## \$25,000 LOSS IN VARSITY BLAZE

### PLAN TAG DAY TO SEND BAND TO MINNESOTA

200 Co-eds Will Sell Tags  
Wednesday—\$1,100 is  
Needed

A concerted effort will be made made next Wednesday to send the band, forty strong, to Minneapolis through the medium of a tag day sponsored by S. G. A. with the aid of 200 co-eds. Eleven hundred dollars has been set as the minimum quota necessary to finance the trip, and the standard contribution expected from each student is twenty-five cents.

The trip was assured yesterday afternoon when the business men of the city volunteered to make up any deficit in the sum needed in case the tag day should fall short of the mark. It was at first thought probable that the Athletic department would send the band, but a "Big Ten" ruling on the matter makes student subscriptions the only recourse.

The absence of the band was keenly felt at Ohio two weeks ago, and will be needed as badly at Minneapolis with the redoubtable Gophers fighting for their first win. The essential part that Wisconsin's band actually plays in the team's success was amply demonstrated at the Illinois game last year.

A last minute tagging campaign resulted in raising enough money to send the band to Urbana. It appeared on the field after the second half started and immediately the team started a drive on the Suckers which did not stop until an overwhelming victory had been attained.

Although the business men of Madison have been good enough to offer their support, the taggers will make every effort to get the required amount from the student body as an expression of confidence in the team's calibre. The slogan Wednesday is going to be 25 cents from every student.

### SATURDAY NAMED AS DEADLINE FOR NEXT NUMBER OF OCTOPUS

Staff Wants Original Jokes and  
Jingles — Cartoons and  
Drawings Welcome

The deadline for all Octopus contributions has been set as Saturday, November 6, the editors announce.

All kinds of material is wanted, but everything must be strictly original. Short "he and she" jokes, satires, limericks, and jingles are especially welcome. Cartoons and drawings are also desired.

### HE-MALE! !

Man Invades Sacred Precincts of Home Economics School

No longer do the "Home Ecs" enjoy their classes in costume design unmolested.

A man, girls, a MAN! Ray R. Sadowski, federal board and state bonus student, is enrolled in two classes in the school of Home Economics. Mr. Sadowski, aside from doing his hill work, is working with the Massal Tailoring Co. Following the completion of his university courses he contemplates going to New York, where he will do costume designing and ladies' tailoring.

### MINSTREL SHOW CAST IS NAMED

"Red" Taylor Heads List of  
Stars in Engineers'  
Production

"Red" Taylor, as interlocutor, heads the cast of the Engineers' Minstrel show, as announced yesterday by Foster Strong, general chairman of the production. This is the first time that the names of the engineers who have been rehearsing and who will appear in the performances at Homecoming, have been revealed.

"Red" is well known on the campus as a man worthy of the important role which he is to have. His experience in cantonment entertainment, which he obtained while in service with the A. E. F. in Africa, will serve him in good stead.

Melvin Pierce, as "Bones," and Lewis Schmidt, as "Tambo," are the principal "ends," and will be supported by Roy Redin as "Sassafraz," John B. Holmes as "Dewdrop," Howard Sharp, as "Snowball," Sherman Green as "Dynamite," J. E. Mackie as "Rastus," and Henry Stegeman as "Dumb-Bell." Several novelties, such as a saxophone quartet, a dancing quartet, a yodeling song, etc., will be featured by these eight men.

The circle includes eighteen men with exceptionally good voices: "Jimmie" Price, Herbert Muth, Foster Newell, S. H. Gregg, F. F. Bovingdon, E. G. Liebert, A. J. Huegel, G. P. Ryan, C. C. Congdon, Ole Seitz, E. N. Lunda, C. Dunn, Halmer Peterson, J. T. Strate, E. C. Lanning, Alfred Cotton, R. T. Beglinger, and Harrington Yost.

The principles and the circle will be supported by a chorus of 22 men whose names will be announced later.

NO CARDINAL WEDNESDAY  
Owing to the fact that Tuesday, November 2, Election Day, is a legal holiday, there will be no issue of the Cardinal on Wednesday morning.

### 7 Horses Die As Hill Farm Barn Burns

The big barn at the University Hill farm burned to the ground last night.

