of the State of Wisconsin that a high standard of education be maintained, and that such high standard can be maintained only by appropriation of sufficient funds for efficient operation and expansion, as outlined by the President of the University and the Board of Regents;

NOW THEREFORE, BE IT RESOLVED, that the University of Wisconsin Club of Baraboo, Wisconsin, go on record as opposing any movement which has for its object the crippling of the University of Wisconsin;

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the members of the State Legislature representing Sauk County, together with a plea that they

familiarize themselves with the facts concerning the University's financial needs and that they use their efforts and influence to obtain appropriations for the University sufficient to meet the requirements made necessary by its tremendous growth, and to maintain that high position which it has held among the institutions of learning in the United States.—3-31-25.

### DETROIT ALUMNAE

ELLEN EGAN, '17

The monthly luncheon of the U. of W. Alumnae Club of Detroit was held at the College Club, March 14, and despite disagreeable weather sixteen members were present.

The main interest of the club centers around the plans for sending a girl from Detroit to attend the Wisconsin summer school for women workers. After the report of the investigation of this project, carried on by Edna CONFER De Boos, ex '09, and Alice Quade, '21, was given, it was decided that the club should raise the money for this purpose by subscriptions from the members.—4-9-15.

### DOOR COUNTY

MARION BARBER REYNOLDS, '23

At a meeting of the Door County U. of W. Club during the holidays, R. E. Balliet, '23, superintendent of the city schools, was unanimously elected president of our alumni organization. Other officers for the year of 1925 are Arno Wittich, '15, vice-president, Mrs. Karl Reynolds, '23, secretary, John Wegener, '27, student secretary, John Purves, '24, treasurer.

This year a new sort of entertainment followed the banquet. Instead of the alumni making all the speeches and doing all the stunts, we made good use of our twenty-six Door County students at the University. They told of campus life, they sang new college songs, and humorously portrayed many campus celebrities that even we alumni can remember—ancient as we may seem to our college friends. All in all the evening was most enjoyable—and somehow a good old Wisconsin reunion seems to put "pep" into us all.—3-19-25.

### GRAND FORKS

O. G. LIBBY, '92

The members of the Grand Forks Alumni Association read the appeal of President Haight in the April number of the ALUMNI MAGAZINE and send with this a small contribution to aid in the campaign which you are carrying on in defense of our Alma Mater. The amount of our contribution to the Alumni Loyalty Fund is not large, but we send it with our best wishes and with a pledge of our continued loyalty to the University.

We all join in expressing the hope that your labor may be crowned with success and that our Alma Mater may be saved from the danger which is impending.

A list of the members of the Association accompanies this letter.

Elroy Bollinger, '23, Clyde Ferrell, '20, Edgar Baird, '14, Joseph Dreps, '21, Roy French, '23, Miles Lander, '19, Samuel Torgerson, '80, Ezra Towne, '97, O. G. Libby, '92, Anna McCumber Chandler, '99, Mary McCumber, '99, Alma Luessen, '19, Mary Elwell, '16, Rheinhold Jacobi, ex '20, Jesse Bond, '15, Raymond Hitchcock, '07.—4-4-25.

### KENOSHA

M. C. FROST, '23

*WHEREAS, the necessary development and growth of the University of Wisconsin, nationally famous,*

*Wisconsin's greatest institution, and our Alma Mater, has been seriously hindered because the Legislature of the State of Wisconsin has failed for several years last past to provide necessary funds to pay for such development and growth, and;*

*WHEREAS, such failure of the Legislature of the State of Wisconsin to provide the funds aforesaid has curtailed further development of the University of Wisconsin, has wholly prevented a building program for educational purposes, has placed undue hardship upon the University authorities, has denied to the daughters and sons of the State of Wisconsin and elsewhere the advantages, conveniences, and privileges that necessarily must be provided by any great institution of learning, and has seriously hindered the influence for good of the University of Wisconsin, and imminently threatens to destroy in great measure such influence for good of the University of Wisconsin, and;*

*WHEREAS, it is believed that the failure of the Legislature of the State of Wisconsin to provide the funds aforesaid has resulted directly because the seriousness of the true situation of our Alma Mater has not been brought to their attention,*

*NOW, THEREFORE, be it resolved by the University of Wisconsin Alumni Association of Kenosha County that this Association go on record as in all respects approving the request of the Board of Regents for the necessary funds for the purposes aforesaid, and that this Association respectfully petitions and earnestly requests our representatives in the Senate and Assembly to support legislation that will provide adequate appropriations for the maintenance of the University, the necessary additions to its buildings, and the erection of additional buildings.*

Committee.

### LOS ANGELES

University alumni gave the invading Badger track squad a rousing banquet and reception on the evening of April 6. Nearly 200 former stars of Wisconsin athletics, campus notables, and other now prominent figures in Southern California affairs were present. The magnificent hall of the incomparable University Club here rang with the tribute of the splendid welcome accorded the invading Cardinal team.

"Big Jaw" Richards, former Wisconsin football star and coach, was scheduled to be master of ceremonies, but he was suddenly called out of town. The spirit of loyal Badgers, joyous and proud in their welcome of the squad, predominated at the banquet.

"Give the Golden Bears hell." That was the keynote of the meeting, and it was evident that the old Badger grads felt that their track team was capable of doing it.

Among the alumni who addressed the banquet were Chief Justice L. W. Myers, '93, California Supreme Court, Dean Porter, '81, head of the University of Southern California Law School, Melvin Hass, '16, basketball captain, and Edward Stavrum, '16, grid star.

Coach Jones, Captain Lloyd Vallely, and John Bergstresser responded for the invaders.

"The woods out here are full of good athletes," said Jones, "but we have a well balanced team which should show that the track talent is not all in California."

Wild cheers greeted this simple statement, and the veteran Wisconsin coach brought down the house when he predicted a good football team at Madison

Station WWJ, Detroit, on May 8 at 10 P. M. will broadcast a musical program and details of the annual Intercollegiate Spring Frolic to be held at Detroit on May 16.

next fall and told what great work George Little is doing as director of athletics.

Mead Burke, assistant coach, also spoke. "Why don't the alumni start a concerted movement to burn down the old gym and get us a field house?" From his reception, it would seem that the California alumni are willing to try it.—4-7-25.

### MANITOWOC

JEAN ANDERSON, '12

The formation of a permanent U. W. Club was begun in Manitowoc, March 10, when University alumni met and discussed means of aiding the University in its battle for more recognition from the legislature. Max Strehlow of Green Bay and Regent John Schmidtman explained the dire need of an immediate generous building appropriation.

Earl Vits, '14, was named president; Jean Anderson, '12, secretary-treasurer; and W. H. Luhr, '89, A. J. Wyseman, '01, and R. G. Plumb, '01, were named as a committee to draft a set of rules and to outline the organization. The association will meet again on the call of the president.—3-12-25.

### MILWAUKEE GILMAN CLUB

ESTHER RIGBY, '10, Sec.

The annual meeting of the Gilman Club was held at the Hotel Medford, March 13. Professor and Mrs. Gilman were guests of honor. Thirteen of the members were present. Professor Gilman gave the girls an inspiration talk, such as only dear "Steve" can give.—3-25-25.

### MINNEAPOLIS ALUMNAE

IRMA ALEXANDER BULLIS, '15

The March luncheon and bridge party at the Hotel Leamington was a very enjoyable affair. Mr. Solon J. Buck, '04, superintendent of the State Historical Society and professor of history at the University of Minnesota, gave a most interesting talk on the early history of Minnesota.

The next regular meeting will be held at the Hotel Leamington on Saturday, April 18. The meeting will be very informal. Campus news will be discussed at the luncheon. Bridge will be played during the afternoon. These meetings have been very popular and have been well attended.

Our Club together with the members of the Minneapolis University Club were most delightfully entertained by the members of the Minneapolis University of Wisconsin Alumni at a reception given by them in honor of the Haresfoot Club at the University Club-house on Mount Curve Avenue Sunday evening, April 5.

On Monday evening, April 6, we had the great pleasure of seeing the Haresfoot club in their production "Ivan-Ho." Every one is still talking about the wonderful scenery, the gorgeous gowns, the lighting effects, the orchestras, the amazingly proficient dancing of the solo dancers, the pony ballet, the show-girls chorus, the fine manner in which Ivan, Rowena, Applestain, Cedric, Egglepate, Oswald and the Black Knight were portrayed. All received round after round of enthusiastic applause. William Ross as Wamba came in for a large share of applause. His clear tenor voice delighted the audience.—4-9-25.

### NEW ENGLAND

ROSAMOND ALLEN, '21

The spring meeting was a great success. Although heralded as an April Fool party, it proved to be so

*COME BACK* and see the old gym—once large and now small. It is not too small to hold echoes of your time. Let them stir your memories.

interesting and enjoyable that the joke was on those who could not attend, rather than on the group of approximately seventy who did. The meeting was held on April 1 at the Cowles Playhouse in Boston. It began with a playlet given by students of Mr. Cowles, the leading lady being Perle Hopson of the class of 1919.

After this a business meeting was held. Robert McKay, '15, our secretary, was elected to represent the U. W. Club in the newly-formed conference organization in Boston. Mr. George K. Briggs of Michigan, the prime mover in this organization, outlined its purposes for us. It is intended to promote acquaintance between the alumni of the various conference schools in and near Boston, and to be an organization which can be utilized in case of athletic contests between conference schools and the different colleges here in the East or in case of a distinguished visitor's coming from one of the conference institutions.

