The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

The Daily Cardinal

VOL. XXXII. NO. 98

UNIVERSITY OF WISCONSIN, MADISON, THURSDAY, FEB. 8, 1923

PRICE 5 CENTS

STATE SENATOR AND ZONA GALE NAMED REGENTS

SUCCEED MRS. BUCKSTAFF AND EIMON

Miss Zona Gale, Portage, and Senator C. B. Casperson, Frederic, were appointed to the board of regents of the University yesterday by Gov. Blaine.

Miss Gale will succeed Mrs. Florence G. Buckstaff, Oshkosh, the regent at large. Her term is for six years.

Senator Casperson, a La Follette Progressive member of the legislature, succeeds Peter Eimon, Superior. His term likewise is for six years.

With these two appointments Gov. Blaine has named six members to the university board. A bill to make possible immediate control is before the legislature, having been introduced by Senator Titus, Fond du Lac.

200 SEEK PLACES IN NEW HARESFOOT PLAY

There will be no tryout for applicants for cast or chorus parts in Haresfoot this afternoon, according to an announcement made last night by L. Gerold Koch '23, president of the organization.

The next tryouts will be held in the concert room of Lathrop hall this evening at 7:30 o'clock.

Thus far over 200 men have applied for the various opportunities which Haresfoot offers.

"The cast and chorus material this year is the most promising I have ever seen. The ability shown in the first days' work with no advance preparation is far above that of the average year. With our show written so far in advance of the usual time, and the tryouts progressing swiftly, 1923 should be Haresfoot's best year," Koch declared.

The tryouts will continue in Lathrop parlors for the remainder of the week at least. Final selection of the cast and chorus will be made Tuesday by coach E. Mortimer Shuter who will arrive from Ann Arbor. New applicants may sign up any time this week. The dates for the tryouts are printed each day in the bulletin board.

PLAN NEW RULE FOR SORORITY PLEDGING

A gentleman's agreement drawn up at a meeting of Pan Hellenic association was entered into by representatives from each sorority, when it was decided that no freshmen pledging would be done during the first two weeks of the second semester, in order to extend to freshmen women the opportunity of investigating before pledging.

For next year's program a rule to this effect is likely to be adopted according to the general sentiment at the discussion. A final vote on the revision in the rushing rules for fall will be taken at the next meeting of Pan Hellenic on Feb. 19.

The suggestion for a changed system embodies an earlier and more extensive rushing season in fall. Rushers will share the expenses of the affairs and the bulk of the rushing functions will be scheduled to precede the opening of regular classes.

WOMAN C. P. A. WILL ADDRESS COMMERCE CLUB TONIGHT

Miss Mary Francis Pierce will speak to the members of the Women's commerce club and others interested in commercial activities at 7:30 tonight in Lathrop parlors. Miss Pierce is a certified public accountant, and is well known in commercial circles.

WEATHER: COLDER

Cloudy with increasing cold at night is predicted for Thursday. Friday will be fair and colder.

Michigan Resents Sleuthing at Hop

A protest to the federal prohibition enforcement director at Detroit against announced plans to send two operatives to the University of Michigan "J-Hop" Friday evening was in prospect yesterday. Faculty and students alike were stirred by the report that liquor agents planned to mingle with the guest at the university's leading social event, and the imputation that dry laws might be infringed.

The order by Prohibition Director Davis, "bordered on an insult to the 700 young men and their guests and the members of the faculty who are to attend," in the opinion of Dr. Joseph Bursley, dean of men.

President Marion L. Burton made no statement. With Mrs. Burton he will attend the ball, as will deans of all departments and members of the various faculties, with their wives.

NEW WISCONSIN MAG WILL MAKE DEBUT IN MARCH

The first issue of the Wisconsin Magazine, edited by Hardy Steeholm, will appear about March 1, thus culminating an extended effort to place on the market a magazine that is thoroughly representative of Wisconsin.

The publication is to be a monthly periodical, devoted entirely to Wisconsin, printed on Wisconsin-made paper and edited by Wisconsin people, according to Steeholm.

To further this idea of exclusive editing and workmanship, a staff of 40 advisory editors, people who represent particular fields of Wisconsin interest, has been organized.

Prominent among these stand such men and women as Dean S. H. Goodnight, Prof. William Ellery Leonard, Dean C. H. Mills, Dr. Cornelius A. Harper, Miss Mary Emogene Hazeltine, Chief Justice A. J. Vinje, Dr. Joseph Schafer, Dean H. L. Russell and Mr. Dudley Crafts Watson.

The size of the magazine is to be a little larger than 8 by 11 inches, from 70 to 80 ages, 3 columns to a page, on high grade paper, with from 40 to 50 pictures illustrating the text.

Each number is to contain a contributor's Who's Who, a day by day summary of important state news of the preceding month, editorials, a department devoted to scenic and outdoor Wisconsin, fiction, poetry, besides other special features to be introduced from time to time.

The March number will mirror the winter sports spirit now especially popular. This allows for a wide range of writing and actual photography, since Wisconsin winter is ripe with activity and beauty.

The content for the first number has not yet been determined by the editors, but it is quite probable there will be an article on Wisconsin winter sports by Dr. Elsom of the physical education department, and also contributions by Professor Whitbeck of the geology department, Mr. H. E. Cole of the Baraboo Times and David Atwood, state printer.

"The editors will welcome all contributions which lie within the scope of the publication, paying for articles published at the rate of one-half cent per word," said Steeholm yesterday. "Students, especially those in journalism, are cordially invited to submit writing."

FOSTER LECTURES AT MUSIC HALL TONIGHT

Allyn K. Foster will speak on the "Psychology of Power" in a lecture under the auspices of the Campus Religious council in Music hall at 8 o'clock tonight.

Several of the Big Ten schools are on the schedule of the speaker's lecture tour through the Middle West and many of the larger colleges and universities throughout the country will be addressed by Dr. Foster.

During the period of the World war, Dr. Foster was secretary of the Y. M. C. A. in the city of Coblenz. Dr. Foster is a graduate of Yale and is considered one of the most impressive speakers lecturing exclusively to college students.

KEISSSLING WILL HEAD JAMBOREE PARTY APRIL 14

MASS MEETING ON POINT SYSTEM PLANNED

The factor of whether the student body feels the need for a point system to regulate activities was referred by the Student Senate in session last night to a mass meeting which the senate will call soon. The date for the meeting has not been set definitely.

Plans were also laid for the Varsity Jamboree on April 14. Senator Oscar Keisssling '23 was elected chairman for the university function. Suggestions were also made for arrangements to engage costumes for the participants at a lower cost than in previous years. An economical jamboree is desired by the senate, according to opinion expressed by several members.

Lamb is Secretary

Senator Francis Lamb '23 was also elected secretary to fill the vacancy created by the withdrawal of Senator Richard Ingraham from school this semester. The vacancy of Senator Robert Aspinwall, who also left school, has been filled on the judiciary committee by the election of Senator Tewlyn Cole.

The point system was again a heated subject of discussion and debate by members of the senate. The question of whether a need existed for action of the senate on the point system was raised by Francis Lamb '23 who declared that proof should be obtained first of such a need before the senate is called on to make a final decision.

Investigation of the need for a point system was then urged by Senator Ralph Balliette '23.

"If activities are suffering because the students have too much to do, and if the students are suffering also because of overloaded activities, the senate should find out," Balliette declared.

Engage in Debate

Whether a mass meeting or a student ballot would be most satisfactory furnished material for another rapid-fire debate by Senators Lamb, Balliette, Hentzen, Gill and several others.

President Maynard Brown's suggestion of a straw vote by The Cardinal on the need of a point system was discussed. Senator Balliette, representative of The Cardinal, expressed the opinion that while a ballot would be beneficial, a mass meeting would be more representative, he thought, of student opinion and would give a larger opportunity for democratic self-expression.

Upon motion of Senator Earl Gill a resolution was passed for the holding of a mass meeting by the Student senate in the near future for the purpose of sounding out student opinion on the point system.

Senator Wilbur W. Wittenberg was elected to serve as member of the board of directors on the University Co-operative company. The vacancy was created by the withdrawal from school of Senator Robert Aspinwall.

ST. FRANCIS SOCIETY PLANS COSTUME PARTY

The St. Francis society will give a costume party Friday night in the guild hall of Grace church. This will be the first regular dance of the society in two months as the holidays interfered with those which were to have been given in December and January. Genevieve Hicks '25, who has charge of the program, has arranged for some special stunts in connection with the costume features and masquerades. The tickets for this dance will be 50 instead of 35 cents, the usual price.

