CONCENTRATED NITROUS ETHER.

[1 lb. makes 20 lbs. Spts. Nitre U. S. P.]

This preparation contains 90 per cent. of *pure, absolute nitrous ether*. One part by weight of the concentrated ether added to nineteen parts of officinal alcohol makes twenty parts of spirit nitrous ether strictly U. S. P., free from acid and aldehyde and containing $4\frac{1}{2}$ per cent. of *real, absolute nitrous ether* by the permanganate of potassium test (see U. S. P.)

1 lb. with 19 lbs. Alcohol makes 20 lbs. Spirits Nitrous Ether.

$\frac{1}{2}$ lb.	"	9 $\frac{1}{2}$ lbs.	"	"	10 lbs.	"	"	"
$\frac{3}{4}$ lb.	"	4 $\frac{3}{4}$ lbs.	"	"	5 lbs.	"	"	"

By the use of this ether a full strength spirit nitrous ether of exceptional purity can be readily prepared and a large saving in bottles and freight effected.

In buying 1 lb. of concentrated ether, the retail druggist saves the cost of packages and freight on 20 lbs. of spirit nitrous ether.

Several preparations of this article have been put upon the market by manufacturers claiming it to be "washed nitrous ether prepared according to the U. S. Pharmacopœia 1880," and directing 1 lb. to be diluted with 19 lbs. of alcohol, but avoiding any mention of its percentage. We have found some samples of these preparations to contain only from 25 per cent. to 50 per cent. of nitrous ether by the permanganate of potassium test, and when diluted according to the label to make a spirit nitrous ether of only one-fourth to one-half pharmacopœial strength. We therefore give the following simple test for determining the presence of alcohol: Shake a sample of the nitrous ether in a graduated cylinder with an equal volume of saturated solution of chloride of calcium. Pure nitrous ether is but little soluble in chloride of calcium solution, therefore, if the ether is pure, there will be but a trifling diminution of its volume; if, however, it contains alcohol, the diminution of its volume will show *approximately* the amount of alcohol contained in it.

It has been stated that the test by shaking with chloride calcium solution is not reliable, and that acetic ether, sulphuric ether and other substances might be added and escape detection. While we admit the test is not reliable, where small quantities of nitrous ether are to be determined in the presence of a large amount of alcohol, we assert, and every intelligent druggist will agree with us, that the test is a convenient one, and sufficiently accurate to show *approximately* the amount of alcohol contained in concentrated nitrous ether, and that an article showing a diminution of more than 10 per cent. should be rejected as deficient in strength.

DeGOLYER'S COACH & CARRIAGE VARNISHES.

Less.....per cent. Discount.

WEARING BODY	\$6 00
For last coats on bodies of best work. Unequaled in Finish and Durability.	
MEDIUM DRYING BODY	5 50
For last coats on bodies where dispatch is necessary. A rapid drying Body Varnish. Produces a fine luster, and wears well.	
No. 1 WEARING BODY	4 75
Designed for all General Carriage Work, except the best. Dries much quicker than our best Wearing, leaves a good finish, but less durable.	
ELASTIC GEAR	5 00
For last coats on gears. A free working heavy Varnish, of unexcelled brilliancy and durability.	
ONE COAT COACH	4 50
A similar Varnish to our Elastic Gear, but of quicker drying properties, and particularly desirable on gear work where no rubbing coat is used, although it works equally well over Rubbing Varnish.	
HARD DRYING CARRIAGE	3 50
An excellent Varnish for repair work, or for new work where the greatest durability is not called for. It works free, dries hard, and with good luster.	
BODY RUBBING (4 DAY)	4 50
For under coats, where best results are desired. Will not sweat out, and rubs to a perfect surface.	
HARD RUBBING	4 00
Similar to our Body Rubbing, but quicker, and for use where time cannot be given for our Body Rubbing to harden.	
QUICK RUBBING	3 50
A very desirable and useful article for repair work, or in fact any work not strictly first-class.	
BLACK RUBBING	4 50
A combination of our Regular Rubbing with the Best Black, finely ground.	
JAPAN GOLD SIZE	3 50
A superior dryer, light in color, for binding and hardening fine colors.	
COACH JAPAN	1 50
Mixes readily with oil, and is an unexcelled dryer for Carriage Painters' use.	
EXCELSIOR JAPAN	1 75

GELATINE-COATED PILLS.

Sulphate, Bi-Sulphate Quinine, and other Cinchona Alkaloids.

Owing to the frequent market fluctuations of Sulphate of Quinine, and the consequent necessary changes in the prices of pills containing it, we have placed them by themselves, for convenience of reference; our discounts remaining the same on both lists.

PARKE, DAVIS & CO.'S FLUID EXTRACTS.

IN PINT, HALF PINT, QUARTER PINT AND FIVE PINT BOTTLES. WE
SUPPLY PINTS IN ABSENCE OF SPECIFICATION.

NEW REMEDIES.

Our connection with the prior introduction of the following new remedies is now so well established that further allusion to the subject is rendered unnecessary. We desire, however, to state that, having introduced these drugs, *we are sure that our stock is genuine.* That many spurious varieties are on the market there is no doubt, and we would advise purchasers that though other preparations bearing the same names may be bought at less than our prices, yet it may be more economical and satisfactory in the end to secure those of which there can be no doubt. In conclusion, we request our friends to insure the identity of the preparations they order by specifying particularly "Parke, Davis & Co.'s," and carefully examining the labels and cap on each bottle.

* NOTE.—Under the name Hydrastin, we offer a concentration which contains the proximate principles of the root of Hydrastis canadensis, including the alkaloids hydrastine and berberine. We also prepare from the same root the hydrochlorate, phosphate and sulphate of Berberine, to which the improper names, muriate, phosphate and sulphate of Hydrastin have been respectively applied. On account of this nomenclature, these salts of Berberine are generally looked for among alkaloidal concentrations, and we have, therefore, priced them under the head of Concentrations. A similar state of affairs exists with reference to the salts of Sanguinarine.

LIST OF
STANDARD FLUID EXTRACTS,
OFFICINAL AND UNOFFICINAL.
MANUFACTURED BY
LORD, OWEN & CO.

Our Fluid Extracts are made, STRICTLY and INVARIABLY so that each minim represents the medicinal virtues of one grain of the root, herb or bark. We do not, as many claim, pursue the same process for the manufacture of all Fluid Extracts, but study the nature and character of each separately, and adopt that which is best in each case. Our MATERIAL is selected with the greatest care, which we deem of FIRST importance in the manufacture of Fluid Extracts.

“BIXBY'S ROYAL POLISH”

The cuts illustrate Bixby's Patent Bottle and Stopper for “Royal Polish” and the Cartoon in which each bottle is packed.