In addition to this business, a resolution was passed, as follows:

*WHEREAS: The University of Wisconsin Club of New England realizes the serious condition which confronts the University of Wisconsin with regard to the needed funds, not only to maintain past standards, but to develop its plans for the immediate future, and*

*WHEREAS: Inadequate support of the University would deprive the youth of the state of the advantages of higher education, whose value we so fully realize, and*

*WHEREAS: The Alumni and friends of the University take particular pride in the excellent standing and reputation which the University now has among the educational institutions of the country, and*

*WHEREAS: The Alumni and friends note the unusual support given to higher education in New England and see the benefits therefrom to New England and the country as a whole:*

*BE IT RESOLVED: That the alumni and friends of the University of Wisconsin assembled at a meeting held April 1, 1925, in the City of Boston, express their earnest hope that the Legislature of the State of Wisconsin will make adequate provision for the proper maintenance and future development of the University in all its departments.*

*Signed on behalf of the alumni and friends of the University assembled at the spring meeting of the University of Wisconsin Club of New England, this first day of April, 1925.—Daniel Starch, Sam'l B. Groom, '13, Alice Crane, '14.*

After the business meeting, there was an informal dance, and light refreshments were served. April Fool's Day was very nearly over when the happy gathering broke up.—4-8-25.

### RACINE

MARGARET FLETT, ex '22

The Racine U. W. Club held a luncheon meeting April 6 at the Elks Club, and enjoyed a get-together. Robert Crawford, '03, was the special guest at the meeting, and gave a short talk on general conditions at Wisconsin.

A discussion of the financial situation was the most important one touched on by Mr. Crawford, and he gave the members of the club some excellent suggestions for working with the committee in charge of the appropriations. He also spoke of the athletic situation, and pointed out that George Little and his assistants are working extremely hard to make Wisconsin a leader in athletics.

Mr. Crawford commended the club on the resolutions adopted at the banquet held during the month

of March, and thanked the members for their support of the University and its needs.

Charles McKivitt, '24, in charge of arrangements for the entertainment of the Haresfoot Club during its appearance here, asked the support of every member of the club in securing rooms for the boys, who are to be housed in local homes.—4-7-25.

### ST. CROIX VALLEY

INEZ UPGREN KNAPP, '18

The St. Croix Valley U. W. Club held its annual meeting and banquet March 19. The following officers were elected for the coming year: Otto Eggebrecht, ex '23, president; Laura Weld, '99, vice-president; Arthur Benson, '23, secretary-treasurer.

Judge Oscar Hallam, '87, of St. Paul, was the principal speaker for the occasion, and he delivered a very interesting talk reminiscent of the old days at Wisconsin. He also dealt with the present needs of the University and the lack of funds with which to keep pace with our neighboring state universities. Edwin Baer, '19, Allan Briggs, '16, and Matthew Quinn, '24, responded to toasts. Prof. R. A. Karges, '06, acted as toastmaster.

Among the out of town guests were Mr. Pitts, Miss Ingli, Miss Hallor, Miss Bottensek, Mr. Seyforth, and Mr. Quinn, of Ellsworth; and Mr. Baer and Mr. Briggs, of St. Paul.—3-26-25.

### WAUSAU

VANGEL RUSSELL, ex '22

The Wausau U. W. Club gathered at the Wausau Club March 28 and listened to an explanation of conditions now prevailing at the University, given by Theodore Kronshage, '91, and George Haight, '99. George Ruder, '16, presided; following the program, the

club elected Judge George Leight, '11, president, and Vangel Russell, ex '22, secretary, for the coming year.

The club unanimously adopted the following resolution:

*WHEREAS, the development and growth of the University of Wisconsin once nationally famous, has not only been brought to a standstill, but that drastic curtailments in service and activities are faced due to an unwillingness of Wisconsin legislatures to finance our state University and Alma Mater on the plane that other state universities are being financed; and*

*WHEREAS, such failure of successive Wisconsin legislatures has left the University of Wisconsin without any new appropriations for educational buildings for more than ten years, thus not only curtailing the services of the University to the state but depriving the daughters and sons of Wisconsin of the ideal educational advantages long maintained by our state; and*

*WHEREAS, such failure on the part of our successive legislatures has deprived the University of Wisconsin of its position in the foremost ranks of American universities, has seriously interfered with the securing of efficient faculty members and administrative officers, and*

*WHEREAS, the outlook for the future life and service of our state University and Alma Mater is very critical; therefore be it*

*RESOLVED, by the Wausau Club of the University of Wisconsin Alumni and friends in annual gathering assembled, that they go on record as emphatically approving in all respects the request of the Board of Regents for the necessary funds for the operation, maintenance and construction of necessary buildings, and that this association respectfully petitions our representatives in the senate and assembly to support legislation that will provide adequate appropriations for the purpose enumerated and that a copy of these resolutions be sent to our representatives at Madison, with the request that they act accordingly.—4-2-25.*

## PRESIDENT'S PAGE

By GEORGE HAIGHT, '99

**C**OME BACK to Madison! Come back and hear Mendota crooning her old songs! Listen to her whisperings of stories of the days that were yours—some familiar, some almost forgotten.

Come and look across to Maple Bluff, to Picnic Point, and to the shore beyond. How your memory will fill that watery stretch with pictures—pictures of white-winged ships, of hurrying launches, of shells with their straining eights, of reflected banks, of deep-buried clouds, of the evening sun's farewell, and perhaps when night falls of a canoe lazily floating in the moonlight.

Come back and hear the lulling trees on Muir Knoll, along the campus walks, and beside Lovers' Lane. Hear them repeating now the catechism that you learned from them. Let them wave their friendly greetings, as once they hopefully and confidently waved their farewells. Come back! The lanes and drives await you. The hills and valleys are unchanged. They will know your tread.

Come back and stroll up the sloping campus—step into the class-rooms that once you knew. How unchanged some of them are. Will it not give you joy to grasp the hand of some professor, many that you knew are still there. Their terms of service variously range back over fifty years. See your old friends and classmates. Meet new ones—some of them older, some younger than you.

Attend the many functions—the picnics, the banquets, and the ceremonies of commencement time! Come! Be entertained, rejuvenated, and inspired! Renew your loyalty. Let buildings, trees, hills, ivy-clad walls, and the spots that once knew you rehearse once more events that have been woven into the strong warp of your life's fabric. Come back to Madison in June! Come where the realities may cordially meet the dreams that were!

## ALUMNI NEWS

Alumni please keep in touch with the MAGAZINE and with your class secretary.

## ENGAGEMENTS

- ex '15 Dorothy Mather, Philadelphia, to Thomas HARNEY, Marshfield. Mr. Harney went East after graduation to become superintendent of a large country estate near Westchester, Pa., owned by Miss Mather's father. The wedding will take place in May.
- 1920 Alice DAY, St. Louis and New York City, to Cecil RUSSELL, Christchurch, New Zealand. The marriage will take place within six months in New York.
- 1921 Edna GAPPEN, Tulsa, Okla., to Arthur Schroeder. Mr. Schroeder is a special agent for the American Insurance Co.
- 1921 Harriett DOHR, Kimberly, to Dr. E. B. PFEFFERKORN, Augusta. Miss Dohr is at present a supervisor of public school music at Waukesha. Dr. Pfefferkorn is a graduate of Northwestern College, Naperville, obtained a master's degree at Wisconsin in 1922, and an M. D. degree from Washington University, St. Louis, in 1924.
- 1924 Ethel SHREFFLER, Fremont, O., to Gerald HEEBINK, Brookings, S. D. The wedding will take place in June.
- 1925 Helen CARR, Lancaster, to J. A. Keenan Jr., Madison. Mr. Keenan is general superintendent of the General Laboratories of Madison.
- ex '25 Mary Meloy to Clarence ENGELBRETH, both of Madison. Miss Meloy is private secretary to the executive secretary of the Wisconsin Utilities. She is a graduate of St. Clara's College at Sinsinawa. Mr. Engelbreth is United Press representative in Madison. The wedding will take place in early fall.
- 1926 Dorothy L'HOMMEDIÉU, Madison, to John CLEVELAND, formerly of Cincinnati, O. No definite date for the wedding has been announced.

## MARRIAGES

- 1920 Clara Runkel, Madison, to Merville HOBBS, March 24, at Oak Park, Ill. They reside at 310 East 68th St., Chicago, where Mr. Hobbs is connected with the law firm of Haight, Adcock, Haight & Harris.
- 1920 Jennie Anderson, Black River Falls, to George ABELL, Clinton, February 26, at Waukegan. They are residing at Clinton.
- 1922 Consuelo BURWELL, Madison, to Dr. Frank GARBER, Muskegon, Mich., March, at Muskegon, Mich. Dr. Garber is associated with his father, in the practice of medicine at Muskegon and will reside with his wife at 159 Jefferson St., in that city. Mrs. Garber studied theatre arts in New York and also instructed in the famous school of Dr. W. T. Grenfell at St. Anthony, Labrador.
- 1922 Dorothy Dwight, Madison, to Carl CEASAR, April 18, at Madison. Mrs. Ceasar did post graduate work at the University in 1923-1924 until the family left for California where they have resided until recently.
- 1923 Virginia LeFevre, Chicago, to Harry EDWARDS, January 24. They are residing at 4244 Kenmore Ave., Chicago.
- ex '23 Hazel HORSTMAYER, Madison, to James PRICE, Milwaukee, March 14, at Madison. Mrs. Price has been an industrial nurse at Milwaukee since her graduation from the Columbia Training School for Nurses in Milwaukee. Mr. Price is now a civil engineer employed by the Milwaukee Sewage Commission. They will be at home May 1 at 745 Bartlett Ave., Milwaukee.
- ex '27 Evelyn Macey to Eugene WECHTER, both of Berne, Ind., Easter Sunday, April 12. Mr. Wechter has been an instructor in the chemistry department of the University for the past two years.
- 1924 Pearl Borchert, Madison, to Maurice FITZE, Beloit, March 28, at Madison. They are living at 677 Wentworth Ave., Milwaukee, where Mr. Fitze is test engineer for the Lakeside Power Company.
- 1924 Kathryn WINTER, Madison, to Lyall PINKERTON, Neenah, April 4, at Madison. Mr. Pinkerton is at present associated with his father in the knitting business in Neenah, where Mr. and Mrs. Pinkerton are now residing.

