## AMERICA FOR ME

'Tis fine to see the Old World, and travel up and down  
Among the famous palaces and cities of renown,  
To admire the crumbly castles and the statuts of the kings—  
But now I think I've enough of antiquated things.

So it's home again, and home again, America for me !  
My heart is turning home again, and there I long to be,  
In the land of youth and freedom beyond the ocean bars,  
Where the air is full of sunlight and the flag is full of stars.

Oh, London is a man's town, there's power in the air;  
And Paris is a woman's town, with flowers in her hair;  
And it's sweet to dream in Venice, and it's great to study Rome;  
But when it comes to living there is no place like home.

I like the German fir-woods, in green battalions drilled;  
I like the gardens of Versailles with flashing fountains filled;  
But, oh, to take your hand, my dear, and ramble for a day  
In the friendly western woodland where Nature has her way!

I know that Europe's wonderful, yet something seems to lack;  
The Past is too much with her, and the people looking back.  
But the glory of the Present is to make the Future free—  
We love our land for what she is and what she is to be.

Oh, it's home again, and home again, America for me !  
I want a ship that's westward bound to plough the rolling sea,  
To the blessed Land of Room Enough beyond the ocean bars,  
Where the air is full of sunlight and the flag is full of stars.

Dr. Henry Van Dyke.

The 67,000 American tourists who were caught in Europe on  
September 1, when Germany proclaimed war on Poland, and on September  
3, when France and England declared war against Germany and Russia,  
and those who were homeward bound on the English vessel Athenia when  
it was torpedoed by a German submarine, could only be comforted by

Dr. Van Dyke's wonderful tribute to his native land.

American tourists spend millions of American made dollars in Europe that they might bring back something which says "made in Paris", made in London, etc, when they can buy just as good here; but how many Europeans come to this country and spend a lot of money buying American made goods. They send their popular statesmen, kings and queens under the disguise of friendly ties, to ask for help in their wars. We know of the deliberate efforts to embroil United States in their conflicts.

Schools all over America opened the past month and our children had the privilege of going to school without having to wear gas masks and being torn from their parents and sent away into the country to school, but this is a Democracy for which we fought in the last World War and which we will lose if America should get into another World War, only to kill and maim hundreds of thousands of our young men, loan the belligerents billions of dollars never to be repaid. The World War cost the United States over 50,000 men killed in action, 236,000 wounded, 57,000 died of disease and 6,500 dead of other causes. Let those who want a war, bankers, munition makers and high up government officials fight the war, not one of them would want to fight then. Take the position "you can't become an arsenal for one belligerent without ultimately becoming a target for the other." That's not the way to stay out of war.

Let America spend billions for peace time defense from invasion but not ONE CENT to send our boys to fight on foreign soil.

It has been said "we learn from history that we learn nothing from history", and we will find this out if we are again induced to fight another European war which only come from age-old hatreds which underlie all of Europe's wars. The best possible service we will be able to render in this war is in being a great neutral power, a representative of peace, honor and justice.

## THE STUDY CLUB

members will meet with Mrs. Selden P. Spencer, Grand View Avenue, on Tuesday evening, October 10. Mrs. Mae Fucik will give a paper on George Inness, American landscape painter. Enchanting atmospheric effects, poetic charm, luminosity and luscious color are distinguishing characteristics of his work.

The Art Institute in Chicago contains a large collection of his pictures, such as "Under The Greenwood", "Autumn Gold", "Close Of A Stormy Day", "Pine Groves of Barberini Villa" and "Tenafly Oaks", among his most notable works.

The clubs' study theme for the year is American Art.

Mrs. Donald Gates, president of the club, gave a very interesting report of the program the first day of the District Convention last April held in Janesville, of the District Federated Women's Clubs.

On Friday, October 13, the club members are planning to go to Kohler, Wis. to view the Kohler Village 1939 Demonstration House and Garden, and the Girl Scout Headquarters, the well known Waelderhaus.

