BAY LEAVES

VOL. VII

NO. 40

WILLIAMS BAY, WIS.

OCTOBER 19, 1939

WHOSE WORLD IS THIS ?

Whether we take the Biblical account of the first man or that of any other of the religions, we find that all agree that at one time there was an Adam and Eve, by whatever name they might have been called. It was a good world that they lived in then whether it was 10,000 or 50,000 years ago.

The descendents of Adam and Eve have grown until today there is an estimated population of two billion men, women and children scattered all over this globe. Yet it is a great world on which to live.

A passage from some of the Babylonian tablets tell about the vast difference in social conditions of the Babylonians some 5,000 years ago, yet one might think that he is reading about conditions today. The so called prophet of the Hebrews, Amos, sought to right the social conditions of his day and his writings sound mighty familiar today.

Little by little by their endless striving highminded men have brought about a better recognition of the brotherhood of man. Yet there is a great task ahead of this and future men in helping further a fuller recognition of that brotherhood.

Again we ask, "Whose world is this ?". You and I have the lease on a portion of it for not more than 75 to 90 years at the most. The extent of that portion might vary from a 25 foot lot to thousands of acres, yet there is pride in possession. So much so that if every man was able to have and hold inviolate during his short stay on earth some of that earth upon which he might establish a home, there would be very few of the social and economic problems that face us today.

There is a Great War now in progress. It is going slow just now for both sides are afraid of the awful destruction that goes with war. Homes that have been in the family for generations, churches that have been the scene of marriages, funerals and christenings of generations of home folks, public buildings will tumble like stacks of cards; thousands of innocents, possibly millions will perish.

What is it all about? Some one wants a portion of the earth that someone else has. The fields beyond look greener than those on which we stand. If it isn't the land itself, it is something that grows upon it or may come out of it.

(continued next page)

Are we not wise enough to solve the problem of social relationship and treat all men as brothers? Can we not see that we are only lessees of the great natural resources that Nature has distributed here and there upon the face of the earth?

There is enough for all who live here today, whether he be a brown man, black, yellow or white, whether he live in India, China, Japan, Europe, Africa, Americas or the Islands of the Sea.

The time will come when every nation of the world will be represented by its most brilliant economists at a conference at which a study will be made of those things which man has available for him in abundance, ways and means of making those things which may be in abundance in one place obtainable by others in other places which do not have them, with a full recognition that this generation is welcome to use what it may need, but must not waste them as billions are yet to follow us.

Maybe now is the time for us to have such a conference. It is a tremendous task, but we have in America a man or men who could do a great service to the World in taking the initiative in calling such a conference. It may not be men in political life who do it. It would better be some one recognized in the field of economics as a leader.

NOTE: LAKE GENEVA WILL HAVE DOUBLE DOLLAR DAYS FRIDAY AND SATURDAY.

The Lake Geneva Chamber of Commerce and the Lions Club are putting on two days of real dollar day values this week. The Regional News last week had some very interesting pages of photographs of Lake Geneva business men and women. Very fine looking folks.

Take advantage of these special days. Instead of trying to get rid of some antiquated stock they are giving real values on new merchandise.

We wish success in their enterprise.

Williams Bay residents are invited to share in these days.

SPECIAL NUMBERS THAT YOU WILL RECEIVE

Hallow E'en, Armistice, Twentieth Anniversary Williams Bay, Thanksgiving, Christmas.

You are requested to send news items for these numbers. Poems about Lake Geneva, historical items, biographies of Lake Geneva residents of other days.

Suggestions as to where information can be found about former owners of lake shore property are wanted.

For distribution in June next Summer a Directory of Residents around the lake is being prepared. It will be alphabetical this time.

WALWORTH COUNTY HISTORICAL SOCIETY

The following were elected directors at the last meeting of the Walworth County Historical Society a week ago: Dr. E. H. Evans, Whitewater; Miss Maude Mitchell, East Troy; Miss Florence Boyd, and George Allen of Lake Geneva.