- 1924 Leota Bongey, Madison, to Waldemar SCHOENOFF, Chicago, March 29, at Madison. Mrs. Schoenoff is a graduate of Madison College and has been employed in the Madison offices of the Northwestern Mutual Life Insurance Company. She has been very active in Y. W. C. A. work in Madison. Mr. Schoenoff is with the Commonwealth Edison Co., at Chicago, where they are now living at 1401 Winnemac Ave.
- 1925 Claire THOMAS, Madison, and Ermin SMITH, Wisconsin Rapids, March 28, at Madison. The couple will make their home in Mosinee, where Mr. Smith is in the hardware business.

## BIRTHS

- 1908 To Mr. and Mrs. Sidney WILLIAMS (Margaret FRANKENBURGER) 2609 Lincoln St., Evanston, Ill., a daughter, Barbara, December 18.
- 1913 To Mr. and Mrs. Hinman MOORE, 821 Williams St., Joliet, Ill., a daughter.
- 1917 To Mr. and Mrs. Omar WRIGHT (Helen CRONIN), 405 N. State., Belvidere, Ill., a daughter, Katherine Louise, December 9.
- 1918 To Mr. and Mrs. Charles WARNER (Rosa BRIGGS), Cresson, Pa., a daughter, Rosa, February 14.
- 1918 To Mr. and Mrs. Walter CRAIG (Isabel MC-LAY), 1805 University Ave., Madison, a son, February 26.
- 1920 To Mr. and Mrs. Adolf STIEMKE (Adele HOFFMANN), 2801 Alameda Blvd., Baltimore, Md., a daughter, Eugenia Adele, February 15.
- 1920 To Mr. and Mrs. Richard White (Louise WELD), 1002 W. Colfax Ave., S. Bend, Ind., a son, Walter Edward, March 4.
- 1920 To Dr. and Mrs. Frank Dealy (Margaret WENSLEY), 178 N. 24th St., Flushing L. I., a son, Frank Richardson, March 28.
- 1921 To Mr. and Mrs. Eugene BESPALOW, Jacksonville, Fla., a daughter, Hope Marilyn, January 11.
- 1922 To Mr. and Mrs. Roy REDIN (Gertrude KEHL), 1652 Juneway Terr., Chicago, a son, Roy Wilmer Jr., March 26.
- ex '22 To Mr. and Mrs. Winfred JOHNSON, Berkeley, a son, Lewell Winfred.

## DEATHS

HENRY W. HOYT, '72, life member of the General Alumni Association, departed this life on the 30th day of January, 1925, at his home at Pasadena, California, where with his wife and daughter he had resided since his retirement from active business a few years ago.

Soon after graduation from the University, Mr. Hoyt with his classmate, Horace M. Wells, located at Crete, Nebraska, and engaged in the newspaper and printing business, but he remained there only a few months, when he disposed of his interest in said business to Mr. Wells, and returned to Madison, and accepted the position of associate owner and editor of the *Madison Democrat*, which position he held for several years. He then disposed of his newspaper interests and entered the hotel business, being connected at first with the Park Hotel at Madison. In 1883 he severed this connection and removed to Chicago, and associated with Mr. Gates, son of the owner and operator of the Gates Iron Works, leased and operated the Gault House for a few years very successfully and profitably.

He and his partner then disposed of this business upon the suggestion of his partner's father, who desired to retire from active work and invested their funds in and took active management of the Gates Iron Works, a large and profitable manufacturing institution.

For many years Mr. Hoyt gave his undivided attention to this business which continued to be successful and profitable. During this time he became prominent as an arbitrator of disputes between labor and capital, and gave much time to the settlement of labor troubles. In many instances he was selected by all the parties interested for such service.

For a considerable period he was president of the National Founders' Association, and his services in this connection were recognized at the end of his

COME BACK and see your old professors. They gave you much. Give them the best you can give them—the knowledge that their work was worth while and that you are thankful.

official labors by resolutions and a valuable memorial gift of the Association.

When the Allis-Chalmers Company was organized, the Gates Iron Works was taken over by that corporation, and Mr. Hoyt became vice-president of the combination and served in that capacity for a considerable period. During this time he also served as director of one or more banks in which he became interested as a stockholder, and he also purchased a considerable interest in and became a director of the Great Lakes Engineering Corporation of Detroit, Michigan, engaged in the manufacturing of boats and ships for lake transportation.

In 1907, having severed his connections with the Allis-Chalmers Company, he removed from Chicago to Detroit and became an executive officer in active charge of the general business of the Engineering Company, and for several years he prosecuted this work until his retirement from active labors.

During the war he became chiefly interested in war work, and his company rendered great service to the government, by constructing more than eighty ships for government use, noted for their speed and general merit.

For sometime Mr. Hoyt was a director of the Detroit Chamber of Commerce, and of the Employers' Association, and he served as chairman of the Americanization Committee of the city.

For many years Mr. Hoyt was a member of and an earnest worker in the Christian Science church, serving in the positions of director and first reader, and otherwise aiding in the work of the church.

He left surviving him, his wife, three daughters and several grandchildren.

During his University career, Mr. Hoyt gave evidence of character and diligence which forecast his remarkable and successful career briefly above recited. As a student, he was industrious and allowed nothing to interfere with his work. The result was that at graduation he was awarded first honor in his division of his class.

He had a cheerful and most friendly disposition, and complete self-control. He loved his associates and acted accordingly; hence his influence for good was great and lasting.

For many years prior to his decease he was secretary of his class, and always when possible attended the class reunions and otherwise did all that he was able in the interest of his Alma Mater. He was president of the Alumni Association in 1907-1908.

By reason of his college record and his subsequent successful and beneficial labors briefly recited above, he was about the year 1913 elected a member of the Alpha Chapter of Phi Beta Kappa of Wisconsin.

J. R. MATHEWS, '78, died April 7 in Menomonie after an operation. He was mayor of that city for eighteen years and practiced law there for many years.

Judge A. C. LARSON, '83, attorney and former county judge, passed away at Eau Claire, Sunday, March 22.

HARRY ENCKHAUSEN, ex '87, died at his home in LaCrosse on March 7 following a long illness. He is survived by his widow and four children, five sisters, and two brothers.

Prof. A. B. O'NEIL, '97, passed away at Oshkosh, March 17.

HERMAN KOPP, '00, died April 3 at Virginia, Minn. His health had not been of the best in recent years, and he had suffered intensely after a nervous breakdown following a period of overwork in connection with his business at Virginia. Besides his parents, Mr. Kopp is survived by his wife, two sons, and a sister.

ALEXANDER LEGRAND, '10, died March 25 at the Sacred Heart Sanatorium, Milwaukee. Mr. LeGrand was paymaster at the First Wisconsin National Bank. Previously, he taught in the Wausau High School and the Bay View and South Division high schools. He leaves his wife, his mother, and five children.

AILEEN MCINTOSH COON, ex '20, died March 24 at the Memorial hospital in Edgerton, following an operation. She is survived by her husband, two sons, her parents, two sisters, and three brothers.

Dr. JOHN LOGAN, '21, was fatally wounded in an attack by bandits at Arta, Southern Epirus, Greece, and died March 18. He left the United States last September for Athens, where he had been doing special work in archaeology.

After receiving a B. A. degree from Emory University, Ga., Dr. Logan entered the army and went to France with the expeditionary forces and remained until 1919. He held the University Fellowship in Greek at Wisconsin, and received an M. A. degree in 1921. From this time until 1923 he held the Charles Kendall Fellowship in Greek, when he received the degree of Ph. D., teaching the classics in the summer session of the University. Dr. Logan was also a member of the American Philological Association and of the Classical Association of the Middle West and South.

## CLASS NEWS

Class secretaries are asked to get their material to this MAGAZINE before the tenth of each month.

1860

Sec'y—J. B. PARKINSON, Madison  
516 Wisconsin Ave.

Reune June 19-22!

Three generations of the Powers family will attend the commencement exercises this year. W. P. Powers of Los Angeles, California, has already reserved rooms for himself, his son: F. W. Powers, wife, and two grandsons who expect to enter the University at the opening of the fall semester.

**Reune June 19-22!**

A. N. HITCHCOCK hopes to be with us for our 45th anniversary in June accompanied by his wife. He also hopes his daughter and her husband, Professor and Mrs. MCMURRY, both graduates of our University, will be present. Professor McMurry is connected with the University of Michigan.—Charles STERLING also expresses the hope and desire to be in Madison at the time.—A. E. SCHAUB says he and Mrs. Schaub expect to be here from first to last and to miss nothing.—Waldo FISHER writes: "I see no reason at present why we can not be there. I am already looking forward to the pleasure of meeting again some of the old friends."

The Secretary will be most happy to hear from others.—4-9-25.

**Our class reunies every year.**

Fellow Class-Mates: I am again addressing you and my theme, as usual, will contain much of the Ego!

My seven weeks' vacation was spent entirely in Florida. I was strongly importuned by our distinguished class-mate, Emil Baensch, ex '81, to sacrifice my round trip ticket and deviate from the beaten track to call on our old friend Paul Brown whom we all recall as one of our jovial companions of the 80's, who now has acquired wealth, dignity, and sense, and spends his winters at Biloxi, Miss. Time prevented my giving myself that pleasure. When at home, Paul lives in Rhineland and is a Big Tree in those parts. Palm Beach was my longest stopping place. Not at the Royal Poinciana nor the defunct Breakers did I stop! A much nicer place offers me annual hospitality. I cite my hostess purely as a typical sample of how money germinates and grows in Florida.