“ROYAL POLISH” is the most perfect Dressing for ladies' and children's shoes that has been put upon the market at any price. The bottle and stopper prevent all soiling of the hands in using. Having

a wide base, the bottle is not likely to upset and spoil carpets, furniture, etc. In short, the Dressing and the Packages are the most elegant in use. Price, per dozen, \$0 90.

DIRECTIONS FOR PUTTING ON GLASS LABELS.

Cement—Yellow wax, 1 part; resin, 2 parts; melt together with a gentle heat. Place the bottle (which should be clean and dry) in a horizontal position; apply the cement, when about the consistency of syrup, with a spoon or small brush to the label, and carefully press evenly upon the bottle. While the cement is still soft, pass the point of a knife around the edge of the label, so as to form a groove. Allow the cement to thoroughly harden before removing what adheres to the bottle outside the groove. Clean the bottle and label with a little turpentine. To insure uniformity of position, make a gauge for each size bottle, measuring from the bottom of the bottle to the bottom of the label. Labels may be removed by carefully heating.

Maris' New Weights.—In Metallic Frames.

We have the pleasure to offer to the trade something entirely new in weights, as shown in above cut. The weights sit in a hollow metallic frame which is a great improvement over the wooden blocks, as it cannot shrink, and the weights can always be taken out with ease. Another advantage is that there is no place for dirt to collect. Weights put up in this way present a very handsome appearance.

Figure 5 represents our Adjustable French Single Truss, applied from the affected or ruptured side, and is designed for one side only (made both right and left). The hernia pad

is especially constructed to conform to the inguinal region and lower abdomen, and can be moved laterally by a set-screw attachment.

The pad is made in two sizes, "No. 1 A. F." being the larger and "No. 2 A. F." the smaller.

Number stamped on spring, 1 2 3 4 5 6

Fig. 3.

Figure 3 shows our reversible Clutch Joint Single Truss, with Plain Convex Pad, adjustable from the affected or ruptured side. It is applicable to either right or left hernia, and can be

adjusted for either side by simply loosening the stud-head clutch set-screw and turning the pad-arm to the opposite side. It can be placed at any angle desired and immovably held in position by the clutch.

EGYPTIAN COMPLEXION POWDER.

This is one of the best preparations of its kind ever offered, and is warranted perfectly free from anything poisonous or injurious to the skin.

Is especially adapted for use for out of doors, and for evening toilet, where its excellent covering and lasting qualities will be appreciated.

It does not roughen the skin, but leaves it clear and soft, and produces a rich pearly or flesh tint so much desired.

Retails @ 50c a Box.

Eastman's Fine Toilet Soaps:**ALOHA TOILET SOAP.**

(REGISTERED.)

HIGHLY PERFUMED.

Soaps are merely a chemical combination of fatty oils and alkali. Their quality depends strictly on the choice of the materials. If the materials are cheap and poor, quality the soap is necessarily bad, and occasions redness, chapping and swelling of the skin. The fine material, combined with glycerine, in the ALOHA SOAP allays all irritation, softens and whitens the skin, and imparts to it that velvety freshness, which is its greatest charm.

EASTMAN'S ROYAL LAVENDER.

DIRECTIONS.

FOR THE SKIN.—When employed as a cosmetic, by pouring a few drops into the water, it prevents and removes burning of the skin, freckles, wrinkles and redness. It refreshes and whitens the skin, and restores its natural softness, freshness and bloom.

SHAVING—It allays the irritation felt after shaving.

ANTI-MEPHITIC PROPERTIES.—It corrects impure air and prevents infections, it is recommended therefore to persons who frequent balls, theatre and crowded re-unions, and to those who visit hospitals and other places where the air may be more or less vitiated.

For purifying and fumigating an apartment, sprinkle this Lavender about, or better pour a few drops on a hot iron, the vapor which arises therefrom immediately modifies the constitution of the air, removes all unpleasant smells, and replaces them by an agreeable atmosphere.

It is also valuable in headache, burns, contusions, and many other conditions which will readily present themselves as too numerous to mention here.

Beware of Counterfeits.

REED & CARNRICK'S BEEF PEPTONIDS,

COMPOSED OF THE NUTRITIOUS CONSTITUENTS OF
BEEF, WHEAT AND MILK.

FORMS IN ITSELF A PERFECT FOOD.

1. **BEEF PEPTONIDS**, as now prepared, is both *pleasant to the taste and smell*.
2. There is no food preparation that compares with it in nutritive properties.
3. It is partially prepared for assimilation, and therefore makes but little demand upon the digestive powers of the gastric juice.
4. Being in the form of a dry powder, it will keep in any climate.
5. It contains over ninety per cent. of nutritious matter.
6. It contains twenty-five times more nutritive matter than Liebig's Extract of Beef or similar productions.
7. One ounce of **BEEF PEPTONIDS** contains more nourishment than five pints of beef tea prepared from eighty ounces of beef.
8. Beef tea and similar preparations to Liebig's contain but little else than the osmazone and stimulating properties of the beef, and are therefore almost valueless as constructives.
9. **BEEF PEPTONIDS** is the only preparation, rich in nitrogenous matter, that is pleasant to the taste.
10. It has the advantage of being easily and quickly prepared for use.

Lallemand's Specific

NEVER FAILS TO CURE

RHEUMATISM, GOUT & NEURALGIA.

IT IS NOT A QUACK MEDICINE.

It is the only remedy ever discovered that will effectually destroy this poison in the *Blood*, and produce a permanent cure. No good physician fails to prescribe the Specific when he learns what it is composed of. No one suffering with Rheumatism, Gout or Neuralgia should hesitate to try it because it is advertised for sale.

Similar letters to the following are received almost daily.

ST. LOUIS, January 25, 1885.

Having been recommended by a friend to use Lallemand's Specific for Rheumatism, I did so; and I now take the opportunity of recommending it to those afflicted with that disease.

Very respectfully,

GEO. A. HARRINGTON.

HOLLY SPRINGS, MISS., March 23, 1882.

Having suffered for several years from periodical attacks of inflammatory rheumatism, I have derived more prompt and speedy relief from the use of Lallemand's Rheumatism, Gout and Neuralgia Specific, than from any other out of the almost countless remedies I have used, or from any of the several watering places I have visited. From my experience the medicine is without prejudicial effect in any way, and very prompt in its operation.

Very respectfully,

THOS. W. HARRIS.

PRESCRIBED BY PHYSICIANS.

It is rarely that a physician will prescribe a proprietary article. This is often the case, however, with Lallemand's Specific, which is used in regular practice by many first-class physicians. It is itself a doctor's prescription, and has cured more cases of Gout, Rheumatism and Neuralgia than any medicine made. For sale by all druggists.

