UNIVERSITY OF WISCONSIN.

VOL. X. NO. 136.

MADISON, WIS., TUESDAY, APRIL 2, 1901.

Price Five Cents.

SEASON TICKETS

ISSUED BY ATHLETIC ASS'N FOR
BASEBALL GAMES.

Ladies Free With Holders of Season
Tickets—Price is \$2.50 or 17
Cents Per Game.

The following communication has
been received from Graduate Manager
Kilpatrick announcing that season
tickets for the baseball games have
been put on sale:

Editor Cardinal:

I wish to call the attention of the
students to the matter of baseball
coupon books. The management is
making the game of baseball more in-
teresting than heretofore. We realize
that to do so we are compelled to give
a good article of baseball and to re-
duce the price of admission. To get
the student body interested we have
issued a coupon book, or season
ticket, for all home games. This book
is to retail at \$2.50 and the holder of
a book is entitled to take a lady to
every game gratis. Under this provi-
sion two ladies may be admitted
upon the same coupon. There are
fifteen games already scheduled,
which makes the rate equal to about
17 cents per game, and when you con-
sider that a lady is entitled to go
into every game, you must acknowl-
edge that the inducement is very
liberal and should be taken advantage
of. The team this spring promises
to be the strongest that Wisconsin
has had for years and the price of
admission being reduced from 20 to 25
cents, should tend to stimulate in-
terest in this our national game.
These books can be bought at the
Co-op, Sumner's, S. P. Rundel's,
Sexton & O'Neill's and from myself.
I trust the students will take this op-
portunity of showing their loyalty to
the team and Athletic Association.

C. H. Kilpatrick.

Firing Squad Standings.

The squad in gallery practice have
just finished their first month of prac-
tice with the rifle. Under the super-
vision of Dr. E. R. Buckley assisted
by Lieut. Fisher, they have developed
a considerable degree of accuracy
in marksmanship.

After the preliminary instruction in
positions and sighting, the squad was
taken to the shooting gallery on the
third floor of the gym. and given
practice in firing at 200 yards position,
standing. Later by the use of a
false bullseye the squad practiced at
300 yards sitting and 500 yards lying
down.

Following are the averages of the
first five men in each section:

Section I. Kemmerer, 16½; Wrabetz,
16½; Horsfall, 15¾; Treber, 15½.

Section II. Borden, 19; Barnard,
18½; Bishop, 17½; Beers, 17½; John-
son, 16½.

The record at 200 yards is held by
S. H. Bishop, who scored 21 out of a
possible 25 points.

Firing at 300 yards from a sitting
position, the following scores were
made:

Section I. Kemmerer, 21; Wrabetz,
19; Mannington, 19.

Section II. Smith, 20; Bishop, 19;

The best scores made at 500 yards
were:

Section I. Hejda, 20; Borden, 18;
Wedemeyer, 18; Horsfall, 18.

Section II. Johnson, 19; Smith,
19; Barnard, 18; Morrison, 18; John-
son, 18.

The squad meets again the first

Wednesday after the Easter recess,
and will commence firing at 600 yds.
Dr. Buckley has entered into cor-
respondence with colleges and uni-
versities of the West, and expects to
have a team ready to compete for the
championship in the spring. This
team will be composed of the ten men
having the highest average at all
distances.

STUDY MADISON BIRDS.

Dr. Libby Annually Conducts Inter-
esting Classes.

The plan of having bird classes
every spring to start an interest in
Madison song birds has been es-
tablished for several years. Since
1896 Dr. O. G. Libby has worked with
his classes and they have grown more
profitable and more popular year by
year, until, at one time last year, the
class numbered eighty.

A little departure in the method of
work has been adopted this year.
The work has been joined with that of
the Audubon Society of which Dr.
Marshall is president. At a recent
meeting it was decided to give a series
of lectures, using the Audubon So-
ciety's colored lantern slides and
bird specimens. The first lecture was
given by Dr. Libby last Friday. On
April 13th Mr. Zimmerman will speak
and after him Mr. Dennison. It is
thought that the plan of giving
lectures will be a profitable one, giv-
ing those interested many new ideas
in bird study.