Mrs. Grover Kull has resigned from the presidency and some one of the directors will be elected to fill the vacancy.

WALWORTH COUNTY TO HAVE CITIZENSHIP DAY, MAY 19TH, 1940

It is estimated that 509 young people will have attained their 21st birthday during the year ending on May 19th, 1940.

Walworth County will honor these young people on that day.

The editor attended the Citizenship Day program last May at Manitowoc and cannot speak too highly of the project.

The plans are in good hands: T. J. Jensen, Superintendent of Delavan Schools, Chairman of the Central Committee; Mrs. Jeanette Appleton, Lake Geneva, committee on decorations; H. H. Clemons, Lake Geneva, Program Committee; Dr. E. H. Evans, Whitewater, Records; Chester Byrnes, East Troy, publicity; A. K. Vincent, Walworth, directory; William Sheldon Elkhorn, ways and means; Laura McDougall, secretary.

CORN HUSKERS VIE AT BORG FARM OCTOBER 20, Friday at 10 a.m.

This is a good time to see how one of these contests is run. The main event is at 10 a.m. In the afternoon, the Junior Contest will be held and for fun Delavan businessmen will try their hand.

There should be a big crowd. An effort is being made to get a large crowd so as to help boost the plan for the state contest here in 1941.

"LAILA" WINS CLAYTON F. SMITH TROPHY

News item: "Laila, eight-year chestnut Arabian mare, owned by A. W. Harris, head of the Harris Trust and Savings bank, Chicago, won the Clayton F. Smith trophy, Sunday, (October 8) in a 100 mile endurance contest held in the Forest Preserve District in Chicago."

The object of the meet sponsored by the United States Army was to guide the horses over the 100 mile trail in an allotted time and bring them back in good condition without the aid of artificial stimulants or bandages, rather than to race against time.

On Friday, the field made 40 miles in seven hours; Saturday, 40 miles in six and a half hours and Sunday the last 20 miles in three hours.

Mr. Harris has won similar 300 and 500 mile meets in the past mounted on Arabian horses and has been a breeder of the blooded equine nobility for the last 30 years.

At Keemah Farms near Williams Bay Mr. Harris has 56 head of Arabian horses. Frank Owen, who cares for the farm rode Laila in her three-day match against 48 other horses and took the trail contest right out from under the noses of bigger horses, some weighing as much as 1550 pounds.

Mr. Owen came with Mr. Harris two years ago. He had been interested in Arabians since he raced on one when he was only nine years old. He came to America from England before the World War and served in the A. E. F. for a year. He has worked as horseman for T. E. Wilson and cared for Reigh Count, Kentucky Derby winner in 1925 owned by John Hertz, Yellow Cab executive.

Mr. Harris takes great pride in his horses and spends much time in riding them on the 230 acre farm. He likes to drive from the depot to his home rather than use his auto.

WILLIAMS BAY SIX MAN TEAM LOSES
TWO IN A ROW WITHIN A QEEK.

Sadly handicapped by sickness and
injuries, the Bay lost to Clinton
14 to 0 last Friday and to Pewau-
kee here at home on Tuesday on the
short side of a 34 to 6 score.

In the Clinton game half the team
had colds, which slowed them up bad-
ly and took the fighting spirit
out of the boys and the power out
of the powerful running attack.

Clinto out charged the Bay enough
to gain 2 touchdowns and hold the
Bay scoreless.

In the Pewaukee Game, with Van Bies-
broeck and Spencer out, the work
of holding a fast and tough team
rested mainly on the shoulders of
Johnson, Osman, Kelso and Hackett.

Pewaukee smarting under the defeat
that the Bay gave them on their
home grounds, played heads up foot-

ball all the way. Their scores
came from a blocked kick and
four intercepted passes.

Kaiser, Sonny Hansen, Lockwood
who were in the game a number of
times should up very well in stop-
ping the Pewaukee running attacks,
but they could not cover the aerial
attack of the visitors to prevent
numerous completed passes.

