REGULAR MEETING OF THE BOARD OF REGENTS
OF THE UNIVERSITY OF WISCONSIN

Madison, Wisconsin

Held in the President's Office

Saturday, September 10, 1955, 10 A.M.

President Gelatt presiding

PRESENT: Regents Arveson, Gelatt, Jones, Laird, Renk, Rennebohm, Watson, Werner.

ABSENT: Regents Steiger, Wanvig.

Regent Steiger was absent due to absence from the country.

President Gelatt announced that Dean Uhl was present to report briefly on the work of the School of Pharmacy. (See copy of remarks by Dean Uhl attached.)

Vice President Little reported on enrollment estimates. (See copy of remarks by Vice President Little attached.)

Vice President Baldwin stated that copies of the Report On The Kemper K. Knapp Graduate Center, 1950-1955, had been distributed to the Regents at the time of the July 9, 1955, Regent meeting, and inquired whether the Regents had any questions on that report. He stated that the work being accomplished at the Kemper K. Knapp Graduate Center was very worthwhile, and that it consisted of two phases - one being the fellowship program which permitted a group of graduate students to live together

at the center, and the other being the use of the center as a place for group meetings of graduate students and faculty. He reported that the meetings held there average about one daily with attendance ranging from eight to ten persons to as high as one hundred and fifty. He indicated that the center has been self-supporting to the extent that the fees paid by the graduate students living there have paid the current operating costs. However, he pointed out that a great deal of deferred maintenance existed at the time the property was acquired by the University, and that some provision should soon be made for taking care of it. Regent Rennebohm suggested that, before funds are committed to take care of the deferred maintenance, consideration should be given to selling the property and acquiring more suitable quarters elsewhere. He pointed out that the center was expensive to heat because of the distance of the heating plant from the house, and that the location of the center was quite distant from the campus.

Upon motion of Regent Renk, seconded by Regent Arveson, it was
VOTED, That the minutes of the regular meeting of the Board held on July 9, 1955, be approved as sent out to the Regents, and that the minutes of the meetings of the Executive Committee held on July 29 and August 12, 1955, as sent out to the Regents, be approved, ratified and confirmed.

Upon motion of Regent Renk, seconded by Regent Laird, it was
VOTED, That the minutes of the special joint meeting of The Board of Regents of State Colleges and of The Board of Regents of the University of Wisconsin held on August 30, 1955, as distributed to the Regents, be approved.

Upon motion of Regent Werner, seconded by Regent Watson, recommendation No. 1 listed under Degrees was adopted.

-

Upon motion of Regent Watson, seconded by Regent Renk, it was VOTED, That the gifts listed in EXHIBIT A, attached, be accepted; and that the Vice President of Business and Finance be authorized to sign the agreements.

-

Upon motion of Regent Renk, seconded by Regent Laird, it was VOTED, That the grants listed in EXHIBIT A, attached, be accepted; and that the Vice President of Business and Finance be authorized to sign the agreements.

-

President Fred presented to the Regents for acceptance two additional gifts of special interest. One of these gifts was a Wedgwood medallion of Joseph Priestley, the great eighteenth century scientist, given to the University of Wisconsin Library by Mr. Denis I. Duveen of Long Island City, New York. Mr. Duveen had previously given the University a collection of books to augment the collection of books on alchemy and the history of chemistry which the University had purchased from him in 1951.

The other special gift recommended for acceptance by the President was a gift of \$850,000 from the Wisconsin Alumni Research Foundation to be used for the construction of laboratory and research facilities. This gift included:

- (1) \$200,000 for the acquisition of a site, the construction of buildings and a new telescope, for which the lens has already been acquired by

(Cont.)

the University, for a new astronomical observatory to be located at a distance from the City of Madison;

- (2) \$250,000 for special research facilities in connection with the addition and alterations to Birge Hall;
- (3) \$300,000 for a basement addition to Sterling Hall to be used for research in nuclear and solid-state physics; and
- (4) \$100,000 for contingencies.

The acceptance of the above two gifts was moved by Regent Watson and seconded by Regent Arveson, and the following resolutions of acceptance were unanimously voted:

- (a) That the gift of Mr. Denis I. Duveen, Long Island City, New York, of a Wedgwood medallion of Joseph Priestley, the great eighteenth century scientist, to the University of Wisconsin Library, be accepted.
- (b) That the gift from the Wisconsin Alumni Research Foundation for construction of the following laboratory and research facilities be accepted:

Astronomy	\$200,000
Biology	250,000
Physics	300,000
Contingency	<u>100,000</u>
TOTAL	\$850,000.

-

Upon motion of Regent Renk, seconded by Regent Jones, it was VOTED, That the Actions by the President, since the July 9, 1955, meeting of the Board of Regents, covering resignations and terminations, appointments, leaves of absence, changes in status or salary of personnel, resignations to accept other U.W. appointments, and resignations of summer session appointments (EXHIBIT B attached) be approved, ratified and confirmed.

Vice President Peterson presented the report of the Vice President of Business and Finance.

Upon motion of Regent Watson, seconded by Regent Renk, it was VOTED, That the Report of Actions Taken numbered I, listed under the Report of the Vice President of Business and Finance (EXHIBIT C attached) be approved, ratified and confirmed.

-

Upon motion of Regent Jones, seconded by Regent Rennebohm, it was VOTED, That the Report of Actions Taken numbered II, listed under the Report of the Vice President of Business and Finance (EXHIBIT C attached) be approved, ratified and confirmed.

-

Upon motion of Regent Watson, seconded by Regent Renk, it was VOTED, That Item No. III, 1, Miscellaneous, listed under the Report of the Vice President of Business and Finance (EXHIBIT C attached) be approved, ratified and confirmed.

-

Vice President Peterson explained the filing of preliminary applications by Wisconsin University Building Corporation with the Housing and Home Finance Agency for loan assistance under Title IV of the Housing Act of 1950 for the construction of student housing facilities at the University (see III. Miscellaneous, 2, EXHIBIT C attached). He stated that the Housing Act for the College Housing Program had been amended by Congress at the request of the University of Wisconsin to permit the inclusion of organizations such as the Wisconsin University Building Corporation among those eligible to apply for such loans. He reported that approximately \$65,000,000 would be available during this fiscal year for such loans under Title IV of the Housing Act of 1950. Loans would carry an interest rate of 2-3/4% per annum and would probably be limited to forty-year terms. He indicated that the application filed for a loan for a dormitory for six hundred students was for the replacement of Chadbourne Hall, preliminary plans for which are now in process of preparation for presentation to the Regents in the near future. Upon motion of Regent Jones, seconded by Regent Laird, the filing of the preliminary applications for loan assistance under Title IV of the Housing Act of 1950, as listed under III. Miscellaneous, 2, EXHIBIT C attached, was approved.