UNION STOCK YARDS, CHICAGO, ILL., Aug. 25, 1884.

JOHN H. BLOOD, Esq., *Dear Sir*: I have been troubled with rheumatism for 25 years and found nothing to relieve me until I tried your Lallemand's Specific. It has always driven the pain away inside of forty-eight hours. I have been the cause of having two druggists at the Stock Yards keeping it, and have recommended it to a great many persons. But in justice to your valuable medicine I will say that I have never given it a fair trial, for as soon as the pain left me I would quit taking it, but I feel convinced that it is all it is claimed to be. I would like to get it direct from you, so please send me a half-dozen C. O. D., as I am well acquainted with all the stockmen. If you would like to use my name you are welcome to do so. I remain,

Yours respectfully,

JNO. L. FARNSWORTH,

Union Stock Yards, Chicago, Ill.

SHAWNEETOWN, ILL., Sept. 11, 1884.

J. H. BLOOD, Esq., *Dear Sir*: Having been afflicted with Rheumatism some thirteen years, I have used almost every medicine that has been offered to the public, and all have failed to produce a permanent cure. At times and for reasons unknown to me, it will return, and is very painful, nearly incapacitating me for business. During one of these paroxysms, I was prompted to try a bottle of your "Lallemand's Specific," and found a very ready relief. Since using it, I have been comparatively free from the effects of the malady, and from the effects already produced, I feel confident that a continuation of its use will prevent any return.

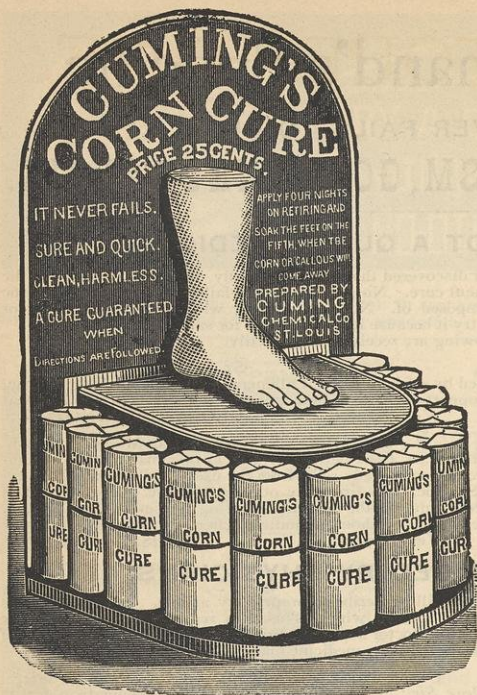

Now at Normal, Ill.

J. A. BARGER, County Clerk.

Those suffering with Rheumatism need not be discouraged after using many remedies without effect, and think they cannot be cured. Hundreds of such cases have been cured by the use of Lallemand's Specific.

"PALLAS" SYRINGE,

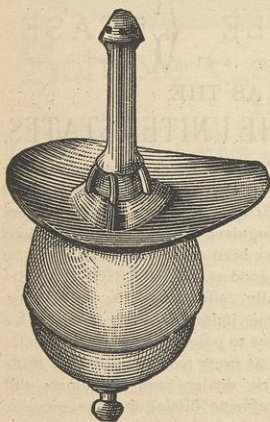

VAGINAL AND RECTAL.

In Black Walnut Satin-Lined Case, retail price, \$5.00
To Physicians, - - - - - 3.75
Wholesale, to Physicians, - - - per dozen, 42.00

A MOST PERFECT and simply constructed Syringe for medicating and irrigating the vaginal cavity. The novel bulb of this Syringe, when doubled upon itself as shown in the cut, will cause no fluid to be left, as is so apt to happen

with the ordinary bulbs, and when filled will contain just enough fluid for the expansion of the vaginal folds. The hard rubber labial shield, with its plug, when firmly pressed against the labiæ, will both prevent spilling and soiling of linen, and the fluid can therefore be kept in circulation and in contact with the parts by repeating the pumping motion of the bulb. It will also be noticed that the fluid escapes as a spray from the large holes at the point of the stem and returns through the holes at the root of the same, which is provided with hard rubber screen-bars, preventing the folds from interfering with the rapid return of the fluid into the bulb. In filling the bulb, a couple of turns will unscrew it.

MALTINE.

(Extract Malted Barley, Wheat and Oats.)

The secret of a good Malt Extract consists principally in the *Malting* and *Mashing* of the grain. *Diastase* is created by *fermentation*. In the *Mashing*, the *Diastase* is set free and preserved in vacuum pans at low temperature. Our early method of evaporation *in vacuo* was taken advantage of by competitive houses, which enabled them to improve the diastatic action of their preparations, in which, originally, they were wholly deficient. Our improvements in *Malting* and *Mashing* they have never been able to copy. That *Maltine* is at least one hundred per cent. more powerful in converting action than any preparation in the market is primarily due to the fact that we have been able to preserve all the diastase that can possibly be produced from the grain, by our method of *Malting*. Its great excess of *Nutritive* value over that of any similar production has never been questioned.

Maltine will convert 33 times its weight of starch at 140° Fahr. in 16 minutes.

We beg to call your
attention to our prod-
uct of

Rock Candy Syrup,

doubly refined, and
guaranteed

Absolutely
Pure.

THIS syrup is the product of **ROCK CANDY**, made from the **HIGHEST TEST**, finest and whitest **REFINED CANE SUGARS**, weighing eleven (11) pounds avoirdupois to the gallon—**PURE SACCHARINE MATTER**, now so extensively used by druggists for pharmaceutical purposes, and more particularly as the basis for

SODA WATER SYRUPS

All chemists declare that **ROCK CANDY** is the most pure and perfect condition of sugar, from the fact that it would not crystallize if adulterated. Yet not content with this, each and every package of our syrup is accompanied with a guarantee of \$10,000.

The well-known business reputation of our house—in existence forty-eight years—is sufficient evidence that we mean what we say. Respectfully,

FREESE'S CEMENTINE.

The Best Cement yet discovered for Mending WITHOUT
HEAT such articles as

Glass, China, Earthen, Marble, Ivory, Pearl, Amber,
Meerschaum, Wood, etc.

Its great superiority consists in its possessing the following merits:

1st. Its mode of manufacture; it is put up with Rubber Stopples which will not break, like corks, by frequent using; and each stopple holds a spatula for readily applying Cementine.

2nd. Its easy application; It is applied COLD, and needs no tying or binding to hold the parts together while drying, the adhesion of the parts being effected in a few moments with perfect ease and convenience.

3rd. Its neatness in mending; it is perfectly transparent, and leaves no stain on white or colored ware.

4th. It is strong and durable; broken ware being mended with it is as strong as ever, and can be used for the same purposes, and in the same manner, as before broken.