CARDINAL STAFF

There will be a meeting of the advertising staff of The Cardinal at 12:45 o'clock today in The Cardinal office. All workers are expected to be present.

COEDITH INVades ST. PAT'S DOMAIN

The engineering school again has a woman student.

And she's going to be a civil engineer.

Miss Grace Heimbaugh, Superior, is the young woman who has entered "No Woman's Land," and can now be found in all the sophomore civil engineering classes.

This is Miss Heimbaugh's first semester at Wisconsin. She comes from Superior normal.

"I had an instructor in high school who wanted me to study architecture," said Miss Heimbaugh, "but I felt I didn't have the imaginative ability for that. I decided to take something in the same line, however, and here I am in engineering.

"No, I'm not a chip off the old block, for my father is a real estate dealer. I don't know just what I'll do when my four year course is ended, but I may go into city planning. It certainly seems funny to be in classes where every other student is a man. But I know I'm going to like it."

OFFICIALS LAUD PROM AS DRIEST IN RECENT YEARS

The 1924 Junior prom was the driest prom in recent years in the belief of state, university and prom officials. Letters of congratulations have been received by Gordon B. Wanzer, prom chairman, every day since the prom.

A letter from W. Stanley Smith, state prohibition commissioner, congratulating Wanzer follows:

"Three deputies from this department attended the Junior prom festivities held in the state capitol on February 2, 1923, from the beginning to the end and I was personally present until nearly midnight and it is with much pleasure that we are able to report that we found no evidence of violations of the state prohibition law and cannot refrain from congratulating your committee, the participants in the festivities and the spectators on the splendid spirit shown by all concerned, as we hardly conceive of any large crowd of merry-makers that could be more orderly and well-behaved and yet thoroughly enjoy themselves as they all seemed to be doing."

Dean Scott H. Goodnight's message of congratulations follows:

"Sincerest congratulations! Mrs. Goodnight and I have never attended a more enjoyable, a prettier or a cleaner prom. It was splendid!"

Two tours of the capitol were made by Wanzer and capitol attendants during the prom. No evidences of liquor could be found in the building.

"I want to thank everyone for the way they heeded our requests," Wanzer said. "I tried hard to impress upon prom goers the danger of letting liquor come into the building and they evidently agreed with us. I made two trips about the building and on neither trip did I find liquor or bottles."

GLEE CLUB LEAVES FOR CHICAGO CONTEST

The University Glee club will leave tomorrow for Chicago where they will compete in the Western inter-college glee club contest. Wisconsin will be represented by twenty-four men and an accompanist. About fifty students are expected to accompany the club. Twelve western glee clubs will take part in this contest. The winner will go to New York to compete with the winner of the eastern contest. The competitive concert will be given in Orchestra hall, Chicago.

SMALL ENROLLMENT IN MEN'S GYM CLASSES IS REPORTED

Small enrollment in men's gymnasium classes was reported by the department of physical education yesterday. Although figures are incomplete, a tendency on the part of the freshmen and sophomores to delay in registering is noticeable. Double cuts for each class missed are given to those who are not enrolled by yesterday. Steel lockers are now being rented for the semester to sophomores and to men taking advanced work.

MEANWELL MEN NOW SECOND IN RACE FOR TITLE

Michigan Hop Delays Next Contest

CONFERENCE SCORE

Illinois 20, Chicago 18.

Team	CONFERENCE STANDING		
	Won	Lost	Pct.
Iowa	6	0	1.000
Wisconsin	4	1	.800
Michigan	4	1	.800
Illinois	4	2	.667
Purdue	3	2	.600
Northwestern	2	4	.333
Indiana	1	2	.333
Chicago	1	5	.167
Ohio	1	5	.167
Minnesota	0	4	.000

Dropped to second place in Conference standings because of its defeat by Purdue, the Wisconsin basketball squad started its siege of work for the Michigan game with a stiff drill yesterday afternoon.

The game which had been scheduled with the Wolverines for Saturday, February 10, has been postponed until Wednesday February 14. The J-Hop, Michigan junior prom, takes place in the Ann Arbor gym on Friday night and Coach Walter E. Meanwell addressed a letter of protest to Fielding H. Yost, Michigan athletic director, saying that he hesitated to risk his athletes on a slippery, waxed floor Saturday night. Yost agreed to the postponement.

Injuries in Past

Two years ago, Red Weston slipped on the gym floor here and injured his leg so badly that he was practically useless for the remainder of the season. A dance had been held on the basketball floor the previous night.

With several more days in which to practice and correct the mistakes evident in the Purdue game, Coach Meanwell will have a stronger team to send against the title-chasing Wolverines.

Poor basket-shooting was the main reason for Wisconsin's 17 to 13 defeat at the hands of the Boilmakers. The forwards were able to net only one basket a piece, and Centers Gibson and Diebold were held scoreless although both had opportunities to count. Diebold, playing his first Varsity game after regaining eligibility, showed fine form and may give Gibson some competition for the pivot position. Spooner, former reserve forward, started the game in place of Elsom. He is a speedy floor man and with more experience will develop into one of the mainstays of the squad.

Had New Defense

Employing a new style of defense, the Purdue outfit was able to hold Wisconsin to three field goals while free-thrower, Holwerda, sunk 11 out of 12 tries from the foul line. Gage, Badger forward, dropped only 7 out of a possible 13. Center Gullion and one of the Purdue forwards covered Capt. Tebo and Rollie Williams, guards, while the two guards and one forward work on the forwards. Wisconsin was unable to start any of its rallies from the back court, as has been the case in previous games, and the floor men were handcuffed by the Boilmakers close guarding.

Coach Mather, of Michigan, watched the contest and obtained pointers for use when his quintet clashes with Wisconsin next week. Michigan has won four games and lost one. The team lost to Iowa, but Cappon, star guard, was out of

(Continued on page 8)

BUSINESS ASSISTANTS

Students interested in trying out as business assistants on the business staff of The Cardinal are asked to report at the business office, in the Union building, 752 Langdon street, between 3:30 and 5 o'clock this afternoon.

COUE LIMITED SAYS JASTROW

Declares Cures Are Boon to Those Unable to Pay For Medical Care

"Cures through auto-suggestion made by M. Emile Coue are practicable only within the limits of nervous diseases such as stammering, asthma and certain cases of paralysis," Prof. Joseph Jastrow of the department of psychology said yesterday concerning the miracles performed by Coue before a Chicago audience.

"Suggestion is nothing new in the realm of science; nevertheless, Coue has developed auto-suggestion or self-suggestion so that the patient now can cure himself, thereby benefiting the poor man who can not afford medical aid."

Phrase Is Hopeful

"Day by day, in every way, I am getting better and better," is a phrase which puts the patient in a hopeful mood. Such a mood will undoubtedly aid the patient in recovering."

All cases of disease in which the mental forces can be enlisted on the side of health are within the realm of Coue, but organic diseases must be treated by the physician, Professor Jastrow said.

"If a man has a broken leg, he will easily recover because he does not worry about the healing. This faith will enable him to recover, and make the period of convalescence almost pleasant."

Many shell shocked soldiers and hysterical people have been cured by this method in recent years, Professor Jastrow affirmed.

"Coue's auto-suggestion will undoubtedly do a great deal of good," Prof. C. L. Hull asserted.

"Many people will be cured, and few who can not be cured in this way will rely on it completely, but will fall back on the physician as soon as their cases become critical."

"At present it is merely afad. Coue is unable to diagnose a case properly and, when he comes across cases without his sphere, he will fail," Professor Hull continued.

"Many Coue societies will probably be formed in a short time which will carry these cures to extremes. The real test will show up the limits to which auto-suggestion can be applied."

Has Magic Word

"Ce passe" is the magic word which Coue uses in effecting his cures. He passes his hands firmly over the invalid and gives him the direct suggestion of health. The patient then becomes partially hypnotized, takes in this suggestion and cures himself through his own mental attitude.

"Shut yourself up in a room, seat yourself in an arm chair, close your eyes to avoid any distraction and concentrate your mind for a few moments on thinking, 'such and such a thing is going to disappear' or 'such and such a thing is coming to pass.'

"If you have really made this auto-suggestion, if your unconscious has assimilated the idea that you have presented to it, your are astonished to see the thing you have thought come to pass," Professor Jastrow concluded.

"Every new cure will revive your fading hope and will make every new attempt seem more probable."

Former Pastor to Preach at Presbyterian Church

The Rev. Leslie Bechtel will preach at communion service in the University Presbyterian church, 731 State street, Sunday morning at 10:45. Mr. Bechtel was pastor of this church in the days of its infancy. At present he is located at Superior. The Sunday Night club topic will be "The Relation of Religion to Character," led by Misses Elizabeth Morrison and Helen Hirth. The newly elected president of the club, Howard Willett, succeeds Charles Rawson.

