Dean Nardin Scores Prof. Leonard

Sextet Toppled by Wolves, 2-1 in Overtime Tilt

Meiklejohn, Krueger Star for Badgers in Hard-Fought Contest

By FRED SILBER

A hard-fighting, well-organized hockey team, from the woods of northern Michigan, out-fought the Badger blademens Friday night in a closely contested battle, 2 to 1, before a crowd of 1,200 that braved below zero blasts to watch the contest.

The match ran into two overtime periods, as both teams flashed practically impregnable defenses, after the score had been tied, 1 to 1 in the second stanza. During the first period, both teams displayed offensive tactics that kept the puck shooting from one end of the ice to the other.

Defense Excellent

Defensive work was excellent, and neither team could score in the initial period. In the middle third, the puck was kept in front of the goals and finally, in a scrambled melee, Co-capt. Meiklejohn came through and flipped the puck through Goalie Tomkin's legs.

Wisconsin rested on the defensive for a time after the lead had been established but late in the third period Bryant and Hart worked their way down the ice with very neat pass work and managed to thwart Goalie Frisch to tie the score.

Overtimes Rough

The first overtime period saw both teams fighting hard, play being exceptionally rough and marked by many penalties. Neither team was able to make good any of its many shots at the nets, and it was not until half way through the second overtime period that Langden, the hard-shooting Wolfe center, shot the puck through on a pass from Capt. Bryant. The work of the two goalies was one of the high spots of the game.

Congregational Church to Open

Charles Boesel '31 Completes Plans to Dedicate Edifice Sunday

The new First Congregational church, located at the corner of University avenue and Breez terrace, will be formally dedicated Sunday, Jan. 19. Attendance at the services is by invitation only. Dedication plans have been made by a committee under the direction of Charles Boesel '31. The Rev. R. W. Barstow is pastor.

The church, the most complete in the state, is worthy of the highest standards of the city and the university. The building which is executed according to the best Georgian style was designed by Roger Greeley of the Boston architects firm of Killam, Hopkins and Greeley. Supervising architects were Law, Law, and Potter, Madison. C. B. Fritz, Madison, was the general contractor.

Auditorium Seats 1,350

The principal unit contains the auditorium which seats 1,350 including the choir, as compared to the former church which could seat but 900. Facilities for radio broadcasting are incorporated.

The windows of cathedral glass are hung in cream colored silk. Special attention has been given to the acoustics. Celotex ceilings have been used for both the main auditorium and the banquet room which is located underneath the auditorium.

Dr. Updyke Honored

The pulpit is dedicated to the memory of Dr. Eugene Updyke, pastor of the church for over 25 years. The communion table is dedicated to the honor of Dr. Miner, a member of the church since 1874, who has served Wisconsin churches for 75 years.

The organ, a three manual Kilgen with an echo organ, has over 60 stops.

(Continued on Page 8)

Propaganda Use by Public Utilities Rapped by Young

"Public utilities in this country are rather stupid in the technique of propaganda," stated Prof. Kimball Young in his address at the initiation of Alpha Kappa Delta, honorary sociology fraternity Friday night. This conclusion was drawn from the session of the "Institute of Statesmanship," which Prof. Young attended at Rollins college, Florida, during the Christmas recess.

New members of Alpha Kappa Delta are:

Ruth E. Rubinstein '31, Milton H. Klein '31, Addison A. Mueller '31, Charles F. Stroebel '31, Edward B. Olds '31, Helen D. Barnard '30, Virginia Bookman '30, Grace I. Wittenberg '30, Clayton P. Lurvey '30, George A. Chandler, grad, Tom Y. Stone, grad, George Gerling, grad, Ralph O. Nafziger, grad, Mary S. Nichols, grad, Orson C. Lloyd, grad, and J. Howard Maughan, grad.

Ruth Gordon, grad, Sol Ozer, grad, and J. P. McKinsey, grad, are members of Alpha Kappa Delta from other schools who became affiliated with the local Alpha chapter at the meeting.

Badger Good Will Chest Aid Appeal Heard by Directors

A second appeal for aid from Wisconsin's Good Will Chest was heard and acted upon Friday by the student and faculty directors of the fund. Details of the case were not announced.

Hillel Alters Jew-Gentile Race Policy

"We feel that the bettering of relations between Jew and Gentile can be best accomplished through individual effort concentrated on vital points of the question," the Hillel Review will state editorially today as it discards its program for the discussion of the relations question scheduled for the Review columns and decides to carry on the work by individual effort.

The creation of a more harmonious feeling among the Jewish students is one of the first accomplishments desired. The affair has been compared to a wound, slow in healing. This healing may progress faster if the healing agent, (the Jewish students) can be purified, strengthened, and applied more effectively.

See No Relief

The editorial states: "We are of the opinion, and perhaps we are not too pessimistic about the matter, that the so-called Jewish problem will continue to be in evidence over the entire world for quite awhile. It is the result of human nature, which decrees the persecution of any minority groups.

Say Character Brings Dislike

"The Gentile says that he dislikes the Jew because of certain character traits which he has, and we find that these character traits are traceable to the treatment and persecution for

King, Queen, Court Give Long and Short of Skirts

Notwithstanding publicity accorded Hollywood movie queens' inauguration of a reaction against the long skirt trend, Wisconsin men and women, to the contrary, definitely favor the newest Parisian trend—with certain qualifications.

Most prominent in the support of the new mode is Hortense Darby '30, Junior Prom Queen, King Lusby following closely behind. The latter was more enthusiastic if not authoritative in comment.

Miss Darby: "Long dresses are great for evening wear, although I think tall girls wear them more gracefully."

Mr. Lusby: "Yeah, I like them. Don't quote me, but I think short women aren't so hot in them—especially when they're worn on the streets. Gee! That's fierce. The Queen, however, hah! She looks like a million dollars in them."

Denounces Free Love; Goodnight States Case

Dean of Men Denies Charges of Ungentlemanly Conduct

Support of 'Unsanctimonious Marriage' Implied in Protest Letter

By JOSEPH EDELSTEIN

Denouncing Prof. William Ellery Leonard as an advocate of free love and a contributing force to unsanctimonious marriage, who was hiding behind a false light refusing to reveal his true position, Dr. F. Louise Nardin, dean of women, questioned the English professor's attitude in his dispute with Dean Scott H. Goodnight.

"Why doesn't Prof. Leonard come out plainly for free love? Why doesn't he admit that marriage is unnecessary?" she asked Friday night. "His letter certainly stamps wrong conduct not as being wrong, which it is, but as being worthy of that sentimentalism and sympathy accorded a chaste marriage."

Contradicts Leonard Claim

Dean Nardin's position was, however, contradictory to the statement made by Prof. Leonard in his letter appearing in Friday morning's Daily Cardinal. The excerpt from his detailed account read:

"... with an explicit statement that the author is not approving the students' conduct in condemning Dr. Goodnight."

Indicates Official Position

The statements were the first words to mark the official position of the dean of women since the eruption between Prof. Leonard and Dean Goodnight over the latter's "gentlemanly" conduct in dealing with student morals.

"There is little sense in sentimentalizing unless you are prepared to state openly that marriage is necessary," she declared. "Prof. Leonard is advocating just the opposite by bringing the matter into a favorable light. He may just as well denounce the sanctity of marriage, and urge open relations between those who desire such!"