Seven horses, two sheep, and one cow were burned to death, and only prompt work by farm attendants saved the entire herd from destruction. Two hundred tons of hay stored in the loft gave impetus to the flames, which lighted up the entire sky for miles around. An automobile and a considerable quantity of farm machinery were destroyed by the flames, and the total loss was expected to run over the \$25,000 mark.

The blaze was first noticed about 9 p. m. The fire had probably been under way for at least twenty minutes before this time, for it had obtained such a start that the building was doomed before the alarm was sounded. The origin remained a complete mystery up to a late hour last night.

Engine No. 4 of the city fire department answered the call, but the firemen were unable to do anything except keep the fire away from surrounding buildings. At 9:30, when the blaze was at its height, a lurid glow was cast over the western sky, and hundreds of students endeavored to discover what was the matter. No one knew anything about a fire, and the crowds which collected at points along State street were led to believe that they were witnessing some kind of a phenomenon.

The barn was the largest possessed by the university, and was fitted up as a model barn. It was 200 feet long, and one of the "show" places of the college of agriculture. A corncrib next to the barn also burned. The firemen had not returned to the fire station at midnight last night, available information being to the effect that the embers were still smouldering and that there was some danger of the fire spreading.

### FORENSIC BOARD TO GIVE DINNER

Program of Speakers is Announced for Banquet at  
Belmont Nov. 10

The Forensic board last night announced the program and speakers for the all-university forensic dinner to be held at 6 o'clock November 10 at the Badger room of the Belmont hotel. Clyde B. Emery, president of the board, a member of last year's interscholastic debating team, and recently elected Rhwodes scholar from Wisconsin, will preside as toastmaster.

Included among the former forensic stars who will attend and respond to short toasts is Alvin C. Reis, '13, in his undergraduate days an intercollegiate and joint debater and the last Wisconsin entry to win first place in the famous Northern Oratorical League contest. A. P.

### TICKETS FOR HOMECOMING HOP ON SALE

400 Pasteboards for Annual  
Event at Lathrop Offered  
to Public Today

Today 400 tickets go on sale for admission to the 1920 Homecoming dance to be held Saturday night, November 14, in Lathrop hall. No more than this number of couples will be able to secure entrance to the real social event of the gala week end, and early reservations will be in order.

Tickets will be on sale at Morgan's, the University pharmacy, and the Park hotel, or may be secured from Alfred Hotten, who is in charge of the sale.

Jean Juster and "Red" Hawkins will be at the helm of a ten piece orchestra to provide motion-producing harmony for the occasion. Promptly at 8:30 p. m. they will launch forth into the tunes for the evening.

The entire third floor of the hall will be used for the dance. This permits the use of the concert room in addition to the gymnasium. Waxing and rubbing of the floor will be carried out in order to provide the smoothest possible surface for the dancers.

As a reception room for the alumni the parlors on the second floor have been secured. Here the alumni register will be placed so that late arrivals may have a chance to sign it. Special places for each class to meet will be assigned later.

Elaborate plans for decoration are being made. In the gym and concert room lighting effects will be worked out and shields, flags, and emblems will be used for trimming. Palms will be used on the stage which will be occupied by the orchestra. The parlors will be decorated with floral pieces.

### ANNOUNCE TRYOUTS IN HARESFOOT CLUB

"Haresfoot tryouts will be held, as usual, at the beginning of the second semester," stated Carl Richter, president of the Haresfoot Dramatic club last night. "I have received many queries from students wishing to try out for the club, and I wish to call their attention to the fact that Haresfoot tryouts are never held before eChristmas. Students who are interested in musical and dramatic production in any form, would do well to wait for Haresfoot."

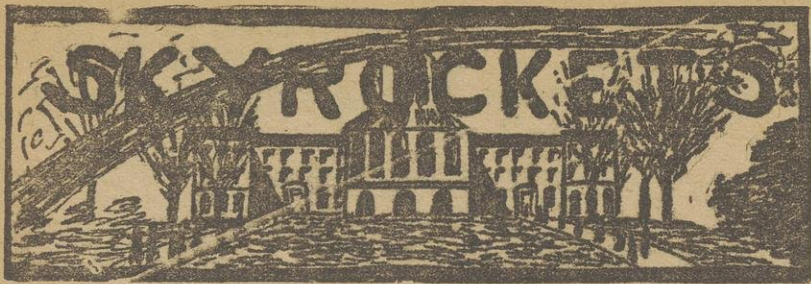

Plans for the production of the annual musical show next semester were discussed at a recent meeting. Several student shows are under consideration for production, and it is certain that an amateur musical comedy will be produced next spring.