DOUBLE HEADLINERS ON NEW ORPH BILL

Celebrators taking part in the Madison Ice carnival will find plenty of indoor pleasure, in the new program at the Orpheum, starting today. Two metropolitan headline attractions have been arranged to make the week-end an exceptionally strong vaudeville bill.

George Wilson, famous for his "Waltz Me Again," is to appear with his company of ten in "Stranded," a novel minstrel offering. With minstrelsy predominating, the act will be up to date and full of the same snap and dash.

The other headline offering will be the youngest dance stars of the day, Beatrice Gardel and Ruth Pryor, who will appear in "Dances of Here and There." Both girls are still in their teens.

Lively comedy and music of the better sort blended with a program of popular airs, Phil Coscia and Al Verdi will be a melodious addition to the program. Both are skilled musicians and capable snowmen. Sid Lewis, known as the "Original Nut Comedian," is a young chap, bubbling over with a brand of personality that is refreshing, wholesome and enjoyable. A clever and artistic singing and piano act is an offering called "A Few Moments Musical," presented by Leo Flanders and Flo Butler. Katherine Sinclair is one of the most modern athletic women of the day. "An Athletic Potpourri" is the name coined for her act.

ROOMS PLENTIFUL AS NEW SEMESTER STARTS

A surplus of rooms both for men and women is the situation following the end of the first semester.

There have not been many changes by the men students, and only the normal number among the women. Both deans' offices have a long list of available rooms which seems far to exceed the demand. Evidently the new semester saw more students leaving than entering.

Prices for women's rooms remain the same. Doubles range from \$3 to \$5 a girl, and singles from \$3.50 to \$6. Men's rooms range in price from \$2.50 to \$4.50 for double rooms, and \$3 to \$5 per single.

CHICAGO TO HAVE DAMP CANDIDATE FOR MAYOR'S JOB

Judge Bernard P. Barasa.

There'll be a showdown in the wet and dry question in Chicago soon. Judge Bernard P. Barasa, an avowed wet, has announced his candidacy for the Republican nomination on a platform which includes opposition to the Volstead act.

MILITARY "GRADS" MAY BE MARINE OFFICERS

Senior students who have completed the advanced military course at Wisconsin are eligible to be recommended for appointment as second lieutenants in the Marine corps, according to a letter from the Marine headquarters received here today.

There are a number of vacancies in the rank of second lieutenant in the corps which will be filled by men from the military departments of distinguished colleges. A recommendation from the president of the university and the commandant is necessary. The candidate will have to pass only a physical examination. The men chosen will report to the Marine Officers Training school at Quantico, Va.

Anyone interested should apply to Major Wood of the military department for further information.

HOME ECS TO HOLD EXTENSIVE EXHIBITS

Many attractive exhibits and demonstrations will be held in the Home Economics building and practice cottage during the Winter Farm festival to be held at the College of Agriculture, February 23 to 24, according to Josephine Swift, chairman of the home economics department display.

The practice cottage will be open Saturday, February 25, for the inspection of Madison women and university students who have never before had an opportunity to explore the mysteries of this home economics laboratory.

Exhibits that will be held in the Home Economics building include, children's dresses, new spring dresses, and made over dresses, art and designing, problems in line color, applied designs in block printing, batik, tie and dye work on scarfs, kimonas, table runners; costume designing for the tall, the stout, the blonde, the athletic girl and the red haired girl.

The demonstrations will include cooking, art and designing, house decoration, weaving, architecture, sewing children's dresses, and research work.

International Club Will

Celebrate Russian Night

Rusian night will be celebrated at the meeting of the International club tomorrow night at 7:30 o'clock in the S. G. A. room, Lathrop hall.

The program will consist of Russian songs by Miss Louise Gottlieb '24 and Miss Matilde Bensaude.

Russian and interpretive dancing by Miss Sonya Forthal, grad., and a folk dance, Kamarinskisi, by Miss Anna Stoffregan and Alexander Granovsky, grad.

After the program there will be Russian social dancing for everyone, during which a Russian delicacy will be served as refreshment.

PYTHIA WILL HOLD TRYOUTS ON FRIDAY

Tryouts for the annual Pythia-Castalia debate will be held by Pythia Literary society on Friday evening at 7 o'clock, fifth floor Lathrop, in place of the regular meeting.

The question for debate this year reads: "Resolved: that an amendment to the Constitution should be made to permit the passage of child welfare legislation." Every member of the society is expected to try out. Either side of the question

may be taken in the preliminary, while the time limit for each try-out is set for one and a half minutes.

Catherine Bigham '24, has been

appointed debate chairman, and

should be consulted at B. 117 for all

details of the try outs. First team

and alternates will be picked by

a committee composed of the soci-

ety as a whole.

All Juniors, members of Pythia,

are required to try out for

Northern Oratorical contest, by

submitting a 2,000 word essay to

Professor O'Neil on or before Feb.

12. A fine of \$1 will be imposed on

all who fail to comply.

NEWS OF CONFERENCE SPORTS

PUCKSTERS WILL PLAY MINNESOTA HERE SATURDAY

Strong Gopher Team is Still Undefeated

Coach A. K. Viner is putting the finishing touches on the preparation of his hockey team for the two games to be played against Minnesota on Friday and Saturday. The Gophers are favorites and Viner is working his hardest to get his men in shape to win.

The Minnesota squad has a clean record for the season, having won all its games and having yet to be scored on. The Gophers will try to keep their goal uncrossed when they stack up against the Badger squad.

Gophers Stronger

Comparison of scores which both teams made against the Michigan team shows Minnesota to be much stronger than Wisconsin. The Gophers won two games from the Wolverines by scores of 2-0 and 3-0, while the Badgers were lucky to take one game out of four from Michigan by a 1-0 score.

Wisconsin's stock was boosted considerably when news came from Minneapolis yesterday that Bond, stellar Gopher wingman, is in the hospital and will be unable to work against the Badgers this week-end. Bartlett and Bross showed the best form for Minnesota when Wisconsin played them last year.

Wisconsin's hopes are based largely on the excellent shooting of Johnson and the field work of Capt. Combacker. Blodgett at defense, and Tredwell at the goal are also dependable men.

Two Good Spares

The announcement of the eligibility of Vonczesky and Moran, fast forwards, insures a pair of spares who will work almost as well as the regulars when they are given a chance to play. Both men are certain to work against Minnesota.

The men worked late yesterday afternoon and will taper off to a lighter workout today so as to be in the best of condition for the matches.

GYM TEAM IS PREPARING FOR OPENING MEET

The gym team under the tutelage of Coach Frank Leitz, is putting in hours of hard work every day in preparation for the first meet of the season when it will meet the Milwaukee "Y" team next Saturday evening. The men will leave Madison Saturday morning and will arrive at Milwaukee at noon.

The Milwaukee team is an unknown quantity as far as the Badgers are concerned, and the meet on Saturday will give gym followers a chance to see what stuff each team has.

The Wisconsin team has suffered no losses from ineligibility and with several men from last year's team working the team should make a good appearance against Milwaukee.

Badger hopes are based greatly on the work of Kubosch, Kitchen, Porth and Thompson, all men from the team which placed second in the conference last year.

Ten men will leave with the team according to Coach Leitz, who feels confident that his men will have an even break against the Milwaukeeans.

PRO RULING DEPRIVES N. U. OF LINE COACH

Northwestern university lost its line coach, George Trafton, former Notre Dame and Staley football star, when he tendered his resignation to the Purple athletic department. Officials announce that they are obliged to accept it under the conference ruling which prohibits a former professional player from coaching in any capacity in the Big Ten. Trafton came to Northwestern at the beginning of the 1922 season.

Friend Of Abe Lincoln Is Dead In Chicago

CHICAGO—Richard Rusk, aged 90, said to have been a friend of Abraham Lincoln, is dead here today.

Butler Officials Refuse To Comment on Pat Page

Butler university officials refused to comment Tuesday upon the report that Pat Page was considering accepting a coaching job here. The officials declared that Pat Page recently expressed satisfaction with his job at Butler. Although Page's present contract with Butler expires September 1, he recently announced that he had signed a new five year contract and he has already gone into extensive plans for next year's football season.

BASEBALL TEAM OPENS TRAINING

Coach Lowman Sees Bright Prospects in Spite of Raw Material

With approximately thirty men working, Coach Guy S. Lowman sent his whole squad of baseball players through the first workout of the season yesterday afternoon. Despite the fact that the greater part of the men are new this year, prospects for a good team in the spring seem bright.