Nardin Blames Leonard

Dean Nardin was emphatic in attributing the present disagreeable situation to Prof. Leonard's action. His letter, it was said, created animosity

Socialists to Aid Student Workers

Club Plans to Join Forces With Local Trade Unions

Plans to join with the Madison Trade unions were made by the Students' Socialist club at a meeting Thursday night. This organization of student laborers endorses the action of the common laborers' union, which will run under an open chapter until April 1.

Under this arrangement all students wishing to do so may join the union without the preliminary formalities of initiation fees and apprenticeship certificates. It is also provided that students will not have to pay dues before the summer months.

Set New Scale

It is claimed that the present situation is harmful alike to the workers, who are ousted from their jobs during the summer, and to students, who are forced to work 11 hours a day for 40 cents an hour to underbid the union laborers.

The new scale will be 60 cents an hour, nine hours a day. The committee in charge is composed of Julius Kowalski '32, Harold November '33, and Harold Spitzer, ex-'29.

Seek R. O. T. C. Change

Action was also taken to appoint a committee to circulate on the campus petitions to the board of regents asking that election of R. O. T. C. be advanced from the freshman to the sophomore year. A debating team is to be formed from the club membership.

George Hampel '32 is in charge of arrangements for a program for the Daily Cardinal all-student radio hour.

Farm Status Precarious, Says Baker

"Agricultural production must be diminished and a national policy of land acquisition instituted," declared Dr. O. E. Baker of the U. S. Department of Agriculture in his talk on "The Outlook for Agriculture in the Next Quarter-Century," in the auditorium of the Engineering building, Friday afternoon.

"We must stimulate the birth rate of the country and increase the immigration quota so that we can maintain a stationary population and keep a balance between production and consumption of agricultural products," said Dr. Baker.

Production Increase Predicted

"A decline in population in proportion to production would be a calamity," he predicted. "Farm land values would decrease, taxes would rise, rural schools could not be supported, and the farmer would have to move to town."

Dr. Baker said that production will increase as rapidly in the future as it has in the past but provisions for this increase must be made.

Six Women Initiated to Theta Sigma Phi; Kimball Young Talks

Initiation of six pledges to Theta Sigma Phi, women's honorary journalism fraternity, was held Thursday night at the regular monthly meeting.

The initiates are Lillian Christensen '30, Ethel Buelow '31, Dorothy Johnson '31, D. Joy Griesbach '31, Ruth Williams '30, and Jean Marian Brown '31. Katherine Mitchell '30 will be initiated at a later meeting, since it was necessary for her to be present at the Phi Kappa Phi banquet, taking place the same night.

Following the initiation ceremonies, Prof. Kimball Young of the sociology department led an informal discussion of new trends in the professional world and their relations to women. He spoke of the growing competition between the sexes, with the resulting attempts at domination in many fields on both sides.

Franseen Seeks Political Office

Three Now in Tripp Presidency Race; Dark Horse Looms

Tit-for-tat entered dormitory politics in a frenzy of nominating which broke out Friday night. With an unnamed dark horse being driven into the field by Herbert Sudrinski '31, and rumors of the grooming of Howard Walden '30, politicians kicked and snorted as they lined up for the biennial race.

Walden denied all intentions of running and told The Cardinal Friday night that he would refuse any nomination offered him.

Race Is Triangular

"If I for one minute think that there is anything or any person not above board, I will immediately step in and expose it," said Milton Klein, present president of the hall. "I have very little interest in any of the candidates," he added.

Walter Bubbert '30 and Arnold Franseen '31 both filed nominating petitions with Richard Hyer '30, election clerk, Friday night. With these two and Arthur Hellerman L2, the race will be a triangular affair unless Sudrinski files for his unknown before 5:30 p. m. today. The election will take place Tuesday, Jan. 21.

Bubbert Silent

John Ermenc '32 is the lone candidate for the presidency of Adams hall.

Walter Bubbert responded to continued cheers at dinner Friday night, but declined to speak. All Tripp hall candidates will appear before residents of the hall Monday night at dinner.

Nardin, Goodnight Reply to Leonard Protest Letter

Claims He Did Not Violate Ethics in Apprehending Couple

(Continued from Page 1) the matter. I have accomplished that which I had intended—bringing to light Dr. Goodnight's conduct in insulting human nature."

Dean Goodnight's verbatim statement follows:

(For the protection of the young people—if that is still possible—the names used here, other than those of university staff members, are fictitious.)

S. H. G.

Had Meager Information

On Saturday morning, December 7, I was meeting with a committee in Dr. Meek's office. About 8:20, Dean Nardin, having learned my whereabouts by inquiry at my office, called me by phone and told me that a housemother had reported to her a case of serious student misconduct in the _____ Building, in progress at the time, and asked me if I would go over and investigate. She told me to enter by the shop entrance, go to the third floor and seek the apartment occupied by a "Bud" K_____ and a man called "Wallie." She also suggested that I look in the sleeping porch.

With this rather meager information, I walked over to the building designated, entered the shop, and asked the young woman who was the sole person there, where I might find Mr. A_____, the proprietor of the building. She replied that both Mr. and Mrs. A_____, were out of the city for several days. I thanked her, looked on the directory in the hall, noted the number of the apartment occupied by two gentlemen named K_____ and one named Wallace Wahl, and went up to the third floor.

No Notion of Misconduct

Up to this time, I had no notion of the character of the misconduct. Two possibilities had occurred to me: an all-night drinking party which was disturbing neighbors, or a case of exhibitionism from a window. When I arrived before the door of the apartment, it was obvious that both surmises were incorrect; all was quiet, and the apartment evidently fronted on a street where there are, at present, no women's houses. Somewhat nonplussed, I knocked at the apartment door. After my second knock, a young man got out of bed and came to the door. He opened it and responded to my greeting with: "Good morning. Won't you come in?"

I thanked him and entered. There were no evidences of disorder in the apartment. I asked:

"Is Mr. Wahl in?"

He replied: "He is on the sleeping porch." This reminded me of the instruction, which I had momentarily forgotten, to look in the sleeping porch. Supposing that the sleeping porch opened out of the apartment, I stepped to the bedroom door and looked for the entrance, but there was no other door leading from the room. The other Mr. K_____ looked up from his bed. I begged his pardon for disturbing him, turned about and asked where the sleeping porch was. It was shown me, and I went out and knocked there.

Realized True Situation

There was no response at first, but after I had knocked several times and more emphatically, I heard whisperings and then the truth of the situation came over me. Mr. Wahl presently inquired who was there. I told him and told him to get up, I wanted to see him. He demurred, said that he was in bed. I replied that I would wait for him to get up. He said he would not open the door. I replied that I should remain there until he did.

I made no attempt or threat to break the door, but I returned to the apartment, asked permission to use the phone, called the police station and asked the desk sergeant to send an officer up to open a door for me. He replied that he would do so at once. I was quite sure that no force would be necessary, for in phoning, I had talked loudly enough for Mr. Wahl to hear, and I felt sure that he would see the disadvantage to himself of having an officer brought into the matter.

Waited in Rocking-chair

I then drew a rocking-chair which stood near the door out into the hall, and sat down in such a position as not to interfere with passage through it.

While sitting there, it occurred to me to inquire of one of the K_____ brothers, who were dressing, who was in charge of the building when Mr. and Mrs. A_____, were away. He replied that the bookkeeper might be

Dean of Women Sees Implication of Free Love in Missive

(Continued from Page 1)

where there might have been a calm. "It really is a pity that such mistakes should be trumpeted to the world. Prof. Leonard has done just exactly that. If he did not specifically sympathize with the conduct of the two students, he would not have had occasion to write his letter to the president of the university."

