# foreword

The 1960 Meletean staff has chosen building as its theme because we feel it is the most significant aspect of the past twelve months. Each newspaper headline and each radio broadcast pointed out the necessity of physical and mental growth for world-citizens. Demonstrations of growth were demanded and received daily. Ideals and values were shaken, reaffirmed, and then shaken again.

America was not tranquil this last year. The 1960 presidential election, the U-2 episode, the Japanese rioting and the cancellation of President Eisenhower's visit to that country—all these added to the turmoil. The arms-production contest with Russia continued, with no winner announced. Various reports sent the balance-of-power scales tipping from one side of the globe to the other. None of us is sure what the scales will read in the end. Struggles for independence went on in all parts of the world, including the southern United States where Negroes hammered for equality. When all these events are welded together, it becomes apparent that we are finding it harder and harder to live with each other in peace. Growth in understanding of other peoples as pointed out in *The Ugly American*, must be strived for with renewed effort.

And this is where a college becomes important. During these four years bits of ideas and thoughts are molded into values and ideals. Wisconsin State College at River Falls during the 1959-60 academic year has been building for a better future. Its dual aim is to construct a foundation for excellence in the college's physical plant and the character of its students. Physical and mental horizons were expanded, and those persons involved witnessed the construction with eye and mind.

A college's primary concern lies in its students, and the foundation for their future is constructed of books as well as bricks. River Falls grew upward and outward by raising levels of scholastic achievement and adding to the physical plant.

The eye witnessed the great physical expansion of the campus. Hagestad Memorial Student Center was opened to students in the fall. The doors of the new million dollar Karges Physical Education and Recreation Center were opened in May. Next September Prucha Hall will offer campus housing to an additional 200 men and plans are being drawn for an education building to be opened in the fall of 1961.

The mind felt the stress on mental development. Thought-penetrating visitors such as Senator John Kennedy and Eleanor Roosevelt pointed out the need for greater understanding among the peoples of the world. Participation in the country's politics was encouraged and brought right to the campus during the annual Grassroots Political Conference. The administration turned away from the emphasis of specialization to revise curriculums to offer students experiences in as many fields as possible.

The enduring aim of our college is educational excellence, and campus construction is intended to facilitate learning. An institution can do no more than lay a foundation for mental achievement. Because River Falls is a college, its firmly constructed foundation points the way to a brighter future not only for itself and its students, but for the world.

It has been the aim of the 1960 Meletean editors to capture some of the thoughts and actions which occurred during this academic year. To it you must add your own thoughts and remembrances for the full picture of your college years.

### DEDICATION

Vera Moss has dedicated her unique intellectual talents to the teaching of English and literature in faith that these subjects are instrumental in developing man's power to think, judge, and sense human nature with an open mind. In sophomore literature class students hear her say, "It's the amount of life which a man feels that makes you value his mind." When examined by students according to this standard, Miss Moss has a mind of infinite value. She has a deep feeling for life in which change and time are the two great realities. She cautions students that a mature man accepts the natural limitations of life, but he does not always accept them with grace.

Miss Moss professes that no deeply thinking mind is wholly free. Evil, because it is created by man, can also be man-eliminated. She attempts to awaken students to their social and moral responsibility that they may, in turn, enlighten mankind. "It is our challenge to make the world safe for man's differences; for only that thing can prosper which serves all men."

While working for the betterment of mankind, Miss Moss cautions that in the fanatical pursuit of perfection we can lose that which was almost perfect. She trusts that through education we students will learn where to draw the line. "Idealism must someplace square with reality."

Because she is aware that man's friendships are often too inarticulate, Miss Moss has endeared herself to students and faculty alike through dedication, hard work, kindness, and love.

The Meletean staff feels that Miss Moss has played a large role in the growth and development of the college and its graduates. To her, the students of Wisconsin State College at River Falls dedicate this synopsis of our year of great physical and mental growth.

A college is continually building, even when earthmovers and steam shovels have disappeared from the campus. Physical structures are a definite part of this building, but so are theatre sets, newspapers, term papers, floats. All these are a part of college growth. Each one has its own merit. And each contributes to the make-up of the person involved.

Building for the Future . . .

*at River Falls*

**TO BUILD FOR TOMORROW** is the only function of a college. Here on the campus is brought together the means for passing on those things that man has learned so that each generation does not have to begin anew.

Regardless of what the future holds, it will require men and women who have made the most of their opportunities and built strong foundations — who have used the facilities of the college both in the classroom and in outside activities.

The College at River Falls has, since 1874 when it had but one building and a small enrollment, built on a single idea — that the student is the center of the institution and the reason for its existence. And so it maintains an atmosphere which permits and encourages the individual to develop to his greatest capacity and to accept responsibility.

This atmosphere permeates classrooms, outside study, the extra-curricular activities, the social program, student government and even dormitory living.

**BOOKS ARE THE FOUNDATION** in our building for tomorrow, for here are noted all man's thoughts, words, and deeds from the beginning of recorded history. From the record of the past we learn of successes and failures and make a blueprint for the future. Our study of the past develops judgement and foresight—and gives us a sense of perspective.

Here at River Falls we have open-shelf access to approximately 50,000 volumes. The College also operates a textbook library from which the student may rent the books needed in his courses. Opening of the college bookstore in the new Student Center has brought an additional source of books and other class materials.

In the lab.

In the classroom.

**IN THE CLASSROOM** and in the laboratory the plan for the future is formed. It is here we feel the joy of discovering a new idea — a thought that appeals to our imagination — a different approach to a problem which stimulates our creativity.

Faculty members at River Falls maintain teaching as their primary aim and seek to instill in their students a love of learning. Members of the faculty participate actively in the work of learned societies, publish in a number of journals and frequently receive awards and recognition in their respective fields.

The River Falls educational design is planned to produce a graduate who, in addition to being prepared to earn a living, is prepared to enjoy life. Our general education program has been praised by educational leaders throughout the country.

Because the College believes that tomorrow depends on an enlightened and sympathetic people, it strives to give the best possible education to its students.

The close teacher-student relationship helps to create between faculty and students friendships which go beyond mere classroom acquaintance. The eagerness of teachers to help the individual student is a distinctive feature of River Falls.

## BUILDING FRIENDSHIPS OF A LIFETIME

is a part of living in the residence halls. Learning to get along with others and to develop cooperation and leadership is a part of college and an education for the future.

An experience in self-government, the dormitories provide more than a place to sleep. For from discussions, the exchange of ideas, and impressions that are shared, comes an ability to present, defend, weigh and evaluate different points of view.

**RECREATION ALSO IS A PART** of college living. Mental Health, physical health and social health are inter-dependent, and experiences are provided in all of these fields.

An active intramural athletic program as well as varsity games provide an outlet for physical energy. Our special events of Homecoming and Winter Carnival are occasions for additional planned recreational and social activity.

The new Student Center with its game area, provision for watching television, and places for formal meetings as well as informal get-togethers has added much to the extra-curricular life at the College.

With spacious gymnasium, a large swimming pool, handball courts and a dirt floor area for indoor golf, archery, baseball, and other team games, the newly - completed Physical Education and Recreation Center brings new facilities for student activities.

**BUILDING TALENTS, IDEALS, AND ASSOCIATIONS** which will be valuable throughout life is made easy at a college where there are organizations, activities, and clubs to meet every interest.