-

Upon motion of Regent Renk, seconded by Regent Jones, the charging for parking in University parking areas for athletic events, as reported under III. Miscellaneous, 3, EXHIBIT C attached, was approved.

Regent Rennebohm suggested that at the next meeting, if possible, the Regents be furnished with a statement of the estimated earnings over the next several years derived from parking for athletic events and with a statement of what might be provided in the way of additional parking facilities from such earnings.

-

The Vice President of Business and Finance presented the report of budget transfers for August, 1955, for the information of the Regents. (See Exhibit D appended to EXHIBIT C attached)

The Secretary presented for confirmation the authorization voted by the Regents by mail relating to the use and administration of the W. K. Kellogg Foundation grant for the support of the National Agricultural Extension Center for Advanced Study. Upon motion of Regent Watson, seconded by Regent Laird, it was

VOTED, That the following action approved by the Regents by a mail vote be ratified and confirmed for the record:

That the use and administration by the University of Wisconsin of a grant from the W. K. Kellogg Foundation of Battle Creek, Michigan, for the support of the National Agricultural Extension Center for Advanced Study, in accordance with the terms and conditions contained in the exchange of proposals and correspondence between the President of the University of Wisconsin and the Kellogg Foundation (copies on file), be approved.

-

The Secretary presented an invitation received for a representative of the Regents to attend the Rededication Ceremonies of the State Historical Society of Wisconsin. Upon motion of Regent Werner, seconded by Regent Arveson, it was

VOTED, That Regent Rennebohm be designated to represent the Regents of the University of Wisconsin at the Recognition Luncheon on Saturday, October 8, 1955, in connection with the Rededication Ceremonies of the State Historical Society of Wisconsin.

-

The Secretary called attention to the thirty-third annual meeting of the Association of Governing Boards of State Universities and Allied Institutions to be held at Michigan State College in October. Upon motion of Regent Renk, seconded by Regent Rennebohm, it was

VOTED, That Regent Laird be appointed the delegate of this Board to attend the annual meeting of the Association of Governing Boards of State Universities and Allied Institutions to be held at Michigan State College, East Lansing, Michigan, October 18 through October 22, 1955; and that any other members of the Board desiring to attend be authorized to do so.

Regent Laird presented the report of the Educational Committee.

Upon motion of Regent Laird, seconded by Regent Werner, it was VOTED, That the following recommendations of the Educational Committee be adopted:

1. That the resignation of John I. Kross, associate professor of agricultural economics, be accepted; to take effect October 1, 1955.
2. That the resignation of Louise Lockwood Carpenter, professor of music, be accepted; to take effect July 15, 1955.
3. That Robert C. Clark, Jr., professor and assistant director, 4-H programs, Cooperative Extension Service, be appointed Director of the National Agricultural Extension Center for Advanced Study on the twelve months' basis, beginning September 16, 1955; annual salary \$12,500 (salary for the period September 16, 1955 to June 30, 1956, \$9,895.87); charge to fund 15-2079.
4. That Herbert M. Sewell be appointed associate professor, Library School, beginning with the academic year 1955-56; salary \$7,500 for the year; charge to item for associate professor, Library School, p. 76, L. & S.

-

Upon motion of Regent Laird, seconded by Regent Werner, it was VOTED, That the following recommendations of the Educational Committee be adopted:

1. That J. H. Westing, professor of commerce, be appointed Associate Dean of the School of Commerce, on ten months' basis, beginning with the academic year 1955-56, with no change in salary.
2. That the title of L. H. Adolfson, be changed from Acting Director of Summer Session to Director of Summer Session, without change in salary, effective September 10, 1955.

-

Upon motion of Regent Laird, seconded by Regent Jones, it was VOTED, That the bequest by the late Paul F. Cooke, Milwaukee, Wisconsin, to the University of Wisconsin in Milwaukee, of his foreign language books, consisting of seventy-one volumes, be accepted by The Regents of The University of Wisconsin in accordance with the terms and conditions of the Last Will and Testament of Paul F. Cooke, Deceased.

Upon motion of Regent Laird, seconded by Regent Arveson, it was VOTED, That the following recommendations of the Educational Committee be adopted;

1. That, upon recommendation of the Vice President of Student Affairs, the following students be granted refunds of the late registration^{penalty} fee (\$5) for the 1955 summer session: Richard A. Thompson, Gerhard H. Weiss, Max E. Fletcher, and John B. Griggs.
2. That the Vice President of Student Affairs be authorized to waive the assessment of the penalty fee for late registration, or to authorize the refund of such fee if paid, under the conditions specified below:
 - (a) The late registration of the student occurred solely because the date of discharge from military service, or release from required military training, made it impossible for the student to register during the normal registration period,
 - (b) The late registration of the student was caused by a clearly established error, failure, or action on the part of the University.

-

Upon motion of Regent Laird, seconded by Regent Jones, it was VOTED, That the Secretary be authorized to make non-substantive revisions, from time to time, in the rules, regulations, and laws of the Regents to the extent necessary for publication as administrative rules in the Wisconsin Administrative Code and Register, pursuant to Chapter 221, Laws of 1955.

-

Upon motion of Regent Laird, seconded by Regent Renk, it was VOTED, That, whereas the Campus Publishing Company has transferred its assets to the University of Wisconsin Foundation; and

Whereas the Foundation proposes to transfer all net proceeds and remaining assets, after the sale of surplus property, to The Regents of The University of Wisconsin for the purpose of establishing a laboratory for the School of Journalism; and

Whereas the proposed gift will require installation of equipment, and interior remodelling of the Journalism Hall required for such installation of equipment, with the cost to be paid by the University of Wisconsin Foundation;

Now, therefore, be it resolved that the Regents authorize the said installation of equipment and remodelling to make possible the completion of the

laboratory as contemplated in the proposed gift, with the understanding that all costs will be paid by the University of Wisconsin Foundation, or charged to the funds to be transferred to the Regents by the Foundation as part of the proposed gift.