Claims Silence Desirable

Indicating the policy of the university discipline committee as one of keeping such cases out of the public eye, the point was made that the purpose behind this was to give those concerned a new start in life.

"No self-respecting university faculty or student body would permit what has gone before without adequate recognition," added Dean Nardin.

Scorns Leonard's System

Advised of Prof. Leonard's statement that he "should like to see a disciplinary system at Wisconsin based upon a relationship of understanding rather than one borrowed from the police courts in which officials were unduly obsessed by their moralistic zeal," Dean Nardin laughed scornfully, if not patronizingly.

"It is begging the question to assume that there is no such system here based on 'understanding.' It is in the spirit of every case that Dean Goodnight handles. He has a respect for human nature—if he hadn't he would not have done what he did do."

"There is nothing that reveals a truer friendliness than that expressed by the dean's recent actions. You cannot call discovering student misconduct one borne by a moralistic zeal!"

so considered. I asked if he would be so kind as to call the bookkeeper by phone. He obligingly did so, and presently a young woman appeared. I had expected a man; when she came, I told her the matter was not one for a young lady, and asked her if the janitor had a key to the sleeping porch. She replied that he had; I asked her if she would be good enough to send him up with it. She went down and a few minutes later the janitor appeared with his keys. He found the right one and unlocked the door, but explained to me with some loquacity that the door was hooked on the inside. I accepted his statement and he went downstairs.

Dean Remains in Waiting

In the meantime, the K_____ brothers had finished dressing. It is obvious that, if they had had time to dress, the couple in the porch had had time to do so; and that was quite within my intention. One of the K_____ now came out with overcoat and hat on, knocked at the sleeping porch door and said: "Wallie, this is Bud. It is Dean Goodnight

and it would really be better if you would open the door and come out."

He then left and did not return. I do not remember when the other brother left, but I am sure he had gone when the young couple came into the apartment.

Refuses to Enter

Presently Mr. Wahl called to me from the sleeping porch and said: "Dean, will you go back into the apartment and wait for me if I promise to come in?"

I replied no, that I should remain where I was. A few minutes later, he came out, as I had been sure he would do. I stepped to the door, he stepped aside, and I entered. A young girl was seated, fully dressed, on the bed. I asked her what she was doing there. She replied:

Visiting Wallie

I asked, "Are you a town girl or a student?"

Mr. Wahl replied, "A student." I asked her name. She answered truthfully. I said:

"You may report to Dean Nardin at her office in Lathrop Hall."

I then left the porch, returned to the apartment, took up the phone and called the police station again, to cancel the call for an officer. The sergeant replied that the officer must surely be there by that time. I told him I would await the officer.

Meets Police Officers

In the meantime, Mr. Wahl and Miss _____ had entered the apartment, she had seated herself in a large chair and he was sitting on the arm of the chair. The K_____ had both gone by that time, although I do not know at just what juncture the second one had departed. As I turned to go, I said to Mr. Wahl:

"I shall notify you when to come to my office."

He inquired: "You don't want to sit down and talk it over now, do you?"

I replied that I did not, and went down stairs. At the foot of the stairs I met two police officers. I thanked them for coming and told them I should not need their services now. They said, "Call on us at any time, Dean," and went their way. I returned to the office.

ADDITIONAL NOTES

The foregoing is a coldly objective narration of the occurrences of the morning of December 7. It is written without reference to the highly colored narration of Mr. Leonard. The latter account, which is not from first-hand knowledge, but gleaned from various sources, inspired, as Mr. Leonard frankly admits in a second communication, by personal malice of long standing, and colored with all the artistry at his command, naturally errs in details. Aside from the coloration—which will be best brought into clear relief perhaps by a comparison of my bare recital of facts with his much garnished narrative—some of the more important errors are here set down.

Mr. Leonard credits me with much more knowledge than I possessed when I went to the _____. As pointed out in my narration, "Bud K_____" and "Wallie" were the only names I knew; I had never heard of Miss _____ and did not even know the

nature of the misconduct. The housemother had not communicated with me directly.

Did Not Knock

I did not knock at, or turn the knob of the sleeping porch door upon my arrival. I did not know where the sleeping porch was until shown later by Mr. K_____. In entering the K_____ bedroom, I was not looking for Miss _____ in bed. At that time, I had had no intimation that there was a woman in the case and did not know of Miss _____'s existence, much less of her presence on the premises or of her practice of sleeping there with her lover.

I did knock on Mr. Wahl's door repeatedly and demand that he get up and come out, but the puerile "I want in, I want in," of Mr. Leonard's narration is a figment of his fancy, or of that of one of his informants.

Description Grotesque

Mr. Wahl made no protest whatever at that time regarding his rights as a citizen. That was presumably an afterthought. Later on, he came to my office and inquired of my secretary whether I had police powers and the right to invade a student's room.

The grotesque description of my bawling down two flights of stairs for bookkeeper and janitor is not without humor, but quite untrue. At my request, Mr. K_____ phoned for the bookkeeper for me, and, again at my request, she went down and sent the janitor up.

Declined to Stay

The most ludicrous passage in Mr. Leonard's dramatic recital is the full page devoted to conveying the impression to the reader that I called the young woman some ugly name, if not actually, then by "the subconscious transfer" of some objectionable phrase by my actions. My conversation with Mr. Wahl and Miss _____ are circumstantially related above. It was of yea, yea and nay, nay character. At no time did I apply any name or epithet to either, and I made no such remark as "I have no more business with this woman."

I did decline to remain and discuss the matter with the couple then, for the simple reason that I did not have enough information as to the background of the case at that time,

and that I had no relish (Mr. Leonard's opinion to the contrary notwithstanding) for discussion with a young woman of her sexual indiscretions. That I do always leave to Dean Nardin.

Will Not Debate

No one asked me to cancel the request for an officer. I did that, as I had called for him, wholly on my own initiative. It was while I was phoning that Mr. Wahl and Mr. _____ came into the room and sat down.

As for Mr. Leonard's denunciations and studied insults in his concluding pages, I shall merely observe that he is quite right in his assumption that I have scant respect for him and his opinions, and disdain to reply in kind. Neither shall I debate with him either my or his claim to the title of gentleman. That is a decision which I am quite ready to leave to our colleagues and fellow townsmen; the record of our two lives is open to all. Similarly, since he seeks the verdict of public opinion through the medium of the press, I submit the bare facts without argument as to the social or moral implications of the whole affair, and await the decision of an intelligent public.

(Signed) S. H. Goodnight.

Scot Professor Presents Bach History Sketch

Music lovers had opportunity to hear a graphic sketch, "The Historical Approach to Bach," given in Music hall Friday at 4:30 p. m. by Dr. C. Sanford Terry, Burnett-Fletcher professor of history at Aberdeen university.

Dr. Terry gave a brief resume of Bach's predecessors and his contemporaries, the obstacles under which he labored, and his achievements. Bach, according to Dr. Terry, attained his highest development in his perfection of the "woven melody."

The compositions for which he is renowned are his cantatas which revealed "his soul," for, since they were mainly a rather religious type of music, he would put all his spiritual feeling into them, which really amounted to a great deal.

Surprises Loom in Scrap Tonight

Keglers' Scores Wobbly; 12 Hit in 200 Circle

Usual Luck Prevails With Few Streaks of Maple Crushing

Fraternity bowlers had their ups and downs Thursday night, rolling more 200 games than usual, and a corresponding number of poor scores. The 200 mark was surpassed just 12 times, and nine rollers failed to reach the century figure. And there were plenty of games that hovered dangerously near the 100 mark. Alpha Chi Rho, Delta Chi, Triangle, and Sigma Phi Sigma, were able to shut out their opponents entirely, while Delta Kappa Epsilon, Delta Sigma Tau, and Alpha Kappa Lambda managed to take two games out of three.