## WILLIAMS BAY GARDEN CLUB

members visited "Wychwood" on Tuesday afternoon.

## VILLAGE BOARD MET ON MONDAY

### WILLIAMS BAY WOMAN'S CLUB

The study theme for the program of the Williams Bay Woman's Club for the season of 1939-40 season is to be "The Modern American Home". Group committees of the members will present the program and preside at the scheduled meetings, dealing with such subjects- as "Creating A Home", "Education In The Home", "Home Management", Judge Roscoe Luce to be the speaker. Husbands invited. A Homemakers Day, which will be quite unique. "Home makers As Consumers." Consumer Problems", with a movie. An appropriate play. for one meeting. "Safety In The Home", "Character Building"-Home, School, Church. Arbor Day and Music Week program; Annual Luncheon, at the close of the season in May. Current Events will be discussed at the meetings, to be given by the group in charge of the program at each meeting.

The beautiful colored moving pictures of the San Francisco Fair, California and the Crane Farms, shown by Miss Sarah Ruhl, superintendent of Crane Sanitarium, at the meeting on September 30, were much enjoyed, and it is being planned to present them on a later program in the season.

The natural beauty in Williams Bay and vicinity compares admirably with the scenic beauty of California.

All members of the Village Board were present at the regular meeting of the Village Board on Monday night.

The Highway committee agreed to clean up the grounds around the Village Garage at the corner of Olive and Williams St. to make it more in keeping with the properties around it.

The Shelter House and Band stand will be painted.

The Sewer Plant needed some repairs which were authorized.

Fire Chief Hansen requested that couplings on the fire suction hose be put in shape. It was authorized.

The Planning committee reported that there should be some work done at the beach now even though there was no plan. The posts along the park should be moved out nearer the highway, grading done to eliminate the mud and a fence similar to the one along the park placed from Boat Pier east. The Board approved.

The Clerk was instructed to insist that a white line be painted in the center of the road along the lake in a letter to the County Highway Commissioner.

## CHARLES L. BLISS DECEASED

## HALF CENTURY TOGETHER

The Chicago papers on Monday carried the obituary of Mr. Charles L. Bliss one of our South Shore summer residents.

Mr. Bliss was called the dean of Chicago Insurance Brokers. He had attained the age of 86 years.

The Lake Geneva home of Mr. Bliss was between the W.C. Grunow home and A.F. Madlener, adjoining those of Bob Ferris and O.R. Hillstrom.

Miss Leola Ripley is in Chicago attending Moser business college. Last year she attended the Univ. of Wisconsin Extension school here in Williams Bay.

At the School Tuesday 11 a.m. The Hanley Marionettes gave "Snow White and the Seven Dwarfs."

### WEDDINGS, TWENTY-FIVE YEARS APART.

Twenty-five years ago Mr. and Mrs. E.W. Miles of Glencoe, Ill. and Buena Vista, Fontana, were married on Sept. 30.

Last Saturday, September 30, their daughter, Elizabeth and Mr. Eugene C. Bauer, Jr., of Kenilworth, Ill. were united in marriage at the Glencoe Union Church.

The reception held in the Woman's Library Club, Glencoe, was given in honor of the young folks and the Silver wedding of the bride's parents.

Both the bride and groom are well known on Lake Geneva. Miss Miles was the Buena Vista scribe for the Lake Geneva Observer, recording the many interesting activities of the group at Buena Vista Park.

"Bay Leaves" is published by F.M. Van Epps, Williams Bay, Wis. Subscriptions are \$1.00 per year. This may be paid in instalments. Carriers will stop next week for

Under the above caption there appeared pictures of Col. and Mrs. J.E. Atkins last Sunday with a short story of their career and the celebrations here and at Chicago honoring them.

Col. Atkins and Eric J. Werner went to La Crosse recently for the dedication of a beautiful new bridge across the Mississippi.

