TRACK OUTLOOK

UNUSUAL WEALTH OF GOOD MATERIAL THIS YEAR.

Some Promising Candidates—Gymnastic Tournament and Indoor Meet Saturday Night.

The outlook for the track team this spring seems to be the most promising as regards the distance runs. In the two-mile grind ex-captain Bredsteen ought to be a winner; he has speed, endurance, and can be depended upon to use good head-work while running his race. There are one or two other men who are working for a place in the team as candidates for the two-mile run, that ought to make good showing, though it is almost more than a new man can expect, to make the team the first year he tries.

In the mile, John Hahn, the holder of the Varsity record, and one of the strongest milers Wisconsin ever had is looked for points at the Intercollegiate in June. The fact however that Hahn has his place on the team cinched ought not to deter other men from coming out as candidates; the very fact that he is so good a man ought rather to encourage more men to come out and get the benefit of working with him. In the half-mile, another record holder is to be on the cinders for Wisconsin again in the person of William Burdick. Although Burdick is doing no regular work at present, he will be out next semester, and will go after his record of last year with the intention of putting it at a still lower mark if possible. One of the most promising of the new candidates in the 1/2 mile is "Bill" Murphy, who rowed No. 2, in the freshman crew last spring. Murphy has a long swinging stride, carries his body well for a runner and has the necessary amount of sand to run out the finish of a race on pure grit.

For the past two seasons Wisconsin has had no man in the quarter-mile who was expected to win points in the big meet at Chicago; in fact no points have come to us in this event since "Jack" Fox took second place, and won three points for Wisconsin in the springs of '97 and '98. But in the spring of '01, there are three men now in training, who if all goes well ought to make competition in any track contest warm for their opponents. One of these men is Copp, of Monticello, Ia., another is Long, of Davenport, Ia., and the third is Borreson, of La Crosse. The contest between these men at next Saturday's meet promises to be one of the most interesting on the program.

On the whole, it looks now as though the Badger track team would have the best bunch of long distance runners in the history of athletics.

The Indoor Meet.

Saturday evening will undoubtedly witness the best indoor meet that has been held at Wisconsin. The entries are rapidly coming in and large fields are expected to start in every event. The squad of candidates at work under the direction of Coach Kilpatrick is increasing in number while the form shown by the different men is much better than at the beginning of the indoor work. In the inter-fraternity relay race all the fraternities except two have entered teams and from all indications the contest will be very close. Each fraternity entered is hopeful of winning and, although none has a cinch on the event,

several are extremely confident of bearing off the trophy. The teams entered in the High School Academy relay race contain the pick of the two schools and the outcome is doubtful.

The meet will mark the appearance of ex-Capt. Bredsteen as a distance runner, he being entered in the two mile run.

The indoor track will be laid in the main room of the gymnasium the early part of the week so as to give the candidates a chance for a couple of days work upon it.

Dr. Elsom has accepted the invitation of Coach Kilpatrick to present some gymnastic numbers on the program. The custom heretofore has been to hold a gymnastic tournament in February but this custom will not be followed this year and instead some gymnastic numbers will be included on the program of the indoor meets.

Next Saturday night work on the parallel bars and tumbling "stunts" will be presented.

CONCERT TOMORROW NIGHT.

Anderson's Mandolin Orchestra Assisted by Signor Tomaso.

Hjalmar Anderson's concert company assisted by Signor Salvatore Tomaso of Chicago, will offer to lovers of music a rare treat in the form of an Italian Mandolin Festival in Library Hall Tuesday night. The program—all Italian music—is made up of selections which have long ranked as prime favorites with the musical loving public. The mandolin is essentially an Italian instrument, belonging as it does to the lute family, and it generally conceded that judging from the quality of tone Mr. Anderson's Club has one of the finest collections of mandolins in the United States.

Mr. Anderson receives all of his music from Florence, Italy, where all the great masters of Europe are assembled devoting their concentrated attention to the most efficient production.

To add to the special attraction of the coming musical event Mr. Anderson has secured Signor Tomaso as main soloist. He is the first great mandolinist to locate in this country, and the musical treat will be redoubled by the presentation of compositions by their own composer. Signor Tomaso was the instructor of Mr. Anderson who is recognized to be an artist of rare ability. The Club will also be assisted by three of Milwaukee's most prominent mandolin soloists Joseph Huebel, director of the Milwaukee Mandolin Club, Mr. L. M. Stewart, president of the same organization and Miss Ottellie Funk, who is at the head of the mandolin department in the Wisconsin College of Music at Milwaukee. The local club consists of the following members:

First Mandolins—Miss Hulda Liedke and Messrs. Fred C. Helm; Frank Bach, George Gove and Charles Mayers.