In connection with the above recommendation, Regent Renk pointed out that Journalism Hall is one of the buildings that it is contemplated will eventually be torn down and that, therefore, extensive remodelling of the building should be avoided. Vice President Peterson reported that the remodelling contemplated under the above recommendation was only that essential for the installation of the equipment which would be obtained from the Campus Publishing Company. Regent Watson inquired whether "The Daily Cardinal" would be published in Journalism Hall; and Regent Rennebohm indicated that that was contemplated in connection with the proposed gift of the Campus Publishing Company assets to the Regents through the University of Wisconsin Foundation.

Regent Jones presented the report of the Business and Finance Committee.

Regent Jones moved, and Regent Renk seconded, the adoption of the following recommendation of the Business and Finance Committee:

"That the following schedule of costs for construction of an addition and alterations to Birge Hall be approved:

Explanatory Notes:

- (1) The low bidder for general construction has agreed to a provision in the contract which will permit reinstatement of alternates #11, 12, and 14 at the bid price if the University so elects prior to November 15, 1955. (To be confirmed by inclusion in the contract document.)
- (2) New bids for heating, ventilating, and insulation were opened on August 25, 1955.
- (3) The Attorney General and the Director of Budget and Accounts have agreed that fees payable to the architect prior to the beginning of construction work are properly chargeable to 20.419(3). The contract with the architects provides for payment of 75% of the total architects fees after bids have been received; this is equivalent to a fee of $4\frac{1}{2}\%$ of the low bids. The Governor has agreed to release the amount approved by the Attorney General as legally payable from 20.419(3). (Cont.)

- (4) The low bidder on laboratory equipment has agreed to an extension to November 1, 1955, for acceptance of the bid (confirmed in writing). Funds for this work will be requested of the State Building Commission.
- (5) It is estimated the following additional funds will be needed to complete the project:

Equipment - Base Bid	\$137,581.35
Architects fees on equipment @ 1½%	<u>2,063.72</u>
	\$139,645.07*

* Less whatever can be charged to the contingent."

Regent Jones called special attention to the gift of \$250,000 from the Wisconsin Alumni Research Foundation which made it possible to include in this project certain research facilities of an essential nature for which funds were otherwise not available and without which utilization of the addition to Birge Hall would have been greatly restricted. He also called attention to the many other construction projects on the campus which had been financed in whole or in part by gifts from the Wisconsin Alumni Research Foundation; and he stated that these gifts for construction purposes were in addition to the generous and continuing contributions to the University by the Wisconsin Alumni Research Foundation in support of research projects.

The question on the above motion was put and was voted unanimously.

-

Upon motion of Regent Jones, seconded by Regent Rennebohm, it was VOTED, That, subject to the approval of the Governor and the State Chief Engineer, the following additional contracts on the addition and alterations to Birge Hall project be awarded to the following low bidders, on the basis of their low base bids, and that the Vice President of Business and Finance be authorized to sign the contracts:

Heating and Ventilating Work (Base Bid 4B)	
The Maag Company, Milwaukee	\$265,814
Insulation Work	
Johnson Insulating Company, Madison	19,490.

-

Upon motion of Regent Jones, seconded by Regent Werner, it was VOTED, That the State Building Commission be requested to appropriate the necessary additional funds for the laboratory equipment and related costs on the addition and alterations to Birge Hall project.

Regent Jones moved, and Regent Rennebohm seconded, the adoption of the following recommendation of the Business and Finance Committee:

"That the revised preliminary plans and specifications for the Wisconsin Center Building be approved."

An exterior sketch of the proposed Wisconsin Center Building was shown, and Vice President Peterson explained the principal revisions from the previously approved preliminary plans, indicating changes in the exterior and the omission of dormitory rooms. The locations of possible future additions of an auditorium and dormitory facilities were pointed out. It was reported that the revised preliminary plans and specifications had been approved by the University of Wisconsin Foundation, the Faculty Building Committee for the Wisconsin Center Building, the University Campus Planning Commission, and the Business and Finance Committee of the Regents.

The question on the above motion was put and it was voted, with Regent Arveson voting "No".

Upon motion of Regent Jones, seconded by Regent Renk, it was VOTED, That the construction of a basement addition extending easterly from the south wing of Sterling Hall, to be used by the Physics Department for research purposes, be approved.

Regent Jones noted that the proposed basement addition to Sterling Hall would be partly under ground because of its use for research in nuclear physics; and he also noted that the funds for this addition would be provided by the Wisconsin Alumni Research Foundation gift which was accepted earlier in this meeting.

Upon motion of Regent Jones, seconded by Regent Rennebohm, it was VOTED, That, pursuant to authority granted by Wisconsin Statutes, \$100,000 be declared as surplus, not needed for the ensuing year, in the 20.830(45) Revolving Appropriation for Intercollegiate Athletics, formerly 20.41(50), and that the said sum be transferred to 20.830(50) Revolving Fund Surplus, formerly 20.41(11), to provide a part of the funds needed to finance the construction of the Camp Randall Memorial (Indoor Practice Building).

Upon motion of Regent Jones, seconded by Regent Renk, it was VOTED, That Sections 7.342, 7.343, and 7.344 of the Rules and Regulations for the Management, Administration and Regulation of Land and Property Owned or Controlled by the University of Wisconsin adopted by The Regents of The University of

Wisconsin at their regular meeting held on September 12, 1953, be repealed and re-created to read as set forth in EXHIBIT E, attached.

Upon motion of Regent Jones, seconded by Regent Werner, it was VOTED, That the fee for parking on the campus be waived for emeritus members of the faculty who receive no compensation from the University, when approved by the appropriate dean or director.

Regent Jones moved, and Regent Renk seconded, the adoption of the following recommendation of the Business and Finance Committee:

"That the leasing of the Modest Rental Dormitory for Men at 123 North Orchard Street to the 123 North Orchard Street Cooperative, and of the Modest Rental Dormitory for Women at 915 West Johnson Street to the 915 West Johnson Street Cooperative be authorized and approved; and that the Vice President of Business and Finance be authorized to sign the leases to the abovementioned student cooperatives for the 1955-56 academic year and for subsequent renewals thereof."