While there Mr. Werner saw his son, Arthur, who is attending the La Crosse Normal.

Norman Johnson is tending the store at the Iceberg while the proprietor is at school.

The turning leaves will bring out many of our summer residents who are loathe to close up their homes. October is one of the prettiest months of the year.

Howard Mereness had some interesting experiences in reading the water meters.

It is suggested that Day Leaves warn the readers that meters are to be read at a certain time for in many places the meters are back of boxes and other storage which has to be removed before the meters can be found. In many meter pits the meter was covered with water.

The Board is considering the placing of sewer mains along the beach to care for possible toilets at the Bathing Beach. All is in the discussion stage so far as no definite plan has been submitted for the beach improvement.

The State Planning Board has agreed to help the Village get up a plan for submission to the Village.

collections for the paper.

## ANNUAL MEETING, CONGREGATIONAL CHURCH.

As usual the Treasurer of the Wms. Day Congregational Church reported that the year was closed with all bills paid. The closing of the books that way was stimulated by a promise of Mr. S. B. Chapin to pay the last \$50 if all else was paid for.

The reports of the various officers and chairmen of committees showed a very successful year. In the year the church was remodeled and redecorated, the parsonage also was redecorated inside and out; the church had a new roof and now is being painted.

The budget for the ensuing year which commenced on Oct. 1st. calls for \$2658.00. The Trustees report that the results of the canvas this last week assure that the amount can be raised. Last year the budget was \$2745. Over \$4600 was expended in all last year including the improvements.

Mrs. E. B. Frost, Treasurer of the Ladies Aid Society showed that the ladies had been busy with luncheons, baking cookies, etc. earning nearly 1600.00 to help the church.

The nominating committee reported that the following would accept renomination:

Treasurer- Miss Mary R. Calvert.

Clerk- Mrs. Walter E. Jewell

Deacon- F. M. Van Epps.

Deaconess- Mrs. Elmer Tess.

Trustees- Mrs. E. R. Downing

Oscar Stenstrom

Supt. of Sunday School - Mrs. Floyd Blakeley.

Assistant Supt. - Miss Mary Calvert.

Secy, Sunday School- Mrs. C. W. Anderson.

Mr. Caryl Ripley is making very fine progress since his operation at Wisconsin General Hospital at Madison. Now it is a matter of getting back his strength.

Mrs. Ripley spent the day today, Thursday, at Madison.

## WISCONSIN DRAWS AUTUMN TRAVELERS

Just as thousands of travelers each year extend the warm weather season by late winter and early spring vacations in the south, so are thousands extending their vacations by late summer and early fall trips into Wisconsin.

Year after year, says J. H. H. Alexander of the state conservation commission, Autumn travel into Wisconsin is increasing. Warm days and cool nights make September and early October an ideal vacation time.

Wisconsin resort keepers who have been in the habit of remaining at their resorts until snow flies are finding more and more guests staying later- and arriving later.

## 7800 TURKEYS ON A WISCONSIN FARM

Many tourists stop daily at the Gilbert Grell turkey farm on highway 30 just inside the city limits to see the large flock of choice turkeys which will soon be ready for the Thanksgiving table, whether the day be celebrated on November 23 or November 30.

The 7800 turkeys on this farm consume one and one-half tons of feed daily. They are guarded day and night by three armed men under flood lights. Mr. Grell says he is planning to raise 10,000 of the birds next year.

Mrs. John Knobbe and daughter, Miss Edith, closed their home in Glenwood Springs a week ago Wednesday and returned to Chicago for the winter.

Mr. Nathan Hunt, whose home "Hickory Dock", is on the North shore, entertained a group of under privileged children from Harvard, Ill. last Saturday afternoon on his yacht "Normandie".

Mrs. Hattie Waterbury is visiting this week with her daughter, Mrs. Stanley Sidie and family at Viroqua, Wis.