Mr. and Mrs. B. migrated to that state eleven years ago. They forwarded from Spooner, Wisconsin, two freight cars containing household goods, a horse, a cow, a dog, and a farmer's lad to care for same in transit. On arrival at West Palm Beach, they had exactly \$16.80 in cash. Mr. B. was an experienced lumberman, an ex-University of Wisconsin man. He obtained credit, lumber being advanced to him by a local dealer. He founded the town of Lake Worth, seven miles south of Palm Beach, opened his yard,

built a couple of houses, sold them, built more, etc. Mr. B. died a year ago. His estate is scheduled at \$300,000. Acres he purchased at \$75 are selling for \$4,000 this year. People are land crazy from Key West to Jax—from Miami to St. Petersburg. It is all plotted, and much of it sold and resold many times. Florida will soon have more actual millionaires as actual residents than any other state. "No inheritance tax" is their magnetic slogan! Bryan was the first man to grasp its significance. Others we all know are Curtis, owner of *Saturday Evening Post*, his son-in-law, Edward Bok, Babson, the statistical expert; and many others have built beautiful homes there. The three latter are at Mountain Lake, a magnificent section in the central part of the state. My reason for eulogizing their selection of a home is more vividly to call your attention to the wisdom and judgment of our old classmate, Mark Waldo, '84.

Mark migrated to Florida about forty years ago. He has chiefly managed phosphate plants and is now acting as receiver for a large concern. His headquarters are at Bartow. He has a lovely home, a charming Missouri wife, a son graduated with honors from Annapolis, a daughter in finishing school in the North. His county is famed as producing the most in quantity and quality of luscious grape-fruit and oranges in the state. Mark has an interest in three groves. Seeing is believing. We sampled them all. Superfine! Now where would you expect Mark to locate his best grove? No other place than on the beautiful slope reaching down to the shores of "Lake Easy." Who gave it this delectable name our host declined to say. You can draw your own conclusions knowing his fondness for comfort.

How does it seem to greet an old school chum after 44 years? Strange ideas one has as to how the other looks. Mark and I parted Commencement Day, June 21, 1881—met again March 5, 1925. He knew me instantly, and I surmised it was he. I had advised him of my coming. I was the *only* man who got off the train, and *he* was the *only* man on the platform. We embraced at once. Then came the analysis. He saw no semblance of my young self. I recognized no ear marks on him. We both were *thin* in college days. We are much thicker now. Apropos of Mark's thinness in those days, I met an old chum of his, one of Wisconsin's most distinguished graduates, Dr. Archibald Church. Doctor is one of the most eminent in his line in Chicago. A very busy man with a very lucrative practice! Still he could not refrain from giving me many episodes concerning Mark and himself. Doctor and I were so hilarious over his anecdotes that we were blocking traffic right in front of the Congress Hotel, oblivious to all pedestrians. Doctor cautioned me not to print particulars, but he did say I might repeat that he had a green memory of many agreeable days spent with Mark. Mark is tall, handsome, stout, gray, rather florid, quite active, interested in public affairs, is a model citiz n, and a credit to our Alma Mater. Cordially, F. S. W.—4-7-25.

We Alumni Ought to Stop Meddling

By W. D. SMITH, '02.

*AS I write this I am lying on a sickbed "somewhere" out in the Oregon country. If I look out of the window I can see the snow-capped sentinels of the regal Cascade Range. When I look at the wall opposite my bed, I see my old track squad of the ancient year of 1902, with Capt. Hahn, Keechie Pogue, and others, and best of all my little "pony-mate," smiling Eddie McEachron.*

*The mail I have just opened brought me the bulletin of the "W" Men's Association, and it is about something in that I feel an overpowering urge to write to you and my fellow alumni spread all over the map. It is all about a letter quoted at the end of that bulletin. The unknown (to me) writer says: "Personally I have lost all interest in Wisconsin and I certainly had an abundance. I have reached the point where I can pick up a paper and read an account of a football defeat without so much as a pang of annoyance, and that, I think, is the attitude of most alumni remote from the scene of action. \* \* \**

*They have got to change from an educational factory, grinding out graduates on a Henry Ford basis, to a human institution before they can hope to get the good will of the alumni. I hope to hell that the alumni kick over the traces and get what we need—\* \* \**

*This letter almost made me sick at my stomach. I don't know who this bird is, and don't want to know him. He is the kind of an alumnus who is the greatest source of annoyance and of the least help to an institution and who is going*

COME BACK and see the farm and all the agricultural buildings. They—and those who work there—have done much for you. Millions, beside you, are grateful. Come back!

to bring about a revulsion all over the United States against an overemphasis upon athletics in American colleges. I've heard the same expressions out here. There is a certain class of alumni who can't see the utter deplorability and grave national danger in a situation that tolerates the coach of Gonzaga University (Spokane) getting a bigger salary than the Premier of France. What do men like these care for the achievements of an Ely, a Babcock, or a Van Hise? I suppose this fellow, if he has a son, would rather send him to Notre Dame, now that the "Four Horsemen" have trailed Stanford in the dust, than to the best school (from a scholastic standpoint) in the United States.

The whole false point of view is brought about by the present system. I say fire all the professional coaches if this is the general attitude of students and alumni toward their institutions. Let the teams coach themselves, with the voluntary unpaid (except for expenses) help of old alumni players; make your director of athletics a regular member of the faculty with the prestige the position carries at Chicago.

I have just learned on good authority that Russcallow, the University of Washington crew coach, recently refused a salary of \$12,000 a year, stating that he thought he was not entitled to more than any other professor and that he deplored the present commercial tendencies in college athletics. If this is really so, it ought to be broadcast over the United States; it marks the dawn of sanity in this field. Then let the students realize that turning out a winning team is not the chief end. I won my races on the track many times, but the best race I ever ran was one I lost against "Germany" Hall. He won, but I beat his game. I would not have mentioned this except to point a moral. Young America will learn some day that sometimes in winning, you lose. Probably never, in a thousand years, will Notre Dame rank with Stanford. Whoever heard of Center College before they got to turning out football champions and who will ever hear of them again except in this regard. I hope no one will ever refer to our Alma Mater as did a famous Japanese geologist when I asked him about a well-known university in his country, "Oh, yes," his voice expressing utter contempt, "that's a base-ball University!"

Now I am an alumnus, a "W" man, and believe in athletics, but I'm beginning to think President Meiklejohn was right—the first thing to do toward improving our educational institutions is to educate the alumni. I once heard a saphead business man of Seattle say he wished he could fire Suzzalo (President) and get back Dobie (I don't have to tell you who he was, do I?). What is the country coming to when grown men talk like this? This man was an alumnus of the University of Washington, but a fine asset he is to that institution!

Perhaps the athletic situation at Wisconsin does need improving, but I am not going to presume, after years of absence from the campus, to tell the authorities there what to do about this matter. I think we alumni ought to stop meddling. Furthermore, I am personally far more concerned with the University's standing in the scholastic world than I am about comparatively unimportant things like athletics. I know the prestige of the old school is undimmed in the essentials, and so we need not worry about the rest. It is of infinite more concern to the future of the world and to our Alma Mater that she turn out men like the late Richard Scholz, than it is that we have an all-American football player selected from our teams.

P. S. After I got this off my chest, I immediately got well. I hope it will do you as much good.

At the recent close of his second term as governor of North Dakota, R. A. NESTOS resumed his law practice at Minot, N. D., as a member of the firm of Nestos, Herigstad & Stenersen. On April 20 he began a lecture tour in the South for the Redpath people and at its close in July he will leave for a three months' tour in Europe.

Mr. and Mrs. R. C. FAIRBANK were unopposed candidates for justice of the peace, and are the only husband and wife in the history of the state to hold a

similar office at the same time. They were elected by the city of Fond du Lac without opposition since that city is allowed three justices and three people were running for the office.—Suzanne Witwen, 503 4th Ave., Eau Claire, is assistant librarian in that city.—Warren SMITH has been elected president of the Cordilleran Section of the Geological Society of America for 1925. This section includes the territory west of the Rocky Mountains. During the summer, Mr. Smith will be in charge of the campus summer courses in geology at the University of Michigan.

Change of address: Avis HUGHES, 3509 W. Monroe St., Chicago; Harry HEWITT, office address, 338 McKnight Bldg., Minneapolis, Minn.; Harriet STEWART Steere, 2208 30th St., San Diego, Calif.; Emma GLASIER, 136 South Erie St., Wichita, Kan.; Agnes MERRILL Scott, 129 Corlies Ave., Pelham, N. Y.; Laura SAGE Jones, 206 N. 7th St., Delavan; William SMITH, Sudbury, Ontario, Can.; John HANZLIK, Real Estate and Loans, 2424 W. 22nd St., Minneapolis, Minn.; Robert KAFTAN, attorney at law, 307 Bellin Bldg., Green Bay; F. W. BOLDENBECK, 823 Humboldt Ave., Winnetka, Ill.; Cornelia NOTZ, 5402-39th St., Chevy Chase, Md.; Harry COLE, 190 Amphill Rd., Bedford, Eng.; Oliver KOHL, Wakefield, Mich.

Missing members: Herbert W. Dow, Henry L. JAMES, Kittie BUTTON PAYNE (Mrs. J. D.)

Sec'y—W. B. MEUER, Madison

2314 Rugby Row

Reune June 19-22!

Hot! Hot! Hotter!

Only 56 days till Reunion.

June, the year 1925 A. D.

The biggest—the liveliest—the most unrestrained reunion Wisconsin has ever experienced.

Things have been happening in big gobs at Madison. Two vociferous and it might be added enthusiastic feeds for Madison Nynteeners have been thrown to get things started. And started they did get. It's useless trying to hold the gang in check any longer. They're off with a bang.

Lookit this layout of committees! If they can't make every Nynteenener in this far-flung land—and wide—see red (Cardinal) then so help us Moses.

William Meuer, General Chairman.

Calla Andrus, Convention Secretary.

**PUBLICITY**—(All from Chicago)—Mit Blair, Chm., Cora SCHNEIDER Blair, Morris Needham, Ralph Birchard, Frances Ruedebusch, Gertrude LUKES Brewer.