At the request of Regent Jones, Vice President Peterson explained that the goal of the Regents in building these dormitories was to reduce the costs to students as much as possible. Therefore, it was deemed advisable to form student cooperatives for the operation of these dormitories so that the costs to the students would be reduced by the students doing part of the work in the dormitories themselves. Vice President Peterson reported that there had been some delays in the construction of the two Modest Rental Dormitories and that the students would have to be temporarily housed in other quarters, until about October 1 for the women's dormitory, and about October 15 for the men's dormitory. He reported that the charge for room and board for the year in the women's dormitory would be approximately \$489 and would be about \$4.50 per week for room only in the men's dormitory.

The question was put on the above motion and it was voted unanimously.

Upon motion of Regent Jones, seconded by Regent Watson, it was VOTED, That the Vice President of Business and Finance be authorized to sign an agreement with the City of Milwaukee, represented by its Board of Vocational and Adult Education, for the use of facilities and instructional services of the Milwaukee Vocational and Adult Schools for engineering courses of the University of Wisconsin Milwaukee Extension Division during the 1955-56 academic year.

Upon motion of Regent Jones, seconded by Regent Werner, it was VOTED, That, subject to the approval of the Governor and the State Chief Engineer, a contract be awarded to William Dey, Three Lakes, Wisconsin, in the total amount of \$2,980 for razing barn (No. 386), at a cost of \$800, and for construction of a corrugated steel machine shed, at a cost of \$2,180, on the Three Lakes Research Farm; chargeable to 1955-56 budget of College of Agriculture, New Construction, Fund 20.830(41) - formerly 20.41 (1)(b); and that the Vice President of Business and Finance be authorized to sign the contract.

-

Upon motion of Regent Jones, seconded by Regent Watson, it was VOTED, That the following budget be approved for the National Teachers Seminary Trust Fund for the year 1955-56:

Salaries and Wages	\$5,350
Supplies and Expense	300
Printing and Binding	<u>4,000</u>
Total Budget	\$9,650
Sources of funds	
Sales of Monatshefte	\$1,900
National Teachers Seminary Trust Fund	<u>7,750</u>
Total Revenue	<u>\$9,650.</u>

-

Upon motion of Regent Jones, seconded by Regent Renk, it was VOTED, That authority be granted for the development of a University parking lot on the three lots at the southeast corner of Spring Street and North Charter Street, at an estimated cost of \$6,100, chargeable to Parking Lots Revenue.

-

Upon motion of Regent Jones, seconded by Regent Rennebohm, it was VOTED, That subject to the approval of the Governor and the State Chief Engineer the Vice President of Business and Finance be authorized to sign a contract in the amount of \$7,602 with the Otis Elevator Company for repairs and modifications of the freight elevator in the Memorial Union Building.

Regent Rennebohm presented the report of the Special Regent Committee on Agricultural Lands. He stated that the first one hundred and twenty-four homesites in the University Hill Farms development would probably go on sale about September 25. He reported that the Special Regent Committee on Agricultural Lands was recommending the approval of the Plat of University Hill Farms which had already been approved by the City of Madison. He stated that the University will have to grade and gravel the streets in this initial subdivision; that John C. Haley & Sons, Madison, will be the contract broker for the sale of lots in this initial subdivision; and that the lots will be multiple listed so that all the real estate brokers in the state will have the same opportunity to sell them.

The Plat of University Hill Farms, which had been approved by the City Council of the City of Madison on September 8, 1955, was shown to the Regents and explained in detail. It was pointed out that this plat covered only the initial subdivision of the Hill Farms; and there was brief discussion of possible methods of sale of various other parcels of the Hill Farms.

Upon motion of Regent Rennebohm, seconded by Regent Renk, the following resolution was unanimously adopted:

RESOLVED: That the Plat of University Hill Farms certified to by Andrew Dahlen on September 8, 1955, and approved by the City Council of the City of Madison, Dane County, Wisconsin, on September 8, 1955, is hereby approved.

Further, that the Declaration of Covenants, Restrictions and Easements hereto annexed and filed with the minutes is approved.

Further, that the President and Secretary shall execute the owner's certificate on the said plat and shall execute the said Declaration on behalf of the Regents as owners and thereafter cause the same to be recorded.

-

Upon motion of Regent Rennebohm, seconded by Regent Laird, it was VOTED, That the President or Vice President and the Secretary or Assistant Secretary of the Board of Regents be authorized and empowered to sign deeds and land contracts required in connection with the sale of lots in the University Hill Farms Subdivision in accordance with the approved plat.

Regent Renk reported that the Special Regent Committee on Agricultural Research was continuing to hold meetings and was making progress which would be reported to the Regents later.

Regent Werner indicated that the Special Regent Committee on Problems of Public Higher Education in Wisconsin had no report to submit.

Regent Laird reported that the Special Regent Committee on the Selection of Dean of Women had no report to make since it was waiting for suggestions, from the committee appointed by the President of the University as an Advisory Committee on this subject, which would probably be forthcoming after the September 24 meeting of the Advisory Committee.

Upon motion of Regent Watson, seconded by Regent Werner, it was VOTED, That the meeting adjourn.

The meeting adjourned at 12:00, noon.

(35)

\$ 8,510.00 - "The Biosynthesis of Citrulline and Other Carbamylamino Acids," July 1, 1955 to June 30, 1956, Medical School, Department of Physiological Chemistry. Grant No. A-540(C5) (16D-2067)

(36)

\$ 9,269.00 - "Studies on the Etiology, Epidemiology and Immunology of Pneumonia-Enteritis in Calves," September 1, 1955 to August 31, 1956, College of Agriculture, Department of Veterinary Science. Grant No. E-111(C5) (16D-2066)

(37)

\$ 8,520.00 - "The Chemical and Pharmacological Relationships Between the Schoenocaulon Alkaloids and the Zygadenus Alkaloids," September 1, 1955 through August 31, 1956, Department of Chemistry. Grant No. H-2275 (16D-2053)

(38)

\$ 7,452.00 - "Fatty Acid Synthesis in Soluble Systems of Animal Tissues," September 1, 1955 through August 31, 1956, Graduate School, Institute for Enzyme Research. Grant No. H-2236 (16D-2070)

(39)

\$ 7,763.00 - "Cholesterol acylase functions in insects and mammals and the mode of action of chlorinated insecticides," September 1, 1955 to August 31, 1956, College of Agriculture, Department of Entomology. Grant No. H-2182 (16D-2072)

