MINUTES OF THE REGULAR MEETING

of the

BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN SYSTEM

Madison, Wisconsin

Held in the Clarke Smith Room, 1820 Van Hise Hall
Friday, December 7, 1990
8:30 a.m.

- President Lyon presiding -

PRESENT: Regents Clusen, Davis, Doughty Luckhardt, Flores, Gelatt,
Gundersen, Hassett, Krutsch, Lyon, Nicholas, Schilling, Steil,
Vattendahl, Vos and Weinstein

ABSENT: Regents Dreyfus and Grover

Approval of the Minutes

Upon motion by Regent Vos, seconded by Regent Steil, minutes of the
November 9, 1990, meeting of the Board of Regents were unanimously approved
as distributed.

✓
Fish, Ody J.

Welcome to Regent Emeritus Fish

Regent President Lyon welcomed Regent Emeritus Ody J. Fish to the
meeting. A member of the Board of Regents for 16 years, Mr. Fish was to
make a presentation to the Board as Chair of the Commission on Education for
the 21st Century,

P.1

REPORT OF THE PRESIDENT OF THE BOARD

✓ Regent - ~~the meeting~~ -

Approval of 1991-92 Meeting Schedule, R 5654, P. 2 XEX A

Regent President Lyon presented the proposed meeting schedule for 1991-92, which was drafted in accordance with the Regent Bylaw provision that Board meetings be held the first Friday following the first Monday of each month, unless specially ordered, and in accordance with the practice of holding three meetings a year outside of Madison. Because neither President Lyon nor Vice President Nicholas could attend the meetings scheduled for April 4 and 5, 1991, April 10 and 11 were submitted as alternative dates. With that change, the proposed schedule was unanimously adopted, upon motion by Regent Steil, seconded by Regent Doughty Luckhardt.

Resolution 5654: That the 1991-92 Board of Regents meeting schedule, dated December 7, 1990, be approved.

(A copy of the meeting schedule is attached as EXHIBIT A.)

- - -

REPORT OF THE PRESIDENT OF THE SYSTEM

Approval of Nonpersonnel Actions/Informational Items

It was moved by Regent Vos, seconded by Regent Davis and unanimously carried that the following resolution be adopted by the Board of Regents:

Resolution 5655: That the report of nonpersonnel actions by administrative officers to the Board of Regents and informational items reported for the record (copy on file with the papers of this meeting) be received for the record; and that actions included in the report be approved, ratified and confirmed.

✓
Regent Presentations

Presentations by
Commission on Education in the 21st Century, PP 2-4

President Shay introduced Regent Emeritus Ody J. Fish, Chair of the Commission on Education in the 21st Century, who commended the service given the Commission by Regent Grover, Superintendent of Public Instruction; UW-Superior Chancellor Terrence MacTaggart; and UW-Stout Chancellor Emeritus Robert Swanson.

Explaining that the Commission, named by Governor Thompson and Superintendent Grover, consisted of 76 members who formed eight separate committees, Mr. Fish reviewed the resulting 168-item decision initiative document, which is prelude to the final report to the Governor and Superintendent of Public Instruction on December 21. He concentrated on those issues relating directly to the university but added an overview of items as follow:

✓ new?

(xref Commission on Education in the 21st Century - (see))

- The formula for school aid
- Change in mediation/arbitration for teachers
- A mandatory age of five for kindergarten
- Preschool preparation
- Greater teacher input into curriculum
- Teacher career ladders, merit pay, sabbaticals
- Greater use of counseling and technology to transfer knowledge
- Expansion of vocational opportunities
- Greater use of school buildings in off hours for community affairs and development
- Busing of students
- Requirements for 72 hours of community service for high school graduation
- Teacher preparation
- More effective recruitment program for minority teachers
- Revision of the Wisconsin Minority Teachers Forgivable Loan Program
- Raising of general academic standards in state schools of education for science, mathematics and technology education
- Raised admission requirements for teacher education
- Higher academic standards to ensure specific expertise of teacher candidates
- The question of national certification of teachers
- The problem of tenure for teachers and administrators
- Compensation structures for teachers, including vacations, holidays and sick leave
- Expansion of the school year for teachers
- Teachers' continuing professional development opportunities
- Creation of an Urban Teacher Education Center
- Collaboration of business and labor with K-12 teachers and college and university faculty, emphasizing education and science, mathematics and technology
- Staff development to improve instruction in science, mathematics and technology
- Establishment of a minimum of six instructional technology, mathematics and science centers staffed by specialists to offer professional development
- Paid sabbatical leave program
- Statewide collaboration among teachers to improve internal staff development
- A program patterned after the highly successful Regional Staff Development Center for school personnel in Racine and Kenosha through UW-Parkside
- Methods to remedy unsatisfactory teaching performances
- Retired educators to serve as resource personnel and advisors for teachers
- Career counseling services for teachers
- Teacher dismissal when remedial help fails
- Amendment of state statutes to provide for automatic review of teaching licenses when holder is dismissed for incompetence or immoral conduct following due process

Mr. Fish stated that, at their public hearings the preceding days, approximately 75 people testified, and the Commission was pleased that many favored the entire package. In order to continue the good work of the Commission, he said, an implementation committee is being formed. He then introduced the Commission's Executive Director, Gene Arnn.

In response to questions by Regent Weinstein, Mr. Fish stated that a fiscal note deliberately was not attached to the bill, and the Commission did address the Carnegie Report and study how it impacts on Wisconsin. He stated that the Commission understands Wisconsin's education system is better than that of many other states, and he emphasized that other states are not the source of competition--it is international.

Regent Clusen asked how Wisconsin's current teacher training effort is viewed, and Mr. Fish and Chancellor MacTaggart both confirmed that education and teacher training in Wisconsin are considered to be good but that the quality of teacher preparation could be strengthened.

Regent Lyon noted the number of state mandates included in the report and asked how they should be paid, and Regent Fish replied that the Commission recommends that they be paid by the state. Some of the issues, he added, would benefit society as a whole, and there is a question of whether to shift some non-academic programs from the schools to specific state departments. Examples of programs that might be involved would be education on lyme disease, driver's education, sex education, gun safety. Better utilization of school buildings on weekends is involved, as is the expense and time spent by students participating in the busing program.

Regent Flores asked if it appeared that the busing program would be continued, modified or eliminated after the law expires in 1993, and Mr. Fish replied that he did not believe it would be eliminated, only modified.

Regent President Lyon thanked Mr. Fish for his informative presentation.