Second Mandolins—Misses Ella Helm and Susie Swarthout, and Messrs. Joe Guenther, Roy Austin, Alexander Morgan, Ben Gamm, Alfred Saunders and Thompson.

Violin—William Brown.

Flute—Stuart Washburn.

Cellos—Albert C. Ehlman and L. J. Pickarts.

Harp—Mrs. Elizabeth Keeley Anderson.

Piano—Miss Grace Buhlman.

—Mrs. Kennedy, mother of Misses Margaret J. and Mida L. Kennedy, both members of the junior class, died last night at the home, 311 N. Broom street.

COMMERCIAL MUSEUM

APPROPRIATION ASKED FOR THAT PURPOSE.

Will Contain Samples of World's Products—To be Modelled After the Philadelphia Museum.

In many ways the School of Commerce, although still young, has been coming steadily to the front. Wisconsin, Pennsylvania and Columbia Universities are perhaps the foremost pioneers in this movement. But in order for the School of Commerce to carry out successfully in any way its purpose of making Wisconsin a successful competitor with other inland states it must have an adequate equipment equal to that which has aided other inland states in their successful commercial development. The order that the School of Commerce may have been so far strikingly phenomenal. Professor Monaghan is of the opinion that only partial success can be assured without the establishment of a Commercial Museum but with this success would be very rapid. Weight is being brought to bear upon the present legislature with the hope of securing an appropriation to the College of Commerce. In case the legislature acts favorably to this bill the Regents propose to establish a Commercial Museum. This will be much like the Philadelphia Museum, which is the best organized and most intelligently directed organization of its kind, being presided over by men of large experience.

We quote from a letter which Prof. Monaghan received regarding the character of the Pennsylvania Museum, after which it is proposed to direct the organization of that of the University. "There is nothing so astonishing in the commercial development of this great country as the wonderful increase in its export trade of manufactured goods. With the exception of a few isolated articles the export trade of this country is largely a matter of the last ten years growth.

But the American manufacturer found himself hampered by a lack of knowledge regarding commercial conditions surrounding foreign markets. The foreign manufacturer has been engaged for generations studying the requirements of export markets. As the demand for American goods increased our manufacturers found themselves compelled to study the foreign situation. As a means of giving accurate information the Philadelphia Commercial Museum has been exceedingly valuable. This is a collection of products and a library made from the exhibits at the Chicago World's Fair. The Museum has over 200,000 samples of foreign manufactures competing with American manufactures in the world's markets. It has also 250,000 exhibits of natural products of other countries, thus affording a place in the U. S. when the raw products may be studied."

If the appropriation is made the School of Commerce will receive a valuable stimulus.

—Through the soliciting efforts of Dr. Puls of Milwaukee a donation of \$2,000 was received from Milwaukee donors by Dr. Ely last week to be used in the School of Economics. Names of donors and full account of the purposes to which it will be devoted will appear later in the columns of the Cardinal.

QUEEN STILL ALIVE.

Late reports from London are to the effect that Victoria's condition is slightly improved.

PAULDING RECITAL.

Library Hall Filled to Hear Famous Actor.

Library hall was well filled last evening to hear the dramatic recital given by Frederick Paulding, and those who came expecting a rare treat were not disappointed. Mr. Paulding's interpretations of Shakespeare are exceptionally good, and yet it is not alone in tragedies like Hamlet that he displays wonderful power, for in his humorous readings there is the keenest and quaintest of fun. The selection, The Devil in Search of a Wife, is fairly bubbling with mirth, and Mr. Paulding added greatly to it by half suppressed gestures which in themselves were nothing, but meant a great deal.

Perhaps the best interpretation was the closet scene from Hamlet. In it Mr. Paulding reached the height of his power and gave with the greatest of real dramatic art the scene from Shakespeare's most wonderful play. The last selection was the Tiger Lily's Race, the story a successful jockey tells to his mother. Mr. Paulding brought it out with all the rush and animation which could have attended the race, and the sharp contrast to the preceding Hamlet scene gave it an added zest and vigor.

The Oratorical Association, under whose auspices the recital was held, took in nearly \$150, thus clearing expenses with a margin of about \$60. An effort is being made to secure Mark Twain and other prominent lecturers.