In addition to work in the classroom our college has extra-curricular groups interested in debate, drama, music, athletics, art, publications, science, mathematics, language, professional education and politics.

Religious life is not neglected for nearly every major church group is represented by a campus organization and some have special student places of worship.

Ways of developing abilities, broadening interests and serving others are available to all students.

Above: About to be graduated, seniors review their "trials and tribulations, successes and accomplishments" of the past four years.

Below: The R. A. Karges Physical Education and Recreation Center, scene of the graduation ceremonies.

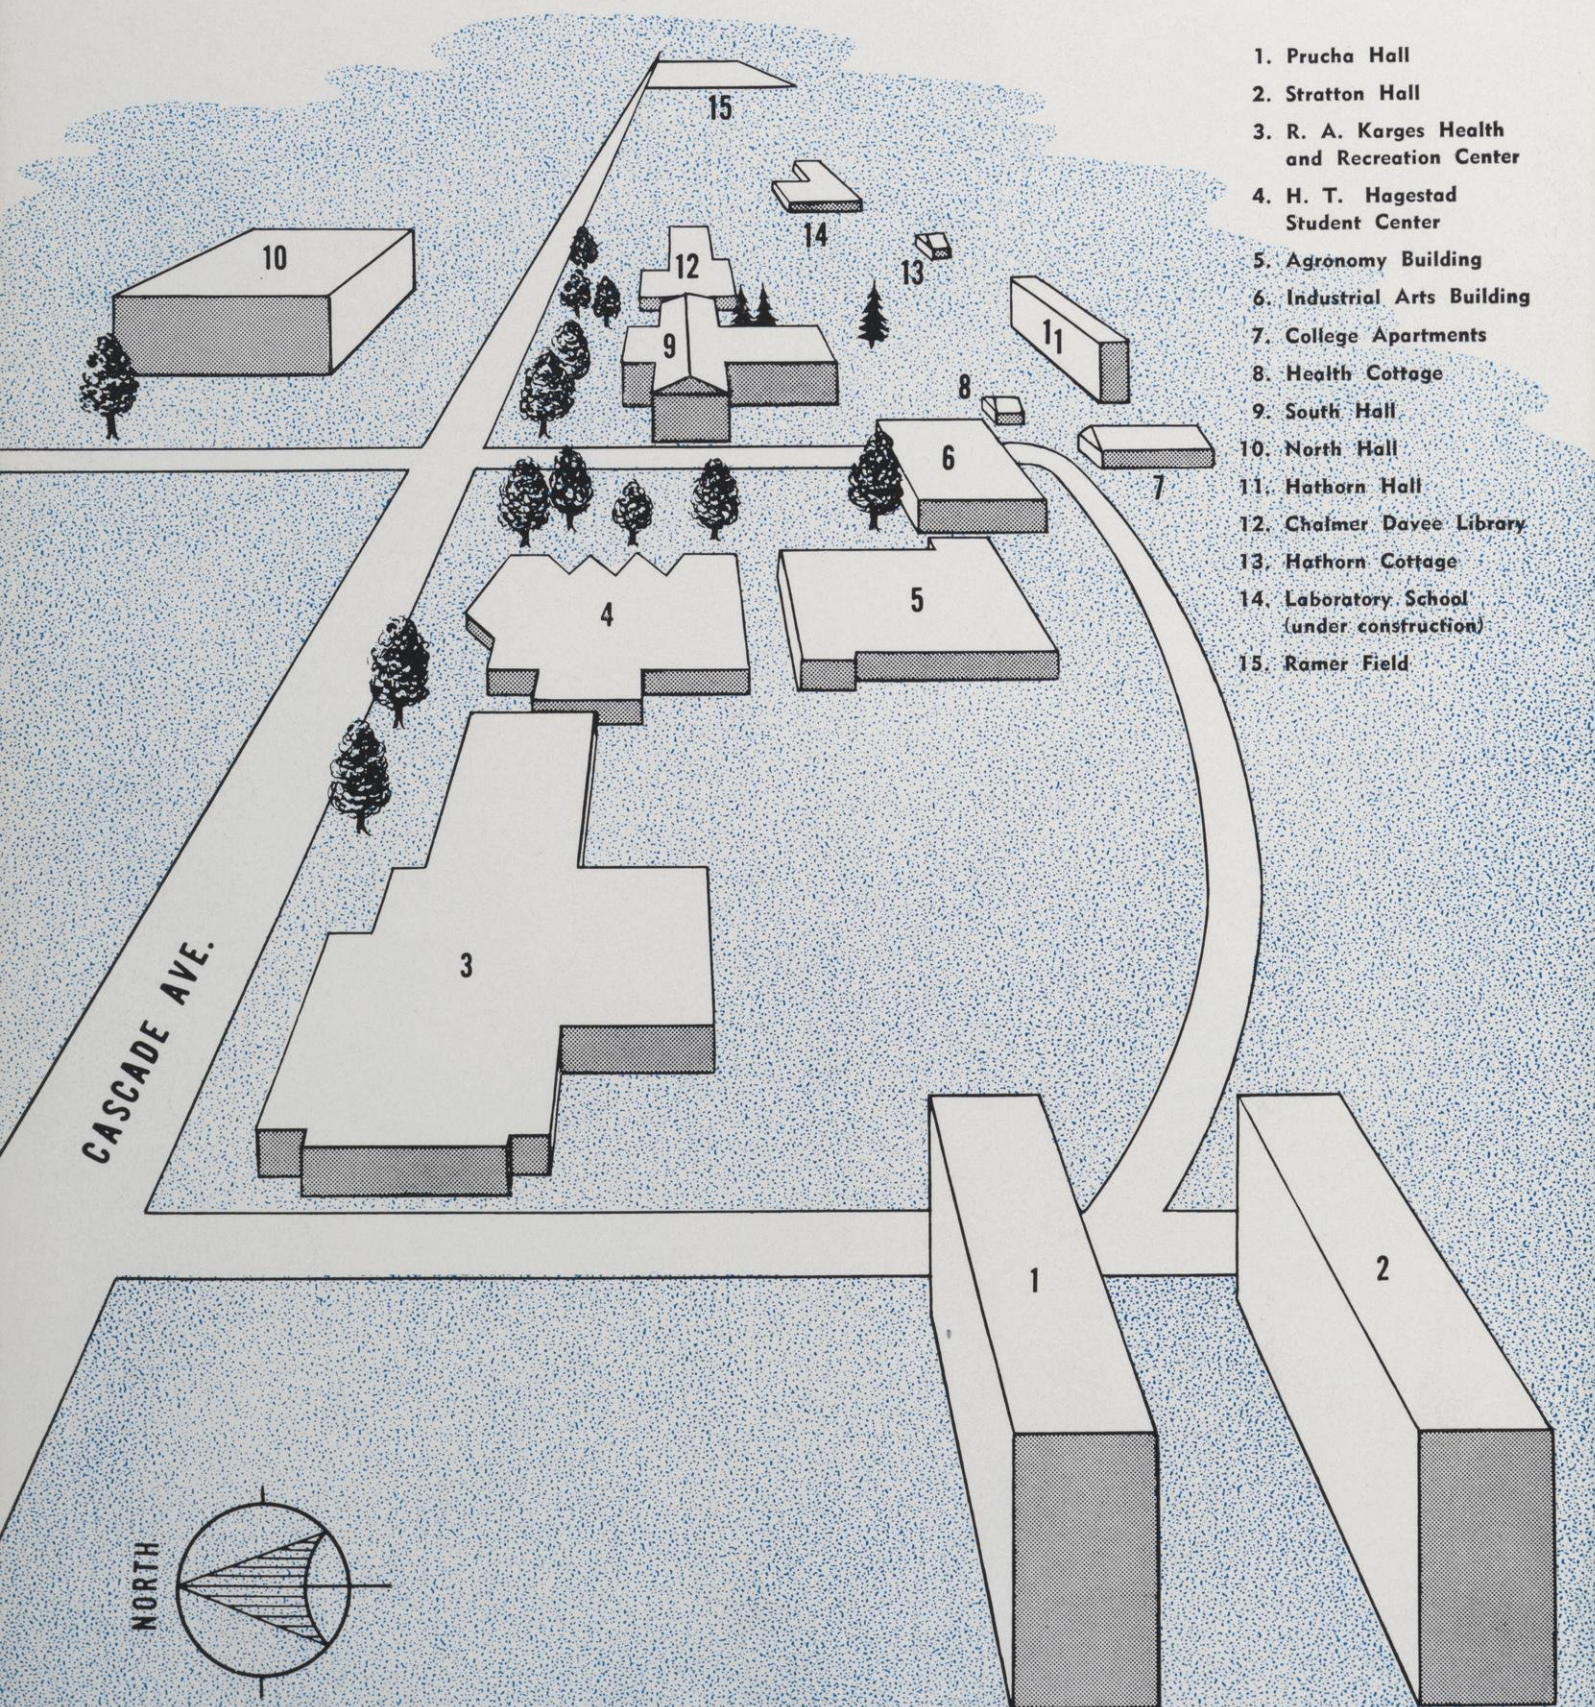

**BUILDING FOR THE FUTURE** is a never-ending process for the future lies always ahead. Education is an attitude — an outlook — and, of course, unlike a physical structure, is never finished. For new vistas continue to open before us and the further we pursue knowledge, the more we are aware of new areas.

But the habits of study, of learning, of participation, of weighing and evaluating, are the supports we have gained in college for meeting the opportunities and challenges which will come to us.

## A Lofty Purpose Shared

They give to the young in their impressionable years the bond of a lofty purpose shared, of a great corporate life whose links will not be loosed until they die. — John Masefield

It is appropriate that the 1960 Meletean has taken "Building" as its theme. In the sense of physical expansion, 1960 has marked the first full year of operation of the H. T. Hagestad Student Center and will see the completion of the R. A. Karges Physical Education and Recreation Center and the E. J. Prucha Residence Hall.

But while recent years have witnessed great physical expansion, the College has been "building" in a much more important and much more lasting way since its beginning in 1874. John Masefield was referring to institutions of higher learning when he spoke of "the bond of a lofty purpose shared." And since the beginning of its existence the College at River Falls has inspired young people with this sense of purpose. It has graduated young men and women who, though now living in every state in the union and in several foreign countries, have institutional bonds "whose links will not be loosed until they die."

The success or failure of River Falls' future building program in this latter sense is in your hands and in the hands of students who will follow you. For the essence of an educational institution is in its students and alumni. You are its product and its reason for existence. You are its influence and the basis of its reputation.

The College is proud of the record of its alumni and believes that the quality of education it offers and the advances it makes will rest secure in its present student body and its 1960 graduating class — that its purposes will continue to be your purposes.

## In Memoriam

*Life must go on,  
And the dead be forgotten;  
Life must go on,  
Though good men die.*  
—Edna St. Vincent Millay

Two retired Deans whose memories are perpetuated on the River Falls campus and two freshmen died during the 1959-60 academic year. They were Miss Irma Hathorn, Dean of Women from 1920 to 1948, Dr. Charles G. Stratton, Dean of Men from 1930 to 1947, Dave Engler of Waukesha, and James Hicks of Hastings.

Hathorn Hall and Hathorn Cottage, both named for the former Dean of Women, are the realization of a dream Miss Hathorn held for many years of residence halls for women students at the college. A concern for the welfare of "her girls" and for the social and academic life of the campus was characteristic of Miss Hathorn. When the new dormitory was opened, she contributed a number of books to the Hathorn Hall library. Only a few months before her death she donated a fireplace and picnic tables for an area back of the women's residence hall.