The accompanying engraving is a true representation of a box containing one dozen bottles Cementine, with samples of mended glass, china and wood, as delivered to the trade.

B. KEITH & CO.'S PURE CONCENTRATED MEDICINES

(The Combined Active Principles of Medicinal Plants.)

Concentrated Tinctures, Oils, etc.

WHAT ARE CONCENTRATED TINCTURES?

They are the active principles dissolved in alcohol in definite proportions. They are not made from the crude material.

They are much stronger than any other fluid preparations made from the same articles, differing from the Fluid Extracts and so-called Concentrated Tinctures of other manufactures in mode of preparation.

Physicians ordering these Tinctures from the Trade will therefore perceive the necessity of designating them as "KEITH'S" in their orders.

SEVERAL GOOD REASONS

Why All Druggists Should Buy

JOHNSTON'S EXTRACT OF SARSAPARILLA.

FIRST.—Because it is an OLD AND RELIABLE preparation, and one they can recommend in all candor to old and young.

SECOND.—Because it has a LARGER SALE than any other preparation of the kind in this country.

THIRD.—Because all the ingredients are known to the physicians, and are entirely vegetable and harmless.

FOURTH.—Because many of our best doctors, having confidence in it, prescribe it daily.

FIFTH.—Because when it is shown and once sold, people will continue to buy it, and recommend it to others.

SIXTH.—Because, not being a patent medicine, druggists CAN'T GET STUCK ON IT, as they can use it in prescriptions with or without Iodide or Bromide of Potassium.

SEVENTH.—Because they can buy it for \$7.00 per dozen, which is about 25 cents per pint—allowing 5 cents for the quart bottle—which is cheaper than a similar preparation can be made on a small scale, and cheaper than any other medicine in the market that has a ready sale.

Many druggists keep it in the shelf-bottle and on their prescription counter, and use it where Sarsaparilla is required.

Druggists who expose it on their counters, and allow their customers to TASTE OF IT, will have no trouble in getting rid of all they may buy of it.

Nearly the same reasons apply to the HILL'S EXTRACT OF BUCHU.

JOHNSTON'S SARSAPARILLA. HILL'S BUCHU.

JOHNSTON'S SURE SHOT. HILL'S WASH.

SWIFT'S SPECIFIC.

The Great Vegetable Blood Purifier.

METAL POISON.

I am a coppersmith by trade, and during a series of years my arms (being bare when at work) absorbed a wonderful amount of metal poison. Having a scrofulous tendency from my youth, the small particles of copper and brass would get into the sores, and by this process the poison was conveyed into my blood until the whole system became infected. I was treated with the old remedies—mercury and iodide of potash. Salivation followed, and my teeth are all loose in my head, and my digestive organs became deranged. I have been helpless in bed for a year with mercurial Rheumatism. My joints were swollen, I lost the use of my arms and legs, and became helpless as an infant. My sufferings became so intense it was impossible for me to rest. I was induced to try Swift's Specific, and two dozen bottles have reduced my limbs to their natural size, and I use them without pain. I cannot find words to express my gratitude for the relief wrought.

PETER E. LOVE.

Watkins St., Augusta, Ga., Jan. 8, 1884.

MALARIAL POISON.

The drouth in southwest Georgia last spring dried up the wells, and we were compelled to use water from the creek on the plantation. The result was that all were troubled with chills and fever. I carried with me several bottles of Swift's Specific, and as long as I took it I had perfect health. As soon as I ceased taking it I, like the rest, was afflicted with chills. When I resumed its use I was all right again. We have used it in our family as an antidote for malarial poison for two or three years, and have never known it to fail in a single instance.

W. C. FURLOW.

Sumter Co., Ga., Sept. 11, 1884.

S. S. S. FOR SORE THROAT.

My daughter was afflicted with sore throat last year. Her tonsils were greatly swollen, and she suffered intolerable pain. She was treated by physicians and her throat burnt several times with caustic, but the trouble would soon return again. Believing that it was a blood disease, I obtained two bottles of Swift's Specific, and she has taken them. She says it has done her more good—building up her system, removing the swelling—than anything else she has ever taken. It is undoubtedly the best blood purifier in the world.

S. H. ADAMS.

Athens, January 6, 1885.

MINERAL POISON.

Mercurial Rheumatism made me a cripple. After trying the springs two years, and the mercury and potash treatment until I was a skeleton, and unable to do anything, I was prevailed upon to take a course of S. S. S. After taking three bottles my appetite began to improve, and I gained flesh rapidly. When I had taken twelve bottles I felt as well as I ever did. It is now twelve months since I took S. S. S. My health and appetite are good, and I am able to attend to all the business I can get.

SALICYLICA

THE GREAT FAMILY REMEDY FOR

RHEUMATISM, GOUT, NEURALGIA,

DISEASES OF THE KIDNEYS,

Urinary Troubles and Blood Poisoning.

Manufactured by **WASHBURNE & CO., NEW YORK.**

Is to-day the most reliable specific—and enjoys a reputation for efficiency known to no other preparation—for the cure of Rheumatic disorders. Where once sold it becomes a staple article, and it has a quicker sale than any other Rheumatic remedy in the market. It is recommended by Physicians and Druggists. The scientific facts established beyond controversy concerning SALICYLICA are the following:

1st. It is a powerful antiseptic. (Preventing and stopping all fermentation and decomposition.)

2d. It is an astonishing analgesiant. (Pain killer.)

3d. It is an antipyretic. (Cooling down inflammation and fever heat.)

4th. It is a dissolver of calcareous deposits in the human body.

5th. It is the only ELIMINATOR of Uric Acid in the blood, which is the prime cause of *Rheumatism, Gout and Neuralgia Pains*, passing the poisonous acid off through the natural urinary channel.

OPINIONS OF THE TRADE.

I use "Salicylica" in my practice for Rheumatic Gout and Neuralgia; also as an antiseptic in blood poisoning and in urinary troubles. In fact, I am perfectly infatuated with it.

DIAMOND WALL FINISH AND FRESCO PAINTS,

Are New and Improved Compounds. Prepared in Dry Powder Form Ready for Use by Adding Hot Water.

IF YOU WISH TO BEAUTIFY YOUR HOMES AT SMALL COST, USE THEM.

Any number of coats can be applied with the greatest ease with the brush, and when dry will present a smooth, rich and even surface.

It will not rub, crack, scale or fade. After applied to the surface, heat, cold, dampness and age all combine to strengthen and harden it.

It cannot be excelled as a finish for all inside surfaces that Kalsomine or Fresco Paints are used on.

It is made of purest materials, free from poisonous matter, and possesses strong disinfecting properties, purifies walls impregnated with the germs of disease.

