The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

The Mistifier

The Mistifier, Hobbs Medical's new precision designed and engineered spray catheter delivers a powerful 360° spray mist pattern. Chromoendoscopy and power irrigation can be performed in a safe, cost-efficient and clinically useful manner. As the first disposable spray catheter, the Mistifier saves time while preventing cross-contamination.

Get the power — order the Hobbs Medical Mistifier.