✓ Funding - Report on

Gift Funding for UW-Green Bay Performing Arts Center, p. 4

President Shaw noted that, at the July 1989 meeting, the Board of Regents approved the design concept of the new Center for the Performing Arts at UW-Green Bay and granted authority to construct the building contingent upon assurance of the availability of gift funds. The project was enumerated in the 1989-91 capital budget at a total cost of \$12.7 million, with \$3.5 million coming from general fund-supported borrowing and the remaining \$9.2 million from gifts.

Documentation now had been provided by Chancellor Outcalt that the needed \$9.2 million in gifts had been received so that construction can proceed. The timetable for bids is this winter, with construction starting in the spring. President Shaw extended congratulations to the Chancellor and all the others who worked so hard to make this fundraising endeavor a success.

Budget -

REPORT OF THE EXECUTIVE COMMITTEE

→ Statutory Language Changes for Biennial Budget Request *approved by Exec. Comm., P. 5 + EX B*

Regent President Lyon reported that, pursuant to direction by the Board at the November meeting, the Executive Committee met on November 21 to consider statutory language changes proposed for inclusion in the biennial budget request. A number of issues were discussed and several amendments were approved by the Executive Committee, as set forth in the minutes of the meeting (EXHIBIT B).

REPORT OF THE BUSINESS AND FINANCE COMMITTEE

Regent Gelatt, Chair, presented the Committee's report.

Consent Agenda Items

Regent Gelatt presented Resolutions 5656-5657, which had been approved unanimously by the Business and Finance Committee, and moved their adoption as consent agenda items by the Board of Regents. The motion was seconded by Regent Vos and carried, with Regent Davis abstaining from the vote on Resolution 5656.

Approval of Gifts, Grants and Contracts

Resolution 5656: That, upon recommendation of the President of the University of Wisconsin System, the gifts, grants and contracts presented at this meeting (copy on file with the papers of this meeting) be accepted, approved, ratified and confirmed; and that, where signature authority has not been previously delegated, appropriate officers be authorized to sign agreements.

✓ *Bequests - acceptance of*

→ Harold R. Masten Request, R 5657, pp 5-6

Resolution 5657: That, upon the recommendation of the President of the University of Wisconsin System and the Chancellor of UW-Madison, the bequest of the late Harold R. Masten, West Palm Beach, Florida, be accepted by the Board of Regents of the University of Wisconsin System in accordance with the terms and conditions of the will; and that the Trust Officer or Assistant Trust Officers be authorized to sign receipts and do all things necessary to effect the transfer for the benefit of the University of Wisconsin-Madison campus.

✓ *Masten, Harold R. - acceptance of bequest*

R 5657, pp 5-6

(b) BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN, Madison, Wisconsin, to be applied as directed by the dean of the Medical School, Madison Campus, either in assisting young students in post-graduate training in neuropsychiatry, neurology or psychiatry or for research in one or more of said fields or for both of these purposes. My direction as to the use of this gift is advisory only and not mandatory.

(Mr. Masten's sister, Dr. Mabel G. Masten did a Residency (1925-27) at UW-Madison. The amount of the bequest is approximately \$1,000,000.00.)

✓
Regent - Committee - Legal Services Study - Regents Steil & Schilling
appointed to Study, p. 6

Status Report on Legal Services Study

Regent Steil reported to the Business and Finance Committee that he and Regent Schilling had been appointed by Regent President Lyon to constitute a committee charged with reviewing the way in which legal services are provided in the UW System. The Committee found that there would be substantial benefit in having outside expert advice which would result in recommendations regarding the size of legal staff, organizational structure, management techniques, and other measures to improve efficiency. An informational memorandum, including draft terms of reference and cost estimate for the study, was to be sent to all Regents.

✓
Athletics, Department of -

UW-Madison Athletic Department Financial Update, pp 6-7

Regent Gelatt summarized a report on the UW-Madison Athletic Department's financial condition presented to the Committee by Athletic Director Pat Richter, who commented on the recent Legislative Audit Bureau (LAB) report. Noting that current management is not responsible for past problems, he indicated that new staff has held spending in check and that the new business manager is in the process of implementing all of the LAB recommendations. The Athletic Department is building a new management team, establishing a five-year strategic plan, and developing department policies and procedures. Materials distributed by the department indicated that the deficit will take several more years to eliminate than had been estimated last year. In 1989-90, the department had an operating surplus of \$152,000, even after repaying \$662,000 of prior debt. With recent expense reductions, the 1990-91 budget showed a projected surplus of \$656,000.

Stating that the department is moving in the right direction, Regent Gelatt reported that the Committee had a number of questions for the Athletic Director, but was pleased overall with the efforts thus far and particularly pleased with the assurance that the continuing Arthur Anderson audit of Athletic Department books had uncovered no new problems. The Committee expressed its support for the new management team at the Athletic Department.

In discussion at the Board meeting, Regent Weinstein commented that newspaper articles left the impression the Athletic Department had not addressed any previous problems or deficit levels and had not reduced expenditures. On the other hand, the table distributed by the Athletic Department indicated that in 1991 revenues will exceed expenditures by more than \$600,000. He questioned the consistency of these reports.

Regent Gelatt explained that the LAB audit had questioned the revenue projection for the current year, which was based on assumptions not yet realized. Noting the importance of public support for the department, he said one side effect of the 1989 LAB report was a substantial reduction in private contributions. It would be unfortunate, he stated, if that were to be a side effect of this most recent audit, since the report also showed the department to be moving in the right direction. The hope is that the assumptions about attendance at athletic events and the level of private support will be realized.

Regent Weinstein commented that the Athletic Department operates at its peril if the assumptions are not realistic, particularly since the department has a history of inaccurate revenue projections.

Regent Gelatt added that the Business and Finance Committee shared the concern and sense of frustration at continuing surprises about past occurrences. Earlier in the year, the discovery was made that, through bookkeeping errors, the deficit at the end of 1989 was much higher than had been recognized. At that time there was no complete audit, such as the one currently under way. In response to questioning by the Committee, the business manager and Mr. Richter stated that they are 100 percent confident there will be no more significant surprises about what happened prior to January 1990.

While there is confidence in the department's new management, Regent Nicholas said, the Committee members made clear their feeling that there should be a sense of urgency about the situation and there should be recognition that this is a crisis which requires reduction of expenses and realistic revenue projections. The LAB reports, he commented, are excellent and objective accounts of the situation. The problems which remain must be handled by the Athletic Department with no more help from the students, the Legislature, or the Governor.