Stored in dry places it will keep for years without change of quality or color.

Diamond Wall Finish is put up in strong tinted manilla paper packages, of box form, of five pounds each, and packed in cases of 100 pounds; also half-barrels of 150 pounds, and drums of 75 pounds.

We make one grade of White, ten Tints and six Brilliant Colors for Fresco Paints.

The color in each package is designated by its number, and upon reference to the Sample Card, the sample bearing the same number as that on the package shows the color contained in package.

A Five Pound package of Diamond Wall Finish will cover 450 square feet, two coats, and can be mixed ready for use in five minutes.

PRICE LIST.

No Extra Charge for Packages.

DIRECTIONS FOR USE.

For ordinary surfaces, mix two pints of the Diamond Wall Finish with three pints of boiling water.

Mix the compound by adding it gradually to boiling water, until thick enough to apply. Stir until mixed thoroughly. Apply with a Kalsomine brush.

If the mixture be too thick, thin with hot water. To thicken, mix up two parts of the Finish with one part hot water, and then add to the mixture.

If left to stand a few hours, after mixing, will work better and make a better surface. Will remain in solution an indefinite period, ready for use by warming; age improves it.

If in cold weather the mixture stiffens up, melt with heat, and not by the addition of hot water.

Before applying the Finish remove all dust or dirt from the wall.

It is better to wash off old kalsomine or whitewash before applying this Finish.

In order to fill up large cracks, mix up a little of the Finish thick, and fill before applying the first coat.

It is not necessary to size the walls; in fact it is better not to do so.

Wash out old brushes before using them in applying the Finish.

Do not leave brushes without washing them in clean water.

By following the directions closely, Diamond Wall Finish cannot fail to give satisfaction in every case.

The Most Successful Remedy ever Discovered, as it is Certain in its Effects and does not Blister. Read proof below. Also Excellent for Human Flesh.

KENDALL'S SPAVIN CURE.

From Spirit of the Times, Dec. 22, 1883.

It is admitted there is a great advance in veterinary science within the past decade, yet many will scarcely believe that a spavin cure is possible. Fortunately, indeed, however, is it for the poor horse suffering from lameness of this kind that Kendall's Spavin Cure has been discovered, as it is certain in its effects and has worked wonders in thousands of such cases.

KENDALL'S SPAVIN CURE.

WASHINGTON, D. C., Dec. 28, 1883.

DR. B. J. KENDALL Co., Gents:—During the past year I had occasion to treat several cases of osseous formations, such as spavins, ringbones and curbs, and for experiment (in the first case) I tried your Kendall's Spavin Cure, and to my great astonishment it performed the desired cure. Since then I have used it in various cases, and have never found a case that it has not produced the desired results. I am a Veterinary Surgeon here; been practicing 35 years. I can give you the names of parties in this city for whom I have purchased your remedy, which has produced the favorable results mentioned. If this letter will be of any advantage, use it as you see fit.

1,307 G Street.

Respectfully yours,

J. E. WOODRUFF, V. S.

KENDALL'S SPAVIN CURE.

SCANDIAVILLE, MINN., Feb. 7th, 1884.

DR. B. J. KENDALL Co., Gents:—We are using a great deal of your Kendall's Spavin Cure, and therefore we would like if you could send us some advertising matter. Most every farmer has bought a bottle of your Spavin Cure and every bottle has given perfect satisfaction. Hoping to hear from you, we remain,

Yours truly,

MORK & SIGNALNESS.

KENDALL'S SPAVIN CURE.

The wonderful success which has been achieved with this remedy has encouraged the proprietors to refine it *expressly for the human flesh.*

No remedy has ever met with such unqualified success on all animals, which has led many hundreds to test its virtues on their own flesh. Thousands have found it to be sufficiently strong to penetrate and to have real virtues to cure the worst cases of rheumatism, neuralgia, corns, bunions, warts, frost-bites, felons, chilblains, burns, or any pain, bruise, cut or lameness which are not affected in the least by ordinary liniments. *It does not blister, but on the contrary removes soreness.* For horses and other animals, we recommend our patrons to use that put up in light wrappers, retail price, \$1. For man, use that put up in red wrappers, retail price, 50 cents. If desired, that put up for horses can be used on human flesh with perfect safety.

ALL DRUGGISTS SHOULD SELL KENDALL'S SPAVIN CURE.

WYETH'S LIQUID MALT EXTRACT.

We claim that our Liquid Malt Extract will be found to contain all the nutritive virtues of the best malt liquors, in a higher degree than any of the largely sold liquid malts, with which we have compared it, while it is free from the stimulating effect which invariably follows their administration.

WINE OF TAR.

Formula of Prof. SAMUEL JACKSON, late professor of the Theory and Practice of Medicine, University of Pennsylvania.

The formula for the Wine of Tar, together with the method by which the best product can be obtained, was furnished us quite thirty years since, by Dr. SAMUEL JACKSON, a celebrated Professor in the University of Pennsylvania Medical College. He prescribed it largely, either alone or in combination, in every case of Pulmonary disease—in phthisis, chronic bronchitis, and the catarrhs of the broncho-pulmonary tract. He also gave it freely, and with much success, in the catarrhal affections of the mucous membranes in general, and, especially, besides the pulmonary—in those of the genito-urinary passages.

PER DOZEN PINTS, \$4.00.

OPINIONS OF LEADING PHYSICIANS REGARDING

Dr. H. C. BRAINERD, 675 St. Clair Street,

PHYSICIAN IN CHARGE OF CLEVELAND PROTESTANT ORPHAN ASYLUM, says:—

I have prescribed ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER OIL in the Cleveland Protestant Orphan Asylum for the past six months, invariably with the most pleasing results. It is an elegant and perfect Emulsion, palatable to the taste, easy of assimilation, and meets all requirements the best of any preparation of Cod Liver Oil we have ever used.

Dr. JNO. H. LOWMAN, CLEVELAND, O., says:—

The Robinson's Phosphorized Emulsion of Cod Liver Oil is a very palatable and well prepared article. It is digested with ease often when other Emulsions fail, and deserves a faithful trial. I have used it often, with very satisfactory results.

A. P. CAMPBELL, A.M., M.D.,

PROFESSOR DISEASES OF THROAT AND CHEST,

MEDICAL DEP'T UNIVERSITY KANSAS CITY, writes:—

I have been using your Phosphorized Emulsion of Cod Liver Oil, both in my practice and in my family, and find it a very superior article, agreeing with the most delicate stomachs, and being retained in some cases when other preparations could not be tolerated. I consider it a good sample of "Aesthetic medicine."