Last Saturday night relatives
of Charles J. Anderson, who has a
summer home in Cedar Point Park
came out for a birthday party at
his home. His brother Gustave
and family and Andrew another broth-
er and his family came out.
All three brothers have homes in
Cedar Point Park and with their
families come early and close their
homes late in the season.

The coloring around the lake is
at its best. Come on out for the
weekend. Weather man promises a
warm, sunshiny week end.

ARMY ENLISTING MEN. QUALIFICATIONS. "WHISKER PARTY" WELL ATTENDED

A.K. Vincent of Walworth, Major in United States Infantry Reserve and Major F.L. Lothrop, Country Club Estates, Retired, submit the qualifications for military service.

They must be between the ages of 18 and 35 for the original enlistment, unmarried, and those under 21 must have the written consent of parents or guardians; they must be at least 5 ft. 4 in. tall and weigh not less than 115 lbs.; they must be of good moral character as evidenced by written testimonials from reputable citizens of their respective communities; they must be in good health and free from incapacitating or disfiguring deformities. They must be able to pass the intelligence and literacy tests as prescribed in the regulations governing recruiting for the Regular Army.

In addition to being furnished food, clothing, shelter, transportation, and medical and dental service, enlisted members of the Regular Army receive base pay per month as follows: Private, \$21; First Class Private, \$30; Corporal, \$42; and Sergeants, \$54. Staff Sergeants, First Sergeants and Master Sergeants receive \$72, \$84, and \$126, respectively, as base pay. The base pay of privates and privates first class is bolstered by having a so-called "specialist-list" consisting of skilled men who serve as bakers, mechanics, carpenters, clerks, etc. This increase in pay ranges from \$6. to \$30 per month.

Many opportunities are now available in the Regular Army to young men, recently out of school, who wish an interesting and worthwhile career; opportunities to improve their education, to specialize in many lines of endeavor, and to travel.

Original enlistment is for a period of three years.

Major Vincent or Major Lothrop will be glad to talk over these matters with any who are interested and see that they are steered to proper officers for appointments.

When the committee planned on the party they thought that if 15 attended they would do well, and imagine their surprise when 34 men came to the party. Lawrence Hollister who gave the refreshments which were coffee and doughnuts had plenty to serve all.

On entering the basement of the Congregational Church, Policeman Zabler (Cop 13) met you and if he found that you had shaved, combed your hair, shined your shoes or had too much of a crease in your trousers you were brought before Judge Oetjen who fined you 1¢ for each offense. 29¢ in fines was collected so most of the men obeyed instructions issued by the committee: O.B. Fensholt, L. Hollister, L. Fenton, K. Viste, C. Bjorge and Vic Keiser.

Around a cracker barrell from which all helped themselves the great problem of what to do was discussed. No one seemed willing to tax his brain very much as the gathering was mostly for fun.

Chairman Fensholt told what the committee had called them for. Ken Viste acted as Chairman of the discussion.

A Qiz Game was played by all. It had to do with advertised articles

Frank Vavra and others told of early day clubs in Williams Bay.

The group enjoyed themselves so well that they voted to meet again on Wed. Nov. 8. All are to come as from work, no dress up togs. Each one is to bring some one else. So come along if you want a good time.

Bill Elbert and Gordon Case hope they will have to furnish a feed for 60 or more.

Committee: Fensholt, Viste, L. Hollister, C. Bjorge, V. Keiser, L. Fenton, G. Case, W. Elbert, Ude Imrega.

BANKING LOOKS AHEAD

Banking in Tomorrow's World

The trend of banking has been toward more complete financial services for the individual. In part this trend is due to the desire of banks to be of maximum helpfulness, and in part to the growing complexity of modern life, which accents the importance of individual management.

This trend will continue, we believe, into the world of tomorrow. This bank, for one, will continue to study the needs of the average individual and to provide new or improved banking services whenever necessary.