✓
Audits Class

Revision to Fee Policy for Auditing Classes, R 5658, pp 7-8 & EXC

Regent Gelatt reported on consideration by the Business and Finance Committee of revising the fee policy for auditing classes. It was proposed that the resolution passed at the October Board meeting be rescinded and that a new policy be adopted to charge 30 percent of the normal per-credit fee for resident auditors and 50 percent of the normal per-credit fee for non-resident auditors. Degree-seeking students would pay the full per-credit rate. Access to facilities and activities for auditors would be limited to the library and non-segregated fee funded activities at the student unions. There would be no fee charge for this access, and auditors would have no preference over the general public for access to other university facilities.

✓
Policies - (same as above)

Joyce Lowrey, of the UW-Milwaukee Center for Adult Development, addressed the Committee regarding the negative impact she expected the policy to have on older residents who currently audit courses without charge. She felt that older auditors would be willing to pay an administrative fee but that the proposed charges would price them out of the classroom.

After discussion, the Committee approved the proposed policy on a 5-1 vote, with Regent Vos voting in the negative.

It was moved by Regent Gelatt and seconded by Regent Vattendahl that the following resolution be adopted by the Board of Regents:

Resolution 5658: That, upon the recommendation of the President of the University of Wisconsin System, the policy pertaining to fee charges for class auditing (EXHIBIT C attached) be approved and that Resolution 5634, adopted October 4, 1990, is hereby rescinded.

Regent Hassett requested that a survey be done in a year to ascertain the impact of the new policy on senior citizens and other auditors.

Stating his support for the resolution, Regent Weinstein commented that allowing auditors to use athletic facilities is inconsistent with Regent policy on competition with the private sector.

Regent Clusen considered the proposed policy an acceptable compromise. She also supported Regent Hassett's request for a report on the policy's impact.

Put to the vote, Resolution 5658 was adopted unanimously.

✓
Budget -
Report on State Spending Freeze & Hiring Freeze p. 8

Regent Gelatt reported that President Shaw made a presentation to the Committee on the state's spending and hiring freeze, effective December 1. The Department of Administration was considering a proposal by President Shaw to allow the UW System to lapse a certain amount of money, rather than being subject to the details of the state's freeze.

- - -

REPORT OF THE EDUCATION COMMITTEE

Regent Davis, Vice Chair, gave the Committee's report.

Consent Agenda Items

Presenting Resolutions 5659-5667, which had been approved unanimously by the Education Committee, Regent Davis moved their adoption by the Board of Regents as consent agenda items. The motion was seconded by Regent Hassett and carried unanimously.

Solid Waste Research Council

Solid Waste Research Council Research Proposal Funding Authorization

R5659
p.9

Resolution 5659: That, upon recommendation of the Solid Waste Research Council and the President of the University of Wisconsin System, pursuant to 1989 Wisconsin Act 335, the following research projects are hereby approved:

<u>Investigator</u>	<u>Project Title</u>	<u>Amount</u>
Craig H. Benson UW-Madison	Hydrologic Analysis of the Landfill Cell at the Portage Co-Composter	\$17,375
John D. Strasma UW-Madison	An Economic Analysis of the Municipal Solid Waste Co-Composting Facility in Portage, WI	\$22,500
Philip R. O'Leary UW-Madison	Improving Compost Quality Through Source Reduction of Glass	\$10,552
Steven J. Levine UW-Stevens Point	The Fate of Household Hazardous Wastes During the Process of Composting	\$20,000
Aga S. Razvi UW-Stevens Point	Evaluation of Chemical and Physical Mass Balances During Composting at the Portage, WI Facility	\$50,000
P.M. Berthouex UW-Madison	Engineering and Economic Analysis of Co-Composting	\$12,753
Jae K. Park UW-Madison	Fate of Volatile Organic Chemicals Produced During Composting: Volatilization from a Composting Facility	\$20,000
Robert W. Miller UW-Stevens Point	Evaluating Municipal Solid Waste for Container Stock in Nurseries	\$ 4,750
Clive A. David UW-Stevens Point	Recycling of Solid Wastes to Improve Soil Characteristics and Growth of Christmas Trees	\$24,353
Solid Waste Research Council	Support Services to Researchers at the Portage Facility	\$15,000

UW-Milwaukee
UW-Milwaukee Divisional Name Change

Resolution 5660: ~~That, upon recommendation of the Interim Chancellor of the University of Wisconsin-Milwaukee and the President of the University of Wisconsin System, and in accordance with policy guidelines contained in AOS 1, the request of the Interim Chancellor that the Division of Outreach and Continuing Education be renamed the Division of Outreach and Continuing Education Extension, University of Wisconsin-Milwaukee be approved.~~

R 5660, p.9

Appointment to Natural Areas Preservation Council - Reappointment of

Resolution 5661: That, upon recommendation of the President of the University of Wisconsin System, the Board of Regents, acting pursuant to legislative direction, reappoints Associate Professor Arne Salli, ~~UW-Marathon County,~~ *for a* ~~to a new three-year term (January 1, 1991) December 31, 1993) as a University of Wisconsin System representative to the Natural Areas Preservation Council.~~ *Term ending* *R 5661, p. 10*

Authorization to Recruit Professor or Associate Professor, UW-Madison

Resolution 5662: That, upon recommendation of the Chancellor of the University of Wisconsin-Madison and the President of the University of Wisconsin System, the Chancellor be authorized to recruit for an Associate Professor or Professor, Department of Ophthalmology, Medical School, University of Wisconsin-Madison, at a recommended salary range which exceeds the Executive Salary Group 6 maximum. *R 5662, p. 10*

Authorization to Recruit Dean, School of Liberal Arts, UW-Parkside

Resolution 5663: That, upon recommendation of the Chancellor of the University of Wisconsin-Parkside and the President of the University of Wisconsin System, the Chancellor be authorized to recruit for *Dean of Liberal Arts, School of Liberal Arts, University of UW-Parkside,* ~~Wisconsin Parkside.~~ *R 5663, p. 10*

Authorization to Recruit Dean, College of Agricultural and Life Sciences, UW-Madison

Resolution 5664: That, upon recommendation of the Chancellor of the University of Wisconsin-Madison and the President of the University of Wisconsin System, the Chancellor be authorized to recruit for *Dean, College of Agricultural and Life Sciences, University of UW-Madison,* ~~Wisconsin-Madison.~~ *R 5664, p. 10*

Extension of Leave of Absence Beyond Initial Two Years

Resolution 5665: That, upon recommendation of the Chancellor of the University of Wisconsin-River Falls and the President of the University of Wisconsin System, the leave of absence for Bruce C. Decheine be extended through the 1991-92 academic year, *at UW-River Falls, R 5665, p. 10*

(Secretary's note: The Committee directed the record to show that no further extension of the leave is contemplated.)

