GALLISTELLA BREEZES

Volume 3 Number 1.

July 26, 1934

Some Items Worth Remembering.

The following citizens were either elected or appointed to supervise the affairs of Camp Gallistella for the summer of 1934:

Mayor	Lawrence Jones
Clerk	H.A. Kesler
Treasurer	E.F. Ludwig
Street Commissioner	Wallace Theilman
Constable	H.E. DeLong
West End Aldermen	O. W. Anderson, R.W. Boyd
East End Aldermen	C.E. Virden, Russell McCoy
Postmistresses	Mrs. J.A. Bays, Mrs. R. McLeary, Mrs. A.L. Wilson, Mrs. C. Omdall
Census takers	Mrs. E.F. Ludwig, Mrs. C.G. Taber, Mrs. E.R. Halloway, Mrs. C.N. Flanders
Camp Newspaper	Mrs. T.W. Pratt
Sports Director	C.N. Flanders

Mrs. Gallistel asked that all fee cards be countersigned at the cottage.

The citizens of camp should drive through camp as little as possible, and when necessary to do so, drive slowly. There are children in the street at all times of the day. Visitors should park their cars at the top of the hill and be instructed by their host as to "how and where" to park. Cars parked should be in gear, with break on.

There are still some people throwing garbage in the uncovered containers. The uncovered containers are for glass and tins. Do not wrap garbage in papers because it fills the containers too rapidly.

Please help to keep the toilets in a clean condition. They are your property while you are here. Assume the responsibility for doing these things in accordance with the rules.

MEET OUR OFFICERS

Lawrence F. Jones, Mayor of Camp Gallistella, located on Platform # 5, is from Fon Du Lac, Wisconsin. During the winter months you will find him at work in the Vocational school in that city. He has been a member of this camp for four years.

Chas. E. Virden is one of the Aldermen of the East Ward. You will find him at home on Platform # 11. He is one of the older members of the camp, this being his third year here. Pittsburg, Pennsylvania is his home and he teaches printing in the high school.

Russell McCoy, the other Alderman of the East Ward, is here for the first time. When at home you will find him on Platform # 7. His winter home is in Vesper, Kansas where he is Superintendent of the schools.

Oscar W. Anderson, an Alderman of the West Ward, lives on Platform # 55. His home is in Rockford, Illinois, where he teaches a special course in the High School. This is his third year in camp so we know he likes it.

Rufin Boyd, the second Alderman for the West Ward, is from Manitowac, Wisconsin. He is the Music Supervisor for the schools in that town. His home number while in camp is 34. He has been in camp for five summers.

H.A.W. Kesler, Secretary for Camp Gallistella, resides on Platform # 39. He is coach and science teacher in a Junior High school in Topeka, Kansas. This is his fifth summer here. He received a Master's Degree last summer, and has returned this year for "Library Reading".

H.E. DeLong, the Constable for the camp, is spending his third year here. He is from Reddsburg, Wisconsin, where he teaches Mathematics in the High School. He is living on Platform # 31.

Wallace Theilman, Street Commissioner for Camp, resides on Platform # 30. During the school year he is Principal of the Hamlin Schools, Hamlin, Kansas.

Ernest F. Ludwig, is the Mathematics teacher in the high school of Manitowoc, Wis. This is his third year in camp and his present address is Platform # 35.

Last but not least comes the Life Guard, Berton Bernard, better known as "Barney". When at the University you will usually find him in the Agricultural Department, which is his chosen profession.

CANDIDATES FOR DEGREES

Citizens of Camp Gallistella should be proud of the members they are sending out this year who have reached another round on the ladder of Educational Attainment.

In the June Graduating Class, Carl Bays completed work for a Bachelor of Arts in Geology and wrote a thesis on "Paleontology of the Decorah Formation in the Gays Mills Quadrangle, Wisconsin". Carl is in and out of camp this summer while he is doing research in the northern part of Wisconsin. He will continue work this winter toward a Doctorate in the same field.