After the recital Mr. Paulding was given in informal reception by the Haresfoot club at the home of Dr. Frank H. Edsall. The reception included about fifteen guests, embracing both honorary and active members of the club. Mr. Paulding and Dr. Edsall were elected honorary members at this time. Light refreshments were served and a very enjoyable evening spent by all. Those present were Mr. Frederick Paulding, Dr. Edsall, Prof. C. N. Gregory, Prof. J. F. A. Pyre, Prof. D. B. Frankenburger, W. A. Oppel and Harry H. Morgan, honorary members; Walton H. Pyre, Edwin A. Snow, Edward T. Fox, Edward D. Jenner, Clifford Ireland and J. Bartow Patrick, active members.

Valuable Manuscript Lost.

On his return from the East during the Christmas vacation, Professor Meyer lost a case containing two suits of clothing, some minor articles and about 300 pages of manuscript practically ready for the press.

He had taken the manuscript with him for purposes of consultation. Since he has no copy of the manuscript the loss is a serious one, the work being the result of about seven years effort. He has from the first had no hope of recovering, though the police believe that they will be able to locate the property.

—David E. Spencer assistant-professor of history at Stanford University has resigned. Professor Spencer, who is a graduate of the University of Wisconsin, class of '87, was assistant professor at Harvard in 1891, and afterward instructor at the University of Michigan.

—Rev. Colestock will speak next Sunday before the Y. M. C. A. at the usual place.

More Lecturers Wanted.

The success of Saturday's entertainment, both from a financial and a literary standpoint, has brought home to us more than ever before, that students are ready to support any first-class attraction. The entertainment was the first one of the year managed by a student organization and the result is all the more encouraging on that account.

Compared to some of the other universities in the West, we have altogether too few noted men and speakers address us. Hardly any excellent speaker lectures in the city of Chicago, without also appearing before the students of the University of Chicago; at Michigan it is the same. In the East, the motto seems to be, "First the Universities and then the Cities."

If we do not have the exceptional advantage of being situated in a large city and thus being able to invite visiting lecturers to address us, we can at least make an attempt to get them here. The fear of a financial loss can hardly be advanced by any timid student, for no excellent speaker ever addresses an empty house in Madison. The city and the University are quick to seize the opportunity of hearing a man of ability and reputation. That our committees have the required push and energy, is well illustrated by the large crowd at last Saturday's entertainment.

Rumor has it that an attempt will be made to engage Mark Twain and Booker T. Washington for lectures here soon. This is a move in the right direction and of which every student heartily approves.

When "The Loan of a Lover" was given some time ago it was announced that the proceeds would be used for the purpose of giving an art exhibit and if possible purchasing some pictures for the University. The art exhibit was given, and on a large and more successful plan than ever before, as a result the expenses were found to be correspondingly large. In former years the expenses have never exceeded twenty dollars. This year, on account of the added cost of bringing the carbon photographs from New York, the expenses amounted to about thirty-eight dollars, so that it will be impossible to buy the pictures as expected. It seems only fair to the Self-Government Association that this explanation should be made.

Local and Personal.

—Frank B. Sargent, '04, spent Sunday at his home at Seymour.

—J. Arthur Armstrong, '03, has resumed his studies in the University.

—Dr. Scott was unable to meet his classes today on account of a severe cold.

—Professor Wood will lecture next Friday at four o'clock, on the use of the physics laboratory.

—Fifty dollars was raised for foreign missions at yesterday's meeting of the Y. M. and Y. W. C. A.

—Saturday afternoon Mrs. B. W. Snow entertained the local chapter of Kappa Kappa Gamma and their alumni.

—Sec'y Phelps announced yesterday that the Christian Associations would

hold a "Post Exam. Jubilee" at the end of the semester.

—A meeting of the faculty of the College of Letters and Science was held in the lecture room of Library Hall this afternoon at 4 o'clock.

—Paul Ripley, '04, who broke his arm in the gymnasium a few days ago, left last night for his home in Oak Park, Ill. He expects to return soon.

—The University library has received as a gift from the author, Prof. E. D. Jones, a copy of the volume, "Economic Crises," published by Macmillan in "The Citizen's Library" series.

—A slight change was made in the editorial staff of the Sphinx last week. Herbert John was elected managing artist, and Zach Chandler succeeds Miss Mary Cunningham as assistant managing-editor.

