FACULTY PLANS

HOW THE MEMBERS WILL SPEND THEIR VACATIONS.

Several to go to Europe—Many Will Attend Buffalo Exposition—Some at Summer Session.

The members of the University Faculty are making plans for their summer vacations. A number will stay here to teach in summer schools. Many others are planning to go east to attend the Buffalo exposition. A few will go to Europe, but from present indications it seems that the number will not be as great as in former years.

After the close of the summer school Acting President Birge will leave for the east where he will spend some weeks visiting eastern cities.

Professor R. W. Wood will visit the Buffalo Exposition after which he expects to spend some weeks in the White Mountains with his family. In the fall Professor Wood will take up his duties in his new field at Johns Hopkins.

Professor B. W. Snow will leave for the east immediately after examinations, where he will make a tour of eastern colleges, returning in time to teach in the summer school.

Professor Van Velzer will teach in the summer school but has not made definite plans for the remainder of the summer.

Professor C. F. Smith will also teach during the summer school and expects to spend most of the summer at home.

Professor J. G. Mack will have charge of the summer school for artisans after which he expects to spend some time traveling.

Dr. O. G. Libby will teach during part of the summer in the Tower Hill summer school at Hillside.

Mr. E. A. Thurber will leave for Milwaukee shortly after the close of the semester where he will spend some time.

Professor and Mrs. M. V. O'Shea will take a trip east this summer. They expect to go by way of the lakes.

Miss Mayhew expects to spend some time in Minneapolis during the summer after which she will go east where she will follow a special line of study.

Professor and Mrs. Austin are still in Europe but expect to return to Madison in the fall.

Dr. and Mrs. J. C. Elsom will visit the Buffalo Exposition and then leave for Virginia.

Professor and Mrs. Dowling will leave for the convention of mathematicians at Ithaca, N. Y., and then spend some time in Michigan.

Miss Elizabeth Veerhusen will study in Germany and Miss Mildred Castle will study in Paris during the summer.

Professor and Mrs. Daniells expect to spend part of the summer at Lake Mills.

Professor E. B. Skinner will attend the American Mathematical Society's Convention at Ithaca, New York.

Professor W. A. Scott and wife will go east.

Miss Gay will spend her vacation in the country.

Miss Sterling will go to Portland, Oregon.

Professor Haskins expects to teach in the summer school.

Dr. Showerman will remain in Madison.

Dr. S. E. Sparling will attend the Buffalo Exposition and spend some time in Indiana.

Professor Frankenburg will teach in the summer session, after which he will attend the Buffalo exposition.

Mr. Otto Patzer leaves next Friday for New York where he will sail for Paris and remain there during the summer returning in time to resume his duties at the University next fall.

Professor Edward Jones intends to spend part of the summer at the Pan-American exposition and at Chautauqua, N. Y.

Professor E. R. Maurer will spend the summer recess at Madison.

Professor F. E. Turneure will attend a conference on municipal administration at Viroqua in the latter part of June. From here he will go to Buffalo to attend a meeting of a society for the promotion of engineering education and incidentally visit the exposition.

Professor L. S. Smith intends to go to the conference of the American Society of Civil Engineers at Buffalo the last week in June. From here he will go to Washington, Boston and New York on a trip for the inspection of municipal improvement.

Professor Slaughter will spend the summer in Paris.

Mr. Lessing will remain in Madison.

Mr. Roedder will stay in Madison and teach in the summer school.

Professor Pyre expects to teach at the summer session and spend the remainder of the vacation in northern Wisconsin.

Professor Van Hise will be engaged on the Geological Survey.

Professor Kerr has been accustomed to spend his summers abroad but this year he will remain most of the time in Madison, and will visit in Chicago and Minneapolis.

Mr. A. R. Crathorne of the mathematics department will spend the summer in his old home, Scarborough, England. He and his mother will sail from Boston on the steamer Commonwealth the last week in June.

Professor B. V. Swenson will spend the early part of the vacation in northern Wisconsin. Later he intends to visit the Pan-American exposition at Buffalo.

Following commencement Dean Johnson will go to Lansing, Michigan to give the commencement address at the agricultural college there. From there he will go to Pittsburg, Pa., to attend a meeting of the advisory committee, to which he is a member, to prepare plans for the Carnegie Institute soon to be built. Then the same week he will go to Buffalo to attend a meeting of the American society of Civil Engineers and also to attend the meeting for the promotion of engineering education. Following this Dean Johnson will attend the Annual Convocation of the Regents of the state of New York at Albany where he presents a paper upon the present tendencies in technical, industrial and commercial education. He intends to be present at the Poughkeepsie boat race, returning to Buffalo to spend some two weeks at the Exposition. Most of the remaining portion of the vacation he will spend with his family at his summer home at Pier Cave, Michigan.

Mayor Bull will remain in the city most of the vacation tending to municipal affairs.

Dean Henry will probably remain in the city supervising the planning and the arranging of details for the new agricultural building.