While there are seven men trying out for the pitching position, Lowman feels that the mound job will be his weak spot when spring rolls around. Nearly all veteran pitchers were lost through graduation last fall and new men must be developed.

There seems slight chance that Herb Christianson, hurling ace last year, will be in competition this spring. Unofficial reports claim his ineligibility and no reports to the contrary have been received to date.

Pickford Heads Hurdlers

The most likely candidates for the pitching berth are Pickford, Mills, Meyland, and Johnson. Pickford probably heads the list as he has served on the varsity squad in the past. He pitched in a few games last year.

The fact that very few of last year's freshmen team are available this year puts a crimp in the amount of material at hand. Many of the 1922 yearlings have dropped out of school and several others are ineligible. The material which has reported so far, with the exception of a few old varsity men, are players who have been out of the game for some time.

Of the three catchers who are reporting, Becker of last years freshman team looks like a comer. Kellam and Aschenbrenner are also slated to put in bids for the receiving position.

Candidates Are Numerous

The infield and outfield candidates are numerous and as yet little can be said of the probable varsity men. Dugan, third sacker or outfielder, will certainly be one of the strongest contestants for a regular berth, because of his experience on the team last year. Foy and Skaife are other men from last year's squad who will bid for regular berths.

The squad will be strengthened considerably when the end of the basketball season relieves Rollie Williams and Gus Tebell, two outfielders. Howie Combacker, captain of the hockey team, is a second baseman who will be available at the end of the ice season.

A list of some of the promising men follows: Pitchers, Pickford, Mills, Comstock, Meyland, Schrenk, Lowe, and Johnson; Catchers, Becker, Kellam, and Aschenbrenner; Infield, Dugan, Combacker, Holmes, Pollack, and Ellingson; outfielders, Foy, Williams, Tebell, Skaife, Melvin, Flugstad, Gibson, Emanuel, and Otteson.

RIFLE CLUB IS AFTER CORPS CHAMPIONSHIP

The Wisconsin Rifle club is now competing for the sixth corps area rifle trophy. This includes the senior R. O. T. C. units in Illinois, Wisconsin and Michigan. Wisconsin's team has won the corps championship for the past two years and if successful again this year will compete for the National Inter-collegiate cup.

The team has already shot five matches.

Wis., 521; Tenn., 531
Wis., 245; Lehigh, 247
Wis., 3592; Georgia, 3030

SATURDAY MAT MEET WILL TEST FOOTBALL ACES

Badgers and Gophers Dual Contest

The value of football men on a wrestling team will be demonstrated again on Saturday night when two grid stars clash with grapplers in the Minnesota-Wisconsin mat meet.

Fred Oster, fullback on the Gopher football team, is slated for a bout with Capt. E. H. Templin, Wisconsin light heavyweight. Templin, who is rated as one of the best mat men in the Conference, has been out of the ring for two weeks for the participants at a low-center, and injured him severely when Wisconsin won its first meet a few weeks ago.

Badger Guard Wrestles

Bieberstein, Wisconsin Varsity guard, will grapple with Catangaro, heavyweight, in the other match which a football man has entered.

Although Coach Hitchcock has practically decided what men will compete against Minnesota, he will not make a final announcement until eligibility records have been checked on the hill. Since Bob Holmes, premier 135-pounder, has been unable to work because of illness, it has been necessary for Hitchcock to select another lightweight for the Minnesota meet. Morrow, Schakel, and Haddorff will all receive consideration.

The Minnesota wrestling team lost its first dual meet to the strong Iowa university aggregation, but has consistently defeated Wisconsin since the inauguration of the mat game here. The Badgers will have an uphill fight to defeat Minnesota.

Tied for First

Wisconsin is tied for first place in the Western Intercollegiate Wrestling Association. Ames, Ohio State, and Iowa are other teams which are on the top rung of the ladder. Standings, issued by Coach Mayser, of Ames, follow:

Team	Won	Lost	Pct.
Ames	3	0	1.000
Ohio State	3	0	1.000
Iowa	1	0	1.000
Wisconsin	1	0	1.000
Nebraska	1	1	.500
Illinois	2	1	.667
Chicago	2	1	.667
Minnesota	0	1	.000
Purdue	0	2	.000
Northwestern	0	5	.000

Former Two-Mile Victor To Re-enter Drake Relays

The Michigan "Aggies", winner of the two-mile college relay at Drake last year, is scheduled to enter the same event at Illinois, March 3, in the western indoor relays.

Catholic Pucksters Meet Michigan Team Saturday

Notre Dame pucksters will open their home season against Michigan Saturday, weather conditions permitting. Following this the team will make a four day journey into Minnesota and Michigan, meeting St. Thomas and Ramsey Tech at St. Paul on the 12th and 13th, and then will enter two contests with the Michigan School of Mines at Houghton. A later trip will be made on February 22, for a game with Michigan at Ann Arbor and another on February 24 with Assumption college, Windsor, Ont.

SWIMMERS WILL INVADE GOPHER TANK SATURDAY

Bennett, Czerwonky Counted On

The Badger swimming squad will leave tomorrow night for Minneapolis to meet the Gophers in its second conference meet of the season. The eligibility of several of the squad members will not be definitely settled until this afternoon when Coach Steinauer will get the checked list from the registrar's office. Several men in the College of Engineering and the Law School are doubtful, but it is thought that all of the other men will be able to compete.

Minnesota has a strong tank squad this season and will give the Badgers the stiffest kind of a battle. They beat Chicago decisively last Saturday and look like one of the strongest title contenders in the conference. Faircy, who has broken more than one record in competition, and Lamper are the stars on the Gopher team. Both are expected to give Captain Johnny Bennett a run for honors in scoring points.

Czerwonky is expected to give Bennett the most assistance in scoring. He will enter the breast stroke and back stroke races. If Ewald is eligible to swim he will undoubtedly take places in the crawl stroke events.

Ellicott and Storey will round out the crawl stroke squad. Koch and Moroney will enter the diving events and Salstein and Dummer will represent Wisconsin in the plonge.

Bennett, Storey, Ellicott and Porter probably will form the relay team for Wisconsin unless ineligibility causes some changes in the lineup.

If the Badgers can come through the Minnesota meet with a victory, prospects for a winning team will look much brighter. The Gophers have one of the fastest tank squads in the country and at present stand a fair chance of coping the title in the conference. Wisconsin's real strength against a first-water swimming team will not be known until after the Minnesota tilt.

It is too early to predict the outcome, as Indiana is the only team that the Badgers have engaged, but if the doubtful men are declared eligible by the registrar things will look much brighter than they have for several seasons. Material is on hand for a high class tank squad if scholastic standings do not prohibit the men from getting into action.

NEW YORK—The International Ladies Garment Workers' union announced intention of organizing a cooperative labor bank, the fourth to be organized here in three weeks.

CAPTIVATING COUE

Lurid headlines bring the news from Chicago—that Emile Coue, apostle of healing by auto-suggestion, has again accomplished what is apparently unbelievable to the layman—the immediate relief and partial cure of cripples.

If the veracity of the reports is not to be doubted, then there may be justification for sudden decisions on the part of struggling medics to change professions.

But laying aside the question of absolute achievement in Mons. Coue's startling work, there is a broad significance to be attached to the tremendous popular appeal that his work is making.

Three thousand persons packed Orchestra hall in Chicago to witness the French chemist's latest experiments and roared their enthusiastic applause as he effected apparent cures for five cripples. That is significant.

Mons. Coue with his self-cure creed has appealed to a fundamental public interest which is at the same time unmistakably an overwhelmingly popular interest.

People are intoxicated with a new doctrine that may revolutionize their mode of living and directly remove that terrible and universal fear of misery.

And Coue is as a spark that touches a heap of latent thought timber, starting an immense flame of desire after a new knowledge that will enlighten and instruct.

Coue, with a creed that has astonished and jolted, has set in motion a volume of philosophical and religious thought that is reaching proportions heretofore unknown.

Yet Coue with his adherents form only one small group in a vast multitude seeking after light on psychological, philosophical and religious questions. The movement is a general one and a significant one in present day thought.

The philosophy department here reports an over-crowding and expansion all out of proportion to the growth and expansion of the university as a whole. Department

heads are having difficulty in engaging enough instructors to handle the student enrollment.

Professor Otto's course in Man and Nature is typical in the philosophy department with an enrollment of 100 more students than were anticipated. More than 300 students are taking advantage of the field of thought Professor Otto offers.

