VOL. XXXII. NO. 76

MADISON, WIS., SATURDAY, DECEMBER 17, 1921

PRICE 5 CENTS

MOTHER GOOSE REIGNS TODAY AT BIG BAZAAR

Cabaret, Dancing, and Musical Entertainment to Last From 2 to 11 P. M.; Dance Tonight

Mother Goose will rule in a "Land of Make Believe" at the annual Y. W. C. A. bazaar at Lathrop hall this afternoon and evening. The many booths and bizarre stunts will be supplemented by a continuous entertainment from 2 to 11 p. m., and a dance will be given in the evening until 12 o'clock.

A cabaret tea-room, dancing to Thompson's music under Willard Sumner's direction, and two musical and dramatic programs offered jointly by "Hal" Taylor '22, "Dave" Mahoney '22, "Doc" Dorward '23, and Twelfth Night and Orchestus societies, are some of the entertainments prepared for novelty-seekers.

Fairy Tales Predominate

Fairy-tale and Mother Goose scenes and characters sound the predominating note in the preparations. In keeping with this scheme, the central hall will represent the garden of Mary Contrary, with its silver bells and cockle-shells, and even its pretty maids.

Mother Goose silhouettes will people the walls of the parlors. The tea-room will be Alice's Wonderland. The Queen of Hearts and the Pied Piper have each a booth, and the candy booth will be supplied from the sugar-plum tree.

Jack Horner's grab-bag will be open to all at 10 cents a plum, and "Gus" Tuckerman '23, and Nina Faris '24, as Raggedy Ann and Andy, will auction off the gifts of the Madison merchants.

Gondolas Float in Pool

The swimming pool is to be a street in Venice, where for 5 cents one may have gondola transportation with a "scenic railway" effect along the sides of the pool. Diving exhibitions by members of Dolphin club will also be given.

Country fair will be in progress in the gymnasium, with a merry-go-round, mystic mazes, snake charmers, bearded ladies, and shooting galleries.

The joint program by "Doc" Dorward, "Hal" Taylor, "Dave" Mahoney, with Orchestus, honorary dancing society, and Twelfth Night dramatic society, will begin at 3 p. m. in the concert room. The evening program, which will include music by the two Hawaiian women students, and whistling by Reba Hayden '22, will be at 8 p. m. Admission either afternoon or evening is 25 cents.

Music and readings will be given at intervals in the cabaret tea-room by Hilda Schulz '22, Mildred Miller '23, and Arlene Klug '24. The tea-room will be open until 11 p. m. General admission to the bazaar is 10 cents.

Cadets Make Racket With Automatic Rifles

A staccato racket broke the campus silence early yesterday morning when infantry cadets fired their first trial shots with the Military department's Browning automatic rifles behind the gymnasium. Each cadet fired three shots into Lake Mendota. Automatic fire was not permitted because of the danger of bullets ricocheting from the water's surface. Five groups of cadets firing regularly produced a banging that hinted of a war-time barrage.

Saturday drill classes will try out the automatics today.

Choral Singing Takes Place of Cheap Hokum in Glee Concert

By WALTER K. SCHWINN

A decided change in glee club styles has come about. At the thirty-fourth annual home concert of the Men's Glee club last night at the Parkway theater, there was very little cheap hokum and much genuine choral singing.

The progress of the Wisconsin club, under the guiding hand of Prof. E. E. Swinney as director, has been steady and sure, constantly in the direction of the singing of worth-while things in a tasteful manner.

Club Large

The club is larger than in former years, numbering about 50 men; the increased number gives a better balance and deeper volume to the work of the club.

The program last night had many bright spots of group singing. The "Sweet, Sweet Lady," by Charles Gilbert Spross was sung lightly and clearly. Good rhythm and harmony was present in the singing of "Drake's Drum," by Coleridge-Taylor, while the "Indian Love Song," by Paarks, and

"Wait Till Ah Put on My Crown," by Reddick, were given with spirit. The tone of the club is well rounded, each part fitting well with the other, and the whole effect is one of unity and harmony.

Brown Pleases

Earl Brown, tenor, was especially good as soloist in a group of songs. Brown's voice is of a rich, mellow quality. His manner in "Where'er You Walk," by Handel, was very pleasing, the sustained passages being delivered in an easy flowing tone. Kenneth Damon was good in an aria from Donizetti's "Don Sebastiano," while Lester Cappon as piano soloist performed Glazunow's "Theme and Variations" in a technically perfect style.

The quartet was well received, singing its numbers with unity and precision. The second group was perhaps the best in tonal quality, the "Venetian Love Song," by Nevin possessing a round, mellow tone.

Paul Saunders and Robert Nethercott at the piano supported the club with excellent accompaniments.

A. I. E. E. PLANS ELECTRIC SHOW

Guillemin to Head Exhibit of Engineering Students' Activities

Plans to put on an electrical show at some time in the near future were formulated at a meeting of the American Institute of Electrical Engineers in the Engineering building Thursday night. A definite date will be fixed later.

"The show is to be an exhibit of all the things the electrical students have been doing," R. H. Herick '22, president of the Wisconsin branch of the A. I. E. E., said.

The execution of the project has been entrusted to 24 men under the immediate leadership of Ernst A. Guillemin '22. The chairmen appointed were L. H. Rusch '23, secretary and treasurer; L. H. Garber '22, publicity manager; E. D. Bader '22, correspondence; R. H. Herick '22, telephones; M. P. Hanson '23, commercial radio; P. G. Bowman '22, machines; A. R. Cotton '22, transformers; E. L. Schroeder '24, high frequency; F. P. Hyer '23, lighting and illumination; A. G. Hill '23, meters; Akrel Tranger '22, vacuum tubes; P. H. Moon '22, oscillograph; W. A. Erdman '24, transmission lines; C. A. Andree '22, storage batteries and dry cells; R. A. Slard '23, auto and train lighting; G. F. Prideaux '22, picture transmission; R. J. Heins '22, electric phenomena; J. S. Baker '23, electric welding and appliances; C. R. Terry '22, insulation; T. J. Mohr '22, electric railways; S. M. Coe '23, central stations; E. D. Dilja '22, pictures, data, etc.; T. V. Bittner '23, wiring and underwriters specifications, and W. A. Glueing '23, field signaling.