Professor G. C. Comstock may remain here the entire summer, but perhaps if the health of his wife permits, they will spend the latter part of the vacation abroad, staying the most of the time in Belgium and Holland.

Miss Lucy Gay will spend her vacation in Indiana.

DRAMATIC CONTEST

WILL BE GIVEN SATURDAY NIGHT AT THE FULLER.

Three Casts of Equal Merit—Some of the Best Dramatic Talent Will Appear.

The annual dramatic contest will take place at the Fuller opera house next Saturday evening. Three excellent farces of equal merit will be presented by the best talent from Prof. Frankenburg's Dramatic Reading classes of this year. Following is the summary of "That Rascal Pat":

"That Rascal Pat," a one-act farce by J. Holmes Grover the Irish comedian is replete with amusing situations in which the irrepressible Pat figures conspicuously. The rascal Irishman is the servant of Charles Livingstone, a young man of small means but great ambition, who is in love with the fair young heiress of a retired army officer Major Timothy Puffjacket. While Livingstone is staying at a fashionable watering place, Pat is "discovered" by Nancy, the heiress maid who has just arrived with her young mistress. Pat proceeds to complicate matters by hiring out to the Major attempting to serve two masters at once. In so doing he involves the Major and Livingstone in a quarrel, and Laura appears on the scene to find Charles beating her poor uncle about unmercifully. When Charles realizes what has happened and who the Major is, he tries to straighten matters out and Pat, who has made situation after situation unfathomable to his two masters, saves the boy by turning the Major's wrath upon his head and finally settles matters by proving that he really can serve two masters at once. The arrogance of Pat, his great propensity for getting others as well as himself into scrapes and out of them together with the Major's scheming for his niece are the hits of the play.

Freshmen Hard at Work.

Especially careful training and attention is being given the freshman crew in preparation for the race Friday afternoon. Last night they were given a stiff brush with the Varsity crew, and tomorrow will have light work in order to be fresh for the hard work of the next day. They are rowing in the usual order and are fast rounding into very fair shape.

No Team for Buffalo.

Owing to the refusal of the managers of the Buffalo track games to pay more than railroad fare of athletes, the Wisconsin men have refused to compete.

Don't forget the annual Dramatic Contest at the Fuller Opera House Saturday evening.

Haresfoot Elects.

At the regular annual meeting of the Haresfoot Dramatic Club yesterday afternoon at the Beta house, the following officers were elected for the coming year:

President—J. Bartow Patrick, '02.

Vice President—John Y. Brennan, '02.

Sec'y and treasurer—Raymond M. Chapman, '03.

Keeper-of-the Haresfoot—Harry C. Johnson, '03.

Some of the best dramatic talent will appear at Saturday night's dramatic contest.

WISCONSIN 11; NOTRE DAME 4.

Hoosiers Defeated Yesterday in One-Sided Contest.

Notre Dame met defeat yesterday at Notre Dame in the last college game of the season on Cartier Field. Wisconsin administered the dose and did it well and with ease, rolling up the handsome score of 11 to 4. Matthews had the 'varsity batsmen guessing in every inning except the seventh. In this inning Higgins opened with a hit. Hogan got to first on an error and Farley connected with a drop so strenuously that he was able to make the circuit before the ball was relayed in. After this spurt Notre Dame was never dangerous. The Wisconsin men played with supreme confidence. Schreiber was most in evidence, cutting off several drives that looked like hits. The score:

Notre Dame ... 0 0 0 1 0 0 1 3 0—4
Wisconsin ... 2 0 4 0 2 0 3 0 0—11

Home run, Farley. Base on balls 0.

Matthews 3; off Higgins 3. Struck out—by Matthews, 6; by Higgins 3. Double play—Hogan to Morgan to Doohoe. Umpire—Tindall.

Bourke Cockran Next Monday.

Bourke Cockran, the famous lawyer and orator, will speak in the gymnasium Monday of commencement week.

Every effort will be made to make Mr. Cockran's appearance in the city as pleasant and profitable as possible. Invitations will be sent to the judges of the supreme court and circuit court to sit on the stage, and a similar invitation will be sent to the members of the Madison bar and any other lawyers who may be in town at the time.

Mr. Cockran has generously declined to accept any compensation for his address, but his expenses will be paid by the Senior Law class. He will be shown the beauties of Madison and entertained by the class during his stay here.

William Bourke Cockran was born in Ireland in 1854. When thirteen years old he came to the United States and was educated in New York where he afterwards taught school before going into law. As a lawyer he soon became famous for his oratory. He made noteworthy speeches in the National Democrat Convention in 1884 and 1812, opposing the nomination of Cleveland. He was a member of Congress from 1891 to 1895. In 1896 he became an advocate of Gold Standard and campaigned for McKinley. Bourke Cockran has become famous mainly through his oratorical ability, and students should stay over and take advantage of this opportunity to hear a famous speaker.

EX-PRESIDENT BASCOM TOMORROW.

Will Address the Students at 12 To-morrow in the Gym.