**FINANCE**—(Mostly from Milwaukee)—Geo. Luhman, Chm., Ralph Hoyt, Hugh Jamieson, Henry John, Ray Zillmer, Eleanor STEVENS Trump, Jessie ALLEN Simpson.

**STUNTS**—(All from Madison) — Walter Schulte, Chm., Leslie Weed Gillett, Emily ELMORE Greeley, Ben Beecher, Kemper Slidell, Sid Dudgeon.

**PICNIC**—(All from Madison)—Oliver Storey, Chm., Helen Davis, Mollie WRIGHT Abel, Louis Davis, Henry Schuette, Elsie BULLARD Morrison.

**BANQUET**—(All from U. S.)—Kemper Slidell, Chm., Bud Dunnewald, Bill Witt, Bud Culver, Meta Kieckhoefer, Dave Hanchett.

**REGALIA**—(All from New York)—Jimmie Thompson, Chm., Lillian Zimmerman, Sam Kerr, Paul Morris.

**SONGS**—(Mostly from everywhere)—Bennie Springer, Chm., Herb Newman, Bill Klinger, George and Mrs. Miller.

**HOUSING**—(All from Madison) — Frank Thiessen, Chm., Frank Cnare, Al Hambrecht, Harry Pulver, Genevieve Gorst Herfurth, Myrtle Jones.

**WELCOME**—(All from Madison) — Hazel STRAIGHT Stafford, Chm., Mrs. C. P. Carey, Ada Swenson Hill, Larry Graber, Bertha GSELL Mathews, Oliver Rundell.

**CHILD WELFARE**—Mollie WRIGHT Abel, Chm. (Bring your babies. Mollie'll take care of them.)

Special Reunion Chairmen

Chicago—Court Freeman

Eastern U. S.—Jimmie Thompson

Western U. S.—Ethel Taylor

thern U. S.—Mary McKee

So Milwaukee—Emmett Donnelly

Fox River Valley—Ryan Duffy

Appointment of Madison members was made in all cases where the work was thought to be mostly local, while other committees were made up of people living in the same cities so that they could work together to the greatest advantage.

All committees are already at work—and when we say WORK we mean WORK. And there is only one item of compensation they're going to get and want and that is that every Nynteenener comes with family—and that said family has the best time of its existence. So that's that!

*COME BACK* and see old Library Hall—now Music Hall. The bell in its tower still rings out the hours. Have you forgotten those that were yours? Come back, hearken, and remember!

Watch for Mit Blair's (and his committee's) stuff! It will be hot! It will be enticing! It will be commanding! Get your cue now. Prepare to come. We're ready and waiting for you.

Dr. R. H. Carr was the toastmaster at the Founders' Day Banquet at LaFayette. It was a great ol' meeting at which none other than Fay Elwell, '08, made the principal speech—and Oh! that boy can speech, even if he is a rank outsider.—Huxtra!! Huxtra!! New Nyn-teenent recruit. Just arrived—a daughter, Marguerite Elizabeth, to Mr. and Mrs. C. E. Bourret (Evelyn Hanson, '15) West Bend, Ia. Will be at reunion.

Louis DAVIS is assistant city engineer of the city of Madison. His address is 2415 Kendall Ave.—George CHAMBERLIN is employed as mining engineer for the Orwell Iron Co., Dunwoody Mine. His new address is House No. 40, Dunwoody Location, Chisholm, Minn.

*Change of address:* Jeanne KIRWAN, Jamaica Training School for Teachers, Jamaica, L. I.; Frances DURBROW, 145-13th St., Apt. 8, Milwaukee; Ethel HURN, 5707 Kenwood Ave., Chicago.

1912

Sec'y—LAURA JOHNSON, Madison  
111 E. Gorman St.

Frances MINCH McFarland will spend the next two years in Tokyo, Japan, where her husband is representing the Western Electric Co., of Chicago. She may be reached in care of the Nippon Electric Co., of Tokyo.—Harold PICKERING has accepted an offer to become a partner in the law firm of Rushmore, Bisbee, and Stern, New York City. He will begin his new work there April 1, after severing his connection with the firm of Pickering & Hughes of Superior.—Arthur HOBART is treasurer of Oatman Bros., Inc., 105 S. Russell St., Aurora, Ill.—Oscar BARNEBEY, chemical engineer, resides at 191 E. Oakland Ave., Columbus, O.—Marion POTTS, 3rd C Headquarters, Ft. Howard, Md.—Florence DAVIS is President of the Roswell Davis Underwriting Agency, Inc., First National Bank Bldg., Freeport, Ill., residence 26 Rose St.—LeRoy DAY is auditor and office manager of the Mistletoe Creameries, San Antonio, Tex. His residence address is 106 Mayflower St.—Leroy GEISLER, secretary and manager of Builders' Mutual Casualty Co., and president and treasurer of the General Agency Co., was written up in a Madison paper as one of the outstanding citizens of that city.—Basil PETERSON, a very enthusiastic Wisconsin alumnus, member of the U. W. Club of Chicago and an example of our successful graduates, is one of the vice-presidents of the Stock Yard National Bank which has resources of nearly \$23,000,000. He was formerly the Chicago representative of the Chemical National Bank of New York.—Moulton GOFF, who operates a fruit and dairy farm in Door county, recently had an article published in the Atlantic Monthly in which he evaluated the work of a score of county agents.

*Change of address:* Charles ANDERSON, 1918 Vilas St.; Madison; Robert SOERGEL, 1065 41st St., Milwaukee, Raymond HEILMAN, Knoxville, Tenn.; Otto REINKING, 14324 Sussex Ave., Detroit, Mich.; Maude BUNKER, 518 Leverette St., Fayetteville, Arkansas, business address, Peabody Hall, University of Arkansas; Townsend CORTELYOU, 1402 E. 3rd St., Winfield, Kans.; S. R. OLDHAM, 3 Lakeview, Arlington, Mass.; E. W. BEDFORD, 3000 Hennepin Ave., Minneapolis, Minn.; Elizabeth PATTERSON, 311 Lawe St., Kaukauna; W. C. MULLER, W. J. NEIDIG, Earl V. RUDOLPH, Ilma JUNGKUNZ Schilling (Mrs. G. W.), Arthur SCHILLANDER, Archie S. SHOMAT, Elbert C. STEVENS, Agnes JOHNSON Towne (Mrs. W. W.), James H. WEIR.

Fritz Kunz, Sydney, Australia, writes:

"More and more one becomes impressed with the fact that in the American Universities not nearly enough is done to bring home to people the necessity for study of Asia and her problems in a spirit of sympathy and reality. One visualizes a vast procession of sturdy young men and women winding in and out of the university as the years slide along, concerned with learning to make a living in larger proportion than they are concerned with learning to live. They pass on and become—America, our United States, a generous people, an enterprising race, with many merits, but too well fed, too remote from the Universal Life, the deeps of Nature, and their own Over-Souls. In the result they go on to add to western materialism.

"Meantime the spiritual East awakens to modern life. It finds itself throttled by narrow views, by western force, by arrogance. If India and China awaken as Japan did, to grasp our western instruments of force, we shall have only ourselves to thank, we white people.

"Now competent Indians, widely traveled, tell me that the United States is the one country which has sufficient intuition and brotherhood to understand the subjective nature of Eastern peoples. What are we doing to educate our youth to fulfill the function of Interpreter? Very little. Professor Ross visits India, and I hope impresses not only his students but also a large public with the nature of the struggle that goes on there. That is good, but how much more remains to be done!

"I think that if our sleek, strong, generous, brotherly and ingenious students could be touched with a spirit of the World-soul, if the intuitions could be stimulated just a little along lines of international problems, the United States would do for the world what she alone can do: make that gesture which would prove to the East that in spite of all its commercialism and its materialism, the West includes one great Nation which has not forgotten (since 1860) that all men are brothers; and that not only the American but the whole human race has rights to life, liberty, and the pursuit of happiness."

1913

Sec'y—ALVIN REIS, Madison  
Assistant Attorney General

Burton HAWKINS is a mechanical engineer for the Universal Oil Products Co., 312 S. Michigan Ave., Chicago. His residence address is 3205 Kenilworth Ave., Berwyn, Ill.—Ralph BROWN conducts a bonds and insurance agency at 401 Center St., Whitewater.—Walter NICKEL gives his occupation as contractor and residence address as 117 E. 16th St., Apt. 1, Oakland, Calif., in response to our inquiry.—Allen WERNER, 239 Genesee St., Utica, N. Y., is assistant to the general manager and secretary of the Utica Insurance Co.—Dr. Erwin SCHMIDT is associated with Dr. A. J. Ochsner, 2106 Sedgwick St., Chicago.

*Change of address:* A. L. INGBRITSON, Sperry Flour Co., Portland, Ore.; Ray BRASURE, 215 W. Fulton St., Waupaca; Robert SMITH, 413 Wisconsin St., Kenosha; Theodora BRIGGS, 2647 Dupont Ave., Minneapolis, Minn.; Margaret BYRNE, 204 Clark St., Rhineland; Blanche CANRIGHT, 234 E. 19th St., New York City; Gertrude CLAYTON, 39 Gramarcy Park, New York City; Charles BECKER, 119 S. Michigan Ave., Saginaw, W. S., Mich.; Eleanor GROFF Adams, Y. W. C. A., St. Paul, Minn.; Harlow BROWN, 431 S. Sec'y—RUSSELL CARPENTER, Madison  
Gay Building

*We are proud to have a '14er such as Sam Hickox one of 1914's leading spirits. Sam is secretary-treasurer of the U. W. Club of Chicago, and see with what a masterly hand he sends us news of our Chicago classmates. At some later date we must hear from the "fair sex" of our Chicago contingent.*

*Next month our Class President—that dignified man of letters—is going to fill our column with some of the same material that they used to manufacture Sky-Rockets from. You remember that none other than Prexy Art Brayton was the originator of that column.*

*Read our 1914 column. Keep in touch with your University and your class. Soon we are going to ask for suggestions for Class Policy. We like suggestions on any class matter. This column is ours. Let's use it. And it's only four years till our next reunion. High time to prepare for it.*

SAM SAYS—

Well, Well! Poor old Al Haake marooned in that little burg of Detroit with only two other '14ers!