Few areas of the world have been untouched by the influence of Dean Stratton who, during World War II, brought a touch of River Falls to former students on every front through his famous newsletters. Corresponding with as many as 400 men at a time, the Dean gathered bits of news from his GI's and, when the war was over, compiled his "Servicemen's Edition" of **The Meletean**. It was dedicated to those who lost their lives in the conflict. Stratton Hall was named in his honor.

Dave Engler, who was attending River Falls on a scholarship, was killed during spring quarter in an auto-truck collision. He was graduated from Waukesha High School in 1959. Active in athletics, he was a member of the freshman basketball team and the inter-collegiate tennis team.

A 21-year old navy veteran who enrolled at the College in the fall quarter, James Hicks died in an auto accident. He was graduated from Hastings High School in 1956. An outstanding athlete, he had served as co-captain of his high school football team and captain of the wrestling team.

Three leading "organization men"

**1959 HOMECOMING** at River Falls was a weekend of tense competition and spontaneous activity, a time for poised acceptance of victory and defeat, a festival of fire, fight, and frolic. Our three leading "organization men," Gerald Marlette, Bob Vermillion, and Ken Zahorski, pooled their intelligence and efficiency to schedule the many and varied activities. We knew in a glance and hello that the queen candidates possessed beauty and charm. Their sponsors campaigned with vigor and enthusiasm. The campus clowns entertained us with riotous skits and antics. Coach "Fran" turned orator for his pep talk and the bandmaster gripped a drumstick to emphasize the tempo of the day.

We did a quick change from bermudas and slacks to heels and ties Friday night for the coronation ceremony. Emcee Jerry Moore took band in hand to bring down the house, and the profs complemented the mood with their Russian skit. The sparkle of Queen Shirley's eyes vied with that of her crown as our favorite barbershop quartet, The Hut Four, serenaded her. Then students, alumni, faculty, and friends huddled around a gigantic bonfire to sing and cheer their queen and team.

Nearly everyone awoke in time for Saturday morning's parade of floats and clowns. Cheerleaders shouted en masse from a convertible as students waved their pom-poms from the sidelines. Queen Shirley welcomed the alumni at the game and expressed the mutual desire for a "Bluegold-Blackout." Coach "Fran" looked tense. The "Big Red" fought hard, but the scoreboard tallied a Falcon defeat.

We spent the late afternoon greeting old friends at coffee hours, and some even managed to sneak a nap before an evening of dining and dancing. As the orchestra played "Good-night Ladies," students left the decorated gymnasium to return to their rooms with tired feet and happy hearts and fond memories.

**WINTER CARNIVAL, 1960**, turned students into snowmen, and the abundant snow gave us added cause for celebration. The three leading ladies, Barbara Brickner, Rae Buchholz, and Karen Engebret, promised us a weekend of "cool" fun, and few who participated were disappointed.

The six king candidates were enthusiastic and their sponsors used grassroots tactics to encourage voting. The smoothest politicians were the Vets, whose candidate, Ed Pronschinske, was chosen to reign over the festivities. Mysteries invaded the campus. Who was the man behind that bristly beard? How did "Ske" (Pronschinske had too many letters) get on the water tower?