Dr. H. A. EBERLE, KANSAS CITY, writes:—

Robinson's Emulsion of Cod Liver Oil with Pyrophosphate of Iron and Lactophosphate of Lime was introduced to my notice about two months ago. I have given it a fair trial in a few cases of Phthisis and Chronic Bronchitis, and find it superior to any preparation of the kind in use. It is thoroughly Emulsionized, the oil is well marked, and it contains good tonic and alterative properties.

Dr. C. W. STRANAHAN, ERIE, PA., writes:—

I am prescribing Robinson's Phosphorized Emulsion, AND LIKE IT VERY MUCH. It is very palatable, and the Oil and Iron combination makes it to me invaluable, especially in the wasting diseases of childhood.

CELERY

As a Remedy for Nervous Diseases.

What the Medical Profession Say About It, and the Good Results Attending its Use in Headache, Neuralgia, Nervousness, Indigestion, Sleeplessness and Paralysis.

CELERY has come into public notice within the last few years as a nervine, but scientific experiments and experience have proved beyond a doubt that it controls nervous irritation and periodic nervous and sick headaches to a marked degree.

Brown-Séquard says that Celery contains more nerve food than any other vegetable or substance found in nature. Celery was first discovered and used as a nervine by French physicians about 1867. But a combination of the EXTRACT OF CELERY AND CHAMOMILE, which has been but recently introduced to the profession and the public by Dr. C. W. BENSON, has produced such marvelous results in curing nervousness and headaches, neuralgia, paralysis, indigestion and sleeplessness, that it has excited public attention and newspaper comments, and many physicians have tested the merits of this preparation with the best results, as quoted below from a few:

WHAT PHYSICIANS SAY.

"Dr. BENSON'S preparation of Celery and Chamomile for nervous diseases is the most important addition made to the materia medica in the last quarter of a century."
—Dr. J. W. Englar, of Baltimore.

"These Pills are invaluable in nervous diseases."—Dr. Hammond, of New York.

"Dr. BENSON'S Pills are worth their weight in gold in nervous and sick headache."
—Dr. A. H. Schlichter, of Baltimore.

"Dr. BENSON'S Pills for the cure of neuralgia are a success."—Dr. C. P. Holman, of Christiansburg, Va.

These pills are a special preparation, only for the cure of special diseases, as named, and for these diseases they are worthy of a trial by all intelligent sufferers. They are prepared expressly to cure sick headache, nervous headache, dyspeptic headache, neuralgia, nervousness, paralysis, sleeplessness and indigestion, and will cure any case. Price 50 cents, postage free. Sold by all druggists. Depot, Baltimore.

DR. JOHN BULL'S SMITH'S † TONIC † SYRUP

FOR THE CURE OF

FEVER AND AGUE OR CHILLS AND FEVER.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the **SAFE, CERTAIN and PERMANENT** cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with the perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of

KENT'S VEGETABLE FAMILY PILLS

WILL BE SUFFICIENT.

The genuine SMITH'S TONIC SYRUP must have DR. JOHN BULL'S private stamp on each bottle. DR. JOHN BULL only has the right to manufacture and sell the original JOHN J. SMITH'S TONIC SYRUP, of Louisville, Ky. Examine well the label on each bottle. If my private stamp is not on each bottle, do not purchase or you will be deceived.

COUNTERFEITERS.

To counterfeit a good thing is the highest compliment that ignorant dishonesty can pay to true merit. A number of base and worthless imitations of Dr. Hair's Asthma Cure have appeared on the market. E. D. BESLEY, Sec.

We desire to call your attention to the following facts, viz.:

THAT our Ales and Porter are unsurpassed for fine flavor, quality and purity.

THAT we use none but the best Malt and Hops in their manufacture, and we guarantee them strictly pure.

THAT they are fast taking the place of imported Ales and Porter.

THAT after ten years' trial in bottling, we are enabled to offer to our customers Ale and Porter second to none in the market.

THAT the Faculty recommend them in preference to imported.

THAT we manufacture Ale and Porter specially for bottling and bottle it ourselves; being therefore both BREWERS and BOTTLERS, we have unusual advantages.

THAT our Ale was, out of the large number of competitors, one of the few that was recommended for an award at the Centennial Exposition.

All labels and corks bear fac-simile signature of WM. BESLEY, Pres. None other will be genuine.

For shipping, we pack in barrels of 4 dozen quarts or 8 dozen pints.

Orders may be addressed to our CHICAGO DEPOT OFFICE, 134 and 136 North Jefferson Street, or to the office of the Brewery, at Waukegan, Ill., or to

HIRES' Improved Root Beer.

SPECIAL NOTICE.

We want every Druggist to try HIRES' IMPROVED ROOT BEER in his fountain; it will pay you better, and give you greater satisfaction than all other drinks combined.

One Druggist says: "I sell twenty glasses of your Root Beer to one of soda water; everybody likes it." Another says: "I have an elegant large soda fountain—sixteen syrups. I used your solution last year, and sold so much I do not intend to run the other syrups this season. The trouble and expense of making fruit syrups does not pay, and cheap syrups made with oils and essences don't take; but your Root Beer strikes the popular taste and fills the bill."

Concentrated Solution of HIRES' IMPROVED ROOT BEER can be made into Beer at once. It can be fermented, charged, or made into a Syrup, and drawn from a soda fountain.

If you want the most profitable trade with your fountain, manufacture and run HIRES' IMPROVED ROOT BEER.

It is an acknowledged fact that this Beer is far superior to and unlike all other Root Beers. It strikes the popular taste, having obtained a high reputation for its purity, delicacy of flavor, and invigorating and pleasant effect.

Put up in pint bottles, which make fifteen gallons of Beer. COMIC AND ATTRACTIVE SHOW CARDS FREE.

Packages for family use, making five gallons, 25 cents.

BERMUDA OCHRES

These Ochres were first introduced in this country in 1871, since which time the sale has steadily increased, so that at the present date, their sale is fully equal to that of all other brands of fine Ochres combined. Where these have been once introduced and used, the sale has uniformly continued, and we are assured by large consumers, (Grinders) that in the matter of tint and other characteristics, these closely resemble, and are fully equal to, the well known ROCHELLE OCHRES, and are preferable, containing a smaller percentage 'of grit. The price at which we offer them is much lower than the French, and being put up in barrels securely lined, the waste from sifting is avoided, and the packages more easily handled.

These Ochres are of Uniform Color or Tint.

WE MAKE THREE GRADES AS TO FINENESS, VIZ:

SINGLE WASHED.

DOUBLE WASHED.

EXTRA (AIR) FLOATED.

CONSUMPTION CAN BE CURED.

Dr. Wm. Hall's Balsam for the Lungs.