Memorial Drive in North is Postponed

The test drive which was to be held in northern Wisconsin and Minnesota during the holidays for the Memorial Union fund, has been postponed indefinitely. This postponement was caused by the fact that there were three other drives being held in Duluth at this time, and the committee in charge deemed it necessary to postpone the Memorial Union drive.

LITS TO CLASH IN FIFTY-FIRST JOINT TONIGHT

Philomathia and Athenae to Argue Question of Unemployment Insurance For Workers

Philomathia and Athenae literary societies will argue tonight on the question of compulsory unemployment insurance in the fifty-first annual literary society joint debate at Music hall at 7:30. Gov. John J. Blaine will preside.

Samuel Sygman '22, Abraham Kaufman '22, and Melbourne Bergerman '22, closer, compose the Athenae team, and Philomathia will be represented by Francis Lamb '23, Dean Kimball '22, and Philip Deicher '23, closer.

The judges will be Professors J. M. O'Neill, Andrew T. Weaver, and Robert Owen, of the department of speech, Prof. Frank C. Sharp, and Judge Walter C. Owen, of the state supreme court.

Business Men Interested

The question, "Resolved, that a system of compulsory unemployment insurance applicable to at least a majority of the industrial workers of Wisconsin be adopted by the state," involves an issue of considerable importance to business men and several business men from Milwaukee and other Wisconsin cities have written that they will attend the debate.

The debate last year between Philomathia and Hesperia was on the subject of granting American citizenship to Japanese resident in the United States. Philomathia, the winner, upheld the affirmative.

The joint debate, recognized as the biggest forensic event of the year, is one of the most firmly established traditions of the university. Since 1871 the literary societies have met every year. Each year the winner is challenged by the society not debating. Hesperia will meet the winner of tonight's contest next year.

Hesperia Represented

In accordance with the precedent established last year, a member of the society which is not debating will introduce the chairman of the evening. Leo Kohl '22, president of Hesperia, will probably introduce Governor Blaine tonight.

The main speeches in the debate are to be 20 minutes long and the rebuttals of the first two speakers on each side will be three minutes. The closers will have five minutes each for rebuttal.

Cadets Plan Orphan Party For Tuesday

Tickets will be on sale next week for 600 students in the cadet corps who will attend in uniform the second show at the Orpheum Tuesday night, Dec. 20.

This information was given out yesterday by Evrard Caluwaert '22, cadet colonel, who is making the necessary arrangements for the party. Cadet officers addressed their various companies at drill Thursday and Friday in order to obtain an estimate on the number of students planning to attend. The regular price of 55 cents will be charged.

Tickets will be obtainable from the officers at the drill hours on Monday and Tuesday, and those planning to attend the party are requested to pay for their tickets at that time. Major John S. Wood and Major Orlando Ward will attend. No women will be allowed in the audience.

TEAMS PICKED TO MEET MISSOURI AND WASHINGTON

Triangle Debate to Consider Kansas Industrial Court

Debating teams for the triangular debate of January 6, have been announced, the negative team going to Washington University in St. Louis and the affirmative team meeting the team of the University of Missouri, in Madison.

The men on the affirmative team are Carl Rogers '23, A. H. Brown '23, and Carroll Helt, Law 2.

The negative team is composed of Harold Seering '24, who was a member of the State high school champion debating team of 1920, Martin R. Kriewaldt '22, and Thomas Amlie '22.

Prof. Gilbert N. Merry, the head of the public speaking department of the University of Iowa, will be judge of the debate to be held here.

The subject for debate will be: "Resolved, that the Kansas Industrial court plan for adjusting industrial disputes shall be adopted throughout the United States."

Women Lead Men in Donations to Fund

Womens' organizations are leading the men in contributions to the Student Friendship fund by an amount of \$400. This announcement was made last night by Frank W. Kuehl '21, general chairman, in an appeal to mens' organizations for support.

The gift of \$100, appropriated by the S. G. A. board, the large proceeds donated by Euthenics club from their sandwich sale, and the contributions from sororities have helped to swell the fund.

Monday night will be benefit night at the Grand theater. Through the kindness of the management one half of the money received from tickets sold, after war tax is deducted, will be given to the fund.

Tickets have been sent to all campus organizations. The picture will be Neal Harte in "Danger Valley."

RAILROAD JACK offers ten dollars to any one who can prove with the aid of two witnesses, that they have seen him walking down the street with a coat or vest on. That is a very good way to make ten dollars, and we might say right here that we have seen him do it, but he is perfectly safe, as far as we are concerned, because we haven't figured out a way of dividing up the ten dollars among three people.

THE concerts by operatic stars, which are given in Madison from time to time, are being transmitted about the state by wireless telephone and already word has been received that everywhere the experiment has proved a howling success.

THINGS seem to be waxing warmer, and warmer over in Ireland. Wonder if the influence of the Ulsters have anything to do with it?

DON'T put it off any longer. Remember that the early bird catches the worm. If you don't do it today, you may be too late. It is possible to wait just so long, and no longer. With 6,000 other people intent on the same purpose, you may find that they haven't any parlor car seats left tomorrow.

"THE NUISANCE" was appropriately razed in this column yesterday, but one day's reference to so hopeless an effort as that does not prove sufficient. In the first place, one can buy a great deal more paper, even at the Co-op, than they give you in that for 25 cents. Again, on the first page of the "NUISANCE" (give them credit for naming it well) appears this sentence, and you don't know how much it hurts us to quote from such bunk: "In short, we are most heartily for everything that makes for a real school." With due respect to the efforts that its editors wasted on the publication, we feel that the type of school they are striving for does not quite attain even the lowest of our ideals.

"HUMP" Desmond claims that he is having more fun with his new toy, the Commerce Mag question-

naire, than he does with his electric train or his building blocks.

A THETA SPEAKS
IN the Inquiring Reporter column of the Tribune of a recent date the question was asked: What do you think of the escape of "Tommy" O'Conner?

Among those to whom the question was put happened to be..... who do you suppose but our own Gertrude Collins. And we ask you to refer to the paper if you don't believe that these are the very words she answered: "He's pretty good to get away after he had been sentenced to hang. I think if he is good enough to get away, then he is good enough to stay away. A good man nowadays is hard to find. I'm not sorry to hear that he got away."

WE once stole an apple pie from the cook, Gertrude, and got away with it by blaming it on the young brother. Are we good enough for a date?