(40)

\$ 9,085.00 - "The Participation of Tartaric Acid in Cellular Respiration," September 1, 1955 to August 31, 1956, Graduate School, Institute for Enzyme Research. Grant No. H-2163 (16D-2071)

(41)

\$ 5,290.00 - "Effects of Digitalis Derivatives on the Energy Transfer Systems of Heart Muscle," September 1, 1955 to August 31, 1956, Graduate School, Institute for Enzyme Research. Grant No. H-2154 (16D-2069)

(42)

\$10,235.00 - "The Phenomenon of Irreversibility in Hemorrhagic Shock," September 1, 1955 to August 31, 1956, School of Medicine, Department of Surgery. Grant No. H-2148 (16D-2051)

GRANTS (Continued)

(q) (Continued)

(43)

\$21,949.00 - To support an undergraduate cardiovascular training grant, September 1, 1955 to August 31, 1956, Medical School, Department of Medicine (Cardiovascular Research Laboratory). Grant No. HT-5038(C3) (16L-2073)

(44)

\$ 3,000.00 - Continuation of the support of a training course in Enzyme Chemistry with particular reference to Heart Muscle, August 1, 1955 to July 31, 1956, Graduate School, Institute for Enzyme Research. Grant No. HTS-5006(C6S) (16D-2057)

(45)

\$64,840.00 - To support a training course in Enzyme Chemistry with particular reference to heart muscle, August 1, 1955 to July 31, 1956, Graduate School, Institute for Enzyme Research. Grant No. HTS-5006(C6) (16D-2056 and 16D-2057)

(r) \$ 4,000.00 - Eli Lilly and Company, Indianapolis, Indiana, for the establishment of an industrial research project to study the occurrence, economics and control of swine parasites, July 1, 1955 to June 30, 1956, Department of Veterinary Science. (15-1100)

(s) \$ 3,000.00 - Wyeth Laboratories, Inc., Philadelphia, Pennsylvania, for the renewal of a research project to study the production, nature, and action of antibiotics, October 1, 1955 to September 30, 1956, Departments of Bacteriology, Biochemistry, and Botany. (15-150)

(t) \$ 200.00 - The Ben S. McGiveran Foundation, Milwaukee, Wisconsin, to be added to a fund to provide for research on certain lakes in Chippewa County. In addition, rights are given to the University of Wisconsin for fish hatchery operation in these lakes, with any funds resulting from such operation to be available for further research by the Department of Zoology. (15-2048)

(u) \$100,000.00 - American Cancer Society, New York City, an institutional grant to support cancer research under the direction of the University of Wisconsin American Cancer Society Institutional Research Grant Committee, during the period September 1, 1955 to August 31, 1956. Grant INSTR-71C

(v) \$ 600.00 - The University of Wisconsin Foundation, Madison, Wisconsin, in support of an industrial research project to make a study of game management, especially with pheasants in Southeastern Wisconsin -- June 15, 1955 to June 14, 1956 -- Department of Forestry and Wildlife Management. (15-2056)

(w) \$ 3,000.00 - Merck and Company, Inc., Rahway, New Jersey, to continue a research project to study the factors that affect the nature and production of antibiotics - September 1, 1955 to August 31, 1956 - Departments of Biochemistry and Bacteriology. (15-361)

GRANTS: (Continued)

- (x) \$ 1,500.00 - Pabst Brewing Company, Chicago, Illinois, a contribution to aid in the support of the general research program of the Institute for Enzyme Research. (15-58)
- (y) \$ 8,200.00 - The National Live Stock and Meat Board, Chicago, Illinois, for the renewal of a research project relating to a study of amino acids in meats and the importance of meat proteins in the prevention of fatty livers and certain stress conditions, September 1, 1955 to August 31, 1956, Department of Biochemistry. (15-151)
- (z) \$ 500.00 - Pacific Coast Borax Company, Division of Borax Consolidated, Limited, Auburn, Alabama, support of an industrial research project to study the boron requirements of field and sweet corn during the period July 1, 1955 to February 29, 1956, Department of Soils. (15-734)
- (aa) \$ 1,600.00 - Wilson and Company, Inc., Chicago, Illinois, for the continuation of a research project to study the effects of processing upon the nutritive value of meat and meat by-products - September 1, 1955 to August 31, 1956 - Department of Biochemistry. (15-190)
- (bb) Badger Breeders Cooperative, Shawano, Wisconsin;
East Central Breeders Cooperative, Waupun, Wisconsin;
Southern Wisconsin Breeders Cooperative, Madison, Wisconsin;
Tri-State Breeders Cooperative, Westby, Wisconsin;
(1) Consolidated Breeders Cooperative, Anoka, Minnesota;
\$ 500.00 - the support of an industrial research project in the Department of Dairy Husbandry, for the 12-month period beginning July 1, 1955. (15-2075)
(2) \$ 9,000.00 - support of an industrial research project to study the production of cows resulting from artificial breeding, and the factors affecting the repeatability of natural service proofs - July 1, 1955 to June 30, 1956 - Department of Dairy Husbandry. (15-1149)
(3) \$ 7,000.00 - renewal of the support of an industrial research project to study the causes of lowered fertility in cows, the "repeat breeder" problem, including bacteriological studies on problem cows - July 1, 1955 to June 30, 1956 - Departments of Genetics, Bacteriology, and Veterinary Science. (15-1148)
- (cc) - The Armour Laboratories, Chicago, Illinois, period of grant extended to January 30, 1956. Grant is in support of research in the Department of Medicine. (15-1022)
- (dd) \$ 8,000.00 - The Mink Farmers' Research Foundation, Inc., Milwaukee, Wisconsin, renewal of an industrial research project to study methods of control of urinary calculi and associated diseases in mink - July 1, 1955 to June 30, 1956 - Departments of Biochemistry and Veterinary Science. (15-1101)

GRANTS: (Continued)

- (ee) \$ 450.00 - Square D Company, Detroit, Michigan, for the continuation of the "Square D Scholarship" plan in the College of Engineering. The recipients of the award shall be chosen during the second semester of their sophomore year by the Square D Company upon recommendation of the College of Engineering. A sum of \$450 per year will be allowed each scholar during his junior and senior years in accordance with the agreement between the Company and the College of Engineering. (15-684)