### Give A Quarter

AT last we have some real poetry. This is what we could call real poetry. Our only worry is what to name it. So we will vary our methods in Harvey T. Woodruffing by having a contest. Name this poem and we will at least assure you of considerable notoriety.

The film flits in the filamalo  
Of the poly wogg plinks so  
pale  
And the pimel-fish pipes his  
petulant plea  
To the gaup of the galloping  
whale.

The salbot snoozes on the sand  
The bilping bats his ear  
And all the gooey galliflaps  
Are dozing far and near.

From out the murk of molten  
muck  
Of neolithic snows  
There jumps the jaggy jagger-  
dank  
Exhaling through its nose.

The woozy woofind warting bird  
Arises from the depths  
And chorpung epic epigrams  
Reclines upon the steppes.

Thanks, Twenty Four Out (of  
luck) we have to take back that  
above remark. Your help ought to  
last us two or three weeks. It  
won't, though; so come again.

Dear Ed:

In response to your k. i. I'm back

I heard another good joke the  
other day, too. You start telling it  
like this: "I ran across a fellow yester-

## Y. M. C. A. DRIVE GREAT SUCCESS

### Figures Show Contribu- tions Went Over Top in Quota on Thursday

An announcement from the Uni-  
versity "Y" last night shows that  
the "Y" drive has been one of the  
most successful ever attempted. Ac-  
cording to the figures available at  
that time, the canvassers have suc-  
ceeded in bringing in a total of  
\$4,341.91, and final reports are not  
yet completed.

The returns of Friday and Satur-  
day show that the drive really went  
over the top some time on Thursday,  
but the slowness of the reports pre-  
vented even the officials of the as-  
sociation from knowing this until  
yesterday, when the returns up to  
that time were totaled.

"The hard work of the men who  
put this drive across is the real  
cause of its great success," said  
"Dad" Wolf, speaking of the cam-  
paign yesterday. "The average size  
of the contributions this year were  
no larger than in previous years, but  
it was the very high proportion of  
the students giving contributions  
which is responsible for the gratify-  
ing showing. To Earle Tower, who  
handled the campaign as a whole,  
and to Stuart McKinnon, who had  
charge of the fraternity canvass,  
which was an outstanding feature of  
the drive, must go the credit for get-  
ting together such a fine bunch of  
fellows as made this success possi-  
ble. The contributions were not  
only generous, but a very high pro-  
portion of them were cash, and over  
\$2,000 of the money is already in the  
bank."

## SCHOLARSHIPS OFFERED TO 25 COLLEGE GRADS

**American Field Service Society Will Give Fellowships in French Schools**

Twenty-five scholarships in various French universities are being offered to graduates of American colleges by the Society for American Field Service Fellowships.

One of the reasons for the establishment of the fellowships is to provide an enduring memorial for the 127 Field Service men who gave their lives in the war. It is planned to name the scholarships after these men. It is hoped that sufficient funds can be obtained to name a fellowship for each one of the men.

Another reason for these fellowships is to strengthen the bonds of friendship between the United States and France, and to secure a better appreciation of the contributions of the French universities to science and learning.

The money value of the scholarship is \$200 for passage money, plus 10,000 francs payable in two installments. The scholarship can be renewed for the second year upon application, provided circumstances warrant it.

The scholarships are offered in the following fields of study:

Agriculture, anthropology, archaeology and history of art, astronomy, biology, botany, chemistry, classical languages and literature, criminology, economics, education, engineering, English language and literature, geography, geology, history, law, mathematics, medicine and surgery, oriental languages and literature, philosophy, physics, political science and international law, psychology, religion, Romance languages and literature, Semitic languages and literature, Slavic languages and literature, sociology, zoology.

Scholarships are offered to the following institutions of France:

The universities, faculties, and other institutions of higher learning in Paris, or in Aix-Maracille, Alger, Besancon, Bordeaux, Caen, Clermont-Ferrand, Dijon, Grenoble, Lille, Lyon, Montpellier, Nancy, Poitiers, Rennes, Strasbourg, Toulouse.