Louis Cady has spent the past winter in Madison and is hoping to receive a Doctor of Philosophy in Chemistry at the end of this summer. The topic of his thesis is "Molecular Diffusion into Wood". Mr. Cady will return in the fall to the University of Idaho, where he has been a member of the faculty for several years.

An interesting study has been developed by two of the men of this group. H.E. Gentry, who is candidate for the degree, Master of Science in Education, made a study of "Budgetary Procedure of Kansas Rural High Schools". Wallace Thielman continued the same study for a later period of time in his thesis, "Comparison of the Budgetary Procedures of Kansas Rural High Schools". His degree will be Master of Philosophy in Education.

Theodore Thomas is candidate for a Master of Philosophy in Education. His thesis is "Evaluation of Personal Interview in Guidance".

R.W. Boyd is candidate for the degree of Master of Music; he has written a thesis on "Survey of Music in Wisconsin Schools".

Three members are coming up for Master Degrees without having written a thesis. They are: Russell Bollinger, Master of Science in Education; R.R. Van Duzee, Master of Science in Education; and Howard Fielding, Master of Arts in English.

Pat. H. Motley is candidate for a Bachelor of Arts in Law.

A TYPICAL DAY IN CAMP

6 A.M. - 8 A.M.

Ho hum, it's time to get up. The milk truck has gone through camp and the bakery wagon is already half way down the hill. Small children begin to cluck and make chirruping waking sounds and chipmunks squeak sharply to one another.

Half dressed men going to and from the pump carrying water in everything from canvas bags to a battered sauce pan. Women frying bacon and scraping burnt toast.

9 A.M. - 11 A.M.

All the men have gone to class except a privileged few who recline in easy chairs and smoke cigarettes. Washings are fluttering on many lines and you see everything from white ducks to halter straps.

A vegetable wagon or the ice man rattles through camp and each wife searches her purse or her husband's trousers for a few pennies to make change.

Everyone strolls lazily down to the study hall for mail, hoping that check will come today, and that there won't be any more of those bills forwarded with postage due.

A dip in the lake before it is time to get lunch, (wonder what we'll have). It's too hot to cook much, -- let's have a cold lunch this noon. I'll open a can of beans and make some lemonade.

12 M. - 2 P.M.

Dad goes back to classes. Don't forget to bring home some kerosene and grapenuts. Let's get the dishes done right away. Whose turn is it to help? Mother how long has it been since we ate -- I'm going swimming.

2 P.M. - 4 P.M.

Down at the big Pier. Bathing suits of all colors, shapes, and sizes greet one's eyes. Bare backs are turned to the sun to become brown or red as the case may be. Children paddle in shallow water, or if bolder, are shrieked at by fond mother.

Divers and diverse things are topics of conversation. The children talk of a watermelon feed, The women of a new quilt pattern, the men of the approaching exams.

4 P.M. - 6 P.M.

Children come back from swimming and are half starved. Anything to eat, Mom? Where's my towel? Men come in from fishing. Catch any? Just a small rock bass, but I threw it back. Time for supper. Must get the can opener working again.

6 P.M. - 8 P.M.

Baseball tonight. Men clad in nothing except life savers or sawed-off union suits, flock to the ball field and take their turn at swinging a wicked willow wand, hoping to knock a home-run. Game is over with 3 hits, no runs, and a fowl caught by the catcher.

8 P.M. - 10 P.M.

Crying children, sleepy, refusing to go to bed. Women walking slowly up and down the thoroughfare, in small groups, exchanging the gossip of the day. Men in the study halls swatting flies, and trying to concentrate.

10 P.M. -

All quiet on the Wilson Front.

THE COLONY MESSENGER CORPS

To answer the need for ~~emerge~~ or special communication, a messenger corps, communication, a messenger corps, composed of children between the ages of 7 and 13, has been organized in the Colony. The duty of this corps is to carry telephone or other messages from Gallistel's to any tent in camp.

The messengers run on a weekly schedule which provides for trips at 10, 12, 2, and 6 o'clock daily. Meetings are held every Wednesday, when the new schedule is made.

