[PRICE THREE CENTS.

## GOOD POLE VAULT

THE UNIVERSITY RECORD IS  
BROKEN.

OTHER EVENTS AT THE INDOOR  
MEET.

Two More Meets—Downer Wins the  
Dash.

There are still two more of the weekly athletic meets to be held and if they result in as good performances as the first four they will close a successful series which will be remembered a long time for the benefit they have done the men and for the records made.

From an athletic point of view the meet Saturday night was the most successful one thus far, though there were only about 70 people present. The best individual performance of the meet, or indeed of the whole series, was Jackson's vault of 10 feet breaking the U. of W. record and equaling the height at which Ewing won the Western Intercollegiate event last June. Crane made the very good height of 9 ft. 9 in. and Day, who had never beaten 8 ft. 6 in. before, cleared 9 ft. Next to this event the record of H. Frame in the broad jump, 19 ft. 1 in. would probably be considered as of high class. The jump was made off the floor without any raised take-off and was measured from toe to heel. Aston jumped 18 ft. 1 in. a very fair record under those conditions.

The forty yard dash had seven starters. In the first heat were H. and W. S. Frame, Metcalfe and Downer. Metcalfe got a good start and won the heat in 5 seconds, with Downer second. H. Frame, who slipped at the start, was third. In the other trial heat were Richards, Aston and Day. The first two qualified for the final, the time being 5 1/4 seconds.

The final heat was won by Downer, in a close finish, Richards second, Metcalfe third, Aston fourth. Time 5 seconds.

The two-mile run was won by Bell in slow time, Elsener second, Denniston. The pace was slow until the last lap when Bell after fouling Elsener on the first turn finished very strongly. The time was 12 min. 15 seconds.

W. S. Frame won the three standing broad jumps with the very good record of 31 ft. 1 in. Day, 31 ft. 6 in. was second, H. Frame, 30 ft. 1 in. third.

The pole vault has already been spoken of. It was a handicap event and Day (1 ft. 6 in.) won by an actual vault of 9 ft., Jackson (2 in.) second, with an actual vault of 10 ft., and Fortier (1 ft. 8 in.) third with a vault of 8 ft. 9 in.

The potato race was won by Day in 35 seconds. The distance was the same as at Chicago, where Fletcher, of Rogers Park A. A. won in 47 3/5 seconds. Seymour was second and W. S. Frame third.

The running broad jump was won by H. Frame, 19 ft. 1 in., Aston, 18

ft. 1 in. second, Day, 17 ft. 10 in. third.

H. Frame won 7 points making his total score 24 1/2 points, Richards won 7 making his total 19 and Day won 5 making his total also 19. None of the other men are within several points of these three, and probably Frame will win the all-round medal, barring accidents, with Richards and Day a close race for second.

## MILITARY BALL.

Held Saturday Evening—A Large Attendance.

One might almost have mistaken Library hall for the ball room of some western fort last Saturday evening, such a military appearance did it represent on occasion of the first Battalion ball. The glittering uniforms of the boys in blue and the bright costumes of the young ladies formed a picture long to be remembered. Everybody had a good time and many expressed the wish that the next ball might not be far in the future.

About eighty couples were present and dancing was limited to the hours between 8 and 11 p. m. Although the price was so low that it was estimated to cover the expenses only, still about five dollars was cleared. It is the intention of Col. Chynoweth and the commissioned officers to give a number of these gatherings during the coming term, and from present indications they promise to become one of the most popular of social recreations at the university.

## ECLIPSE OF THE MOON.

Observations Made at Washburn Observatory.

The perfectly clear sky gave an excellent opportunity for the observation of the total eclipse of the moon. The eclipse began at a little after eight o'clock and became total at about half past nine.

Observations were taken at Washburn observatory through the large equatorial telescope, with a view of determining if there is a lunar atmosphere of perceptible density. This is done by measuring the distance between pairs of stars as they approach the rim of the moon. If there is an atmosphere the refraction would cause the ray from the first star to be refracted so that the distance between the two would appear to be shortened. The measurements have not as yet been compared so that nothing certain can be determined.

Prof. Flint observed the occultation of various stars through the smaller telescope. These will be compared with the results of similar observations made throughout the world. The conditions of the eclipse were satisfactory except that the moon was rather too bright for the best work.

Successful observations were made at Northwestern but at Harvard the sky was too cloudy for good results.

## CHEMICAL CLUB.

The Chemical Club will meet in the Chemical Laboratory on Wednesday, March 13 at 7:30 p. m. The sixth and seventh chapters of Schorlemmer's history will be presented by Mr. Schlundt and Prof. Kremers.