THE swimming team will hold its practice on the lower campus, starting today.

LIKE the Capitol dome, there is nothing in the rumor that S. G. A. rules will be in force on New Year's eve.

NO, gentle and gentler readers, the Chocolate shop is not tearing up the sidewalk in front of their building preparatory to putting in a family entrance. That is the most futuristic of all ideas.

REMEMBER, today is Saturday, so don't call us up before 11, at the earliest, to tell us how good the column is this morning. We will not be up and about before that hour.

IN fear of the wrath of the Sig Chis if we neglected to mention it, we take this opportunity to say that they are having Smith Bros.' orchestra of Louisville, Ky., for their music at the party tonight.

"I have another engagement," replied the young lady, when he proposed to her.

Lit Societies Hold Varied Programs on Eve of Big Debate

The program of the three men's literary societies last night varied from discussions of international problems to the practicing of songs and yells for this evening's joint debate.

Hesperia considered the question of whether the Chinese immigration law should be applied to the Japanese. The judges decided in favor of the affirmative. The affirmative was supported by John Slezak '23, Beverly T. Masslich '25, and Leo Kohl '22. The negative was upheld by S. O. Arnold '23, R. O. Ebert '22, and Francis Karel '23.

James McDonald '13 addressed the society on debating principles.

Philo Gets Up Pep

Philomathia's program consisted of short talks, songs, and yells. Every speech was interspersed with cheers. Those who spoke at the meeting were President Fred Kohn '22; the three joint debaters, Francis Lamb, Dean Kimball, and Philip Deicher; and Robert Stewart '22, and Sterling Tracy '22, two of last year's victorious debaters.

Two cheerleaders kept the Athenian enthusiasm at a high pitch last night. Many plans for the joint debate were made.

A debate was also held at the meeting on the question: "Resolved, that the courts be deprived of power to issue injunctions in labor cases." The affirmative was upheld by Abraham Sygman '24, and the negative by G. Dellhausen '23.

Short talks were also given by Martin Kriewaldt '22, M. Stenberg '23, E. Smith '24, M. Karon '23, and Ted Field '24.

\$320 Conscience Money Paid As Christmas Nears

"Conscience money" amounting to \$320 was added to funds in the state treasury today, following receipt of unpaid income taxes of long standing by Henry Johnson, state treasurer. One man, a former Wisconsin farmer, who signed himself "Conscience" wrote in a letter accompanying \$270 in cash that "as I sold my farm some years ago and failed to report properly to the income assessor I will pay you my income tax now and credit same to tax \$200 and interest \$70." The letter was postmarked East Dubuque, Ill.

The other said that he owed \$50 which should have been paid seven years ago. Cash was enclosed to cover the amount.

The approach of Christmas often brings payment of taxes which have been evaded, Mr. Johnson said.

Office Changes at the Jos. M. Boyd Company

A number of improvements have been made in the office of the Joseph M. Boyd Co., on Carroll street. The interior arrangement has been entirely changed with the result that more room has been acquired for office purposes.

AT THE STRAND.

Thomas H. Ince's latest production, "The City of Life," with an all star cast including Hobart Bosworth, Tully Marshall, and Niles Welch, is now being shown at the Strand theater. There will also be shown a Harold Lloyd comedy

NEWS OF CONFERENCE SPORTS

BUTLER TRIMS WISCONSIN IN PRELIM GAME

Many Fouls Give Badgers Small End of 26-20 Score

Playing against hard luck and a team of crack basket-shooters, the Badger five lost the second game of the preliminary schedule to Pat Page's Butler college team by a score of 26 to 20 last night in the gymnasium.

Fourteen of Butler's 26 points were made via the free throw route, and if Meanwell's men had not been such heavy offenders in this line of play the outcome of the game might have been vastly different, as Wisconsin scored 8 field goals while the Hoosiers caged only 6 baskets.

Caesar Stars

Captain Caesar was the individual star of the game, as he made 4 baskets in addition to playing a wonderful defensive game. After the first few minutes, the Badgers tightened up and presented a defense the collegians were not able to solve, and Butler resorted to shots from over half the length of the floor.

The entire team was way off color when it came to shooting baskets. Ex-captain Taylor absolutely could not find his shooting eye, although the fast offensive play of the Badgers gave him numerous shots during the second half.

At the end of the first 7 minutes of play, the score stood 7 to 0 in favor of Butler. Meanwell's team had committed one foul after another, and Brown tossed the ball through the hoop with monotonous regularity. Gibson appeared lost on the floor, and Johnson was sent in to relieve him. The change did not seem to relieve the situation any, and the play had progressed 15 minutes before Taylor tossed a free throw for the first Badger score.

Badgers Liven

The point seemed to liven the men up a bit, and Taylor immediately followed with another free throw and a basket. In the remaining minutes of the period, Taylor and Brown each made two more free throws, making the score stand 15 to 5 when the gun sounded.

The Badgers seemed to be a different team in the second period. Caesar caged a basket from a difficult angle, but Butler retaliated by making three free throws as a result of fouls by Johnson. The Badger captain came to the rescue and sent the ball through three times consecutively, leaving Wisconsin only three points in the rear. After Gibson made his second basket, Meanwell's men resumed their fouling, and were able to make only temporary spurts.

Page's men were small and fast, and much resembled the Maroon five which he coached to a championship two years ago. Their defense was fairly good, but they appeared to have no offense, and relied on long shots and Brown's free throwing ability to win their points.

Center Weak

While the whole Wisconsin team played way off form, the weakest position appeared to be center. Gibson seemed nervous during the first half, and Johnson's fouling was so consistent that it broke up all attempts at team play. Rollie Williams played a fair floor game, but all of his shots fell short of the basket by inches, and sometimes feet.

The defeat marred Dr. Meanwell's record for preliminary games, but here is little question but the effect on his team will be beneficial. The

Regents Vote For Further Extension of Randall Stands

The approval of the \$30,000 appropriation made by the athletic department for an addition to the concrete stadium at Camp Randall was passed by the Board of Regents at their meeting last Tuesday afternoon.

The announcement of the fact that \$30,000 would be available for the continuance of the work on the stadium was made on November 30 by Coach T. E. Jones. After the results of the last football season were known, budgets for the expenditures of the athletic department were figured out and it was decided that funds were available to change the covered section of the stands to concrete. Twenty-eight rows, or a height equal to the section just completed, will be built. Dressing rooms and shower baths for the teams will be installed in the lower part of the stand.