Inquiries at libraries here and over the state show an absolute dearth of philosophical works at hand because of the current popular demand for such reading material. Librarians report that readers are tending more and more away from novels and directing their reading to books dealing with semi-religious questions. There actually are long waiting lists for certain books.

The wide-spread tendency is a good and wholesome one. It is a potent denial of prevalent charges that ours is a frivolous and jazzy age and that ours is a non-thoughtful, flapperish university community.

Students, as well as the persons of our outside world, have the fundamental instinct or desire to solve the universal problems and fears of life.

That instinct or desire is too often submerged in the superficialities and practicalities of our immediate environment.

But now a French scientist with a captivating creed and attractive professors with enlightening, unprejudiced information have begun a brushing aside of such baggage and opened paths of fundamental thought to popular travel, where thinking is the means and understanding the goal.

FEE CARD DANCING

THE regulation requiring the presentation of fee cards for admittance to all student dances has occasioned considerable questioning on the part of many students concerning the necessity for such regulation.

The facts are these:

Heretofore, university mixers, Union board dances and up-town dances under the auspices of Messrs. Thompson and Boyd have been held under the name of student dances.

Townspeople, whether through carelessness or ignorance of the sponsors, have been admitted to all such dances, causing disorder in some cases and in any event classing the dance as a public dance according to the interpretation of the city ordinance.

Students are prohibited from attending public dances by university regulation.

Since the dances are classed as public by the city ordinance, the student life and interests committee took the only means available of insuring the attendance by students only. The means lay in the fee card.

The Madison committee investigating dance conditions in the city gave the plan its O. K. and Messrs. Thompson and Boyd offered to adopt the rule for their Friday and Saturday night dances.

Pertinent objections have been raised to the plan.

The impossibility of replacing lost fee cards, it is said, will mean that the unfortunate loser will be unable to attend student dances during the year.

In reply it is pointed out by the committee that fee cards have just been issued and that following the warning published by the dean of men yesterday, they should be guarded with as much care as five dollar bills. Furthermore, it is required that only one of the couple present a fee card.

The real hardship imposed by the new rule it is urged, will rest on ex-students still living in Madison and whose social interests still center in university dances. No exception to the rule will be made, the university committee has declared, and so in this one instance the hardship may prove real.

The rule is not a panacea, nor is it intended to be by the university and Madison committees. Lending of fee cards, if the student's personal honor permits, may cause trouble.

The move to make student dances exclusively for students and above criticism is a commendable one, and it is reassuring also to know that the two committees will watch carefully the results of their regulations and stand ready to alleviate difficulties, should they arise.

UNSIGNED MESSAGES

After receiving an unsigned communication yesterday, we are reminded again to impress upon persons with messages for publication that their articles cannot be printed unless their names are attached. The Cardinal at all times welcomes opinion on any question whatever pertaining to student life and will use whenever possible its columns for public expression of that opinion.

—The Editor.

Dainty Dance Offering
Opens at Orpheum Tonight

Miss Beatrice Gardel and Miss Ruth Pryor open at the Orpheum today in a dainty and teepsichorean production, called "Dances of Here and There". They are assisted by Miss Marcel White, soprano, who will furnish an entertaining interlude to the dances presented. Both Miss Gardel and Miss Pryor—favorably known for distinctive ability as a premier danseuse and their combined efforts in one production give it unusual strength as a dance offering.

Russell Urges Bonus on
Hogs Free From Disease

A bonus paid by packers for all tuberculous-free hogs was urged by Dean H. L. Russell of the College of Agriculture before a meeting of the Dane county breed association Tuesday afternoon. Such a step would aid in the eradication of the heavy tubercular infection in the southern part of Wisconsin, he said. It is due to the present high infection, according to Adolph Bolez, manager of the Oscar Mayer Packing company, that local markets are usually several cents lower than in other centers.

There's only one aftermath worse than the one after small pox, and that's the one after Prom—that is for most of us. Of course we suppose that as long as there are proms there'll be blind dates to mar some poor Elmer's happiness.

Some of the boys we saw looked as happy with their so-called prom queens as the fellow who bit into an apple and found a worm.

But Prom is a great thing. We're for it strong. We hope they always have it. Hope they always hold it at the capitol, hope it always lasts till 3 o'clock. Otherwise we might have a good time, and that would never, never do.

COLLITCH DAYS

Six hard exams in four hard days

Had left him shaky and pale,
His mind was wrapped in a

lavender haze,
He felt like a term in jail.

Oh the north countree is a

tough countree;

It mothers a bloody crew
Who give exams, like battering

rams,

That bore you through and

through.

Alpha Delt: Where are you going?

Deke: To the Deaf, Dumb and

Blind asylum.

A. D.: What for?

D. To get a couple of chaperones.

SONG OF HATE

I'm a slick lad and I savvy my oats,
My looks aren't half bad, I wear

five-button coats,

Likewise bell bottomed trou, Wilson's hose and flat hats,

Pulled down on my brow. And the

latest cravats,

Encircle my dainty and well shirted

neck.

The town boys sob "ain't he the

regular heck,"

When they see me pedestrate up

and down State—

Dress faultless, stride dignified,

slow and sedate.

** *

AN EDIT

Picture a quiet Sunday afternoon in Science hall during exam time. Three men in a study room grinding away to save their hides from the faculty tanner. All serene and peaceful, etc. In walk three women with similar designs. Heels dragging, lots of tee-hee-hees, chairs scraping, small talk with giggles, "Oh, Gee Kids," and more tee-hee-hees, interspersed, ad infinitum ad nauseum. And then they ask us why we're ag'in co-education.

** *

There's one thing that's nice about the second semester—there's no rushing season. None of this stuff:

"Well, how do you like it up here?"

"Uh huh. Registered yet?"

"Yeah? What course y' takin'?"

"Got your room yet?"

"Nice Lake." Nod sagely. "In winter we skate quite a bit."

After an awkward pause repeat above.

"Well, let's go into dinner."

ART.

PROM USHERS TO BE
PAID OFF TONIGHT

All men who ushered at Junior prom and who were checked off at the door have been requested to call at the Phi Gamma Delta house between 7 and 8 o'clock today for their pay. Men who were not checked off will be given no consideration according to Arthur Ardiel '24, chairman of the floor committee.

BULLETIN BOARD

WOMEN STUDENTS

All women students who have changed the address which they registered at the office of the dean of women the first semester are reminded to come at once and give the correct address for the second semester. An incorrect address at this office may mean serious inconvenience for university officials.

F. LOUISE NARDIN,
Dean of Women.

GUN AND BLADE CLUB

Gun and Blade club will hold its regular meeting at 7:30 Thursday night at the Union building.

SENIORS

Seniors and graduate students who are preparing to teach and desire the aid of the committee on high school relations will meet Thomas Lloyd-Jones at 4:30 o'clock Friday in 165 Bascom hall.

RIFLE CLUB

All members of the Rifle club must fire the prone stage of the Sixth corps area match this week.

PROM PROGRAMS

Those persons who did not get programs at prom and who hold program checks can obtain them by calling at the Chi Psi house Thursday night.

N. O. L. MANUSCRIPTS

All manuscripts for N. O. L. contest must be in Prof. J. M. O'Neil's office by noon, February 12.

THETA SIGMA PHI

MISS MAXWELL CHOSEN QUEEN

Lucky Candidate Will Be
Crowned Before Strand
at 5:45 Today

THE FINAL RESULTS.
Violet Maxwell 71,823
Dorothy Ross 64,327
Betty Coster 44,517
Sadie Ryan 31,332
Margaret S. Kinney 6,568

Violet Maxwell

Violet Maxwell, the Harry S. Manchester store's candidate for Madison's Ice Carnival Queen, was declared winner of the contest yesterday by William E. Walker, official vote tabulator when it was learned that Miss Maxwell totaled 71,823 votes, or more than 7,000 more than her closest competitor, Dorothy Ross, Olson & Veerhusen's candidate, who has led the field for a large part of the week.

Miss Maxwell will receive \$50 in gold and will ride in the lead of the Carnival parade. She will wear a royal gown prepared especially by the French Shop modiste.

Miss Maxwell's total swelled from 20,894 when the last announcement was made.

According to Mr. Walker, in charge of the contest, there was lively balloting in the last day of voting. Neither the candidates nor their managers knew how any of the girls stood after Monday's announcement of the votes and all balloting was done "blindly."

Over \$2,200 was realized by the ice carnival committee from the contest. This money will be used toward making the carnival a success.

Betty Coster, a candidate who has jockeyed quite a bit in the contest, more than doubled her vote since Monday's announcement. She was third.

