REGULAR MEETING OF THE BOARD OF REGENTS

Madison, Wisconsin

Saturday, December 14, 1946, 9 A.M.

President Sensenbrenner presiding

PRESENT: Regents Callahan, Campbell, Cleary, Grady, Hodgkins, Holmes, Jones, Kleczka, Sensenbrenner, Werner.

Upon motion of Regent Grady, seconded by Regent Jones, it was VOTED, That the minutes of the postponed regular meeting of the Board held on November 23, 1946, be amended to include the following reasons given by Regent Grady for his negative vote on the motions adopted relating to the rescinding of the action taken at the July 25, 1946, meeting of the Board with reference to the development of the faculty housing project by the Wisconsin Alumni Research Foundation and the motion relating to the revised plan for the faculty housing project by the Wisconsin Alumni Research Foundation:

- (1) Reconsideration of the original proposal should have been taken at the next meeting following its adoption;
- (2) The original proposal was approved by the Board at a meeting subsequent to July 25 and constituted a contract;
- (3) The form of the substitute resolution is objected to because the University does not have control of the amount of rentals to be charged and does not have control with respect to the selection of tenants.

Upon motion of Regent Cleary, seconded by Regent Callahan, it was VOTED, That the minutes of the postponed regular meeting of the Board, as amended, be approved.

1. That the following actions by the Faculty be approved:

- (1) Recommendation of the Faculty of the College of Letters and Science as follows:

That the language requirements for the majors in Medical Technology be changed to coincide with those for Majors in Medical Science as approved November 6, 1944, and which read as follows:

A reading knowledge of French or German. This requirement may be satisfied by the completion of the fourth semester of French or German at the University of Wisconsin or at an accredited college, with a grade of at least C, or by passing a reading knowledge or the attainment examination in either language to be given by the appropriate department at the University of Wisconsin.

- (2) Recommendations concerning transfer of credits from the Milwaukee Extension Center:

That the Dean be authorized to make such exceptions, after consultation with the resident department concerned, in cases where work of a sufficient degree of advancement is available and under regulations prescribed by the Executive Committee.

It is understood that under this regulation the Dean could permit students to transfer from the Milwaukee Center more than one-half of the number of credits required for graduation.

b. By the Faculty of the College of Engineering:

That, because of the critical housing situation existing in Madison, the Dean be authorized, as a temporary emergency measure, to make exceptions, after consultation with the resident department for each course concerned, to the rule "The maximum credit obtainable by work in

absentia under the various systems of University Extension shall not exceed one-half of the unit-hours required for graduation", in cases where work of a sufficient degree of advancement is available and under regulations prescribed by the Executive Committee of the College of Engineering; and that this exception to said rule shall terminate at the end of the spring term in 1950 unless extended by faculty action.

BE IT FURTHER RESOLVED THAT all teacher training institutions be urged to give matriculation preference to those persons who desire to enter the teaching profession and,

BE IT FURTHER RESOLVED THAT copies of this resolution be sent to the following:

1. All teacher training institutions in the state
2. The State Congress of Parents and Teachers
3. The Board of Regents for the University of Wisconsin and the State Teachers College.

The Secretary read a letter addressed to the Regents from Emeritus Professor H. T. Avey expressing appreciation of his appointment by the Regents as emeritus professor of mechanical engineering.

The Secretary reported that the Regents were invited to lunch at Truax Field and to inspect University facilities there following the adjournment of the meeting.

Regent Werner presented the report of the Finance Committee. President Sensenbrenner reported that the Regents and the trustees of the Wisconsin Alumni Research Foundation had given consideration to, and had revised and agreed upon, the leases, agreement and mortgage required to implement the plan for the faculty housing project to be developed by the Wisconsin Alumni Research Foundation according to the resolution adopted by the Regents at the meeting of the Regents held on November 23, 1946. Regent Werner read a resolution relating to the approval by the Regents of the various documents necessary for the faculty housing project undertaking. Upon motion of Regent Hodgkins, seconded by Regent Kleczka, it was

VOTED, That the first paragraph of the resolution as read be amended as follows:

"WHEREAS, the housing of the faculty, administrative staff and student body of the University of Wisconsin with provisions which will give preference to veterans is now necessary for the educational purposes of said University,"

Upon motion of Regent Werner, seconded by Regent Kleczka, it was VOTED, That the resolution, amended to read as follows, be adopted:

WHEREAS, the housing of the faculty, administrative staff and student body of the University of Wisconsin with provisions which will give preference to veterans is now necessary for the educational purposes of said University, and

WHEREAS, suitable housing, either in quantity or quality, under private management is not available in the City of Madison or its environs and is not in prospect, and

WHEREAS, under such circumstances it is incumbent upon the University of Wisconsin to provide such housing upon its own premises and upon its own initiative, and

WHEREAS, in consultation with said University, Wisconsin Alumni Research Foundation has prepared plans of buildings which will provide a part of the said required housing, and, through a subsidiary corporation is ready, willing and able to erect and construct said buildings on University lands on the Eagle Heights Farm, and to provide utilities therefor and additional lands for access from said site to the Village of Shorewood Hills and to advance the funds necessary to construct and equip said buildings, landscape said site and procure said additional land and utilities upon the security of said land and buildings,

NOW, THEREFORE, BE IT RESOLVED:

1. That the said preliminary plans are hereby approved and the buildings and improvements shown thereon, together with the purposes for which they are planned and suited, are necessary for the educational purposes of the University.

2. That a lease of that portion of the Eagle Heights Farm which has been designated for such purpose including necessary lands or interests therein for right of way together with a lease of additional property acquired by others and given to the University for said purpose is hereby

authorized and approved in form attached hereto, on which leased property such buildings and improvements may be erected, and the President and Secretary of this Board are directed to execute such lease. The exact legal description of such lands is to be attached hereto by the Secretary when such description is available.