The way the bird classes work is
as follows: every Saturday morning
all who care to do so meet in the
evergreens near North Hall and from
there they take a tramp to the rustic
bridge at the marsh, and back again,
about a two hour trip. The students
are divided into convenient classes of
ten or a dozen under guidance of a
leader. The aim of the leader is
merely to start them out in their
study so they can know how to go at
their work for themselves. The stu-
dents are taught to tell birds by their
markings, coloring and sounds, and
soon become quite expert. One boy
has already handed to Dr. Libby a list
of twenty birds he has seen this
spring.

The class regularly begins the first
Saturday in April and continues until
the Saturday before examinations.
On account of the Easter recess the
class will be delayed a week this year,
and the first trip will be made April
13th, starting at half past six. After
this regular weekly trips will be
taken, the class starting at different
times according to the weather.

Dr. Libby wishes it understood that
all students and townspeople are in-
vited to join the class, and it is hoped
that as many as possible avail them-
selves this opportunity to study
the birds about Madison. There are
no rules about the class, but all can
come and go as they like. Those who
decide to join the class should buy
one of the field books on bird study
which can be obtained at the book
stores for a small sum.

Reception to Seniors.

Acting President and Mrs. E. A.
Birge have issued invitations for a re-
ception to the senior class to be
given Saturday evening, April thir-
teenth. The reception will be given
in Library Hall from eight to eleven
o'clock and there will be dancing af-
ter nine o'clock.

The University of Chicago base-
ball team will make an eastern trip
this spring to play Harvard, Brown
and Columbia.

MARINE BAND, APRIL 11

GREAT MUSICAL ORGANIZATION TO APPEAR HERE.

Seventy-five Musicians—Greatest Na-
tional Band of the World—Miss
Amy Whaley, Soprano Soloist.

The appearance in this city of the
United States Marine Band is an
event of unusual interest. Arrange-
ments are practically complete and
April 11th has been decided upon as
the date. Two concerts will be given,
one in the afternoon and one in the
evening.

America stands at the head of the
world now in the matter of a National
Band. The famous Marine Band of
Washington has long been a pride to
the officials but after they achieved
so much glory in sinking the Spanish
fleets, the government not only
recognized the entire Navy Depart-
ment, but included the
United States Marine Band in the gen-
eral advancement, and on March 3rd,
1899, passed an act through
Congress increasing the number of mu-
sicians in the band to 75, and making
the leader a First Lieutenant of Ma-
rines. Not only is Lieutenant Santel-
mann now, with one exception, the
only band master in the world thus
honored, but he is regarded as the
most musical leader who has ever
wielded a baton over our National
Band. He is a German by birth, and
a graduate of the Leipzig Conserva-
tory, a great musical artist and a
splendid fellow socially.

Recently there have been so many
requests from all parts of the coun-
try, that the officials decided to
grant the band a leave of absence to
go out and play for the people at
large for a short time following the
adjournment of Congress and the in-
augural ceremonies.

The musicians travel in a
special train of 5 cars, and this is
probably the largest undertaking of
the kind in the history of American
band concerts. The tour is made by
permission of the President, the Sec-
retary of the Navy and General Hey-
wood of the Marine Corps, and is en-
dorsed by sixteen U. S. Senators, a
large number of Representatives and
other public men, while from various
cities letters of request have been
sent in from Mayors, musical soci-
ties, and prominent people asking for
a visit from the band. Miss Amy
Whaley, a daughter of Ohio, will ac-
company the organization as vocal so-
loist.

College Men in Politics.

University men are each year tak-
ing a more important and active part
in the campaigns. University of Chi-
cago has a Civics club whose purpose
is to help the voting college men to
cast an intelligent ballot, to examine
the workings of the local political
machines and to pry into the methods
of party losses, etc. At the meetings
of the club there are informal dis-
cussions of important questions of
municipal politics. The members at-
tend primaries and take an active part
in precinct and ward politics. The
University of Michigan has a similar
club.

The University of Wisconsin Re-
publican club, unlike its counterparts
in the other institutions, takes a very
active part in every election including
the municipal election. The orga-
nization is maintained continually

and is depended on more and more
every year by the various committees
to hold up their end and they usually
succeed in doing it.

LECTURES BY AN AUTHORITY.

Dr. Hart of Harvard Will Discuss
Monroe Doctrine.

Plans are now being consummated
whereby a valuable course of lectures
will be given soon after the Easter
vacation. Dr. Albert Bushnell Hart,
professor of history at Harvard Uni-
versity will be here then and will con-
tinue on successive afternoons.

