WILLIAMS BAY

where the Century of Progress begins

AN EDITORIAL

Do we really appreciate our Village which we call "Wisconsin's Gem of Nature" in some of our literature? Nature did its part in scooping out the earth during the Glacier period and piling it in beautiful hills around the shores of the lake, and then making luxurious forests on the hills.

It is far away from the smoke of cities, yet near enough for the city dweller to enjoy this most beautiful of Wisconsin's five thousand inland lakes. The air is so clean that Yerkes Observatory was located here.

In addition to its beauty Williams Bay has been a great meeting place for over fifty years for those who have counted spiritual values above dollars. Thousands of young men and women have made the great decision for lives of service while strolling along the lake shore or among the wooded paths.

Bishop McDowell, speaking at Williams Bay, said, "I am glad to be back at the center of the world! Wherever I have travelled throughout the world, men have said, 'I met you at Lake Geneva!'"

Let us appreciate our Village more.

THE GERMAN SITUATION

An editorial by the High School Class in American Problems

The man and the country that are getting a great deal of discussion today are Hitler and Germany. The Hitler dictatorship is causing a great deal of trouble in Germany.

When the Hitler party began to rise in Germany, its spokesmen began to utter what would happen to the Jews in that country if that party controlled the government. They said that the Jews would not

be patriotic to the country, that they were monopolizing the country with their stores etc., and therefore efforts were made to drive them out of Germany, and persecution on many of the Jews became dire.

With the election of Hitler The Nazis immediately picketed Jewish stores and destroyed Jewish homes. They not only drove out many worthy German citizens and destroyed much valuable scientific and literary property, but are incurring the indignation of foreign countries. The Jews in England and also in other countries are protesting vigorously and are urging the countries to completely boycott German goods just as the Germans have done on Jewish goods.

There is much alarm over the fact that Europe "has bred another dictator to take his stand beside Mussolini". They believe that, with three great nations--Germany, Italy and Russia--and their rulers, Hitler, Mussolini and Stalin--and France with militaristic inclinations, there is no telling what the outcome may be. The situation looks as if it would be "ill for the peace of Europe."

"Tired Fingers"

By Rupert Danell

Tired fingers so worn, so white
Sewing and mending from morn
'til night.

Tired hands and eyes that blink
Drooping head too tired to think.

Tired arms that once had pressed
A curly head to a mother's
breast.

Tired voice so soft, so dear
Saying "Sleep well, darling,
mother's near."

Tired fingers so worn, so true,
Sewing and mending the whole
day through,
From break of dawn 'til setting
sun,
A Mother's Work Is Never Done.

W.C.T.U.

The W.C.T.U. met Wednesday afternoon at the home of Mrs. E.M. Hendrickson.

On Friday evening, April 28th under the auspices of the W. C. T. U., \$25.00 was awarded in prizes for essays as follows:

1st Prize High School - \$5.00
Margareta Bertelson
1st Prize Junior High - \$5.00
Dorothy Flitcroft
1st Prize Intermediate - \$3.00
David Keiser
2nd Prize High School - \$2.50
Florence Southwick
2nd Prize Junior High - \$2.50
Roy Johnson
2nd Prize Intermediate - \$1.50
Warren Rasmussen
3rd Prize High School - \$1.50
Dora Schauf
3rd Prize Junior High - \$1.50
Jean DeLap
3rd Prize Intermediate - \$1.00
Elsie Ambrose

Sixty-one dog owners received letters from the District Attorney urging them to secure Licenses. The Treasurer says that license business has been rushing since then.

R. E. Burton and Chauncy G. Grimm left Monday night for Hillsdale, Michigan to testify for David Moeller at the trial that was called for Tuesday. Col. Atkins had proceeded them, as had his parents and Sam Thornley. This shows the fine spirit of our citizens in trying to help when one of the Village is in trouble.

Henry W. Granzow, his wife and nephew, Bernard Weyhrauch motored to Milwaukee on Monday.

George Krause was missed from the streets several days. He had been confined to his home since last week with illness.