16. Department of Army - Headquarters Fifth Army - Contract No. DA-11-175-AV-1536 - Modification No. 1 - Fixed price contract for instruction of military personnel - 1955-56 academic year and 1956 summer session.
17. United States Public Health Service - Basic Training Contract No. Saph 65072 (supersedes Letters of Agreement for enrollment of persons assigned as students by the U. S. Public Health Service - Regent Minutes 9/30/50, page 18) - July 1, 1955 to cancellation - Tuition and fees of Public Health Service trainees assigned as students under individual "Orders Pursuant to Basic Training Contract" to be paid by Government.
18. Veterans Administration - Form 7-1981 - Agreement without Charge for Vocational Rehabilitation Training under Public Law 16 - April 15, 1955 to September 15, 1956 - Residency - Internal Medicine - University Hospitals.
19. Veterans Administration - Contract No. V3030V-942 - Supplement No. 4 (effective July 1, 1955) to contract for services performed by Student Counselling Center relating to the counselling of veterans - Substitution in contract of new Articles II and III, relating to "Payment" and "Revision of Rates," respectively.
20. Institute of International Education, Inc., acting as administrator for the U. S. Department of State - Agreement covering Labor-Management Project for German Nationals - Program of study and observation in the field of industrial and labor relations for not to exceed 20 German trainees - September 14, 1955 through August 1, 1956 - Industrial Relations Research Center. (15-2078)
21. Geological Survey - Cooperative agreement covering an investigation of water resources of the State of Wisconsin - each party to agreement to expend not to exceed \$25,750 (University share chargeable to the 1-B budget of the State Geologist) - July 1, 1955 through June 30, 1956.
22. Geological Survey - Cooperative agreement covering an investigation of the geology and the zinc-lead deposits of southwestern Wisconsin and the iron ore deposits of northeastern Wisconsin - each party to agreement to expend not to exceed \$16,000 (University share chargeable to the 1-B budget of the State Geologist) - July 1, 1955 through June 30, 1956.

III. Miscellaneous

1. Agreement with John C. Haley and Sons, Realtors, Madison, in accordance with the proposal (copy on file) dated August 9, 1955, from John C. Haley and Sons covering their services during the six-months period beginning August 23, 1955, as contract broker in the sale of individual lots in the approximately 100-acre area of the Hill Farms being subdivided by the University, securities totalling a current market value of not less than \$10,000 to be deposited by the contract broker with the State Treasurer as security covering University funds and other items of value held temporarily in the possession of the contract broker during the term of the agreement. (Pursuant to authority granted by the Executive Committee of the Regents at its meeting on August 12, 1955.)

2. Preliminary applications filed by Wisconsin University Building Corporation with the Housing and Home Finance Agency, Office of the Administrator, College Housing Program, for loan assistance under Title IV of the Housing Act of 1950 for the construction of student housing facilities at the University of Wisconsin as follows:

Dormitory - 600 Women Students - (Application No. Wis. 47-CH-15)
Dormitory - 400 Women Students - (Application No. Wis. 47-CH-16)
Student Family Apartments - 300- (Application No. Wis. 47-CH-17).

3. The following regulation (7.3421) included in the Rules and Regulations for the Management, Administration, and Regulation of Land and Property Owned or Controlled by the University of Wisconsin, adopted by the Regents on September 12, 1953, has been effected insofar as it relates to athletic events (confirming approval by telephone by the Regents):

In order to provide off-street parking in University parking areas for public patrons of University events, such as, for example, athletic contests, motor vehicles may be permitted to park in areas designated for such purpose by the Superintendent of Buildings and Grounds for a limited time not exceeding twelve hours continuously and on payment of a parking fee not exceeding one dollar for each event.

Remarks By Dean Uhl Regarding the School of Pharmacy
at Regent Meeting of September 10, 1955

The School of Pharmacy is the smallest school on the campus. Perhaps that's because it has no reason to be large. The School of Pharmacy, as I have indicated here on a couple of charts that I will show you, was established in 1883 by a legislative enactment. The University of Wisconsin School of Pharmacy is the second oldest school in the United States connected with a state supported University. Michigan's was established in 1867. The Division of Pharmacy at Wisconsin was established in 1883. The School of Pharmacy is composed of the following areas: (divisions) Pharmacy, Pharmaceutical Chemistry, Pharmacology, Pharmacognosy, Pharmacy Administration, and History of Pharmacy. The first five divisions are areas in which we must have a full time professor if we are to be an accredited school by the American Council on Pharmaceutical Education.

We do the most work of any school in the country in the History of Pharmacy. In 1882 Dr. Frederick B. Power, who had obtained a Doctor in Pharmacy from Frankfurt, Germany, was brought to the campus of the University of Wisconsin. He remained here until 1892 as Director of the School of Pharmacy. His student, Dr. Edward Kremers, succeeded him. Dr. Kremers earned his Baccalaureate Degree for his work in Pharmacy. He was sent to Germany and came back in 1890, working here for two years. Dr. Power went to Germany to become Director of Research with a German firm whose work pertained to volatile oils and oil chemistry. Dr. Kremers was at Wisconsin until 1935, when he retired. Both Dr. Power and Dr. Kremers were interested in building up a library. We now have the outstanding library in Pharmacy in the United States, and, in the world. We are trying to maintain it, not only as a physical set up, but also to make use of it. We obtained the services of Dr. George Urdang, who came here in 1938 from Germany, his field also being the History of Pharmacy. He has retired now, but a young student of his, Glenn Sonmedecker, who came here studying under a Fulbright scholarship, is carrying on the work. We give a Doctor's degree in the History of Pharmacy. We are strong in the history of science, in general. The extensiveness of our library makes us very conscious of it and desirous of maintaining it.

The division of Pharmacy Administration cooperates with the School of Commerce and the College of Letters and Science.

The Department of Pharmacology works very closely with the Medical School.

The School of Pharmacy is fully accredited by the American Council on Pharmaceutical Education. A man or woman must pass the State Board of Pharmacy examination to become a registered pharmacist in Wisconsin. In order to be qualified to write the examination, the prospective applicant must be graduated from an accredited school of Pharmacy. The University of Wisconsin School of Pharmacy will be re-inspected to be accredited on December 8 and 9, of this year, 1955. We hope we will continue to be an accredited school. We are the only school of Pharmacy in the state. We do a good job. Because we are the only school of Pharmacy in the state, the future of Pharmacy in the State of Wisconsin depends upon how good a job we do here at the University.