Extension of leave of absence extended through 1991-92 academic year for Bruce C. Decheine, R 5665, p. 10

Professors, named

Named Professor, UW-Madison

Resolution 5666: That, upon recommendation of the Chancellor of the University of Wisconsin-Milwaukee and the President of the University of Wisconsin System, J. Rudi Strickler be appointed Shaw Distinguished Professor, Department of Biological Sciences, College of Letters and Science, University of Wisconsin-Milwaukee, *RS666, p. 11*
~~effective the 1990-91 academic year.~~

(same)

Professors, named

Named Professor, UW-Madison

Resolution 5667: That, upon recommendation of the Chancellor of the University of Wisconsin-Madison and the President of the University of Wisconsin System, the status of Robert Fettiplace be changed from Professor, Department of Neurophysiology, Medical School, to Steenbock Professor of Behavioral and Neural Sciences, Department of Neurophysiology, Medical School, University of Wisconsin-Madison, *RS667, p. 11*
~~effective January 1, 1991.~~

Authorizations to Recruit

Request for Salary Information on Authorizations to Recruit, pp 11-12

On the matter of salary ranges, Regent Nicholas expressed concern that, although the ranges are broad, most hiring salaries seem to be near the top of the range.

Indicating that the Education Committee had discussed the subject extensively, Regent Davis said the Committee reaffirmed its requirement that all authorizations to recruit be accompanied by comparative data from peer institutions or, if not available, appropriate market data. Salary ranges often are broad enough to provide options for hiring either a full professor or an associate professor. The Committee's intent was to ensure that these ranges are consistent with market data, while the actual hiring salaries are determined by qualifications as well as market considerations.

Regent Flores noted that senior faculty who had achieved national recognition command top salaries, in addition to which the market for certain positions is highly competitive. He was concerned that publishing the salary ranges may lead candidates to bargain for a salary near the top and may reduce the ability of administrators to negotiate effectively.

Regent Davis added that well-recognized faculty also are better able to attract research funds to the institutions.

President Shaw offered to provide information to the Regents on salary ranges and actual hiring salaries over the past year-and-a-half.

Regent Weinstein added that the Education Committee had requested specific information on the names of the universities that are being used for market comparisons.

(xref) Salaries - same

(xref) Compensation - same

Regent Clusen pointed out that the UW System's salary structure as a whole is not competitive, and salaries at the low end of the authorized range often are far below market levels. Thus, it generally is not realistic to expect hiring salaries to be near the bottom of the range.

✓ Strategic Planning -

→ Status of Strategic Planning Efforts, p. 12

Acting Vice President Beaver reported to the Education Committee on the status of strategic planning efforts in Agriculture and Natural Sciences, Libraries, and Student Affairs.

✓ Solid Waste Research Council -

→ Delegation of Authority to Make Future Solid Waste Research Appointments and Approve Projects, R 5668, p. 12

In discussion of Resolution 5659, the Education Committee decided that authority should be delegated to the President of the UW System to make future appointments and approve research projects under 36.25(3m)(d) and (c), *Wis. Stats.*, with appointments and research to be reported periodically to the Board.

Upon motion by Regent Davis, seconded by Regent Hassett, the following resolution was adopted unanimously by the Board of Regents:

Resolution 5668: Pursuant to the Board of Regents power to delegate authority under 36.09(1)(f) the President of the University of Wisconsin System is authorized to make future appointments under 36.25(3m)(d) and to conduct research under 36.25(3m)(c). Appointments and research shall be reported periodically to the Board.

✓ Sabbatical Leaves -

→ Announcement of 1991-92 Sabbatical Awards, p. 12

Regent Davis reported presentation to the Education Committee of a list of 157 faculty members who had been awarded sabbaticals for 1991-92. The list included 26 women and 11 minorities.

In discussion, the Committee asked for review of the current sabbatical policy as a future agenda item, to include how compensation policy varies among institutions, plus a ten-year analysis of the patterns of sabbaticals, with totals by institution, and whether the leaves were for one semester or for the academic year.

Regent Clusen emphasized, and the Committee agreed, that the purpose of the review is not to decide whether or not to continue the sabbatical program but rather to address the funding issues involved.

Academic Programs - Report on,

→ Program Review and Program Planning in the UW System, 1989-90, p. 13

The Education Committee was presented with the 1989-90 annual report on program review and planning in the UW System. Regent Weinstein felt criteria presented for the review of the programs were too general. For example, programs are evaluated on such criteria as number of students, cost and quality. He questioned how few students are too few, how high a cost is too high, what quality indices are utilized, whether administrative cost and overhead are considered, and what happens to discontinued programs. The Education Committee planned to put this topic on the agenda for a future meeting.

Undergraduate Education -

→ Report on Institutional Initiatives in Undergraduate Education, p. 13

Regent Davis summarized Committee discussion of the second report on undergraduate education, in the format suggested by Regents at the October meeting. Regent Weinstein asked that the question of retention rates and the implications for public policy be made a future agenda item, given the disparity between admission and graduation rates. Regent Lyon observed that 90 percent of the comments about undergraduate education are directed toward the doctoral universities. He cautioned Regents to keep in mind the comprehensive institutions and the UW Centers as well.

Extension -

→ Annual Report on Integration of Extension and Credit Outreach Policy, p. 13

(ref Policy - same)

The Education Committee received the annual report on Integration of Extension and Credit Outreach Policy, which showed enhanced statewide communication coordination and actions to improve statewide program planning among the UW System institutions, and between the UW System and external agencies. It was reported that the UW System policy ACIS 5.4, "Credit Outreach in the University of Wisconsin System," had undergone significant revision and review during fiscal year 1990.

Tuition - Request for future report on,

→ Resident Tuition for Graduate Assistants, p. 13

Regent Weinstein asked at the Committee meeting that the issue of waiving in-state tuition and fees for graduate assistants be scheduled as a future agenda item.

Sulton, James -

Commendation of James Sulton as

The Committee recognized James E. Sulton, Jr. → Special Assistant to the President for Minority Affairs, who was instrumental in development of a scholarship program recently announced by the Association of Commerce in Milwaukee. Dr. Sulton was commended by the Committee for his successful efforts in that area.

Students - Remarks on students called to military service
Students Called to Military Service in Saudi Arabia, p. 14

Regent Vos urged that every effort be made to help students who are called to Saudi Arabia, and to ensure that they are not penalized for serving their country.

REPORT OF THE PHYSICAL PLANNING AND DEVELOPMENT COMMITTEE

Regent Gundersen, Chair, gave the report.

Consent Agenda Items

Resolutions 5669-5674, which had been unanimously approved by the Committee, were presented as consent agenda items for action by the Board of Regents.