A cold cupid perched on a red heart was the winning snow sculpture constructed by the Newman Club. From his vantage point on the corner of Third and Cascade, he reminded fellows to take their girls to the Winter Carnival dance in the new Student Center.

Cars packed with students, skis, and saucers streamed to Ski-Mac for Friday's activities. Cold feet in wet wool socks were warmed on the hearth; term paper worries were brushed aside as the "old favorites" were sung among friends to the crisp notes of a "uke." Cold faces enshrouded in parkas were obvious badges of student courage and enthusiasm.

Some arose early Saturday morning to bowl in the mixed-doubles tournament and string crepe paper for the midway that afternoon. Others spent a lazy day preparing for the climaxing basketball game and dance.

**FOUNDATION WEEK**, sponsored by the Student Foundation Committee, enabled students to contribute to the college building program. Buttons bearing the slogan, "Trim the Gym," were donned by both students and faculty members. Proceeds from the festival were to pay for the bleachers in the new physical education building.

Highlight of the week came with the midway and auction in South Hall Gym. Colorful organization booths offered games from penny-pitching to pie tossing for only a thin dime. The success of a booth selling used books shocked many faculty members as well as the sponsoring organization.

At the auction River Falls' Mayor Spike Hoffman, a professional auctioneer, sold homemade cakes, car washes, and canoe trips for "big" money. Ed Schlumpf and Bill Dougherty, student auctioneers, added humor to the event. After the last pizza pie was sold, foundation committee members tallied up the in-take to find that the week had been an outstanding success.

**THE DEBATE TEAM** this year, composed mainly of underclassmen, had a successful year of inter-collegiate competition.

Debating the question "Resolved: That the Congress shall be given the power to reverse decisions of the Supreme Court," the team typed note cards, drew up briefs, and tried to out-think their opposition in various tourneys.

The first debate of the year took place at St. Olaf College as part of the Twin City Debate League competition. The River Falls team tied for first place in this tourney.

The group also traveled to Eau Claire State College for its annual forensics conference, taking part in such categories as debate, oratory, extemporaneous speaking, and oral reading. At Hamline University in St. Paul, the River Falls team won three out of four debates, for a fifth-place notch in the results. Forty-four teams competed in that tournament. A rating of excellent was received at the province convention of Pi Kappa Delta in Fargo.

Debate members were active as participants and organizers in the annual B Debate Tournament held on the River Falls campus. This tourney is limited to students who have participated in no more than three tournaments.

With a nucleus of experienced debaters returning, next year's record may be even better.

**Row One:** Carol J. Hanson, Anita Munson, Judith Harmon, Jean McMillan; **Row Two:** Bud Bergquist, James Galvin, John Rice, Arlo Miller, John Oostendorp, advisor.

**PI KAPPA DELTA** is the national honorary forensics fraternity on the River Falls campus. Elected to the organization each year are students who excel in the areas of public speaking, discussion, and debate.

Meetings of the group often take the form of practice debates, or discussions of techniques, giving members more experience in the field. Each year the organization honors a sophomore member of the debate team with a scholarship sponsored by the River Falls State Bank.

Campus activities of Pi Kappa Delta this year included a luncheon at Homecoming for returning alumni and the annual spring initiation. Members also attended the joint province convention of Pi Kappa Delta at Fargo, N. D., where River Falls participants received a rating of excellent.

This year's officers were: President, **Kenneth Bergquist**; Vice-President, **John L. Rice**; Secretary-Treasurer, **Judith Harmon**; Reporter, **Carol Hanson**; Advisor, **John Oostendorp**.

**MAKE-UP,** flood lights, flat paint, dramatic ability, and diligent work were moulded by Dr. Blanche Davis and her drama students into outstanding productions this year.

Men and women alike were seamstresses and carpenters. Actors abandoned hair cuts and actresses became bleached blondes for effect. The transformations were often outstanding. A coed became the nymphlike Helen of Troy for two hours and then donned her slacks after the last scene to break down the sets. A bit of Helen lingered within her, however, as she left the theatre.

Continents were crossed and years pushed aside to carry the audiences to England, Troy, or the South. While leaving the theatre, these inspired witnesses lauded the efforts and talents of those on stage and behind the scenes.

**THE MUSIC** (and musicians, too!) went round and round on campus this year. Music lovers and all interested students were encouraged to join forces in the symphonic band, under the direction of William Abbott, and the Concert Choir, directed by Chauncey King.

Each Monday and Wednesday afternoon from 4 to 6 p.m. vocal music poured from the choir room windows to fill the campus first with a few sour notes and later with perfected harmony. Many of the choristers formed quartets for the choir's annual Christmas Concert in North Hall Auditorium. Other campus appearances of the choir included the Fine Arts Festival and their Spring Concert.

The Bandmen assembled in the "Chicken Coop" each Tuesday and Thursday for rough practice sessions sprinkled with laughs. Dr. Abbott proved to be a man of many talents including music and comedy. The band's private audience was composed of families living just next door in the barracks. At times the music was crude, but when the dents were pounded out, these musicians played well. After going back to "L" countless times, because that's what it sounded like, the group appeared on campus for the Fine Arts Festival with Percy Grainger, world-famed pianist and composer.

Chartered busses transported choir members, bandmen, instruments, and directors for their annual three-day tour. This year the organizations played for high schools in the immediate area.

The purpose of **MENC** is to provide opportunities for professional development of its members. The club acquaints students with the privileges and responsibilities of the music profession and assists the college in various projects. Participation in programs, demonstrations, discussions, and performance groups acquaint students with leaders in the music field. This year the club held a dinner meeting with River Falls music graduates as guest speakers. Music and charm were added to the Fine Arts Festival through participation of MENC members. The group also scheduled lectures and professional performances and participated in Winter Carnival activities.

This year's officers were: President, **Carol Reed**; Vice-President, **David Bultman**; Secretary-Treasurer, **Janice Lundberg**; Program Chairman, **Joseph Alms**; Publicity Chairman, **Corrine Hribar**; Advisor, **William Abbott**.

**THE STUDENT VOICE** staff publishes the campus weekly newspaper. As its name implies, **The Student Voice** aims to circulate and stimulate campus news and views. The newspaper belongs to the students who so often serve as its critics.

After the first edition of the year has been distributed in the Student Center, the staff learns that it can't please all of the people all of the time. The mistakes made aren't surprising, rather that there aren't more of them. A piece of copy goes through many hands and 'tis human to err. The constant goal is perfection, but those qualities which make a newspaper perfect must be learned and experienced.

The intricate process of publication was facilitated this year by a new office in the basement of the Student Center. The bulletin board on the wall sported a sign which read, "Don't start vast projects with half-vast ideas." Thus, some sparks of creativity were doused and others were enlarged to meet the size of looming projects.

Staff members were avid supporters of the cigarette and coke machines. Anything for a break! Deadlines seemed dubious at times, but the **Voice** appeared in the cafeteria each Monday morning to be read by those who made its publication possible.

A new publication called **The Daily Supplement** appeared on campus this year. Produced by the advanced journalism class four nights a week, this two-page newspaper carried news of the latest campus and world events. This **Supplement** served a dual purpose of educating its editors and informing students.

**THE MELETEAN** aims to summarize campus life annually. This combination of paper, pictures, and words serves as the record of a year in the history of Wisconsin State College at River Falls.

