- Gifts and Grants -

President Fred presented his recommendation for the acceptance of gifts and grants, and presented to the Regents a photograph of the late Theodore Kronshage, Jr., former Regent of the University of Wisconsin. Upon motion of Regent Grady, seconded by Regent Gelatt, the following resolution accepting the gift from Mrs. Theodore Kronshage, Jr., Milwaukee, of the photograph of the late Theodore Kronshage, Jr., to be placed in the Kronshage Dormitories, was unanimously adopted:

I deem it a great privilege to be able to move the acceptance of this magnificent photograph of one of the really great men of Wisconsin. It was my privilege to serve on this Board with him from 1924 until the expiration of his term, his term expiring during the third year of his presidency. Not only was Theodore Kronshage a great citizen, but when the roster of the great men of Wisconsin shall have been completed, there are few men who will be remembered with more grateful appreciation for his contributions not only to the University of Wisconsin, but to the people of the State in the magnificent attitudes that he took in private life and the numerous positions he filled with such great credit by appointment and otherwise during the years of his life. As suggested by Mr. Peterson, there were erected through his efforts, more perhaps than any other man of his time, the great monuments that will endure and indicate the great interest that he had and which will show to the generations yet to come the efforts that he put forth and the benefits of his magnificent contributions. In appreciation of the great service of Theodore Kronshage, Jr., it is to me a privilege to move that this photograph be accepted and that an acknowledgment be made by the Secretary of the Regents of this contribution by Mrs. Kronshage.

1. That the following gifts and grants be accepted; and that the Vice President of Business and Finance be authorized to sign the agreements:

GIFTS

- (a) \$ 800.00 - The Kroger Company, Cincinnati, Ohio, for the renewal of the four Kroger Scholarships established August 28, 1948. The scholarships provide for the payment of \$200 during the 1949-50 academic year to two high school graduates enrolling in the College of Agriculture and to two high school graduates enrolling in the Department of Home Economics. *Agreement*
- (b) \$ 25.00 - Dr. Harry Mannis, Sparta, Wisconsin, to be added to the Medical School Library Building Fund (Fund 15-764).
- (c) \$ 73.00 - To be added to the Friends of the University of Wisconsin Library Fund in accordance with the purposes of this organization as approved by the Regents at their meeting on December 13, 1947 (Fund 15-822).
- (d) \$3,000.00 - University of Wisconsin Foundation transmitting a gift from Elizabeth Hopkins Johnson "in memory of Hobart S. Johnson, Maurice I. Johnson, and Carl A. Johnson to be used solely for heart research" in the University of Wisconsin Medical School.
- (e) \$1,030.00 - The University of Wisconsin Student Aid Fund of Chicago, for the continuation of a scholarship program at the University of Wisconsin. The scholarship fund is to be administered by the Committee on Loans and Undergraduate Scholarships, under the following terms and conditions:

GIFTS

- (e) (Contd) - (1) The University of Wisconsin Student Aid Fund of Chicago will recommend needy and worthy students to the University Committee on Loans and Undergraduate Scholarships.
- (2) Such recommended students as are approved by the Committee on Loans and Undergraduate Scholarships shall receive grants-in-aid from this fund.
- (3) Freshmen students who have ranked in the upper one-half of their high school graduating class shall be eligible for aid from this fund. Other students are eligible if they have an academic standing of not less than "C" in their University courses.
- (f) \$ 250.00 - National Guardian Life Insurance Company, Madison, Wisconsin, for the establishment of the National Guardian Life Insurance Company Scholarship which is to be awarded annually to a student enrolled in the School of Commerce majoring in insurance. *Condition: Award in Gift File*

- (b) \$3,000.00 - E. R. Squibb & Sons, New Brunswick, New Jersey, for the renewal of an industrial research grant to study "The factors affecting the production and isolation of types of penicillin produced by molds," during the period July 1, 1949 to June 30, 1950, in the Departments of Biochemistry and Agricultural *Agreement* Bacteriology.
- (c) - American Cancer Society, New York City, for Cancer research from the Damon Runyon Fund, for the period July 1, 1949 to June 30, 1950:
- \$2,000.00 - In support of research in the Department of Botany on "Cytology: physiological and cytological approaches to problems of mitosis and chromosome structure and reproduction relative to growth and differentiation." (Project No. BO-14s) (C. Leonard Huskins).
- \$2,000.00 - In support of research on "Studies on the mechanism of carcinogenesis" in the Medical School. (Project No. N-5Bs) (Dr. Harold P. Rusch).
- \$ 500.00 - In support of research on "The Influence of caloric restriction on cancer formation" in the Medical School. (Project No. PR-8Cs) (Dr. Harold P. Rusch).

GRANTS

- (d) \$3,000.00 - The National Canners Association, Washington, D. C., for the establishment of an industrial research grant to study "The quality of protein in canned peas," during the period September 1, 1949 to August 31, 1950, in the Department of Biochemistry. *Agreement*
- (e) \$3,600.00 - Abbott Laboratories, North Chicago, Illinois, for the renewal of an industrial research grant for "a study of factors affecting the production, nature and action of antibiotics," during the period September 1, 1949 to August 31, 1950, in the Departments of Biochemistry and Agricultural Bacteriology. *Agreement*
- (f) \$1,500.00 - American Foundation for Pharmaceutical Education, New York City, in support of a graduate fellowship in the School of Pharmacy, recipient to be known as "Fellow of the American Foundation for Pharmaceutical Education". Fund 15-869.
- (g) \$3,000.00 - Brewers Yeast Council, Inc., St. Louis, Missouri, for the renewal of an industrial research grant to study the value of brewers yeast in the diets of laboratory and farm animals used for reproduction, during the period August 1, 1949 to July 31, 1950, in the Department of Biochemistry. *Agreement*
- (h) \$3,200.00 - Research Corporation, New York City, for the continuation for one year (1949-50) of the Frederick Gardner Cottrell grant for research on the physical chemistry of high polymers.
- (i) \$5,508.00 - National Institute of Health of the United States Public Health Service for graduate research on the "Purification and study of pituitary gonadotrophic hormones" during the period August 1, 1949 to July 31, 1950, in the Departments of Zoology and Zoochemistry. (Project No. RG-2154, Drs. W. H. McShan and R. K. Meyer).
- (j) \$1,500.00 - American Foundation for Pharmaceutical Education for the continuation of a graduate fellowship in the School of Pharmacy for the period July 1, 1949 to June 30, 1950. The recipient of this award to be known as "Fellow of the American Foundation for Pharmaceutical Education." (Fund 15-760).
- (k) \$2,000.00 - Lakeside Laboratories, Milwaukee, Wisconsin, for the continuation of a fellowship in Medicine in the Medical School, during the period October 1, 1949 to September 30, 1950. The funds to be used in a "clinical program on organic mercurial Mercuhydrin." *Agreement Com.*