The queen will be crowned this afternoon at 5:45 in front of the Strand theater, following the big carnival parade.

Italian Chamber O. K.'s Washington Arms Pact

ROME—The Italian chamber of deputies yesterday gave its approval to the Washington conference treaties after Premier Mussolini had spoken in favor of them.

UNIVERSITY BURNS 91 TONS COAL DAILY

During the last cold spell, 131 tons of coal were burned at the University heating plant the day of February 3. The usual number of tons burned daily varies from 85 to 91 tons in normal weather. At the present rate, 2800 tons of coal will be used the month of February according to the superintendent of the plant. Last year the amount of coal consumed for February was 2809 tons. Cars are being shipped at a satisfactory rate, and the coal is of good quality. Twenty cars were in town February 7, with 27 on the road. Before April 1, 3,000 tons will be stored at the plant.

Grad Enrollment to Reach 850, Breaking All Records

The number of graduates who will be candidates for higher degrees this year will be greater than any previous year. At the present date 727 grads have registered, 144 of which were not in attendance last semester. About 850 entrees are expected. Wisconsin ranks third in the number of graduate students taking work, being exceeded only by Columbia and Chicago.

"FLU" SWEEPS STATE BUT DOES NOT HIT U.

In spite of the fact that it is thought that "flu" is again sweeping Wisconsin, there have been no cases reported in the university to this date, according to Dr. Robert Van Valzah of the University clinic.

"Although there have been many cases of la grippe," stated Dr. Van Valzah, "we have not felt that any of them could definitely be pronounced influenza. There have been cases of grippe all winter."

Although reports of the state board of health indicate that the "flu" is prevalent in all parts of the state, it is generally mild in form, and there are but few localities in which an epidemic of the disease has been reported.

Milwaukee, Beloit and Berlin are suffering most from the attacks of the disease. It is reported that schools in West Allis were closed because of "flu" and other ills, high schools and normal schools were also closed in Antigo for a few days.

The board of health has issued rules for fighting influenza and trying to stop it before pneumonia complications set in. The chief warning is to go to bed and send for a doctor; avoid excessive fatigue, and crowds; eat lightly and remain isolated at home; cover every cough and sneeze.

GRAD GROWS PLANTS WITHOUT SUNLIGHT

Growing plants by artificial light and making them blossom at will is the accomplishment of Gordon T. Nightingale, grad., of the department of horticulture.

Experiments which he has been conducting for over a year, show he says, not only that most plants can be grown equally well under sun or electric light, but that by varying the intensity or duration of the light, the blossoming time of the plant can be controlled.

Nightingale grows the plants in the light of incandescent lamps. He varies the amount and kinds of salts which the plants use, besides varying the light. He has found, he says, that there is a direct relation between the food available, the duration of light, and the blossoming of the plant. It is hoped that his experiments, besides being of scientific interest, may prove valuable by providing increased knowledge of fertilizers and the time to apply them.

Math Instructor Will Address Club at Meeting

Ottis Howard Rechard, instructor in the mathematics department of the university, will speak before the Mathematical club on the subject "Classes and Order of Functions." The meeting will be held in 309 North Hall at 4:00 this afternoon.

University of California Curbs Sorority Bridge

A new rule at the University of California prevents bridge playing in sorority houses before 10 in the morning and after 7 in the evening.

Billion Business For Presidential Insurance

NEWARK, N. J.—Edward Dufield, president of the Prudential Life Insurance Co., announced business amounting to \$1,311,000,000 for 1922, an increase of \$71,200,000 over 1921.

Heirs Get Fortune If They First Can Earn \$50,000

STURGIS, Mich.—The will of the late Frank Burdick of Sturgis, who died in Chicago after an operation, involves about \$1,000,000 accumulated in the manufacturing business. After provision for Mrs. Burdick and an only daughter, Mrs. Lulu Slemmons of Los Angeles, the balance was left in trust for the benefit of his three grandchildren, Mrs. Albert Dorrance of China, whose husband is a representative of the Standard Oil Co. there; Frank L. Tennant of Sturgis, university student and James Slemmons of Los Angeles. The grandchildren will receive bequests of \$50,000 when they can prove they have earned and saved a like amount. Each time they are able to prove they have earned this amount they will receive an additional \$50,000 until the estate is absorbed.

60 STUDENTS IN NEW PULP MAKING COURSE

Sixty students are enrolled in new extension courses in pulp making conducted by the Forest Products laboratory in cooperation with the Extension division.

Thirty-nine are members of a study class organized in the three Wisconsin cities, Nekoosa, Port Edwards and Wisconsin Rapids. Ten more are residents of Wisconsin, New York, Illinois, Minnesota, Ohio, Indiana, California and Maryland are represented by others.

They include six executives, four foremen, one chemist, one draftsman, thirteen machine tenders and helpers, seven cooks, four truckers and roll pluggers, two oilers, three plant engineers, two clerks, four salesmen, one editor and 12 unclassified.

K. Of C. Club Gives Play At Waunakee

"The Little Brown Jug," comedy drama, presented Sunday and Monday nights at St. James' school hall under the auspices of Catholic Knights of Columbus, camp 247, will be repeated next Sunday night at Waunakee. The cast included Carl Laughnam, Marjorie Doll, Anna Klein, Mary Dirienzo, Harry Wald, Vincent Doll, Louis Wilhelm, and Norbert Stamm. Patronilla Kleif and Frances Gross presented a piano and violin selection and Peter J. Annen a solo.

Technical Club Issues Directory For Members

A new membership directory has been published by the local Technical club. The 246 members of the club are listed alphabetically, with the occupation, home address and telephone number and business address and telephone number. The complete list of officers, directors, and committee members is also included in the pamphlet.

Limestone Raises Profits Of Farmers

Limestone pulverized and added to the soil is bringing thousands of dollars to Wisconsin farmers through increased acreage and production of alfalfa, the extension division of the College of Agriculture declared today in its annual report of February 1.

One acre of alfalfa, in the Middle West has twice the value of an acre of oats, corn, rye, wheat or barley, the report said. Green county has placed 8000 tons of lime on its soil; Two county is applying 6000 tons annually and Green Lake county, about 3000 tons.

Rock county has produced 14,000 tons of lime for fertilizer in the last two years by grinding rock, and Walworth county, just beginning, put in 1000 tons on the soil last year. In many cases limestone fences and buildings are being destroyed and pulverized to make fertilizer.

Legion Commander To Ask Armistice Holiday

Ryan Duffy, Fond du Lac, state commander of the American Legion, will be in Madison Thursday to appear before the state affairs committee which has before it senate bill 64, making armistice day a legal holiday.

E. F. Williams, First Delavan Mayor, Dies

DELEVAN, Wis.—Edward F. Williams, 64, president of the Citizens' Bank of Delavan, the city's first mayor and scion of one of the oldest families in Walworth county, died at a Chicago hospital Tuesday afternoon.

Madison Man Weds Girl At Rockford

Raymond H. Schmitz, 25, Madison, and Helen Elizabeth Stucky, 25, Rockford, obtained a marriage

license at Rockford today. They will be married Thursday morning.

Some 17 Wisconsin counties sent more than 10 students each to the university last year.

Kappa Sigma
Pledging

Kappa Sigma fraternity announce the pledging of Harry McAndrews, New Richmond. He is entering the university as a junior

Presbyterian
Open House

Open house was held at the Presbyterian student headquarters, 731 State street, yesterday afternoon from 3 to 5 o'clock for all members of the Presbyterian church and their friends. They will also hold open house this evening from 7 to 10 o'clock.

Kappa Alpha Theta
Pledges Entertain

The active chapter of Kappa Alpha Theta will be guests at a "tux" party to be given by the pledges of the sorority Saturday evening at the chapter house, 823 Irving place.

Those invited to chaperon are Mrs. B. P. Reinholdt and Mr. and Mrs. T. E. Gould.

Alpha Gamma Delta
Visited By Officer

Miss Louise Leonard, national president of Alpha Gamma Delta will visit the chapter Sunday. The members of the sorority will give a supper at the house in her honor Sunday evening.

Miss Leonard is from Buffalo, N. Y., where she is secretary to the dean of the Medical college.

Tekes
Announce Pledge

Tau Kappa Epsilon fraternity announces the pledging of Harold E. Rieger, Toledo, Ohio, C. J. 1.

Nuss-Beckwith

The marriage of Miss Ruth E. Nuss, 312 West Wilson street, graduate of the Chicago Musical college, to D. V. W. Beckwith, graduate of the University of Wisconsin law school and member of Alpha Sigma Phi fraternity, took place last Tuesday morning at 10:30. Mr. Beckwith is an attorney in Madison and member of the firm of Hill, Thoman, and Beckwith. Miss Janet Breitenbach '23 played the Lohengrin wedding march preceding the service.