## FOR THE DEBATE

THE MEN TO COMPETE AGAINST  
MINNESOTA.

CASSELS, ROGERS AND FORD  
WILL DEBATE.

Close Balloting at the Convention—  
Sketches of the Debaters.

The delegates elected by the various men's societies Friday night met in the senior law lecture room Saturday night and was unexpectedly called to order by W. W. Allen at seven o'clock. The delegates were as follows: Athena—Gillen, Healey, Thomas; Columbian, Nohl, Haatwell, Aarons; Forum, Kroencke, Williams, Allen; Hesperia, Simmons, McNab, Hocking; Philomathia, Breazeau, Buckley, Gittens; Ryan, Cook, Wartner, Hamilton. Chas. L. Aarons was chosen temporary secretary. It was decided to cast single ballots. On the third ballot Ford received twelve votes of the eighteen and was declared elected. At this juncture Cassels' name was proposed. The meeting about this time assumed very much the appearance of an exciting political convention. On the 13th ballot Cassels was elected, receiving nine votes, one man of the eighteen not voting.

There was a deadlock between Walker, Torney and Rogers and at about the 25th ballot Rogers was elected, receiving nine votes, one man again not voting. The meeting adjourned at ten o'clock. The placing of the men and the choosing of the sides will be decided later. The team elected is a credit to the university and will undoubtedly bring back victory for the cardinal when they meet the Minnesotas next May at Minneapolis. Guy S. Ford, '95, has quite a reputation as an orator. He represented Hesperia on the Junior oratorical contest and opened the joint debate for his society last year.

E. H. Cassels, '95, has received many honors from his society. The fact that he was elected on the team without even receiving his society's nomination attests his worth and reputation. He was closer on the semi-public two years ago and closed for Philomathia on the last joint debate.

C. B. Rogers, law '95, was Forum's nominee. He graduated from the English course on the hill in 1893. He closed the joint debate for his society in the debate of '92 between Hesperia and Philomathia.

## CLASSICAL LECTURES.

The Place of the Humanities in Modern Education.

It will be remembered that the classical department has arranged a series of lectures in subjects connected with Greek and Roman antiquity, the first of which, "A Summer at Pompeii," was given by Professor Kelsey nearly two weeks ago and met with so favorable a reception. The next lecture of the series will be given by Professor

Wm. Gardner Hale, of the University of Chicago, at Library hall, next Friday afternoon, at 4 o'clock. Professor Hale will speak on "The place of the Humanities in Modern Education"—a question that cannot fail to interest a large majority of the students of the university and indeed, all who follow educational movements and discussions.

## MUSICAL CLUBS.

Concert Next Saturday—The Members  
of the Clubs.

The Glee, Mandolin and Banjo clubs will give their annual concert next Saturday evening, at Library hall. The tickets are already on sale and can be reserved on an after Wednesday, at Moseley's book store. The price of admission is seventy-five cents.

There has been little opportunity to hear any of the clubs this year, but the few times that they have appeared in public, have made the students anxious to hear them more often. The Glee club have been practicing faithfully this year and will undoubtedly be one of the best that has ever represented the university. Professor Parker and Mr. Sired have been training the club. A. K. Sedgwick, law '95, who was on last year's club is the leader. Several of the songs are written by local talent.

The banjo club is under the leadership of F. A. Vaughn, '95, last year's leader. Among the pieces to be rendered by the club are the College Two Step and the Dance of All Nations, both composed by Mr. Vaughn.

The Mandolin club is the equal of both of the other clubs and the selections it will give are especially pleasing. S. C. Hanks, law '96, is leading the club.

The annual trip, with the opening concert, March 23, at the Academy of Music in Milwaukee, will embrace the following towns: Appleton, March 25; Oshkosh, 26; Racine, 27, Chicago, 28; Rockford, 29; Des Moines, 30; Council Bluffs, April 1; Sioux City, 2; Minneapolis, 3; Eau Claire, 4; La Crosse, 5. It will be seen that this is the most extensive trip ever undertaken by the clubs, embracing four states.

S. C. Hanks is manager and A. G. Paul, assistant manager of the combined clubs. The names of the members are as follows:

Glee club: First tenors, C. F. Clure, J. F. Bacon, F. N. Skinner, J. S. Morse; second tenor, G. Showerman, J. M. Bffel; B. H. Petley, C. J. Carlson; first basses, G. T. Kelly, G. H. Greenbank, W. G. Sutherland, W. G. Watrous, E. L. Hicks; second basses, A. K. Sedgwick, leader; S. T. Walker, A. Hedler, D. J. Davis.