The Alpha Chi Rho pin busters continued their winning habits at Sigma Chi's expense, and incidentally accumulated the evening's highest 3-game total,—a fairly respectable 2487. Four of the winning teams reached a 500 total. Their leader, Kroening, rang up a 229 in the third game, and finished with a fine 599 score. Kestly, Lambda Chi Alpha, had the second best single game with a 222 count.

Phi Kappa Sigma had a streak of strikes and spares in their second game, and amassed 926 pins. Unfortunately for them, this was about 200 pins higher than their first and third game totals, and the Delta Kappa Epsilon took both of these contests. The D. K. E.'s had the second highest match score of the night's play with 2375 topped tenpins.

Mueller of Delta Sigma Tau, who has been doing some of the finest bowling in the interfraternity league, was not up to his standard. He bowled a 204, 184, and 178 for a 566 total, which placed him second in the individual standings, however.

Other players who entered the charmed circle of 200 were: Laboule, Sigma Chi; Blencoe and Ballou, Delta Chi; Fugina and Kimmers, Phi Kappa Sigma; Campbell and Nelson, Delta Kappa Epsilon; and Walker, Triangle.

The scores:

Rough Play Seen in I-F Cage Games

By BILL KESMODEL

A wild and woolly game between the Sigma Pi's and the Delta Pi Epsilon cagers featured Friday night's interfraternity basketball competition. Although the Sigma Pi's are noticeably shorter and lighter than their opponents, their superior shooting and aggressiveness enabled them to eke out a 13-9 victory. Alpha Kappa Alpha's basketeers played an excellent all-around game to earn the decision over the Pi Kappa Alpha quintet, 15-8. The Delta Kappa Epsilon lads did not have much trouble in subduing the Sigma Phi Sigma outfit, 28-8.

The inevitable forfeit was awarded this time to the Phi Epsilon Kappa's when Phi Sigma Delta failed to appear.

Watson, Marty Star

Ralph Watson and Bob Marty of the snappy Sigma Pi quint gave a beautiful exhibition of the art of playing basketball. Watson was the backbone of his team's attack and defense, while Marty's fine spirit and eagle eye made up for his height handicap. He accounted for seven points, and was instrumental in Watson's two baskets. The D. P. E.'s had possession of the ball during the greater part of the second half, but Sig Pi's close guarding and their own poor shooting proved to be insurmountable obstacles.

The A. K. K. tossers, led by Brish, right forward, were never seriously threatened by the P. K. A.'s, but they had to battle for their victory nevertheless. Brish scored nine points, sinking three two-pointers and a like number of free throws. At the half the losers had collected but two points, but they pressed their conquerors with three floor goals in the second half.

Sig Phi Sig Wins

Sigma Phi Sigma suffered the ignominy of a shutout in the first half of their contest with the Delta Kappa Epsilon ball tossers, due mainly to the superlative scoring attack of Dorr, D. K. E. forward, who personally accounted for six of his team's eight points in this period.

He continued his good work and registered a duo of baskets and a pair of free tosses to bring his grand total to 12 points. This was more than his four teammates were able to garner, and represented the difference between the rivals' scores.

We Submit A Questionnaire

SINCE both Dean Scott H. Goodnight and Prof. W. E. Leonard have appealed a case of official conduct to public opinion, The Daily Cardinal considers it within its legitimate scope to take the initiative in making an authoritative poll of campus sentiment in regard to the present incident. We make this suggestion in all seriousness, with due regard for the personalities concerned, and with the firm conviction that whispers or gossip will never clarify any issue, that matters of student discipline and disciplinary technique, here as elsewhere, are of vital student interest, and that passion has no place in the investigation of a social problem.

We submit the following questionnaire to the student body. To give validity to this barometer of student opinion names must be signed, although, of course, all names will be withheld from publication. If you are interested in student welfare, clip this and answer the questions. Collections will be made after nine o'clock this morning and Sunday at the following places:

The University Co-Op; Bascom hall; Lobby, Memorial union; and the gate houses at the men's dormitories.

CARDINAL QUESTIONNAIRE

1. Do you condemn or condone the official actions of Dean Scott H. Goodnight in the incident described in the Leonard and Goodnight communications to the press?

2. Without reference to this particular incident, do you favor the abolition of the office of dean of men, or of the curtailment of its police powers in any way?

Gilkey Speaks In Barstow's Church

STUDENTS in Madison Sunday evening will have an opportunity to hear one of the most inspiring university ministers it has been our good fortune to hear when Dr. Charles W. Gilkey, dean of the University of Chicago chapel, speaks at seven thirty in the new First Congregational church. We urge any who can to take advantage of this opportunity; in no sense will the time be wasted.

We believe that in the atmosphere of intellectual alertness of the Congregational church Dr. Gilkey will feel at home. That this is largely due to the genius and courage of the church's

Some Inside History

From The Progressive

FOR MANY years after the conclusion of the War, thousands of people throughout the country wondered why the charges and proceedings instituted against Robert M. LaFollette, Sr. to oust him from the Senate were never pressed. Readers of The Progressive will recall that Senator Robert M. LaFollette and his attorney, Gilbert E. Roe, made every effort to compel the Senate Investigating Committee to investigate the charges back in 1917 and 1918. The Committee, however, continued to postpone the matter month after month, and there was no disposition ever to go ahead with the investigation.

A new book entitled "Why We Fought" which is just off the press and written by C. Hartley Grattan furnishes the answer to the question raised above. The book has been published by Vanguard Press of New York.

On the jacket of the book is found the following statement:

"On November 7, 1916, the United States elected a President because he 'kept us out of war.' On April 6, 1917, we began to 'give until it hurts' 'to make the world safe for democracy.' What happened in those 150 days to reverse the position of one hundred and ten million people? Or what, unknown to the public, had occurred before election day? These questions have never been answered. In this book, drawn from the widest range of sources, this brilliant young author defines and reveals the forces and circumstances that brought the United States to the side of the Allies. It is an amazing account of things that were not intended to be told."

Among the things which were "not intended to be told" were the developments in the LaFollette custer case. Mr. Grattan's book gives some interesting information on this subject. The author points out that the paragraph in the Senator's memorable St. Paul speech in 1917 which brought the wrath of patriots and the press upon him follows:

"Four days before the Lusitania sailed, President Wilson was warned in person by Secretary of State Bryan that the Lusitania had six million pounds of ammunition aboard, besides explosives, and that the passengers who proposed to sail on that vessel were sailing in violation of a statute of this country, that no passenger shall travel upon a railroad train or sail upon a vessel that carries dangerous explosives. And Mr. Bryan ap-

pastor, Dr. Robbins W. Barstow, is a matter of common knowledge. Dr. Barstow has a fine sense for the social implications of Christianity; without equivocation we can say that he is a friend of man.

It is not, then, surprising that he should ask such a man as Dr. Gilkey to take part in the dedication program of his splendid new church.

Fifty-fifty Dates; A Solution?

SHOULD all college debates be Dutch-treat? In a debate at the New Jersey College for women, women in favor of the 50-50 proposition were unanimously given the verdict over their more orthodox sisters. The affirmative maintained that since both college men and college women are for the most part supported by their fathers, one is economically as able to pay for entertainment as the other; dividing the costs of an evening's entertainment, they argued, will eliminate the gold-digging habit, and is wise from a moral standpoint since it causes mutual respect and enables the woman to be more herself, rather than to feel that she must spread a line for his enjoyment. A final argument is that under the wing of the Dutch-treat theory a girl may ask a man for a date without embarrassment.