The editor must be observant of detail to capture the mood and tempo of students and their activities. It is his duty to strive for accuracy and realism, to capture the year's events in motion as they progress.

The intricate and rewarding task involves:

Setting up picture schedules

Choosing a theme

Meeting deadlines?

Smoking cigarettes

Deciphering information sheets

Meeting with photographers

Advisors, engravers

And printers

Matching names with faces

Drinking coffee

Pounding out copy

Worrying!

Reading proof

Dummying out pages

Burning the midnight oil

And setting the alarm for 6 a.m.!

The finished product and proof of the staff's work belongs to the student. It is his record of his year at Wisconsin State College at River Falls.

**THE PROLOGUE**, the campus literary magazine, enables students to express their ideas creatively in a publication. Creative forms found between **Prologue** covers include poems, photography, short stories, feature stories, essays, cartoons, and sketches.

Issued three times a year, the magazine often features such prominent school functions as the Fine Arts Festival and the Grassroots Political Conference. Editor Carolyn Brown and her staff did the page make-up, proof reading, and searching for the student who turned in a piece of merit without attaching his name.

**THE STUDENT SENATE** "aims to promote the best interests of the College and to develop a spirit of cooperation and good fellowship throughout the school."

Thus reads the constitution of the most important student governing body on the River Falls campus. The River Falls Senate is unique in that it is the only college government body in Wisconsin which does not have a faculty advisor. The eleven members, which include class presidents and representatives at large, meet weekly in their smoky office in the Student Center at 6:30 p.m. The meetings, which are open for interested students and observers to watch student government in action, sometimes run until nearly midnight, when the weary Senators head for home.

The Senate holds many duties and powers necessary for the smooth functioning of the campus social and intellectual life. This year the Senate was especially active in the realignment of student organizations. Each constitution of each group was carefully studied and a new classification of the organizations was devised. The new plan will enable the smaller organizations to step out of competition with the larger ones in such things as Homecoming, Winter Carnival, etc. A tentative plan for a point system, giving points for participation in various activities, is now under discussion. This would provide for a trophy for the organization with the largest number of points yearly.

The Student Senate this year endeavored to fulfill its aim to be the representative of the students and the liason between them and the administration.

This year's officers were: President, **Curt Larson**; Vice-President, **Arnold Kaluzny**; Secretary, **Carol Hanson**; Treasurer, **Ronald Skone**.

The **STUDENT CENTER GOVERNING BOARD**, now in its second year of operation, is composed of faculty and students. With a shoestring budget and a "Blue Jacket Manual" the Governing Board determines policies for and guides the operation of the Hagestad Student Center. Three student members are appointed by the Student Senate and are eligible for re-appointment following years. Other student members include the vice-president of the Student Senate and the chairman of the Social Committee. Faculty members have voluntarily withdrawn voting privileges in Center affairs.

The Board meets weekly in a smoky office on Tuesday afternoons to air complaints and discuss further improvements for the Center. A major undertaking of the group this year was to devise a constitution and set of goals for the organization. A sub-committee of the Board was formed this year to handle public relations for the Center. The committee operates independently of the Board, but considers its suggestions.

Members of the Board participated in the corner-stone laying and open house for the Center in early fall. Representatives from the Board also helped plan the Leadership Conference held in late April. Bob Agranoff and Center Director Richard Reynolds represented River Falls at the regional convention of the Association of College Unions at Purdue University this year.

This year's officers were: Chairman, **Ed Pronschinske**; Secretary, **Pat Lind**; Advisors, **Nancy Knaak**, **Earl Lewis**, **Richard Reynolds**, **B. J. Rozehnal**.

## HATHORN HALL COUNCIL

is the coordinating and decision-making group for Hathorn Hall, the women's dormitory. Besides being a living unit, the dorm is also a social organization and sponsors activities for its residents and the campus at large.

The year's activities were mirrored on the picture window of the dorm due to the artistic talents of the residents. Other activities on the agenda this year included post - football game dances, a Christmas Party, an end-of-the-year party, and a talk by Amy Nelson, school nurse, on hygiene and nutrition.

The annual Mother's Day in spring was co-sponsored by Hathorn Hall and AWS and featured a style show. With the theme of "Varsity Paintbox", residents modeled personal outfits portraying different events of the college year.

This year's officers were: President, **Edith O'Mera**; Vice-President, **Marge Wallen**; Secretary, **Criss Jelen**; Treasurer, **Judy Monchilovich**; Advisor, **Lois Bowman**.

## STRATTON HALL COUNCIL

guides and directs the various activities of Stratton Hall, the men's dormitory on campus. The roster of events is quite staggering and socialization is not overlooked.

Among the programs undertaken this year were a coffee hour for students, parents, alumni, and guests following the Dad's Day football game. Stratton Hall constructed a prize-winning float as their contribution to Homecoming. Their Winter Carnival donation was a beatnik coffee house, complete with a sawdust floor.

A wiener roast and twilight dance and a Christmas tree decorating party were co-sponsored with Hathorn Hall. Boys from the dorm, en masse, serenaded Hathorn Hall and Cottage in the fall.

Within the dorm the council created a film program and the Chow and Chatter Club which invited various members of the faculty to speak informally.

This year's officers were: President, **Charles Bricton**; Vice-President, **Tom Davee**; Secretary, **James McGann**; Treasurer, **Dick Zimmerman**; Advisor, **Sheppard Black**.

**FOUNDATION COMMITTEE** members are appointed by the Student Senate to organize the annual Foundation Week activities. All events of this week aim to raise money for improving the college's physical plant and to remind students of their responsibility to the college as alumni.

Activities of the week included a convocation on "Confessions of An Alumnus," an auction, and a Sadie Hawkins' Day dance.

Proceeds from Foundation Week this year helped to "Trim the Gym" with new bleachers.

This year's officers were: Chairman, **Rae Buchholz**; Secretary, **Nancy Ingwell**.

**THE SOCIAL COMMITTEE** is the coordinating and promoting organization for all-school activities on the RF campus. Members are selected by the Student Senate, and work in coordination with the Student Center Governing Board.

The Committee schedules all-school events for the campus and, this year, sponsored one outstanding event each quarter. During the fall, the Chris Barber band from England again appeared on campus. A Cabaret Dance, complete with a dixie-land combo, highlighted the winter term. Students danced, ate, and heard Teddy Qualls tell jokes in the Student Center, decorated as "The Rainbow Room."

Spring quarter's main event was an Hawaiian party. Orchids fresh from Hawaii and a roasted pig set the stage for an "island" atmosphere. The Committee also sponsored a series of movies during the year and a pool tournament in the Center.

This year's officers were: Chairman, **Joe Alms**; Vice-Chairman, **Jim Murphy**; Secretary, **Delores Anderson**.

Don Blegen, Jean McMillan, Becky Heiting, Edie Walker, Joe Alms, Pat O'Connell, Jim Murphy, Bob Nelson.

**BETA BETA BETA** is a national honorary society for undergraduates with a major interest in biology. The local chapter was organized during the Winter Quarter of this year.

Members are given an opportunity to study material which is not ordinarily presented in the classroom. Speakers this year included Drs. Tonn and Laakso of the biology department. Dr. Tonn discussed and showed slides of exotic diseases in Central America, while Dr. Laakso talked to the group about various kinds of birds.

