The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Postoperativ övervakning

Vi levererar komplett övervakningsapparat till postoperativ- och intensivvårdsavdelningar. Vi kan bl. a., som bilden visar, bygga in all apparatur i en skrivbordsenhet, där man centralt kan övervaka flera patienters EKG, EEG, temperatur och intrakardieellt tryck.