—University students are invited to attend any or all of the illustrated talks given each night this week in the Baptist church. The famous Evangelist W. B. Culliss will present the gospel in picture and song.

—Moses E. Clapp, ex-attorney general of Minnesota, has been selected to fill the place of the late Cushman K. Davis in the United States senate. Mr. Clapp received his common school education in Wisconsin and graduated from the University law school in 1873. He is 49 years old.

—Mr. W. W. Cooper of Kenosha, who spoke before a joint meeting of the Y. M. and Y. W. C. A. yesterday stated earnestly the reasons why he as a business man, is interested in foreign mission. He thought that the existing need in benighted lands is very imperative.

—The "At Home" given to the sophomore engineers by Dean and Mrs. Johnson Saturday night between the hours of eight and ten was a pleasant social event. A number of University ladies assisted Mrs. Johnson in the entertainment of about thirty-five members of the sophomore class who were present. The evening was spent very enjoyably in musical and social entertainment after which light refreshments were served. The freshman class in engineering will be entertained next Saturday evening.

—Professor Tressler of the committee on accredited Schools has been visiting during the past two weeks several High Schools in Iowa. During his trip he visited eight schools in that state. Some late additions have been made to the list of accredited schools, these are Duluth High School at Duluth Minnesota for all courses; North Wisconsin Academy at Ashland to the Modern Classical and Civic Historical courses; and the Galesville High School for the English and Agricultural courses.

Students at Chicago have refused to attend the inaugural parade at Washington on account of the rules prescribed by the committee. By strenuous exertions it may be possible for the inaugural ceremony to be carried out without the aid of the University of Chicago.

Pennsylvania has 38 candidates out for the Varsity crew and 19 for the freshman.

incandescent lights will be distributed
about the hall, the globes being stain-
ed with the class colors.The Prom. committee would like to
have all applications for boxes in as
soon as possible so that they may
make arrangements for those not de-
siring boxes. The tickets will be
out in a few days and with them the
preliminary programs. Two prelimi-
nary programs will be issued with
each tickets. Extra ones can be ob-
tained from H. W. Cole.At a meeting of the Prom. commit-
tee this afternoon the contract for the
electric lighting was awarded to the
Madison Supply company.Definite arrangements have been
made with Goldsmith's orchestra, of
Chicago. The orchestra will arrive
at Madison at 12:45 o'clock on the
day of the Prom. and will begin the
concert promptly at 8 o'clock. Mr.
Goldsmith will be in the city on the
29th of this month and arrange the
program.**"MINNA VON BARNHELM."**Will be Presented by Pabst Theatre
Company, March 14.Lessing's "Minna von Barnhelm"
will be presented in Fuller's Opera
House on March 14, 1901 by Mr.
Wachsner of the Pabst theatre com-
pany, Milwaukee. The main role will
be taken by Paul Wirst of "Dorf und
Stadt" fame. The same play will be
put on the stage by Mr. Convid's
troup, of New York, at Harvard at the
same time.The midwinter German play has be-
come an established event for three
years, the Germanistische Gesell-
schaft has each year favored Madison
by securing the presentation of stand-
ard German plays. "Dorf und Stadt,"
"Maria Stuart" and this year they
propose to present "Minna von Barnhelm."
This comedy is familiar to most Uni-
versity students as it is taken up each
successive year in sophomore work.
The Germanistische Gesellschaft
will offer opportunity for previous
study of the play by taking it up in
their regular meeting previous to the
time of the play.It is being planned to dedicate the
Germanic seminary library the same
day. The donors of this splendid col-
lection will then be given an op-
portunity to see the appreciation of
their donation. In the evening a
banquet will be given in honor of Dr.
Arthur F. Puls of Milwaukee an
alumnus of the University and a class-
mate of Gov. La Follette.He it was who secured the money
for the Germanic library. He has
also been instrumental in securing a
\$2,000 gift for Dr. Ely in the work of
his department.**1901 BADGERS.**A few of these books are still left

KENTZLER BROS.

Most people think that any old
place is good enough for a bicycle
through the winter, so they dump it in
the basement where it is damp, or
into the coal shed where it is almost
obliterated with coal dust, etc. Of
course they don't think of the conse-
quences until spring, then Oh! My!
they wish they had taken it to Wm. J.
Park Co., 113 State St., successors to
the Madison Cycle Co., and had it
cleaned and stored properly for the
winter for \$1.50, and saved \$5.00.**THOMAS, PHOTOGRAPHER.**All the latest things in card mounts.