In April, Beta Beta Beta sent four representatives to a convention at St. Mary's College in Winona, Minn. The River Falls delegates were guests of Minnesota chapters.

This year's officers were: President, **William Finlan**; President-Elect, **Wayne Handlos**; Secretary, **Gayle Wernberg**; Treasurer, **Jackson Huntley**; Historian, **Bernice Amundson**; Advisors, **Virginia Akins**, **B. H. Kettelkamp**.

The Eta Lambda Chapter of **KAPPA DELTA PI**, national honorary fraternity for students in the field of education, encourages high professional, intellectual, and personal standards among its members and recognizes outstanding contributions to education in America.

Speakers for this year's meetings included two River Falls faculty members. Dr. Knaak aired the pros and cons of graduate school and Dr. Cooklock nearly convinced the chapter that flying saucers do exist.

The chapter's treasury helped support a delegation at the regional Kappa Delta Pi Convention in Chicago and a scholarship for an outstanding student in the field of education.

This year's officers were: President, **Charles Norelius**; Vice-President, **Delores Anderson**; Secretary, **Karen Johnson**; Treasurer, **Richard Smith**; Historian, **Pat Lind**; Advisor, **Walker D. Wyman**.

The constitution of **SIGMA CHI SIGMA**, local honorary society for women students, states the organization's aims of service, culture and sociability.

This year's members gave service to the campus and city by helping with Falcon Film Society coffee hours, Alumnae Day, and the sale of Christmas Seals.

Sigma helped to further the success of campus festivals by making pom-poms and a window display for Homecoming, sponsoring booths for Foundation Week and Winter Carnival, and decorating with the Vet's Club for the Winter Carnival Dance. The members also had a coffee hour for Sigma alumna after the Homecoming Game.

The outstanding freshman girl selected to receive the organization's scholarship for 1959-60 was Judy Monchilovich.

This year's officers were: President, **Judy Johnson**; Vice-President, **Delores Anderson**; Secretary, **Karen Johnson**; Treasurer, **Carol Korsmo**; Advisors, **Vera Moss** and **Dorothy Kleinpell**.

College is a place where ideals as well as ideas are fostered and strengthened. Here, students learn to question and ponder basic dogmas and standards which have influenced their lives. In addition to becoming aware of their beliefs, they learn to know why they profess a creed and what the creed means to them as individuals and groups.

The majority of students at River Falls are Christians. Through interaction in campus religious organizations, these students worship, discuss their beliefs, and develop their personalities.

Baptist students participated in the national Baptist "Youth for Christ" program this year. The group sponsored prominent guest speakers to enlighten and entertain the public as well as its own members. Students took song books in mittened hands to sing Christmas carols at the River Falls Rest Home.

YM-YWCA heard "A Student's View of Russia" presented by Michael Olson who is majoring in law at the University of Minnesota. Members danced to the calls of faculty member Ben Bergsrud at their square-dancing party.

The Covenant Club celebrated church festivals this year by presenting a Christmas Contata and an Easter concert. Church and life became more meaningful to these students after the organization's fall retreat.

Gamma Delta, an international organization for Lutheran students of the Missouri and Wisconsin synods, met each Sunday night for a cost supper and religious discussion. Christian fellowship meetings were scheduled for the second and fourth Tuesdays in each month. The big event for Gamma Delta members this year was hosting the Lakes Region Leadership Conference January 29-31.

LSA celebrated Christmas with an evening of caroling and a Christmas banquet. Members enjoyed the educational experience of hearing Dr. Roland Hammer speak on "Psychosomatic Illness", and they had a night of fun at their roller skating party in Forest Lake.

USF members attended retreats in the fall and spring of this year. To celebrate campus festivals, they sponsored a coffee hour for USF alumni after the Homecoming game and they participated in the Winter Carnival snow-sculpture contest.

The Newman Club sent seven delegates to the 45th National Convention of the Newman Club Federation in Albuquerque, N. M., from August 31 to September 5. Theme of this meeting was "Authority and Freedom in Catholic Life and Thought." They gained religious education from a movie entitled "Mass Is a Sacrifice", Laverne Rippley's speech and slides on Europe and Rome, and a program entitled "Teaching Sex to Children" which was presented by Rev. Joseph Higgins and a registered nurse.

Wesley members began a new year in River Falls with their fall banquet. The group's educational activities this year included a debate by Allen Sternberg and Rev. Allen Torkelson entitled "Which Road to Peace," and an ecumenical study group concerned with "Evangelism and Politics." The Wesley players, a drama group, presented "Parade at the Devil's Bridge."

**ACE** was established to serve the interests of persons enrolled in elementary education. While working for the education and well-being of children, Association of Childhood Education encourages continued growth of prospective teachers and leaders in elementary education.

The ACE-sponsored Book Week in the Campus School was deemed successful by parents, teachers, and children alike. In addition to these laurels, it helped line the pocket of the treasury. Members made silhouettes, toy animals, and the old Women's Shoe to add atmosphere to their second annual Fun Day. This event, which entertains the children of River Falls for one Saturday, brought in more than enough money to send a delegate to the ACEI Convention in Cleveland, Ohio, in April. June Orne was named ACE Fun Day Queen on the basis of her outstanding ability as children's storyteller.

The Young Dems took an active part in bringing leading political figures to the campus this year. Among them were Senators John Kennedy and Hubert Humphrey, both of whom are Presidential possibilities for 1960. Several congressmen and state legislators were also seen on campus due to the enthusiasm of this organization. Members jumped on the bandwagon to promote the annual campus Grass Roots Political Conference in February and send four students to the National Young Democrats' Convention in Toledo, Ohio, in November.

The delegation from River Falls was one of the largest present at the state convention in Racine in March. Bob Agranoff, a River Falls junior, was chosen to preside at this convention, and Carl Duch, state treasurer, represented the group on the state executive board. Members also traveled to Stevens Point for a political conference and workshop in October.

# Athletics

**THE 1959 FALCON FOOTBALL** record, told in monosyllables, would sound something like, AUGSBURG 27, FALCONS 21 (oh); STEVENS POINT 7, FALCONS 13 (ah!); WHITEWATER 34, FALCONS 14 (ooh); SUPERIOR 13, FALCONS 13 (well . . .); STOUT 7, FALCONS 40 (yeah!); EAU CLAIRE 9, FALCONS 6 (unh!); LACROSSE 21, FALCONS 14 (ack!); PLATTEVILLE 22, FALCONS 14 (arrgh!); MANKATO 12, FALCONS 6 (aww!). Well, as someone said . . . the virtue is in the battle, not the victory. By this premise, the 1959 Falcons did come out virtuous, at least. Coach Fran Polsfoot can look forward to better times next year. Of 34 lettermen for 1959, 24 return for the '60 scrimmages. Old hands and All-League honor winners Lauber, Carew, and Neurer will be missed, of course, but there will still be firmness in the Falcon line.

The opening '59 game saw the Falcons surprised by a first half Augsburg onslaught. At first the Falcons seemed to be able to do little but stand on the levee and watch the flood go by. By the second half, however, it was the Augies turn to head for high ground. The Falcons mounted an offense that flooded 21 points high, until the drought came. Falcon men had great admiration for Augie halfback Jim Roback.