SIXTH ANNUAL WOMEN'S BANQUET

One hundred and twenty six women sat down to the Banquet at the Solid Comfort Resort Tuesday evening. That exceeds by one the largest previous attendance. Mrs. Beauvais and Miss Pierce from Fontana and ten ladies from Lake Geneva attended. The Doxology was sang by all and Mrs. Gene S. Jensen said grace. A musical program was furnished throughout the evening by Mrs. Theodore Johnson, Mrs. Victor Keiser, Miss Mary Hussa and the Girls' Quartet from the Gospel Tabernacle. Dr. Clifford Crump of the Observatory gave a very interesting and informative talk on ***"Why Travel." Floral decorations were the gift of the Lake View Gardens. Through the generosity of the speaker and other participants in the program, the Committee is able to give a contribution to the Boy Scouts. The Committee in Charge this year was Mmes. Karen Steele, Robert Anderson, Will Lackey, Walter Jewell, Chas. Ridell and Otto Schisling and Miss Gladys Peterson. Mrs. May Fucik was selected as Chairman for next year.

**

The Alumni Association of the Williams Bay High School will hold their Second Annual Banquet on Saturday, May 27th, at 6:30 p. m. at Rose Lane Resort. A good meal and a good time are guaranteed. All H. S. graduates will wish to attend.

Jack Keiser is home again from the hospital.

Richard Williams is getting along nicely considering the seriousness of his accident last Saturday when he fell on a pitchfork. He is at the Walworth County Hospital.

** Mrs. Gunard Piehl of Delavan delighted the ladies at the Women's Banquet with several readings.

Truly A Very
Economical Offer
For

Such A Great Star
And

Such An Auspicious Occasion

Mrs. Howard Hotton and Miss Eldred Pichl spent the week end in Monroe where they were former teachers.

Carl Gunderson, Chicago, and Joe Hansen, Milwaukee, are out at Lock Vista getting their cottages painted.

E. A. Pearce of Chicago was as Sunday visitor to his Congress Club cottage.

Mr. and Mrs. E. M. Hendrickson celebrated their 47th wedding anniversary Sunday. Both of their sons and families were here from Chicago.

Martin Johnson of Chicago is fixing up his cottage at Harbor View.

M. T. Peterson was accompanied by his parents, Mr. and Mrs. P. O. Peterson, on a trip to Madison Sunday where he preached at the Bethesda Church.

W. S. Shields and wife are to spend the Summer at Olivet Camp.

Frank W. Walker is making his home with F. H. Wilhite at the east end of the Village.

Jas. C. Jensen has opened his cottage.

Mr. and Mrs. J. S. Hotton spent last Sunday with friends at Covert, Michigan.

Mrs. L. A. Hollister has been ill for several days.

Mrs. and Mrs. Edw. Zabler went to Beloit Saturday to be with their son, Russell, at the College where Mothers' Day was being observed. Russell returned with them for over Sunday.

Mr. and Mrs. Walter Jewell motored to Willmet Wednesday.

National Music Week Observed

The School actively observes National Music Week. On Wednesday a Program, to which the public was invited, was given in the school auditorium. Besides Glee Club selections and other numbers, the pupils of Miss Hussa, the Director of Music at School, and those school pupils of Miss Anna Lee of Milwaukee participated in the program.

The Senior Class will give "The Irresistible Marmaduke" for their Class Play this month. The date will be announced later.

Probably lots of people in the Village could now be heard saying, "Where, oh where has my little dog gone?"

Lieutenant W. O. Burch is visiting Bob Carlson while on leave from the U.S.S. Pennsylvania.

The Rand, Hammerschmidt and C. O. Johnson families are at their Cedar Point Park homes.

Mr. and Mrs. G. Rosenlof motored to Chicago Thursday morning and will spend the rest of the week there.

A quarter of a

Century of Progress

In Williams Bay, Wisconsin

Mrs. Nels Johnson has come out to their Summer home to stay. Mr. Johnson brought his daughter, Mrs. Burkness and children for the weekend.

B. W. Christian & Co. have the plumbing contract on the new home being built at Cedar Point for Mr. Otto Stoffvregen. The home has eight rooms and five bath rooms. The firm has a complete plumbing shop in the Bay and employs local men. Ed Stafford, the local partner looks forward to living here in the near future.

Elam C. Norton and family are at his cottage at Cisco Beach. We are sending him, at his request, a copy of "Bay Leaves" and we hope he will come to Williams Bay often.

Mr. and Mrs. Geo. Bougher of Grand Rapids, Michigan, are visiting their daughter, Mrs. C. Y. Wiswell. Mrs. Wiswell and Mrs. Wm. Freytag Motored to Grand Rapids last week.