To Judge Windows

Expert Display Man Is Here To Help Madison Carnival Committee

L. A. Rogers, Chicago, editor of the Merchants' Record and Show Window and secretary of the International Association of Display Men, will come to Madison Thursday afternoon to assist in judging window displays for the ice carnival. With Mr. Rogers on the judging committee will be Mrs. I. Milo Kittleson and Dean Scott H. Goodnight.

An engraved silver loving cup will be awarded for the best window display, according to William Meuer, chairman of the window display committee for the carnival.

"We would like to see every window in town decorated for the carnival," said Mr. Meuer today, even though not entered in the competition, to boost for the carnival."

Can't Collect Damages From University Regents

Miss Else Rielley can not collect damages done her car by a university machine from the university board of regents, according to an opinion given J. D. Phillips, business manager of the university, by Franklin H. Bump, assistant attorney general. A university machine, said to have been driven by Dr. R. C. Blankenship, collided with the Rielley machine at Drake and Park sts., and each party blames the other for the accident.

Smith Will Address Indiana Conference

Prof. Leonard S. Smith, of the department of city planning and highway engineering has been invited to lecture at the Indiana state conference on city planning which will be held on Feb. 15, in Lafayette, Ind., under the auspices of Purdue university. Prof. Smith will speak on "Housing and Its Relation to City Planning."

Hundreds Inspect New Nickles Electric Shop

Hundreds of Madison women attended the opening of the new Nickles Electric Shop Annex, 109 W. Main st., on Monday, Tuesday and today.

DEBATERS WRITE FOR MANUSCRIPT PRIZE

Manuscripts of orations are now being prepared by several students on the campus to be submitted by February 12 to Professor O'Neil, head of the department of speech. Contestants submitting manuscripts of a suitable nature will be drilled and the winner will receive a \$25 prize from the Forensic board. Professors O'Neil, Weaver and West will be the judges.

The representative of Wisconsin will deliver his oration for a \$100 prize before the Northern Oratorical league at Minneapolis in April. This contest is recognized as the leading oratorical contest in the United States and is composed of representatives from Wisconsin, Michigan, Minnesota, Northwestern, Illinois and Iowa.

The heads of the department of speech from each institution will act as judges and will grade each man except the representatives of his own school. Orations of not more than 2,000 words must be written by the students themselves.

Northwestern has been the most consistent winner with Wisconsin a close second. Sterling Tracy was the last representative to win first place. Elvin Reis '12, Madison and Senator LaFollette also have won the honor for their alma mater. Harold Seering '26, Charles Rawson '25, Ralph Axley '25, Wayne Morse '25, debaters of recent years are expected to present manuscripts.

MANY SCHOOLS ENTER KANSAS RELAY GAMES

Every team in the Missouri valley conference is to participate in the University of Kansas relay games, to be held in the new memorial stadium April 21, according to Karl Schlademan, track coach at Lawrence. Of the "Big Ten" schools Minnesota is surely expected to enter, and Wisconsin, Illinois and Michigan may enter later, he said Saturday.

S. G. A. LIBRARY POSTS BULLETIN OF BOOKS

A new bulletin board, posted at the entrance of the S. G. A. office in Lathrop hall, has given an impetus during this week to injuries for books from the S. G. A. library reports Ethel Vinge, librarian. Advertisements and book reviews are posted on the bulletin board.

An order for new books will be given soon for which suggestions are very welcome. All book reviews and advertisements brought to the office are appreciated, and books of either fiction or non-fiction will be gladly accepted as additions to the collection.

The S. G. A. library gives students the opportunity to do recreational and instructive reading. The rate for use is 2 cents a day. The library now contains 82 books, including the "best sellers," poetry travel, and a variety of reading. Between 350 and 400 books have gone out from the library this year.

Several books have disappeared according to the librarian and should be returned by the borrowers. Among the missing books are Joanna Codden, Beggar's Gold, This Freedom, Upstream, Modern Essays, Modern American Poetry, Glimpses of the Moon, One of Ours, Babbitt, Tale of Tisoma, Maria Chapdelaine, Merton of the Movies, Mirrors of Downing Street, Gentle Julia and The Great Hunger.

Lake Sailors' Strike Temporarily Halted

CHICAGO—K. B. Nolan, international secretary of the Seamen's Union, today announced that the sailors strike for an 8 hour day on boats controlled by the Lake Carriers' association has been temporarily halted. "We intend to take up the strike matter again before navigation opens this spring," he said.

Rotary Club To Hold Memorial For Holway

Memorial services for Adjutant General Orlando Holway who died Saturday night will be held by the Rotary club, of which Gen. Holway was a member, at the weekly luncheon of the club Thursday. Major William F. Lorenz will be the speaker.

Regular radiophone broadcasting of weather reports was begun by the university station in 1921.

FANCY SKATERS TO PERFORM AT ICE CARNIVAL

William A. Rusch and his eight-year-old daughter, Violet, of the Milwaukee Castle ice gardens will perform skating stunts during the night carnival on Lake Mendota Saturday. Leon Grieb, also of Milwaukee, is another fancy-skater on the program.

Miss Rusch is said to be the youngest exponent of fancy skating in the state. She will do waltzing and ten-stepping to music furnished by a band out on the ice. Her father has given skating exhibitions in Milwaukee for many years.

Leon Grieb has been a consistent winner in Milwaukee skating races during the last 10 years and has competed with several of the best skaters in the middle west.

Ski and toboggan races are among the new events planned for the carnival this year. The men's ski races Saturday afternoon will be to Maple Bluff and return, while the women will race to Picnic point and return.

The toboggan slide is being put into condition for the races. Doris and Helen Cushman '25 will go down the slide on skates during the afternoon.

Religious Forum To Discuss U. S. Negro

Prof. D. D. Leschobier has been asked by the Forum of Religion promoted by the University Methodist Church, to open the discussion upon "The Negro in American Life," Sunday, February 11, at 7:30 at the University church. This meeting will celebrate Lincoln's birthday.

A very interesting series of discussions for February and March have been planned. Among those to lead the discussions during this time will be Prof. John R. Commons, Attorney Frank W. Hall of the Hall and Baker firm, Dr. John R. Mott, world known religious leader, Prof. J. H. Farley, head of the department of psychology at Lawrence College, and President Samuel Plantz of the Methodist College at Appleton. Meetings are open to the public.

PADDOCK MAY ENTER PENNSYLVANIA RELAY

Invitations have just been issued to American and foreign colleges to participate in Pennsylvania's relay carnival on April 27 and 28. Charles Paddock it is rumored contemplates coming east to represent Southern California in the carnival and prove that his records which were not passed by the A. A. U. were genuine.

Missouri Football Coach Resigns For Job in East

Henry Garrity, assistant football coach at the University of Missouri, resigned his position there Tuesday. He has accepted a position as Wake Forest college coach in Raleigh N. C. Garrity graduated from Princeton last year and has been at Missouri only one season. His resignation leaves this institution without any football coach since Tom Kelly, the head coach, resigned in the middle of last football season.

LECTURER TELLS OF RUSSIAN CONDITIONS

Captain Paxton Hibben, executive secretary of the American commission for relief of Russian children, in a talk before an audience of Madison people and university students, in the assembly chamber of the capitol last evening pictured the terrible condition of the Russian children in an endeavor to raise money to be used in their relief.

Captain Hibben sketched the history of Russia and showed the main points leading up to the revolution the great famine and its results, and Russia as it emerged from the revolution with conditions that could only be bettered by the aid of outside countries.

The necessity of American recognition of Russia as a means of recovering from her difficulties, which are mainly economic, was one of the speaker's chief points. He wished to bring out the point that the United States could benefit by carrying on commerce with Russia at the present time, because Russia would soon be in a position to pay for goods with earnings from her natural resources.

A collection was taken up at the close of the talk and \$95.82 was raised to aid in the relief of starving Russian children.

LIVE STOCK AWARDS
GIVEN BY MERCHANTS

Twenty-five Madison merchants and business men have contributed awards for the winners in the different live stock classes to be exhibited at the Wisconsin Little International Live Stock show that will be held in the university stock pavilion, Feb. 24.

The prizes will be apportioned among the different herds by the awards committee of the show. It is estimated that the cash value of the trophies collected in Madison will exceed \$200.

