PRICE LIST

— OF —

PRINTERS' WOOD GOODS,

MANUFACTURED BY

HAMILTON & BAKER,

TWO RIVERS, WIS.

CIRCULAR.

WE take pleasure in presenting this new Price List to our customers. We manufacture everything in the line of Printers' Wood Goods, and if you do not find what you want in this Price List, write us for prices and we will furnish them. We keep on hand a large stock of goods constantly, and can generally fill the largest orders on same day they are received. We warrant all our goods in every respect. Being situated in the heart of the lumber district of Wisconsin, we claim to be able to furnish wood goods at the very lowest figures possible, and at the same time produce an article that is first-class in every respect.

Hoping to be favored with a share of your patronage, we remain

Very truly,

HAMILTON & BAKER.

Two Rivers, Wis., Sept. 1, 1888.

HAMILTON'S CUTTING STICK FOR PAPER CUTTERS.

DESCRIPTION.—Our cutting stick consists of Main Body Piece A, which has a groove or recess cut the entire length of same to receive a small strip (B) $\frac{1}{4}$ of an inch square. This removable strip is the cutting surface, and is held in place by a steel clamp C, which is drawn up by the bolts D. This removable strip being square, can be used on four sides, thus giving the same amount of cutting surface as large sized stick.

WE CLAIM: 1st. That the steel strip running the entire length of Main Body Piece and screwed thereto, *absolutely* prevents warping or springing.

2d. That there is a saving of 75 per cent. in cost of cutting sticks after the first cost of Main Body Piece; and by buying one Main Body Piece and four dozen small strips, *the first cost is less than that of four dozen ordinary sticks.*

3d. That the strips can be shipped by express in bundles of 100 or more at trifling cost, where one dozen of the ordinary sticks are so bulky that they must be boxed and shipped by freight.

4th. That we make the slot in all body pieces of a standard size, so that strips can be ordered at any time with an absolute certainty of their fitting.

DIRECTIONS FOR ORDERING.—In ordering a Body Piece for your cutter, cut off and send us a small piece from end of a stick you have *used*; this will give us the exact size of slot in your cutter, and will also show us where the knife strikes on the stick. Be particular to see that the piece you send us fits the slot in your machine nicely; in addition to this give us the *length* of stick your machine requires. In ordering the small strips, it is only necessary to give length of stick, as we cut them all to a standard gauge and have but one size.

Price of Main Body Piece, any length up to 38 inches. \$5.00
 " " " " from 38 to 54 inches. 6.00
 " Strips, per doz., any length up to 38 inches. .25
 " " " " " " from 38-54 "30

ROLLER SUPPORTERS.

These bearers for job presses are locked up with the form in the chase. They take the undue weight of the rollers off the form, prevent over-inking, cause a more

even distribution, equalize the impression, and prevent the cutting of the rollers by rule or leaders. In other

This cut shows shape of Supporter.

words, they will save the rollers and improve the press-work.

PRICE PER PAIR.

For 5x9 Chase.....\$.35	For 10x15 Chase.....\$.50
For 7x11 "40	For 11x17 "60
For 8x12 "45	For 13x19 "75

When ordered by mail add to the price of the first size, 8c; to the second, 10c; to the third, 12c; to the fourth, 15c; to the fifth, 19c; to the sixth, 25c.

MOVABLE DRYING RACK.

This rack is a very economical arrangement for holding paper direct from the press, and we would call the attention of printers to its saving of money, time, and stock.

It is mounted on castors, so that it can easily be placed in the most desirable position for receiving the work from the press, or it can be rolled up to the stove or window for drying quickly. They are made in two sizes, to take paper 24x36 or 28x42. They may be used independent of the frame if desired, being so constructed that when piled one on another there is considerable open space between them.

No. Dryers.	Size.	Price.	No. Dryers.	Size.	Price.

HAMILTON'S NEWSPAPER FILE.

FASTENING.

These Files are made of cherry, nicely finished in oil. The fastenings are brass, with steel thumbscrew, having polished heads. The manner of opening and closing the file to insert a sheet is quite novel and simple. The clasp end of the file has a flat headed thumbscrew which is passed through a slot, and by giving the screw one quarter of a turn the file is securely locked.