Mandolin club; first mandolins, S. C. Hanks, leader, G. T. Hodges, J. S. Green, Max Mason; second mandolins, H. E. Allen, A. W. Fairchild; mandola, C. G. Phipps; violas, E. A. Iverson, W. Sutherland; guitars, M. W. Hanks, F. H. Hodges, A. T. Fairchild.

Banjo club:—banjeaurines, F. A. Vaughn, leader, R. P. Atwell, W. M. Spooner; first banjos, G. H. Trautman; W. A. Opper; second banjos, R. C. Main, C. S. Jefferson; piccolo, M. N. Dunning; banjeauline, C. G. Phipps; guitars, M. W. Hanks, F. H. Hodges, A. T. Fairchild.

The results of the winter training in the gymnasium is shown repeatedly in the splendid work of our athletes. By its aid we have been enabled to win an intercollegiate team race and break two university records.—the mile walk and pole vault. This work makes us feel assured that with the spring we will see every work done and better records made. Wisconsin is going to take the first place in track athletics and base-ball this spring as it did in foot-ball last fall and by the aid of "our gymnasium" we will keep it.

The intercollegiate team chosen to meet Minnesota is one in which the debating society men have great confidences. The question submitted is subject to several interpretations and does not conform to the Wisconsin ideal as regards wording. No doubt, this difficulty can be overcome and an interpretation reached, which will prove mutually satisfactory. The most serious objection to the proposition made by our friends the enemy is the provision setting aside the prudent established last year of going outside of the state for judges. There can be no question but that there are fair minded men in the North Star state, but the Minnesota team is placed at a decided advantage in the selection by its better acquaintance with those likely to be selected.

—C. W. Lea, '97, is unable to attend recitations, on account of sickness.  
—Prof. Coffin met his classes again, this morning, after several days illness.

MICHIGAN LETTER.

Baseball and Track Athletics—The Intercollegiate Association Dues to be Paid—Michigan-Northwestern Debate.

Ann Arbor, Mich., March 9.—Athletics are again coming to be the most prominent theme of college life, as the time for outdoor work approaches. The baseball men are still practicing basesliding and sprinting in the gymnasium, and the battery candidates have in addition an opportunity for throwing. Captain Shields has gone to his home to look after his interests as candidate for school commissioner, and third baseman, Deans, is acting as captain in his absence. The most prominent candidate for pitcher is Sexton, formerly captain at Brown. He has just been signed by the Boston National League team, but will complete his first year in the medical department before joining them June 15th. Holmes, who has caught Sexton a little, is also in the university and is almost the only catcher in sight so far.

The track men are getting down to regular work in squads. The sprinters, hurdlers, quarter mile runners and broad jumpers practice starting under the captain three days a week, and the hurdlers also get light practice over the hurdles. The distance runners and walkers are also working out slowly three days a week, while the high jumpers are required to appear but twice a week. Pole vaulting will begin in the gymnasium this week. The shot putters have been at work in the basement of the "gym" for some time, but the hammer throwers will have to wait for outdoor weather. The bicycle riders are numerous and have the use of the running track two hours on three afternoons in the week. So far nearly 125 candidates for the track team have handed in their names, and it is hoped that the 200 mark will be reached.

At its last meeting the athletic board voted to pay up back dues in the American Intercollegiate association and henceforth to take an active interest in the association. In 1886 Michigan sent F. M. Bonine to New York, and he won the 100 yards dash, but Michigan has never since been represented. In the future any man that shows form likely to win a point in the Mott Haven games will be sent to New York. It is thought that at least one or two will be sent this year.

The senior law class will present the university with a bust of Judge Cooley and have arranged a program for the presentation ceremonies. The senior "Lits" will duplicate this by leaving behind them a bust of President Angell.

The Unity club celebrated a Schiller evening Monday, March 4th. The German department of the university took an active part in it.

At the final debate last night to choose representatives for the Northwestern-Michigan debate, the following were selected by the judges: F. P. Sadler, '96 lit; J. V. Oxtoby, '95 law; and C. F. Kimball, '95 law. The question debated was, "Resolved, that the United States government should own and control the Nicaragua canal." This is the question to be debated with Northwestern, and Michigan has the affirmative side.

Tonight the engineers held an informal athletic meet in the gymnasium. There were relay races between the civil, mechanical and electrical engineers, tumbling, wrestling, rope-climbing, the running high jump, high kick and bar vault.—U. of M. Daily.

—Mrs. Charles Kendall Adams Saturday afternoon from 3 to 5 gave the third of a series of entertainments to the ladies of the faculty. Miss Lucy M. Gay read a paper on Student Life at Sarbonne. Light refreshments were served.