GRANTS

- (1) \$3,780.00 - National Institutes of Health of the United States Public Health Service, Bethesda, Maryland, as initial support for research on "The Virus Inhibitory Activity of Synthetic Polypeptides" during the period September 16, 1949 through September 15, 1950, in the Department of Biochemistry. (Project RG-2003, Dr. Mark A. Stahmann)
- (m) \$3,600.00 - Merck & Co., Rahway, New Jersey, for the renewal of an industrial fellowship in the Departments of Biochemistry and Agricultural Bacteriology, to study the factors that affect the nature and production of antibiotics, during the period September 1, 1949 through August 31, 1950. *Agreement*
- (n) \$2,400.00 - Lederle Laboratories Division, American Cyanamid Company, Pearl River, New York, for the renewal of an industrial research grant in the Departments of Biochemistry and Agricultural Bacteriology to study factors affecting the production of penicillin by molds during the period October 1, 1949 through September 30, 1950. *Agreement*
- (o) \$2,200.00 - National Cheese Institute, Inc., Chicago, Illinois, on behalf of the American Dairy Association, for the renewal of an industrial research grant in the Department of Dairy Industry to study conditions for rapid curing of cheese, for the period July 1, 1949 through June 30, 1950. *Agreement*
- (p) \$3,600.00 - National Cheese Institute, Inc., Chicago, Illinois, on behalf of the American Dairy Association, for the renewal of an industrial research grant in the Department of Dairy Industry to study the physical and biochemical changes of fats and proteins during aging of cheese, for the period July 1, 1949 through June 30, 1950. *Agreement*
- (q) - The National Live Stock and Meat Board, Chicago, Illinois, for the renewal and establishment of industrial research grants in the Department of Biochemistry, beginning September 1, 1949, as follows:
 - \$7,500.00 - (New) The rate of liberation of amino acids during the digestion of meat and meat products.
 - \$3,600.00 - (Renewal) The investigation of the amino acid content of meat.
 - \$2,500.00 - (Renewal) Studies on the vitamin B-12 content of meat. *Agreement*
- (r) \$1,600.00 - Merck & Co., Rahway, New Jersey, for the renewal of an industrial fellowship in the Department of Biochemistry to study the nutritional requirements of microorganisms during the period October 1, 1949 through September 30, 1950. (In the event that a suitable fellow is not available on October 1, 1949, the period of the grant will be extended to include a period of twelve months from the time work is begun.) *Agreement*

GRANTS

(hh) \$2,500.00 - From Eli Lilly and Company, Indianapolis, Indiana, (\$1,000); Abbott Laboratories, North Chicago, Illinois, (\$1,000); and CIBA Pharmaceutical Products, Inc., Summit, New Jersey, (\$500); in support of research on the antagonism between hypnotic drugs and local anesthetic agents, to be carried on in the Medical School.

Upon motion of Regent Werner, seconded by Regent Kleczka, recommendation No. 1, Gifts (a) to (r), inclusive, and Grants (a) to (hh), inclusive, listed under Gifts and Grants was adopted.

Upon the recommendation of President Fred, and upon motion of Regent Kleczka, seconded by Regent Grady, it was
VOTED, That the following gift be accepted:

\$1,005.00 - From the family of Frank O. Holt, to serve as a living memorial in honor of Frank O. Holt, former Registrar, Dean of the Extension Division, and Director of Public Service at the University of Wisconsin, who so generously and effectively counselled and inspired countless young men and women to continue their educational development. This gift is the initial contribution to the Frank O. Holt Memorial Scholarship Fund for scholarships to those University students and those eligible to enroll in the University of Wisconsin who have shown outstanding promise in leadership and scholastic work and have need for financial assistance in continuing their education.

President Fred presented Li-min Wu, President of The Chinese Students' Association of the University of Wisconsin, who presented a silk hanging to the University in appreciation of the consideration and assistance given Chinese students in connection with their financial problems during the past year. Mr. Wu made the following statement:

"It is my honor today to be sent on behalf of The Chinese Students' Association to present a gift to the University. It is a pleasure to read to you a letter from The Chinese Students' Association:

"President Fred, 'On the occasion of the centennial celebration of the University of Wisconsin, The Chinese Students' Association joins all Badgers in honoring this great institution. For the past one hundred years the University of Wisconsin has educated thousands to serve society. And we are sure of the University's continued achievement and of its benign influence beyond the boundaries of state and nation.

"As a token of esteem and gratitude, we present to the University of Wisconsin a silk hanging bearing the characters, 'Pei Nien Shu Jen' (Behold, a century of education!), adopted from the Chinese proverb, 'A decade of cultivation grows a tree, a century of education refines a people'."

The silk hanging presented on behalf of The Chinese Students' Association was accepted on behalf of the Regents and of the University by Regent F. J. Sensenbrenner and President E. B. Fred.

ADDITIONAL RECOMMENDATIONS OF THE PRESIDENT

Upon motion of Regent Kleczka, seconded by Regent Gelatt, it was VOTED, That the laws and regulations relating to the Wisconsin General Hospital and the Wisconsin Orthopedic Hospital for Children approved by the Regents in December 1933 and published by the University in January 1934 be rescinded, and that the revised rules and regulations attached as Exhibit "A" be approved and adopted.

Upon motion of Regent Gelatt, seconded by Regent Kleczka, it was VOTED, That upon the recommendation of the faculty of the Milwaukee Extension Center and of the Director of the University Extension Division, authority be granted for the Milwaukee Extension Center to hold membership in the Badger-Illini (intercollegiate athletic) Conference.

President Fred presented the following recommendation:

That in accordance with the provisions of Chapter 601, Laws of 1949, the Regents make application for membership in the Midwest Inter-Library Corporation, and that Dean Mark H. Ingraham be designated as the representative of the University of Wisconsin to hold membership in the Midwest Inter-Library Corporation, with the provision that the cost to the University of Wisconsin for the fiscal year 1949-50 shall not exceed \$4,000.

The adoption of the recommendation was moved by Regent Gelatt, seconded by Regent Werner. Regent Grady made the following statement in explanation of his vote on this recommendation:

Mr. President, I feel impelled to vote against this recommendation. I base my objection upon three grounds. First, when the framers of the Constitution directed and authorized the Legislature to create a University, it was specifically provided that it should be established and maintained at or near the seat of government. Whatever may be the opinion of others, I cannot reconcile the idea of taking a part of this University, the Library, or any part thereof, and locating it in a foreign state. I do not think it is authorized. I do not think it is justified. I think there are two other reasons why it is not

advisable and it is not permissible. In the first place, the suggestion has been made that we send 30,000 or 40,000 books down to the State of Illinois to be housed in a building on the theory that the books with which we are thus parting are rarely used here. If they are rarely used here, they will never be used there by the students of Wisconsin. We have secured the appropriation of nearly \$6,000,000 for the erection of a Library at the point indicated by the framers of the Constitution, and it seems to me that the Library that has thus been acquired by the contribution of the taxpayers of this State should remain forever within the State of Wisconsin. There is a second reason why this, in my opinion, cannot be done. The proposal is that the Board of Regents, which is created as a public corporation by Act of the Legislature, become a member of a foreign corporation in the State of Illinois. The rights and the privileges of the Regents as a public corporation were limited. The Statute which now permits a public corporation of Wisconsin to be a member of a private corporation of Illinois I insist is not permissible under the Constitution of the State of Wisconsin. I know that there are others on this Board and elsewhere who differ with my view, but I desire to make my own position clear upon this, that if the question ever arises they will know the reason for the objection. The suggestion has been made that you could exchange books from time to time and have them sent in here. If the same purpose prompts the other universities to house the books that are rarely used by them in this building in Illinois, I do not see where any great advantage will be gained by having the use of books that are never used by the universities that contribute them, but if we are short of housing space for our library, there are ample uses for all the books of which we find that we are not in need. They could be distributed among the high schools of the State or other local libraries and let such use be made of them as can be.

