

## TAPE INDEX

January 7, 1981

Collector: Jim Leary  
Informant: Bill Hendrickson  
Herbster, Wisconsin

Note: This is a tape that Bill made for himself on a cheap machine, using an equally cheap tape. The recording consists of Bill's playing on piano accordion of largely Finnish numbers. I recognized Viola Turpenen's "Finn Polka" and "Nikolina" among the tunes. The second side of the tape contains commercially recorded Finnish (Finnish American?) pieces. Ideally, I will go over this tape with Bill and have him identify its contents, but for the meantime I intend to leave it unindexed in the hopes of capturing Bill's repertoire on a good machine and tape in the near future.