Here's the report of your Deputy Inquestor for the realm of Chicago. We locate names and addresses of 72 '14ers in and about our village. Nary the name of a '14 girl could the Alumnae Club give us. We know there are some here and hope they will make themselves known, (quite a number of eligible bachelors in our 72).

COME BACK to the spot where over fifty thousand men and women have come for self improvement. It has done you good before. It will do you good now. Come back!

Now these are the names of the sons of '14 who came into Chicago: M. H. Bent; Ralph Bradish; Jerome Brewer; Benjamin Brindley; Dr. Dennis Crile; Stanley Eastrope; Charles Ellsworth; Kenneth Erickson; John Fehlandt; Walter Heyman; Samuel Hickox; Stephen Chase, IV; George Chritzman; John Jirgal; Charles Jones; Harry Kimbark; George Koester Jr.; J. Arthur Lyons; R. E. Maurer; Miller Munson; Louis Naffz; Hugh Reber; Thomas Shearman; Barton Snow; Robert Stafford; Earl Swanson; Hans Terman; William Thompson; W. L. Tiernan; T. L. Twomey; J. Lowell Wallis. (The above 31 are members of our local University of Wisconsin Club.) M. C. Alverson; Morgan Cartier; Maynard Cook; A. J. Deniston Jr.; Leonard Finley; Donald Greenwood; Robin Hoffman; Samuel Houghton; A. J. Myrland; W. Ryland Boorman; E. J. Brunner; Howard Drew; R. W. Engsborg; James Greig; Maldwyn Jones; Herman Kranz; Gilbert Lacher; Harold Lister; Warren Lobdell; Bard Priddy; George Robertson; John Robson; Victor Rubin; Berry Stevens; Marvin Weil; George Wildeman; T. L. Wilson; E. M. Borgeson; E. R. Brewer; Arthur Consoer; Fennimore Cooper; Albert Jones; Einar Joranson; John Lane; Dr. A. J. Larkin; Charles Lofland Jr.; John McCormick; Robert Meisekothen; Walter Rasmussen; Roy Replinger; Richard Rundell.

Each was sent a Summons in due legal form, accompanied by a Confession in blank. Eighteen have returned Confessions to date. All others have received due notice that no mercy would be shown in reporting facts as they come to light.

Maury (Hi) Bent, after selling bonds two years in Chicago tried ranching in California, but came back in 1917 and is now Assistant Manager of the Bond Department of the Illinois Trust & Savings Bank. (Roger Ballard, '12, is manager.) Hi overlooked giving us the names of the two or three youngsters we know he has. Possibly he isn't planning to send them to Wisconsin. We believe the Chief Inquestor should look into this matter.

W. Ryland Boorman (Say, Ryland, what are you hiding in that "W" up there in front?) has Y. M. C. A'd it between Wausau and Chicago and after writing more books than we have room to mention here, has settled down as professor of Boys' Work at the Y. M. C. A. College here. He married someone (name not given) in 1917, and is grooming a boy for about the class of 1942.

Ralph Bradish says he was with the State Bank, LaCrosse, from 1914 to 1917 and did "what any good banker does." I reckon he must be busy clipping his coupons now. Spent 23 months "here and there" during the war. No need to be so darn bashful about it, Ralph. Why not tell us what you did over there? Married in 1921 to Marion Burchard. That's all he tells us. Might be wise for the Chief Inquestor to inquest a little further into this.

Jerry Brewer claims to have been a broker with Paine-Webber & Co. ever since leaving college, except while he was helping the Adjutant General during the war. He's not married, girls! Here's the first one of those eligibles we told you about—and he ought to be pretty well "broke" in by this time.

Ben Brindley started out as a sales correspondent in Freeport, then special agent for some surety bond companies here, went to war, and riz from Loot in the doughboys to Captain and Instructor in Field Artillery. Now he's Assistant Sales Manager in the Bond Department of the Illinois Merchants Trust Co. with Hi Bent and Rog Ballard. Miss Grace Loudon, of Bloomington, captured Ben in 1922—congratulations, Grace, ye picked a braw laddie!

Here we have an editor. E. J. Brunner, after bluffing the School Board of Glidden (Wis.) as principal of the high school for two years, relapsed into an editorial representative, and stayed there ever since, except for four months incarceration at Camp Zach Taylor F. A. C. O. T. S. (He's responsible for that, we don't know what it is.) Since 1921 Editor and Magazine Editor of the American Contractor. Married in 1921 to Mary Louise Sharp and has three boys sprucing up for Classes of 1945, '46 and '47—last one, James Scott Brunner, being reported "1/52" years of age.

And here's a salty seaman. Morgan Cartier tried selling land transportation as partner in, and Sales Manager of, the Cartier Automobile Co. for three years, then proved himself amphibian by turning to lake travel. Now he's Secretary of the Michigan Transit Co. and has lashed his office to the Municipal Pier with a running bowline and half hitch. In the war, too, till he got sick of it and fired. Then tried his hand at another form of warfare in 1918 with Ethel Hughes. Result: Virginia Margaret Cartier, ae. 4; Morgan Edward Jr., aetat. two (2) months.

Stubby Chase, IV—don't forget the ivy, you might get him mixed with the V, for there is one. Well, Stubby's run a three-ring circus with carpet-cleaning, insurance and ranching for apices. In the meantime he's invented a carpet cleaning machine which wipes out 52 men, i. e., two men take the place of 54—so Stubby admits. We're going to get Stubby interested in the Secy's job with the local Club! Yes, Stubby got married, too, in 1922. Whence, Stephen Chase, V, who's going to the old U. W.—"sooner the better," remarks Stubby IV. Pretty good for an Agric! What?

George Chritzman is in real estate. What he's been up to in the meantime is a question. He requests us to "see the warden of Joliet." Possibly the Inquestor better soft pedal here. We want no black marks on '14's record. But we do know there's one thing about George that's no black mark, and that's Mrs. Mildred Fash Chritzman, who became so four years ago. Chritz offers some class news: "Bill Talhurst is displaying some ladder climbing ability. He is now Master Mechanic for the entire Rocky Mountain Region for the Standard Oil Co., headquarters in Casper, Wyo."

Art Consoer has engineered his way from Assistant Bridge Engineer with the Illinois Highway Department, through a Captaincy with the Water Supply Staff, A. E. F., to partnership in the firm of Consoer, Older & Quinlan. He'll tell you anything you want to know about Sewage, Water Supply, Paving, and Bridges. He burned at least one behind him in 1921 when he and Margery Fassett said "Yes" to each other before witnesses.

And, now, d'ye mind, here's that rollicking wag of a Denny Crile, an M. D. he calls himself; a partner with Drs. Ochsner and Percy, in surgery. A Captain "over there" with the R. A. M. C., and in 1919 Mary Webb accepted the task of reforming him. Apparently successfully, too, for Denny reports, "I have completely reformed. (Prohibition has saved me from the devil's maw.)" Yes, dear reader, 'tis none other than Dr. Dennis R. W. Crile, whose words we record. Sure, Dinny, me bye, we'll not try to picture you a white-winged angel, but mayhap a red-winged blackbird. Denny says he has applied to the University authorities for admission papers for Denny Jr., for the Class of 1940, and Dorothea Mary, '42. Prodigies they are, now 4 and 2, respectively. (And not to lack character witnesses for St. Peter and the Class of '14, Denny adds, "Al Reis and Alfonse Denis have also seen the light and thank God for prohibition, too.")

Now, girls, here's another gay blade who has escaped you. Stan Easthrope, a bond salesman with the Continental & Commercial Trust & Savings Bank, and a First Lieutenant in the army. Surely a most eligible young man! Stan, we'd not wager our 1920 plush velour

(heather tint) on your chances of dodging Benedickhood much longer.

N. M. ISABELLA was promoted to the office of Maintenance Engineer of the Wisconsin Highway Commission on January 1.—Ida ELLSWORTH Sunderlin, president of the Southern California U. W. Club, writes: "I wish you might have an opportunity to drop in at one of our Wisconsin Alumnae Association meetings in Southern California and see how much 'Old Wisconsin' means to those of us so far removed. We are looking ahead now to our joint meeting which we hope to have in February with the men's association."—Joseph KUNESH gives his present address as Lock Box 151, Villa Grove, Ill. He has recently returned from Haiti where he was chief hydrographic engineer for the Department of Public Works.—William TREWARTHA is assistant superintendent of the National Zinc Separating Plant at Cuba City.—Percifer DALY is the owner of the Daly Ice & Coal Co., 1104 Third St., Wisconsin Rapids.—Edward WILLIAMS is the Wisconsin representative of the Lawrence Paper Mfg. Co. He lives at the Milwaukee Athletic Club, Milwaukee.—George LIPPERT is district attorney with headquarters at Wausau.—Charles ELLSWORTH, an engineer with the McLennan Construction Co., gives his address as 1755 North Shore Ave., Chicago.—Clark GETTS is assistant secretary of the Asia Life Insurance Co., Shanghai, China.—George CHRITZMAN is engaged in the real estate business in Chicago, address 6322 Lakewood Ave.—Albert WALKER is sales manager of the Mohler's Garage, dealers in Chevrolet cars, State St., Fremont, O.—Bennett TAYLOR, 1029 Harrison Ave., Beloit, acts as dairy inspector for the Bowman Dairy Co.