We come, then, to the question of costs. No one knows what the cost of this will be. The Statute purports to give authority for the Board of Regents to join a corporation. Now the Constitution absolutely forbids the Legislature to create a private corporation, and it is my construction of that Statute that it is in violation of the Constitutional provision, Article XI, in that whether we create that corporation outside the State or become a part of it is a matter which makes little difference in the idea that prompted the framers of the Constitution to limit the power of the Legislature in the creation of private corporations. You ask now that one member of the faculty be named as a representative of our interest in this foreign corporation. It has never been done in a hundred years. There is no precedent for it. When the framers of the Constitution directed that this institution should be established at the seat of government, they had in mind necessarily that the University was not a building--it was not one facility, but if there was anything of importance to the University, it is that which we have advanced as being the very heart of the University--the Library. There is no provision anywhere for taking that Library or any part of it outside the State of Wisconsin. When the Constitutional framers had in mind the extension of the University that provision also took care of the probability of extending the University by saying that they may from time to time

join other colleges throughout the State as the needs of education may require. It will be noticed that that limits it in its application and the power of this Board to the limits of the State of Wisconsin. There isn't the slightest authority to be found anywhere that will justify the sending of this library, or any part of it, outside the State of Wisconsin. We joined this corporation. It is a very unusual and a very peculiar method. They say "not to exceed \$4,000 a year"--four thousand dollars for housing our books, and with full consideration of any advantages that may be assigned to the project of using other books, we come again to the question that if the contributions made by other universities are of a character such as we are making of books which we say we can store because they are rarely used, are we to pay \$4,000 for the privilege of going to Illinois to read the books contributed by other institutions which were activated and prompted by the same motive to get rid of books rarely used? To me it is so wholly unjustified I feel impelled to vote against it.

Regent Kleczka made the following statement in explanation of his vote on this recommendation:

On a former occasion, I too have expressed my opinion that the law as enacted by the Legislature would, in my opinion, be unconstitutional. I take that position now--that Chapter 601 of the Laws of 1949 is unconstitutional and that the expenditure of the \$4,000 annually for that membership would then be an improper or illegal act. It is now made legal by the existence of that law, but if the courts would hold that law unconstitutional, there would be no justification for paying out the money. To be consistent I would have to and will vote "no" on that proposal.

A called vote was taken.

Regents Arveson, Campbell, Gelatt, Jones, Sensenbrenner, Watson and Werner voted "Aye". Regents Grady and Kleczka voted "No".

The motion was declared carried.

ACTIONS BY THE PRESIDENT
Since the July 16, 1949, Meeting
of the Board of Regents
(Copy attached)

Upon motion of Regent Gelatt, seconded by Regent Kleczka, it was VOTED, That resignations numbered 1 through 4, inclusive, listed under Actions by the President, be approved.

Upon motion of Regent Werner, seconded by Regent Watson, it was VOTED, That appointments numbered 1 through 124, inclusive, listed under Actions by the President, be approved.

Upon motion of Regent Kleczka, seconded by Regent Arveson, it was VOTED, That salary and service adjustments numbered 1 through 43, inclusive, listed under Actions by the President, be approved.

Upon motion of Regent Gelatt, seconded by Regent Werner, it was VOTED, That leave of absence numbered 1, listed under Actions by the President, be approved.

The above actions by the President taken since the July 16, 1949, meeting of the Board and approved by the Regents in the foregoing resolutions are made a part of the records of this meeting.

RECOMMENDATIONS AND REPORT OF THE VICE PRESIDENT OF BUSINESS AND FINANCE

I. Contracts, Leases, and Agreements -

1. That the Vice President of Business and Finance be authorized to approve for the Regents change orders on new construction and remodeling and equipment contracts approved by the State Bureau of Engineering when the amounts of such change orders are within the schedules of costs approved by the Regents.

Upon motion of Regent Werner, seconded by Regent Watson, recommendation No. 1 listed under the recommendations and report of the Vice President of Business and Finance (I. Contracts, Leases, and Agreements) was adopted.

2. That the Vice President of Business and Finance be authorized to sign a cooperative agreement with the United States Geological Survey for a cooperative investigation of the water resources of the State of Wisconsin by the United States Geological Survey and The Wisconsin Geological and Natural History Survey during the period July 1, 1949 to June 30, 1950. The agreement provides that each party will pay a maximum of \$15,000 for the work.

Upon motion of Regent Jones, seconded by Regent Kleczka, recommendation No. 2 listed under the recommendations and report of the Vice President of Business and Finance (I. Contracts, Leases, and Agreements) was adopted.

II. Report of Actions Taken -

1. In accordance with authority granted by the Regents for the Vice President of Business and Finance or, in his absence, the President of the University, to sign proposals, agreements, contracts and contract supplements of the United States Government for research work, educational programs and for services requested by the Government for military personnel and/or veterans assigned to or enrolled in the University of Wisconsin, and for other educational services of the University, the following contracts and agreements have been signed:

2. In accordance with the authority granted by the Regents on September 27, 1947, for the Vice President of Business and Finance to sign contracts and leases not in excess of \$2,500, the following contracts, leases and orders have been signed:

- (Note: 25% of Gate if greater than \$100.00)

-18-

The Vice President of Business and Finance reported that the Wisconsin National Guard, with which he was authorized by the Regents at their meeting on July 16, 1949, to negotiate and sign a contract for the housing of 600-700 men of the 71st Fighter Wing of the Air National Guard at Truax Field during the period August 14-28, 1949, for an amount which would represent no cost to the University, withdrew its request.

The Secretary reported the following appointments by the Wisconsin Alumni Association to the Board of Visitors:

Miss Gretchen Schoenleber, Milwaukee,
to succeed herself for the term ending July 1, 1953

Mr. Abner A. Heald, Milwaukee,
to fill the unexpired term of the late John E. Joys, deceased,
ending July 1, 1950.

The secretary reported that the next regular meeting of the Board was scheduled for September 17, 1949. Upon motion of Regent Jones, seconded by Regent Gelatt, it was

VOTED, That the meeting of the Regents of the University of Wisconsin scheduled for September 17, 1949, be cancelled.

Regent Werner presented the report of the Finance Committee. Upon motion of Regent Werner, seconded by Regent Jones, it was

VOTED, That, subject to the approval of the Attorney General as to legality, and upon the recommendation of the Athletic Board, the Director of Intercollegiate Athletics be authorized to sign an agreement with the National "W" Club for the handling of refreshment concessions and printed programs for home football games during the 1949 season on the following basis:

- a. The agreement is to cover the 1949 football season only.
(Further consideration is to be given to a permanent arrangement.)
- b. Concession and program sellers shall operate in areas designated by the Athletic Department.
- c. Advertising in the programs shall be of such a nature as not to be in conflict with University regulations regarding the type of advertising permitted in periodicals approved by the University.
- d. The National "W" Club is to pay 20% of gross receipts to the Athletic Department.

Upon motion of Regent Werner, seconded by Regent Grady, it was VOTED, That the bequests by the late Daniel W. Mead of the City of Madison, Wisconsin, consisting of a contingent bequest of a portion of his technical library to the Library of the Engineering Department of the University of Wisconsin, and a specific bequest of \$5,000, the income of which is to be used for research work by the Hydraulic Department of the College of Engineering, or such other purposes as may be determined by the College of Engineering, be accepted by the Regents of the University of Wisconsin in accordance with the terms and conditions of the Last Will and Testament of Daniel W. Mead, deceased, and that the Secretary or Assistant Secretary be authorized to sign receipts from time to time in the name of the Regents for these bequests. (Confirming approval by mail by Regents.)

Upon motion of Regent Werner, seconded by Regent Gelatt, it was VOTED, That the registration of Miss A. Anita Anderson in the 1949 Summer Session be cancelled as of the beginning of the Session, and that she be refunded all fees she paid for the 1949 Summer Session, total of \$30.00 on a per credit basis, to correct an error in registration.

