The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

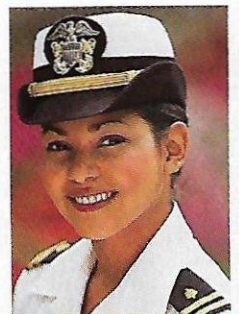

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

LT(jg) Kim Ackerman:

**“First they trained me for Surgical Care.
Then Intensive Care.
Then Ambulatory Surgery.
And that was just in my first two years.”**

Becoming a Navy nurse means never having to do the same thing day after day. It means you'll have flexibility and immediate responsibility in some of the most advanced health care facilities in the world. If this kind of challenge appeals to you, talk to a Medical Programs officer or call 1-800-USA-NAVY, or visit www.navyjobs.com
