Feb 2 1981

Dear Sir:

I am enclosing a recording of some of the tunes I play on the accordion. I haven't had much time to practice lately but I intend to do some playing this winter.

Let me know what pieces you would like to have me practice on and if I improve I will send you a tape

In regards to the photo of me playing the accordion, I wouldn't like to send it in the mail because that is the only one I have. If you are interested in having prints taken of it we can arrange to meet some where in Ashland such as

Golden glow or Wards
Let me know what the prints
Cost as I would like to have
two, one for my son and one
for my daughter if they are
not too expensive.

Yours Truly

Wm Hendrickson