Upon motion of Regent Werner, seconded by Regent Kletzka, it was VOTED, That the following recommendations of the Management Panel of the Labor-Management Board be approved:

- a. A minimum and a maximum wage rate for all student help shall be established throughout the University. A minimum of 60¢ per hour and a maximum of 85¢ per hour shall prevail in all employing departments which compensate student employees in full with money wages, and the equivalent of such minimum and maximum in all other departments.
- b. Any student employee hired at the rate of 60¢ per hour shall receive an increase of 5¢ per hour at the end of one semester of satisfactory service.
- c. A position of a technical or professional nature, or requiring special skills, and therefore justifying a rate of pay above 85¢ per hour, will be studied at the request of the department, by the personnel consultant acting for the Vice President of Business and Finance of the University, and an appropriate rate will be established.
- d. Machinery shall be established for the handling of grievances by student employees concerning the administration of the wage policy.
- e. A continuing committee shall be established to coordinate and study all aspects of the student employment policy.

Upon motion of Regent Werner, seconded by Regent Arveson, it was VOTED, That the per credit fees in the Extension Division for graduate students be \$12.50 per credit or equivalent for resident classified students

and \$37.50 per credit or equivalent for nonresident classified students (for a maximum of 5 credits); that a fee of \$7.50 for resident classified students and \$20.00 for nonresident classified students be charged for per credit registrations in the Extension Division day programs for part time undergraduate students (for a maximum of 7 credits); and that these fees apply also to non-credit courses on an equivalent credit basis; and that students enrolled in the evening programs of the Extension Division be charged the resident per credit fee regardless of the residence or domicile of the student. *Amended 2-11-60 p. 15*

Upon motion of Regent Werner, seconded by Regent Jones, it was VOTED, That the Vice President of Business and Finance be authorized to sell, at the best price possible, the one-half interest of The Regents of the University of Wisconsinⁱⁿ the following described lands, devised to The Regents of the University of Wisconsin under the will of F. L. Musbach, Deceased:

The Southwest One-Quarter (SW 1/4) of Section Twenty (20) and the Northwest One-Quarter (NW 1/4) of Section Twenty-nine (29), Township Forty-five (45) North, Range Twelve (12) West, in Douglas County, Wisconsin;

and that the President and Secretary be authorized to sign the necessary documents to convey title to purchaser.

Upon motion of Regent Werner, seconded by Regent Kleczka, it was VOTED, That \$19,050 be transferred from the War Contracts Reserve Account to Buildings and Grounds for remodeling and improvements as follows:

- | | | |
|----|-------------|---|
| a. | \$ 800.00 | Remodeling of Room 104, Agricultural Hall |

Regent Jones presented the report of the Constructional Development Committee. Upon motion of Regent Jones, seconded by Regent Kleczka, it was VOTED, That authority be granted to the administrative officers of the University and to the Wisconsin University Building Corporation to proceed promptly with all arrangements for the construction of the indoor athletic practice building on the site previously approved by the Regents, including authority to employ consulting engineers and architects approved by the State Bureau of Engineering, to prepare plans and specifications, and to advertise for bids, with the understanding that contracts, leases, and other documents will be presented to the Regents for final approval.

Upon motion of Regent Jones, seconded by Regent Werner, it was VOTED, That the grant of \$291,000 by the National Advisory Heart Council (Federal Security Agency-Public Health Service) to the University of Wisconsin for the construction of cardiovascular research facilities be accepted, and that the Vice President of Business and Finance be authorized to sign the necessary agreements with the Federal Security Agency for the receipt and use of the funds; that authority be granted to construct a two-story addition to consist of a fifth and a sixth story on the McArdle Memorial Laboratory Building to provide facilities for cardiovascular research; and that the Vice President of Business and Finance be authorized to sign an agreement with Schmidt, Garden and Erikson, Chicago, Architects for additions to the Wisconsin General Hospital, to provide architectural and engineering services for the addition to the McArdle Memorial Laboratory subject to the general supervision of the State Bureau of Engineering.

Upon motion of Regent Jones, seconded by Regent Arveson, it was VOTED, That the contract for the construction of a steam conduit and the installation of steam and condensate return piping and other work at the new Engineering Building be awarded to Hyland, Hall & Company, Madison, the low bidder in the amount of \$9494, chargeable to the item for utilities in the schedule of costs for the new Engineering Building; and that the Vice President of Business and Finance be authorized to sign the contract.

Upon motion of Regent Jones, seconded by Regent Gelatt, it was VOTED, That the following contracts for kitchen and cafeteria equipment and for laboratory equipment for the Additions to the Wisconsin General Hospital be awarded to the following bidders on the basis of their low bids: kitchen and cafeteria equipment - The Stearnes Company, Chicago, Illinois, \$97,895; laboratory equipment - Browne-Morse Company, Muskegon, Michigan, \$53,725; chargeable to the item for kitchen and cafeteria equipment and laboratory equipment in the schedule of costs for the Wisconsin General Hospital Additions; and that the Vice President of Business and Finance be authorized to sign the contracts.

Upon motion of Regent Jones, seconded by Regent Kleczka, it was VOTED, That the request of the Wisconsin Telephone Company for permission to install an underground telephone cable on University property on the west side of North Lake Street between Langdon Street and the University Co-op Building, and an exposed cable on the north wall of the University Co-op Building be approved; and that the Vice President of Business and Finance be authorized to sign the necessary documents.

Upon motion of Regent Jones, seconded by Regent Arveson, it was VOTED, That authority be granted to raze the house at 28 North Mills Street, Madison.

Upon motion of Regent Jones, seconded by Regent Campbell, it was VOTED, That the sale to William E. Thompson of the cottage located on the William E. Thompson farm, Route 4, Kenosha, Wisconsin, which has been used by the College of Agriculture for housing research workers, for a consideration of \$500, be authorized and approved.

Upon motion of Regent Jones, seconded by Regent Kleczka, it was VOTED, That non-University tenants, that is, other than faculty, employees, or students, residing in family and single living units owned by the University or by the Wisconsin University Building Corporation be notified immediately that their tenancy will be terminated June 30, 1950, in order that the facilities may be made available for faculty, employee, and student housing, and that the Division of Residence Halls be authorized to increase the rents, effective November 1, 1949, not to exceed 15%, on family and single living units other than University residence halls and temporary veterans housing units.

Regent Kleczka presented the following recommendations of the Personnel Committee:

1. That John W. Barnard be appointed associate professor of physiology, on the twelve months' basis, beginning September 1, 1949; salary at the rate of \$5,500 per annum; charge to 1A salaries.
2. That R. Creighton Buck be appointed associate professor of mathematics at the beginning of the second semester of 1949-50; salary \$2,875 for the semester; charge to item for associate professor, mathematics, p. 56.
3. That Jørgen Dich be appointed visiting professor in Scandinavian Area Studies for the academic year 1949-50; salary \$8,000 for the academic year; charge to fund 15-849.

Upon motion of Regent Kleczka, seconded by Regent Watson, the above recommendations of the Personnel Committee numbered 1 to 3, inclusive, were adopted.

Upon motion of Regent Gelatt, seconded by Regent Werner, it was
VOTED, That the meeting adjourn.

At 11:40 A.M. the meeting adjourned.