*Change of address:* Frederick LAMSON, 4625 Davenport, Omaha, Neb.; Roy MARKS, 2117 Kendall Ave., Madison; Agnes HALL, 816 Highland Ave., Elgin, Ill.; Anne HENDERSON Parratt, Eureka, Ill.; Ida ELLSWORTH Sunderlin, Box 675, Inglewood, Calif.; B. F. DOSTAL, 1120 Olivia Ave., Ann Arbor, Mich.; Thomas TWOMEY, 8317 Maryland Ave., Chicago, Ill.; Elizabeth MITCHELL, 1320 First Ave., N., Great Falls, Mont.; Dorrit ASANN, 234 E. 19th St., New York City; Arthur JORGESON, 1600 Washington St., Lincoln, Neb.; J. W. MATHYS, c/o Clark Seed Co., Salinas, Calif.; H. S. DREW, c/o Line Material Co., South Milwaukee; Kenneth SMITH, 11 Lake St., Jamaica, Long Island, N. Y.; George BUSHNELL, Orlando, Fla.; L. F. BRUMM, 127th St., New York City; Marie O'CALLAGHAN, 663 Franklin Place, Milwaukee; Beulah HEDDLES Kemp, 1206 E. Walnut St., Frankfort, Ind.; Leon KAHN, 1211 State St., Milwaukee.

*Missing members:* Bessie T. BAER, Tillie C. BRANDT, Clifford M. ENGLISH, ex '14, James W. HARRIS JR., Anna E. HORST, Edw. A. KRUEGER, E. U. MENZI, Lloyd D. MILLER, Orrin P. PETERSON, H. K. RAKSHIT, Henry REKERSDRESS, Ruth E. SAWYER, Arthur O. SCHUBRING, Marjorie SHEETS, Sidney H. SMALL, ex '14, Valeria THOMA.

Stephen PARK was a candidate for school director in Milwaukee in the election which took place April 7.—Ruth SAWYER is a teacher of English in the North Central High School in Spokane, Wash. She is living at the Knickerbocker Apts., in that city.—Harry CURTIS, of Yale University, holding degrees from the University of Colorado and the University of Wisconsin, has been named on the President's commission to investigate Muscle Shoals.—Margaret METCALF, Shullsburg, was a candidate at the last election for superintendent of schools of Lafayette county.

*Change of address:* T. N. WYNNE, 2110 W. 41st St., Indianapolis, Ind.; Reuben PFEILER, 518 Brasted Pl., Waukesha; Lloyd MILLER, 4531 Oakenwald Ave., Chicago; E. A. WASCHLER, 485 Wahl Ave., Milwaukee; Earle HEWIT, 654 E. Burton St., Mortreesboro, Tenn.

## The Outstanding Class

Sec'y—N. P. BIART, Madison  
652 Knickerbocker St.

Reune June 19-22!

The night of February 27 and the Monona Hotel offered the local members of the class reunion committees another opportunity to let loose some of that over-abundant supply of reunion pep. We had a mighty splendid and enthusiastic turn-out. Things are coming along in fine shape. A fraternity house along the shore of Old Mendota has been secured—headquarters—where we can all meet, revive old friendships, and indulge in that best of pastimes, reunion gossip.

Your committees are working hard to show you a real time next June. Talking about committees—remember you are on the publicity committee, so here's a little fun for you: resurrect the old "Co-op" pen; pick out five of your old pals, and drop each a line today to be sure to see you and answer roll call on June 19.

Watch the next number of this magazine for details.

B. W. MEYER is an instructor and field organizer in the University Extension Division. His address is 139 S. 7th St., La Crosse.

Change of address: Yvonne DAUPLAISE TOWN, 811 E. College Ave., Waukesha; Clare Roy MURPHY, Standish, Mich.

1916

Sec'y—JESSIE BOSSHARD MAURER  
Madison, 1119 Sherman Ave.

Kan Su is now executive engineer of the Board of Public Works at Wuchow, South China, and is actively pushing forward modern improvements which will transform that ancient city.—H. F. JANDA has been appointed assistant director of the Highway Research Board of the National Research Council. He was formerly assistant city engineer at Portage.—Harold JANDA, associate professor of highway engineering at the University of North Carolina, has been granted a year's leave of absence to take a position as assistant director of the advisory board of the division of highway research of the National Research Council.—Winfield SMITH has enrolled in the dental school of Northwestern University. His address is 31 N. Lake St., Chicago.—Albert NELSON is superintendent of schools at Fairbury, Neb.—DeWitt JONES, chemist with the Newport Co., Carrollville, resides at 696 37th St., Milwaukee.—Thomas GILDER is a mechanical engineer in the maintenance department of the Federal Rubber Co. He lives at 468 Lenox St., Milwaukee.—Richard GARLING is manager of the Fidelity Stores Co., 121 W. Western Ave., Muskegon, Mich.—Howard SMITH is with the Wisconsin Tax Commission as municipal accountant. His address is 225 Clifford Court, Madison.—Frank SLABY Jr., sales manager with the Mid West Oil Heat Co., may be reached at 316 W. Michigan Ave., Jackson, Mich.—Reid MURRAY is professor of animal husbandry and secretary of the

Wisconsin Livestock Breeders' Association, Madison.—William GITTINGS writes that he is with the Gold Medal Camp Furniture Mfg. Co., and that his address is 2230 Washington Ave., Racine.—Leland SEYMOUR acts as manager of the Hotel Lassen, Wichita, Kan.—Arnold MAXWELL is superintendent of plant, Carnation Milk Products Co., residence 518 N. 5th St., Oregon, Ill.—Forrest AYER, secretary of the Inland Rubber Co., gives his address as 146 W. 27th St., Chicago.—Mabel GAY, Hotel Dana, 2214 Dana St., Berkeley, Calif., is a graduate student in history at the University of California; she expects to receive the degree of M. A. in May.—Frank THAYER, assistant professor of journalism at the Medill School of Journalism, Northwestern university, has resigned to take effect September 1. Professor Thayer has become educational counsel for the American City Bureau of New York and Chicago, 123 W. Madison St., Chicago, an organization specializing in institutional and community financing and organization, and affiliated with the *American City Magazine*. He is now on a leave of absence from Northwestern University, working on assignments, particularly in the South. Professor Thayer has worked in several university departments of journalism in the last eight years, having been instructor in journalism at the universities of Kansas and Iowa, and associate professor of journalism at the State College of Washington. He aided in the establishment of several courses in business journalism when the Medill school was opened four years ago. He has also been lecturer at the summer sessions of the Universities of California and Wisconsin. He was formerly on the staff of the *Springfield Republican* and the *Detroit News*. In the last three years he has given only part of his time to Northwestern university, working as special writer on business subjects for the A. W. Shaw Company, and the *Dry Goods Reporter*, and as educational counsel for S. W. Straus & Co.

Change of address: Carrie HIBBARD, Montgomery, Minn.; Myrtle EUBANK, 17A Avenue Road, Shanghai, China; Earl Hutchison, 836 S. Michigan Ave., Chicago; C. W. COUGHLIN, 4943 Spalding Ave., St. Louis, Mo.; H. C. SIMMONS, c/o F. J. Simmons, 625 Market St., San Francisco, Calif.; Ben JENSAN, c/o Northern States Power Co., Bruce; Arline PERRY Mahan, 2751 1st Ave., S., St. Petersburg, Fla.; Dr. Thomas O'MALLEY, 656 53rd St., Milwaukee; Alice PECK Wolvin, 39 Congress St., Pasadena, Calif.; Imogen STURTEVANT Robertson, 2339 N. New Jersey St., Indianapolis, Ind.; Fred HALL, 5048 Glenwood Ave., Chicago; business address 1214 Chicago Trust Bldg.; Finla CRAWFORD, 700 Lancaster Ave., Syracuse, N. Y.; Nathaniel Bailey, 5948 West Lake St., Chicago; H. W. TABOR, Camp 61, Big Creek, Calif.; Frank THAYER, 123 W. Madison St., Chicago; John STEPHL, 181½ Martin St., Milwaukee; Carol HILL Taylor, 1029 Harrison Ave., Beloit; William HARVEY, 88 Indian Hill Road, Winnetka, Ill.; A. H. NEUMANN, Oconomowoc; Margaret TAYLOR, State Board of Health Laboratories, Lansing, Mich.; F. M. DISTELHORST, 2249 Rugby Road, Madison; Rosaline KAY, 647 Burna Ave., Chicago; S. BASHEROV, University Club, Madison; Dr. F. A. CHANDLER, 2632 Lakeview Ave., Chicago; Kathleen VAN HECKE Rogan, 6822 Wayne Ave., Rogers Park Sta., Chicago.

COME BACK to the campus and see Muir Knoll. "From the top of the hill on the North Side of Lake Mendota, I gained at last wistful, lingering view of the beautiful University grounds and buildings where I had spent so many hungry and happy and hopeful days. There, with streaming eyes, I bade my blessed Alma Mater farewell. But I was only leaving one University for another—the Wisconsin University for the University of the Wilderness"—so said John Muir. Come back to where he learned a lasting lesson from a locust blossom.

*New members:* John CULNAN, P. O. Box 147, Coeur D'Alene, Idaho; Lyle CLARKE, 1816 Cass St., La Crosse.

*Missing members:* John Broyles, Grant I. BUTTERBAUGH, Charles V. FOWLER, Marion JENNINGS, Alexander MAGNUS, Verne R. McDOUGLE, Norvin McQUOWN, Norman MELAND, Dr. Margaret M. WILSON-MORRIS, Dr. Hugo MUELLER, A. E. MURPHY, Charles H. NICKOLSON, R. H. PARKER, Harry C. POLLAK, Harold L. RAU, P. C. STREHLOW, K. Su, Genevieve HITTNER Trace (Mrs. Arthur), Joseph A. Mathilde SCHWERDT has accepted a position as case worker at the Chicago Commons. Her address is now The Chicago Commons, 955 West Grand Ave., Chicago.—Florence KRIEGER is teaching in the Mathematics Department of the Lewis and Clark High School of Spokane, Wash. She is staying at the Crest Hotel.—Dr. Roger CANTWELL is a physician and surgeon at Shawano.—Helen BATTY, who has been teaching English in the senior high school at La Crosse, resigned her position at the end of the first semester to accept a position with the Parker Co., Madison, as head and manager of the Teachers' Agency department.—Charline WACKMAN sailed with her mother February 26, on the S. S. Adriatic, White Star Line, for a Mediterranean cruise. The cruise covers the regular route, Maderia, Gibraltar, Algiers, Nice, Naples, Athens, Constantinople, Holy lands, and Egypt. They expect to stop 17 days in the Holy Lands and Egypt and to visit all the points of interest there including a trip up the Nile to the tombs of the kings. From Egypt they will take the S. S. Lapland to Monaco where they will leave the ship to stop at Monte Carlo and then proceed to Paris and over to England. They expect to spend several weeks in the various parts of England and probably some time in Scotland and Ireland. They will return to the United States some time in May or June. Mail sent to Oregon, Wis., will be forwarded.