This is all to the good. We have long maintained, in private circles, that dates would be infinitely more enjoyable if the girls did not feel that their part of the evening's responsibility was to give the man a good time, to draw him out, listen to the endless narrative of his petty triumphs and defeats, the eternal tale of his prejudices and his personal qualification for the presidency of his fraternity or for the assistant-chairmanship of such-and-such obscure committees.

We have always found that it is almost impossible to enjoy ourselves with a woman until we have known her at least a year, until both she and we know all about each other and no longer need the poses of bankroll and entertainer which seem to be the inevitable attendants of first dates under the time-honored let-the-man-pay system.

On the other hand, we have known girls perishing day by day for dates with men who have never paid them more than passing attention; we have always been the fatherly sort to whom women confided their secret passions, and any arrangement which would give these languishing ladies an outlet for their secret passions, an opportunity to know what simple souls their heroes really are, any arrangement which would free us, in a word, from the burden of their confidences would be to us the occasion for cheers and rejoicing.

For ourselves, we have already made arrangements somewhat more suitable to the anemia of our pocketbook than the double-cost system. We pity our less fortunate brothers; but let them, if

pealed to President Wilson, to stop passengers from sailing upon the Lusitania."

Senator LaFollette knew, as he always did, whereof he was speaking.

Reposing in a safe in Washington in 1917 after the storm broke was an affidavit from a highly placed government official who was willing to go on the stand and swear that LaFollette had stated the truth at St. Paul. This man was Dudley Field Malone, collector of the Port of New York at the time the Lusitania started on its tragic trip. Mr. Grattan quotes Mr. Malone as saying:

"When the group of blood-thirsty patriots in the Senate, representing both parties, were trying to put LaFollette out of the Senate because he had said in his St. Paul speech that the Lusitania carried arms, ammunition and explosives, I provided Senator LaFollette with a copy of the Lusitania report for his protection. I had first told Senator LaFollette that he could find corroboration of his statements in my report and suggested that, as a Senator, he demand a copy of my report from the Treasury Department. This he did; but the Treasury Department told him that my report had been sent to the State Department, but the State Department, upon a demand for the report, answered that my report had been made a part of the secret archives and could not be divulged. In other words, the super-patriots at one end of Pennsylvania Avenue were trying to throw LaFollette out of the Senate on a lie, while the super-patriots at the other end of Pennsylvania Avenue were refusing to give him a copy of the report which would justify his statements and completely exonerate him. Senator LaFollette afterwards told me that when the Committee found that he had a copy of the report which I had given him, and that I would go to Washington and testify to its accuracy, the investigation blew over."

Here we have a complete record of the reason for the abandonment of the charges against Senator LaFollette. For months, however, a vicious press and the war profiteers hounded Senator LaFollette in a campaign of vilification such as few men have ever been subjected to. During these months, the leaders in the Senate permitted this campaign of abuse and calumny to go forward and they denied the Senator every opportunity to have a hearing.

There is no blacker chapter in American history than this cowardly conspiracy to destroy Robert M. LaFollette.

they seek surcease from their financial sorrows, take up school in New Jersey!

Readers' Say-So

Some More Prom

Editor, The Daily Cardinal:

I FEEL IT NECESSARY to correct some misinterpretations of the communication which The Daily Cardinal printed Tuesday last, and which was kindly noted by Mr. Meyer of the Capital Times and, more recently by a letter to this paper, published Friday, and signed "Reader."

In this latter, the writer's style, I am afraid, has somewhat obscured his meaning. He says: "What the Prom is is that it is just a good dance." I am reminded of that lesson in punctuation, "That is that is that is not is not that not it is." Unfortunately for my colleague, there appears to be more meaning in the latter. I do not wish to appear evasive when I ignore points of such obvious importance as, "To have an orgy nobody needs an orchestra," yet so much of this gentleman's argument is unhappily obscured, resting, as it does, upon a false premise, that it is quite impossible to etaoin shrdlu etaoin shrdlu etaoin shrdlu etaoin shrdlu.

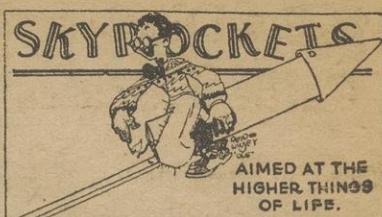

As my unknown collaborator of the fumbling rhetoric seems to forget, the purport of my original letter was not to cry down the Prom, but to plead for the minimum of disturbance of the compact minority. The second point which I wish to clarify is that by "Prom" I do not mean that event which transpires between 10 and two some Friday evening, but the entire series of teas, parties and hang-overs which may be included in the comprehensive interpretation of the word.

By "orgy" I did not mean to imply promiscuity (although such an interpretation arises naturally to some minds), but rather the entire mental and emotional attitude which characterizes this spectacle. If one wished to pry into the locked study alcoves of fraternity houses on the Thursday and Saturday nights during prom week one might reach an orthodox definition of the word.

But to more solid matters: as has been indicated, the Prom appeals to the bourgeoisie of the university, to the members of all but the best Greek houses. It is not a university affair, not even so much as a football game; but instead it is the holiday of one socially stratified class and is accompanied by the resulting conflict. And for my own part the parasites who emerge, physically exhausted from some athletic sport, are preferable to the parasites who emerge, emotionally fatigued from this four-day grind.

—Disgusted '30.

Kid the other fellow if you want to, but don't kid yourself; there's nothing in it.—President J. Bernet of the Chesapeake & Ohio.

Purple Crimson sunrise . . .
Fleecy clouds of blue . . .
Beset with God's own clear skies
Tell me—Is this true???

You know, after you have been
studying all night and watch the
dawn break, it doesn't seem quite
as nice as the above would indicate.

CENSORED

Needless to say, poor Sinus,
walking right behind, blushed at
the comments!!

All of which reminds us of a joke—
She—Dear, would you put yourself
out for me?

Some Man—Certainly, darling!
She—Then please do . . . I'm terribly tired.

And to cap off the supreme foolishness of the moment, let us recite a little "ode to Frat. men."

Does a Peanut stand—
Or a race-horse stall?
Is the junior prom
A tough-foot ball?
Does the Chi Psi lodge
The freshman free?
Oh! NO . . .
They pay the Alpha Phi!!!

And along the same line there is the story about the girl that asked her friend if John were a left-hand driver.

"Oh, no," was the answer, "he takes a taxi and uses both hands!"

The Bascom sluggards have moved their headquarters in this time of crisis. Most of the members of this exclusive 400 club were seen in the Bascom library . . . although slugging as usual.

Little Miss Harty Darby heads the list, flitting hither and yon at random. Following her about is big Buck Halperin, Nate Hinden, General Claude Jasper, and his side-kick Howie Black. Others have their following as well. Eddie Owens, as might be expected, is trailed by various members of the Phi Mu group. Even the Sigma Nu's are seen staggering about the outskirts of this select party . . .

And about the two famous Pi Phi jokes. The first is unmentionable, but the second one goes like this. Why don't any of the Pi Phi's trade at Pete Burns. Ans: Because it says right on the door, "Pete E. Burns Clothes."

Let's go off in an entirely different and random line of thought. About the man who was reading a book entitled, "A Pair of Tights." After he had read for a few minutes with zest, he threw the book on the floor and said, "The answer is a couple of Scotchmen!"