Price Each, \$1.25.

They are made in the following regular sizes; other sizes furnished if desired:

To hold sheet 20 in. wide.	To hold sheet 28 in. wide.
" " 22 " "	" " 30 " "
" " 24 " "	" " 34 " "

Half font of 280 pieces, without case.....	2.75

HALF CASE.

Labor-Saving Lead and Reglet Rack.

For the printer who desires to have "a place for everything and everything in its place," these racks are indispensable.

They are made in four sections with varying sizes, from 4 to 60 ems pica, as shown in accompanying cut, with the length of the leads or reglets plainly stamped on the top of each compartment.

Each rack is 16 inches long and 6 3/4 inches high.

No. 1, holding 4 to 15 ems in length.....	\$.90
" 2, " 16 to 30 " ".....	1.20
" 3, " 31 to 45 " ".....	1.50
" 4, " 46 to 60 " ".....	1.80

Labor-saving waterproof cherry reglet, nonpareil or pica, graduated by one em pica, 25 pieces of each size:

Font No. 1, 4 to 15 ems long.....	\$.80
" " 2, 16 to 30 " ".....	1.30
" " 3, 31 to 45 " ".....	1.80
" " 4, 46 to 60 " ".....	2.30
Labor-saving leads, 4 to 30 ems long, in fonts of 25 lbs., per lb.....	.20

This cut shows how each section may be set on end and used conveniently in that position.

REGLET CASE No. 3.

Reglet Case No. 3 contains 42,000 pieces of reglet (550 yards) half pica and half nonpareil. The pieces run from 10 to 51 ems long, 100 pieces of each length, varying *one pica only*. This is a very convenient case for the compositor, as he has within reach any length desired, without cutting and wasting reglet for each job.

Price\$15.00

No. 4—Same as No. 3, with 50 pieces of each length instead of 100.

Price.....\$8.00

No. 5—Same as No. 3, to which are added lengths from 55 to 155 ems, varying in length by 5 picas. This case contains 1,500 yards of reglet cut into 6,300 pieces, and is the most convenient reglet case ever offered to printers.

Price\$38.00

No. 6—Same as No. 5, half size. Price.....\$20.00

Letter Board Table.

We make these Letter Board Tables any size desired. The one here shown has ten letter boards, but they can be made with twenty boards in two tiers, or thirty boards in three tiers, if desired. The boards have a rabbit in the front edge to receive the galley when emptying. Both the frame and boards are made of hard wood, and very strongly and substantially made. We furnish them with either wood, stone or iron tops.

THE "BOSTON" CABINETS, JOB AND NEWS STANDS.

Having secured the right to manufacture the "Boston" Stands, Cabinets and Window Cabinets, we take pleasure in offering them to our patrons. The "Boston" Patent Cabinets differ from other Cabinets in having our new combined Sliding Case Rest and Galley Rest, which enables the compositor to set his galley full without leaving the stand; or, if preferred, the Galley Rest may be used to hold "pick-ups," leads, dashes, quad lines, etc. The compositor has free access to every box in the case when correcting, and the galley is out of the way until needed.

SIX REASONS WHY THESE CABINETS ARE THE BEST:

First—When the compositor empties his stick, the lower case is easily slid forward out of the way, exposing the galley.

Second—When correcting, the galley is not laid on the lower case, delaying the compositor, owing to half the boxes being covered, but every box in both cases is convenient of access, as is more clearly shown in cut of Window Cabinet, giving side view of the combined Sliding Case and Galley Rest.

Third—The lower case may be easily shaken up without lifting it from the stand.

Fourth—The shelf over the cases is unobstructed, and can be made useful to place live or dead matter on.

Fifth—The top cases project six inches beyond the front of the cases in the stand, so that the compositor may work easily without rubbing his knees against the cases, and may be seated, if necessary.

Sixth—The projecting case brackets save on a double stand three square feet of floor space, and when two cabinets are placed back to back the saving is six square feet.

THE "BOSTON" WINDOW CABINET.