A. W. Peterson, Secretary

FOREWORD FOR HOSPITAL RULES AND REGULATIONS

The university hospitals provide an unusual example of services to the state in conjunction with the teaching function of the university, and of cooperation between the university and state agencies. In the State of Wisconsin General Hospital, the university combines clinical training for medical and nursing students and technologists at undergraduate and post-graduate levels with human services to the state's citizens in whatever economic level they may find themselves. In the Orthopedic Hospital for Children, cooperating with the Bureau for Handicapped Children of the Department of Public Instruction, in addition to professional training, care for the medically under-privileged and crippled children of the state is provided. The Student Infirmary offers protection from the epidemics resultant from the concentration of large numbers of young men and women in the teaching halls and living and recreation areas of a large university, as well as care for the average illnesses of such a population. The Laboratory of Hygiene, operated in cooperation with the State Board of Health, assists in the professional training provided by the Medical School and renders incalculable assistance to the people of the state and their physicians. The Psychiatric Institute similarly combines professional training and research with a vast amount of technical assistance to physicians who care for Wisconsin's sick.

Again, the campus of the university is projected to the farthest regions of the state.

The Board of Regents is charged with the operation of the hospitals and the cooperation of the various other agencies concerned, and, of necessity, must do this according to established laws and where indicated its own regulations, which are here collected.

STATE OF WISCONSIN GENERAL HOSPITAL

ORTHOPEDIC HOSPITAL FOR CHILDREN

Summary of Laws and Regulations

I. GENERAL

ESTABLISHMENT The State of Wisconsin General Hospital is established in connection with the Medical School of the University. The University Infirmary and the Mary Cornelia Bradley Memorial Hospital, previously established, are integral parts of the hospital, (Sec. 36.31, Wis. Stat. 1949) as is the Wisconsin Orthopedic Hospital for Children. (Sec. 36.32, Wis. Stat. 1949).

MEMORIAL FOR SERVICE The main hospital building is designed as a memorial to those who served in World War I. It was built and equipped from the balance in the Service Recognition Fund. (Chap. 30, Special Session, 1920).

PURPOSES The chief purposes of the State of Wisconsin General Hospital are defined as follows: (1) For the care of persons afflicted with a malady, deformity, or ailment of a nature which probably can be remedied by hospital service and treatment, who would be unable otherwise to secure such care. (2) For such instruction of medical students, physicians, and nurses and for such scientific research as will promote the welfare of the patients committed to its care and assist in the application of science to the alleviation of human suffering. (Sec. 36.31, Wis. Stat. 1949).

The purpose of the Orthopedic Hospital for Children is defined as follows: "To provide medical, surgical and therapeutic treatment for crippled children under twenty-one years of age whose parents or guardians are unable to provide adequate treatment, or who would be unable otherwise to secure such treatment, these children to remain in said hospital only so long as they can be benefited by this treatment." (Sec. 36.32, Wis. Stat. 1949).

II. ADMINISTRATION

BOARD OF REGENTS The control and supervision of the State of Wisconsin General Hospital and of the Orthopedic Hospital for Children are vested in the Board of Regents of the university. (Secs. 36.31 and 36.32, Wis. Stat. 1949).

RELATION TO MEDICAL SCHOOL For administration the hospitals are organized as independent divisions within the general jurisdiction of the medical school.

ADMINISTRATIVE COMMITTEE The dean of the medical school, the assistant dean of the medical school, the superintendent of the hospitals, the chiefs of the medical and surgical staffs of the hospitals, and the director of the laboratory services of the hospitals constitute the administrative committee of the hospitals. The superintendent of the hospitals is the executive officer of the committee.

SUPERINTENDENT The superintendent has the responsibility of the immediate management of the hospitals under the rules and regulations established by the Board of Regents or adopted by the administrative committee. On matters of routine business he deals directly with the vice president of business and finance and with the

university officials responsible to him. On matters involving teaching and research he deals directly with the dean and with the faculty of the medical school. On matters requiring action by the Board of Regents he makes recommendations through the dean of the medical school and the president of the university.

III. MEDICAL STAFF

The medical staff of the hospitals is composed of members of the faculty of the medical school.

APPOINTMENTS Appointments to the medical staff are made by the Board of Regents upon recommendation of the dean of the medical school and of the president of the university. Recommendations for staff appointments to the various services are made by the chairmen of these services to the dean of the medical school.

VARIOUS SERVICES The medical staff is divided into several services grouped into main subdivisions as follows:

I. Medical Division

1. General Medicine
2. Dermatology
3. Neuropsychiatry
4. Pediatrics
5. Radiology
6. Physical Medicine
7. Preventive Medicine and Student Health

II. Surgical Division

1. General Surgery
2. Anaesthesia
3. Ophthalmology
4. Otolaryngology and Rhinology
5. Obstetrics and Gynecology
6. Orthopedic Surgery
7. Plastic Surgery
8. Urology
9. Neurosurgery

III. Laboratory

1. Gross Pathology
2. Clinical Pathology
3. Surgical Pathology
4. Clinical Chemistry
5. Medical Microbiology
6. Cardiology
7. Metabolic Diseases
8. Electroencephalography

STAFF CHAIRMAN For each main division, for each of the services within a given division and for the main subdivisions of the larger services, a staff chairman

is elected who is held responsible for that service. These appointments are approved by the dean of the medical school.

MEDICAL HOUSE OFFICERS Appointments of resident physicians are made by the superintendent of the hospitals upon the recommendation of the chairmen of the various services subject to the approval of the president and the regents. Interns are appointed by the superintendent. Rules for the government of the resident physicians and interns are made by the administrative committee.

IV. ADMINISTRATIVE OFFICERS

The chief administrative officers of the hospitals and their duties are as follows:

SUPERINTENDENT The superintendent is the executive officer of the hospitals. To him the following heads of administrative departments are directly responsible.

ADMINISTRATIVE ASSISTANT The administrative assistant has immediate supervision of the business and the accounts of the hospitals and has charge of the requisitions for and maintenance of supplies.

SUPERINTENDENT OF NURSES The superintendent of nurses has charge of the nurses, orderlies, and maids.

ASSISTANT SUPERINTENDENT The assistant superintendent is the head of the medical house officers. He oversees the admission and discharge of patients. He has immediate supervision of all resident physicians and interns. In the absence of the superintendent, he acts as the executive officer.

DIETITIAN The dietitian has immediate supervision of those engaged in the culinary service of the hospitals and is responsible for the preparation of suitable meals and diets for patients, nurses, officers and employees.

PHARMACIST The pharmacist has immediate supervision of the pharmacy and of the preparation and distribution of drugs within the hospitals.

V. PATIENTS

Provision is made by statute for two main groups of patients, (A) patients who are given hospital care, partly or wholly at public expense, and (B) patients who pay for cost of hospital care. Patients cared for at public expense include county patients, department of public welfare, state board of health, and department of veterans affairs patients. The statutes specifically provide for each of these groups. Patients paying for cost of hospital care include special rate (clinic) patients, emergency, infirmary, and private patients. The statutes provide for the admission of pay patients, and make specific provisions for veterans. For other groups of pay patients specific provision is made by the board of regents of the university.

A. PATIENTS CARED FOR AT PUBLIC EXPENSE

PUBLIC PATIENTS Definition: A resident of Wisconsin may become a public patient

if he is afflicted with a deformity or ailment which can probably be remedied or advantageously treated, if he or the person liable for his support is financially unable to provide proper treatment. (Sec. 142.01, Wis. Stat. 1949). If able to pay a part of the costs of hospital care a public patient is expected to do so and such payments are credited to his account. (Sec. 142.07, Wis. Stat. 1949). If subsequently in position to pay for hospital care previously received at public expense the patient is expected to do so. Such collections are made by the collection counsel of the state department of public welfare on behalf of the state and county. (Sec. 46.10, Wis. Stat. 1949).