We invite you to open an account at this bank and to become acquainted with our services.

SCHOOL NOTES

October 23 -29th is
"Better Parenthood" week.

Last Monday an interesting lecture was given before the school on "Wings Over America".

Walter van Hartsma, Lecturer, Writer, Vocational Consultant and Photographer and former Director of Placement, Boeing School of Aeronautics, Training Division of United Air Lines, gave a beautifully illustrated lecture on Flying.

He has traveled an equivalent to 20 times around the world by air.

On October 23rd, the Principal and staff of West Salem will spend the day visiting the Bay School.

Coach Cook is busy getting his Sixman Football squad ready for the game at Palmyra Saturday.

Superintendent Viste is spending today, Thursday, at a Supervisory Conference at Burlington High School.

Many of the pupils and parents, as well as many others of the community enjoyed the beautifully colored movies of Hawaii shown and carefully described by Mr. W.M. Davis, of Oak Bank, Williams Bay.

GIRL SCOUTS

The Girl Scouts and their Leader, Ruth Ellen Ohl, attended "Babes In Arms" at Delavan Theatre, Monday eve and afterward had a party at the home of Ferrol Lindquist, East Delavan.

Yesterday they had a Weiner Roast at the Gravel Pit at College Camp.

Many activities are planned for the Fall and Winter.

BOY SCOUTS

Robert Thompson is the local Scout Master.

The meetings will be held on Wednesday nights this season.

Tonight the District Scout Leaders meet at the Boy Scout Cabin at Williams Bay.

Prof. G. Van Biesbroeck and Mrs. Van Biesbroeck were fine host and hostess in serving dinner at the cabin, with the help of the local scout committee.

Bill Keown the District Scout Executive lead the Conference.

A new rustic archway leads to the cabin, which is much nearer the road since the highway was moved.

THE VILLAGE BOARD

An adjourned meeting of the Village Board was spent in going over An Ordinance entitled "An Ordinance Providing for Fire Limits, and The Construction and Equipment of Buildings."

It was passed for the first reading and will be passed at the regular November meeting.

A letter from International Filter Co. was read offering to place without cost an "Automatic rate of flow controller", which it was explained would assure a constant rate of flow of water to the Accelerator softening plant..

This is done to avoid a repetition of the excess of Alum which caused considerable unpleasantness recently.

The letter also stated "Because the Williams Bay plant is a "show plant" we want the installation to operate under the minimum of handicap"

The Board accepted the offer.

WILLIAMS BAY WOMAN'S CLUB ACTIVITIES

CHURCHES

A group of members of the Williams Bay Woman's Club visited the village of Kohler, Wis. last Friday including the several large factories of the Kohler Company, which are some of the largest in this country. Trained guides showed the group thru explaining the manufacture and production of the various Kohler products.

Young Peoples Meeting 7:00

The Ladies Aid Society meets at the church this afternoon. Mrs. Carl Bjorge and Mrs. Blake Burton were hostesses.

Waelderhaus is a reproduction of their father's home in Austria and is carried out in every detail, even to the curtains which are made of the agricultural cheese cloth used to wrap the dairy products in that country. Doors and windows in the building are designed and hand carved and decorated after the style of the old Austrian designers and artists.

The regular meeting of the Woman's Club will be on Friday, October 27, at 2:30, Mrs. Jess Greenstein, Grand View Ave. hostess. Mrs. Robert N. Anderson, Mrs. Victor Keiser and Miss Sarah Ruhl will have charge of the program, the subject-"Interior Decorating", will be given by a well known authority on the subject, from Milwaukee. Club members may invite a guest. Refreshments will be served. Call Mrs. Robert N. Anderson for reservations.

The Music and Worship Committee of the church will hold their first meeting to make plans for the season on Sunday evening, October 23, at Mrs. William Phipps home on Congress St. A 7:30 supper will be served.