Any graduate student of the university interested in these scholarships may secure an application blank and further information by applying to the secretary of the American Field Service Fellowships for French universities, Dr. I. L. Kandel, 522 Fifth avenue, New York.

All applications should reach the secretary of the society not later than Jan. 1, 1921.

### MANY SWIM DAILY TILL LAKE FREEZES

"Men never stop going swimming," explained Captain Isabel when asked when the men stop swimming in the lake.

"A large number are taking daily plunges now. They will go in regularly until the lake freezes, then they will chop holes in the ice and swim anyway."

"As for the women, they also go in the year round. When there isn't a man around to open the ice for them they take a bath in the snow. There's no stopping 'em, though some landed in the infirmary last winter."

### "DAD" WOLFE STATES LEAGUE IS CERTAIN

Frederick E. "Dad" Wolf, Y. M. C. A. secretary, speaking on the league of nations at the Badger club Sunday evening, declared we were certain to have a league, the form only depending upon the election day. Mr. Wolf thought it better to start anew, rather than try and kerk the league now offered in to something that is agreeable to the nations.

Miss S. A. Sterling, assistant professor of German, Mr. and Mrs. P. E. Stark, and Prof. and Mrs. E. B. Gordon were hosts and hostesses.

Movies were shown for the first time, and proved to be satisfactory. More are promised at future meetings.

### HARVEST BALL IS EVENT AT MAIN U

One of the largest social events of the year at the University of Maine which will take place in the near future is the "Heck" Ball. The Harvest Ball, as it is officially called, is an annual dance held in the fall under the auspices of the Agricultural club. The list of decorations rather exceeds that usually attributed to such dances, for it includes pens containing sheep and other animals, and cages of hens and ducks. The general atmosphere is that of a summer back on the farm.

If you walk I'll teach you to dance. Results absolutely guaranteed.

## THE ELECTION

**T**ODAY the nation is going to pick a new chief executive. The only features safe to predict are that the next president will come from Ohio and that he will be a newspaper editor.

The campaign which closed last night, while the most important since 1860, has been a great disappointment. In such a crisis it would have been natural to suppose that both parties would bring out men of commanding personality and enviable achievement. This has not been the case. One candidate was chosen because it was felt that his negative and colorless record would please two factions battling for supremacy. The other candidate was chosen because he had little connection with national politics and because he was regarded as the best vote getter in the party.

With these leaders at the helm the country entered a campaign in which the issues are more far-reaching than they have been in two generations. Are we going into the league of nations? If so, how? If not, what are we going to do? Is the predominant note of internal policy to be reactionary or progressive? What is going to happen to the railroads? How is our industrial organism to stand up under the strain of readjustment following the war? These are a few of the issues. The manner in which they are met will affect the course of American history for a hundred years and touch intimately the lives of those now in their prime.

As university students we cannot stand aside like cynics and deplore the antics of politicians. The spectacle of this campaign is a lesson that ought to be engraved deeply in the mind of every student. With this lesson comes the responsibility of preventing, as nearly as we can, another situation where the expediency of parties is put above the welfare of the country and the expressed will of the members of the parties.

However, we must make the best of conditions as they are. We must remember that we are Americans before we are Democrats or Republicans. If the hearts and minds of the people will function normally the nation will pull through all right either under the leadership of President Cox or President Harding or even President Debs.

## STAR GAZING

**T**HERE was a time in the history of education long, long ago, when a university student was expected to converse intelligently upon matters pertaining to the heavenly bodies; when allusions to Uranus, and Venus, and Ceres, and the Great Bear were common in the discourse of university men; when the person who was at all sincere in his studies would have felt no more

abashed in the presence of an astronomical controversy than our present student does in the presence of a political argument.

That time is past. Today, it is safe to venture, a statement that half the students in the university cannot accurately locate the North Star. As far as the interest of most of us is concerned, the Great Bear might just as well be hibernating in the Rocky Mountains. Our education in the affairs of astronomy has been cut short,—so short in fact that we can hardly see it. Our only pleasure in gazing at the stars is a sort of senuous one or a feeling of mystery at the vastness of the universe. Most of us, in our practical age, feel that star gazing is a pure waste of time.