The editor wishes to have some of the recipes for which Williams Bay is famous published in each issue of Bay Leaves. To start the list Mrs. Amy Jorgensen of Rose Lane Resort was asked for a recipe designed to serve a family of five or six. Will others kindly hand in recipes by Monday noon?

HAM LOAF

2 cups cooked ham	2 eggs
$\frac{1}{2}$ cup bread crumbs	$\frac{1}{4}$ tsp. dry mustard
$\frac{1}{2}$ cup milk	$\frac{1}{4}$ tsp. black pepper
$\frac{1}{2}$ cup water	1 tsp. fat
1 small onion grated	

Put ham through food chopper. Mix with bread crumbs. If it is very fat no extra fat will be needed. Add eggs well beaten. Scald liquid and add with seasonings. Bake in moderate oven for about 45 min. or until top is well browned.

BOY SCOUTS

The Boy Scout movement at
the present devotes a half hour
period to the following:

Model Bridge Building
Leathercraft
Model Aeroplane Building

Mr. McConnell assists in the
Model Aeroplane Class. There will
be a contest shortly to determine
the best aeroplane built. Mr.
Van Sierbroeck has unselfishly
contributed a lot of his time to
help the Boy Scout Movement in
the Bay.

Meetings are held Tuesday
evenings at 7:30 in the School
basement. Suggestions for the
betterment of the troop are al-
ways welcome.

Scout Law

A Scout is Trustworthy,
Loyal, Helpful, Friendly, Court-
eous, Kind, Obedient, Cheerful,
Thrifty, Brave, Clean, Reverent.

Scout Oath

- a. To do my duty to God and my
Country, and to obey the Scout
Law;
- b. To help other people at all
times;
- c. To keep myself physically
strong, mentally awake and moral-
ly straight.

I wish to thank all of those
who have in any way helped with
the Scout Camp. It is only just
started and there is yet a lot to
do.

Cesar Stenstrom,
Scoutmaster.

Williams Bay Young Man
Made First Music Broadcast.

Richard Oetjen, who has been recuperating from an operation at the home of his parents, Mr. and Mrs. D. J. Oetjen, has the distinction of having made the first radio broadcast of music.

He was radio operator on the U.S. S. New York during the Summer of 1918 while the battle ship was over seas and while it lay at anchor in the Frith of Forth. During one of the orchestra concerts on the ship, Richard, contrary to strict orders, took a microphone in the room where the concert was going on, and reports began to come in that the concert was heard as far as Dundee, eighty miles away.

Instead of being court-martialed as he expected, he won praise from Admiral Hugh Rodman, who himself greatly admired music and boasted of his orchestra.

From then on the boys on other ships looked for the music and danced by it.

Richard's wife and daughter, Patricia, came Sunday, and he went back home with them to Waukegan.

John M. Smyth was up for the day Saturday. He complimented the editor on the "Bay Leaves" and especially spoke of the page on National Affairs.

The cover page on the first issue was drawn by Miss Marguerite Van Biesbroeck. This time it is the art work of William Mereness. We wish to thank them for their help.

Other local artists are working on designs for the next two covers.

Any suggestions for future covers will be appreciated. As the design is traced on a wax stencil there cannot be too much detail or solid black.

Men's Community Club

The Men's Community Club had
an attendance of forty-seven at
their last meeting at Rose Lane.

District Attorney Reynolds
explained charts which he had
prepared showing the increase in
county relief.

A discussion of Telephone
rates showed that there were two
plans to consider:

First: An Exchange at Wms.
Bay with operators, and other
employees, with a limited area of
telephone users, and a toll charge
to Lake Geneva, and a reduced
rate of service each month.

Second: Keep the present
plan with a wider area of sub-
scribers. The rate to Williams
Bay is set by the Public Service
Commission and is based on mileage
and the number of subscribers on
the line.

The best way to find out
which is best for the most
people is to keep an accurate
list of calls for a month.

The Kiwanis Club of Elkhorn
has arranged to hold its next
regular meeting on next Monday
noon at Rose Lane Resort and then
make a visit to the Observatory
where a lecture will be given by
the Observatory staff.

The new municipal building
on the Lake Front at Lake Geneva
is now complete and will open
Monday night, May 22nd, and be
known as The Riviera.