Service in the corps is entirely voluntary, and no difficulty has been encountered in securing members. Myron Schussman leads the corps, and those who have served to date are: Jane Boltz, Donna Dunbar, Caroline Jones, Betty McLeary, Ned Schaefer, Sibley Schussman and Floy Stahl.

PICNIC DAY IN CAMP

The date of the annual picnic was set for Wednesday evening, July 18 and the following committee was appointed to take charge:

General Chairman	Mrs. E.R. Halloway
For the Ice Cream	Mrs. A.L. Wilson
Lemonade	Mrs. McLeary, Mrs. Anderson
Ribbons	Donald Boltz
Names	Lowell Wilson

Officer's wives prepared supper for the following guests: Mr. and Mrs. Gallistel, Dean and Mrs. Goodnight, Mrs. E.N. Groos and son Richard, Mr. and Mrs. J.J. McDonald.

When the day arrived, the weather did not seem promising for an out-of-door picnic; but after a mid-day shower, the sky cleared and the weather conditions were favorable by evening. The chosen place has always been the Ravine and there, once more, the campers with their guests assembled. Picture the happy scene, if you can.

Groups were settled here and there on the hillside facing Mendota Lake. Bonfires near the edge of the ravine gave added color and furnished additional light.

After all had feasted, Mayor Jones called the group to order and the following program was given:

The founder of our camp, Dean Goodnight, voiced his pleasure in being with us once more, and made some very appropriate remarks in poetry. Marion Anderson next followed with an acrobatic dance. Mr. Gallistel, who is always ready with witticism, was then called upon. He stated that he had been preparing an acrobatic dance but that number had been very ably given by Marion, and since Mr. McDonald surpassed him as a story teller, he would yield the floor to him.

Many Wisconsin people have long been entertained with stories of Paul Bunyan. Mr. McDonald, the author of these tales, has mastered the art of story telling and soon had all of the audience captivated with these famous stories of early lumbering days in Wisconsin. Peals of laughter reverberated from Massachusetts to California as the feats of Paul Bunyan, his blue ox, and mysterious dog were related.

As darkness descended, groups of people began wending their way homeward under the still evening sky. Good food, renewed friendship, and a good time had been enjoyed by all.

THE STORM

The day was stifling. Not a leaf stirred on the trees-- the lake lay still and quiet. There was little sound of life except the low lazy voices of camp residents bemoaning the heat and discussing the prospect of a storm.

Finally, off in the west, the sky clouded over and the sun set early. Everyone viewed it with the hope of relief. Soon the rain came slowly and deliberately. Ah! Wonderful rain! How it was welcomed by the parched campers.

Suddenly a man's voice, "Look coming across the lake!" One glance sent men, women and children to their shacks, closing and securing tent flaps. The sound of hammer blows, scurrying feet, and excited voices filled the air. Before the tents could be made secure in many cases, the wind in all its fury, was upon us, lashing-tearing-raging-and roaring as if to destroy us all.

Our tent-houses jerked and lurched. Every member of the household hung frantically to supporting poles and shaky framework. Side papers tore off, center poles

snapped and the Boltz's outfit was lifted from its moorings and carried up the hill-side in a twisted mass of canvas, paper and net; while the ridge pole of Johnson's place broke, letting the tent fall in on little Billy who was having his evening bath.

Almost as suddenly as it began, the wind subsided. Immediately venturesome people moved out into the clean cool air to inquire after the welfare of their neighbors. Little clusters of people stood here and there discussing the harrowing experience. Many pilgrimages were made to the scenes of utter ruin and much sympathy was expressed for those whose homes had been damaged.

This was considered the most severe storm the campers have ever experienced; and it was not a mild one for other people, in that many trees were blown down in Madison; and in the surrounding country several houses and barns were destroyed.

On the following Saturday evening, just one week from the day of the first "big blow", the second one paid us a visit. It was perhaps a little less severe than the first, and the greatest damage was only a few broken tree limbs.