CHOICE OF HOSPITALS A public patient may be treated at the State of Wisconsin General Hospital or the Orthopedic Hospital for Children at Madison or in such other hospital with adequate facilities as the county judge shall direct. When, however, the person to be treated or his guardian shall select that such treatment be at either of the two hospitals named, the hospital of his selection shall be the place of treatment except in Milwaukee County. (Sec. 142.01, Wis. Stat. 1949). Adequate treatment for a crippled person means treatment given in a hospital which maintains a resident or visiting surgeon devoting full time to the practice of orthopedic surgery and where the operative treatment given crippled persons is performed by an orthopedic surgeon. (Sec. 142.03 (3), Wis. Stat. 1949).

APPLICATION When the case of a patient needing care at public expense comes to the notice of a sheriff, county supervisor, town clerk, health officer, health nurse, poor commissioner, policeman, physician or surgeon or any public official, he shall, and any teacher, priest or minister may, file with the county judge an application for his treatment at a hospital. (Secs. 142.02, 142.03, Wis. Stat. 1949).

INVESTIGATION The county judge shall make investigation of the financial situation and physical condition of the patient. The supervisor of the town, village or ward of the patient shall supply the court, on request, all material information within his knowledge. (Sec. 142.03, Wis. Stat. 1949).

MEDICAL EXAMINATION The judge, if satisfied that the required facts exist, shall appoint a physician personally to examine the patient. The physician shall make a verified report in writing, setting forth the nature and history of the case and such other information as may be likely to aid in the treatment and giving his opinion whether the condition of the patient probably can be remedied or should be treated at a hospital and whether the person can receive adequate treatment in the county, at home or in a hospital, and any information within knowledge of the physician relative to his financial condition. The physician shall be paid by the county five dollars, and actual and necessary expenses. In the case of a crippled person for whom recommendation has been made for hospital treatment, by a recognized orthopedic surgeon, such recommendation shall be accepted by the county judge as a reason for approving the admission of the crippled person to the designated or selected hospital. (Sec. 142.03, Wis. Stat. 1949). The faculty of the medical school shall prepare blanks for the examining physician. The physician shall report in duplicate on said blank, and if the application be granted, one copy shall be sent to the hospital. (Sec. 142.03 (4), Wis. Stat. 1949).

FINDINGS AND ORDER. CERTIFICATION If the court be satisfied that the required facts exist and that the person should be treated at the State of Wisconsin General Hospital or at the Orthopedic Hospital for Children, or if the person to be treated or his guardian selects either of said hospitals as the place of treatment, he shall so find and enter an order so directing. If the court does not find the required facts he shall enter an order denying the application. Upon granting the application he shall ascertain from the superintendent of the hospital whether the

person can be received as a patient, and if he can the court shall certify his order to the hospital and to the county clerk. (Sec. 142.04, Wis. Stat. 1949).

Patients may be admitted without certification, but the cost of their care shall not be a joint charge against the state and county except when such patients are admitted in an emergency, pending action of the county court. If the court grants the application the charges against the state and county may date from the time of admission. An emergency shall include cases where, by reason of unforeseen physical condition, a patient is detained in the hospital longer than anticipated and is thereby financially unable to bear the expense of treatment. (Sec. 142.07 (1), Wis. Stat. 1949).

CONVEYANCE TO AND FROM THE HOSPITAL If the patient is unable to bear his expense to or from the hospital and the court so directs, the county treasurer shall advance to the patient the necessary transportation and expense out of the county treasury. If the patient is unable to travel alone, the court may appoint a suitable person to take him to the hospital and such person shall receive actual and necessary expenses, and, if not a salaried officer, a per diem of three dollars per day going and returning and the same shall be paid by the county. (Sec. 142.05, 142.06, Wis. Stat. 1949).

DISCHARGE OF PATIENTS When the superintendent of the hospital is of the opinion that a public patient is cured or no longer needs treatment or cannot benefit thereby, he shall discharge the patient. (Sec. 142.06, Wis. Stat. 1949).

HOSPITAL CHARGES The State of Wisconsin General Hospital and the Orthopedic Hospital for Children shall treat public patients at rates based on actual cost as determined by the Board of Regents of the University, but not to exceed \$11.00 per day. (Emergency Board action, 1948, in accordance with Sec. 142.07 (1)). The net cost of caring for a certified patient at the State of Wisconsin General Hospital shall be paid one-half by the state and one-half by the county of his legal settlement if the number of patients treated from a given county does not exceed two per thousand of the population in a given calendar year. The cost of care of patients in excess of this number, from counties with hospitals, is to be paid wholly by the county. (Sec. 142.07, 142.08, Wis. Stat. 1949). In the case of the Orthopedic Hospital for Children but one-half of the cost of care is to be charged against the county.

REPORTS: PAYMENT OF CHARGES The Board of Regents of the university shall file a verified monthly report with the director of budget and accounts containing an itemized statement of the account against the certified patients, naming the county. The director of budget and accounts shall audit these accounts and issue a warrant against the State Treasurer for the proper amount. The State Treasurer thereupon transfers such amount from the general fund to the account of the hospitals. The Board of Regents of the university files an annual statement on or before October first of each year setting forth a detailed statement of each certified patient treated during the preceding year ending June thirtieth. The director of budget and accounts thereupon certifies to each county the amount due the state from the county for each patient treated. (Sec. 142.08, Wis. Stat. 1949).

SPECIAL STATE PATIENTS (1) The State Department of Public Welfare and the State Board of Health are authorized to send to the State of Wisconsin General Hospital or to the Orthopedic Hospital for Children inmates of, or applicants for admission to, state institutions for whom there are not adequate means for medical care in

these institutions. Application for admission of such patients shall be accompanied by the report of the physician appointed by the State Department of Public Welfare or the State Board of Health in the same form as reports of other physicians for admission of patients to these hospitals. (Secs. 46.115 and 50.055, Wis. Stat. 1949).

(2) The net cost of treatment shall be the same as that for public patients referred to above, and shall be chargeable one-half to the appropriation for the operation of the institution from which the patient is sent and one-half to the state. The said departments may likewise pay out of the operation fund of the institution the necessary traveling expenses, including the expenses for an attendant when such person cannot travel alone to and from the hospital. (Sec. 46.115, Wis. Stat. 1949).

REHABILITATION PATIENTS The Department of Veterans Affairs is authorized to send to the State of Wisconsin General Hospital ex-service patients for whom other adequate means of medical care are not provided. The cost of care of such patients is paid for from the funds in charge of said board. (Sec. 45.277 and 45.38, Wis. Stat. 1949). Costs of care are not to exceed those charged for care of public patients. (Sec. 45.277, Wis. Stat. 1949).

B. PATIENTS PAYING FOR COST
OF HOSPITAL CARE

SPECIAL RATE (CLINIC) PATIENTS Special rate (clinic) patients are admitted upon the recommendation of their family physician to whose care the patient may be returned upon discharge from the hospital. In his referral statement the physician indicates the special need for diagnosis or treatment, as well as the fact that while the patient is able to pay the established hospital rate, the addition of professional fees, except when insurance coverage is available, would be a severe hardship. The hospital charge does not include special nurses nor blood transfusions, but the special rate patients receive the care given to public patients. A financial statement is required of the patient at the time of admission which shall establish the right of the patient to this classification. If hospital and medical and surgical insurance or service benefits are available, the superintendent is authorized to certify to them on behalf of the hospital and the staff in order that the patient may receive them or apply them to the cost of his hospitalization.