Dr. Hart is coming directly from
Harvard for these lectures and does
not expect to lecture at any of the
other western universities while on
this trip. While in the city he will
be the guest of Secretary R. G.
Thwaites.

Dr. Hart will also address the Wo-
man's club with a lecture entitled
"Abraham Lincoln as a Literary
Man." He will also address the Con-
vocation.

Dr. Hart is at the head of the
American History department at Har-
vard University and is one of the
most popular history teachers in the
United States. He is the foremost
specianist in American History and
through his voluminous writings has
acquired an international reputation.
At his university the students are
very enthusiastic over him and per-
haps there is no other professor there
who commands the same respect.
Dr. Hart is now writing a series of
works on "American History as told
by Contemporaries." One of the
books of this series has recently been
published and has already acquired a
very extensive sale. Last year he
published a life of "Solomon P. Chase"
which has become very popular. His
writings have chiefly been relative to
American history and have been pub-
lished from time to time either in the
leading periodicals or in book form.

Local and Personal.

James Ferris, '99, is spending a
few days in the city with old Varsity
friends.

Charles S. Thompson, '03, has left
the University and has returned to
his home at Oshkosh.

Prof. F. H. King, professor of
agricultural physics, has been con-
fined to his house the last few days
on account of sickness.

Miss Cora Desmond, '99, now as-
sistant in the Fox Lake High school
is spending her Easter vacation with
friends at 640 State street.

Professor Carlyle who has been
confined to his room for the last two
weeks expects to be able to resume
his work in a couple of days.

Coach Kilpatrick will go out and
examine the baseball field and track
today to take the proper steps to get
them in good condition as soon as
possible. The track will be drained
and a good coat of cinders will then
be put on it. It is thought that
during the summer the Board of Re-
gents will raise the baseball field and
repair the track quite extensively.
The entire field may be raised, which
would very materially improve the
grounds. Both the track and baseball
teams will get out at once after the
Easter vacation for regular work.

W. T. Reid, 1901, has been appoint-
ed coach of the Harvard football
team for the coming season.

Senior Laws and Caps and Gowns.

At a Recent Meeting of the Senior Law class it was decided that the class would not wear caps and gowns either during the spring months or Commencement week. The matter hardly seemed to have been given the consideration it deserves, and it was more from apathy than from a general dislike of the cap and gown, that this decision was arrived at. The present Senior Law class is larger than the average and consequently their appearance on Commencement day in the dress of the civilian will somewhat mar the uniformity in dress among the seniors so much desired on this occasion.

It would be useless to set forth the reasons why all seniors should wear the cap and gown, because the matter has been discussed so many times before, and because everyone is thoroughly familiar with the advantages of the cap and gown, the success of last year's class in this regard, should be sufficient to answer any opponent of the custom.

It is to be hoped that the senior laws will re-consider their decision and adopt the cap and gown and thereby not defy a custom which is gradually becoming well-settled here, and one which lends so much to the beauty of Commencement week.

The Weather.

Rain or Snow tonight or Wednesday.

We Will Save You Money.

With every purchase of photographic goods, (not controlled by the trust) we give a coupon which allows you 10 per cent. discount on each five dollars worth purchased. Be sure and get your coupons, they will save you money.

Janesville.

A unique function took place in our school last week in the shape of a reception to the parents and guardians of the High School pupils and the pupils in the eighth grade. The reception was given by the faculty for the purpose of affording an opportunity to the parents of becoming acquainted with the teachers and methods of instruction which have so much to do with the education of their children. Principal D. D. Mayne with the fourteen assistants comprised the reception committee. Each teacher received the guests in the room in which he or she held classes. A number of pupils acted as guides, conducting the visitors from one room to another where the teachers explained the various departments of instruction to the parents.

In the boys' manual training rooms the visitors were shown the practical side of High school work. In the domestic arts or girls' manual training department the guests were allowed to view the needlework which the pupils in that department are taught to do, and were given a dainty little luncheon prepared and served by the class in culinary practice.

The reception was a huge success, several hundred guests being entertained during the evening. So general was the response to the invitation on the part of the parents that we are assured that our fathers and mothers are deeply interested in the workings of the school, and the "parental inspection" bids fair to become an annual event.

Frank W. Simpson has been chosen as football coach at the University of California for the coming season. He is a graduate of that institution in the class of 1900 and is the first coach chosen under the new graduate system.