Did you hear that the Kappa Sig's have to mortgage their house to pay the hospital bill of an unfortunate Tri-Delt that got her leg broken in a friendly snow tussle with the boys? I don't believe it can be mortgaged any more, though, do you?

As the college boy said to his father . . .

"Pop, I'm going to settle down and go in for raising chickens . . ."

And his father said to him . . .

"Better try owls, Son. Their hours would suit you better . . ."

All of which reminds us that we can't razz, hissss, or otherwise give the customary weekly greeting to Gordy!!! He's my boss now and I might get fired (Let's hope it's not on the feet though).

Pat Parrol, creator of the "Langdon Line," is reputed to be married to three Theta Xi's — God help her! That's in-Sultan. There's no Harem in that, says she . . . Seven more pins and I'll have a spare.

The Kappa's are certainly falling into a bunch of persecutions. Red paint on their door at night, red lanterns hung on the outside of the house, and all by mysterious masked strangers. What makes the Alpha Chi Rho's, Chi Phi's, and Sigma Nu's leap to our mind at once . . . ? We wonder.

It's dawn . . . so faithfully remaining your friend,
or until I'm shot . . .

SINUS.

Medics Discuss Cattle Diseases

Wisconsin Veterinaries Elect Officers at 15th Annual Meeting

Two hundred Badger veterinarians attended the 15th annual meeting of the Wisconsin Veterinary Medical Association which closed Thursday noon at the college of agriculture. Dr. E. A. Beach, professor of veterinary science, was re-elected secretary.

Other officers elected are Dr. W. F. Nolechek, Tharp, president; Dr. G. C. Webb, Kewana, vice-president; Dr. W. L. Richards, Morrisonville, treasurer. The semi-annual meeting will be held in Wausau about the middle of July.

President L. K. Coulson, Elkhorn, presided over the regular business meeting held Tuesday forenoon. During the afternoon session, Dr. C. P. Fitch, university farm, St. Paul, gave an illustrated lecture on "Some Phases of the Contagious Abortion Problem." W. E. Welsh, fellow in veterinary science at the university, spoke on "Limitations of the Test for Contagious Abortion."

Dr. A. V. Hardy, director of the Iowa State laboratory of hygiene, Iowa City, Ia., spoke Wednesday afternoon on "The Malta Fever Problem." The lecture was significant in that recent discoveries have proved that contagious abortion of cattle sometimes causes human malta fever.

Students, Faculty Members Initiated by Phi Kappa Phi

The university chapter of Phi Kappa Phi, national scholastic and activity honorary fraternity, held its 11th annual dinner and initiation at the University club Thursday at 6:15 p. m. at which 73 seniors and three professors of the faculty became official members.

Following the banquet and presentation of undergraduate candidates by Dean F. Louise Nardin, the faculty candidates, Chester Lloyd Jones, director of the school of commerce; V. A. C. Henmon, director of educational guidance; and Edward Bennet, professor of electrical engineering, were presented by Prof. Ferderick W. Roe of the English department, Prof. Thomas Lloyd Jones of the education department, and Dean F. E. Turneaure of the school of engineering, respectively.

Prof. Chester Lloyd Jones was the principal speaker of the evening. His subject was "Financial Conditions South of the Rio Grande," a discussion of American control of Central American finances. Financial conditions in Nicaragua, Salvador, Costa Rica, Honduras, and Guatemala, and America's influence upon them, were reviewed by Prof. Jones.

"American control has contributed toward better economic conditions, has caused an increase of public income, and has inspired better public service," said Prof. Jones. "This stabilizing influence in these countries has benefitted not only the people in the United States, and in the countries involved, but the world at large."

J. C. Gibson Deplores Course Demands to Alpha Kappa Psi

Deplored the lack of unity in the commerce classes of today, compared with those of former years, and scoring the foreign language requirements when they provide more than two years for commerce students, J. C. Gibson, of the school of commerce, spoke to Alpha Kappa Psi members Thursday night. He declared that two and three-credit courses could be eliminated to enable students to concentrate on about four subjects in which they are deeply interested in the commerce division.

Jerry: Hi, Boy, just saw your girl going out with another egg.

Jo: Mi Gawd, I knew I should have gotten a Capital City car instead of walking her in this weather.

Avoid That Future Shadow DISILLUSIONMENT

531 STATE STREET

"A Campus Institution of Friendly Service"

The RAMBLER

"Complete Campus Coverage"

We went to the Garrick to see "Desire Under the Elms" to get a little town atmosphere and found that two out of every three in the audience were from the university. Behind us sat three women of the typical small-town-playgoing type. We offer gems from their conversation.

"The old-fashioned remedies for falling hair have never been replaced."

"Most students come to college to get a little background. Every time a young fellow gets a little money, he comes to college and thinks he can rank socially."

"Fathers and sons don't really understand each other these days."

"The acting isn't up to O'Neill."

* * *

Our prom ticket?

* * *

It took Doris Zimmerman '30 to dig this up. On the doors to the university library Doris has seen a sign which reads something like this:

NO SMOKING ALLOWED IN THE

BUILDING

DOGS ARE NOT ADMITTED

* * *

Theater-editress Nancy Schutter '30 was bounced out of the rathskeller yesterday. She ordered a milk shake and was told that ladies are not served. She insisted, "I want a milk shake, not a lady." But she didn't get anything.

* * *

Bright Sayings

Cuthbert Francis '31—"Is it the Junior class that's giving this prom they're talking about?"

Herbert Tschudy '31—"Are there 30 or 31 days in February?"

* * *

Classroom incident a la Wisconsin. It is a French session. A talkative girl, a Prom Queen, and a sweet young thing.

Talkative girl: "Did you see that movie where the college boy offered the captain of the football team a dollar if he would be given the right to call him by his first name?"

Hortensy: "No."

Sweet young thing (coyly): "Will you let me call you by your first name without my paying you anything?"

* * *

IF I WERE PROM KING

"I'd let someone else drive me around"—Reevyn.

"I would hold the party at a round-house"—Ralph.

"I would give out free beer."—D. Berries.

* * *

IF I WERE PROM QUEEN

"I would wonder where I could get a new formal outfit."—No, No, Nanette.

"My family would go bankrupt."—Marie.

* * *

For the bridge fans we import one from Tripp hall. Ben Malkin '31 is the hero. This is what he did. He drew 11 spades, bid four no trump, and waited. He had all the spades but the jack and the deuce. He also had the King of diamonds and the Queen of hearts. And his partner had no spades. And he was doubled and redoubled. And he was set five by the opposition.

* * *

We hear that N. C. Munson '30, president of Sigma Alpha Epsilon, accompanies his girl to a local beauty parlor every so often and watches her get a marcel, much to the discomfort of the marcellers and the other maidens being serviced.

* * *

Ted Le Boy '33 looked like one of the actors in a colonial drammer Thursnite, what with powdered hair et al. A period of unintentional masquerade was the outcome of some unintentional scuffling over a can of talcum powder, involving three Gregory house freshmen.

If Theo hadn't tried to pour powder on Carl Bakke '33 and if Carl hadn't objected, and if the two hadn't fought to give each other the "can" (about here Bob Croft '33 comes into the free-for-all some way)—if they hadn't

Theo's powder would not have been spilled all over—mainly all over Theo. But it happened and Bakke, LeBoy, and the hall were all sweet sights and sweet smells.

