To be credited to and disbursed from 15B, Gifts (Brittingham Trust).

President Fred presented a recommendation of the University Faculty. Upon motion of Regent Kleczka, seconded by Regent Callahan, it was

VOTED, That colleges and schools of the University be authorized to recognize with appropriate citations Wisconsin citizens or others who have been connected with either the University or the State, whose achievements have been outstanding. Recommendations of the colleges and schools for such citations shall be presented to the Regents for approval in advance of granting the citations.

President Fred presented the following recommendation of the Faculty Committee of the Men's Residence Halls:

- (1) It is recommended that the new men's hall now under construction, just west of Van Hise, be named the Charles Sumner Slichter Hall. The name of Dean Slichter was chosen because of his great contributions to the hall system at Wisconsin. Dean Slichter was the first chairman of the Faculty Residence Halls Committee, he was one of the men most influential in the inauguration of the House Fellow system as we know it at Wisconsin, and it was Dean Slichter's philosophy and understanding that contributed so much to the development of the Residence Halls system at Wisconsin. The first meeting of a House Fellow group ever held was at Dean Slichter's home. He was devoted to the men's halls and enjoyed the progress made during the years with great interest and gratification. He gave unselfishly of his time to the interest of the student residents and was respected and loved by the men.

We not only believe this would be a worthy honor to bestow upon Dean Slichter, but we believe it would serve as an inspiration for those men who are to live in the hall.

- (2) The plan of this new hall is so designed to accommodate fifty men on each of four floors. Each floor will have its own House Fellow, its own lounge, and will be considered as one unit of our halls. The Committee recommends that each floor of the hall be named so

that these individual houses can be identified by name. This is in keeping with our present system. For the four houses or floors of the new hall, the Committee recommends that they be named in honor of outstanding former hall residents who gave their lives in World War II. We believe such honor would be most fitting and the four men chosen are men who were truly outstanding men and who left a distinct mark in our Residence Halls. It is the wish of many of our present residents that the houses be so named. Two of the men served as House Fellows and two served on the Men's Halls Cabinet - the highest governing body of the Men's Halls. A brief description follows the name of each man.

A. ROBERT C. GAVIN

Robert C. Gavin, Fond du Lac, lived in the Residence Halls two years during which time he was Fellow of Bashford House. A medical student, Bob's energies were devoted toward the activities of the men in his house rather than toward his own personal interests. Bob encouraged his men to join in the general campus activities. He guided one man in his house to the election as the first independent prom king in the history of the University.

Bob came to the University from Holy Cross, where he was in debating, track, dramatics, glee club, and journalism. He was a member of Nu Sigma Nu, honorary medical fraternity.

A gentleman in the full sense of the word with extraordinary personal charm, Bob's understanding and emotional balance were attributes which gained for him the confidence of the men in his house and the respect of men in the Residence Halls.

Bob went down in the hurricane that struck the Philippines in 1944. At the time, he was medical officer on the Destroyer Monaghan.

B. IRA GOLDBERG

Ira Goldberg was born in Yonkers, New York, on September 7, 1920. He attended the public schools in Yonkers and graduated from high school there in June, 1939. In September, 1939, Ira enrolled in the University of Wisconsin and took up residence in Turner House of the Kronshage Units of the men's residence halls. While pursuing his studies on the Hill, Ira became very active in the affairs of his house and the Men's Halls Association. In the fall of 1940 he was elected social chairman of Turner House, became a clerk in the Men's Dormitory Store, and became active in the Residence Halls Political Association. In the fall of 1942 Ira was elected to the Men's Halls Cabinet, became Chairman of the Dormitory Store Committee, and was elected President of Turner House. Because of his outstanding qualities of leadership, Ira Goldberg was appointed House Fellow of Gilman House for the 1942-43 school term. He graduated from the University with a B.S. degree in chemistry in June, 1943, and went immediately into the U.S. Marine Corps.

Goldberg rose to the rank of 1st Lieutenant and was killed in action on Iwo Jima on March 7, 1945.

