Union Renovations

Two big improvements that will make it easier to use some of the Union facilities are scheduled to begin in the summer of 1991. The Information Desk and Commons Desk will be combined and located where the Commons Desk and Deli now stand. The new Deli will be located on the first floor where the women's restroom now stands and will feature an outside window.

Also this summer, a new air conditioning system will be installed in Great Hall and Tripp Commons. This improvement will make these rooms comfortable even on the hottest days of the summer and make them even more attractive for wedding receptions and other summer celebrations.

Wisconsin Union "Workplace Diversity" Award

On December 5, 1990, the Wisconsin Union received a Meritorious Award for Workplace Diversity from the City of Madison Equal Opportunities Commission for its "Multiculturalism Action Plan."

The workplace diversity action plan, which was first implemented in June, 1988, is a staff development and awareness

program targeted to people with disabilities, racial and ethnic minorities and women. The action plan exists to meet the targets and goals of the Wisconsin Union and the Madison Plan of the University of Wisconsin-Madison, to increase self-awareness and understanding of multiculturalism and to create an environment where a culturally and ethnically diverse population is valued.