"The concrete stadium is being built entirely from gate receipts," said Mr. Jones. "We have received commendation from many friends and newspapers recently on the fact that we are building our stadium on our own funds. This addition will complete one-third of the contemplated stadium. We plan to build stands 50 rows deep all around the field."

The new section will seat 4,000 people and perhaps another addition of 2,000 seats will be built on the south end of the west stands. It is figured that the construction of each seat in the concrete stands now finished costs approximately \$6. Each seat in the rows back of the twenty-eighth row will cost about \$15.

Miss Strang Gives Talk on Paintings

Four large paintings by Frederick J. Waugh and several small paintings by William Wendt which are on exhibition in the art gallery in the Historical library were explained and criticized by Miss Louise Strang of the Art department in the gallery at 4 o'clock yesterday afternoon.

"The feeling of the movement that is pictured in Wendt's pictures is given by the unusual way in which he places his objects," said Miss Strang.

In speaking of Waugh's pictures Miss Strang said: "He gets balance to his pictures by the contrast of light and dark. Instead of using mixed colors, as does Wendt, he puts plain colors on the canvas by so placing them secures the desired color effect."

weak points of the individual players were clearly pointed out to them, and they now realize what will be expected of them in the harder games of the season. The big problem now facing Meanwell is that of reducing the number of fouls the players make, as this fault alone might prevent them from winning a conference championship.

BOX SCORE

Wisconsin

WORKOUT GIVEN GYM MEN BEFORE MILWAUKEE TILT

Meet Tonight Will Be First Preliminary Event of Year

The Varsity gym team was given a strenuous workout at the city Y. M. C. A. last night in preparation for the meet with the Milwaukee Y. M. C. A. team at Milwaukee this evening. Coach Schlatter did not announce a definite lineup for the team but it is probable that those who placed in the meet last night will go to Milwaukee.

The meet tonight will be the opening preliminary contest of the year, and Coach Schlatter has selected tough opponents for his men to give them a good test before putting them up against conference competition.

The men were put through the five regular events last night, the horizontal bar, flying rings, parallel bars, horse, and tumbling.

Kubosch Versatile

Frank Kubosch '23 proved to be the versatile athlete last night, placing in four of the five events, and winning two of them. His work was of the highest type and many times he thrilled the on-lookers. He won the horizontal bar exhibition with nine points, and copped the flying rings event with another score of nine. In the parallel bars, he tied for third with eight points and took a second in the tumbling with nine points to his credit.

W. H. Porth '23 also showed up well and won the parallel bars event after putting up a wonderful exhibition of balancing and twisting. He took second to Kubosch in the flying rings. His summersault from the rings was one of the features of the evening.

Hansen won the horse event with seven and a half points, and H. D. Kitchen '23 nosed out Kubosch in the tumbling with nine and a quarter points.

The results of the meet held last evening are:

Horizontal bar—Won by Kubosch, 9; second, Bumer, 8.125; third, Hamman, 7.125.

Parallel bars—Won by Porth, 8.6; second, Hamman, 8.3; tied for third, Koch and Kubosch, 8.1.

Flying rings—Won by Kubosch, 9; second, Porth, 8.25; third, Krieger, 8.

Horse—Won by Hansen, 7.575; second, Bumer, 5.5; third, Tucker, 4.

Tumbling—Won by Kitchen, 9.25; second, Kubosch, 9; third, Koch, 7.35.

Minnesota Makes Hockey Major Sport

MINNEAPOLIS—Hockey is now recognized on a par with the other major sports of Minnesota through action taken by the Athletic Board of Control at a meeting recently.

The committee investigating the winter sport situation recommended the acceptance of this measure with a few reservations. Letters will not be awarded, however, until a measure providing for the action is passed by the "M" committee. It was decided that the present status of the sport is not sufficiently high to warrant bestowing letters. However, as conference competition is developed the letter committee is authorized to overrule this decision.

A schedule for the coming season will be arranged at once. Letters containing offers for games have been received by the manager from Wisconsin, Michigan School of Mines, and many other colleges of big standing.

Games will be arranged with at least three conference teams. The expenses of the team are to be estimated in advance and handed to the athletic board subject to its approval.

At present the mild weather and delay in taking down the stands on Northrop field have set back the practice schedule.

BASKET MEN FACE RIPON IN GYM TONIGHT

Meanwell Expected to Give Subs a Chance In Game

PROBABLE LINEUP

Wisconsin	Ripon
Capt. Caesar	R. F. Capt. Gustin
Taylor	L. F. Ringdahl
Gibson, Johnson	C. Hehbst
Tebell	R. G. Schneider
Williams	L. G. Fitzpatrick
Referee—Reynolds, Chicago.	

With the Wisconsin-Butler game out of the way, Badger basket tossers will play their second game in two days when they battle a Ripon college quintet tonight.

Tired from their exertions in the Butler contest, the Wisconsin basket-keepers may meet a tarter in Coach "Ole" Olson's team. The Butler game was one which demanded fast work throughout and if the first string men weaken tonight, Coach Meanwell will inject a number of his reserves. These men are almost on a par with the regulars, however, and Wisconsin will be enabled to play a fast, steady game all of the way.

"Duke" and "Cop" on Offense

Capt. "Duke" Caesar and his running mate, Taylor, will probably start at the two forward positions. Choice for center lies between Gibson and Johnson. Both have shown themselves to be reliable players, lacking only experience, and Meanwell is expected to alternate the two men at the pivot position.

Tebell and Williams have been picked to start in the guard jobs. Irish will get in before the end of the game.

Ripon will send a quintet of veterans on the floor. Captain Gustin is playing his fourth year of inter-collegiate basketball. He is the best forward in the Little Five conference of state colleges, and his work improves each year. Gustin is a fast little forward who works as well on the attack as he does on the defense. At the other forward position, Ringdahl, another experienced man, will cause Badger guards much trouble.

Herbst Jumps Well

Herbst is a lanky center who out-jumps his opponents consistently. He will meet a pair of good men in Gibson and "Cy" Johnson.

At the guard positions, Schneider and Fitzpatrick will start. Fitzpatrick was captain and regular on the Fond du Lac high school team which won the state championship a few years ago.