C. MARVIN E. BIERMAN

Marvin E. Bierman was born at Green Lake, Wisconsin, May 17, 1916. He attended Green Lake School and graduated from the high school there in 1935. He was active in athletics and other high school activities.

He entered the University of Wisconsin the fall of 1935 and spent the last two years in the Residence Halls. He was a resident of Mack House, the cooperative house at the time reserved for men that were working for their meals. He was President of his house; he was a member of the Men's Halls Association Cabinet and a member of the Store Committee. He was a leader in various other activities and will be remembered by many residents now in the Halls for his good natured disposition, which made him popular and well liked.

Marv graduated from the University in 1940 with a B.A. degree and returned to Green Lake where he went into the insurance business until December 7, 1942, when he entered the Columbia University Midshipmen School in New York. From New York he went to the Harvard University Naval Supply Corps School from which he graduated as a Naval Supply Corps Officer.

He served aboard the U.S.S. Alikula Bay and the U.S.S. Bismark Sea in the Pacific Theater. He was lost in action off Iwa Jima on February 21, 1945, when the Bismark Sea was sunk.

D. ORVILLE E. LUEDKE

Orville E. Luedke, Milwaukee, lived in the Residence Halls four years. A journalism major, he worked part of his way through school as a waiter in the Van Hise dining rooms. In his first year, Orv was in the University Band, and on the Freshmen Tennis Squad. He worked on the Daily Cardinal his second year. As a junior he was President of Gregory House, a member of the Halls' Cabinet, and on the University House Presidents' Council. He was a moving force at this time in stimulating the latent interests of hall men in campus activities. As a senior, Orv was Halls' Editor of the Daily Cardinal and Public Relations Chairman for his house. He was a member of Sigma Nu Fraternity and Sigma Delta Chi, professional journalism fraternity.

An energetic organizer with a winning personality, Orv did much toward bringing to the campus an understanding of the activities and aims of the Residence Halls.

Orville E. Luedke was killed in 1943 while engaged in maneuvers in this country.

Our Committee further recommends:

3. That the two houses or units of the Stadium Dormitory be named after two outstanding athletes, David N. Schreiner and Robert F. Baumann, who lost their lives in World War II. This recommendation has been made by the Athletic Board and our Committee strongly approves of these choices as we believe the recommendation is most appropriate because both men were close friends throughout their college years, both were excellent athletes, and they served together in the Marine Corps. Bob Baumann was killed while trying to get word to Dave Schreiner concerning an enemy advance. A week later Schreiner was also killed.

Dave Schreiner was a resident of Conover House in the Men's Halls and Bob Baumann lived in the Stadium in 1941-42. Dave Schreiner entered the University in 1939, won all conference honors in 1941-42; was voted the Western Conferences' most valuable player in 1942; received all-American honorable mention in 1941 and was named unanimous All-American right end in 1942. He was co-captain of the 1942 team.

Robert Baumann entered the University in 1939 from Harvey, Illinois; played left tackle on the varsity football team for three years, was graduated in 1943. He and Dave Schreiner were both serving in the South Pacific as members of the Marine's Sixth Division. Both Baumann and Schreiner were killed on Okinawa.

The present residents of the Stadium Units join the Athletic Board and this Committee in recommending that the two units be named after David N. Schreiner and Robert F. Baumann.

Upon recommendation of President Fred, and upon motion of Regent Hodgkins, seconded by Regent Grady, it was

VOTED, That the new men's dormitory west of Van Hise Hall be named Charles Sumner Slichter Hall; that the four houses of the Charles Sumner Slichter Hall be named in honor of the following outstanding former hall residents who gave their lives in World War II:

Robert C. Gavin  
Ira Goldberg  
Marvin E. Bierman  
Orville E. Luedke

and that the two houses of the Stadium Dormitory be named in honor of David N. Schreiner and Robert F. Baumann, outstanding athletes, who lost their lives in World War II.