The following is a brief biography of the Reverend B. F. P. Ivins, who was recently chosen bishop coadjutor of the Milwaukee diocese of the Protestant Episcopal Church: Benjamin Frank Price IVINS, born in South Bend, Indiana, October 6th, 1884; son of Albert Thomas Ivins and Lucinda Hart; married Sarah Seeber, Waterloo, Wisconsin, May 26th, 1908, one son, Frederick Donald, age 14; Education: Friends School, Trenton N. J., Trinity School, New York City; Valparaiso University, A. B., Nashotah Theological Seminary, D. D., University of Wisconsin, M. A., '18, War Service: Industrial relationships with the I. W. W. in North West Woods. Ordained deacon, December 21st, 1909 by Bishop White of Northern Indiana, priest December 21st, 1910. Rector of St. Thomas's Church, Plymouth, Indiana, 1908-1913, Master of Howe School, Indiana, 1913-1915; directed Weekday Religious Education at Gary, Indiana, 1915-1916, Rector of St. Luke's Church, Kalamazoo, Michigan, 1916-1921. Dean of Nashotah House since 1921.

Armand QUICK is working for an M. D. degree at the University of Pennsylvania. He is continuing his work

as instructor in the School of Medicine.—Esther WERDEN Barney is vocational adviser in the Chicago Board of Education. She may be addressed at 4526 N. 1920

Sec'y—PHYLLIS B. HAMILTON, Detroit

4922 Linsdale

Reune June 19-22!

Reunion Committee of the Class of 1920  
Broadcasting from Station WHY, Madison,  
Wisconsin.

Ladies and gentlemen, the first number on our program will be a song entitled, "Tell Me Why," sung by the class president, Freddie March (nee Bickel), "Chuck" Carpenter at the piano.

TELL ME WHY—

(A) Our class reunion should not be one of the greatest in history?

(B) You cannot come back for it?

(C) You would not enjoy:

1. Seeing your Alma Mater for perhaps the first time in five years?

2. Seeing many of your classmates ditto?

3. Seeing the girl or man you went to Prom with?

4. Telling your friends what you have been doing during the past five years?

5. Singing the old songs and giving the old yells?

6. Visiting your favorite haunts, climbing up "the hill?"

7. Having a grand and glorious vacation in one of the best places on earth?

The next number will be a brief talk by the chairman of the Reunion Committee, Dorothy Belle Wood, '20, on "How we are going to put the Reunion across."

(A) Letters have been mailed by the class secretary to everyone who graduated in 1920. If you didn't get one, perhaps on account of recent change of address, drop a line to Phyllis Hamilton, 4922 Linsdale Ave., Detroit, Mich., and you'll get a copy of the 1920 "Broadcaster" by return mail.

(B) A cordial invitation to re-une with us is extended to all who started out with our class in 1916 but for various reasons did not graduate in '20.

(C) Committee on arrangements are hard at work planning fun and frolic. See the next (June) issue of the ALUMNI MAGAZINE for program details and a list of those who expect to return.

(D) Credit for the financial scheme to ceater a "sinking fund" goes to Harlow Pease, '20, class treasurer. This money will defray all general expenses of each reunion and do away with recurring appeals for money "to get things started."

The final number on our program is a bedtime lullaby in which those who are "listening

in" are invited to join to the tune of "Tammany." All ready? Let's go—

Applesauce, applesauce

1920 come across!

Get your "shore leave" from the boss;

Pack your grip, take a trip,

Leave your troubles far behind you—

Applesauce!

If your "reception" of this program has been good, ladies and gentlemen, will you send us a telegram immediately, saying, "I'll be there with bells on." Thank you.

Reunion Committee of the Class of 1920,  
Station WHY, Madison, Wisconsin, Signing  
off, Goodnight.

Lillian BISSELL is attending the University in Madrid, Spain. She spent the Easter vacation in Italy.—Orpha COE writes from Tokyo, Japan: "I have taken a position in the American Embassy, the Commercial Attache's Office, Imperial Hotel, and am very much interested in it. I am teaching nights in the old school where I first put in all my time. Diplomatic work is very interesting, and it surely is intensely educative to see the contact which a big powerful country, such as we are the citizens of, makes another country, equally throbbing with power and in vitality—and watch the intercourse between them. Japan is not the easiest place to work in from that point of view, although the citizens are much fairer than I fear our own would be."—Bernard MEYERS is now connected with the Detroit News. He is living at 3219 W. Philadelphia, Detroit, Mich.—Frederick BICKEL is playing the lead in a new play, "Puppets," appearing at the Selwyn Theatre, New York City.—Harlow PEASE has become a partner in the firm, Arthur L. Birch & Co., of Milwaukee, Certified Public Accountants.

*Change of address:* Dr. Arne GORDER, Mayo Clinic, Rochester, Minn.; R. F. LINEHAN, Genesee Depot; Marian JOHNSON, 62 13th Ave., Columbus, O.; H. A. BLAU, Metropolis, Ill.; Lois WUERPEL Bowles, 131 Spruce St., Watertown, Mass.; Ruth KAUTSKY, Bronxville Hospital, Bronxville, N. Y.; Elsie GLUCK Gill, 415 N. Park, Madison.

*Missing members:* Harriet GOODWIN Deuss, Marion ANDERSON, Dorothy BRIDGE, Helen DODD, Clyde FERRELL, Stanley McCANDLESS.

1921

Sec'y—MARY PARKINSON, Milwaukee

1925

Lyman FISCHER, of two Rivers, has been admitted to the bar.—John THOMPSON JR., Oshkosh, is one of the four youngest members of the Wisconsin state legislature, which is meeting at Madison.—Ralph WACKMAN, basketball star at the University for three years, has joined the advertising staff of the *Capitol Times*. Mr. Wackman graduated from the University last semester.

### FACULTY NEWS

By KATHRYN PERRY, '23

Prof. W. T. Root of the history department will go to the University of Iowa next fall as head of the history department. Professor Root has been at the University of Wisconsin since 1908, is a member of the American

Historical association, and has taught as professor of history at the Universities of Chicago, Michigan, and Harvard.

Prof. E. B. GORDON, teacher of public school music in the School of Music, was elected president of the national association of music supervisors at a meeting in Kansas City recently.

Miss Abby MARLATT, director of home economics, and Mrs. Nellie KEDZIE JONES, state extension leader, received honorary degrees from the Kansas State Agricultural college at the fiftieth anniversary services held last month. Miss Marlatt received the degree of doctor of science, and Mrs. Kedzie Jones of doctor of law.

Miss Blanche TRILLING, director of the physical education department for women, attended the convention of the American Physical Education Association during the spring recess.

Miss Mary BROWNELL and Miss Cynthia WESSON also attended the convention.

Dr. James ELSOM represented the men's physical department at the meetings.

Dr. E. L. SEVRINGHAUS of the Medical school is at Cornell University on a month's leave of absence to study some problems of basal metabolism. Dr. Sevringhaus, under the direction of Dr. Graham Lusk and Dr. E. F. DuBois of the Bellevue hospital, New York, must use the equipment in the Cornell medical laboratory to complete his study. Dr. Sevringhaus also plans to make visits to the Harvard Medical Science Laboratories, Carnegie Institute laboratory of Nutrition, and the University of Pennsylvania laboratory at Philadelphia. Dr. Sevringhaus has done a great deal of work in the study of insulin in the treatment of diabetes.

Prof. Carl Russell FISH, history department, will teach at Leland Stanford university at Palo Alto, Calif., during their summer quarter. He will give courses in recent American History and Representative Americans. Professor Coulter of the University of Georgia will teach at Wisconsin in his place.

Prof. L. A. SMITH of the College of Engineering attended the Third Annual National Convention of City Planning held in New York city last month.

Prof. J. L. GILLIN of the sociology department gave a series of four lectures last month on religion and social development at the Michigan School of Religion at Ann Arbor, Mich.

Prof. W. A. SCOTT, director of the Course in Commerce, is spending the spring semester in leave of absence in Europe. Professor Scott will return next fall.

Prof. E. H. GARDNER is on leave of absence from the university this semester on account of ill health.

Prof. J. B. OVERTON of the botany department, who has been traveling this semester on leave of absence in the West Indies to regain his health, returned to Madison after the spring recess.

Prof. R. S. HULCE of the College of Agriculture, animal husbandry department, will go into commercial work in Chicago next year.

"Track and Field," a new book of instruction on the training and technique of the different track and field events by Coach T. E. JONES, has just come off the press. The book, designed as a guide for young coaches, explains many vital principles, and contains numerous illustrations and charts. All major track events are scientifically explained, such as, pole vault, shot put, discus, broad jump, and long and short dashes and cross country.

Prof. Julius OLSON of the Norwegian language department, has been named chairman for Wisconsin of the Norse-American Centennial to be held at St. Paul in June. Professor Olson is now preparing a list of fifteen honorary members and about 40 local chairmen in various parts of the state.

**COME BACK** and see Dr. Birge. For half a century he has served you and yours. This is his Valedictory year. Come and thank him personally. In addition, write him *now*.
