The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

A leaflet on Anacap Surgical Silk on spools is now available on request.

Now available on spools

D & G ANACAP® SURGICAL SILK

A non-capillary silk of exceptional tensile strength, outstanding for many years as a specialty suture in combination with D&G Atraumatic® needles, Anacap Black Braided Silk is now available on spools, unsterilized, in lengths of 25 and 100 yards and in range of sizes from 6-0 to 5.

Packed in a convenient plastic box, Anacap Silk is well protected from dust and dirt and may be readily sterilized by boiling or autoclaving.

Non-capillary under all conditions to which sutures are exposed, D&G Anacap Silk is of such high tensile strength that it may be used in finest sizes without danger of breaking. It is free from stiffening lacquers or traumatizing substances.