Second time out, it was better. Falcon Laubers (John and Mick) and Neurer, Carew, and Hallen, among others, led the team in giving a few pointers to the Steven's Pointers. Hallen passed, the Laubers ran and caught, then ran some more. The Falcon wall was invincible on offense (Sackett, Carew, and crew) and on defense; the Pointers failed to gain a first down until the second period.

The Whitewater Warhawks came to the Falcon's Ramer Field prepared to stoop to conquer. It was a battle of game birds the entire first half. After a scoreless first quarter, the Hawks' Dave Spies sniped a Falcon pass in mid-air and flew for the TD. The Falcons, diving for home, scored through the air, Dawson to Neurer. Whitewater's Coulthart retaliated almost immediately, swooping back to score on a punt return. But a Dawson-to-Everson aerial sailed the Falcons back to the one-yard line. Everson stepped through and across. (14-14). Baubles, fumbles, and mis-deeds hurt the Falcons in the second half. Another interception, a poor pass from center accounted for two Warhawk scoring opportunities. Final: 34-14, Warhawks.

Game four, with Superior, gave negative relief. The Falcons didn't fall, the Yellowjackets weren't stung. When the dust settled, the scoreboard was tied down in a tangle of 13-13.

Against Stout, it was one of those nights when nothing could go wrong. Falcons Lauber, Hanson, Lloyd, Hillstead, and Everson slipped over to tally. Stout hearts will always have a soft spot for Glen Harke, who snagged a wayward RF pass, and scored the Bluedevil's only touchdown with a fifteen-yard run.

A pass interception, a frantic huddle, a perfect last-second field goal; it was agonizingly over, courtesy of the Blue Golds. And it all happened Homecoming Day. The Falcons strode ahead first, on a spectacular Mick Lauber 97-yard run for the score zone. Except for the final, fatal field goal by Junior Bluegold Don Lee, it was the high point of the game.

By the time the Falcons got to LaCrosse they were still undefeated. It was almost murder. The Indians had to hatchet their way from behind twice before the final warhoop died and the score was settled at 21-14.

At Platteville, the Falcons again showed considerable spark but not quite enough punch. The Pioneers led 13-0 when Mick Lauber collected the kick-off and swung forward around 90 yards worth of Pioneer players. Guard Larry Julien busted through the Pioneer line later, and raced 22 yards for a score, before the Pioneer quarterback realized he had handed-off the ball to the wrong man. But the Pioneers had scored again by then and they were to score again, on a final-minutes field goal, to end it 22-14.

Early scoring followed by defensive play made the finale of the season with Mankato quite a thriller. The Minnesotans were ahead 12-0 in the first quarter. A Dawson plunge from the one yard line eased Falcon supporters, and the team ended the half 12-6. The scoring was over. Falcon Frank Sprenger turned to with eleven tackles on his own. The score stood at 12-6 for Mankato.

**AN ALL-CONFERENCE** football player has proved to the Wisconsin State College Conference officials and fans that he is not only an outstanding ball player, but one who believes in team cooperation and fair play. An All-Conference ranking is one of the highest honors any member of an athletic team can achieve, and Wisconsin State College at River Falls each year has had good representation on the all-league team.

Three RF football gridders wound up spectacular college careers this year and nabbed all-conference births for the second or third time. They were Jim Carew, Mick Lauber, and Jack Neurer, the third-time winner.

Tackle Jim Carew was one of the toughest men to ever don the red and white uniform for the Falcons. His performance in the 1959 Stevens Point game will be one that Falcon fans will long remember. Carew not only sent two Pointers flying, but picked up the fumble besides. "Caruchi" has been described as a "terror on opposing passers," and made more than his share of tackles in his four years.

Mick Lauber, the "fleet-footed halfback," was a sure bet for the All-Conference team and no one was surprised when he got it. Known for his amazingly long runs, one-handed catches, and tough defense, Lauber finished the season with a total of five touchdowns in conference play. This placed him third among the WSC scorers. Three of those touchdowns tallied up the amazing total of 269 yards!

Jack Neurer, who was named All-Conference in his sophomore year and each year since, was also considered for the NAIA All-American team. Described as "a bundle of dynamite and a glue-fingered receiver," Neurer's performances with the Falcons gave many a fan a thrill. He racked up four touchdowns for the season, one against LaCrosse following a fake field goal attempt. He turned in four of the best seasons any River Falls end ever has, despite his relatively small stature.

**THE FALCON'S BASKETBALL SEASON** was one of many optimistic moments, despite a dismal record of 4 wins and 17 losses. Because the team was composed of two seniors, three juniors, three sophomores, and seven freshmen, Coach Don Page can look to the future with high expectations. Leading the team in scoring was 6'5" freshman center, Charlie Johnson, with an 18.4 average.

The only graduating senior on the first five was Mick Lauber, and his presence will be sorely missed next year. Mick was listed among "Who's Who in Small College Basketball" for his outstanding play during the season. Also absent from next year's squad will be Jack Omer, a reliable reserve guard.

Up and over!

**THE RIVER FALLS WRESTLING SQUAD**, under the direction of first-year coach Byron James, captured the Wisconsin State College Conference Wrestling Championship after only three years of intercollegiate competition. The Falcon grapplers compiled an impressive team record of 10 wins, 1 tie, and 2 losses. Among these victories were wins over the strong North Dakota State squad, the highly rated Carleton team, and a smashing 26-5 walloping of Macalester, the Minnesota Interscholastic Athletic Conference champions.

The only losses of the season came at the hands of Moorhead and Winona, Minn. Early in the season, La-Crosse tied the Falcons, but the Indians fell at the hands of the Falcons in due time.

Individually, Larry Julien, Jim Drummy, Dave Garlie, and Marvin Gorres swept conference championships in their weight classes. Ron Aasmundrud finished second, and Frank Mrotek and Jerry Fehlen gained third place ranks.

**Row One:** Coach Byron James, Tom Braun, Bill Martenson, Richard Culver, Jim Kanable, Dale Diedrich, Manager Dale Schickowski; **Row Two:** Jerry Fehlen, Marvin Gorres, Ron Aasmundrud, Pat Mrotek, Dave Garlie, Jerry Halverson, Jim Drummy, Larry Julien.

**THE BASEBALL TEAM**, with nine returning lettermen, set an over-all record of 5-11 and a conference record of 3-7 to end the 1960 season.

In the opening double-header with LaCrosse, the Falcons were buried 9-1 and 7-1. Capitalizing on the Falcon's loose fielding, the Indians wrapped up the first game with an 8-run first inning. In the second game they collected seven runs on just a pair of hits. Hitting star for the Falcons was Bill Halverson, who picked up three singles in six appearances.

After splitting one with Macalester in a double-header, the Falcons received two defeats at the hands of the Winona Warriors. The first game tallied 4-3, won on only five hits. Lauber issued eight walks in the seven-inning fray. Freshman twirler Jack Scholz yielded to a total of six runs in the second game.

In a two-game stand with Eau Claire, the Falcons lost the opener 9-4 to the Blue Golds due to shaky defense. In the nightcap, the Falcons took advantage of eight EC errors and a four-hit pitching stint by Scholz to win 10-1.

The RF ballers then shut out the Stout Bluedevils 5-0 for their first conference victory. Stout took the second game in ten innings — 6-4.

The Superior games turned in identical scores of 6-3, one win for each side. Then the LaCrosse Indians returned to dump RF twice to end the season.

