UNIVERSITY OF WISCONSIN.

VOL. X. NO. 119.

MADISON, WIS., WEDNESDAY, MARCH 13, 1901.

Price Five Cents.

Minna von Barnhelm next Thursday at Fuller Opera House.

GOING TO BUFFALO

UNIVERSITY WILL BE REPRESENTED AT EXPOSITION.

Pick of the Track Team Will Compete in Athletic Tournament—Indoor Meet.

Wisconsin will be represented at the carnival of sport at the Pan-American Exposition to be held at Buffalo the coming summer. This has been practically decided upon by the athletic management and if sufficient funds can be secured, the pick of the Badger track men will compete at the Bison city.

Elaborate plans are being made for this meet. The cream of the athletes from the American universities and colleges will be in attendance and the contests promise to shatter world marks. From the West, men from the Universities of Michigan, Chicago, and Notre Dame will compete and the Eastern schools will send out their best athletes. Should Wisconsin enter, she will be opposed to men celebrated in amateur athletics throughout the country. Although nothing definite is to be said about the personnel of such a team it is probable that it would be composed of the joint winners in the Western inter-collegiate meet to be held in Chicago. Wisconsin's prospects for a championship track team have never been brighter and the prospect of competing with the crack track men of the country will meet with universal approbation.

Another Indoor Meet.

The next indoor meet will be held March 30. The former meets have been such unqualified successes that the management are encouraged to hope for a record breaker then. Several new features will be introduced and the relay races which have been so popular at the other meets, will form a prominent feature of the program. The various Hill societies will run against each other, teams from the Hill, Law school and engineers will meet in a race while as a crowning feature the West Side High School team which won the race for High Schools and Academies at the recent Milwaukee meet will probably be secured to go against the Madison team, which is still undefeated. A second tug of war between the Laws and Engineers will be one of the particular features of the evening.

To-morrow's Convocation.

Professor Monaghan will speak at the Convocation Friday on "Our Diplomatic and Consular Service." As Professor Monaghan has been actively engaged in our Consular service he is well informed on the subject. This will be a good opportunity for students to get a better insight into this branch of our Government's work.

Contemporary Politics.

The lecture by Professor Reinsch in the Contemporary Politics course will occur in the Law building at 5 p.m. to-morrow. It will be on the subject of British India.

Military Hop Saturday.

Commandant Curtis this morning announced that the third military hop of the year will take place in the armory Saturday evening. The usual requirements in regard to uniform, etc., will be stringently enforced.

THIRD SUMMER SESSION

WILL BE ANNOUNCED IN FORTH-COMING BULLETIN.

Total of 112 Courses to be Offered—Several Special Lecturers of Note Coming.

Twenty-five thousand copies of a forty-eight page bulletin will soon be ready for distribution from Mr. Hiestand's office. These bulletins are the advertising medium for the Summer Session of the University, the Summer School, the Summer Session of the School of Pharmacy, the Summer School for Apprentices and Artisans, and the School of Library Science. The Summer School has been merged in the Summer Session of the University and the latter takes up the major portion of the pamphlet.

The Library School will open on July 8 and close on August 31. All the other sessions begin on July 1 and end on August 9.

This is the third Summer Session of the University. Although the Summer School for teachers is merged with it, the Summer Session is by no means an enlargement of the former. It is in reality an additional term of the University, providing elementary, advanced, and graduate instruction throughout the range of subjects ordinarily covered by the Faculty of Letters and Science. The Summer Session will meet the wants of teachers and special undergraduates who desire to broaden their knowledge; it will meet the wants of regular undergraduates who desire to shorten their university course; and it will meet the needs of graduates who wish to devote a part of their vacation to work for advanced degrees. An important feature of many of the departments is the provision for special, advanced, or research work adapted to individual students. Thus students who wish to carry on their investigations with more adequate library or laboratory facilities than their present situation affords, will find here individual guidance and the ample equipment necessary to their research.

The expenses are the same, whether the work is done in the Summer Session of the University, in the Summer School, or partly in both; a general fee of \$15 will be charged. Admission to the Summer Session is upon the same requirements as for the other sessions of the University.

The attention of teachers in High Schools is invited to the courses in philosophy and pedagogy and also to the special courses which are offered on the subjects taught in High school courses and which are especially adapted for teachers in secondary schools.

Excellent courses of lectures will also be given during the session. Professor Russell will lecture on public health; Mr. Percy Ashley of London, England, will lecture on municipal government and modern European statesmen; Mr. W. H. Scott of the Philadelphia Commercial Museum, on South American commerce; Professor T. M. Keasbey, of Bryn Mawr, on economic geography. Several courses on transportation and foreign commerce will also be given by Professor Emory R. Johnson of the University of Pennsylvania.

One hundred and twelve courses are offered in the various departments.

Continued on fourth page.

LEAVE TO-MORROW

PHARMACY STUDENTS TO VISIT DETROIT AND CHICAGO.