Such a conclusion, however, can hardly be borne out by facts. It was through "star gazing" that some of our most important principles of physics were formulated. It was through "star gazing" that the laws of navigation which made possible discovery and commerce were envolved. It was by "star gazing" that much of our literature was inspired.

Life today moves too fast for most of us to take even an elementary course in astronomy. We do have an opportunity, however, of bettering our knowledge in this line. The Observatory furnishes this opportunity. Tomorrow evening, and the first and third Wednesday of each month, it is open to the student body.

While it is true that one cannot gain a very complete knowledge of astronomy simply by going to the Observatory tomorrow night, nevertheless, it is possible to broaden our vision somewhat and to get a fair conception of the means by which science spires out the secrets of the heavens.

If tomorrow night is clear, take a trip over the Hill to the Observatory and learn something of the secret of the stars. It is educational. It is well worth while.

### SCENARIO CONTEST FOR CASH PRIZE TO CLOSE ON SATURDAY

#### Staff Suggests That Pie Throwing Be Omitted From Stories

All movie plots to be entered in the Varsity movie scenario contest must be handed in to the production manager at the office in the Union building by noon Saturday. Several fairly good scenarios have already been turned in but there is still an excellent opportunity for a good plot to win the \$25 prize.

Eleanor Riley, Betty Marshall, Hildegard Luedke have been appointed as scenario inspectors to judge the contest. The winners will be announced next week.

The production staff suggests that the stories submitted make the best use of the natural beauty about the university, both scenic and feminine, and that melodramatic situations and pie throwing be omitted.

Stories will be accepted in any form; but preferably they should be in short clear synopsis.

## FORENSIC BOARD TO GIVE DINNER

Continued from page 1

Haake, '13, who will be remembered for his stellar performances in the Illinois debate of 1914, when he snatched victory from apparent defeat in the closing rebuttal, is the other "grad" scheduled to respond to a toast.

Prof. J. M. O'Neill, of the public speaking department will outline plans for the season and announces the question for the preliminary tryouts for the intercollegiate teams. Arnold Perstein, also a member of last year's intercollegiate team and formerly president of the forensic board, will give a short talk on "Undergraduate Experience in Debating."

Advance arrangements by the board give every indication that the dinner will eclipse all previous forensic gatherings known in university annals. It precedes the preliminary tryouts by about ten days and is intended primarily as a send-off to an unusually busy debating season which includes such creditable rivals as Illinois, Michigan, Columbia, Southern California, and possibly Minnesota and Ohio State.

The dinner will start promptly at 6 and be concluded at 7:45 in order to permit other engagements for the evening. All persons interested in debating and oratory are especially urged to attend whether or not they intend to try out for the teams. Reservations at 80 cents a plate can be made in Prof. O'Neill's office between the hours of one and two any day this week except Saturday.

### NOTARIES AID 200

#### TO VOTE BY MAIL

Notaries public on duty on the campus assisted approximately two hundred students in voting by mail.

"No record was kept and it is probably that many more students made out their papers before other notaries. The five on the campus were busy most of the time. We placed them on duty to relieve the congestion in the Administration building," said Dean Scott H. Goodnight.

Many students, who are residents of Wisconsin, are taking a trip home today in order to cast their ballot.

## NEWSPAPER WOMEN ESTABLISH CLEARING HOUSE IN NEW YORK

National Journalistic Register Opened Through Influence of Theta Sigma Phi

The need for a nationwide clearing house for the journalistic woman and her job has been filled by the Woman's National Journalistic register which has been organized recently and is in working order now, with offices at Chicago and New York.

Though the register is a project of Theta Sigma Phi, woman's national journalistic sorority, all women, trained or untrained, who are interested in advertising, publicity, newspaper, or magazine work may register. The one requisite is capability.

The Chicago bureau combs for jobs the newspapers, house-organs, and advertising firms of the west and middle west, while the New York office does the same service in the east. The register endeavors not only to place women in positions but also to fit into each place the woman best suited for that particular work.

Mary Roberts Rinehart, who is a member of the advisory council, wrote about the plan before it was fully under way, "Naturally there can be no question of my approval or interest in the plan you have under way. I do know how difficult it is to secure a foothold in editorial offices, in publishing houses even for the experienced, and I believe there would be a real field for the clearing house you mention."