Agriculture School Develops New Kind of Popular Grain

Rye growers will be benefitted by a new variety of the well known winter grain which has been developed by agronomists at the college of agriculture. This new variety, according to B. D. Leith, plant breeder, is high yielding and has uniform light colored kernels.

It has been released to a few co-operating growers in the important rye producing areas of the state, Leith says. It is expected that seed from these fields will be available for distribution in 1930.

The new variety, pedigree number 5, was developed by applying principles of inbreeding and rigid selection. Emphasis was placed on plants which will retain their vigor when self pollinated and which will produce large size heads and stiff straw.

Because Wisconsin millers prefer light colored rye instead of green, Leith says selection was made for white kernels.

Frank Ridicules Story of Lighty Ouster Charges

"There is no foundation whatever to the reported charges which the Capital Times indicated had been filed against Prof. W. H. Lighty, of the extension division by Dean Chester D. Snell," asserted Pres. Glenn Frank, Friday night.

The nature of the charges, explains the paper, is unknown, but they were believed to have been prompted by a rumored desire of Dean Snell to make faculty changes in the school in the operation of this division.

The recent case of Prof. C. C. Batchelor, professor of English at the Milwaukee extension center, and of the development of the Milwaukee center during the last legislative session, is also summed up.

Announce New Courses Given Second Semester

A number of new courses are to be offered next semester. The courses and those conducting them follow:

Art History: 23, J. J. Garrison; 26, History of Architecture Since 1144, Barron; 38, Architecture of the Middle Ages, Barron; 113, History of Greek Sculpture, W. E. Hager.

Philosophy: 124, Philosophical Bearings of Current Psychological Theories, A. T. Haentzschel; 146, Advanced Business Ethics, F. C. Sharp.

Psychology: 123, Social Psychology, W. H. Sheldon.

Sociology: 109, Races of Oceanis, Ralph Linton; 106, Social Ethnology.

WHA Program

SATURDAY, JANUARY 18
On Wisconsin Program (12-12:30)—Music, announcements, weather; School Libraries, the Law and the Practice, M. H. Jackson, state supervisor of school libraries; Twenty-minute recital: Dr. Karl Baumann, tenor.

Farmers' Noonday Program (12:30-1:00)—Music; Hygiene in the Cow Stable, Dr. A. S. Alexander, university professor of veterinary science; Tomorrow's weather; Come On Over and See Us, Glen Householder, state board of control.

Olsen Lectures Lutheran Group

75 Hear Professor Compare Ancient Norse and Spanish Explorers

Prof. Julius E. Olson, head of the Scandinavian languages department at the university, spoke to more than 75 men at the meeting of the Lutheran Brotherhood of Christ church at Stoughton Tuesday night.

Discussing "The Vinland Saga," Prof. Olson pointed out that many scholarly books have been written on the subject in Germany, France, England and the Scandinavian countries as well as in America, but that the original accounts are found in Icelandic.

"Leif Ericson was a Lindbergh of the 11th century," said Prof. Olson. "He made the first non-stop voyage from Norway to America."

"The year of Ericson's discovery of Vinland is definitely fixed because we know that he visited the Norwegian king, Olav Trygvasson, in 999 and in 1000 set out on the mission entrusted to him by the king, to Christianize his father's people in Greenland."

Prof. Olson pointed out the difference in motives between the Spanish explorers and the Norse explorers from Erik the Red and down to Thorfinn Karlsefne.

Avukah Chapter Hears Prof. Gaus Talk on Palestine

"Palestine and the Near Eastern Question" will be the subject of a talk by Prof. J. M. Gaus of the political science department at the next meeting of the Wisconsin chapter of Avukah, student Zionist federation, which will be held in the Memorial Union Sunday, Jan. 19, at 7:30 p. m. An open discussion will follow the talk.

Sol Davison '30, president of the local chapter, who has just returned from New York where he has been in conference with the national officers and the national administration committee of Avukah, will report on the new functions that Avukah will have to assume, due to the recent events in Palestine.

Election of officers for the new semester will follow. The meeting is open to the public.

Octopus Wants Short Story Writers and Staff Workers

Aspirants to literary fame are being sought by the Octopus. Short stories from 1,000 to 1,500 words in length are needed for use in the March issue of the magazine. They must be peppy, fast in action, and out of the ordinary run of collegiate tales.

Freshman and sophomore staff workers are needed. Excellent chance for an executive position is offered to students who begin work immediately. Apply to Gordy Swarthout or Holley Smith, 312 Memorial Union, after 2:30 p. m. daily.

Final Candidates Enter 1931 Badger Personality Race

With the election of Josephine Simrell '32, representing Colonial Lodge and Carol Nelson of the nurses' dormitory, the list of candidates for the personality contest of the 1931 Badger has been completed.

Pictures of the candidates will be sent to the judges some time next week. The five winners selected will have full page pictures reproduced in the Women's section of the 1931 Badger. This is the first time such a contest has been conducted.

Candidates were selected from each of the 25 sororities, Barnard, Chabourne, and Langdon halls, the nurses' dormitory, Villa Maria, and Colonial Lodge.

Fred Crawshaw '31, business manager of the Badger, has requested that the pictures of all of the candidates be turned in at the Badger office, Memorial Union, immediately. Difused photographs are not acceptable.

Dr. P. H. Douglas to Speak to Unitarians on Prosperity

Dr. Paul H. Douglas, professor of industrial relations at the University of Chicago, will speak Sunday morning at 10 a. m. at the Unitarian church on "Is America Prosperous?" Dr. Douglas is the author of a number of books, one of which is "Wages and the Family." He is a regular contributor to several publications.

Mercy, Lord" (Barnby), Margaret Grether '33 and Student choir; offertory, "Nocturne" (Mendelssohn-Bartholdy); installation of officers; sermon by the pastor; baritone solo, "Repent Ye" (Scott), Victor Lemke '33; postlude, "Marche Pontificale" (Lemmes). 5:30 p. m.—Cost supper and Student group meeting; leader, Andrew Tarnutzer '31.

news of six pop arts--finale

the skipper of the column winds up and quits for more remunerative fields

by bob godley

POSITIVELY THE LAST GASP: In the future you can read the ravings of this writer in the elegant and much larger pages of the Wisconsin State Journal . . .

To Bill Steven and Gene Duffield, who put up with us for a long time, good-bye. To Sam Steinman, writer of subtle hints, good riddance. To the Daily Cardinal typewriters, which are and were always lousy, a fond kick in the space bar . . .

And all we have to say about the Leonard-Goodnight racket is this: Leonard is a great guy, he's smart and he's brilliant. Goodnight is likewise . . . and as fair a Dean of Men as you would be able to find . . . From the way the two of them are turning out the long typewritten letters it seems that the typing companies are due to clean up . . .

About this column . . . well the successors of the Old Skipper can't be any worse than he was . . . and that's some consolation for the readers . . .

There isn't much to say except that we quit these parts with malice toward no one . . . not even the inventor of the barrelled gravy which they serve in certain state maintained dining rooms. * * *

note

Final note to parents:—The license tags came . . . but where is my striped shirt?

parkway

Marilyn Miller is at the Parkway in "Sally," the show that helped to make her what she is today. It's a great show, even without Leon Errol and his ankles. Joe E. Brown takes his place as the Grand Duke Connie who will let you kiss "our hand" in the best royal tradition.

The songs are new and clever, and Miller is even prettier than we remembered her, which is saying something. Alexander Grey is Blair Farrell, the man whom Sally sets out to get, and it's more than worth your while to watch her methods.

There are several scenes in the usual Ziegfeld manner, and everybody dances and sings, and not only that, they know how to do it, which is more than you can say for a lot of these picture hams. You'll like it.