This chart shows graphically the number of newly registered pharmacists in the state by years, and the annual number of graduates from the School of Pharmacy of the University of Wisconsin. Ninety-nine percent of the pharmacists in the state are graduates of this school. The number of newly registered pharmacists in the state took a sharp decline and reached a low point in 1932, 1933 and 1934. This was

because prerequisite law went into effect, and thereafter no one was eligible to take the state certifying examinations to become a pharmacist unless he or she was a graduate of an accredited four^{year} program in Pharmacy. From 1932 to 1936 the number of graduates remained fairly constant. It appears that there will be about the same number of pharmacists in the state as we have graduates. There are about 2,150 (round numbers) registered pharmacists in the State of Wisconsin. Statistics indicate that a replacement factor of 3.2 is correct for this profession. There are 69 new pharmacists needed every year to replace those leaving the profession for death, retirement, and other reasons.

The objective of the School of Pharmacy is to graduate a well-educated young man or young woman, not only in the profession of pharmacy, but to fit into the whole program of health in the state of Wisconsin. This business of health has developed into such a complicated situation--there are so many people taking part in the preparation of young people for that program. Also, there is so much work being done in research that it is perhaps one of the most complex areas that we are dealing with in science today. The fields of Biochemistry, Physiology and Social Psychology are all very complex. Our aim and hope is that we are turning out young people who are in a position to cope with the proper use of drugs and medicines. Ours is a rather diversified program. No area on the campus, perhaps, offers any more scope--Biochemistry, Physiology, Social Sciences, and so forth. This has led to thinking that by 1960 we must have a five-year program in Pharmacy if we are to be accredited. We are working on that program now. About fifty to sixty percent of Schools of Pharmacy have a five-year, and some have a six-year program now. California schools have a six year program.

We have three areas in the School of Pharmacy. The undergraduate area, the graduate area and the extension or public service division. We need to coordinate these three areas and give each the emphasis it needs to continue this program. We have over fifty graduate students and we would like to increase that number to about sixty.

Ours was the first school of Pharmacy in the United States to offer work at the Bachelor level, at the Master's level and at the Ph. D. level. Every school in the United States which is working on a graduate level has people on the staff who are graduates of the Wisconsin School. Twenty-two schools of Pharmacy deans are graduates of Wisconsin. There are twenty-nine other schools where one or more Wisconsin people are on the staff. At some schools we have as many as four people on the staff. There are forty-six schools in all, throughout the United States manned by Wisconsin graduates (School of Pharmacy). We had fifty-eight requests at one time for graduates with Ph.D. degrees for work in education. Most of our graduates of next June are already hired.

We think we are the best school of Pharmacy in the United States. We have a very loyal staff--a young staff. With the exception of myself and one other individual, the rest of our staff is under 45 years of age--some in their 30's and some in their 20's. We have all Wisconsin people on the staff, which perhaps is not a good thing. Nevertheless, our staff is doing a good job. Our staff is a hard-working group. They handle the undergraduates very well, and if you want proof of that statement, just ask some of our graduates. We feel that our staff is capable of carrying on a very good graduate program. Also, they are all able to go out and do extension work. When you have a group that can do all three things well, you have something.

Public service and extension is our hardest work. In the field of adult education, we do not have much to show. No school of pharmacy has a good program in that area. However, we are developing that work, but we are only scratching the surface so far. We know it is a hard job and an important job, and that, if we are going to have good pharmacy, we have to continue working with our graduates after they leave the University.

We appreciate very much the additional physical plant that has been given to us. We are trying also to remodel some of our rooms for better facilities. We hope that we will have more money for additional remodeling in the future. We appreciate the additional physical plant, as I said before, but we will be crowded when we move in.

Come and see us at any time--we will be glad to have you see our new facilities. Thank you for the opportunity to present these remarks.

Report on Estimated Enrollment on the Madison Campus for Fall of 1955
By Vice President Little at Regent Meeting of September 10, 1955

The estimated enrollment for this fall is very close to what we had anticipated when we prepared the budget--14,600 students. This enrollment is made up of the following figures: the number of students returning, 9,100, which is a 400 higher carry over than a year ago; new freshmen, about 100 more than a year ago, or 2,575; new graduate students about the same as a year ago, 975; transferring students, 100 more than a year ago, or 1,300; and based on the inquiries we have had from men in service, since the new ruling that men in service can be discharged early from service if they plan to enroll in a college or university, we will have about 700 students re-entering after a period of absence from the University, 100 more than a year ago. The total of new students and of students who are re-entering is approximately 5,500.

Regarding trends in enrollment, let us take a look at what has been happening in the last four years. The most significant thing is the sizeable increase in enrollment in engineering. For the past four years the percentage of men students entering the College of Engineering has been running from 30 to 35% higher. When we compare this enrollment with 1951, when the total enrollment was about the same, we find that last year we had 547 more new students in engineering and fewer men students in every other college. The increase in women students since 1951 has been small: College of Letters & Science 180 more, Education 102 more, and a decrease in Home Economics. We have been asked to make estimates of enrollment for the next 5, 10, and 15 years; and are waiting for the final data for this fall to get a further line on what trends are, since the trends in the election of courses by students are important in forecasting enrollments.

Two things determine enrollments--educational opportunities that are available to students within the state (the nearness of these opportunities), and a whole host of family factors, financial and otherwise, that determine whether or not a student will attend a university or college and where he will go. One thing is certain about the future--the number of persons of college age will be increasing, beginning about now.

This year (1955) we are at the low point in the number of persons of ages 18, 19, 20, and 21 in the state. There are at present 200,000 persons in this age group (college age) in Wisconsin now. Not until 1960 will we have as many 18-20 year olds as we had in 1947. By 1965 there will be 271,000 college age people in the state; by 1970, 330,000; and by 1972 345,000. If the percentage of the college age group going to college remains the same, we can project a 72% increase in college enrollment in the next 15 to 16 years. These figures that I have given you are Madison campus figures. We will present 5 to 10 year enrollment estimates to you later this fall.

Regarding Extension Centers, based on applications for admission to extension centers, the increase over last year is about 35%, as compared with 5% on the Madison campus. There has been some question whether the processing of applications was faster this year, which might make these comparative percentage increases, based on applications processed on a particular date, unreliable as between the Extension Centers and the Madison campus.