Regent Gundersen pointed out that the UW-Madison Eye Research Addition (Resolution 5673) had been in process since 1985, when the research grant was made. On a recent site inspection, the grantors were dismayed to find that the project was not yet operational--the only one of 35 grants made in 1985 for which research was not yet under way. The cause of the delay was the long and complex process required for capital projects.

UW Centers - Marathon County
Upon motion by Regent Gundersen and properly seconded, the consent agenda resolutions were adopted unanimously.

UW Center-Marathon County: Authority to Lease Marathon Hall, R 5669, p. 14

Resolution 5669: That, upon the recommendation of the UW Centers Chancellor and the President of the University of Wisconsin System, authority be granted for the University of Wisconsin System Administration to take the following actions:

- (1) to enter into a 25-year lease for management of Marathon Hall, a county-owned residence hall located adjacent to the University of Wisconsin Center-Marathon County, for the annual token payment of \$1.00;
- (2) to execute a Memorandum of Agreement with Marathon County for management of this county-owned residence hall and
- (3) to execute a Memorandum of Agreement with Northcentral Technical College relating to continued joint development of certain policies of the dormitory so long as NTC students continue to occupy the dormitory.

UW-Stevens Point: Authority to Purchase Property

Resolution 5670: That, upon the recommendation of the UW-Stevens Point Chancellor and the President of the University of Wisconsin System, authority be granted to purchase one vacant single-family residence (.14 acre) at 1008 Reserve Street, in the City of Stevens Point, at an acquisition cost of \$47,750, including \$750 for appraisals and closing costs, using 1989-91 General Fund Supported Borrowing - Advanced Land Acquisition funds.

It was reported to the Committee that discussions with Motorola Corporation were continuing but no agreement had yet been reached.

Bldgs + Land - Attempt by PPD Committee to improve

Supervision of Construction projects, R 5675, pp 17-18

Regent Gundersen presented Resolution 5675, which was unanimously approved by the Committee at his request. It asked for an accounting of the amount of time spent in supervision of UW System construction projects by the Division of State Facilities Management (DSFM). A fee is assessed for every project based on a percent of construction cost, and \$6 million has been paid to DSFM in the current biennium for construction supervision. If there is proper supervision, he wished to have that documented, but he suspected that is not the case based on numerous instances of faulty construction. Examples included a roof leaking after one year; a newly renovated office with expensive equipment being damaged by rain from a roof which should have been repaired before the renovation; and an addition to the hospital which was not tightly joined to the hospital building, causing a water main to freeze and burst, flooding the entire area. These occurrences caused him to question whether the university is getting full value for the supervision expenditure. If the projects were properly supervised, there would be great savings to the state.

It was moved by Regent Gundersen and seconded by Regent Gelatt that the following resolution be adopted by the Board of Regents:

(ref Physical Planning + Devl. Com - (same))

Regent Committee

Resolution 5675: Whereas the Physical Planning and Development Committee continues to have serious concerns about the adequacy of construction supervision provided to projects undertaken in the University of Wisconsin System, and

Whereas, the University of Wisconsin System pays an amount equal to 4% of the construction budget to the Division of State Facilities Management to provide construction supervision for its projects, but lacks confidence that staffing patterns in the Division of State Facilities Management are sufficient to provide the proper level of attention to assure that System projects are completed in accordance with the specifications,

Now Therefore Be It Resolved that the Administrator of the Division of State Facilities Management be requested to provide to the Chair of the Physical Planning and Development Committee a detailed accounting of the construction supervision provided to all projects approved for construction within the System for the time period from July 1, 1988 to June 30, 1990. The specific data to be requested is to be determined by the Vice President for Physical Planning and Development to assure that the desired information is received.

Regent Weinstein commented that the problem is broader than inadequate time spent in supervision. The UW-Madison Library addition, for example, was not badly constructed, but was ill-conceived.

Regent Davis suggested that the Physical Planning and Development Committee also put on its agenda an investigation of construction standards, given the very high per-square-foot cost of some buildings. He questioned whether those standards in today's markets are as cost-effective as they could be.

Regent Weinstein suggested that the Committee also receive information on how architects are selected. There seemed to be no penalty for architects who did a poor job.

Regent President Lyon said those issues will be placed on the agenda.

Put to the vote, Resolution 5675 was unanimously adopted.

Approval of 1991-93

Capital Budget Request, R 5676-5682, PP 18-25

The 1991-93 capital budget request was considered at a portion of the meeting to which all Regents were invited. President Shaw and Vice President Brown made a presentation on the capital budget proposal and the process by which it was developed. Speakers then made comments on the capital budget proposal.

Capital Budget Request

(X ref Bldg Fund - same)

Long-Range Plan

Adoption by the Board of Regents of Resolution 5676, which was approved in Committee, was moved by Regent Gundersen, seconded by Regent Weinstein and carried unanimously.

Resolution 5676: That, the University of Wisconsin System Board of Regents adopt, in principle, the long-range plan for addressing the Physical Plant needs of the University of Wisconsin System which has been prepared by University of Wisconsin System Administration, and give its commitment to a sustained level of funding to allow better long-range planning and the ability to engage in pro-active management through better priority setting to address the University of Wisconsin System Infrastructure needs, address the backlog of deferred maintenance projects, solve the problems and prevent them from recurring.

Deferred Projects

Regent Gundersen presented Resolution 5677 which had been amended in Committee to remove the UW-Madison Red Gym from the list of deferred projects. Upon motion by Regent Gundersen, seconded by Regent Vattendahl, Resolution 5677 was adopted unanimously by the Board of Regents.

Resolution 5677: That, upon the recommendation of the President of the University of Wisconsin System, the following listing of major projects (listed alphabetically by campus) requested by the various universities for potential funding in the 1991-93 biennium using General Fund Supported General Obligation Bonding be deferred and not submitted to the Department of Administration or State Building Commission for consideration as part of the 1991-93 capital budget. These projects will not be reconsidered unless resubmitted by the respective universities as a part of a subsequent biennial capital budget request. This recommendation on major projects, taken in conjunction with the recommendations on "All-Agency Accounts" and other requests, reduces the requests received from the various campuses by \$182.9 million and is based on a combination of fiscal constraints, Systemwide priorities, and planning considerations:

<u>UNIV</u>	<u>PROJECT</u>	<u>GPR REQUEST</u> (\$ Millions)
EAC	Brewer/Kjer/Campus School	\$ 2.9
	Central Heating Plant Modifications	3.1
GRB	Instructional Technology/Library Svcs	2.3

Building
for funding, R 5678, p. 20

Regent Gundersen presented Resolution 5678, which had been revised in Committee to provide full funding of the UW-Oshkosh Albee Hall Addition from general fund-supported borrowing. Upon motion by Regent Gundersen, seconded by Regent Vattendahl, the resolution was adopted by the Board of Regents with Regent Doughty Luckhardt voting "No."