THE "BOSTON" WINDOW CABINET

Combines the advantages of our "Boston" Cabinet here shown, with this additional special merit: Two compositors may work steadily on solid matter and never be disturbed by those using the job cases in the Cabinet, a common and most annoying occurrence with other cabinets.

It is specially adapted for placing between two windows.

Cherry or Walnut Finish.

The Boston Patent Window Cabinet, 18 Italic and 2 pairs News Cases\$36.00

THE "BOSTON" CABINET.

Cherry or Walnut Finish.

Single Cabinet, with 18 Italic Cases and 1 pair News Cases on top.....\$33.00
 Double Cabinet (see cut), 36 Italic Cases and 2 pairs News Cases on top..... 64.00

Made in Solid Cherry, 20 per cent. extra.

THE "BOSTON," CABINET.

THE "BOSTON" JOB STAND.

(Same as cut on bottom of preceding page, but without side and back panels.)

Single Job Stand, for 18 Cases,
 \$8.50, with Cases.....\$26.50
 Double Job Stand, for 36 Cases,
 \$15.00, with Cases..... 51.00
 Made in Solid Cherry, 20 per cent. extra.

"BOSTON" NEWS STANDS.

The points made in favor of the "Boston" Cabinets apply with equal force to the News Stands; indeed, with greater force when the special requirements of newspaper compositors are considered, and saving space becomes a great object. The employer will save floor room, and the employes will save time.

N. B.—These stands are made without panel in ends. Panels are put in for 75c each panel. Cherry or Walnut finish, 10 per cent. additional.

Single Stand, with racks for 12 full-sized Cases.....\$ 6.00
 Double Stand, with racks for 12 full-sized Cases..... 9.00
 Double Stand, with racks for 12 full and 12 two-third Cases. 10.50

THE "POLHEMUS" STANDS AND CABINETS.

The Best and Most Convenient Yet Produced.

The "Polhemus" Cabinets have all the conveniences of the Boston Cabinet, viz: Sliding case rest and galley rest combined, and in addition to this have the following *important* points in their favor: The *back* of the Cabinet is paneled, and compositor stands at *back* when setting from the top cases; the Cabinet cases pull out from the *front* and compositor is never disturbed by others using them, a common occurrence with other Cabinets. There is a galley rest back of the case rest, extending the whole length of the Cabinet, giving the same amount of room as a *galley top cabinet*; also galley shelves between the rows of cases in the double Cabinet, with room for twenty single or double galleys.

FRONT VIEW.

BACK VIEW.

DOUBLE "POLHEMUS" CABINET.

The Double Cabinet has 18 full-sized Italic Cases, 20 $\frac{2}{3}$ Job Cases, and 2 pair News Cases on top; Cherry finish, \$75.00. (Solid Cherry or Walnut, 20 per cent. extra.)

WE MAKE THE FOLLOWING CLAIMS FOR THE "POLHEMUS."

- 1st. When the compositor empties his stick, the lower case is slid forward out of the way, exposing the galley, which saves time.
- 2d. When correcting, the galley is not laid on the case, covering half the boxes, but every box is convenient of access—this also *saves time*.

- 3d. The lower case may be shaken up without lifting it from the stand—saves *more* time.
- 4th. The lower case extends six inches beyond the stand, so that the compositor may work easily without rubbing his knees against the stand, and may be seated if necessary.
- 5th. The compositor, standing at one side of the Cabinet, and the cases being drawn out on the *opposite* side, he is never disturbed by others using the cases in the Cabinet—saves *lots* of time.
- 6th. The galley rest on top, in addition to case rests, affords as much room as *two* ordinary cabinets.
- 7th. The Galley Cabinet between the rows of cases affords as much room as a regular Galley Cabinet costing not less than \$8.00.

FRONT VIEW.

SINGLE "POLHEMUS" CABINET.

The Single Cabinet has 18 full-size Italic Cases and one pair News Cases on top; Cherry finish, \$35.00. (Solid Cherry or Walnut, 20 per cent. extra.)
 Double Stand with Racks for 12 full and 12 $\frac{3}{8}$ Cases, \$15.00.
 Single Stand with Racks for 12 full-size Cases, \$6.50.