That the management means bus-
iness is evidenced by the type of
attraction secured for the initial
dance.

Wayne King gets \$1500 for en-
gagements outside of Chicago. As
he has contracted to appear every
evening at the Aragon during the
Century of Progress Exhibition,
there will be practically no oppor-
tunities for outsiders to hear him
and his orchestra except over the
radio.

The admission price is to be
in keeping with the times and with-
in reach of all.

Go to Church Sunday

Prof. John P. Deane of Beloit College comes to the Bay next Sunday as the guest of The Young Men's Study Club.

The Club will meet for Supper in the Congregational Church at 6:15, and Prof. Deane will lecture in the Church Auditorium at 7:30.

His subject will be "The Bible in the Light of Recent Scientific Investigation and Discovery."

The Study Club extends a cordial invitation to all.

In the absence of Rev. Keiser, who attended a Conference in the National Capital, Mrs. Keiser gave an interesting address last Sunday morning on Proper Consideration by the Church of the Children, Not only in Equipment Provided, but in Consecrated, trained Leadership.

A memorial service was held today by the Congregational Ladies for the late Mrs. Anna G. Parkhurst, one of the charter members of the Society. Mes. Barrett, Jenkins, Blakslee and Frost were on the Committee in Charge.

Lutheran Service is held at 9:30 a.m. every Sunday at the Community Room.

At 10:30 next Sunday morning the student pastor, I. L. Clark of Wheaton College will preach at the Gospel Tabernacle.

Sunday School follows at 11:30, and at 8:00 p.m. an Evangelist Service will be held.

At the prayer meeting Wednesday, Clarence Johnson of Moody Bible Institute spoke.

Last Saturday night sixty friends of Mr. & Mrs. Edwin Holm gathered at their home to help them celebrate their Silver Wedding Anniversary. There was a program with presentation of a chest of silver. Refreshments were served by ladies of the Gospel Tabernacle. Their daughter and husband, Mr. & Mrs. Floyd Hopper of Crystal Lake were present.

NEWS FROM THE DOME

At the request of County Superintendent Mithcell, Dr. Struve addressed the Walworth County teachers last Saturday afternoon at the Observatory, relating his experiences during the World's War and later in the Revolution in Russia. Afterwards, Dr. C. T. Elvey showed them the telescope and explained the use of the photo-electric cell, which, when illuminated by the star Arcturus, will send the signal for turning on the lights at the Century of Progress on the evening of May 27th. A successful test of the apparatus at the Observatory was made on Thursday by Dr. Elvey.

During the absence of Mr. Henry Foote, Supt. of Buildings & Grounds, a Mr. Doty of the staff of the University of Chicago will fill his position.

Dr. G. Van Biesbroeck, who has recently returned from a trip to Texas, where he was accompanied by Fred. Granberg, at a meeting of the scientific staff expressed his enthusiasm for the site of the new McDonald Observatory. Drs. Struve and Elvey have previously spent some time there.

While in Texas on this trip they were in a dust storm and "Norther" which brought a temperature of 12 degrees F. with it.

Mr. and Mrs. Paul Rudnick will occupy one of the houses of the Observatory.

Dr. Wm. Morgan is on a month's vacation.

Several Scientific gatherings are scheduled for the near future at the Observatory.

May 20 the Chaos Club will have Dinner and Conference. The members are scientists from Universities of Chicago, Wisconsin, Illinois and Northwestern U.

June 24th The American Astronomical Society for Dinner and Conference.

Later in June the members of the American Association for the Advancement of Science will meet.

NEWS OF THE NATION

Announcement of the winners of the 1933 prizes for the best American authors given by the Pulitzer Foundation were made on May 4th at the annual dinner of the Friends of the Princeton Library.

The awards went to the following: "The Store" by T. S. Stripling, the best novel—\$1000; "Both Your Houses" by Maxwell Anderson, an American play best representing the educational value and power of the stage—\$1000; "The Significance of Sections in American History" by Fred. J. Turner, the best book on history of the United States—\$2,000; "Grover Cleveland" by Allan Nevine, best American biography teaching patriotism—\$1000; "Conquistador" by Archibald MacLeish, best volume of American verse—\$1000.

The R.F.C. in a recent bill will not make loans to corporations paying their executives over \$17,500 salary.