Resolution 5678: That, upon the recommendation of the President of the University of Wisconsin System, the following listing of major projects recommended in the 1989-91 Board of Regents Capital Budget request for construction funding be included in the 1991-93 capital budget approved for submittal by System Administration to the State Department of Administration and the State Building Commission as part of the 1991-93 capital budget:

1991-93

LAC	Murphy Library	\$ 7,600,000
EAU	Library Info Tech	9,000,000
STO	Fryklund Hall Remodel	5,300,000
OSH	Albee Hall Addition	2,625,000
MIL	School of Business (+\$2.8 M PR)	22,200,000
CTR	Movable Equipment	500,000
MAD	Biotech/Genetics (+\$19.8 M G/G)	8,513,000
RVF	Rural Development Institute	850,000
		<u>\$56,588,000</u>

3-Rs Infrastructure Projects

Regent Gundersen presented Resolution 5679, which had been approved in Committee, and moved its adoption by the Board of Regents. The motion was seconded by Regent Gelatt and carried unanimously.

Resolution 5679: That, upon the recommendation of the President of the University of Wisconsin System, the following major projects, listed in priority order and funded by General Fund Supported General Obligation Bonding, be approved and the System Administration be authorized to submit the requests to the State Department of Administration and the State Building Commission as part of the 1991-93 Capital Budget:

I N F R A S T R U C T U R E					
	<u>REPAIR</u>	<u>RENEWAL</u>	<u>REPROGRAM</u>	<u>NEW CONSTR.</u>	<u>TOTAL</u>
MIL Electrical Utility \$		\$ 3,642,000	\$	\$	\$ 3,642,000

*plus \$700,000 Gifts

Any of these projects which are not approved by the State Building Commission are to be given enumerated planning status and be considered as prior commitments for construction funding in the 1993-95 biennium.

(Note: The last sentence was added to the resolution as part of action on Resolution 5681.)

Deferred Maintenance; Minor Projects; Exterior Development
and Land Acquisition Requests; Program Enhancements

Regent Gundersen moved adoption by the Board of Regents of Resolution 5680, which had been amended in Committee to reduce the amount of the request by \$30 million and to authorize the System President to make those reductions. The motion was seconded by Regent Clusen.

Resolution 5680: That, upon the recommendation of the President of the University of Wisconsin System, the following schedules of requests be approved. This listing, totaling \$97,749,672 and which is to be funded by General Fund Supported General Obligation Bonding, is to be reduced by \$30 million, with the President of the System to determine the manner in which this reduction is to be achieved. Further authorization is granted to System Administration to submit the requests to the State Department of Administration and the State Building Commission as part of the 1991-93 capital budget at the reduced total of \$67,749,672:

Deferred Maintenance

1) Health and Safety Projects All Outstanding Projects Systemwide	\$16,843,553
2) Building Envelope Projects All Buildings with Deficiency in Excess of 30%	\$ 6,804,516
3) Total Facilities Performance Projects All Buildings with Deficiency Less Than 75% in Priority Order by Degree of Deficiency	\$38,706,603
4) Utility Repair/Renewal Correct 50% of Steam Conduit, Chilled Water Line, Power Line and Communication Conduit Deficiency at all Campuses	\$12,000,000
TOTAL DEFERRED MAINTENANCE:	<u>\$74,354,672</u>

Minor Project, Exterior Development and Land Acquisition
Requests

1) Exterior Development	\$ 7,556,000
2) Land Acquisitions	3,000,000
3) Minor Projects	<u>9,444,000</u>
TOTAL	\$20,000,000

Program Enhancements

LAC Student Life Center (* also \$8.4 M Program Revenue)	\$ 2,605,000*
GBY Children's Center	<u>790,000</u>
TOTAL PROGRAM ENHANCEMENTS	\$ 3,395,000

Regent Nicholas asked if authorization to make the reductions also should be applied to Resolution 5679, in order to provide additional flexibility. President Shaw replied that he was comfortable with making the reductions in the three categories identified in Resolution 5680.

In response to a question by Regent Davis as to where the cuts might be made, President Shaw indicated more than a proportional share probably would come from exterior development, land acquisitions, and total facilities performance projects. The remainder likely would come proportionately from other deferred maintenance items. He was not inclined to reduce funding for the two program enhancement projects, in order to preserve the integrity of the buildings.

Put to the vote, Resolution 5680 was adopted unanimously.

-

Projects Approved for Planning Only

Regent Gundersen presented Resolution 5681 which had been amended in Committee to provide planning funds for the UW-Madison Red Gym.

A sentence had been added to the resolution stating that any projects in Resolution 5679 not approved by the State Building Commission are to be given enumerated planning status and be considered as prior commitments for construction funding in the 1993-95 biennium. Upon motion by Regent Weinstein, seconded by Regent Steil, it was accepted as a friendly amendment that the added sentence on enumerated planning status be moved to Resolution 5679.

Regent Flores asked what would happen to the gift funding of any project which might be approved for enumerated planning.

Regent President Lyon replied that the funding would be carried over into the next biennium.

Adoption of Resolution 5681 was moved by Regent Gundersen, properly seconded, and carried unanimously.

Resolution 5681: That, upon the recommendation of the President of the University of Wisconsin System, the following major projects be approved for Planning Only in the 1991-93 biennium from General Fund Supported General Obligation Bonding, and the System Administration be authorized to submit the requests to the State Department of Administration and the State Building Commission as a part of the 1991-93 capital budget.

Gifts, Grants and Program Revenue Supported Projects

Regent Gundersen moved adoption by the Board of Regents of Resolution 5682 which had been revised in Committee to remove the proposed student fee contribution for the UW-Oshkosh Albee Hall project. The motion was seconded by Regent Weinstein and carried, with Regent Doughty Luckhardt abstaining from the vote.

Resolution 5682: That, upon the recommendation of the President of the University of Wisconsin System, the attached listing of major Gift/Grant/Program Revenue Supported projects be approved, and System Administration be authorized to submit the requests to the State Department of Administration and the State Building Commission as part of the System's 1991-93 capital budget.

Budget Land - Approval of

(FAST)
Facilities Advancement for State Technology Program, R5683, pp 25-27

Regent Schilling commented that bringing the FAST program forward at this time left the impression that the program is a supplement to the normal capital budget process, whereas it actually is a means to accelerate certain projects. Although the Regents had voted to defer action on the program, news stories had reported erroneously that it had been approved. In order to avoid further misunderstanding, he moved:

That the President advise the Governor and Legislature as soon as possible that, while the Board of Regents supports the concept of the FAST program, it has not approved the FAST program and will not approve the FAST program until receipt of a concrete proposal and until there has been an opportunity for consideration.