Gunderson, Little, Egdahl, and Bush form a quartet of reserves who can relieve the first-string men at any time.

In a game at Madison three years ago, the Crimson team from Ripon held Wisconsin to a two-point victory. The game ended in a tie when Macintosh dropped in a basket just before the whistle; but in the overtime period, Wisconsin stepped ahead and defeated the collegians. It was a nerve-racking game and demonstrated the fighting spirit which Olsen instills into his men.

Captain Gustin was the outstanding player in that game and he continues to maintain his fast pace.

The contest tonight will begin at 7:30. No one will be admitted to the gym while the game is in progress.

Newman Club to Hold Christmas Party

The Newman club of the university will hold a Christmas party on Sunday evening from 6 until 9 in the meeting room of the chapel.

A program of Christmas songs has been arranged and lunch will be served during which the Filipino friends of the club will render selections of their native music.

Claude Abel, Nelson Boys and Bob Hiestand Started Mozart Club; Now Have 50

Present Organization Grew From Male Quartette; Andrew Nielson, E. F. Appleby and John Simpson Are Veteran Members

TWENTY-ONE years ago four men, Claude Abel, Robert Hiestand, Leonard Nelson and Olaf Nelson, found many hours of enjoyment singing together. They had formed a male quartette. The "get togethers" of these four friends were so filled with good fellowship that the general topic of conversation soon came, naturally to the formation of an organization, in which other singing men of Madison might also get together and share the good fellowship. Thus the Mozart Club formed in 1900. Andrew Nielson, Edward Appleby, Dr. Vance, N. P. Stenjem, Arthur Hickman, John Wilkinson, Carl Gilbert, John Simpson, Alexius Baas, Louis Purcell, Dr. John Purcell, Carl Thomas, Louis Hanson and W. E. Frey were invited to join the members of the quartette and the new singing organization secured the services of E. A. Bredin as its first instructor.

Since that time, under the leadership of Mr. Bredin, L. C. Haley, B. Q. Morgan and the present director Alexius H. Baas, the Mozart club has been a power for good in the community, and has grown from the original handful to fifty men, and ten associate members.

The club gives four free concerts each year at the High School, two free concerts at Christ Presbyterian church, one for the students of the State institution for the Blind at Janesville, one for the shell shocked soldiers at Mendota, and gives

freely of its time to patriotic and civic affairs.

Oscar A. Olson State Official is Summoned

Is Third Death in Insurance Department in Four Months

Oscar A. Olson, a deputy insurance commissioner, died Thursday afternoon at 4:10 at a local hospital after an illness of 10 days with bronchial pneumonia. This is the third death to occur in the insurance department in the past four months.

On receiving his appointment to the insurance commission Mr. Olson moved here with his family in 1918 from his former home at Dousman, where he was president of the Dousman State bank. He was born in Blanchardville, Wis., Jan. 13, 1875.

Besides his wife he is survived by two daughters, Janet and Judith. The family has made their home in the Bellevue apartments since coming to Madison.

The funeral services will be in Dousman, Sunday at 1:30, the Rev. Nicol of Milwaukee and Rev. Jones of Dousman officiating. The Masonic order will have charge of the services. Interment will be at the Dousman cemetery.

AT THE PARKWAY

One important addition to the support of Anna Pavlova this year is Laurent Novikoff, the famous male premier who followed Mordkin as Pavlova's dancing partner, but who has not appeared in this country since 1912. Novikoff made a great hit throughout this country on his former tour with Pavlova, who brought him at that time from the ballet of the Imperial Opera in Moscow, where he was an idol.

Another famous artist whom Mme. Pavlova has brought to America this year is Victorina Krigher, whom the great Russian describes as the most talented dancer she has ever introduced to the western world. Two members of the staff who will be welcomed, and who are already valued highly here are Ivan Clustine, who has been ballet director of the Pavlova Ballet Russe during the greater part of its existence, and Theodore Stier, musical director, who has held the baton over the orchestra and ballet for 11 years. Hubert Stowitts, who has probably gained more prominence in Europe and other countries than any other American male dancer, also comes with the aggregation again this year. Two girls discovered and trained by Mme. Pavlova, who have grown up in her organization to great distinction are Hilda Butsova, who has excited wonder at her toe dancing since a child, and Muriel Stuart, an exponent of another style equally popular. Two notable male Russian dancers added to the Pavlova forces this year are the Messrs. Karavaieff and Dambrow and other male soloists are the Messrs. Pianowski, Vajinski, Zalewski and Barte.

AT THE ORPHEUM

Vaudeville with plenty of variety is the offering at the Orpheum for today and tomorrow, headlining the bill being two exceptional comedians, J. C. Nugent, author comedian, with a line of talk both bright and entertaining. The Popularity Queens, a quartet of good looking young ladies, well costumed and possessing pleasing singing voices entertain with a routine of songs in a finished manner. "Taxie," a most wonderful canine appears in a playlet called "True Pals," and Billy Miller and players present the laugh-producing comedy playlet called "Adam Killjoy." What's it all About, songs, music and comedy is the offering of Julian Hall and Kathleen Dexter, and Little Elly, child juggler, together with Pathe News and Aesop's Fables completes the bill. There will be matinee performances today and tomorrow, with the regular two evening shows.

The Madison Park and Pleasure Drive Association has taken no action to choose a successor to Earnest N. Warner, resigned president. The association has its regular meeting on the first Wednesday in January and some action will prob-

PARKWAY THEATRE

FORMERLY THE FULLER OPERA HOUSE

DID'YA EVER GET STUCK LIKE THIS?

If you haven't, you'll want to see how it all happened in the big special production

"THE SON OF WALLINGFORD"

STARTING TODAY FOR FOUR DAYS

Written and directed by

Lillian and George Randolph Chester

The story is considered the greatest achievement of the authors. About twenty years were spent preparing for this narrative. Soon after the first Get-Rich-Quick Wallingford story appeared in print Mr. Chester began to plan this great masterpiece which would surmount all the others. The same care was exercised in making the film and the result is one of the greatest pictures ever produced.

MANY SPECTACULAR SCENES

A pageant in which a managerie, 8,000 players, two tons of confetti, and 10,000 toy balloons are used, makes one of the big scenes. This is in decided contrast to the lake of burning oil which forms the big thrill of the picture.