Dr. Bascom arrives this evening from Williamstown, Mass., and will be the guest of Dean Birge during the first part of his stay at Madison. To-morrow noon he will give a brief talk to the students in the gymnasium. On Thursday evening Dr. Bascom will deliver the Phi Beta Kappa address in Library Hall.

A banquet will be given in his honor next Friday evening in Guild Hall. Governor La Follette; Acting President Birge; Mr. Charles F. Harding of Chicago, president of the Alumni association; and Mrs. John M. Olin will give toasts on the occasion. Dr. Bascom will follow these with a response.

Three casts will compete for cash prizes at the dramatic contest.

Honor Our Visitor.

Ex-President Bascom will address the student body at the University Armory to-morrow noon. Every student should turn out and welcome our honored visitor and impress upon him the great growth of the institution since he was here. As Dr. Bascom was president of the University from 184 to 1887 all students should attend and give him a hearty welcome.

An Injustice.

The ways of the Chicago press are devious ways and beyond understanding, except to those few who know the animus that guides them. For instance the discrimination shown giving leaders to a baseball game that occurred in the morning and entirely omitting a dual meet that took place the same day is truly masterly. Of course newspapers are run on a business basis and the character of the news printed depends on the readers which it is intended to reach, but common fairness demand that at least some mention be made of the doings of a University which is so great a factor in the intercollegiate affairs of the west as Wisconsin is.

We have gotten along fairly well in the past without it but such consideration is something that is owing to the University and it ought to have it. The offenses have been too numerous and distributed over too many years to be attributed to carelessness. It seems to be a general policy of the Chicago papers, as eternally recurrent, as the statement that Stagg has been saving his men. If the general public were sufficiently familiar with affairs to understand and make allowances for partisanship it would be a different matter but the general public unfortunately does not know and the unfairness if it is painfully evident.

Phi Beta Kappa Charms.

The Phi Beta Kappa charms are this year being made by the Madison jeweler, F. A. Averbach. This is the first time that they have been made in our city as there has never been a store here equipped with tools and workmen sufficiently skilled for such work. There are several changes in the charms this year,—instead of the old stiff die work there is much engraving and hand work on them.

COMMENCEMENT ON

PLANS FOR FESTIVAL WEEK NEARLY FORMED.

Many Reunions Planned—Eight Classes to Meet—Baccalaureate Address by Dr. Birge—Other Plans.

This year commencement exercises begin Sunday, June 16 with the baccalaureate address by President Birge at four o'clock p. m., at the gymnasium. The exercises will conclude the next Thursday at the same place with the alumni reception and ball. The commencement programs are being printed at Bunde and Upmeyer in Milwaukee and will be at the Co-op next Monday morning. They contain the order of exercises and the class roll and are being very artistically arranged and printed. The exercises this year are to be especially attractive. A large number of old alumni will be back and reunions will be held by the classes of '56, '61, '66, '76, '81, '86, '91 and '96; these reunions are one of the most prominent features of the closing week.

On Monday evening Bourke Cockran delivers the annual address before the college of law in the gymnasium and that evening at German hall the College of Pharmacy will hold its exercises.

Tuesday is class day. In the morning at 10:30 the ivy exercises of the class will be held on the upper campus. The class day addresses and presentation of memorials will take place at 2:30 at Library Hall. E. T. O'Brien has the class day oration; E. B. Mumford and Miss Marie G. Kohler; the ivy oration Clarence T. White; the ivy ode S. A. Hurlbut; class mementoes Frances M. Wilcox and Robert E. Knoff. The farewell to the buildings will be given by A. V. Smith; the farewell to the faculty by P. W. L. Boehm; farewell to underclassmen H. O. Sargent and Junior response Harry L. Janes; class prophecy, Florence J. Ketchum and Arthur A. Baldwin; and the presentation of the class memorial by Harry Bradley. The memorial, a heavy chair for the library hall stage is being made specially by a first-class eastern carver and will not reach the University until next fall; but the address will be given by Mr. Bradley on class day. The class play will be at the Fuller that evening and the day concludes with the pipe ceremonies occur on the lower campus.

On Wednesday the business meeting of alumni will be held in University Hall, and at one o'clock the alumni dinner in the armory. President Harding of '75 will act as toastmaster. The band will play in the afternoon and the School of Music gives its commencement concert in the evening at 8 o'clock.

Thursday is graduation day. The exercises will be held at 9:30 a. m. in the armory. President and Mrs. Birge receive the alumni in the afternoon, and in the evening the festival week will be closed by the alumni ball.

Don't forget the annual Dramatic Contest at the Fuller Opera House Saturday evening.

THE

13th Annual Session

OF THE

Dept. of Medicine,

University of Minnesota.

Course of study, four years of eight and one half months.

The first two years are devoted to the fundamental laboratory studies; the last two years to the essentially clinical branches. The clinical opportunities of the hospitals and dispensaries of Minneapolis and St. Paul are at the disposal of the College of Medicine and Surgery. The medical buildings are situated upon the University Campus.

For further information, address Dr. Parks Ritchie, Dean.