**Row One:** Don Page, coach, Bob Nelsen, Don Koepnick, Russ Radke, Gary Burke, Ross McCullough, Frank Gombold, Mick Lauber, Jim Pohl, Ed Gregorich, John Doyle, Mgr.; **Row Two:** Jack Scholz, Brad Noreen, Dick Peper, Gene McNamara, Wayne Johnson, Ray Saxby, Bill Halverson, Jim Turnquist, Mick Rogers, Roger Piehl, Hank Lauber.

**Row One:** Barry Lindsay, Jim Hallen, Chuck Wall; **Row Two:** Terry Hexum, Jerry Stern, O. B. Bergsrud, coach, Ralph Ryan.

**THE RF GOLF** men, paced by Jim Hallen and Ralph Ryan, set a 7-4 record in dual competition this year.

The RF linksters defeated Bethel  $11\frac{1}{2}$  to  $6\frac{1}{2}$  in one of the opening meets. Ryan received medalist honors with a 5 over par 75.

Bergsrud's boys had a 4-4 victory over Stout's with Hallen and Ryan getting 7 over par 77 for the 18-hole course. They also defeated Eau Claire 10-8.

Carleton College in Northfield handed the golfers a  $16\frac{1}{2}$  to  $1\frac{1}{2}$  defeat. In a triangular meet with Bethel and Augsburg, the RF team took second place, losing to Bethel, despite a hole-in-one by Hallen.

**THE RF TRACK** team had a spotty season this year, finishing second or third in a number of quadrangular and triangular meets.

Coach Fran Polsfoot's team sported 12 lettermen, including Fred Colman, record holder for the half mile, and Roger Pechacek, holder of the state high school half mile.

Opening the season against Winona, the Falcons were scalped 101-30 by the Warriors. The tables were turned at the next meet, and the RF thinclads trounced the Auggies 77-45.

Meets at LaCrosse, Winona, and St. Cloud, netted seconds and a third place, respectively.

Highlight of the year was the defeat of Bethel, Stout, and Eau Claire in a Ramer Field meet. The RF sprinters swept top honors in three out of four events.

**INTRAMURAL** director O. B. "Ben" Bergsrud's varied program reached an all time high this year as an estimated 600 male students took part in the numerous activities. That figure represents nearly 80 per cent of the entire male population of the campus.

Action got off to a torrid start when the Stool Bums swept through the intramural football season with an unblemished 6-0 record. Riding the sharp-shooting arm of quarterback Hank Lauber, the Bums knocked off the QB's 9-6 in the annual Homecoming championship at Ramer Field.

Next came the fall Archery Shoot. Clare Hewitt came out on top edging Tom Brickner and a field of eight other bowmen.

Basketball and bowling were next in season and spirited play highlighted both sports as action continued into the spring. Ralph Carlson's underdog Gutter Dusters (they finished fourth in regular season play) surprised everyone by walking off with top honors in intramural bowling. Two leagues of eight teams each blasted the maples during the winter months with the King Pins copping the "A" league title and the Pin Busters winning the "B" league crown. But the Gutter Dusters dumped the Tequila Kids in

the playoff finals to win going away. Members of the crew included Carlson, Earl Finder, John Brey, Dale Edlin, Dan McKeeth, Verne Linse, Chuck Bolder, and Frank Bartzén.

Meanwhile competition was fierce in the intramural basketball games held nightly in the North Hall Gym. 24 teams fought it out in the "R" league and the "F" league. When the commotion subsided, the Mooses stood head and shoulders above the pack. Led by the high-scoring Ken "Moose" Mouw, the winners copped the "R" league title posting an 8-1 record, while the Floor Burns were running away with the "F" league glory by amassing a 12-1 mark.

The Mooses eked out three thrilling wins in the tournaments by almost identical scores of 44-43, 45-43, and 46-42, with the last coming over the No Names in the championship game. Mouw paced the champs with a 19.1 per game average. Others on the squad included Bill Halverson (capt.), Barry Lindsay, Jim Blank, Jerry "Tank" Cushing, Duane Tollefson, John Livingston, and John "Animal" Doyle.

Rich Miller won the scoring title in the "R" league, meshing 182 points in nine games for a 20 point per game average, while Larry Hopkins scored 186 to take "F" league honors.

In the first annual pool tournament, Dale Pearson bested 33 other contestants including Tom Motley in the final best-of-three match.

Approximately 16 teams saw action in intramural softball, and with the swimming, golf, and tennis tourneys, climaxed an action-packed year in intramural sports at River Falls.

Row One: Jack Jenson, Lee Rutherford, Hank Lauber, Bill Armbruster, Tom Sempf, Ed Schlumpf, captain; Row Two: Gary Sharfenberg, Mick Collins, Ross McCullough, Don Koepnick, Jack Rode, Ken Keenlyne.

**THE JUNIOR**, when returning to campus in the fall, faces his most difficult year in college. Everything seems to fall on his shoulders which suddenly seem inadequate. Having matured considerably during the last two years, he resolves to let his studies come first on his list of activities. His classes are rough and his professors demanding. This year he's got to get "organized"! Taking pencil in hand, he tries to budget his time and finds that he needs 31 hours to accomplish a day's work which includes —

- Writing a term paper that's due tomorrow
- And planning another panel discussion (he puts these first!)
- Campaigning for Student Senate
- Putting up Prom decorations in the new gym
- Reorganizing Prom decorations for the Student Center
- Attending three committee meetings

Rounding up the committee members  
 Serving for the Senior Banquet  
 Eating two square meals  
 And catching six hours of sleep, if he's lucky.

**THE SOPHOMORE** finds himself among old friends on campus. He knows that he is a part of the college and he seriously attempts to take advantage of its many opportunities. Among these are the vast areas of study which are open to him. He feels the enthusiasm and challenge of his classes and professors. The spirit is catching for the maturing sophomore. His professor wonders about the subject of this student's thoughts as he gazes out the classroom window. He may be pondering—

The impending tug-of-war with the freshmen  
 Carol Wenner, Sophomore Campus Cover Girl  
 His grade on the Senior Division Writing  
 Proficiency Test  
 Or the Minnesota Teachers' Aptitude Test  
 The "angle of vision" for Miss Moss'

Confused plans for Homecoming Dance decorations  
 The responsibility of sponsoring Traditions Day  
 Or the sad lack of traditions  
 A date for the prom in May  
 Or his summer job to work his way through school.

**THE FRESHMAN** at River Falls is a spirited and enthusiastic youth who darted onto campus to spend his first year away from home in a new world. His goal for the year is to root himself in the prevailing intellectual atmosphere of the college. Those with whom he comes in contact are aware of the gradual change which is taking place within him, but he looks like the same old kid to himself in the mirror. Were this mirror to reflect the past year he would see many characteristic images—

Edith Walker, Tom Keefer, Donna Hulverson

The endless ribbon-like registration lines  
 That unbecoming red and white beanie  
 Gaunt faces after entrance exams  
 An auditorium filled to capacity for orientation sessions  
 A list of required courses  
 Confusing professors' names, especially Staff

A wobbly cup at the first tea  
 Letters to home  
 A butchered frog  
 Webster's discerning definitions of collage and college  
 A sea of red and white pompoms at Homecoming game  
 A neglected dormitory room  
 The four freshmen cheerleaders  
 John Schaffer, the Ugliest Man on Campus  
 The crowd at Clifton Hollow  
 An almost human professor  
 Books begging for attention  
 Those final passing grades.