The motion was seconded by Regent Nicholas.

Regent President Lyon noted that the resolution approved in Committee upon his motion supported only the concept of the FAST program and instructed the President of the System to confer with the Governor and legislative leaders prior to further Regent consideration of the program. That resolution read as follows:

That the Board of Regents supports the concept of the Facilities Advancement for State Technology (FAST) program proposed by the UW-Madison Chancellor and instructs the President of the University of Wisconsin System to confer with the Governor and legislative leaders regarding the program and to present the proposal for formal consideration at the February 1991 meeting.

Regent Schilling noted that the purpose of that resolution was to respond to President Shaw's request for indication of whether there is Regent interest in the program. However, the effect of the resolution and press reports was to create the confusion his motion was intended to resolve. The impression left by media reports was that a capital budget of nearly \$400 million was being advanced.

Regent Weinstein did not believe the Board should be in a position of reacting to erroneous media reports. He considered the resolution approved the previous day to be reasonable and did not wish to take a different action at this meeting.

Regent Davis stated his belief that the resolution approved the previous day made it clear that the Regents support the concept of the program but would take no formal consideration until February. He moved that the Board adopt that resolution.

After that motion was seconded and discussed, Regent Schilling withdrew his motion, based on assurance that President Shaw would speak with administration officials as soon as possible to make clear that the Board had not approved the program.

Regent Nicholas moved that the resolution approved the previous day be amended to substitute for the word "supports" the words "is interested in" and to change "the proposal" to "any proposal." The motion was seconded by Regent Doughty Luckhardt.

Speaking against the amendment, Regent Weinstein commented that the word "support" expressed his view that using both public and private money for the facilities is an excellent concept. He felt substitution of the word "interest" would weaken the resolution.

Regent Davis expressed agreement with Regent Weinstein. He thought the word "interest" was ambiguous and would undermine President Shaw's ability to express the Board's view to the Governor.

Regent Gelatt also opposed changing the word "support." However, he favored changing the word "the" to "any" in order to indicate that a revised proposal could be brought to the Board and to allow for the possibility that no proposal would come forward.

Regent Krutsch suggested amending the resolution to state specifically support for the private/public partnership concept, so that the resolution would not imply support for every other aspect of the program.

Regent Nicholas said he had suggested that the wording be softened because there had not yet been time to become comfortable with this very major program. In addition, he did not think the Governor had heard of the program before reading newspaper accounts of the previous day's meeting. Without the Governor's support, the plan could not go forward.

President Shaw noted that the Secretary of the Department of Administration had been briefed about the program.

Regent Flores moved and Regent Krutsch seconded a substitute amendment to insert "private-public partnership" after the words "supports the" and to replace "the proposal" with "any proposal."

Regent Weinstein commented that Regent policy already supports the concept of private/state partnerships.

Regent Flores replied that his intent was specifically to support the private/public partnership concept of the FAST program.

After discussion, Regent Flores withdrew his motion with the understanding that it could be reintroduced after action on Regent Nicholas' proposed amendment.

Speaking in opposition to the amendment, Regent Vattendahl said he supported the resolution as approved the previous day.

Put to the vote, the amendment was defeated.

Regent Schilling suggested that the words "the proposal" be changed to "any proposal" since the nature of the discussion was that other options could be considered.

Regent Weinstein suggested substituting instead the word "proposals," and it was agreed that this change be made.

Put to the vote, Resolution 5683 was adopted, with Regents Doughty Luckhardt, Nicholas and Vos voting "No."

Resolution 5683: That the Board of Regents supports the concept of the Facilities Advancement for State Technology (FAST) program proposed by the UW-Madison Chancellor and instructs the President of the University of Wisconsin System to confer with the Governor and legislative leaders regarding the program and to present proposals for formal consideration at the February 1991 meeting.

Regent Gundersen commended the Physical Planning and Development staff for the extensive work done to provide a systemwide building evaluation which permitted appropriate priorities to be established and to present the projects in a form of a 10-year long range plan.

Regent - Meetings -

ADDITIONAL RESOLUTIONS

→ Cancellation of January 1991 Meetings, R 5684, p. 28

Presenting Resolution 5684, Regent President Lyon noted that, while meetings are scheduled each month of the year in accordance with Board Bylaws, it has been the practice to cancel the January meeting unless there is business which requires the Board to meet. No business of that nature was anticipated.

Upon motion by Regent Weinstein, seconded by Regent Flores, Resolution 5684 was adopted unanimously.

Resolution 5684: That the meetings of the Standing Committees and the Board of Regents scheduled for January 10 and 11, 1991, be cancelled.

ADDITIONAL BUSINESS

Expenditure Freeze, Student Loan Waiting Period, Conflict of Interest Policy

Regent Weinstein requested information in three matters: (1) Explanation of what is covered by the GPR expenditure freeze; (2) the 30-day waiting period for federal student loans, which might hamper students in paying fees; and (3) the issue of conflicts of interest and the ethics code, including what procedures are in place and how they are monitored.

President Shaw replied that the requested information will be provided.

At 11:10 a.m., the following resolution, moved by Regent Nicholas, was unanimously adopted on a roll call vote, with Regents Davis, Doughty Luckhardt, Flores, Gelatt, Hassett, Krutsch, Nicholas, Steil, Vattendahl and Weinstein voting "Aye" (10), and no Regents voting "No."

Resolution 5685: That the Board of Regents recess into closed session to consider personnel matters, including annual evaluations, and appointment of Dean, UW Center-Marathon County, as permitted by s. 19.85(1)(c), Wis. Stats.; for initial review of honorary degree nominations at UW-Milwaukee, as permitted by s. 19.85(1)(f), Wis. Stats.; and to confer with legal counsel, as permitted by s. 19.85(1)(g), Wis. Stats.

CLOSED SESSION

→ Appointment of Dean, UW Center Marathon County

The Board arose from closed session at 12:55 p.m. The following announcement was made subsequent to the meeting:

Resolution 5686: That, upon recommendation of the Chancellor of the University of Wisconsin Centers and the President of the University of Wisconsin System, and subject to acceptance by the nominee, G. Dennis Massey, be appointed Dean of the University of Wisconsin Center-Marathon County, and Associate Professor of English with tenure, University of Wisconsin Centers, effective January 16, 1991, at an annual salary of \$57,000.