Bruce Barton and Henry Kitchell Webster are backing the register. The advisory council is composed of Mary Roberts Rinehart, Dr. Frank Crane, Fannie Hurst, Zona Gale, Frances Donovan, Judge Jean H. Norris, president of the New York Federation of Business and Professional Woman's clubs, Jane J. Martin, president of the League of American Advertising women, Mrs. Frederick Van Renneselaer Dey, president of the New York Woman's Press club.

## REPORT FAST SALE OF GOPHER TICKETS

Tickets which are being sold here for the Minnesota game at Minneapolis Saturday are going rapidly and T. E. Jones, director of athletics, expects fully 200 students, alumni and residents of Madison to be on hand to support the Wisconsin band in providing noise for the occasion. Ticket prices are \$3.50, \$3, and \$2.50.

The Badger team will make its headquarters at the Hotel Radisson while the band will probably be housed at the West hotel. Inasmuch as this week-end will be Homecoming at the northern university many festivities will be on the program in the twin cities and a capacity crowd will witness the game.

The high price of the ticket to the contest is due in part to action taken by the faculty committee of the conference institutions in abolishing the student exchange rate for out-of-town games. Last year students from Madison attending the Chicago games in Chicago secured tickets here for 50 cents which they exchanged at the Chicago stadium for a reserved seat at no extra charge.

This privilege was abused and a number of students took advantage of it to do a "scalping" business in Chicago, according to Coach Jones. Several were apprehended and punished.

Three thousand reserved seats for Wisconsin rooters have been procured for the Chicago game this year by Coach Jones and will be sold here the week before the game for \$3, \$2.50, \$2, and \$1.50.

## "RED" HAWKINS TO FEATURE AT MILITARY BALL

Thompson's Best to Play When  
1500 Cadets Assemble  
at Armory

"Red" Hawkins, piano; Terkel and Garner, saxophones; Sinaiko and Spring, violins; Brahm, drums; Thompson and Bartlett, banjos; Hardy, trombone, and McConnell, flute.

That's the lineup of Thompson's best musicians who will play for the military hop to be held at the armory Friday, November 19, the committee announced yesterday. The 1,500 members of the university cadet corps will wear their new tailor-made uniforms to the affair, which is the first big social event of the season.

Col. "Mike" Zwicker has volunteered to make plenty of good, old-fashioned punch, with everything in it but the kick. Decorations will be simple, but effective.

The following cadets are members of the committee in charge of arrangements for the hop: C. M. Russell, chairman, Joseph B. Bolender, H. J. Bilansky, R. L. Luening, L. P. Warner, M. R. Hart.

## HARDING WINS IN STRAW BALLOTS

Senator Warren G. Harding defeated Governor James M. Cox by 5,800 votes from a total of 15,683 in the recent straw vote held by the Eastern Inter-collegiate Newspaper association in 17 of the leading colleges of the east. The senator won by a large majority in every college except Richmond where Cox won by 140 votes out of a total of 207 and Columbia and Rochester, where the race was very close.

The graduate schools of many of the universities favored Governor Cox but the schools as a whole swung the decision the other way. Inasmuch as these colleges are in normal Republican districts and the students are from Republican districts to a large extent, this poll loses some of its significance. However, it proves that the other candidates, Debs, Christensen and Watkins, can not hope to win against the stronger Democratic and Republican nominees.

The votes were taken at the following schools: Amherst, Brown, Colgate, Columbia, Cornell, Dartmouth, Hamilton, Harvard, M. I. T., Middlebury, Princeton, Richmond, Rochester, Syracuse, Trinity, Williams, Yale.

## WEATHER

The highest temperature during the past 24 hours was 51 at 6 p. m. and the lowest was 42 at 4 a. m. Rainfall .90 and sun set at 4:51.

A storm from the Colorado plateau is crossing the Missouri and upper Mississippi Valleys and is accompanied by widespread rain. The rainfall was heavy in Iowa and adjoining states. Colder weather follows the storm in the northwest where the temperature was below 20 this morning.

## At The Theaters

### AT THE GRAND

"There is no better comedienne in filmdom than Constance Talmadge, and she is both pretty and clever in 'The Perfect Woman.' The screen is fortunate in having the gifted trio of Miss Talmadge, John Emerson and Anita Loos producing for it."—Baltimore American.