"'Tis an ill wind which blows nobody good", and the service in this case was to provide a rich topic of conversation for several days.

OUR VISITORS

When you see your neighbor enjoying a delightful visit with friends and relatives, no doubt you wonder who they are and from where they came. Below are listed many of the guests from out of Madison.

Mr. and Mrs. Parkinson Haywood, Long Beach Cal. visited Mr. and Mrs. A.F. Gallistel July 14, while they were on their way to Boston, Mass.

Mr. and Mrs. Schussman have had as their guests: Mrs. Blanch Bowman and son, Ray; of Abilene, Kansas; Mr. and Mrs. Hugo Weffenbach, Mr. C.S. Webster and family of Kaukauna, Wis.; Mr. and Mrs. H. Derus of Appleton, Wis.; Miss Edna Mae Harris of Neenah, Wis; Mrs. Fred Sales of Platteville, Wis; Mr. Herbert Floth and his brother, Robert of Plymouth, Wis..

Miss Edna McGlaughlin, Miss Agnes Spect, and Mr. Clarence Spect of Columbus, Ohio were guests of Mr. and Mrs. A.L. Wilson. Mr. Spect is a former student of the University of Wisconsin and resided at Camp Gallistella during the summer of 1932.

Supt. and Mrs. Frank A. Jenson and sons, Bill and Dick, of Rockford, Ill., were guests of J.E. Bornor and B.A. Griffith.

Rev. Johan Olsen, wife and daughter, Verna, visited with Mr. and Mrs. Oliver Sand. Rev. Olsen is pastor of the Luthern church at Ettrick, Wis.

Mrs. Margaret Meyer and family of Beloit; and the misses Jean and Dorothy Meyer of Evanston, Ill. were guests of Mr. and Mrs. F.A. Boltz. Mr. Benjamin Zipse, director of Music in Beloit, spent part of Sunday, July 22 with Dave and Don Boltz.

The Misses Della and Florence Smith of Defiance, Ohio were Sunday supper guests of Mr. and Mrs. Howard Shadle on July 1.

Visitors of Mr. and Mrs. R.F. Randolph from Milton Junction, Wis. were: Rev. J.F. Randolph and sons, Ivan and Irwin; Mr. and Mrs. Donald Gray, Mrs. Adare Green and Mr. and Mrs. Winfield Fitz Randolph.

Mrs. C.D. Center, Mr. and Mrs. R.H. Smart, and Jane Smart visted the Centers.

Mr. and Mrs. P.R. Adams of Milwaukee, spent Sunday July 22 with C.E. Virden.

Mayor Jones and family have had as guests: Dr. and Mrs. A.K. Steen, Mrs. J. Tallmadge of Fond du Lac, Wis.; Mr. and Mrs. Jones, Mr. Harman Kaunapp of Morrisville, Wis.; Grace Freauenburgh of Milwaukee; Mr. and Mrs. D.J. Huenick and daughter of Campbellsport, Wis.; Margaret L.Crandall of Decorah, Ill.; Harriet Stevens of New York, and Mr. and Mrs. M.M. Josephs of Richmond, Va.

Mr. and Mrs. Charles McArthur, of the University of Oklahoma, Norman, Okla. were guests for a few days in June of Mr. and Mrs. T.W. Pratt.

Melburn Thompson of Hinsdale, Ill. visited with Mrs. Julia Schaefer in June.

Mr. and Mrs. E.E. Royer, Mr. and Mrs. Cecil Brown, Hilda Megashar, Mildred Miller, F.A. Jones and Louis Galloway of Spencer, Ind. have been guests of Mr. and Mrs. L.E. Hubbard during July.

Visitors of A.E. Anderson from Rockford, Ill. were: G.A. Gardner and family, Harold Smith, Folke Engstrom, Katherine Wyant, and the entire Rockford Hiking club, and Black Hawk Canoe Club.

Oscar Olson, John Boreland, and Frank K Jenson of Rockford, Ill. have visited the Griffiths during July.