Declaration of Covenants, Restrictions
and Easements for the Plat of

UNIVERSITY HILL FARMS

A Subdivision of the City of Madison
Dane County, Wisconsin

The Regents of the University of Wisconsin, hereinafter referred to as the Regents, owners of the property known as University Hill Farms, a subdivision in the city of Madison, Dane County, Wisconsin, on behalf of themselves, their successors and assigns, for the purpose of preserving the value of the lots in said subdivision, do hereby covenant, grant, declare and provide that all lots in said subdivision shall be used only for the purposes and in the manner set forth herein.

1. All lots in the plat of University Hill Farms shall be used only for single family residential purposes, provided that outlot C, designated on the recorded plat as "church site" may also be used for church purposes or related religious purposes, and no structure shall be erected, altered, placed or permitted to remain upon any lot in said plat other than:

(a) One single family dwelling not exceeding two stories in height;

(b) One private garage attached to the house for not more than two cars, unless the architectural control committee shall approve a detached garage or a garage for more than two cars.

This clause is subject to the provisos that lands to which the Regents retain title, or for which they have the written consent of the owner, may continue to be used for present agricultural uses and purposes.

2. No residential structure shall be erected on any building site which building has a ground floor area of the main structure, exclusive of one story open porches and garages, of less than the following minima for the following sized building sites:

	<u>Average Width of Building Site</u>	<u>Minimum Ground Floor Area</u>
For 1 and 1-1/2 story dwellings . . .	Less than 80 feet 80 feet and wider	1040 square feet 1176 square feet
For 2 story dwellings . . .	Less than 80 feet 80 feet and wider	780 square feet 882 square feet

3. No structure shall be located on any lot less than 10 feet from the lot line. No structure shall be located on any lot closer to the front street line

or side street line than the greater of either of the following: (a) the set backs shown in the recorded plat of the subdivision; or (b) the set backs required by the zoning ordinance, provided, that in accordance with the provisions and standards of this declaration, the architectural control committee shall have power to approve side yards less than 10 feet in width and in conformity with the zoning ordinance.

4. No profession or trade nor any noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be, or may become, an annoyance or nuisance to the neighborhood.

5. No trailer, basement, tent, shack, barn, garage or outbuilding, or any part thereof erected in said plat shall at any time be used as a residence, temporarily or permanently, nor shall any residence of a temporary character be used as a dwelling.

6. No lot as platted shall be resubdivided without the consent of the architectural control committee; this covenant shall not be construed to prevent the use of more than one lot as a building site subject to the approval of the architectural control committee.

7. The Regents or their successors shall establish by appointment a committee to be known as the architectural control committee. If there shall be a vacancy on the committee the remaining members or member of the committee shall have full authority to act until the vacancy is filled. Action of the committee shall be by a majority vote.

The committee may select an architect registered in the state of Wisconsin as its representative to act with the full authority of the committee, provided that such architect shall not have authority to vary the minimum ground floor area requirements specified herein.

The architectural control committee shall exercise its powers herein in accordance with the following purposes and standards:

(a) To assure the most appropriate development and improvement of the University Hill Farms.

(b) To protect each owner of a lot against improper uses by any other owner.

(c) To preserve so far as practicable the initial beauty of the subdivision.

(d) To guard against the erection thereon of poorly designed or poorly proportioned structures, or structures built of improper or unsuitable material.

(e) To encourage and secure the erection thereon of attractive, adequate sized homes, which conform and harmonize in external design with other structures to be built in the subdivision which are properly located upon the lot in accordance with its topography and finished grade elevation.

(f) To provide for high quality improvements which will protect the investments made by purchasers of such lots.

8. No structure shall be erected, moved, placed or altered upon any land in the subdivision until the architectural control committee or its designee shall in the light of the purposes and standards of this section approve the exterior design and the materials of such structure, and approve a plot plan showing the location of the structure, together with the finished grade level. A copy of such plans and specifications together with a plot plan shall be furnished by the owner for filing with the committee.

No fence, wall or hedge shall be constructed or planted on any lots nearer to the street than the setback line, unless similarly approved.

The architectural control committee or its designee may approve a detached garage or a garage for more than two cars on a particular lot, if it finds that such structure will not impair the harmony of external design with existing nearby structures, and will not adversely affect neighboring property values.

Within the limitations of the applicable zoning ordinance, the architectural control committee or its designee may approve a variance from the side yard and setback lines established herein when it finds that strict application thereof would result in peculiar and exceptional practical difficulties and undue hardship on the owner of the lot without commensurate benefit to the owners of neighboring lots.

The architectural control committee may, whenever such action is rendered necessary by a change in the house building art or a change in the public health standards for adequate housing, or for other reasons consistent with the objectives of the control of size of structures, authorize a variance from the requirements from minimum ground floor area where the plans and specifications assure a high quality house in harmony with the external designs of other houses in the neighborhood.

9. The Regents may elect to surrender the selection of the architectural control committee to any duly organized community association governed by a majority vote of all lot owners, or to the majority vote of said lot owners.

10. All external construction and landscaping for a structure on any building site shall be completed within one year from the date of issuance of city building permits unless delay in completion is due to war, strikes, or act of God.

11. An easement is hereby granted over the rear 5 feet of each lot in said subdivision for the installation, maintenance, and repair of utilities and drainage facilities.

12. These restrictions shall be binding on all persons claiming under them for a period of 25 years from the date this declaration is recorded, after which said restrictions and covenants shall be automatically extended for successive periods of 5 years, unless the owners of a majority of lots in the subdivision prior to the expiration of any term shall by majority vote duly recorded agree to amend or repeal said restriction.

13. These covenants and restrictions run with the land and shall be binding on all persons having an interest in said subdivision until terminated in accordance with paragraph 12.

14. These covenants and restrictions may be enforced by any lot owner by proceedings at law or in equity against any person or persons violating or attempting to violate the same, either to restrain the violation or to recover damages.

15. Invalidation of any one of the covenants or restrictions herein, or any severable part thereof, by judgment or court order shall in no way affect any of the remaining provisions, which shall continue in full force and effect.

16. All lots are further subject to the applicable zoning laws and ordinances of the city of Madison and to the building code of the city of Madison.