Some of the prominent citizens who have contributed to the trophy list include: Kennedy Dairy company, \$25 cup; Oscar Mayer Packing company, \$25 cup; Madison State bank, \$25; First National Central Wisconsin Trust company, \$15; Wisconsin Live Stock Breeders' association, \$5; Bank of Wisconsin, \$10; Commercial National bank, \$5; Bank of the Commonwealth, \$5; Wisconsin Live Stock Insurance Co., \$5; Wisconsin State Journal, \$10 cup; Wisconsin Live Stock Advertising company, 4 herd books; Conklin and Sons, \$10; Ogilvie Sales Barn, \$5 cup; Madison Sadlery company, \$5 horse blanket; Geffert Harness shop, \$5 horse blanket; Wehrmann's Trunk store, \$5 bill-fold; Wisconsin Farmer, 14 subscriptions; Madison Packing company, \$10; Goeden and Kruger, Gillette razor; U. W. Market, picnic ham; M. A. Market, picnic ham; Stehr's Market, gold pencil; Prof. J. G. Fulle, "At the Sign of the Stock Yard Inn."

WILL AID GRADS TO
GET TEACHING JOBS

Senior and graduate students who are preparing to teach and desire assistance in obtaining positions are invited to attend a meeting Friday afternoon at 4:30, 165 Bascom hall, to hear Prof. Thomas Lloyd-Jones, chairman of the committee on high school relations, explain the committee's methods and answer any questions regarding them.

Last year school officials from all over the United States and foreign countries sent in to the committee more than 1300 requests for teachers. They came from 36 states as well as from Hawaii and Porto Rico. Wisconsin led with a total of 704 requests.

Most of the calls were for teachers of high school subjects, but vacancies in other institutions included the following: junior high school, 23; vocational schools, 3;

Minstrel Novelty At Orpheum Today

elementary schools, 24; normal schools 41; colleges 79; institutes, 12; universities, 27; academies, 4; and the remainder from a miscellaneous group. Calls were made for

year the number mounted to 4,000. Chemistry was the most popular course, 900 lessons being offered in that course. Spanish was a close second with 670 lessons. A total of 11 courses was covered.

The Y. M. C. A. allows \$100 in its budget for the free tutoring lessons preparatory for the final exams. Though the classes are primarily for the purpose of helping the freshmen, a surprisingly large number of upper classmen take advantage of them also.

Are Hats Displacing Caps With University Men?

Seemingly this is the case, judging from the large number of light weight hats we are selling.

Especially popular are the Dobb's "Cross-Country" and the "Birdie" featured by Crofut and Knapp at Five Dollars—the R. and W. Sportster at Four Dollars—and Crofut and Knapp's "Swansdown" at Six Dollars. These are very popular at Eastern Universities.

Before choosing your Spring headgear, be sure and visit Karstens and see these new models.

NEW BILL WOULD PUT PROPAGANDA OUT TEXT BOOKS

Use of histories in Wisconsin schools which defame Revolutionary war heroes or seek to throw discredit upon the aims and accomplishments of that war of independence, is prohibited by a bill introduced into the legislature today by John E. Cashman, Denmark. Similarly any propaganda favorable to any foreign government would be barred from school books.

Section 1. A new section is added to the statutes to be numbered and to read: 40.36 (1) No history or other textbook shall be adopted for use or be used in any district school, city school, vocational school or high school which falsifies the facts regarding the war of Independence, or the war of 1812 or which defames our nation's founders or misrepresents the ideals and causes for which they struggled and sacrificed, or which contains propaganda favorable to any foreign government.

(2) Upon complaint of any five citizens filed with the state superintendent of public instruction that any history or other textbook which is being used in any district school, city school, vocational school or high school contains any matter prohibited by subsection (1) of this section, the state superintendent shall fix a time for a public hearing upon such complaint, which shall be not more than 30 days from the date of filing, which hearing shall be held at the county seat of the county where the complainant resides. Notice of such hearing shall be given at least 10 days prior to the date thereof through the public press and by registered mail to the complainants, the school board interested and to the publishers of such textbook.

(3) Within 10 days after such hearing the state superintendent shall make a finding upon such complaint. If he finds that any textbook contains matter prohibited in subsection (1) of this section, he shall make note of such finding in the list of textbooks which he is required by paragraph (b) of subsection (1) of section 40.35 annually to publish and to transmit to all county and city superintendents. No such textbook shall thereafter be adopted, sold or exchanged in this state.

(4) Every school board, board of

education, board of vocational education, or county board of education which has control over the textbooks used in any district school, city school, vocational school or high school, shall cause any textbook which the state superintendent has found contains matter prohibited in subsection (1) of this section to be withdrawn from use in such school prior to the opening of the school year following the publication of such finding of the state superintendent. No state aid under the provisions of sections 20.25, 20.26, 20.27, 20.28, 20.29, 20.33 and 20.335 of the statutes shall be paid for the support of any district school, city school, vocational school or high school during any year in which any such textbook is used in such school after the finding of the state superintendent.

Raisins Useful In Many Ways For Cook
"Have you had your iron today?" has almost become a national slogan and for awhile it was as popular a phrase as the present Coue rage "Day by day in every way, I am growing better and better." The little package of Sun-Maids are as popular as Life Savers and much better for one.

Raisins may be used in many and varied ways for cooking. Following is a handy little poem that may be pinned to the kitchen shelf.

Raisin Cake
First take one cup of butter,
All golden, pure, and sweet,
Then two cups of white sugar,
And these together beat,
Three eggs, all lightly foaming;
Of good, sweet milk one cup.
Put in a little soda,
To lightly raise it up.

Then two teaspoons cream tartar,

And grate a lemon rind—
Twill give a pleasant flavor,
I'm sure that you will find.

Then add one cup of raisins,

And just four cups of flour,
And set it in the oven,
And bake it just an hour.

I know 'twill be a nice one,
If but just right it bake;
I know 'twill please your husband,
When he shall taste the cake.

Three teaspoons baking powder
may be used in place of the soda
and cream tartar. Always flour or
plump the raisins and be sure to
use Sun-Maids.

A rich dessert also may be made
by the use of raisins together with
apples. Take $\frac{1}{2}$ cup of seeded
raisins, 6 tart apples, 2 tablespoons

butter, 1 cup light brown sugar, and 1-3 cup water. Pare, core, and halve the apples, and arrange in a broad saucepan or aluminum frying pan. Cover with raisins, then sugar; add the butter, cut into bits, add water and stew gently until apples are tender and the butter and sugar have formed a rich caramel. It may be served hot or cold, with or without cream, or as an accompaniment to plain boiled rice.

Maxon To Begin Term After Quarantine Ends

MILWAUKEE, Wis.—Glenway Maxon, Jr., is in custody at the county jail and will begin his prison term as soon as the quarantine at the Green Bay reformatory is lifted. Maxon, who two years ago was sentenced to 5 years at the reformatory on charge of manslaughter, had his commitment delayed while attempts were made to have him pardoned and to obtain another trial. Maxon drove an automobile which killed a motorcycle rider.

New Air Compressor For City Arrives

The new air compressor for the city water department arrived today and unloading started, it was announced by L. A. Smith, superintendent of the water department. The compressor and its accessories filled three box cars. It will be used in connection with the new well completed this fall on E. Dayton st.

MEANWELL'S MEN NOW IN SECOND POSITION

(Continued from page 1)

the fray and the winning Hawkeye basket came in the last 25 seconds of play on a long shot from the middle of the floor.

Mather has a veteran team representing the Wolverines this year. Capt. Ely, Cappon, and Miller were members of the outfit last season. Haggerty appears to be the "find" of the year and is capably filling a forward job. It is not unlikely that Coach Meanwell will shift his Wisconsin five in an effort to gain a combination with enough power to stop Michigan.

Elson may be supplanted by Spooner, and Gibson will have to improve if he is to jump center in

place of Diebold. The Wisconsin guards still have the record of holding opponents to less scores than any other pair of defense men in the Conference. They halted

Purdue forwards with a trio of field goals, but could do nothing when Holwerda stepped up to the free throw line and calmly tossed in 11 of his team's 17 points.

JOHN D.'S GOLF GAME IS IMPROVING WITH HIS YEARS; PLAYS 8 HOLES A DAY

Two interesting glimpses of the oil king on the links at Ormond Beach, Fla. That rain doesn't halt him is indicated by the photo at the left, taken during a storm.

John D. Rockefeller's golfing this winter is attracting the attention of devotees of the Scottish game. Last year the oil king averaged about four holes a day. His game was above the average for a man of his years. This year, at Ormond Beach, Fla., he is playing eight holes a day and his game shows marked improvement. He averages fifty strokes for the eight holes, which is considered unusually good, considering that he is approaching eighty-four years.