**DON'T STOP TOBACCO**

IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about **BACO-CURO** It is purely vegetable. You do not have to stop using tobacco with **BACO-CURO**. It will notify you when to

stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box or 3 boxes (30 days treatment and guaranteed cure.) \$2.50. For sale by all druggists or will be sent by mail upon receipt of price. SEND SIX TWO CENT STAMPS FOR SAMPLE BOX. Booklets and proofs free.  
Eureka Chemical & Manufacturing Co., La Crosse, Wis.

Office of THE PIONEER PRESS COMPANY, C. W. HORNICK, Supt. St. Paul, Minn., Sept. 7, 1894.

Eureka Chemical and Mfg Co., La Crosse, Wis.:  
Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.  
Yours very truly,  
C. W. HORNICK

NEW TRAIN SERVICE.

The Northwestern Inaugurates Many Changes.

Beginning Sunday, March 10th, the Northwestern line will place in service a new passenger train leaving Chicago at 4 a. m. on Sundays and at 3 a. m. daily except Sundays, running through to Elroy via Beloit, Janesville and Madison, leaving Madison at 9:05 a. m. on Sundays and at 7:45 a. m. daily except Sundays. A new train will also leave Madison at 10:50 a. m. daily except Sunday for Janesville, Beloit, Chicago, Rockford, Freeport, Elgin, Aurora, connecting at De Kalb with the train leaving Chicago at 12:30 p. m. for Sterling, Dixon, Clinton, Cedar Rapids and Belle Plaine. A new train for Madison will also leave Chicago at 4:15 p. m. daily except Sunday, running via Elgin, Belvidere, Caledonia, Beloit and Janesville, arriving in Madison at 9 p. m. A new accommodation train for points north will leave Madison at 4:30 p. m. daily except Sunday.

CHRISTIAN ASSOCIATIONS.

Papers on Missions—Miss Maynard, W. H. Shepard and W. H. Decker Take Part.

There was a good attendance at the meeting of the Christian associations yesterday afternoon. Three discussions taking up different phases of the topic "The Holy Spirit in Missions" received close attention. The whole spirit of this and other meetings marks the associations as pre-eminently missionary in character.

The first paper by Miss Maynard was interesting as a description of Jesus Christ in the person of the first great missionary. She spoke of his preparation in being fully endued with the Holy Spirit and of the prophecies which related to the power to be given him and the work he should perform. In Christ the Spirit in its plenitude was to have a permanent abode. Miss Maynard also referred to his ministry, his sacrifice and the great commission which was given to his followers.

W. H. Shepard discussed the teachings of the Scriptures in regard to the Holy Spirit in Missions. The whole plan of missions, its scope and extent is put into one verse by Isaiah. The followers of Christ are commanded to bear witness to go out with the spirit of truth and to wait before going out into the world for the blessing

of the Holy Spirit. Under that command Paul went out on his triumphal missionary journey.

J. W. Decker gave a earnest and interesting address on the work of the Holy Spirit from the times of the apostles until the present. He showed by detailed instances that the age of miracles had not passed away but that especially in the great field of missions, events had and still occurred. By the aid of charts and statistics and maps Mr. Decker presented some valuable information of the progress of missions during the last century. In 1800 the Baptists numbered about 105,000 but there arose a division along the line of missions. In 1850 the branch which may be characterized as strictly missionary, numbered 687,000 members, which the other division had but 68,000 adherents. In the year 1880 the mission church had increased to 2,296,000 and ten years later to 3,000,000 while the other branch numbered only 45,000.

Before the year 1792 there were no missionary societies but from that time to 1810 seven great societies were founded. And whereas in 1792 there was only one society with an income of \$415.00 in 1892 there were 280 societies with the immense income of \$14,588,354. In that same year the results in the foreign field were 100,000 conversions.

ANOTHER DEATH.

Martin Hough, a Dairy Student, Succumbs to the Grip.

Saturday afternoon, Martin Hough, a student in the dairy department of the state university, died at his boarding house, Saturday afternoon, of grip, after a brief illness. His home was in Gilman, Pierce county. A dispatch was sent to his parents, but up to a late hour last night no reply had been received. It is expected that some one will arrive today.

GREEK LIFE.

Prof. Smith will give Tuesday afternoon at 3 o'clock in the Physical lecture room, Science hall, the first of the course of illustrated lectures on Greek Life. This first lecture will be devoted in large part to the exhibition of portraits (with running commentary) of the great Greek authors discussed in the Synoptical course on Greek literature. The lecture is open to all who chose to come.