3. That the mortgage, in form attached hereto as Exhibit B, is hereby approved.

4. That after said buildings and improvements are ready for occupancy, a lease of said buildings, improvements, acquisitions and equipment by the corporation erecting the same to the University, in form attached hereto is approved, authorized and at or before the time the same are ready for occupancy the President and Secretary of this Board are directed to execute said lease.

5. That to provide management of said completed properties, to avoid defaults which will or may bring about foreclosure, and other relief afforded to the mortgagee by the mortgage, a contract of management of said properties by the subsidiary corporation as agent of this Board in form attached hereto is approved and upon execution by the other parties thereto, to wit the subsidiary corporation and the mortgagor, the President and Secretary of this Board are directed to execute the same.

6. That the contract for utilities, in form attached hereto, between said subsidiary corporation and the Village of Shorewood Hills is hereby approved and ratified and the proper officers of this Board are directed to notify the said Village thereof.

(The papers referred to in this resolution as being attached hereto are on file in the office of the Secretary of the Regents.)

A called vote was taken, all Regents present and voting "Aye" with the exception of Regent Grady who voted "No". In explanation of his negative vote, Regent Grady presented the following summary of his objections to be included in the minutes:

"First, he objected to allowing the Wisconsin Alumni Research Foundation to repudiate the contract entered into on July 25, 1946. First, because it was deliberately entered into, consented to by Mr. Brittingham and Mr. Hanks, authorized representatives and trustees of the Foundation; Second, that no objection was made thereto on behalf of the Foundation for a period of more than three months; Third, that the proposed contract is not as advantageous to the University as the contract of July 25, 1946, first, because it involves a required increase of rentals of Thirty Thousand Dollars per year, and second, that it is against public policy and all precedent in this University to lease lands to a private corporation and yielding to it the right and power to fix rentals, and select the tenants.

Second, the further objection was that it established a dangerous and ill-advised precedent that might offer an opportunity for future encroachment."

Upon recommendation of the Finance Committee, and upon motion of Regent Werner, seconded by Regent Kleczka, it was

VOTED, That the option which expires January 21, 1947, for the purchase of the Thordarson Library be exercised; that the allotment of the following funds to cover the purchase of the library and the payment of the broker's commission be approved:

| | |
|-------------------------------------|---------------|
| ✓ Anonymous Trust Fund | \$ 75,000 |
| ✓ Babcock Book Fund | 15,000 |
| ✓ Knapp Fund Income | 150,000 |
| ✓ Forger Thompson Fund Income | 2,000 |
| ✓ 15-B WARF Gifts - Graduate School | <u>58,000</u> |
| Total | \$300,000; |

that the chattel mortgage held by the University on the Thordarson Library be satisfied; and that the President and the Secretary be authorized to sign the documents required to complete the purchase of the Thordarson Library.

A called vote was taken, all Regents present and voting "Aye" except Regent Grady who voted "No". In explanation of his negative vote, Regent Grady presented the following summary of his objections to be included in the minutes:

"Mr. Grady objected to the purchase of this collection on the grounds, first, that it is not such an addition or enlargement of the library as would be of the greatest value to the students and the faculty in that the enormous cost results largely from the fact that it embraces some rare, early, and original editions, rather than the type of library that would be of greatest use to faculty and student body at this time.

Secondly, that its value is largely in the rarity of the collection rather than the usefulness to the University, its faculty and its student body, and that the enormous cost thereof is due or to great extent increased and enhanced by reason of the unusual and expensive bindings which are not of the type that the University would provide if it were enlarging or increasing its library.

Third, that in view of the pressing financial needs of the University, for buildings including housing, and for equipment, he objected to the expenditure of so vast a sum for this collection under all the circumstances, and that the appropriation of Three Hundred Thousand Dollars of money available as a free fund, could be devoted to other pressing needs. That as it was not in the best interest of the University, he could not see his way clear to vote for the purchase of this collection involving a cost of between Twenty-five and Thirty Dollars per volume, and therefore cast his vote in opposition to the purchase."

✓ Upon recommendation of the Finance Committee, and upon motion of Regent Werner, seconded by Regent Kleczka, it was

VOTED, That the Director of Business and Finance be authorized to request the Emergency Board for an appropriation of \$27,770 for the hospital to cover civil service salary increases approved by the special session of the Legislature in 1946.

Upon recommendation of the Finance Committee, and upon motion of Regent Werner, seconded by Regent Grady, it was

VOTED, That the Director of Business and Finance be authorized to arrange for the use of the Congregational Church auditorium for the second semester of the 1946-47 academic year for a payment of \$1200 to cover operating expenses.

(Authority was previously granted for the use of the auditorium for the first semester upon payment of \$1000 to cover operating expenses.)

*Item of agreement on
file with papers.*

Upon recommendation of the Finance Committee, and upon motion of Regent Werner, seconded by Regent Hodgkins, it was

VOTED, That the Director of Business and Finance be authorized to advance \$1000 from the Carl Schurz Memorial Fund to Alexander von Schelting as a salary advance to enable him to come to Madison from Switzerland to accept his appointment as Visiting Professor for the second semester of the 1946-47 academic year, subject to assignment to the University of Professor von Schelting's royalty rights as security for this advance.

Upon recommendation of the Finance Committee, and upon motion of Regent Werner, seconded by Regent Kleczka, it was

VOTED, That \$41,170 be transferred from unbudgeted receipts to the College of Engineering salary and wages budget to provide for the employment of additional staff required on account of the increased teaching load.

At 10:40 A.M. the meeting adjourned.

A. W. Peterson,

Secretary.