A patient without a recommendation from a family physician may be admitted as a special rate patient upon the recommendation of some other physician only in exceptional circumstances, involving responsible local reference from the patient's community. In such instances the hospital authorities will endeavor to have the patient select a family practitioner to whom he may be referred upon his discharge from the hospital.

VETERANS (1) An honorably discharged veteran of any United States war may be permitted to enter the State of Wisconsin General Hospital and obtain all care, including professional service, at special statutory rate. Such veteran must have been a resident of this state for not less than five years next immediately preceding his application for admittance. (Sec. 142.10, Wis. Stat. 1949).

(2) In admitting patients to the hospital preference shall be given to honorably discharged veterans of any of the wars of the United States. (Sec. 142.09, Wis. Stat. 1949).

(3) Although not specifically required by statute it is deemed in the best interests of his medical care for a veteran seeking admission to the State of Wisconsin General Hospital to furnish a letter of reference from his family physician to whose care the patient may be returned upon discharge from the hospital.

EMERGENCY PATIENTS Emergency patients are patients admitted to meet some special emergency need for hospital care. Such patients are given first aid, and then, if the condition permits, are put in touch with the family physician or physician of choice, and if further hospital care is necessary, are sent to the hospital chosen. If the condition of the patient precludes transfer to another hospital, or if the patient desires further care at the State of Wisconsin General Hospital or at the Orthopedic Hospital for Children, he may be admitted to the hospital wards as a public, a special rate, or private patient according to the regulations pertaining to such admission. Pending final classification, the patient is ordinarily classified as an emergency special rate patient.

INFIRMARY PATIENTS By statute (Sec. 36.31 (2) Wis. Stat. 1949) the university infirmary is made a part of the State of Wisconsin General Hospital. All students in the university who pay an infirmary fee are entitled to care at the Student

Infirmery under the charge of the members of the Student Health Service.

PRIVATE PATIENTS The privilege of private patient consultation is granted by the hospital administrative committee upon the recommendation of the chairman of the department concerned. It is granted only to established staff members and on the basis of merit alone.

Private patients are able to pay full costs of care, both hospital and professional. They are admitted on reference from their family physician usually directed to the staff member indicated by the patients needs, or if not so directed, the admitting officer requests the appropriate staff member's assistance. Private patients cannot be admitted unless they give ample assurance of ability to pay for their care and only in such numbers as will in no way restrict the care of veterans and public patients.

The facilities for the care of private patients are limited to 20% or less of the hospital beds as an average during the year.

CHANGE OF STATUS The economic status of all paying patients is reviewed by the admitting office. In exceptional circumstances change of status may be required but shall be authorized only by the hospital administration.

HOSPITAL CHARGES The State of Wisconsin General Hospital shall treat patients admitted as public patients at rates based on actual cost as determined by the Board of Regents of the university not to exceed \$11.00 per day. No compensation shall be charged against or received from any patient by an officer or person employed by the hospital other than the compensation provided by the Board of Regents of the university. (Sec. 142.07, Wis. Stat. 1949). The charges for Department of public Welfare and State Board of Health patients are based upon the charges made for public patients. For special rate (clinic) patients a charge is made based upon the average per diem cost of such patients. For private patients a charge is made sufficient to cover overhead not included in the charges for other classes of patients. A member of the medical and surgical staff of the hospital permitted to admit private patients as in-patients is privileged to charge such patients the fees customary for the professional services rendered, provided the hospital charges are paid in full. A member of the hospital staff is expected to render without special compensation consultation and laboratory service within his field of work whenever requested for a patient in the hospital in the care of another member of the staff, regardless of whether or not the patient is a private patient.

"IN" AND "OUT" PATIENTS Patients are classified as "Inpatients" and "Outpatients" depending on whether they are admitted to beds in the hospital or are examined or treated in the "Outpatient Clinic". The outpatient clinic is designed for the diagnosis and treatment of conditions which do not require bed care. Patients are received in the outpatient clinic upon the recommendation of a public officer, a physician, a minister or priest, or by an officer of a recognized welfare organization, but such patients may be admitted to the wards of the hospital (as special rate patients) only under the conditions outlined under the rules relating to the admission of patients. Outpatients are classified as public, special rate, and private, and they pay the registration and service charges required of each such classification.

SPECIAL LABORATORY EXAMINATION Patients may be referred to the hospital by any physician for special laboratory work of a nature not otherwise available to the physician. In such cases a fee to cover the cost of such work is paid by the

patient to the hospital and a report of the findings is sent by the hospital to the physician. The purpose of this is to place at the disposal of physicians special laboratory procedures which can be performed by technicians and which might otherwise be unavailable

ADMISSION AND ASSIGNMENT OF PATIENTS Patients are examined for admittance to the wards of the hospital by the chief resident physician or his assistant and are assigned to the proper service. Patients assigned to one service may be referred for diagnosis or treatment or be transferred to another service by order of the chairmen of the services involved.

STUDENT HEALTH SERVICE Students who have paid the Infirmary fee in the university are entitled to consultations at the University Clinic and to such medical treatment as may be offered by members of the Student Health Service. This does not include the services of surgical and similar specialists, except for consultations.

DANGEROUSLY ILL PATIENTS The names of dangerously ill patients are to be reported without delay to the superintendent by the senior medical officer of the service in which the patient is being treated. No patient is allowed to leave the ward to which he has been assigned or to be discharged from the hospital without authority from the chairman of the service and of the superintendent.

INFRACTION OF RULES BY PATIENTS The superintendent is authorized to discharge from the hospital any patient who refuses to abide by the rules and regulations of the hospital or is disobedient to the orders of those in charge.

REPORTS OF BIRTHS, DEATHS AND COMMUNICABLE DISEASES Births and deaths must be reported on the legal forms by the chairmen of the services or by their authorized assistants. Communicable diseases developing in hospital patients must be reported by the senior house officers of the services in which such patients are treated to the chief resident physician and to the superintendent of the hospital.

REPORTS ON CRIPPLED CHILDREN In case of a crippled person under twenty-one years of age who has been admitted to any hospital for treatment, such hospital on discharge of the patient shall make a report to the Crippled Children's Division of the State Department of Public Instruction, stating the name, age and address of the child, the name of his father or guardian, description of his disability, treatment given, recommendation for after-care, and such other information as said department may require. (Sec. 142.03, (3C), Wis. Stat. 1949).

VI. VISITORS

Friends and relatives of patients are admitted to the rooms and wards of the hospitals at such times and under such restrictions as the superintendent may prescribe. When, in his opinion, it is necessary for the welfare or protection of the patients, the superintendent may prohibit the admission of visitors to the hospitals, or any part thereof.

VII. TEACHING AND RESEARCH

PURPOSE The purpose of teaching and research in the hospital is to promote the welfare of the sick through the advance of medical knowledge.

MEDICAL STUDENTS Upper class medical students assist, under the direction of the members of the medical staff, in clinical care of patients, and in laboratory

work. They are required to abide by the special rules and regulations established for their guidance and to show ability for service.

PUPIL NURSES Pupil nurses assist in the care of the sick under the supervision of the members of the nursing staff. They are required to abide by the special rules and regulations established for their guidance and to show ability for service.

POSTGRADUATE STUDENTS So far as is compatible with the welfare of patients, undergraduate teaching, and medical research, the resources of the hospital are made available to physicians who desire the opportunity to add to their technical training.