Will Inspect Manufactories of Drugs and Chemicals—University of Michigan to be Visited.

Tomorrow morning the pharmacy students will set out on their trip to visit the drug manufactures and chemical plants at Detroit. The party will reach Chicago tomorrow noon, then they will proceed directly to the Northwestern College of Pharmacy. In the afternoon they will go out to the stock yards and visit the Armour plant. In the evening before leaving Chicago the party will be joined by about seventy students from the Northwestern College. The party will reach Detroit Friday morning. Here the students will be met by representatives of the Parke, Davis & Co., whose guests they will be during part of their stay at Detroit. During the entire day the students will visit the manufacturing plant of this large concern. The Parke, Davis & Co. establishment is the largest plant in the world engaged in the manufacture of drugs. They have many branches in the United States and also one at Montreal, Canada. On Saturday morning the party will visit Frederick, Stearns & Co.'s and Nelson, Baker & Co.'s concerns. These establishments are not as large as the Parke, Davis & Co., but are of similar character. Saturday afternoon the party will go to Ann Arbor where they will visit the various laboratories at the University of Michigan. They will leave Ann Arbor about midnight, reaching Chicago early Sunday morning. The entire day will be spent in the city visiting places of interest, especially the Field Columbian Museum. The party will reach home sometime during Sunday evening.

These pharmacy trips occur annually, but have generally been confined to some point in Wisconsin. As this state supports no institution which manufactures drugs on any large scale, the students have accepted this year the kind offer of Parke, Davis & Co. to come and visit their plant at Detroit. By taking this trip the students will be enabled to study the manufacture of pharmaceutical and biological products on a large scale. The students besides having an opportunity to study the manufacture of drugs will have a chance to come in contact with large firms.

While on this trip the Wisconsin party will be accompanied by Mr. Richtmann and Dr. Fisher. The students going are F. W. Chamberlain, T. G. Winds, Jr., A. E. Jensen, P. O. Fox, R. W. Damuser, R. O. Schoen, B. E. Ketcham, M. E. Tweed and others.

—A pleasant little function occurred last evening at the Delta Upsilon house. Messrs. George A. Mowry and Edward B. Cochems who start in a few days on their series of lectures which they give as the result of a trip to Europe last summer, entertained the guests with a succession of stereopticon views of Europe and of the Passion play. They have engagements throughout the cities of the state sufficient to keep them busy until the middle of May. The affair last evening was chaperoned by Prof. and Mrs. Paul S. Reinsch.

SENIOR COMMITTEES

PRESIDENT LYNDON H. TRACY MAKES APPOINTMENTS.

Swing Out, Play, Program, Memorial and Pipe Committees Named—The Personnel.

President Lyndon H. Tracy, of the class of 1901, this afternoon announced the appointment of senior committees as follows:

Swing-Out—Clarence J. White, chairman; Leta Sherman, Nathaniel Hurd.

Program and arrangement committee for Commencement—Fred C. McGowan, chairman; Marie Kohler, Dorothea Curtis, Clara L. Stillman, John Clarence Taylor, Ralph Plumb, Harry Carthew.

Class Play—Edward D. Jenner, chairman; Katherine Kavanaugh, Arthur F. Beale, Robert Downes.

Class Memorial—Frances Wilcox, chairman; Paul Stover, Ashbel V. Smith.

Pipe Committee—Nelson B. Nelson, chairman; Ray Palmer, William P. Vroman.

Lynn H. Tracy, President.

BIG SALE OF SEATS.

Flattering Advance Sale for Minna von Barnhelm.

The advance sale of seats for Minna von Barnhelm this afternoon was very large, and it seems evident that the event will be given the patronage it deserves. Professor Voss and other members of the Germanistic Gesellschaft have been working hard to make the affair a credit to themselves and the university and the success of the undertaking seems assured.

The annual German play has become an established event and each year is eagerly looked forward to by all lovers of German literature. The play, *Minna von Barnhelm*, is Lessing's greatest work, and is a fair sample of the ability of this great German author. The scene of the play is laid in Berlin, immediately after the Seven Years War, and is full of action, life, and truth. It is a homage to German women and a glorification of the Prussian army, in which Lessing spent a great part of his life.

—The reception at Chadbourn Hall this evening at 7:30 o'clock promises to be a very successful and enjoyable social function. It is given under the auspices of the Self Government association, and every young woman in the University has received an invitation to attend. It will be held in the woman's gymnasium, and besides the interesting talk to be given by Mrs. R. M. La Follette, there will be a number of songs by the girls' glee club that will add much to the occasion.

Harrison Still Alive.

At the time of going to press Ex-President Harrison was reported still alive but very low.

—The graduating Agricultural class has a large group picture taken together with the Faculty. The picture was to-day displayed in Mautz Brothers' window on State street.

—Mrs. A. A. Bancroft of Chicago is now chaperoning the Tri Delta sorority.