INASMUCH AS YE HAVE DONE IT

IN less than a week most of the students will be home to enjoy the Christmas holidays. They will give a great many presents and will receive as many. Thousands of dollars will be spent in this traditional exchange of gifts between friends.

This is all well, but we should not forget that there are places in the world where such cheer will not be felt. A call has come to us again from the students in Central Europe, who are still in desperate straits. Their condition is becoming worse instead of better. The story of their trials and struggles in spite of such pitiful privations is one of the inspiring chapters of post-war history.

We are in a position to help. Students all over the this country are helping. Here a large number of students have taken the matter in hand to see that Wisconsin takes part in the general movement for relief. No formal "campaign" or "drive" has been organized. The needs of the unfortunate students are being put up to the students here and they may or may not help, just as they see fit. The contributions are not expected to be large.

The whole spirit behind the movement is to share our Christmas cheer with our less fortunate fellow students in Europe. Our gifts will enable them to carry on a little longer until such time as more favorable conditions obtain in Europe.

Share your Christmas!

* * *

THE GLEE CLUB

THE Glee club made its bow last night in a splendid concert. The club is in fine form this year. The program last night was an ambitious one and the organization measured up to it.

The club is planning to include a larger number of cities in its tour this season and it is well that the work this year is high grade. The glee club has always been a good asset for the uni-

versity. The alumni come out to hear the singing and incidentally remember that they are still a part of the university. The people of the state are reminded that the university is on the map and is capable of putting on the road an organization presenting worth-while music.

In the push and drive of scores of activities the glee club must not be forgotten. If your home town is on the itinerary of the club this year write the folks to come out and hear the concert.

* * *

CHRISTMAS SEALS

THE fourteenth annual sale of Christmas seals is now being carried on to aid the fight against tuberculosis. A vast amount of good has been accomplished by this annual sale of seals. The cause is one that is engaging the best efforts of the medical world.

Don't forget to get your supply before the Christmas vacation. The seals are being sold around the campus.

* * *

CHRISTMAS GIVING

IN the 1921 years since the birth of the Nazarene the spirit of Christmas has decidedly changed in aspect.

Christmas was meant to be a day set apart for rejoicing at the coming of Christ, for a pious celebration of His birth.

But today we often lose sight of this fact. We take too literally the biblical statement that it is more blessed to give than to receive. Too often the true worth of a friend and the measure of his regard is judged by the value and the number of the gifts that he sends.

Instead of giving alms to the poor, which would be a truer way of commemorating Christmas, we give expensive and often useless gifts to those who have no need of them. Often it is a case of sending coals to Newcastle, but it is expected of us that gifts be sent—so we send them.

It is too bad that this custom has reached such proportions. It is always hard to break away from an established custom, even though that custom may be wrong.

The material evidence of Christmas is much in evidence; the spiritual is too often hidden. It might be more expressive of the true Christmas spirit were we to give this year a little less to those already blessed with worldly wealth of necessities, and give instead to those who truly need it. Worthy charities, societies, and benefit organizations are on the campus. Each of these is doing a real work for a just cause. But a case that is hopeless unless supported by contributions.

A friend that will be worth while will not be offended if a little less be given him, and the difference be given to any of those causes that are endeavoring to give aid to the needy. We should remember that Christ too was hungry and fed not.

* * *

PERSERVERANCE

Perserverance is not unlike many other things, for, while it is possible to get along without it, ten-fold the work can be accomplished with the aid of it. Perserverance is not natural gift; it must be cultivated.

Difficulties are mastered by persistent application of zealous thought and study. Rome was not built in a day; neither is an education to be obtained in a year, nor a knotty problem to be solved in an hour. College presents many problems that require hours of deliberation, and preserverance is necessary for their satisfactory solution. To continue steadily and firmly means to reach the depths and to receive an understanding that is remembered.

Perserverance often results in the burning of midnight oil; lack of it leads to the Orpheum.—Daily Nebraskan.

BULLETIN BOARD

FRIENDSHIP CONTRIBUTIONS

Organization and individual contributions to Christmas Student Friendship fund may be mailed to Victor Anderson, 148 W. Gilman, or to Bank of the Commonwealth.

MILWAUKEE ADVERTISING

Persons interested in doing Milwaukee advertising work during the holidays for the Badger are requested to get in touch with Loran Clark at the Delta Chi house or at the Badger office immediately.

MASONS

The Square club cordially invites all Masons to share its box at the Prom and to take part in the Post-Prom dance.

If you have not already made definite arrangements for the Prom, drop a card to E. D. Bader, 1937 Arlington place, today, asking for reservations, or phone B. 2650, in the afternoon or evening.

BADGER CLUB

All university men and women are invited to the Christmas party to be given by the Badger club for 100 Madison children Sunday at 8 p. m. in the Y. M. C. A..

SOCIAL SCIENCE CLUB

Dr. A. E. Hayden of the University of Chicago will speak in the S. G. A. room at Lathrop hall at 3:30 p. m. Sunday, on "Free Speech," under the auspices of the Social Science club. All are invited.

SPANISH CLUB

The Spanish club will meet on Tuesday in Lathrop parlors at 7:30 p. m.

SPECIAL MENORAH MEETING

Important unfinished business of the last meeting will be taken up at a special meeting of Menorah, Monday evening, at 7:30.

PROM USHERS

Men who wish to usher at Prom report at 155 Bascom hall at 12 o'clock Saturday. Seventy-five men are wanted.

ATHENAE

Special meeting at 7 o'clock tonight in Athenae hall, to attend joint debate in a body.

HESPERIA

Hesperia will meet on Lincoln terrace at 7 o'clock tonight to attend joint debate in a body.

UNITY CLUB

Professor John R. Commons will speak on "Industrial Relations" at the Unitarian church this Sunday at 7:30 p. m. Everyone is cordially invited.

SENIORS

Seniors who have not turned in their summaries to the Badger office by noon today will have their pictures returned.

DISCUSSIONAL MEETING

"The Modern Man's Idea of Importantly" will be the subject for the discussional at the Congregational parish house at 9:30 Sunday morning. All Congregational students and their friends are invited.

EPISCOPAL STUDENTS

All Episcopal students are invited to share the St. Francis Prom box and Prom dance. If you have not made arrangements for the Prom, phone F. 608 or mail a note to the St. Francis' club house, 1015 University avenue.