DR. WM. HALL'S BALSAM cures Consumption, Colds, Pneumonia, Bronchitis, Asthma, Catarrh, Snuffles, Influenza, Bronchial Difficulties, Hoarseness, Croup, Whooping Cough, and all diseases of the Breathing Organs. It soothes and heals the membrane of the lungs, inflamed and poisoned by the disease, and prevents night sweats and tightness across the chest which accompany it. CONSUMPTION is not an incurable malady. It is only necessary to have the right remedy, and HALL'S BALSAM will cure you even though professional aid fails.

READ THE FOLLOWING.

William J. Coughlin, of Somerville, Mass., says: "In the fall of 1876 I was taken with bleeding of the lungs, followed by a severe cough. I lost my appetite and flesh, and was confined to my bed. In 1877 I was admitted to the hospital. The doctors said I had a hole in my lungs as big as a half dollar. At one time a report went around that I was dead. I gave up hope, but a friend told me of Dr. William Hall's Balsam for the Lungs. I got a bottle, when to my surprise I commenced to feel better, and to-day I feel better than for three years past. I write this hoping every one afflicted with diseased lungs will take Dr. William Hall's Balsam, and be convinced that CONSUMPTION can be cured. I can positively say it has done more good than all the other medicines I have taken since my sickness."

DIRECTIONS FOR USE.—*They need no boiling with sugar, but simple admixture with syrup, in a cold state, in proportion of one part juice to five to nine parts syrup, according to fullness of flavor desired. The great economy of these juices consists in concentration of flavor, and enabling the dealer to use any portion of the contents of a bottle, without impairing the flavor of the remainder. No judgment should be made upon these Juices until they have been mixed with syrup as directed, as they are unpalatable in their natural state.*

GUILD'S Green Mountain Asthma Cure.

An article of unrivaled prophylactic and therapeutic merit, prepared in accordance with the only rational mode of cure, especially for Spasmodic Asthma, by Dr. J. H. GUILD, graduate of New York Medical College and New York Chemical Laboratory, late practitioner in Bellevue and New York Charity Hospital; a physician of recognized ability and distinguished eminence in the medical profession.

No preparation for the permanent cure of Asthma has hitherto been known, and none for its professed cure has ever met with so great a measure of success in the brief period of time it has been before the public.

I desire to call attention to the NEW PATENTED METALLIC BOX which is now used in putting up the preparation, and which presents the following advantages:

By its use the Cure is hermetically sealed, perfectly protecting it from the deleterious effects of light, air and moisture, and preventing the evaporation of its most valuable qualities.

MARSHALL'S CATARRH SNUFF.

Fifty years ago CHARLES BOWEN introduced this Snuff to the trade, and it has had an increased demand from year to year ever since, and sales are now larger than ever before.

It stands to-day at the head of all remedies for Catarrh and its attendant maladies.

POINTS TO BE REMEMBERED.

1. Catarrh will not cure itself.
2. If left alone it becomes chronic.
3. It yields readily to MARSHALL'S CATARRH SNUFF.
4. Its tendency is to heal the affected parts, and *remove the cause of disease.*
5. Persist in its use, and permanent cure is assured, no matter how violent the case may be.

BE CAREFUL

ALLEN'S LUNG BALSAM

Was introduced to the suffering public after its merits for the positive cure of such diseases had been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being fully equal to any prescription that can be made up for such diseases by the medical faculty. The Lung Balsam is, consequently, recommended by physicians who have become acquainted with its great success. As an Expectorant it has no equal. It contains no opium in any form.

PERRY DAVIS' PAIN KILLER

Is by universal consent allowed to have won for itself a reputation unsurpassed in the history of medical preparations. Its instantaneous effect in the entire eradication and extinction of Pain, in all its various forms incidental to the human family, and the unsolicited written and verbal testimony of the masses in its favor, have been and are its own best advertisement.

The ingredients which enter into the PAIN KILLER being Purely Vegetable, render it a perfectly safe and efficacious remedy taken internally, as well as for external applications, when used according to directions.

Dr. Scott's Genuine Electric Belts,

FOR LADIES AND GENTLEMEN.

PRICE, \$3.00.

Probably never since the invention of Belts and Supporters has so large a demand been created as now exists for **Dr. Scott's Electric Belts**. Over twenty thousand people in the City of New York alone are now wearing them daily. They are recommended by the most learned physicians in the treatment of all **Male and Female Weakness, Nervous and General Debility, Rheumatism, Paralysis, Neuralgia, Sciatica, Asthma, Dyspepsia, Constipation, Erysipelas, Catarrh, Piles, Epilepsy, Pains in Head, Hips, Back or Limbs, Diseases of Spine, Kidneys, Liver and Heart, Falling, Inflammation or Ulceration**. There is no waiting a long time for results. Electro-magnetism acts

quickly, generally the first week, more frequently the first day, and often even during the first hour they are worn their wonderful curative powers are felt. The mind becomes active, the nerves and sluggish circulation are stimulated, and all the old-time health and good feeling come back. They are constructed on scientific principles, imparting an exhilarating, health-giving current to the whole system. The celebrated **Dr. W. A. Hammond**, of

New York, formerly Surgeon General of the U. S. Army, lately lectured upon this subject, and advised all medical men to make trial of these agencies, describing at the same time most remarkable cures he had made, even in cases which would seem hopeless. Dr. Scott's Electric Insoles worn with either his Belt or Corsets accomplish most wonderful results.

Price of Insoles. 50c.

A New Cabinet for Two Gross Lots DIAMOND DYES.

 This handsome Upright Cabinet is given with two gross assorted lots. It is in the same general style as our well known Five Gross Cabinet, but is about one-half the size. It is intended for dealers who have not room for the large one, or whose trade does not warrant the purchase of five gross.

Size 15 x 20—8 inches deep. Front a beautiful metallic sign in twelve colors. Indestructible. Can be cleaned with warm water. Material—Cherry, beautifully finished in mahogany color.

WHAT WE GIVE THE TRADE WITH AN ORDER FOR TWO GROSS.

A beautifully finished Cabinet, giving room for a full assortment of the Dyes. See cuts other side.

100—32-page story books—"Cousin John's Wife," bright and interesting. Beautiful colored covers.

200—Illustrated circulars—"A Treatise on Dyeing," giving full directions for all uses.

A handsome Sample book, showing the Colors made by the Dyes on Wool and Cotton.

A full set of Imitation Glass Signs sent on application.

A framed Sample Card, with ebonized base, for counter.

A Rubber Stamp (sent on order), with which each dealer can print his name on the advertising matter.

We keep a full stock of DIAMOND DYES constantly on hand, with a supply of both Five gross, and the new Two gross Cabinets. Dealers having a five gross Cabinet are not entitled to the new Cabinet. These are the best Dyes that are made, and every dealer should keep a stock, and should have a Cabinet. We solicit your orders.

IMPORTANT CHANGE.