R 5686, p. 29

The meeting was adjourned at 12:55 p.m.

MINUTES OF THE EXECUTIVE COMMITTEE MEETING

of the

BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN SYSTEM

Madison, Wisconsin

Held by telephone conference
Originating from Room 1720, Van Hise Hall
Wednesday, November 21, 1990
2:15 p.m.

✓
~~Regent - Committees - Executive Comm -~~
- President Lyon presiding -

Meeting held 11/21/90
on statutory language
changes for 91-93 budget
EX B

PRESENT: Regent President Lyon (Chair), Regent Vice President Nicholas,
Regent Gelatt, Regent Grover, Regent Gundersen, Regent Schilling,
Regent Weinstein

ABSENT: None

The agenda for the meeting was to consider and act on proposed statutory language changes for inclusion in the 1991-93 biennial operating budget request. These proposals had been separated from the budget request adopted by the Board of Regents on November 9, 1990. The Executive Committee was empowered to act on them on behalf of the Board.

To bring the matter to the floor, it was moved by Regent Weinstein and seconded by Regent Schilling to adopt the statutory language proposals as set forth in the biennial budget request presented to the Board.

Regent Gelatt raised issues regarding possible amendments to a number of the proposed statutory language changes: (1) Whether the proposed change in program revenue spending authority should be amended to exclude the UW Hospital, athletics and tuition revenue; (2) whether the proposed change in creation of program revenue positions should be amended to require that appointment length be no longer than the external fund source length; (3) whether the proposed change to check and warrant signature authority should be eliminated; (4) whether the proposed change to minority teacher forgivable loans should be eliminated; (5) whether the proposed change to Cooperative Extension pay plan liabilities should be eliminated; (6) whether the proposed change to the Tuition Award Program and the Pilot Minority Tuition Award Program should be amended to extend, rather than eliminate, the sunset date; and (7) whether the proposed change to the Laboratory Modernization and Computer Access programs should be eliminated.

President Shaw and Executive Vice President Lyall commented on the possible amendments. After discussion by the Executive Committee, the following actions were taken:

Program Revenue Spending Authority: As submitted to the Board, the proposed change would enable the UW System to expend program revenues when received by converting most program revenue appropriations from annual to continuing appropriations. It was moved by Regent Nicholas, seconded by Regent Gelatt, and unanimously voted to exclude athletics from the proposed statutory language change.

EXHIBIT B

Minority Teacher Forgivable Loan Program: As submitted to the Board, the proposed change would extend loan forgiveness to students teaching in any Wisconsin school district. Upon motion by Regent Grover, seconded by Regent Nicholas, it was unanimously voted to amend the proposal to extend loan forgiveness to minority teachers in school districts meeting the following criteria: (1) any school district participating in a statutorily-defined interdistrict transfer program; and (2) excluding districts included in #1, the 25 districts with the highest percentage of minority student membership. This change would include in the Forgivable Loan Program school districts which have a substantial number of minority students but which are excluded from the program under current law because minority students constitute less than 29 percent of the membership.

Tuition Award Program and Pilot Minority Tuition Award Program: As submitted to the Board, the proposed change would eliminate the sunset dates for these programs. Upon motion by Regent Gelatt and seconded, it was unanimously voted to extend the sunset dates to 1994-95.

An additional proposed statutory change was presented to the Executive Committee by President Shaw. This change would amend two sections of the statutes relating to exemption from nonresident tuition for the purpose of clarification and elimination of inequities.

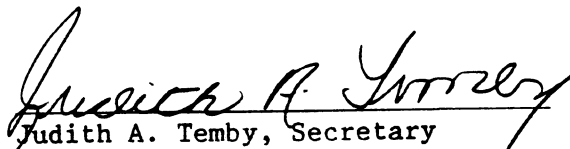

In one section, language would be deleted which refers to minors who are orphans and to legal guardians, so that remaining language would exempt any minor who has resided substantially in Wisconsin during his/her minority and for at least the required twelve months prior to enrollment.

In another section, it would be made clear that nonresident members of the armed forces qualify for resident tuition while on active duty.

It was moved by Regent Weinstein, seconded by Regent Grover, and unanimously carried to propose language exempting refugees from nonresident tuition.

The question was put on approval of the proposed statutory language changes, as amended, and the motion carried unanimously.

The meeting was adjourned at 3:10 p.m.

Judith A. Temby, Secretary

Class Audit Policy

Effective with the 1991 Summer Session:

A. AUDIT-ONLY ENROLLEES

The academic fee charge for individuals who register for only non-credit, audit-type attendance of credit classes shall be:

Wisconsin Residents - 30% of the normal per credit academic fee
Nonresidents - 50% of the normal per credit academic fee

Subject to the institution's nonresident tuition remission authorization, the chancellor may waive the nonresident portion of the per credit charge for nonresidents;

The ability of a person to register only for non-credit audit-type attendance is subject to these understandings:

- a) that there be no additional classroom/laboratory space requirements or increased instructional costs resulting from the implementation of this policy;
- b) that the approval of the faculty member in charge of the class must be obtained by the auditor;
- c) that auditors receive only provisional permission to attend classes until course registration is completed at the end of the add/drop period;
- d) that any special costs for course instruction other than normal tuition charges be assessed auditors availing themselves of this opportunity;
- e) that a student who opts to enroll on an auditor basis under this policy may not change to a credit basis during the term of enrollment;
- f) that students who later seek credit by university examination for a course that they have audited must be enrolled in the university at the time the examination is taken and are subject to appropriate tuition charge and special course fees;
- g) that the UW System's general policy on the refund of academic fees will apply to audit fees;
- h) access for individual who are auditors-only will be limited to the library and non-segregated fee funded activities of the student union. A special identification card would be issued the auditor permitting such access. NO FEE SHALL BE CHARGED FOR SUCH ACCESS. Except for library and non-segregated fee funded activities of the student union, auditors-only shall not be afforded any preferential access to university facilities which is not afforded to the general public.
- i) that Regent, university and student government regulations applying to students apply equally to audit enrollees;
- j) that the universities may determine which credit classes are open to auditors under the terms of this policy;

B. DEGREE-SEEKING STUDENTS

The ability of degree-seeking students to audit classes is subject to the academic policies of the institution. The normal per-credit tuition will be assessed audit credits until the degree and audit credits equal the plateau where academic fees are level. When the combination of degree and audit credits exceeds the full-time credit plateau additional fees shall be assessed.

Subject to the institution's nonresident tuition remission authorization, the chancellor may waive the nonresident portion of the per-credit charge for nonresidents.

REPORT OF NONPERSONNEL ACTIONS BY ADMINISTRATIVE OFFICERS