In its romantic developments, streaked with humor, "The Perfect Woman" reverses the proceedings usual in tales of wooing and winning. Having fallen in love with a man who is a confirmed woman hater, Mary Blake determines to wed him, despite the fact that he has determined not to assume matrimonial obligations. To safeguard himself against feminine charms he employs in his office a reader of character, who is expert in sizing up designing young women. Mary learns the ropes and with a clever disguise she succeeds in getting a position with the human icicle, overcomes his resistance and secures their mutual happiness.

### AT THE STRAND

The southwestern frontier in the olden, golden days is the scene of William S. Hart's new picture, "The Toll Gate." It is the first of the big productions made by Mr. Hart's own company under his own supervision to be released by Paramount Arcraft. The picture is showing at the Strand theater for the last times today.

As Black Deering, the hero, Mr. Hart has the role of the leader of a bandit band who is betrayed by one of his own men. He dashes away from his captors and, losing the sheriff's posse after a series of thrilling episodes, he comes upon the lonely cabin where the wife of his betrayer lives. He slays the traitor and then, touched to the heart by the kindness of the innocent wife and her child, he gives himself up to the law. But an understanding sheriff allows him to depart over the Mexican Border to freedom.

"The Toll Gate" is an impressive drama of self-sacrifice and red-blooded manhood as well as a glowing picture of the west that has passed away. Mr. Hart is supported by a capable company, headed by beautiful Anna Nilsson. His remarkably intelligent Pinto pony figures promiscuously in the big scenes. The star collaborated with Lambert Hillyer in writing the story and directing the picture.

The latest News Weekly will also be shown.

## DEAN ROE FAVORS FRESHMAN CONVO

"Many younger students come to our attention who have no idea of how to study and are failing for this reason. I am strongly in favor of anything which will teach them how to study and increase their interest in the intellectual life of the university," said Dean F. W. Roe yesterday, speaking of the freshman convocation to be held in Music hall at 3:30 Thursday afternoon.

The convocation, which is to be

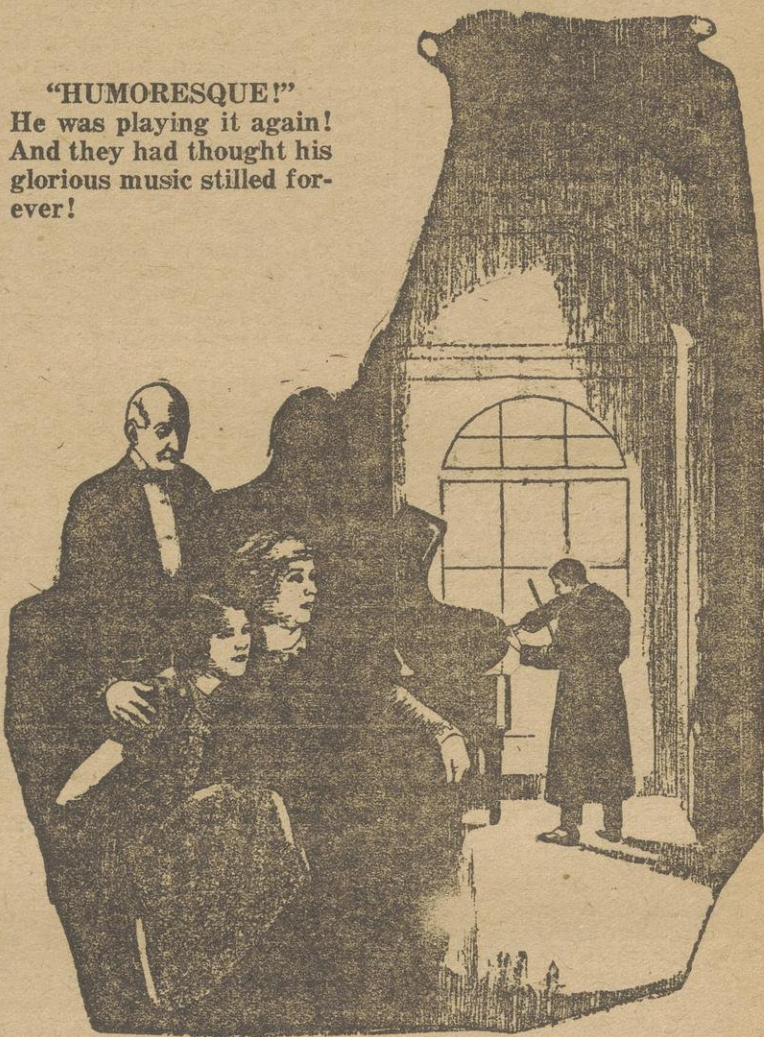

addressed by Prof. W. H. Kieffer of the economics department, is a result of the realization by upperclassmen of the difficulty freshmen have in learning college

methods of work. Professor Kieffer will tell how to get the maximum of pleasure and enjoyment from work with the least effort.