DR. SHALLENBERGER'S Fever and Ague Antidote,

ONE DOLLAR PER BOTTLE.

THE high retail price of this medicine, which is the only possible objection ever named against it, will stand no longer in the way of largely increased sales.

We present to the public our new size, 25 Pills for \$1.00, and the Pills being a trifle larger, are equal in quantity to 27 Pills of the old size.

We believe this amount of the medicine will be found sufficient to cure any ordinary case of Ague, and being so nearly equal to the old, will very soon take the place of it in the market.

We shall still make and sell the old size—30 Pills for \$1.50—precisely as it has been for twenty years, in order to accommodate some persons who look with suspicion upon the slightest change.

The new size has a large margin for profit, and is abundantly supplied with advertising matter.

PURIFY THE BLOOD — CLEANSE THE SYSTEM OF
ALL IMPURITIES.

SWAYNE'S PANACEA

Celebrated for its Extraordinary Cures of

Scrofula, Ulcers, Diseases of the Bones, White Swellings, Ulcerated Sore Throat, Blotches or Pimples on the Face, Obstinate or Scaly Eruptions, Boils, Pains or Diseases of the Bones, Weakened and Debilitated State of the System, Long Standing Bileous Affections, Marasmus, or Wasting of Flesh, Hip Joint Complaint, Ulcerous Sores, Rheumatism, Sores in the Nose, on the Face, Arms, Eyes, Mouth, and all Diseases arising from Impure Blood, or Ulcerous Character.

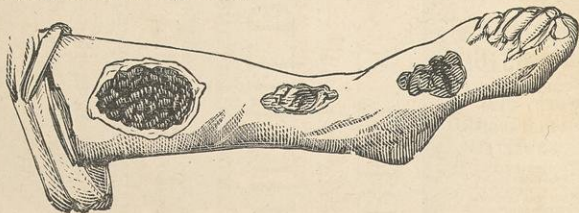

THIS old established and invaluable remedy thoroughly eradicates every kind of humor and bad taint, and restores the entire system to a perfectly healthy condition; or if having taken a great amount of drugs, calomel, etc., which may have affected the bones, or their thin covering, called the periosteum, which sometimes gives rise to a chronic ulcerous discharge, and small bones occasionally come away; attacks of rheumatism, in consequence of an injured or abused constitution, etc.

SWAYNE'S PANACEA makes the purest and best, strongest and richest blood that ever circulated through the veins of man, woman or child, making the skin clear, and giving it a youthful appearance. It increases the flesh and makes the weak strong. In every case where there is lurking some hidden taint, it should be used, as it is sure to thoroughly exterminate the virus of the most loathsome diseases that ever afflicted mortal man. It is recommended by the most eminent physicians, and has attained a celebrity in most parts of the world, both in hospitals and private practice, such as no other remedy can boast of.

MERCURIAL AND SYPHILITIC DISEASES.—In all complicated cases of **SCROFULA** and **SYPHILIS**, and in cases where Syphilitic virus of the parent causes a development of Syphilis or Scrofula in the child, nothing has ever proved so effectual in completely eradicating every vestige of these dangerous complaints. It imparts strength and soundness to debilitated and corrupted constitutions, thereby saving the offspring from hereditary diseases.

AS A SPRING AND FALL PURIFIER it is very valuable; or should the patient have labored under an Affection of the Spine, Dropsy, Jaundice, or Yellowness of the Skin, Chronic Affections of the Liver, Marasmus, or Wasting of Flesh, Ulcerated Sore Throat; in short, the most loathsome diseases which have put every other medicine at defiance, as well as the skill of the profession, for more than a quarter of a century, have been perfectly eradicated by this great vegetable Panacea. In all cases of eruptions "**SWAYNE'S ALL-HEALING OINTMENT**" should be used in connection with the Panacea as an outward application.

This figure shows the condition of a sore leg of a gentleman living near Paoli, Chester Co., Pa., who came to Philadelphia for the purpose of having it amputated by the late Prof. Muter; his courage failing him he concluded to use **DR. SWAYNE'S PANACEA**, which made a perfect cure.

Prepared only by DR. SWAYNE & SON,

At their Laboratory and Office, 53 North Seventh Street, - **PHILADELPHIA, PA.**
Price, \$2.00 per Bott'le. 3 Bottles, \$5.00. Sent securely packed to any address on receipt of a remittance.

Attention is respectfully invited to the following propositions in regard to

SUGAR-COATED PILLS

AS MADE BY

WILLIAM R. WARNER & CO.

The manufacture of official and other ready-made Pills for Physicians' Prescriptions has been, on our part, confined to those coated with sugar, because an experience of more than twenty-five years serves to convince us that sugar, skillfully applied, is the only material with which to coat a pill. In confirmation of which we append the following reasons:

**SOLUBILITY AND PERMANENCY, SUGAR PRESERVES PILLS,
SUGAR NOT INCOMPATIBLE, NO DIRECT HEAT,
ROUND MASS, EASY TO SWALLOW,
ELEGANCE OF FINISH. PRACTICAL TEST.**

- 1.—Because Sugar is more soluble than Gelatine, Glue, Chalk or Talc, of which the former are the same in substance and properties. "Sugar-coated Pills are more soluble than the gelatine-coated or compressed Pills."—Professor Remington's Paper read before the American Pharmaceutical Association, Boston, 1875.
- 2.—That according to our process no sub-coating of insoluble Shellac or Gum Mastic, or "oily" surface polishing is necessary.
- 3.—That the direct application of heat is entirely avoided, and the masses can be coated when so soft as not to admit of being dipped in a hot solution of Gelatine.
- 4.—Sugar as a coating is not incompatible, as in the case of Gelatine, etc., when brought in contact with certain kinds of food, astringent fruits, or wine containing Tannin, by which it (Gelatine) is converted into a condition the basis of leather.
- 5.—The preservative properties of Sugar, and the tendency to attract rather than yield moisture, prevent the subsequent drying and hardening of the Pills.
- 6.—A round substance is more easily swallowed than one which is elongated, flattened or pointed, there being no art in deglutition that would enable it to pass endwise.
- 7.—The color and shape of some varieties of oviformed gelatinized Pills are so inelegant, by comparison with the spherical white sugared pill, as to be repulsive to sensitive patients.
- 8.—Actual experiments which you are enabled to perform as to solubility, and the administration of a dose of Cathartic Pills, the effect of which is soon apparent, will practically demonstrate the truth of our claims for the superiority of Warner & Co.'s Method over all others for preparing Coated Pills.

We thank the trade throughout the United States and Canada for their liberal indorsement and patronage, and the encouragement given to us in the maintenance of this class of pharmaceutical preparations.

By specifying when ordering, "Warner & Co.'s Make," you will greatly oblige