FRATERNITIES

All organizations expecting reservations under the fraternity section, social and professional, in the 1923 Badger, must have all preliminary arrangements completed before December 22. This notice is final and all organizations affected shall direct their preparations accordingly.

10:45. Second morning service.
5:30 p. m. Social hour and cost supper.
6:30. Luther league. Professor Kolb will speak. There will also be a special musical program.

Communications

SEND OPINIONS TO WASHINGTON
Editor Daily Cardinal:
I am in receipt of the weekly bulletins issued by the National Council for Limitation of Armaments, 532 Seventeenth street, N. W., Washington, D. C. (sent freely upon request), and their last number contains a matter so important as to be worthy of the attention of as large a section of the moulders of public opinion as possible. I quote from the bulletin:
"Your Opinion is Wanted at Washington."
"The Advisory committee of the Conference has appointed a sub-committee to receive and digest the opinion of America on the vital issues that confront the Conference. Never before in the history of the world has a conference been so desirous of knowing what the people want. We have asked 2,000 editors with a circulation of around 10,000 each to discuss editorially these questions and to send their editorials to the chairman of this sub-committee. Will you, as an individual, also let your opinion be known? Letters, resolutions and telegrams should go to Colonel William Boyce Thompson, New Navy building, No. 6, Washington, D. C."
For the information of any of your readers whose thus expressed opinions may help shape the policies which America sets before her in regard to the whole problems of disarmament, I can perhaps best summarize from the bulletin's reports the most important questions in regard to which individual and collective opinions are most urgently sought.
1. The question of submarines. This question permits of three positions: First, Do you favor the increase of submarines to 90,000 tons with no limit as to their size and cruising ability? Second, Do you favor the restriction of the size of submarines to a point that makes them available for defensive

purposes only? Third, Do you favor their abolition as a further step in the direction of the abolition of war? Your opinion is of importance in determining how the American delegation will act upon this issue.

2. The question of poisonous gas. Does this meet with your approval? The New York Herald says, "Military members of the Advisory committee voted unanimously to outlaw gas. Military men the world over are believed to be in accord with the views of the Americans." General Pershing is head of the sub-committee that reported on this subject.

3. The question of internationalizing munitions. An important proposal has been submitted to the Conference by Edgar Park who was the organizer of munition manufacture during the war, for "internationalizing the manufacture, invention and development of all devices or agencies, explosive, aerial, mechanical, chemical or otherwise for use in war." Will public opinion support this?

4. The question of the world-wide limitation of land armaments as important as the limitation of naives.

5. The question of the Conference, before adjournment, taking definite steps toward the constitution of world machinery for the maintenance of peace.

W. RUSSELL TYLOR,
Assistant in Economics.

Madison, Wis.

Raise \$240,000 In Two Days; Stock Boosted

**Commercial Trust Co. Issue Oversubscribed;
Go to \$300,000**

A remarkable record in the establishment of a financial institution has been made here by the Commercial Trust Co., now in process of organization.

In two days time the subscription for \$200,000 of capital stock and \$40,000 of surplus was taken up by Madison people. The stock was sold at \$120 a share, \$100 to go to capital and \$20 to surplus.

The stock has been oversubscribed and it has now been decided to increase the capital stock to \$300,000 with \$60,000 of surplus. Those in charge of the new concern expect to have \$300,000 subscribed by Saturday night.

Refuse Mail Without Address of Sender

With the initial installment of the Christmas rush being felt at the main postoffice, Postmaster W. A. Devine calls the attention of mailers to the necessity of writing legibly the complete name and address of the sender as well as that of the party which is to receive it. Packages will not be received at the postoffice here unless this rule is complied with.

Insure all packages of value, keep insured receipts and write name of address on back of each receipt. Put card with name and address of sender and addressee on inside of every parcel so that proper disposition may be made in case address on parcel is obliterated. Packages can be mailed at any of the eleven stations and will be promptly dispatched as if mailed at Main office. Station A, 640 Railroad St. next to the North Western freight depot, is fully equipped to dispatch mail and transact other postal business the same as the Main office.

O'Connor May Have Drowned In Wisconsin

Finding of Body in Palmyra Linked up With Chicago Bandit

MILWAUKEE — The Milwaukee Journal today has a story from Palmyra, Wis., in connection with the finding of an unidentified body yesterday in a creek near there, linking the incident as a possible clue to the escape of Lucky Tommy O'Connor from the Chicago jail last Sunday.

The story refers to the finding of the body as a possible connection with the driver of an automobile occupied by a man and two women and which was commandeered in Chicago, Sunday morning. Police of Chicago have so far failed to locate the occupants of this car.

The theory is advanced that O'Connor has taken a circuitous route, and finally disposed of the driver. If this is the driver of the car, the story states, the question of where he the two women is asked and answered by saying that they too may have been disposed of in some other manner and their bodies hidden.

Probe Farmer Holdup
LAKE GENEVA, Wis.— Investigators here are working a clue provided by Dan Busher, a farmer living three miles south of the city, who reported that he had been held up by bandits at the point of a gun and forced to give them food, in connection with the murder mystery at Palmyra, where a man's body was found in the creek.

Chimney Sweep Not a Deputy, Heyl Warns

A warning to Madison housewives not to allow themselves to be "fooled" by a chimney sweep, who is soliciting work as a sort of deputy of the fire department, is issued by Fire Chief Charles W. Heyl. Several women have called the chief up with regard to the matter. The chimney cleaner told one woman that he was the only reliable man in Madison who could do that kind of work, that he had been endorsed by the fire department, and that his charge was \$5. Chief Heyl does not know the identity of the man, but states that, of course, no such man has been deputized by him. As he was leaving the city hall recently, a man accosted the chief, told him that he was out of work and needed a job, and asked that he be deputized to do chimney cleaning. The chief replied that he had not power to take such action.

Warns Against Neglect of Animals in Winter

"Neglect is as great a crime as the commission of a positive act of cruelty," says A. E. Frederick, State Humane officer. "This is true whether it applies to the care of human beings or of animals."

Attention should be called, he asserts, especially during the winter months when neglect causes the greatest suffering. Everywhere there are people who, though not positively cruel, are, nevertheless, guilty of gross neglect. It is not uncommon to find horses, cattle, young stock, hogs, chickens, and other animals exposed to cold. Many barns and hog houses are not built warmly enough, and many chicken coops furnish practically no shelter from the cold. These buildings should be banked up on the outside and double boarded or papered on the inside. Even though they be well fed, animals need a warm barn in winter, plenty of bedding and water slightly warmed.