(Respectfully, Nancy plus Betty).

Flyers Will Hold
Pioneer Meeting
in Union Jan. 22

The initial meeting of the Flying club will be held Wednesday in the Memorial Union at 7:15 p. m., Edward Page '31, acting chairman announced.

The club promises to be one of the foremost organizations of its kind in the country. Plans are being formulated for joining the Intercollegiate

Aeronautics association. Harvard, Yale, Ohio State, Michigan, and Illinois are prominent members of the group.

A detailed correspondence with every aeronautic industry in the country has given the group hints as to equipment necessary for flying instruction. This instruction will be given as soon as the club is able to finance it. Offered to both men and women, it gives opportunity for the development of good amateur flyers.

The science of aircraft will be studied. Chemistry and mechanics of aviation will occupy a greater share of their time. Insurance, and the financial end of flying will also be included.

Lecturers of aeronautic fame from every part of the country will be featured in the season's program. Leaders in the aeronautic industries as well as noted aviators will be secured by the group.

Mr. Page will be at the Union to discuss any question with prospective members.

Prof. Osborne of Australia

Speaks to Medical Students

Prof. William A. Osborne, of the University of Melbourne, Australia, spoke to a group of approximately 75 medical students in the Service Memorial Institute Friday night on the subject of physiology in surgery. The

lecturer was brought to the university through the efforts of the Wisconsin Medical Society. Osborne complimented the medical school for the research work it is doing in the field of surgery.

ALL NOW PLAYING

CAPITOL

Sextet Toppled by Wolves, 2-1

(Continued from Page 1)

Both net guardians came out from their lair several times to smother close plays, which might otherwise have brought tallies. Frisch made a total of 23 stops, while Tomkin had 16.

Thomsen, Hart Shine

The defensive work of both sextets was exceptionally fine. Thomsen and

can be best accomplished through individual effort concentrated on vital points of the question. Don't misunderstand the above statement. We do not mean that concerted effort does no good. It lacks effectiveness and thoroughness of personal methods.

"Furthermore, we do not intend to concentrate our future editorials on the Jewish problem, but rather to elements of it. It is like a festering wound which is very slow in healing and which is only aggravated by constant rubbing and pressure. We intend to soothe the wound if possible."

"But before we can accomplish anything in that direction, we feel that the soothing agent must be purified and its good qualities strengthened. By that we mean that we shall aim to create a more harmonious feeling among the Jewish students themselves. After that has been accomplished to some degree then we, the soothing agent, can be applied to the wound with more effectiveness."

Baker Says Farm Status Precarious

(Continued from Page 1)

1897 and 1928, agricultural production moved from the south and east-

ern portions of the country to the more fertile sections of the north and west. The tractor and the automobile helped to open over 20,000,000 acres of land in this region.

"The increase in production of agricultural commodities has and will increase even though this expansion has stopped," declared Dr. Baker. "Methods of farming are increasing yields and rotations, fertilizers, and machinery are more fully making use of the land that is under cultivation."

Shift Toward Efficiency

Since the period of the war, shifts have been made from the less efficient animals, such as beef cattle, to the more efficient dairy cow and the like. Beef production has declined in every state in the union except two.

The increase of nearly 60 per cent of agricultural products during the last 10 years on the same acreage was given by Dr. Baker as the cause of the recent agricultural surplus.

Congregationalists to Dedicate Edifice

(Continued from Page 1)

and 30 couplers. It is reputed to be one of the finest church organs in Wisconsin.

The dining room is large enough to

seat 400 at tables. At the east end is the 20 by 50 foot stage, fully equipped with 17 light circuits and an up-to-date switch board and dimmers. A full set of curtains, cyclorams and sky dome is included.

The Ladies' Guild room is also located under the main auditorium on the east side. The kitchen of the church is completely equipped in the most modern way. A set of dishes to serve 400 people has been ordered.

Gymnasium in West Wing

A gymnasium is located in the basement of the educational unit on the west end of the building. A mezzanine passageway will serve as a gallery. On this floor are located also the locker and shower rooms and the club room.

On the main floor of this unit are the church offices, the minister's retiring room, the chapel which seats 200 persons, the sexton's apartment and the student lounge. Here is located the Sarles fireplace, dedicated to Dr. and Mrs. Sarles who served as university pastor for 13 years.

The second floor is occupied by the choir room, the office of the educational director, and the committee room. The third floor provides rooms for the church school classes for the three departments. There is a kitchenette on this floor for the high school department.

Presbyterians Will Install Officers at Sunday Service

Communion service will be held at the Student Presbyterian church Sunday at 10:30 a. m. New members will be received, and officers who were elected at the congregational meeting last week will be installed.

The following are the new officers: Samuel Davies '31, treasurer; Harry Wood '32, ruling elder; Dorothy Atwood '31, Robert McGee, grad, and Daniel Peterson '33, trustees.

A discussion of the topic "What Is a Successful Life" drew so much fire from the participants last week, at the Sunday Evening club, which meets at 6:30 p. m., that Albert Krueger, president, announced it would be continued this week. Social hour begins at 5:30 p. m. and supper is at 6 p. m.

Membough Magloun, student from Constantinople, Turkey, will discuss the problems and changes of the present-day Turkey at the Student league meeting at Wesley Foundation Sunday night following the cost supper at 6 p. m. Students' questions regarding Turkish life will be answered following his address.

The GEORGIAN GRILL In the Union

(Formerly the Tea Room)

Where You Can Afford to Eat Every Day

THE NEW GRILLED STEAK and chop service in the Union's Georgian Grill now makes it possible to give yourself a large treat as often as your appetite demands. No more "once a month" steak dinners.

The prices of such dishes are cheaper than elsewhere.

And - - in between the steak and chop occasions - - the noon and night table d'hote menus and the revised a la carte service make it possible to eat regularly in The Georgian Grill and still stay within your monthly dining budget. You can satisfy your taste for good food for slightly more than one dollar a day.

Witness a typical day's menu and prices:

You can afford such fine food, at such low prices, in such congenial surroundings EVERY DAY.

A small but worthy investment, may we suggest, in the good life and good health.

Georgianecote

"When mighty roast beef was the Englishman's food,

It ennobled our hearts, and enriched our blood;

Our soldiers were brave, and our courtiers were good;

Oh the roast beef of old England,

And old England's roast beef!

"Then, Britons, from all nice dainties refrain,

Which effeminate Italy, France, and Spain;

And mighty roast beef shall command on the main;

Oh the roast beef of old England,

And old England's roast beef!"

The GEORGIAN GRILL In the Union

Hart were the highlights of protective work. Michigan's passing was hard and accurate and their methods of taking the puck down the ice, was quick and effective.

For the Wisconsin outfit, Siegel and Thomsen did their usual accurate shooting, and Co-capt. Krueger was present in all scrimmages.

It is expected that in the second battle of the series today at 2:30 p. m. on the lower campus, both teams will be fighting even harder than they did last night, since this edge in the series may decide the title.

Hillel Review Alters Jew-Gentile Policy

(Continued from Page 1)

many centuries. And now we are back where we started. Thus the entire question keeps running around in a circle.

"Now as to its solution. An editorial in the preceding issue of this publication discussed three possible means of solving the problem very fully. Each has its possibilities. But we feel that their full discussion should be carried on orally and in informal discussion. When such topics are discussed in detail in such an organ as this, misunderstandings are bound to result with but little good.

Advance Individual Effort

"We feel that the bettering of relations between the Jew and Gentile