Wilma Wait of Chamberlain, S. Dakota accompanied Dunbars when they came to Camp this summer; later her father and mother came to spend a few days.

Mr. and Mrs. VanDuzee had as their guests during July: Mr. J. F. Taylor, and Mrs. A. Phillips of West Alice, Wis; Miss Virginia of Chicago; and Mr. and Mrs. V. Van Duzee, Milwaukee.

Gladys Johansen, Racine, Wis.; Arthur Huksen, Rockford, Ill.; and Mr. and Mrs. Howard Buchanan of Milwaukee, have been guests of R. L. Gregory.

Did you know that a lot of people have had birthdays since we came to camp? We had a grand time at the surprise birthday party for Mrs. Dunbar before the most of you arrived in camp; in June, Mrs. Gentry announced that she had reached another milestone in life; Mrs. Bays had a grand celebration with a surprise visit by her son, Carl; Mr. Shadie also celebrated his birthday.

The children, likewise, had celebrations. LaMarr Pratt had as his guests on his fifth birthday, all of the children in camp on June 16. On July 13, Donald Boltz and Helen Potterff, with a group of the campers celebrated at the Ravine with popcorn and Pretzels. Jane Boltz slipped out to Beloit to celebrate, and we didn't know anything about it until now.

GALLISTELLA

You may go to China,
Or sail away to Rome;
Or try to save expenses
And just remain at home.

There's Paris too, and London,
And Chicago with its fair,
And of New York, it's fine to say,
"Of course, I have been there".

At home, abroad, above, below,
I'll say to any fella--
"There's not a place in all this world
Like good old Gallistella".

SPORTS.

WATER CARNIVAL COMING ! !

The Water Carnival is scheduled for Saturday afternoon, July 28, at 2 o'clock, on the Main Swimming Pier.

There will be two main divisions-- East end against West. These groups will be divided into four groups each: (1) Small girls, beginners; (2) Small boy, beginners; (3) boys and young men; (4) girls and young ladies.

There will be individual and group awards. Everyone is expected to "Pull-off" a water stunt. There will be a few surprise exhibitions.

BASE BALL.

The Camp Gallistella Baseball teams began play the second week of school, on Tuesday a practice game was won by the Wildcats from the West end, and on Thursday following, the Bulldogs, seeking revenge scored a victory for the East enders. This game was the first of the regular schedule of seven games, the winners were to be awarded the fur lined dressing robes so that they could keep warm during these cold days.

The East enders rejoiced over their victory because they could see a repetition of last year's victory, but not so with the West-end Wildcats. They were more determined than ever. A few shifts in line-up and the Wildcats went into the next four battles with claws sharpened, and were victors by large scores.

Pratt and Donald Boltz were the main stays on the East-end batting order, but their valiant efforts could not overcome the murders row composed of Bollinger, Ludwig, Evans, Kesler, and DeLong.

Donald Boltz and Evans vied with each other in making spectacular catches in the field, and Bull-Neck Mooseface Theilman, not to be outdone, made some very impossible catches look easy, as much to his surprise as to any one else.

Shorty Wilson, that slender-framed, quiet, unassuming fellow from Ohio did a very good job of officiating and the games ran smoothly.

There are two games remaining, and we would like to have everyone out.

FROM THE MAYOR

Unavoidable delays have made this issue more of a farewell than of a Welcome. It is to be regretted that this situation has happened.

It has been the hope and the aims of the officers of your camp to make this summer a pleasant and profitable vacation for you. We do, however, wish to be relieved of all responsibility of the heat.

In reality, we can do but a little guiding; and you, the residents, make the real spirit and atmosphere of Camp Gallistella which we all enjoy so much. It is our hope that our government has done what all governments should-- that is, to make the everyday life of its citizens pleasant and peaceful.

We would welcome you and invite you to stay longer than the six weeks if you care to. As you go to your homes you take the best wishes of the Camp and campers and we look forward to meeting many of you again next summer.