German Drama Tomorrow.
The German drama to be presented
tomorrow evening promises to be one
of the best literary events of the year.
"Minna von Barnhelm" is a play which
should interest not only those who are
studying in the German department,
but all lovers of good acting, being
presented by a company of well known
actors. The German department is
spending every effort to make the
coming event eclipse all others of its
kind, and the production will certainly
be first class. The success of the Ger-
man play for the last two years led to
the arrangement of a similar play this
season and the attendance tomorrow
evening will determine the action of
the department for the future.

A Trip East.

The decision made last night to take
the University track team to Buffalo
for the spring games will be applauded
by all those interested in the athletic
standing of Wisconsin. The trip will
serve as a reward to those who do
faithful work throughout the season
and at the same time will give an op-
portunity of comparing the relative
standing of the eastern and western
teams of this country. As a stimulus
to careful training and towards the re-
vival of the old time interest in the
events of the cinder track this east-
ern trip should be a great help. Since
it is impossible to develop a winning
team without an abundance of ma-
terial to choose from, those in the
University who have had any ex-
perience in the preparatory schools
or who even think that they can make
a fair showing in any line of track
work should report at once to Coach
Kilpatrick and begin training for the
next indoor meet. These early meets
have been arranged to give new men
experience and the opportunity of
gaining this should be seized by more
than have yet reported.

In addition to this, student support

is necessary to properly urge on the
men in the different branches of the
work. Why not understand from the
beginning that this year's team must
win at the inter-collegiate meet at Chi-
cago, and everyone urge on the track
men as they do those who are trying
for the football eleven? The attitude
of the undergraduates toward a team
has more influence than is generally
supposed, and with the proper stu-
dent backing this year's team should
again gain the coveted position of
leader in western track events. The
trip of the team to compete at Buffalo
should add to Wisconsin's already
good record in the East.

The Weather.
Continued snow tonight. Tomor-
row fair and warmer.

Local and Personal.

—Edgar J. MacEachron, '04, is ill
with the grip.

—Professor Frankenburger is still
confined at his home.

—Jason Williams, ex-'00, is in the
city visiting University friends.

—B. S. Hale, '03, has again returned
to his classes after an attack of the
grip.

—Acting President Birge returned
this afternoon and will meet his
classes in the morning as usual.

—Professor Carlyle was unable to
be on the hill this morning but ex-
pects to be able to be out to-morrow.

—Hugh Merriam, '98, was here yes-
terday calling on a few friends. He is
at present employed on the Chicago
and Northwestern railway.

Physical Development.
enabled Wisconsin to beat Chicago
last Saturday but when you want first
class photographic plate develop-
ment go to Sumner's on State Street.

Gustav A. Fritsche,
Major and Adjutant.

Thesis Medal of the Science Club.

The following are the conditions
governing the award of the thesis
medal of the Science Club of the
University of Wisconsin.

The medal shall be known as the
Thesis Medal of the Science Club and
shall be annually awarded by a commit-
tee of five members designated for
that purpose by the club.

Competition for the medal shall be
limited to students about to take one
of the baccalaureate degrees of the
University of Wisconsin.

Those of the theses competing for the
medal must be filed with the secre-
tary of the Science Club on or before
May first, and the completed thesis
must be submitted to the committee
of Award on or before June first, by
the heads of the departments in which
the theses have been prepared.

The committee upon the award of
the medal shall base its judgment of
the merit of the several theses primarily
upon the quality and amount of
research work therein contained
which falls within the range of the
physical and natural sciences and pure
mathematics, and their useful applica-
tions. But the medal shall not be
awarded to any thesis conspicuously
defective in literary quality.

In connection with the commence-
ment exercises of the University there
shall be a public presentation of the
medal to the recipient designated by
the Committee of Award.

At this time of year there is one thing that most people forget all about; that is their bicycle, it ought to be cleaned, overhauled and possibly enameled and parts nickel plated, a coaster hub brake would be a nice thing to have on it. This is the time to have these things attended to, so as 'twill be ready when the season opens. We do this work right. Wm. J. Park Co., 113 State Street, Phone 460.

THE HUB

RUSH MEDICAL COLLEGE.

In Affiliation with the Univ. of Chicago.

Organized 1837. The academic year of Rush Medical College is divided into four quarters, corresponding with those recognized with the University of Chicago, beginning respectively the first of July, first of October, first of January and first of April, each continuing for twelve weeks. A recess of one week occurs between the end of each quarter and the beginning of the next following.

The general course of instruction requires four years of study in residence with a minimum attendance upon three Quarters of each year. A student may begin his college work on the first day of any Quarter, and may continue in residence for as many successive Quarters as he desires. Credit will not be allowed, however, for more than three consecutive Quarters. At least 45 months must elapse between the date of a first matriculation and the date of graduation. For further information address

RUSH MEDICAL COLLEGE,

Chicago, Illinois.