The state humane officer desires that all who know of cases of neglect notify him or their respective county humane officers, so that suffering may be relieved.

Auto Tire Men Will Form Organization

Fourteen automobile tire companies were represented at a meeting of auto tire men at the Association of Commerce last night. A permanent organization of these dealers, along the same lines as grocers and other merchants, will probably be perfected by them. They meet again next Wednesday night.

Triangle Dance

Triangle fraternity will give an informal dance and Christmas party this evening at the chapter house. Mr. and Mrs. H. H. Gumprecht and Mr. and Mrs. C. A. Wiepking will chaperon.

Plan to Open Soda Stand in Lathrop

A soda fountain in Lathrop hall where sandwiches, hot drinks, and sodas will be served at all hours of the day, is the new venture of the university Halls and Commons, and is to be opened after the Christmas recess in connection with Lathrop cafeteria.

"The fountain will be the first place on the campus where lunches can be bought between regular meal hours," said Miss Mabel C. Little of Halls and Commons. "Besides serving the students, parents visiting their daughters at the dormitories will be provided with a place where they can get a sandwich and something hot to drink when they arrive at irregular hours."

"Equipment of the best kind is being used to equip 7890\$. being used to fit out the fountain. Prices will be made only high enough to meet expenses, and the same material of cleanliness will be maintained as in Lathrop cafeteria and the halls."

Save Huge Sum by Tax Elimination On Express

The public will save \$1,500,000 a month as the result of the elimination of the war tax on express shipments, according to George C. Taylor, president of the American Railway Express Co. This information is contained in a letter addressed to the Association of Commerce.

Local Attorney Appears For Tobacco Men

Stebbins Hits Action Be- gun Against Alleged "Trust"

MILWAUKEE, Wis.—Hearing of arguments on the "trust busting" suit brought by Atty. Gen. Wm. J. Morgan, against the members of the Milwaukee Association of Wholesale Tobacconists and Jobbers was started Friday before circuit Judge W. B. Quinlan, in Judge Fairchild's courtroom with an attack on the constitutionality of the state anti-laws.

Atty. L. D. Stebbins, Madison, representing the P. Lorillard Co. spoke on the provisions of the law, and argued that the attorney general had improperly included all four causes of action provided by the law in the action against the tobacconists. His contention was that separate suits should have been brought because the four different causes affect the various defendants to a different degree.

The attack on the constitutionality of the law was made by Atty. Geo. H. Katz, Milwaukee. He contended that at the time the law was passed in the 1921 session of the legislature that the rules of procedure in the passing of the bill were not observed.

8 Killed in Blast; Oil Man is Arrested

PONTIAC, Mich.—Charged with involuntary manslaughter in connection with the deaths of Victor Weykin and seven children following an explosion in their home near Royal Oak, Everett W. Keller, former employe of the Standard Oil Co., was held in jail today under bond of \$10,000. Keller's arrest followed a grand jury investigation at which it was testified Keller admitted that through mistake he had pumped 703 gallons of gasoline into a kerosene storage tank. According to authorities, the explosion followed an attempt to start a kitchen stove fire with kerosene.

Plan Community Singing At Capitol Christmas

Arrangements for community singing at the capitol on Christmas day at noon, 12:15, were discussed at the meeting of the Madison Community Music committee held Wednesday noon at the Woman's building. The music performance contest committee reported that some arrangement whereby contestants can be certain that they have the proper edition of music will be announced soon. Many people have already begun to work on the numbers of the contest. The exact date of the contest is not definitely decided.

Madison Citizens Pay \$30.22 Each For Government

The citizens of Pittsville, Wis., paid less than those of any other city in the state for their government during the past year, according to the state tax commission today, the per capita cost of city administration being \$14.66. Neillsville's government was most expensive, with each citizen required to pay an average of \$33.59. Superior's government cost the citizens \$33.59 each, Milwaukee \$30.91 and Madison \$30.22. In Chippewa Falls the city government cost \$25, Eau Claire \$25.07, Green Bay \$22.27, Janesville \$27.78, Kenosha \$27.74, La Crosse \$20.51, Manitowoc \$25.87, Marinette \$24.61, Racine \$24.53, Rhinelander \$25.82, Sheboygan \$26.94, Superior \$33.59, Wausau \$23.15, Wisconsin Rapids \$26.05, Oshkosh \$22.43.

Russian Famine Relief Depot is Opened Here

The local chapters of the Friends of Soviet Russia and of the American Labor Alliance have established a depot at 803 University avenue. Any one wishing to contribute old clothes or non-perishable food of any kind, may call up Badger 5660 and the society will come for the goods, or they may be left at that street number. "Let us all in our Christmas sentiments not forget those who are in need of some one to save their lives for the donation of a life would be a Christmas present long to be remembered, and how easy it may be to give such a present," says a statement of the local chapter.

The highest temperature during the last 24 hours was 40 at noon, Thursday, and the lowest was 35 at 10 p. m. Precipitation 24. Sun sets at 4:24.

Autos Cause Higher Taxes Says Oppegard

If any material reduction in the tax rate is to come, it must come from the local communities, according to Anton Oppegard, acting member of incomes of Kenosha county, who was formerly a Madison resident.

"Taxes are high," said Mr. Oppegard in his annual report, "and there is much complaint. The blame is generally attributed to other than local sources, but a little observation makes it plain that if any material reduction is to result, it must come from the local communities. It is evident that if the state tax was entirely wiped out the reduction would hardly be noticeable and yet it is the common thing to hold the state responsible. But it is doubtful if there be any outstanding blame. It is mainly, if not entirely in the condition of things.

"There are two principal reasons, one of which it is almost unnecessary to name, the higher costs; the other the increased demand on the part of the public for more and better things in government.

"It is evident that the coming of the automobile has brought us into an era of high public expenditures in road construction. It is also quite evident that school charges will remain high. Wages to teachers have trebled and still the teachers are not easy to obtain. There are even now in the state schools closed for the want of teachers. It is not likely there will be any reduction in this item of our schools. These two—the roads and the schools—make up the great bulk of taxes—almost the entire amount in the rural districts, and about 65 per cent of the city taxes."