GRADUATE STUDENTS Physicians who desire to devote one or more years to graduate study in some special field of medical science are given every facility afforded by the hospital for such study in conformance with university regulations regarding registration and fees.

RESEARCH Advance of medical knowledge and skill is considered a fundamental duty of the hospital to which the members of the hospital staff and the employees of the hospital should do their utmost to contribute.

RESIGNATIONS:

1. Charles C. Watson, associate professor of chemical engineering, June 20-July 22, 1949 and August 24-September 9, 1949.
2. Paul K.W. Steinke, assistant in agricultural bacteriology, July 1, 1949. ($\frac{1}{2}$)
3. Frederic D. Cheydleur, professor of French and Italian, June 11, 1949. (Deceased)
4. The following international scholars resigned for the second semester 1948-49:

Alvaro Arosemena
Pola Cusnier
Antero Gargurevich
Gabriel Guerro Rojas
Philippe Lafontant, Jr.
J. Sigifredo Mathiesen
Miguel Angel Munoz Arias
Ferdinand Paredis
Armando Tamayo
Manuel Jose Villacorta Dscobar
Oivind O. Kulberg

APPOINTMENTS:

1. James W. McNaul, professor of mechanical engineering, $\frac{1}{2}$ time, eight-week summer session, 1949 at \$600.
2. Charles C. Watson, associate professor of chemical engineering, August 22-September 9, 1949 at \$390.
3. Ralph H. Davidson, associate professor of economic entomology, eight-week summer session, 1949 at \$700.
4. Gordon A. Beebe, visiting professor from S. Dakota School of Mines and Technology in civil engineering, ten weeks of summer camp, 1949 at \$1500.
5. The following persons appointed to conduct lecture discussion groups in Industrial Psychology in West Bend, May 1949 at \$25:

Curtis B. Gallenbeck
Harry F. Harlow
Karl U. Smith

6. The following persons appointed to read A.F.I. correspondence study papers in English on a fee basis for the fiscal year 1949-50 at not to exceed the salaries indicated below:

Helen H. Blake, \$1600
Eloise S. Block, \$1500
Helen R. Botts, \$800
Margaret S. Brown, \$1500
Elisabeth N. Eccles, \$500
Gertrude R. Gunderson, \$500
Evelyn M. Howe, \$500
Beatrice A. Kane, \$1600
Martha M. Layer, \$500
Dorothy G. McCarthy, \$1300
Leora G. Phillips, \$500
Alice K. Sturtzen, \$900
Jean G. Wiley, \$1300
Phyllis S. Young, \$500

7. The following persons appointed to read ^{A.F.I.} correspondence study papers for the fiscal year 1949-50, in the courses, and at not to exceed the salaries indicated below:

Mary B. Hopkins, journalism, \$200
Lester F. Schmidt, history, \$400 (\$150 in any one mo.--to 9/23 only)
Virginia Spence, art, \$800 (\$100 in any one month)
Robert S. Beckman, photography, \$900 (\$75 in any one month)
Julian M. Sund, farm crops, \$100 (\$50 in any one month)
Richard W. Abbott, farm forestry, \$50 (\$25 in any one month)
Clement E. Vose, political science, \$1200 (\$115 in any 1 month)
Bertha A. Ellison, home economics, \$100 (\$25 in any one month)
Faith H. Christiansen, Latin, \$950 (\$125 in any one month)

8. Howard J. Tatum, associate in tumor clinic, July 1949 at \$800 on yearly basis. (continuation of appointment)
9. William V. Luetke, associate in Tumor Clinic, beginning August 1, 1949 at \$800 on yearly basis.

APPOINTMENTS:

10. The following persons appointed to read A.F.I. correspondence study papers in the courses, for the periods and at not to exceed the salaries indicated below: (On fee basis)

Clark J. Byam, history, fiscal year 1949-50 at \$813,
Lester F. Schmidt, history, May 23-June 30, 1949, at \$200,
Herman W. Content, office management, June 1949 at \$50,
Eugene H. Herrling, photography, fiscal year 1949-50 at \$900,
Lloyd R. Champion, poultry husbandry, fiscal year 1949-50 at \$200,
Osborne J. Attoe, soils, fiscal year 1949-50 at \$125,
Donald R. Mitchell, agriculture, fiscal year 1949-50 at \$350,
Edwin K. Kunze, engineering and allied subjects, fiscal year 1949-50, \$600,

11. The following persons appointed to read correspondence study papers in the courses, for the periods and at not to exceed the salaries indicated below: (On fee basis)

Calvin R. Huber, music, June, 1949 at \$25
Arvil S. Barr, education, fiscal year 1949-50 at \$75
Clarence E. Ragsdale, education, fiscal year 1949-50 at \$125.
Matthew H. Willing, education, fiscal year 1949-50 at \$225
Joan C. Rosenthal, Spanish, July 1-August 15, 1949 at \$200
Virginia F. Kaye, Spanish, August 15, 1949-June 30, 1950 at \$275
John D. Nord, agricultural economics, fiscal year 1949-50 at \$225
Calvin R. Huber, music, July 1-September 15, 1949 at \$63
Milton O. Pella, general science, fiscal year 1949-50 at \$300
Helen B. Wingert, home economics, fiscal year 1949-50 at \$100
Herbert W. Zimdars, mathematics and engineering, fiscal year 1949-50 at \$2000.

12. Benjamin H. Ashman, write course in solid geometry, extension division, (USAFI X145), July 1949 at \$300.
13. Emil J. Schaefer, lecturer, education, summer session 1949 at \$500.
14. Arthur H. Steinhaus, part-time special lecturer, physical education - women, eight-week summer session 1949 at \$200 plus travel.
15. James B. MacDonald, lecturer in law, ten-week summer session, 1949 at \$1250.
16. Katharine K. Hornseth, part-time librarian, physical education - women, eight-week summer session, 1949 at \$200.
17. Emma M. Diekroeger, vacation substitute in library methods, extension division, June 8-16, 1949 at \$50.
18. Roy B. Wehrman, give one lecture at institute on conference leadership at Racine, April 14, 1949 at \$40.
19. Harriet F. Bunn, editorial assistant (special editorial work), extension division, April 1-May 31, 1949 at \$130.
20. Ernest A. Johnson, give one lecture at institute on conference leadership at Racine, April 14, 1949 at \$50.

APPOINTMENTS:

21. John E. Dietrich, give lecture at institute on conference leadership at Racine, April 14, 1949 at \$35.
22. Ronald L. Daggett, project associate - mechanical engineering, engineering experiment station, July 1-August 31, 1949 at \$940.
23. R. A. Rose, project associate - mechanical engineering, engineering experiment station, July 1-August 31, 1949 at \$480 (1/2 time)
24. Victor W. Nemetz, assistant professor, electrical engineering, summer session 1949 at \$740.
25. Theodore J. Schweitzer, assistant professor, mechanical engineering, summer session 1949 at \$506.66 (2/3 time).
26. Ray E. Green, assistant professor of pharmacology and pharmacy, beginning August 16, 1949 at \$5000 (12 months).
27. Leila I. Boerschel, instructor (temp), agricultural extension, boys and girls clubs, Iron county, June 22-September 30, 1949 at \$660.
28. Joseph J. M. Tuss, instructor (temp), agricultural extension, boys and girls clubs, Taylor county, June 15-September 15, 1949 at \$682.50.
29. August F. Blome, instructor (temp), agricultural extension, boys and girls clubs, Florence county, June 15,-September 15, 1949 at \$379.17.
