The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Choke off the dirty-air critters.

These raspy-throat, foul-air fiends just love to pester your patients.

Put the pesky critters through a Honeywell Electronic Air Cleaner. That'll make 'em bite the dust!

It catches up to 95% of all the dust, dirt, smoke and other airborne particles passing through it . . . and up to 99% of all the pollen. Helps everyone . . . whether they're allergy sufferers or not.

No, it doesn't cure respiratory problems. But case histories show it does provide relief from the 16,000 quarts of polluted air a person breathes every day.

We'll be happy to supply the facts before you decide whether or not a Honeywell Electronic Air Cleaner in the home should be part of your treatment.

Just have your nurse or secretary mail this coupon.