## VARSITY SHOWS REAL FIGHT IN HARD PRACTICE

### Football Squad is Given Hard Workout Against All-Americans

The Badger football squad was put through a grueling practice last night largely of a defensive character against the famous Minnesota shift used by the "All-Americans." There was plenty of real fight and pep in the varsity during the whole practice and they demonstrated clearly that in spite of the many injuries sustained in the Ohio State game, they will be a powerful eleven Saturday when they take the field against Coach Williams' Gophers at Minneapolis.

Coach Richards realizes that the Gophers will put up the battle of their lives against Wisconsin in an attempt to redeem themselves for the three consecutive defeats they have suffered this season. The Badger mentor does not hold the game next week-end lightly and he is giving the varsity the most strenuous week of the whole season to prepare them against the deceitful shift play of the Gophers.

#### Weston and Tebell Out

With the exception of Captain "Red" Weston and "Gus" Tebell, Wisconsin ends, the Badgers will oppose Minnesota with the same lineup that went into the Ohio State game. "Mike" Knapp and Harry Barnes are playing the wings on the varsity this week, with Colline and Anderson in reserve. Weston has been hobbling around the campus on a cane since the Ohio State game and although his knee is improving rapidly it is doubtful if he will get into the game Saturday.

#### Scouts See Minnesota Play

A complete staff of Badger scouts saw Minnesota take a 17-7 defeat from Illinois at Urbana last Saturday and they all are of the opinion that had the Gopher quarterback used better judgment in a couple of critical situations, the game would have been a tie. "Doc" Williams is getting his eleven into shape and critics predict that the Gophers will yet upset the dope in the western conference.

#### Ohio and Illinois Left

With Ohio State and Illinois both emerging as victors from their games last Saturday, the titular

race has narrowed down to these two teams. Only a miracle can prevent one of them from winning first place. The Buckeyes were again rewarded for their "do or die" spirit and fighting right up until the last whistle they succeeded in defeating Chicago in the last four minutes of play. The marvelous passing of Quarterback Workman was a brilliant feature of Coach Wilce's offense.

Illinois won their game against Minnesota by forward passes although the Gophers gained consistently through the Suckers' line. Zuppke has a powerful offensive eleven but whether he will be able to stop the volley of forward passes which he will meet in Ohio State is causing serious perplexity among conference dopsters.

The best the Badgers can get out of the season now is a tie for second place with the remote possibility of a tie for first. If Michigan can defeat Ohio State the latter will be reduced to an equality with the Badgers. Then if the Buckeyes can win from Illinois, Wisconsin, by winning the remainder of the games on their schedule, will be tied for first place with the Buckeyes. Chicago will be out of it if they fail to defeat Illinois.

#### AT THE ORPHEUM

The Orpheum bill for the first half of the week will satisfy the most cynical. Each act comes in for its share of applause.

Headline honors go, perhaps, to Solly Ward who presents a clever satirical comedy, "Babies." Ward is a laugh getting shorty who can't control himself when pretty girls are around. The difficulties he gets in furnish the humor. There is an affectionate French girl and a typical wife in the act. They both interpret their roles with skill and facility.

Those who enjoy a good quartet will find in the Dunbar Darkies some harmony that only real southern negroes can make. They are well received.

The Lovenberg sisters and Neary appear last with a prettily set dancing and musical act. The Lovenberg sisters are good to look at and are capable dancers. Neary can handle the rope and the clarinet as well as he can dance.

Will Mahoney has a line of chatter that is original and cleverly said. He keeps his audience in laughter with his mock impersonations.

Both good looking and attractively gowned, Miss Campbell and Miss Shaw have a musical act that fits in well. They sing some old and new songs.

Pretty and petite, Miss Ioleen opens the bill with some skillful capers on the tight rope.