Billions of dollars have been lost in the last few years by investments that seemed to be fairly safe. They were offered for sale by well known firms which had good records. However, personnel had changed in many of them and the mad rush for big profits made many good men take long chances with other people's money.

The President is taking a hand in this and it looks as if the seller will have to beware instead of the buyer.

Of course money will be lost by the buyer who wants a large rate of interest on his investment. He is still taking the same chance as he does when he bets on a horse.

Your banker will be better able to advise you on your investment as he will have correct information on the issues he has to offer you.

An increase of \$6,901,313,655. in the market value of shares listed on the New York Stock Exchange occur in April. Nearly seven billions of added value is quite a lot.

Comparisons of 50 selected stocks averaged as at May 6th:

1931	1932	1933
\$143.54	53.13	72.37

The President gave the second of his Fireside Addresses to the Nation last Sunday evening. His pleasing voice, radiating sincerity and simple language that all can be understand do much to inspire confidence in national affairs.

From Nation's Business: "If a Business man had departed in mid-February for a six weeks trip abroad, beyond reach of newspapers and radio, and returned in early April, he would have found more startling changes accomplished or pending in his familiar world than Rip Van Winkle found after his 20 years of slumber. The rapid changes have altered not only the business situation but rules of business as well. Probably History will point to the changes as an American Revolution."

"Democracy makes errors. It picks the wrong men. It often punishes unjustly, often rewards unjustly. It may be swayed by mob emotions and do harm. But it is in the long run the only government in the hands of which human liberties are (reasonably) safe." Excerpt Liberty Washington, D. C.

LUICK'S ICE CREAM

MOTHERS' DAY SPECIAL
Butterscotch with Pecans

In the small hours of the winter nights, cavalcades of trucks and trailers brought sleeping trees from the woodlands of the North in order that the barren waste of sand where a year ago Lake Michigan waters rolled might be transformed into a magic forest for the opening of A Century of Progress. Elms fifty feet in height, hundreds of maples and lindens, pin oaks and ash trees, thousands of evergreens and shrubs, and four and a half miles of hedges joined in the march.

Far from the South polar ice fields where it won world fame, Rear Admiral Byrd's flagship rides peacefully at anchor at 23rd St. lagoon.

There will be no need of going hungry at the Fair, as concessions have been let which will take care of 45,000 hungry folks daily.

Fifty thousand visited the grounds last Sunday.

Every possible effort is being put forth to have everything in readiness for the opening which has been set ahead to May 27th to accommodate the calendar of the President of the United States who wishes to be present at the opening. Dr. Frost is to participate in the Opening.

Inter-State Nursery Company is planting the largest rose garden in the world at the Fair. 6000 rose bushes go into it.

On the Highways leading to Chicago large tourist camps are being established with complete service and information. Concessions rights are sold to help pay for building them.

The cold and wet weather has kept back the grass seed, so acres of two-year sod has been brought to landscape the grounds.

NEWS

The second annual Village picnic will be held on Inspiration Hill Y.M.C.A. College on June 5th. The Committee this year consists of E.B. Bentsen, Myron Piehl, Art Anderson, Chas. Sawyer and V.H. Sorensen. Each organization of the Bay will be asked to contribute a dollar to help defray expenses of free lemonade and speaker for the program. All kinds of athletic contests are being arranged as last year.

At a special meeting of the Village Board last Wednesday evening, the Board voted unanimously to abide by the present ordinance zoning the location of Gasoline Stations.

At a meeting of the milk producers at Elkhorn last night, it was decided to join the milk strike which is called for the 13th. Better lay in a good supply of milk and cream Friday. Your milk dealer will make a late delivery Friday if you wish to lay in a supply as your local supply will be affected. It is expected that the strike will be over by Sunday or Monday.

Dan Beard has returned from the southern fishing spots to get his share of fish in Geneva Lake. He has fished all over the States and says Geneva Lake is the best place of all.

The advertisers make this paper possible without cost to the reader. Several have made small contributions to help make it larger and better.

Readers are asked to be patient for an issue or two as there are difficulties to surmount that puzzle amateurs.

"Bay Leaves" will be published weekly if possible through out the Summer. A copy should be in every home in Williams Bay and vicinity. If you do not get it inform the editor and publisher - F.M. Van Epps.

Tell the advertiser that you saw his advertisement in "Bay Leaves".
